Dear Shareholder:

You are cordially invited to attend the 2010 Annual General Meeting of Shareholders (the Annual General Meeting) of Flagstone Reinsurance Holdings Limited (the Company or we). The meeting will be held on May 14, 2010, at 8:30 a.m. (local time) at The Mid Ocean Club, Tucker s Town, St. George s, Bermuda. Details of the business to be conducted at the Annual General Meeting can be found in the attached Notice of Annual General Meeting and the attached Proxy Statement.

In addition to the normal business to be conducted at our Annual General Meeting, including electing directors and ratifying the appointment of our independent auditors, we will be asking you to approve the change of our jurisdiction of incorporation from Bermuda to Luxembourg, a number of changes to our charter documents to facilitate this change, and a number of organizational matters required under Luxembourg law. We call this process, in which the Company will continue to exist as the same company but will discontinue its Bermuda existence and continue its corporate existence under a different name in Luxembourg as Flagstone Reinsurance Holdings, S.A., the Redomestication .

After careful consideration of this decision, our Board of Directors and management team believe that changing our place of incorporation to Luxembourg is in the best interests of the Company and its shareholders. Luxembourg is a major financial center known for its stability as well as its financial sophistication, and we believe this move will increase our strategic and capital flexibility while requiring no changes to our operating model or our long-term strategy. Luxembourg has a network of excellent relations with major developed and developing countries around the world. In addition to our listings on the New York Stock Exchange and the Bermuda Stock Exchange, this change in incorporation has the potential to make a listing of our common shares on a European exchange more attractive. This change will result in our holding and principal operating companies being in Europe and settles our identity as a European company. Given the presence of our investment management operations there, we will also benefit from our familiarity with the regulatory and legal environment and the ability to use our existing Luxembourg office as our new corporate holding company office.

Our reinsurance and insurance operations worldwide will continue to operate without material changes, and our principal operating company will remain in Switzerland. We do not expect the Redomestication to have any material change on our operations or financial results. Our common shares will continue to be listed on the New York Stock Exchange (NYSE) under the ticker symbol FSR and on the Bermuda Stock Exchange. Flagstone will continue to be registered with the U.S. Securities and Exchange Commission (SEC) and remain subject to SEC reporting requirements, the mandates of the Sarbanes-Oxley Act of 2002, and the corporate governance rules of the NYSE. Finally, the Company will continue to report its consolidated financial results in U.S. dollars using U.S. generally accepted accounting principles.

We encourage you to read the attached documents carefully. **You should carefully consider Risk Factors beginning on page 12 for a discussion of risks related to the Redomestication proposals before voting.**

Whether or not you plan to attend the Annual General Meeting in person, it is important that your shares be represented and voted at the meeting. After reading the enclosed Notice and Proxy Statement, please submit your proxy or voting instructions. If you attend the meeting in person, you may revoke your proxy and vote your shares in person.

I look forward to greeting those of you who are able to attend.

QUESTIONS AND ANSWERS

Voting

Why did I receive this Proxy Statement?

The Company sent this Proxy Statement, together with the enclosed proxy card, because our Board of Directors is soliciting your proxy to vote at the Annual General Meeting on May 14, 2010. This Proxy Statement contains information about the items being voted on at the Annual General Meeting.

Who is entitled to vote?

Each holder of record of our shares on March 23, 2010, the record date for the Annual General Meeting, is entitled to attend and vote at the Annual General Meeting.

How many votes do I have?

Generally, each holder of a share on the record date will be entitled to one vote per share on each matter presented at the Annual General Meeting, except that the total voting power of any shareholder who is a U.S. person controlling more than 9.9% of our common shares will be reduced to 9.9% of the voting power of our common shares. For a more detailed description of the operation of this rule, see [The Shareholder Meeting](#) [Voting Securities and Record Date](#) [Voting Rights](#) .

On the record date, there were 80,001,073 shares outstanding and entitled to vote at the Annual General Meeting. As of the record date, we believe together our directors, executive officers and affiliates hold 43.9% of our outstanding common shares. Some members of this group may have their voting rights reduced, and the group's voting rights could be less than 43.9%.

What proposals are being presented at the Annual General Meeting?

We intend to present several proposals for shareholder consideration and approval at the Annual General Meeting in connection with both routine corporate matters and our Redomestication involving our discontinuance from Bermuda and our continuance as a Luxembourg company. These proposals are:

To elect four (4) Class C directors (David Brown, Stephen Coley, Dr. Anthony Knap, Ph.D and Peter F. Watson) to hold office until the 2013 Annual General Meeting of Shareholders or until their respective successors have been duly elected or appointed.

To approve the appointment of Deloitte & Touche to serve as the Company's independent auditor for fiscal year 2010 and until our 2011 Annual General Meeting of Shareholders and to refer the determination of the auditor's remuneration to the Board of Directors.

To approve amendments to the Performance Share Unit Plan.

To consider and approve the Redomestication from Bermuda to Luxembourg, the authorizing of the Board of Directors to abandon or delay the Redomestication for any reason at any time prior to it becoming effective notwithstanding the approval of the Shareholders, and the granting of a power of attorney to each member of the Board of Directors (or such persons appointed attorney in Luxembourg) to appear before a Luxembourg public notary

Edgar Filing: Flagstone Reinsurance Holdings Ltd - Form S-4/A

and to take all necessary steps and to sign all necessary documents to effect the Redomestication.

If the Redomestication is approved, to approve the Company's corporate purpose.

How do I attend the Annual General Meeting?

All shareholders are invited to attend the Annual General Meeting. For admission to the Annual General Meeting, shareholders of record should bring valid proof of identification as a shareholder. Those who have beneficial ownership of shares held by a bank, brokerage firm or other nominee must bring account statements or letters from their banks or brokers showing that they own shares of the Company as of the record date.

What should I do now to vote?

The meeting will take place on May 14, 2010. After carefully reading and considering the information contained in this Proxy Statement and the documents incorporated by reference, please indicate on the enclosed proxy card how you want to vote. Submit your proxy by following the instructions on the enclosed proxy card as soon as possible so that your shares may be represented at the meeting.

What if I return my proxy or voting instruction card but do not mark it to show how I am voting?

Your shares will be voted according to the instructions you have indicated on your proxy. If you sign and return your proxy card but do not indicate instructions for voting, your shares will be voted FOR each of the proposals described in this Proxy Statement and, with respect to any other matter which may properly come before the Annual General Meeting, at the discretion of the proxy holders.

May I change or revoke my vote after I return my proxy or voting instruction card?

You may change your vote in one of three ways at any time before it is exercised:

notify our Secretary in writing before the Annual General Meeting that you are revoking your proxy; submit another proxy card (or voting instruction card if you hold your shares in street name) with a later date; or if you are a holder of record, or a beneficial holder with a proxy from the holder of record, vote in person at the Annual General Meeting.

Your presence without voting at the meeting will not automatically revoke your proxy, and any revocation during the meeting will not affect votes previously taken. If you hold your shares in the name of a bank, broker or other nominee, you should follow the instructions provided by your bank, broker or nominee in revoking your previously granted

proxy.

What constitutes a quorum?

The presence, in person or by proxy, of two or more of the holders representing in excess of 50% of the total shares outstanding and entitled to vote at the Annual General Meeting constitutes a quorum for the conduct of business.

3

TABLE OF CONTENTS

What vote is required in order to approve each proposal?

Under Proposal 1, the nominees for election as directors at the Annual General Meeting who receive the highest number of FOR votes will be elected as directors. This is called plurality voting. All other proposals require the affirmative FOR vote of a majority of those shares present, in person or by proxy, at the meeting and entitled to vote on the proposal.

How will voting on any other business be conducted?

Other than matters incidental to the conduct of the Annual General Meeting, we do not know of any business or proposals to be considered at the Annual General Meeting other than those set forth in this Proxy Statement. If any other business is proposed and properly presented at the Annual General Meeting, the proxies received from our shareholders give the proxy holders the authority to vote on the matter at their discretion.

Redomestication

What is the Redomestication?

In the Redomestication, the Company will discontinue its existence as a Bermuda company and continue as a Luxembourg company.

Why do we want to change our jurisdiction of incorporation from Bermuda to Luxembourg?

We believe that the Redomestication is in the best interests of Flagstone and our shareholders. This determination was based in part on our belief that the Redomestication will:

- increase our strategic and capital flexibility;
- build upon our existing European presence with few risks to our operating model or our long-term strategy; and
- help reduce reputational, political, regulatory and financial risks to the Company.

We have chosen to redomesticate to Luxembourg, among other reasons, because it:

- is a leading financial center with political, economic and regulatory stability;
- has a sophisticated financial and regulatory environment;
- has a network of excellent relations with major developed and developing countries around the world;
- is party to an extensive network of commercial and tax treaties, significantly with the United States and certain members of the European Union;
- settles our identity as a European company;
- leverages our regulatory and legal familiarity with and office space in Luxembourg given the existing presence of our investment management operations there; and
- potentially makes a listing of our common shares on a European exchange more attractive.

Will the Redomestication affect the Company's current or future operations?

We believe that the Redomestication should have no material impact on how we conduct our day-to-day operations.

Will the Redomestication dilute my economic interest?

The Redomestication will not dilute your economic interest in the Company. Immediately after the Redomestication, the number of our issued and outstanding shares will be the same as the number of our issued and outstanding shares immediately before the Redomestication.

4

TABLE OF CONTENTS

Will the Redomestication alter my rights with respect to shares I hold in the Company?

The completion of the Redomestication will change the governing law that applies to our shareholders from Bermuda law to Luxembourg law. Many of the principal attributes of our shares will be similar. There are, however, differences between your rights under Luxembourg law and under Bermuda law, and there are differences between our current Memorandum of Association and Bye-Laws and the proposed Luxembourg articles of incorporation (the Articles) that will apply to us after we continue as a Luxembourg company. We discuss these differences under Proposal 4 Approval of the Redomestication Description of Flagstone (Luxembourg) Shares and Proposal 4 Approval of the Redomestication Comparison of Rights of Shareholders. A copy of the English version of the Flagstone (Luxembourg) Articles is attached as Annex A to this Proxy Statement.

In addition, to mitigate certain potential adverse U.S. federal income tax consequences to U.S. shareholders, our current Bye-Laws reduce the total voting power of any shareholder who is a U.S. person controlling more than 9.9% of our common shares to 9.9% of the voting power of our common shares. For a more detailed description of the operation of this rule, see The Shareholder Meeting Voting Securities and Record Date Voting Rights. After the Redomestication, each share will be entitled to one vote with no potential reduction in voting power. Thus, as a result of the Redomestication and the corresponding removal of the 9.9% voting limitation from the Company's corporate documents, there may be an increase in the voting rights of certain U.S. shareholders and a dilution of the voting rights of other shareholders. This change will be undertaken for Luxembourg legal reasons and could result in adverse U.S. federal income tax consequences to U.S. shareholders controlling 10% or more of our common shares. See Risk Factors Tax Risk Factors After the Redomestication, U.S. persons holding shares in Flagstone (Luxembourg) with an aggregate voting power of 10% or greater may be subject to current U.S. federal income tax with respect to certain income earned by Flagstone (Luxembourg) and its subsidiaries.

When do you expect the Redomestication to be completed?

Assuming the Redomestication is approved by the requisite shareholder vote, we expect to complete the Redomestication as soon as practicable following such approval. We expect to complete the Redomestication soon after the Annual General Meeting (the Effective Time). The Redomestication may be abandoned or delayed for any reason by our Board of Directors at any time prior to the Effective Time, even though the Redomestication may have been approved by our shareholders and all conditions to the Redomestication may have been satisfied.

What effect will the Redomestication have on my current shares?

If you hold shares in certificated form, you do not need to take any action as a result of the Redomestication. Your certificated shares will still be valid and continue to represent your interest in the Company.

