On March 3, 2006 the Company discontinued its operations as disclosed in our Current Report 8 K/A dated and filed with the Commission on March 15, 2006, incorporated herein by reference.

On September 7, 2006 the Company acquired Harbin Renhuang Pharmaceutical Company Limited, a Corporation incorporated under the laws of the British Virgin Island on January 18, 2006, (the “BVI”) including its 100% owned and only subsidiary, Harbin Renhuang Pharmaceutical Co. **PRO FORMA  
CONDENSED CONSOLIDATED FINANCIAL STATEMENTS  
FOR RENHUANG PHARMACEUTICALS, INC.  
INCORPORATED UNDER THE LAWS OF NEVADA**

**AS OF JULY 31, 2006**

The following un-audited pro forma condensed consolidated financial statements combine the historical balance sheets of Harbin Renhuang Pharmaceutical Co., Ltd., incorporated in the People’s Republic of China, (“Renhuang China”) with the historical balance sheet of Renhuang Pharmaceuticals, Inc., (“Renhuang”) at July 31, 2006, and their respective income statements for the three months ended July 31, 2006, giving effect to the reverse merger between Renhuang China and Renhuang as if the merger had taken place on November 1, 2003.

Because Renhuang China’s owners as a group retained or received the larger portion of the voting rights in the combined entity and Renhuang China’s senior management represents a majority of the senior management of the combined entity, Renhuang China was considered the acquirer for accounting purposes and we will account for the exchange transaction as a re-capitalization of Renhuang China.

We provide the following information to aid you in your analysis of the financial aspects of the reverse merger, referred to elsewhere in this Current 8 K Report as the Merger. We derived this information for Renhuang from its unaudited financial statements for the period ended July 31, 2006. We derived this information for Renhuang China from its unaudited but reviewed financial statements for the three months ended July 31, 2006.

The unaudited pro forma condensed consolidated financial statements should be read in conjunction with the separate historical financial statements of Renhuang China, appearing elsewhere herein, and the historical financial statements of Renhuang, as filed and included in our Current Form 10-KSB for the annual periods ended April 30, 2006.

**ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF OPERATIONS**

**Overview**

The following discussion of the financial condition and results of operation of Renhuang Pharmaceuticals, Inc. should be read in conjunction with the financial statements and the notes to those statements included in this Current Report Form 10-QSB. This discussion includes forward-looking statements that involve risk and uncertainties. As a result of many factors, actual results may differ materially from those anticipated in the forward-looking statements.

On September 7, 2006 the Company acquired 100% of the issued and outstanding shares of Harbin Renhuang Pharmaceutical Company Limited, a corporation incorporated under the laws of the British Virgin Island, ("BVI"), whose only assets are 100% of Harbin Renhuang Pharmaceutical Co. Ltd., incorporated under the laws of the Peoples Republic of China ("Renhuang China") mainly focused on the research, production and sales of traditional Chinese and Western medical and bio-pharmaceutical products in China.

On May 1st 2006, Harbin Renhuang Pharmaceutical Stock Co. Ltd., ("Old Renhuang") transferred the majority of its operating assets, except buildings, account receivables, inventories and other assets with zero or insignificant value to Renhuang China. The principal business activities of Renhuang remained unchanged. On March 3, 2006 Renhuang Medicine for Animals Co. Ltd. a company controlled by Mr. Li Shaoming, invested 25 million RMB (about US \$3.3 million) in cash in Renhuang China.

The products are distributed through more than 60 sales offices with more than 2,000 commission-based sales people. Upon the effectiveness of the Merger, the Company adopted the business of Renhuang China, which will be continued as its sole line of business.

Upon closing of the Merger, BVI and its subsidiary Renhuang China became wholly owned subsidiaries of the Company. The Former stockholders of BVI own approximately 85% of the issued and outstanding Common Stock of the Company.

As the Company will operate Renhuang China as its sole line of business, the analysis of the pro forma financial statements for the three months ended on July 31, 2006 is the operation of Harbin Renhuang Pharmaceutical Co, Ltd. (Renhuang China).

**Reverse Merger**

Our acquisition of the BVI company and its subsidiary Renhuang China was accounted for as a reverse merger, because, after giving effect to the share exchanges, the former stockholders of BVI hold a majority of our outstanding common stock on a voting and fully diluted basis. As a result of the share exchanges, Renhuang was deemed to be the acquirer for accounting purposes. Accordingly, the financial statements presented are those of Renhuang China for all periods prior to our acquisition of the BVI company on September 7, 2006, and the financial statements of the consolidated companies from the acquisition date forward.

**Back to Table of Contents**

**Plan of Operation**

Our plan of operation for the year ending April 30, 2007 is to implement Renhuang's business strategy.

**Off-Balance Sheet Arrangements**

We do not have any "off-balance sheet arrangements," as that term is defined by SEC regulations.
