Item 2.05 Cost Associated with Exit or Disposal Activities.

On September 14, 2006, the board of directors authorized the officers of the company to commit to a plan to terminate certain employees. The officers committed to a plan for these terminations on September 21, 2006. The company announced these terminations in a press release issued on September 22, 2006.

The plan provides for the termination of 244 employees, in addition to 45 employees who were terminated in the third quarter prior to September 21, 2006. Of these 289 employees, 21 were based in the United States and Europe (23.3% of total employment in US and Europe) and 268 employees were based in Asia (4.6% of total employment in Asia). The company will also seek to reduce travel, recruiting and certain other expenses.

The major cost associated with the plan is for severance and related expenses. The company anticipates that the cost of the plan, most of which will be charged to operations in the third quarter of 2006 and paid in the third and fourth quarters of 2006, will approximate \$600,000 to \$700,000.

The course of action was taken primarily to yield an estimated \$1,000,000 in quarterly cost savings beginning in the fourth quarter of 2006. In addition, the company is realigning its organization to become more vertical market focused.