If you hold your shares through a broker, dealer, commercial bank, trust company or similar institution, you should not need to take any action as a result of the Redomestication. Since the Redomestication will not impact the number of shares you own, we expect the account statements from your institution will look largely the same after the Redomestication.

If you hold direct registration shares, after the Redomestication the Company will be required to issue you certificated shares.

Can I trade shares between the date of this Proxy Statement and the Effective Time?

Yes. Our shares will continue to trade during this period.

After the Redomestication, will the shares still be listed on the New York Stock Exchange?

Yes. We will submit an application so that immediately following the Redomestication our shares will continue to be listed on the New York Stock Exchange under the symbol FSR , the same symbol under which our shares currently are listed.

5

TABLE OF CONTENTS

What are the material tax consequences of the Redomestication?

The Company will not be subject to U.S. federal income tax as a result of the Redomestication. For U.S. federal income tax purposes, holders of Flagstone (Bermuda) shares will not recognize gain or loss solely as a result of the Redomestication. See Proposal 4 Approval of the Redomestication Material Tax Considerations Material U.S. Tax Consequences of the Redomestication .

For Luxembourg tax purposes, holders of Flagstone (Bermuda) shares should not realize a taxable gain solely as a result of the Redomestication. See Proposal 4 Approval of the Redomestication Material Tax Considerations Material Luxembourg Tax Consequences of the Redomestication .

Will there be Luxembourg withholding tax on any future dividends?

Regular dividends are, in principle, subject to a Luxembourg withholding tax of 15%. Any repurchase of shares or repayment of capital or share premium is, under certain circumstances, also subject to a 15% Luxembourg withholding tax, for example, if the Company has distributable reserves or profits generated post-Redomestication. If Flagstone (Luxembourg) were to make any such taxable payment, it would in principle be required to withhold at the 15% rate and remit the withheld amounts to the Luxembourg tax authorities.

However, it is our intention to make payments to shareholders in the form of share capital reductions and share premium reductions in such a way that no Luxembourg withholding tax is due. As such, we expect that a substantial amount of any potential future payments to be made by Flagstone (Luxembourg) may be exempt from Luxembourg withholding tax. Flagstone recommends that each shareholder consult his or her own tax advisor as to the tax consequences of holding shares in and receiving share capital, share premium and dividend payments from Flagstone (Luxembourg). See Risk Factors After the Redomestication, dividends you receive may be subject to Luxembourg dividend withholding tax and Luxembourg income tax and Material Tax Consequences Relating to the Redomestication Luxembourg Tax Considerations Post-Redomestication Consequences to Flagstone (Luxembourg) Shareholders .

This summary highlights selected information from this Proxy Statement. It does not contain all of the information that is important to you. For a better understanding of the Redomestication, and for a more complete legal description of the Redomestication, you should read carefully the entire Proxy Statement, including the annexes. The Articles, which are attached as Annex A to this Proxy Statement, will govern us after the completion of the Redomestication. We encourage you to read those documents.

The Company

Flagstone Reinsurance Holdings Limited
Crawford House
23 Church Street
Hamilton HM 11
Bermuda
(441) 278-4300

The Company, a global reinsurance and insurance company, was incorporated under the laws of Bermuda in October 2005 and commenced operations in December 2005. The Company is currently organized into three business segments: Reinsurance, Lloyd's and Insurance. Through our Reinsurance segment, we write primarily property, property catastrophe and short-tail specialty and casualty reinsurance. Through our Lloyd's segment we primarily write property and short-tail specialty and casualty insurance and reinsurance for risks such as energy, hull and cargo, marine liability, engineering and aviation. Through our Insurance segment, we primarily write property insurance for homes, condominiums and office buildings in the Caribbean region. We diversify our risks across business lines by risk zones, each of which combines a geographic zone with one or more types of peril (for example, Texas Windstorm, Florida Hurricane or California Earthquake). The majority of our reinsurance contracts contain loss limitation provisions such as fixed monetary limits to our exposure and per event caps. We specialize in underwriting where sufficient data exists to analyze effectively the risk/return profile, and where we are subject to legal systems we deem reasonably fair and reliable.

The Redomestication

At the Annual General Meeting, we will be asking you to approve the change of our jurisdiction of incorporation from Bermuda to Luxembourg and to approve a number of organizational matters necessary to accomplish the Redomestication. The Redomestication will be effected by our discontinuing our existence as a Bermuda company, as provided in Section 132G of The Companies Act 1981 of Bermuda, and continuing our existence as a Luxembourg société anonyme (S.A.). We also will be asking you to approve a number of changes to our charter documents to facilitate the Redomestication and a number of organizational matters required under Luxembourg law. Under Luxembourg law, a number of these matters must be voted on separately, and so we will present multiple proposals (the Luxembourg Organizational Proposals) to be voted on at the Annual General Meeting. We have summarized these proposals below.

First, we will ask you to approve the Redomestication.

Second, Luxembourg law requires that a number of matters be specifically approved by shareholders, including our corporate purpose, our registered office, the Articles, our issued share capital, our authorized share capital, the waiver

of preferential and pre-emptive subscription rights under Luxembourg law, the ability of the Company to purchase and hold its own shares, our fiscal year, our Annual General Meeting, our directors, our independent auditor, our statutory auditor and the acknowledgement of an auditors report.

We anticipate that the Redomestication will become effective as soon as practicable following approval of the shareholders, with the exact date and time being determined by our Board of Directors. Subject to filing the relevant documents with the Bermuda Registrar of Companies, the Redomestication will become effective upon the execution of the required notarial deed at the meeting to be held before the public notary in Luxembourg.

As of the record date for the Annual General Meeting, there were 80,001,073 shares outstanding.

TABLE OF CONTENTS

Reasons for the Redomestication

We believe that the Redomestication is in the best interests of Flagstone and our shareholders. This determination was based in part on our belief that the Redomestication will:

increase our strategic and capital flexibility;
build upon our existing European presence with few risks to our operating model or our long-term strategy; and
help reduce reputational, political, regulatory and financial risks to the Company.

We have chosen to redomesticate to Luxembourg, among other reasons, because it:

is a leading financial center with political, economic and regulatory stability;
has a sophisticated financial and regulatory environment;
has a network of excellent relations with major developed and developing countries around the world;
is party to an extensive network of commercial and tax treaties, significantly with the United States and certain members of the European Union;

settles our identity as a European company;
leverages our regulatory and legal familiarity with and office space in Luxembourg given the existing presence of our investment management operations there; and
potentially makes a listing of our common shares on a European exchange more attractive.

Our reinsurance and insurance operations worldwide will continue to operate without material changes, and our principal operating company will remain in Switzerland. We do not expect the Redomestication to have any material change on our operations or financial results. Our common shares will continue to be listed on the New York Stock Exchange (NYSE) under the ticker symbol FSR and on the Bermuda Stock Exchange. We will continue to be registered with the U.S. Securities and Exchange Commission (SEC) and remain subject to SEC reporting requirements, the mandates of the Sarbanes-Oxley Act of 2002, and the corporate governance rules of the NYSE. Finally, we will continue to report our consolidated financial results in U.S. dollars using U.S. generally accepted accounting principles (U.S. GAAP).

Effects of the Redomestication

After the Redomestication, we will remain in existence as the same company, but as a Luxembourg company rather than a Bermuda company. You will continue to own an interest in the same company that will continue to conduct the same business operations as conducted by, and to own the same assets as owned by, it before the Redomestication.

The number of shares you will own will be the same as the number of shares you owned immediately prior to the Redomestication, and your relative economic interest will be unchanged.

Upon completion of the Redomestication, we will continue to be responsible for our existing obligation to deliver shares in connection with awards granted under our incentive plans, warrants or other outstanding rights. Immediately after the Redomestication, we will have issued and outstanding the same number of shares as we had issued and outstanding immediately before the completion of the Redomestication.

Upon completion of the Redomestication, we will remain subject to SEC reporting requirements, the mandates of the Sarbanes-Oxley Act and the applicable corporate governance rules of the NYSE, and we will continue to report our financial results in U.S. dollars and under U.S. GAAP.

Voting

To mitigate potential U.S. federal income tax consequences, our current Bye-Laws reduce the total voting power of any shareholder who is a U.S. person controlling more than 9.9% of our common shares to 9.9% of the voting power of our common shares. After the Redomestication, each share will be entitled to one vote with no potential reduction in voting power. For a more detailed description of the operation of this rule and potential adverse U.S. federal income tax implications to shareholders resulting from its removal, see The

Rights of Shareholders

The completion of the Redomestication will change the governing law that applies to our shareholders from Bermuda law to Luxembourg law. Many of the principal attributes of our shares will be similar. There are, however, differences between your rights under Luxembourg law and under Bermuda law, and there are differences between our current Memorandum of Association and Bye-Laws and the Articles that will apply to us after we continue as a Luxembourg company. We discuss certain of the main differences under Proposal 4 Approval of the Redomestication Description of New Luxembourg Shares and Proposal 4 Approval of the Redomestication Comparison of Rights of Shareholders . A copy of the English version of the Articles is attached as Annex A to this Proxy Statement.

Stock Exchange Listing

We will submit an application so that our shares will continue to be listed on the NYSE under the symbol FSR , the same symbol under which our shares currently are listed. Our shares are also currently listed on the Bermuda Stock Exchange, and we expect that they will continue to be listed on the Bermuda Stock Exchange after the Redomestication.

Accounting Treatment

Under U.S. GAAP, the assets and liabilities in our financial statements after the Redomestication will be reflected at their historical value in our financial statements at the time of the Redomestication.

Tax Considerations of the Redomestication

The Company will not be subject to U.S. federal income tax as a result of the Redomestication. For U.S. federal income tax purposes, holders of Flagstone (Bermuda) shares will not recognize gain or loss solely as a result of the Redomestication. See Proposal 4 Approval of the Redomestication Material Tax Considerations Material U.S. Tax Consequences of the Redomestication .

For Luxembourg tax purposes, holders of Flagstone (Bermuda) shares should not realize a taxable gain solely as a result of the Redomestication. See Proposal 4 Approval of the Redomestication Material Tax Considerations Material Luxembourg Tax Consequences of the Redomestication .

Please refer to Proposal 4 Approval of the Redomestication Material Tax Considerations for a description of certain material U.S. federal, Luxembourg and Bermuda tax consequences of the Redomestication to Flagstone Reinsurance shareholders. Determining the actual tax consequences to you may be complex and will depend on your specific situation. Accordingly, the tax consequences summarized above may not apply to all holders of Flagstone Reinsurance shares and you should consult your own tax advisors regarding the particular U.S. (federal, state and local), Luxembourg, Bermuda and other non-U.S. tax consequences of the Redomestication and ownership and disposition of the Flagstone (Luxembourg) shares in light of your particular situation.

Pro Forma Selected Financial Data

Pro forma financial statements are not included in this Proxy Statement because no significant pro forma adjustments are required to be made to the historical statement of operations and balance sheet of the Company for the year ended and as of December 31, 2009. Those financial statements are included in the Company's Annual Report on Form 10-K for the year ended December 31, 2009.

Market Price Information

On March 19, 2010, the last trading day before the public announcement of the Redomestication, the closing price of our shares on the NYSE was \$11.15 per share.

Quorum

The presence, in person or by proxy, of two or more of the holders representing in excess of 50% of the total shares outstanding and entitled to vote at the Annual General Meeting constitutes a quorum for the conduct of business.

Abstentions will be counted as present for purposes of determining whether there is a quorum in respect of the proposals. Broker non-votes (i.e., common shares held by brokers which are represented at the Annual General Meeting but with respect to which the broker is not empowered to vote on a particular proposal) will be counted as present for purposes of determining whether there is a quorum in respect of the proposals.

Required Vote

Under our Bye-Laws, the Redomestication requires the approval of a majority of the shares present and voting on the proposals at the Annual General Meeting, whether in person or by proxy.

As of the record date, we believe our directors, executive officers and affiliates as a group held 43.9% of our outstanding common shares. Under our Bye-Laws, some members of this group may have their voting rights reduced, and the group's voting rights could be less than 43.9%. See Security Ownership of Certain Beneficial Owners, Management and Directors .

Regulatory Matters

Prior to the Redomestication, we expect to move the location of certain U.K. subsidiaries within our company structure for which we will seek the approval of the U.K.'s Financial Services Authority (FSA) and Lloyd's of London. We are not aware of any other governmental approvals or actions that are required to complete the Redomestication, other than compliance with U.S. federal and state securities laws and Bermuda and Luxembourg corporate law.

No Appraisal Rights

Under Bermuda law, our shareholders do not have any right to an appraisal of the value of their shares or payment for them in connection with the Redomestication. See The Shareholder Meeting Dissenter's Right of Appraisal .

TABLE OF CONTENTS

RISK FACTORS

Before you decide how to vote on the Redomestication, you should consider carefully the following risk factors, in addition to the other information contained in this Proxy Statement and the documents incorporated by reference, including our Annual Report on Form 10-K for the year ended December 31, 2009 and subsequent filings with the SEC.

COMPANY RISK FACTORS

The market for our common shares may differ after the Redomestication.

We intend to take steps to ensure that, immediately following the Redomestication, our common shares will continue to be listed on the NYSE under the symbol FSR ; however, the market price, trading volume or volatility of our common shares could be different after the Redomestication.

After the Redomestication, there may be less demand for our shares if persons seek to avoid being a 10% U.S. Shareholder.

After the Redomestication, the voting power of any shareholder owning more than 9.9% of the Company's shares will not be reduced to 9.9%, which could result in adverse tax consequences to U.S. holders controlling 10% or more of our shares. See After the Redomestication, U.S. persons holding shares in Flagstone (Luxembourg) with an aggregate voting power of 10% or greater may be subject to current U.S. federal income tax with respect to certain income earned by Flagstone (Luxembourg) and its subsidiaries . As a result, existing U.S. shareholders may sell a certain portion of their shares in the Company, and U.S. persons may, in general, purchase fewer shares in the Company than they might otherwise purchase, in order to avoid controlling 10% or more of our shares. This, in turn, could adversely impact our share price.

Following the Redomestication, we may be removed from certain stock indices and mutual funds, which we expect could have an adverse impact on our share price.

Stock indices and mutual funds often impose a variety of qualifications for a company's inclusion that could be affected by the Redomestication. If our shares are removed as a component of certain stock indices or no longer meet the qualifications of certain mutual funds, institutional investors that are required to track the performance of such indices or the funds that impose those qualifications may be required to sell their shares, which we anticipate may adversely affect the price of our shares.

Legislative or regulatory action could materially and adversely affect us after the Redomestication or eliminate or reduce some of the anticipated benefits of the Redomestication.

Our tax position could be adversely impacted by changes in tax laws, tax treaties or tax regulations or the interpretation or enforcement thereof by the tax authorities in Luxembourg, the United States and other jurisdictions following the Redomestication. Any future amendments to the current income tax treaties between Luxembourg and

other jurisdictions, including the United States, could subject us to increased taxation and potentially significant expense. We cannot assure you that the Redomestication will eliminate the risk that these changes, if made, will apply to us.

As a Luxembourg company following the Redomestication, we will be required to comply with numerous Luxembourg and European Union laws and regulations as from time to time in effect, which may have a material and adverse effect on our financial condition and results of operations.

The Redomestication will result in additional direct and indirect costs, even if the Redomestication is not completed.

We will incur additional direct costs as a result of the Redomestication. Following the Redomestication, we will hold certain Board of Directors meetings, management meetings and annual general meetings in Luxembourg. We also expect to increase our presence in Luxembourg and incur costs and expenses, including professional fees, to comply with Luxembourg corporate and tax laws. In addition, we expect to incur attorneys fees, accountants fees, filing fees, mailing expenses and financial printing expenses in connection with the Redomestication, even if it is not approved or completed. The Redomestication also may negatively affect us by diverting attention of our management and employees from our operating business and by increasing other administrative costs and expenses.

TABLE OF CONTENTS

As a Luxembourg company we will incur additional accounting and audit costs. We will be required to hire and incur the additional expense of a statutory auditor to audit the Company and its stand alone accounts, separate from the subsidiaries, which accounts will be prepared in accordance with Luxembourg Generally Accepted Accounting Principles (Lux GAAP) on an annual basis. The requirement to appoint the statutory auditor is in addition to the requirement of the Company to prepare consolidated financial statements under U.S. GAAP for SEC purposes. Should the Company, in the future, meet certain thresholds under Luxembourg law on a stand alone basis, it may be required to appoint an independent auditor to audit its stand alone accounts. If the Company is required to appoint such an independent auditor, it is released from its obligations to have a statutory auditor for its stand alone accounts.

In addition, the Company is required by Luxembourg law to prepare consolidated accounts under Lux GAAP (or IFRS). The consolidated accounts will be required to be audited by an independent auditor. The preparation of these consolidated accounts is in addition to the requirement of the Company to prepare consolidated financial statements under U.S. GAAP for SEC purposes. The Company will apply to the appropriate government authorities in Luxembourg for an exemption from the requirement to prepare consolidated accounts under Lux GAAP (or IFRS). Even if the exemption is granted, Luxembourg may require us to prepare a reconciliation of our shareholders equity and annual results between U.S. GAAP and Lux GAAP (or IFRS). Should the application for exemption not be successful, the preparation of consolidated accounts under U.S. GAAP will not release the Company from its legal obligation under Luxembourg Law to prepare consolidated accounts under Lux GAAP (or IFRS).

The Company may potentially therefore be required to prepare three sets of accounts and to have these three sets of accounts audited.

We may choose to abandon or delay the Redomestication.

We may abandon or delay the Redomestication at any time prior to it becoming effective by action of our Board of Directors, even after the Annual General Meeting. While we currently expect the Redomestication to take place as soon as practicable after obtaining shareholder approval of the Redomestication at the Annual General Meeting, our Board of Directors may delay the Redomestication for a significant time or may abandon the Redomestication after the Annual General Meeting because, among other reasons, of an increase in our estimated cost of the Redomestication or a determination by the Board of Directors that the Redomestication is no longer in the best interests of our shareholders or may not result in the benefits we expect.

TAX RISK FACTORS

After the Redomestication, U.S. persons holding shares in Flagstone (Luxembourg) with an aggregate voting power of 10% or greater may be subject to current U.S. federal income tax with respect to certain income earned by Flagstone (Luxembourg) and its subsidiaries.

If the Company or any of its subsidiaries is characterized as a controlled foreign corporation (CFC) for an uninterrupted period of 30 days or more during a taxable year, then any 10% U.S. Shareholder that owns, directly or indirectly through non-U.S. entities, shares of the Company or any of its non-U.S. subsidiaries (based on voting power) on the last day of the taxable year on which the Company or any of its non-U.S. subsidiaries (as the case may be) is a CFC, would be required to include in such 10% U.S. Shareholder s U.S. federal gross income for the taxable year, as income subject to taxation at ordinary income tax rates, such 10% U.S. Shareholder s pro rata share of the relevant company s undistributed earnings and profits characterized as subpart F income . A 10% U.S. Shareholder is a

United States person (as defined in Section 957(c) of the Internal Revenue Code of 1986, as amended (the Code)) (U.S. Person) that owns (directly or indirectly through non-U.S. entities or constructively) at least 10% of the total combined voting power of all classes of stock entitled to vote of the Company or any of its non-U.S. subsidiaries (as the case may be). Subpart F income includes passive investment income (such as interest, dividends and certain rent or royalties) and subpart F insurance income, which includes certain insurance underwriting income and related investment income. Additionally, a United States person (as defined in Section 7701(a)(30) of the Code) that sells or exchanges our common shares (including by way of repurchase or liquidation) and that was a 10% U.S. Shareholder at any time during the five-year period ending on the date of such disposition

TABLE OF CONTENTS

while the Company was characterized as a CFC may be taxable at dividend rates on any gain realized on the disposition to the extent of our current and accumulated earnings and profits attributable to such common shares.

Unlike the Bye-Laws of Flagstone (Bermuda), the Articles will not contain a provision reducing the voting power of any shareholder owning more than 9.9% of the Company's shares to 9.9%. For a more detailed description of the operation of this rule, see *The Shareholder Meeting Voting Securities and Record Date Voting Rights*. Accordingly, no assurance can be given that Flagstone (Luxembourg) or any of its subsidiaries will not be, or become, a CFC after the Redomestication. Investors should consult their own tax advisors regarding the U.S. tax ramifications of owning shares of Flagstone (Luxembourg), and in particular regarding the manner in which ownership is computed for purposes of applying the CFC rules described above, and the potential U.S. tax ramifications of ownership of shares of Flagstone (Luxembourg) with an aggregate voting power of 10% or greater.

After the Redomestication, dividends you receive may be subject to Luxembourg dividend withholding tax and Luxembourg income tax.

Dividend withholding tax (currently at a rate of 15%) may arise in respect of dividends paid on Flagstone (Luxembourg) shares. A Luxembourg withholding tax levied at a rate of 15% is due on dividends and similar non-exempt distributions to Flagstone (Luxembourg)'s holders. Flagstone (Luxembourg) will be required to withhold at such rate from distributions to the shareholder and to pay such withheld amounts to the Luxembourg tax authorities.

Dividends and similar distributions paid to Flagstone (Luxembourg)'s shareholders may be exempt from Luxembourg dividend withholding tax if: (1) the shareholder is a qualifying corporate entity holding a stake of at least 10% of the total issued and outstanding share capital of Flagstone (Luxembourg) or a stake of such share capital with an acquisition price of at least €1.2 million; and (2) has either held this qualifying stake in the capital of Flagstone (Luxembourg) for an uninterrupted period of at least 12 months at the time of the payment of the dividend, or if it undertakes to continue to own such qualifying shareholding until such time as the entity has held the shares for an uninterrupted period of at least 12 months. Examples of qualifying corporate shareholders are taxable Luxembourg companies, certain taxable companies resident in other EU member states, capital companies resident in Switzerland subject to income tax and companies fully subject to a tax corresponding to Luxembourg corporate income tax that are resident in countries that have concluded a treaty for the avoidance of double taxation with Luxembourg. Residents of countries that have concluded a treaty for avoidance of double taxation with Luxembourg might claim application of a dividend withholding tax reduced rate (or exemption) depending on the applicable tax treaty.

Under current Luxembourg tax law, payments to shareholders in relation to a reduction of share capital or share premium are not subject to Luxembourg dividend withholding tax if certain conditions are met, including, for example, the condition that Flagstone (Luxembourg) does not have distributable reserves or profits generated post-Redomestication. If Flagstone (Luxembourg) has, at the time of the payment to shareholders with respect to their shares, distributable reserves or profits generated Post-Redomestication, a distribution of share capital or share premium will be recharacterized for Luxembourg tax purposes as a distribution of such reserves or earnings subject to withholding tax. While it is our intention to make payments to shareholders in a way that no Luxembourg withholding tax is due, we may not be able to do so or our ability to do so could be limited.

Flagstone recommends that each shareholder consult his or her own tax advisor as to the tax consequences of holding shares in and receiving share capital, share premium and dividend payments from Flagstone (Luxembourg).

The Redomestication may not allow us to maintain a competitive worldwide effective corporate tax rate.

We believe the Redomestication should permit us to maintain a competitive worldwide effective tax rate. However, we cannot provide any assurance as to what our worldwide effective tax rate will be after the Redomestication because of, among other things, uncertainty regarding the amount of business activities and profits in any particular jurisdiction in the future and the tax laws of such jurisdictions. Our actual worldwide effective tax rate may vary from our expectation and that variation may be material.

TABLE OF CONTENTS

We will be subject to various Luxembourg taxes as a result of the Redomestication.

Although we do not expect Luxembourg taxes materially to affect our worldwide effective corporate tax rate, we will be subject to additional corporate taxes in Luxembourg as a result of the Redomestication. Luxembourg imposes corporate income tax plus municipal business tax and surcharges for Luxembourg resident companies at an effective tax rate, currently, of 28.59% (for companies registered in Luxembourg City). However, we should be entitled to a participation relief that in most cases will effectively eliminate any Luxembourg taxation on the dividends paid to us out of profits of our qualifying subsidiaries as well as on capital gains related to the sale of equity interests in our qualifying subsidiaries. We also will be subject to Luxembourg net wealth tax at the rate of 0.5% levied on the net assets of Flagstone (Luxembourg) except for equity interests in our qualifying subsidiaries. The net wealth tax charge can be reduced if a specific reserve is created and maintained for five years. However, the maximum reduction is limited to the corporate income tax due for the same year. In addition, we will be subject to Luxembourg indirect taxes (e.g., VAT). We currently are not subject to income, capital, net wealth or indirect taxes in Bermuda.

There could be adverse tax consequences if we fail to maintain sufficient presence in Luxembourg.

If the Company does not maintain sufficient presence in Luxembourg, the Luxembourg tax authorities may not be willing to confirm that the Company is a tax resident of Luxembourg. In such case, the Company may not be entitled to tax treaty benefits. In addition, a foreign jurisdiction may claim the right to tax Flagstone (Luxembourg) as if it were a tax resident of that foreign jurisdiction, and ultimately double taxation may result.

BERMUDA V. LUXEMBOURG SHAREHOLDER RIGHTS RISK FACTORS

Certain of your rights as a shareholder will change as a result of the Redomestication.

The completion of the Redomestication will change the governing law that applies to our shareholders from Bermuda law to Luxembourg law. There are differences between your rights under Luxembourg law and under Bermuda law, and there are differences between our current Memorandum of Association and Bye-Laws and the Articles that will apply to us after we continue as a Luxembourg company. We discuss these differences under Proposal 4 Approval of the Redomestication Description of Flagstone (Luxembourg) Shares and Proposal 4 Approval of the Redomestication Comparison of Rights of Shareholders. A copy of the English version of the Articles is attached as Annex A to this Proxy Statement.

In addition, to mitigate certain potential adverse U.S. tax consequences to U.S. shareholders, our current Bye-Laws reduce the total voting power of any shareholder who is a U.S. person controlling more than 9.9% of our common shares to 9.9% of the voting power of our common shares. For a more detailed description of the operation of this rule, see The Shareholder Meeting Voting Securities and Record Date Voting Rights. After the Redomestication, each share will be entitled to one vote with no potential reduction in voting power. Thus, as a result of the Redomestication and the corresponding removal of the 9.9% voting limitation from the Company's corporate documents, there may be an increase in the voting rights of certain U.S. shareholders and a dilution of the voting rights of other shareholders. This change will be undertaken for Luxembourg legal reasons and could create adverse

tax consequences to certain U.S. shareholders. See Risk Factors Tax Risk Factors After the Redomestication, U.S. persons holding shares in Flagstone (Luxembourg) with an aggregate voting power of 10% or greater may be subject to current U.S. federal income tax with respect to certain income earned by Flagstone (Luxembourg) and its subsidiaries.

These differences could cause our shares to be less attractive to you and other shareholders and could adversely impact the share price.

As a result of increased shareholder approval requirements, we may have less flexibility as a Luxembourg company than as a Bermuda company with respect to certain aspects of capital management.

Under Bermuda law, our directors may issue, without further shareholder approval, any shares authorized in our Memorandum of Association that are not already issued or reserved. Bermuda law also provides substantial flexibility in establishing the terms of preferred shares. In addition, our Board of Directors currently has the right, subject to statutory limitations, to declare and pay dividends on our shares without a

TABLE OF CONTENTS

shareholder vote. Luxembourg law will allow our shareholders to authorize share capital that can be issued by the Board of Directors without further shareholder approval, but this authorization will be limited to the amount fixed in the Articles, and the authorization given to the Board of Directors must be renewed by the shareholders every five years. The renewal requires a general meeting of shareholders deliberating in accordance with the requirements for amendments to the Articles. The increase of capital must be recorded in a notarial instrument, prepared at the request of the Board of Directors, within one month from the end of the subscription period or within three months from the day on which that period commenced. Luxembourg law grants pre-emptive rights to existing shareholders to subscribe for new issuances of shares where such shares are issued for cash. Shareholders will be asked to waive their pre-emption rights in relation to shares to be issued for cash. In addition, after the Redomestication, we will not be able to issue different classes of shares (including preferred shares) unless the shareholders approve them. If shareholders do not approve further extensions of the Board's ability to issue shares without prior shareholder approval and free from shareholder pre-emption rights, or approve the issuance of different classes of shares, the Company's capital flexibility could be adversely impacted.

Luxembourg law also reserves for approval by shareholders many corporate actions over which our Board of Directors currently has authority under Bermuda law. We cannot assure you that situations will not arise where such flexibility would have provided substantial benefits to our shareholders.

CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS

This Proxy Statement, including the documents we incorporate by reference, contains, and the Company may from time to time make, written or oral forward-looking statements within the meaning of the U.S. federal securities laws, which are made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. All forward-looking statements rely on a number of assumptions concerning future events and are subject to a number of uncertainties and other factors, many of which are outside the Company's control that could cause actual results to differ materially from such statements. In particular, statements using words such as may, should, estimate, expect, anticipate, intend, believe, predict, potential, or words of similar import generally involve forward-looking statements.

Important events and uncertainties that could cause the actual results to differ include, but are not necessarily limited to: market conditions affecting the Company's common share price; the impact of volatility in the financial markets, including the duration of the economic crisis and the effectiveness of governmental solutions; the weakening economy, including the impact on our consumers' businesses; fluctuations in interest rates; the effects of corporate bankruptcies on capital markets; the possibility of severe or unanticipated losses from natural or man-made catastrophes; the effectiveness of our loss limitation methods; our dependence on principal employees; the cyclical nature of the insurance and reinsurance business; the levels of new and renewal business achieved; opportunities to increase writings in our core property and specialty reinsurance and insurance lines of business and in specific areas of the casualty reinsurance market; the sensitivity of our business to financial strength ratings established by independent rating agencies; the estimates reported by cedents and brokers on pro-rata contracts and certain excess of loss contracts where the deposit premium is not specified in the contract; the inherent uncertainties of establishing reserves for loss and loss adjustment expenses; our reliance on industry loss estimates and those generated by modeling techniques; unanticipated adjustments to premium estimates; changes in the availability, cost or quality of reinsurance or retrocessional coverage; changes in general economic conditions; changes in governmental regulation or tax laws in the jurisdictions where we conduct business; the amount and timing of reinsurance recoverables and reimbursements we actually receive from our reinsurers; the overall level of competition, and the related demand and supply dynamics in our markets relating to growing capital levels in the insurance and reinsurance industries; declining demand due to increased retentions by cedents and other factors; the impact of terrorist activities on the economy; and rating agency policies and practices. In addition, the Company's forward-looking statements about the Redomestication and its anticipated effects, operations, stock trading matters, and tax and financial matters could be affected by risks including that the Redomestication may not close, shareholders or regulators may not provide required approvals, the Company may encounter difficulties moving jurisdictions, tax and financial expectations might not materialize or might change, and Luxembourg corporate governance and regulatory schemes could prove different or more challenging than currently expected.

These and other events that could cause actual results to differ are discussed in more detail from time to time in our filings with the SEC. The Company undertakes no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, except as required by U.S. federal securities laws. Investors are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date on which they are made.

The matters described in this Proxy Statement are the only matters that we know will be voted on at the Annual General Meeting. If other matters are properly presented at the Annual General Meeting, the proxy holders will vote your shares as they see fit.

Our Board of Directors has approved the proposals and recommends that you vote **FOR** all of the proposals.

Revocability of Proxy

You may change your vote in one of three ways at any time before it is exercised:

notify our Secretary in writing before the Annual General Meeting that you are revoking your proxy; submit another proxy card (or voting instruction card if you hold your shares in street name) with a later date; or if you are a holder of record, or a beneficial holder with a proxy from the holder of record, vote in person at the Annual General Meeting.

Your presence without voting at the meeting will not automatically revoke your proxy, and any revocation during the meeting will not affect votes previously taken. If you hold your shares in the name of a bank, broker or other nominee, you should follow the instructions provided by your bank, broker or nominee in revoking your previously granted proxy.

Dissenter's Right of Appraisal

The Board of Directors has not proposed for consideration at the Annual General Meeting any transaction for which the laws of Bermuda entitle shareholders to appraisal rights.

Persons Making the Solicitation

Proxies in the form enclosed are being solicited by the Board of Directors. The persons named in the accompanying proxy card have been designated as proxies by the Board. Such persons designated as proxies serve as officers of the Company.

We will pay the cost of solicitation of proxies. We have engaged Okapi Partners and BNY Mellon Shareowner Services as the proxy solicitors for the Annual General Meeting for an aggregate fee of approximately \$42,500. In addition to the use of the mails, certain of our directors, officers or employees may solicit proxies by telephone or personal contact. Upon request, we will reimburse brokers, dealers, banks and trustees, or their nominees, for reasonable expenses incurred by them in forwarding proxy materials to beneficial owners of shares.

Interest of Certain Persons in Matters to be Acted Upon

Other than for any interest arising from the ownership of our common shares or any nominee's election to office, the Company is not aware of any substantial interest of any director, executive officer, nominee for election as a director or associate of any of the foregoing in any matter to be acted upon at the Annual General Meeting.

TABLE OF CONTENTS

Voting Securities and Record Date

Record Date

Our Board of Directors has fixed the close of business on March 23, 2010 as the record date for the Annual General Meeting. Only holders of record of our shares on the record date are entitled to notice of and to vote at the meeting or any adjournment or postponement of the meeting. You will not be the holder of record of shares that you hold in street name. Instead, the depository (for example, Cede & Co.) or other nominee will be the holder of record of such shares.

Number of Shares Outstanding

On the record date of the Annual General Meeting, 80,001,073 shares were issued and entitled to be voted at the meeting.

Voting Rights

In general, and except as provided below, shareholders have one vote for each common share held by them. However, if the common shares of a shareholder are treated as controlled shares (generally, common shares held directly, indirectly through non-U.S. entities or constructively through certain relationships) of any U.S. Person (as defined in Section 957(c) of the Code) and such controlled shares constitute more than 9.9% of the votes conferred by the Company's issued shares, the voting rights with respect to the controlled shares of that U.S. Person (a 9.9% U.S. Shareholder) shall be limited to a voting power of 9.9% under a formula specified in the Bye-Laws. The reduction in votes is generally to be applied proportionately among all the controlled shares of the 9.9% U.S. Shareholder; provided, however, that the reduction shall first be effected by reducing the votes conferred on the common shares held directly by such 9.9% U.S. Shareholder. The reduction in the votes of the common shares held by a 9.9% U.S. Shareholder effected by the foregoing shall be allocated proportionately among the common shares held by the other shareholders so long as the allocation does not cause any U.S. Person to become a 9.9% U.S. Shareholder. The formula is applied repeatedly until the voting power of all 9.9% U.S. Shareholders has been reduced to 9.9%.

Principal Holders of Common Shares

Our directors and executive officers have indicated that they intend to vote their shares in favor of all of the proposals.

On the record date, we believe our directors, executive officers and affiliates beneficially owned 43.9% of the outstanding common shares. Under our Bye-Laws, some members of this group may have their voting rights reduced and the group's voting rights could be reduced to less than 43.9%. See Security Ownership of Certain Beneficial Owners, Management and Directors.

Voting Procedures

Quorum

The presence, in person or by proxy, of two or more of the holders representing in excess of 50% of the total shares outstanding and entitled to vote at the Annual General Meeting constitutes a quorum for the conduct of business.

Holders of shares are entitled to vote on each matter to be voted upon by the shareholders at the Annual General Meeting in accordance with the voting rights afforded under Bye-Laws 4 and 30 of the Company.

Voting in Person or By Proxy

A proxy card is being sent to each record holder as of the record date. If you properly received a proxy card, you may grant a proxy to vote on the proposals by marking your proxy card appropriately, executing it in the space provided, dating it and returning it to us. We may accept your proxy by any form of communication permitted by Bermuda law and our Bye-Laws. If you hold your shares in the name of a bank, broker or other nominee, you should follow the instructions provided by your bank, broker or nominee when voting your shares.

TABLE OF CONTENTS

If you have timely mailed a properly executed proxy card and clearly indicated your votes, your shares will be voted as indicated. If you have timely submitted a properly executed proxy card and have not clearly indicated your votes, your shares will be voted **FOR** each of the proposals. If any other matters properly come before the meeting, the persons named in the proxy card will vote the shares represented by all properly executed proxies in accordance with their best judgment, unless authority to do so is withheld in the proxy.

You may abstain on any of the proposals by marking **ABSTAIN** with respect to any proposal.

The matters described in this Proxy Statement are the only matters that we know will be voted on at the Annual General Meeting. If other matters are properly presented at the Annual General Meeting, the proxy holders will vote your shares as they see fit.

If you do not appoint a proxy and you do not vote at the meeting, you will still be bound by the outcome. You therefore are strongly urged to attend and vote at the meeting in person or by proxy.

Abstentions and Broker Non-Votes

Broker non-votes occur when nominees, such as banks and brokers holding shares on behalf of beneficial owners, do not receive voting instructions from the beneficial holders at least ten days before the Annual General Meeting.

Pursuant to Bermuda law, (i) common shares which abstain from voting on any matter are not included in the determination of the common shares voting on such matter but are counted for quorum purposes and (ii) common shares which are represented by broker non-votes (i.e., common shares held by brokers which are represented at the Annual General Meeting but with respect to which the broker is not empowered to vote on a particular proposal) are not included in the determination of the common shares voting on such matter but are counted for quorum purposes.

Member brokerage firms of the NYSE that hold shares in street name for beneficial owners may, to the extent that such beneficial owners do not furnish voting instructions with respect to any or all proposals submitted for shareholder action, vote in their discretion upon certain proposals.

Vote Required for Approval

In accordance with our Bye-Laws, under Proposal 1, the nominees for election as directors at the Annual General Meeting who receive the highest number of **FOR** votes will be elected as directors. This is called plurality voting. All other proposals require the affirmative **FOR** vote of a majority of those shares present at the meeting and entitled to vote on the proposal. A hand vote will be taken unless a poll is requested pursuant to the Bye-Laws.

TABLE OF CONTENTS

PROPOSAL 1 ELECTION OF CLASS C DIRECTORS

Our Bye-Laws provide for a classified Board of Directors of no fewer than ten (10) and no more than twelve (12) directors, divided into three (3) classes of as nearly equal size as possible. The Board of Directors currently consists of twelve (12) directors pursuant to a resolution of the Board of Directors. Each director will serve a three-year term. At the Annual General Meeting, our shareholders will elect the Class C directors, who will serve until the 2013 Annual General Meeting of Shareholders. Our incumbent Class A and Class B directors will serve until the 2012 and 2011 Annual General Meetings of Shareholders, respectively.

At its meeting on February 26, 2010, the Board of Directors nominated Messrs. Brown, Coley, Knap and Watson for re-election as Class C directors at the Annual General Meeting. Each of these directors has indicated that he will offer himself for re-election to the Board of Directors.

If any nominee shall prior to the Annual General Meeting become unavailable for election as a director, the persons named in the accompanying proxy card will vote for such other nominee, if any, in their discretion as may be recommended to or by the Board of Directors.

NOMINEES

David Brown
Stephen Coley
Dr. Anthony Knap, Ph.D.
Peter F. Watson

The respective ages, business experience, directorships and committee memberships for the nominees are set out in Our Directors . All of the nominees currently serve as directors of Flagstone (Bermuda).

PROPOSAL 2 AUDITOR S PROPOSAL

Upon the recommendation of the Audit Committee, the Board of Directors proposes that the shareholders approve the appointment of Deloitte & Touche to serve as our independent auditor for the 2010 fiscal year until the 2011 Annual General Meeting of Shareholders. Deloitte & Touche has served as our independent auditor since October 2005. A representative from Deloitte & Touche will attend the Annual General Meeting and will be available to respond to any questions and make a statement if he or she so desires. Shareholders at the Annual General Meeting will also be asked to vote to refer the determination of the auditor's remuneration to the Board of Directors.

The following sets forth the fees billed to us by Deloitte & Touche during the 2009 fiscal year:

Audit Fees

Aggregate audit fees billed to us by Deloitte & Touche for the fiscal years ended December 31, 2009 and 2008 were \$3,057,559 and \$3,612,671, respectively. Audit fees were for (a) the audit of our annual financial statements, (b) review of our quarterly financial statements, (c) statutory audits and (d) assistance with and review of documents filed with the SEC (including comfort letters and consents).

Audit-Related Fees

Audit-related fees billed to us by Deloitte & Touche for the fiscal years ended December 31, 2009 and 2008 were \$123,718 and \$98,640, respectively, for assurance and related services that are related to the audit and review of the financial statements (including technical consultations and services provided in relation to securities offerings) which are not reported as audit fees above.

Tax Fees

Fees billed to us by Deloitte & Touche for all tax-related services for the fiscal years ended December 31, 2009 and 2008 were \$nil and \$18,890, respectively. These fees were for professional services rendered for tax compliance.

All Other Fees

The aggregate fees billed by Deloitte & Touche for products and services rendered to the Company, other than the services described above under **Audit Fees**, **Audit-Related Fees** and **Tax Fees**, for the fiscal years ended December 31, 2009 and 2008 were \$106,772 and \$157,927, respectively, which relate to other consents primarily for due diligence services. The Audit Committee has considered whether any information technology and non-audit consulting services provided by Deloitte & Touche could impair the independence of Deloitte & Touche. No such services were provided by Deloitte & Touche during 2009 or 2008 and thus the Audit Committee concluded that such services did not impair the auditor's independence.

Pre-Approval Policies

The Audit Committee must pre-approve all audit services and permitted non-audit services performed for the Company by our auditor, subject to the de minimis exceptions for non-audit services described in Section

10A(i)(1)(B) of the Exchange Act which are approved by the Audit Committee prior to the completion of the audit. All engagements of Deloitte & Touche to provide audit, audit-related and tax services to the Company during 2009 and 2008 were pre-approved by the Audit Committee.

The Audit Committee is responsible for managing our relationship with our independent auditor. The Audit Committee has the sole authority to hire and employ our auditor. The Audit Committee regularly reviews the auditor's work plan, bills and work product. Accordingly, it is our policy that all proposed engagements by our current audit firm must be approved in advance by the Audit Committee.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE REAPPOINTMENT OF DELOITTE & TOUCHE AS OUR INDEPENDENT AUDITOR FOR THE 2010 FISCAL YEAR UNTIL THE 2011 ANNUAL GENERAL MEETING OF SHAREHOLDERS AND THE REFERRAL OF THE DETERMINATION OF THE AUDITOR'S REMUNERATION TO THE BOARD OF DIRECTORS. PROXIES WILL BE SO VOTED UNLESS SHAREHOLDERS SPECIFY OTHERWISE IN THEIR PROXIES.

PROPOSAL 3 PERFORMANCE SHARE UNIT PLAN AMENDMENTS

It is proposed, subject to shareholder approval, that the Company's Performance Share Unit Plan (the PSU Plan) be amended to, among other things, (i) modify the treatment of Performance Share Units (PSUs) upon the retirement of an employee, (ii) permit Mark Byrne, Chairman of the Company, to receive PSUs and (iii) cancel PSUs if the Company is required to make a financial restatement due to a material misstatement and those PSUs were granted based upon the erroneous financial information.

Retirement Amendments

Currently, if an employee is 65 or older at the age of retirement, the employee's PSUs are cancelled. However, at the end of the first performance period after the retirement, the retiree is paid in cash what they would have received had they been employed until the end of that performance period. For an employee that retires at 65 or over, the Board proposes to amend the PSU Plan so that PSUs are not cancelled and continue to vest as if the retiree were still employed.

Currently, an employee who retires before 65 but whose age plus years of service exceeds 60 keeps their PSUs but the reward factor used to determine the number of PSUs becomes fixed as of the most recent quarter prior to the retirement. The Board proposes to increase the age plus service requirement from 60 to 65. For such retirees, the Board also proposes that the retiree keeps their PSUs, and the PSUs vest as if the retiree were still employed.

Eligible Employee Amendment

The Board proposes to amend the PSU Plan to make Mark Byrne, Chairman of the Company, eligible to receive PSUs.

Clawback Amendment

The Board proposes to add a provision that would cancel PSUs if the Company is required to make a financial restatement due to a material misstatement and those PSUs were granted based upon the erroneous financial information.

Other Amendment

In addition, the Board proposes to make other changes that are reflected in the PSU Plan below.

Board Recommendation; Required Approval

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR APPROVAL OF PROPOSAL 3. Proxies will be so voted unless shareholders specify otherwise in their proxies. As required under our Bye-Laws, the approval of a majority of our shares present and voting at the meeting, whether in person or by proxy, is required for approval of this proposal.

An Employee may change the designation of any Inter Vivos Designee in the same manner and such designation shall revoke and supersede all earlier designations. In the event an Employee does not notify the Compensation Committee designating one or more Inter Vivos Designees, or no Inter Vivos Designee survives the Employee, the PSUs and any payment of shares in place of cash shall be given to the Employee.

16. MISCELLANEOUS PROVISIONS

- No employee or other person shall have any claim or right to receive a grant of PSUs under the Plan. Neither the Plan nor any action taken hereunder shall be construed as giving an employee any right to be retained in the employ of the Company or any Subsidiary.

AMENDMENT

The Plan may be amended at any time and from time to time by the Board in accordance with the bye-laws of the Company, but no amendment which increases the aggregate number of Common Shares which may be issued pursuant to the Plan or the class of employees eligible to participate shall be effective unless and until the same is approved by the shareholders of the Company. For the avoidance of doubt, any action taken by the Compensation Committee pursuant to paragraph 14 does not require shareholder approval. No amendment of the Plan shall adversely affect any right of any Employee with respect to any previous grant without such Employee's written consent.

18.

TERMINATION

This Plan shall terminate upon the earlier of the following dates or events to occur:

PROPOSAL 4 APPROVAL OF THE REDOMESTICATION

General

On February 26, 2010, our Board of Directors adopted resolutions declaring it advisable to take steps to obtain shareholder approval to effect the Redomestication by way of continuance as a body corporate under the laws of Luxembourg and discontinuance in Bermuda. Our Board of Directors directed that approval of the Redomestication be submitted for consideration by our shareholders at the Annual General Meeting and recommended that shareholders approve the following proposals. Under Bermuda law and our Bye-Laws, the approval of a majority of the shares present and voting at the meeting, whether in person or by proxy, is required for the approval of the resolutions approving the Redomestication.

Text of the Shareholder Resolution

The Shareholder Resolution approving the Redomestication is as follows:

Now, therefore, it is hereby RESOLVED THAT, upon the recommendation of the Board, the Company discontinue as an exempted company in Bermuda and continue as a société anonyme under the laws of Luxembourg, as of the date (the Effective Date) determined by the Board or its duly authorized delegates, by transferring its registered and principal office and central administration to Luxembourg and changing its nationality to Luxembourg;

RESOLVED THAT, the Board may abandon or delay the discontinuance of the Company for any reason at any time prior to the Effective Date, notwithstanding the approval of the Shareholders; and further

RESOLVED THAT, each member of the Board of Directors (or such persons appointed attorney in Luxembourg) be hereby granted a power of attorney to appear before a Luxembourg public notary and to take all necessary steps and to sign all necessary documents to effect the Redomestication .

Principal Reasons for the Redomestication

After careful consideration, we believe that the Redomestication is in the best interests of Flagstone and our shareholders. This determination was based in part on our belief that the Redomestication will:

increase our strategic and capital flexibility;
build upon our existing European presence and pose few risks to our operating model or our long-term strategy; and
help reduce reputational, political, regulatory and financial risks to the Company.

Strategic and Capital Flexibility

As a Luxembourg company, we expect to benefit from Luxembourg's network of excellent relations and agreements with major developed and developing countries around the world. Despite our significant European presence, we believe we are primarily viewed as a Bermuda company and that the Redomestication will help us settle our identity as a European company. We believe the enhanced ability to market ourselves as a European company will be beneficial by, among other things, providing us better access to capital in the European market. For example, it may

make a listing of our common shares on a European stock exchange more attractive.

Building on Existing European Presence and Few Risks to Our Operating Model and Long-Term Strategy

The Redomestication builds on our existing European presence. Our principal operating companies are in Europe, including our principal operating company in Switzerland, and our investment management operations are already in Luxembourg. Given the presence of our investment management operations, we will benefit from our familiarity with the regulatory and legal environment and the ability to use our existing Luxembourg office as our new corporate holding company office.

In addition, the Redomestication is not expected to materially impact our operations or our financial results. Our reinsurance and insurance operations worldwide will continue to operate without material changes. Our principal operating company will remain in Switzerland, and we will retain substantial and important underwriting capital in our Bermuda branch as well as some executive offices in Bermuda.

TABLE OF CONTENTS

Reduces Reputation, Political, Regulatory and Financial Risks

By locating our holding company near our principal operating companies, we believe we will settle our identity as a European company. We believe the Redomestication decreases our exposure to political, regulatory and financial risks and will reinforce our reputation, which is important to our continuing business. Luxembourg itself is a leading financial center with political, economic and regulatory stability and a sophisticated financial and regulatory environment. In addition, Luxembourg benefits from being a member of the European Union and OECD. We believe this stability will increase our ability to focus on operating the business and minimize time spent responding to actual and potential political or regulatory changes.

In addition, the Redomestication will allow us to benefit from the extensive network of commercial and tax treaties that Luxembourg is party to, significantly with the United States and certain members of the European Union. We expect these treaties will provide greater predictability with respect to the tax environment in which our business operates.

Amendment or Termination

The Redomestication may be amended, modified or supplemented at any time before or after its adoption by our shareholders. Our Board of Directors may terminate the Redomestication and abandon or delay the Redomestication at any time prior to its effectiveness without obtaining the approval of our shareholders. After adoption, however, no amendment, modification or supplement may be made or effected that requires further approval by our shareholders without obtaining that approval.

Conditions to Consummation of the Redomestication

The Redomestication will not be completed unless the following conditions are satisfied or, if allowed by law, waived:

- the Redomestication is approved by the requisite vote of our shareholders;
- we are not subject to any governmental decree, order or injunction that prohibits the consummation of the Redomestication;
- the required notarial deed effecting the Redomestication is validly executed before a Luxembourg public notary at a notarial meeting to be held in Luxembourg;
- in accordance with Section 132G of The Companies Act 1981 of Bermuda, the following occurs: each of the directors of the Company swears a statutory declaration confirming the matters set out therein, each director and the Company sign an irrevocable deed poll as to service of process, the Company advertises its intention to discontinue in an appointed newspaper at least 14 days before the effective date of the Redomestication and a notice of discontinuance is filed with the Bermuda Registrar of Companies;
- our Luxembourg common shares are authorized for listing on the NYSE, subject to official notice of issuance;
- we receive an opinion from Baker & McKenzie LLP, in form and substance reasonably satisfactory to us, confirming the matters discussed under **Material Tax Considerations** U.S. Federal Income Tax Considerations ;
- we receive an opinion from Appleby, in form and substance reasonably satisfactory to us, confirming that the Annual General Meeting was validly constituted, that all quorum requirements for the Annual General Meeting were fulfilled and that all resolutions passed at the Annual General Meeting were validly and correctly passed in accordance with the requirements of Bermuda law and the Bye-Laws of the Company;
- we receive an opinion from Appleby, in form and substance reasonably satisfactory to us, confirming the matters discussed under **Material Tax Considerations** Bermuda Tax Considerations ;

we receive an opinion from Tax S. Arts S.à.r.l, in form and substance reasonably satisfactory to us, confirming the matters discussed under Material Tax Considerations Luxembourg Tax Considerations ; and

34

TABLE OF CONTENTS

we obtain all consents, rulings and approvals that are necessary, desirable or appropriate in connection with the Redomestication including approvals from the FSA and Lloyd's for the movement of certain U.K. subsidiaries within our corporate structure.

In addition, the Redomestication may be abandoned or delayed for any reason by our Board of Directors at any time prior to the Effective Time, even though the Redomestication may have been approved by our shareholders and all conditions to the Redomestication may have been satisfied.

Applicable Law

As of the effective date of the Redomestication, our legal jurisdiction of incorporation will be Luxembourg and the continuing corporation will no longer be subject to the provisions of Bermuda law. All matters of corporate law will be determined under Luxembourg law. We will continue to be subject to the reporting requirements of the Exchange Act. In addition, we will continue to be subject to the rules and regulations of the New York Stock Exchange.

Assets, Liabilities, Obligations, Etc.

Under Luxembourg law, as of the effective date of the Redomestication, all of our assets, property, rights, liabilities and obligations immediately prior to the Redomestication will continue to be our assets, property, rights, liabilities and obligations. Bermuda law will cease to apply to us upon our filing of the appropriate documents with the Bermuda Registrar of Companies and the execution of the notarial deed before the public notary in Luxembourg. If approved, we expect to complete the Redomestication soon after the Annual General Meeting.

Capital Stock

Once the Redomestication is completed, holders of our common shares will, in principle, continue to own one share for each share held before the Redomestication. The existing certificates representing the Company's common shares will not be cancelled. Shortly after the effectiveness of the Redomestication, we will provide information on how to exchange your existing certificates for new certificates. Beneficial holders of shares held in street name will not be required to take any action.

Voting

To mitigate potential U.S. tax consequences, our current Bye-Laws reduce the total voting power of any shareholder who is a U.S. person controlling more than 9.9% of our common shares to 9.9% of the voting power of our common shares. After the Redomestication, each share will be entitled to one vote with no potential reduction in voting power.

For a more detailed description of the operation of this rule and potential U.S. tax implications resulting from its removal, see [The Shareholder Meeting](#), [Voting Securities and Record Date](#), [Voting Rights](#) and [Risk Factors - Tax Risk Factors](#). After the Redomestication, U.S. persons holding shares in Flagstone (Luxembourg) with an aggregate voting power of 10% or greater may be subject to current U.S. federal income tax with respect to certain income earned by Flagstone (Luxembourg) and its subsidiaries.

Dividends

We paid four quarterly cash dividends in 2009 and four in 2008, at the rate of \$0.04 per common share. Future declaration and payment of cash distributions, whether in the form of capital repayments, dividends or otherwise,

following the completion of the Redomestication will depend upon circumstances prevailing at the time, but we anticipate that we will continue to pay to the holders an amount that is consistent with our recent practice. For a description of restrictions on dividends and capital returns imposed by Luxembourg law, see [Material Tax Consequences Relating to the Redomestication](#) [Luxembourg Tax Considerations](#) [Post-Redomestication Consequences to Flagstone \(Luxembourg\) Shareholders](#) .

We expect that, post-Redomestication, payments to the holders will be done, mainly, through repayment of capital and share premium of Flagstone (Luxembourg) as well as of the pre-Redomestication retained earnings. Share premium can be repaid upon a decision by the Board of Directors or by a decision at a general meeting of the shareholders. Reduction of share capital must be approved by a shareholders meeting.

TABLE OF CONTENTS

Assuming that post-Redomestication no newly generated distributable retained earnings or profits are recorded in the non-consolidated accounts (i.e., statutory accounts established under Lux GAAP) of Flagstone (Luxembourg), repayments of capital and share premium by the Company should not be subject to Luxembourg dividend withholding tax.

Business and Operations

The Redomestication, if approved, will effect a change in the legal jurisdiction of incorporation of Flagstone (Bermuda) as of the effective date thereof, but our business and operations will remain the same. We expect to retain our employees and office space in Bermuda. We expect our new Luxembourg offices will have staffing appropriate to a Luxembourg-based holding company and to strategic oversight of the Company. After the Redomestication, the Board of Directors expects to hold most of its in-person meetings in Luxembourg.

Management

When the Redomestication is completed, executive officers and directors of Flagstone (Bermuda) immediately prior to the completion of the Redomestication will be executive officers and directors of Flagstone (Luxembourg). Our directors will continue as directors during their respective assigned terms.

Accounting Treatment of the Redomestication

We will continue to report our financial results in U.S. dollars using U.S. GAAP.

The assets and liabilities of Flagstone (Luxembourg), the continuing entity, will be reflected at their historical value to Flagstone (Bermuda) in the Company's consolidated financial statements. In addition, the Redomestication will not impact the Company's capitalization.

Effective Time

If the Redomestication is approved by the requisite shareholder vote, we anticipate that the Redomestication will become effective promptly following such approval, with the exact date and time being determined by our Board of Directors. Subject to filing the relevant documents with the Bermuda Registrar of Companies, the Redomestication will become effective upon the execution of the required notarial deed at the meeting to be held before the public notary in Luxembourg. If approved, we expect to complete the Redomestication soon after the Annual General Meeting.

In the event the conditions to the Redomestication are not satisfied, the Redomestication may be abandoned or delayed, even after approval by our shareholders. In addition, the Redomestication may be abandoned or delayed for any reason by our Board of Directors at any time prior to the Effective Time, even though the Redomestication might have been approved by our shareholders and all conditions to the Redomestication might have been satisfied.

Board Recommendation; Required Vote

OUR BOARD OF DIRECTORS HAS APPROVED THE REDOMESTICATION AND HAS RECOMMENDED THAT SHAREHOLDERS VOTE FOR APPROVAL OF ALL THE PROPOSALS

RELATED TO THE REDOMESTICATION.

Under our Bye-Laws, the Redomestication requires the approval of a majority of the shares present and voting on the proposal at the Annual General Meeting, whether in person or by proxy. The adjournment proposal requires the approval of holders of the same majority.

Regulatory Matters

Prior to the Redomestication, we expect to move the location of certain U.K. subsidiaries within our company structure for which we will seek the approval of the FSA and Lloyd's of London. We are not aware of any other governmental approvals or actions that are required to complete the Redomestication, other than compliance with U.S. federal and state securities laws and Bermuda and Luxembourg corporate law.

No Appraisal Rights

Under Bermuda law, our shareholders do not have any right to an appraisal of the value of their shares or payment for them in connection with the Redomestication.

TABLE OF CONTENTS

Share Compensation Plans

If the Redomestication is completed, we will continue our long-term incentive plan and other employee benefit plans and arrangements, and those plans and arrangements will be amended, if necessary, to reflect the Redomestication. Shareholder approval of the Redomestication also will constitute shareholder approval of these amendments.

Stock Exchange Listing

Our shares are listed on the NYSE. We will submit an application so that, immediately following the Redomestication, our shares will continue to be listed on the NYSE under the symbol FSR, the same symbol under which our shares currently are listed. Our shares are also currently listed on the Bermuda Stock Exchange, and we expect that they will continue to be listed on the Bermuda Stock Exchange after the Redomestication.

Effect on Shares

If you hold shares in certificated form, you do not need to take any action as a result of the Redomestication. Your certificated shares will still be valid and continue to represent your interest in the Company.

If you hold your shares through a broker, dealer, commercial bank, trust company or similar institution, you should not need to take any action as a result of the Redomestication. Since the Redomestication will not impact the number of shares you own, we expect that account statements from your institution will look largely the same after the Redomestication.

If you hold direct registration shares, after the Redomestication the Company will be required to issue you certificated shares.

Federal Securities Law Consequences; Resale Restrictions

Our common shares after the Redomestication will be freely transferable, except for restrictions applicable to certain affiliates of the Company under the Securities Act, as follows:

Persons who were not affiliates of the Company at the time of the effectiveness of the Redomestication and that have not been affiliated within 90 days prior to such time will be permitted to sell any common shares pursuant to Rule 144.

Persons who were affiliates of the Company at the time of the effectiveness of the Redomestication or were affiliates within 90 days prior to such time will be permitted to resell any common shares in the manner permitted by Rule 144. Persons whose common shares are subject to transfer restrictions under the Securities Act will continue to be subject to the same restrictions after the Redomestication.

In computing the holding period of the common shares for the purpose of Rule 144(d), such persons will be permitted to tack the holding period of their common shares held prior to the Effective Time to the period beginning at the Effective Time.

Persons who may be deemed to be affiliates of the Company for these purposes generally include individuals or entities that control, are controlled by, or are under common control with, the Company, and would generally not include shareholders who are not executive officers, directors or significant shareholders of the Company.

The Company will file certain post-effective amendments to existing effective registration statements of the Company concurrently with the completion of the Redomestication.

Upon consummation of the Redomestication, the common shares of the Company will be deemed to be registered under Section 12(b) of the Exchange Act, by virtue of Rule 12g-3 under the Exchange Act, without the filing of any Exchange Act registration statement.

TABLE OF CONTENTS

Interests of Certain Persons in the Redomestication

No person who has been a director or executive officer of the Company at any time since the beginning of the last fiscal year, or any associate of any such person, has any substantial interest in the Redomestication, except for any interest arising from his or her ownership of securities of the Company. No such person is receiving any extra or special benefit not shared on a pro rata basis by all other holders of shares of the Company.

Material Tax Considerations Relating to the Redomestication

This section contains a general discussion of certain material tax consequences of: (1) the Redomestication; (2) post-Redomestication ownership and disposition of Flagstone (Luxembourg) shares; and (3) post-Redomestication operations of Flagstone.

The discussion under the caption **U.S. Federal Income Tax Considerations** addresses (1) the material U.S. federal income tax consequences to the Company, U.S. holders (as defined below) and non-U.S. holders (as defined below) of the Redomestication, (2) the material U.S. federal income tax consequences to U.S. holders and non-U.S. holders of owning and disposing of Flagstone (Luxembourg) shares received in the Redomestication and (3) other U.S. federal income tax consequences to the Company of post-Redomestication operations.

The discussion under the caption **Luxembourg Tax Considerations** addresses certain material Luxembourg tax consequences to: (1) shareholders resulting from the Redomestication and from owning and disposing of the Flagstone (Luxembourg) shares; and (2) the Company resulting from the Redomestication and from subsequent operations.

The discussion under the caption **Bermuda Tax Considerations** addresses the Bermuda income tax consequences of the Redomestication.

The below discussion is not a substitute for an individual analysis of the tax consequences of the Redomestication, post-Redomestication ownership and disposition of Flagstone (Luxembourg) shares or post-Redomestication operations of Flagstone. **You should consult your own tax advisors regarding the particular U.S. (federal, state and local), Luxembourg, Bermuda and other non-U.S. tax consequences of these matters in light of your particular situation.**

U.S. Federal Income Tax Considerations

Subject to the limitations and qualifications described herein, the following discussion constitutes the opinion of Baker & McKenzie LLP as to (1) the material U.S. federal income tax consequences to the Company, U.S. holders and non-U.S. holders of the Redomestication, (2) the material U.S. federal income tax consequences to U.S. holders and non-U.S. holders of owning and disposing of Flagstone (Luxembourg) shares received in the Redomestication and (3) other U.S. federal income tax consequences to the Company of post-Redomestication operations. This discussion generally does not address any aspects of U.S. taxation other than U.S. federal income taxation, is not a complete analysis or listing of all potential tax consequences of the Redomestication or of holding and disposing of Flagstone (Luxembourg) shares, and does not address all tax considerations that may be relevant to Flagstone Reinsurance shareholders. In particular, the below discussion addresses tax consequences to holders who hold their Flagstone (Bermuda) shares, and who will hold their Flagstone (Luxembourg) shares solely as capital assets, which generally means as property held for investment. The below discussion does not address any tax consequences to Flagstone (Bermuda) or Flagstone (Luxembourg) shareholders, as applicable, who, for U.S. federal tax purposes, are subject to

special rules, such as:

banks, financial institutions or insurance companies;
tax-exempt entities;
persons who hold shares as part of a straddle, hedge, integrated transaction or conversion transaction;
persons who have been, but are no longer, citizens or residents of the United States;
persons holding shares through a partnership or other fiscally transparent person;

dealers or traders in securities, commodities or currencies;
grantor trusts;
persons subject to the alternative minimum tax;
U.S. persons whose functional currency is not the U.S. dollar;
regulated investment companies and real estate investment trusts;
persons who received the Flagstone Reinsurance shares through exercise of employee share options or otherwise as compensation or through a tax qualified retirement plan;
persons who, at any time within the five-year period ending on the date of the Redomestication, have owned (directly, indirectly or through attribution) 10% or more of the total combined voting power of all classes of shares of Flagstone (Bermuda) entitled to vote; or
persons who, immediately after the Redomestication, will own (directly, indirectly or through attribution) 10% or more of the total combined voting power of all classes of shares of Flagstone (Luxembourg) entitled to vote.

This discussion is based on the Code, the Treasury regulations promulgated thereunder, which we refer to as the Treasury Regulations, judicial and administrative interpretations thereof and the Convention Between the Government of the Grand Duchy of Luxembourg and the Government of the United States of America for the Avoidance of Double Taxation and the Prevention of Fiscal Evasion with Respect to Taxes on Income and Capital (the Luxembourg-U.S. Tax Treaty), in each case as in effect and available on the date of this Proxy Statement. All of the foregoing are subject to change, which change could apply with retroactive effect and could affect the tax consequences described in this Proxy Statement. The Company will not request a ruling from the United States Internal Revenue Service, which we refer to as the IRS, as to the U.S. federal tax consequences of the Redomestication, post-Redomestication ownership and disposition of Flagstone (Luxembourg) shares or any other matter. There can be no assurance that the IRS will not challenge any of the U.S. federal tax consequences described below.

For purposes of this discussion, a U.S. holder is a beneficial owner of Flagstone (Bermuda) shares or, after the completion of the Redomestication, Flagstone (Luxembourg) shares, that for U.S. federal income tax purposes is:

an individual citizen or resident alien of the United States;
a corporation or other entity taxable as a corporation created or organized in or under the laws of the United States or any state thereof or the District of Columbia;

an estate, the income of which is subject to U.S. federal income taxation regardless of its source; or
a trust, if such trust validly has elected to be treated as a U.S. person for U.S. federal income tax purposes or if (1) a U.S. court can exercise primary supervision over its administration and (2) one or more U.S. persons have the authority to control all of the substantial decisions of the trust.

A non-U.S. holder is a beneficial owner of Flagstone (Bermuda) shares or, after the completion of the Redomestication, Flagstone (Luxembourg) shares, other than a U.S. holder or an entity or arrangement treated as a partnership for U.S. federal income tax purposes, which we refer to as a Partnership. If a Partnership is a beneficial owner of Flagstone (Bermuda) shares or Flagstone (Luxembourg) shares, the tax treatment of a partner in that Partnership will generally depend on the status of the partner and the activities of the Partnership. Holders of Flagstone (Bermuda) shares or Flagstone (Luxembourg) shares that are Partnerships and partners in such Partnerships should consult their tax advisors regarding the U.S. federal income tax consequences to them of the Redomestication and the ownership and disposition of Flagstone (Luxembourg) shares. For purposes of this tax discussion, holder or shareholder means either a U.S. holder or a non-U.S. holder or both, as the context may require.

TABLE OF CONTENTS

Material U.S. Tax Consequences of the Redomestication

The Redomestication will qualify as a Code Section 368(a)(1)(F) reorganization and/or result in an exchange of shares under Code Section 1036. The below discussion describes the consequences of the Redomestication's qualification as a Code Section 368(a)(1)(F) reorganization and/or resulting in an exchange of shares under Code Section 1036.

The Company

The Company will not be subject to U.S. federal income tax as a result of the Redomestication. Moreover, the Company will continue to be treated as a foreign person for U.S. federal income tax purposes immediately after the Redomestication.

U.S. Holders

If the Redomestication is consummated, a U.S. holder who holds Flagstone (Bermuda) shares at the Effective Time will not recognize any gain or loss solely as a result of the Redomestication. The tax basis of the Flagstone (Luxembourg) shares held after the Redomestication will be equal to the basis of the Flagstone (Bermuda) shares held before the Redomestication. The holding period for U.S. holders with respect to their Flagstone (Luxembourg) shares held after the Redomestication will include the holding period for the corresponding Flagstone (Bermuda) shares held before the Redomestication. U.S. holders who hold their Flagstone (Bermuda) shares with differing tax bases or holding periods are urged to consult their tax advisors with regard to identifying the tax bases and holding periods of the particular Flagstone (Luxembourg) shares held after the Redomestication.

Non-U.S. Holders

A non-U.S. holder will not be subject to U.S. federal income or withholding tax on gain realized, if any, with respect to such non-U.S. holder's Flagstone (Bermuda) shares as a result of the Redomestication.

U.S. Tax Considerations Post-Redomestication to the Company

U.S. Income and Branch Profits Tax. A foreign corporation deemed to be engaged in the conduct of a trade or business in the U.S. will be subject to U.S. federal income tax, as well as a branch profits tax in certain circumstances, on its income which is treated as effectively connected with the conduct of that trade or business unless the corporation is entitled to relief under an applicable income tax treaty, as discussed below. Such tax, if imposed, would be based on effectively connected income computed in a manner generally analogous to that applied to the income of a U.S. corporation, except that a foreign corporation may be entitled to deductions and credits only if it timely files a U.S. federal income tax return. Whether a trade or business is being conducted in the United States is an inherently factual determination. Because the Code, Treasury Regulations and court decisions do not identify definitively activities that constitute being engaged in a trade or business in the United States, we cannot assure you that the IRS will not contend successfully that Flagstone Reinsurance and/or certain of its non-U.S. subsidiaries are or will be engaged in a trade or business in the United States. Flagstone Reinsurance believes it and its non-U.S. subsidiaries have operated, and intends for Flagstone (Luxembourg) and its non-U.S. subsidiaries to continue to operate, in such a manner that they will not be considered to be conducting a trade or business within the United States for purposes of U.S. federal income taxation, except with regard to the Company's business conducted through Lloyd's of London (the Lloyd's Business), which is governed by a negotiated closing agreement between the IRS and Lloyd's of London, pursuant to which certain of Flagstone's income related to the Lloyd's Business is subject to U.S. tax. Flagstone (Bermuda) and certain of its non-U.S. subsidiaries have filed, and Flagstone Reinsurance intends for Flagstone

(Luxembourg) and certain of its non-U.S. subsidiaries to file, protective U.S. federal income tax returns on a timely basis in order to preserve the right to claim income tax deductions and credits if it is ever determined that they are subject to U.S. federal income tax.

A corporation resident in Luxembourg will be entitled, under the Luxembourg-U.S. Tax Treaty, to the benefits of such treaty if the corporation: (1) is a resident of Luxembourg as defined under the Residence article of the Luxembourg-U.S. Tax Treaty, (2) qualifies as a qualified resident under the Limitation on Benefits article of the Luxembourg-U.S. Tax Treaty and (3) satisfies any other requirements in the Luxembourg-U.S. Tax Treaty applicable to a specific treaty benefit being claimed. The Company expects that it will satisfy the factual criteria necessary to meet these requirements and therefore be entitled to the benefits

TABLE OF CONTENTS

of the Luxembourg-U.S. Tax Treaty. Assuming Flagstone (Luxembourg) is entitled to benefits under the Luxembourg-U.S. Tax Treaty, it will not be subject to U.S. federal income tax on any business income found to be effectively connected with a U.S. trade or business unless that trade or business is conducted through a permanent establishment in the United States, and then only on income attributable to that permanent establishment. Whether business is being conducted in the United States through a permanent establishment is an inherently factual determination. Flagstone Reinsurance intends to continue to conduct its activities so as not to have a permanent establishment in the United States, although we cannot assure you that it will achieve this result. Some of Flagstone (Luxembourg) s non-U.S. subsidiaries may also be entitled to the benefits of a tax treaty between the United States and the country where those subsidiaries are resident. In those cases, the non-U.S. subsidiaries may have analogous protections against U.S. taxation.

Foreign corporations also are subject to U.S. withholding tax at a rate of 30% of the gross amount of certain fixed or determinable annual or periodical gains, profits and income (such as dividends and certain interest on investments) derived from sources within the United States, to the extent such amounts are not effectively connected with the foreign corporation s conduct of a trade or business in the United States. The tax rate is subject to reduction by applicable treaties.

U.S. subsidiaries of Flagstone Reinsurance are and will continue to be subject to taxation in the United States on their worldwide income at regular corporate rates.

Sections 482 and 845 of the Code give the IRS broad authority to reallocate income, deductions and credits from certain transactions (in the case of Section 845 of the Code, reinsurance transactions). Flagstone Reinsurance believes that all agreements it or its subsidiaries have entered into, and that all agreements Flagstone (Luxembourg) or its subsidiaries intend to enter into, whether with related or unrelated parties, have and will continue to have arm s-length terms. Nevertheless, no assurance can be given that the Internal Revenue Service will not assert its authority under Sections 482 or 845 of the Code in a manner that would increase the tax liability of Flagstone (Luxembourg) s U.S. subsidiaries.

The United States also imposes an excise tax on insurance and reinsurance premiums paid to foreign insurers or reinsurers with respect to risks located in the United States. The rate of tax applicable to premiums paid to Flagstone (Luxembourg) s Bermuda subsidiaries is 4% for direct, non-life insurance premiums and 1% for reinsurance and direct, life insurance premiums. The excise tax is waived, pursuant to the Convention Between the United States of America and the Swiss Confederation for the Avoidance of Double Taxation with Respect to Taxes on Income, with Protocol and Memorandum of Understanding, signed October 2, 1996, as amended by Diplomatic Notes signed April 8, 1997 (the Switzerland-U.S. Tax Treaty), with respect to U.S. premiums paid to insurers and reinsurers that are resident in Switzerland to the extent those risks are not reinsured with a non-U.S. reinsurer which is not entitled to the benefits of a U.S. treaty that waives the excise tax. Flagstone (Luxembourg) s primary Swiss subsidiary will be exempt from the excise tax per its closing agreement with the IRS, to the extent the risks are not reinsured with a company which does not have an exemption.

Post-Redomestication Consequences to U.S. Holders

Receiving Distributions on Flagstone (Luxembourg) Shares. Subject to the discussion below under Special Rules Controlled Foreign Corporations , Special Rules Related Person Insurance Income , and Special Rules Foreign Investment Company Provisions , U.S. holders will be required to include in gross income the gross amount of any distribution received on the Flagstone (Luxembourg) shares to the extent that the distribution is paid out of Flagstone (Luxembourg) s current or accumulated earnings and profits as determined for U.S. federal income tax

purposes, to which we refer as a dividend. With respect to non-corporate U.S. holders, certain dividends received in taxable years beginning before January 1, 2011 from a qualified foreign corporation will be subject to U.S. federal income tax at a maximum rate of 15%. As long as the Flagstone (Luxembourg) shares are regularly tradable on the

NYSE (or certain other stock exchanges) and/or Flagstone (Luxembourg) qualifies for benefits under the Luxembourg-U.S. Tax Treaty, and Flagstone (Luxembourg) is not a passive foreign investment company, it will be treated as a qualified foreign corporation for this purpose. This reduced rate will not be available in all situations, and U.S. holders should consult their own tax advisors regarding the application of the relevant rules to their particular circumstances.

TABLE OF CONTENTS

Dividends from Flagstone (Luxembourg) will not be eligible for the dividends-received deduction under the Code, which is generally allowed to U.S. corporate shareholders on dividends received from certain domestic and foreign corporations.

Distributions in excess of the current and accumulated earnings and profits of Flagstone (Luxembourg) will be applied first to reduce the U.S. holder's tax basis in its Flagstone (Luxembourg) shares, and thereafter will constitute gain from the sale or exchange of such shares. In the case of a non-corporate U.S. holder, the maximum U.S. federal income tax rate applicable to such gain is 15% under current law if the holder's holding period for such Flagstone (Luxembourg) shares exceeds twelve months. This reduced rate is scheduled to expire effective for taxable years beginning after December 31, 2010. Special rules not here described may apply to U.S. holders who do not have a uniform tax basis and holding period in all of their Flagstone (Luxembourg) shares, and any such U.S. holders are urged to consult their own tax advisors with regard to such rules.

Subject to complex limitations, Luxembourg withholding tax, if any, on dividends paid will be treated for U.S. federal tax purposes as a foreign tax creditable against the U.S. federal income tax liability of a U.S. holder. The rules relating to the determination of the foreign tax credit are complex, and you should consult your own tax advisor to determine whether and to what extent a credit would be available. In lieu of claiming a foreign tax credit, U.S. holders may claim a deduction of foreign taxes paid in the taxable year.

Dispositions of Flagstone (Luxembourg) Shares. Subject to the discussion below under Special Rules Related Person Insurance Income and Special Rules Passive Foreign Investment Company Provisions, U.S. holders of Flagstone (Luxembourg) shares will recognize capital gain or loss for U.S. federal income tax purposes on the taxable disposition of Flagstone (Luxembourg) shares in an amount equal to the difference between the amount realized from such sale, exchange or other taxable disposition and the U.S. holder's tax basis in such shares. In the case of a non-corporate U.S. holder, the maximum U.S. federal income tax rate applicable to such gain is 15% under current law if the holder's holding period for such Flagstone (Luxembourg) shares exceeds twelve months. This reduced rate is scheduled to expire effective for taxable years beginning after December 31, 2010. The deductibility of capital losses is subject to limitations.

Post-Redomestication Consequences to Non-U.S. Holders

Consequences of Owning Flagstone (Luxembourg) Shares. A non-U.S. holder will not be subject to U.S. federal income or withholding tax on dividends from Flagstone (Luxembourg) unless: (1) the dividends are effectively connected with the holder's conduct of a trade or business in the United States (or, if a tax treaty applies, the dividends are attributable to a permanent establishment or fixed place of business maintained by the non-U.S. holder in the United States); or (2) such non-U.S. holder is subject to backup withholding.

Consequences of Disposing of Flagstone (Luxembourg) Shares. A non-U.S. holder will not be subject to U.S. federal income or withholding tax on any gain recognized on the sale, exchange or other disposition of Flagstone (Luxembourg) shares unless: (1) such gain is effectively connected with the conduct by the non-U.S. holder of a trade or business within the United States (or, if a tax treaty applies, is attributable to a permanent establishment or fixed place of business maintained by the non-U.S. holder in the United States); (2) in the case of certain capital gains recognized by a non-U.S. holder that is an individual, such individual is present in the United States for 183 days or more during the taxable year in which the capital gain is recognized and certain other conditions are met; or (3) the non-U.S. holder is subject to backup withholding.

Post-Redomestication Special Rules

Classification of Flagstone (Luxembourg) or its Non-U.S. Subsidiaries as Controlled Foreign Corporations. A foreign corporation is considered a controlled foreign corporation, or CFC, if 10% U.S. Shareholders own (directly, indirectly through non-U.S. entities or by application of the constructive ownership rules of Section 958(b) of the Code (i.e., constructively)) more than 50% of the total combined voting power of all classes of voting stock of such foreign corporation, or more than 50% of the total value of all stock of such corporation. A 10% U.S. Shareholder is a United States person (as defined in Section 957(c) of the Code) (U.S. Person) that owns (directly or indirectly through non-U.S. entities or constructively) at least 10% of the total combined voting power of all classes of stock entitled to vote of the

TABLE OF CONTENTS

foreign corporation. Each 10% U.S. Shareholder of a foreign corporation that is a CFC for an uninterrupted period of 30 days or more during a taxable year and owns shares in that CFC directly or indirectly through foreign entities on the last day of the foreign corporation's taxable year in which it is a CFC must include in its gross income for U.S. federal income tax purposes its pro rata share (based on its actual direct and indirect, through foreign entities, ownership) of the CFC's subpart F income, even if the subpart F income is not distributed. Subpart F income generally includes, among other things, investment income such as dividends, interest and capital gains, and income from insuring certain risks. For purposes of taking into account insurance income, a CFC also includes a foreign corporation in which more than 25% of the total combined voting power of all classes of stock (or more than 25% of the total value of the stock) is owned by 10% U.S. Shareholders on any day during the taxable year of such corporation, if certain premium tests are met. A portion of the income of Flagstone (Luxembourg)'s non-U.S. insurance and reinsurance subsidiaries would be considered subpart F income if such subsidiaries were CFCs. In addition, a non-U.S. insurance subsidiary of Flagstone (Luxembourg) may be considered a CFC under the RPII rules discussed below. For purposes of taking into account insurance income, the Subpart F inclusion would be limited to the current-year earnings and profits of that non-U.S. subsidiary reduced by the shareholder's pro rata share, if any, of certain prior-year deficits in earnings and profits related to activities generating insurance income or foreign personal holding company income as defined in Sections 953(a) and 954(c) of the Code (including most types of investment income).

Unlike the Bye-Laws of Flagstone (Bermuda), the Articles will not contain a provision reducing the voting power of any shareholder holding more than 9.9% of Flagstone (Luxembourg) shares to 9.9%. Accordingly, no assurance can be given that Flagstone (Luxembourg) or any of its subsidiaries will not be, or become, a CFC after the Redomestication. Investors should consult their own tax advisors regarding the U.S. tax ramifications of owning shares of Flagstone (Luxembourg), and in particular regarding the manner in which ownership is computed for purposes of applying the CFC rules, and the potential U.S. tax ramifications of ownership of shares of Flagstone (Luxembourg) with an aggregate voting power of 10% or greater.

Related Person Insurance Income

Generally. The CFC rules described above also apply (with certain modifications) to certain insurance companies that earn related person insurance income, to which we refer as RPII. For purposes of applying the CFC rules to foreign corporations that earn RPII, a foreign corporation will be treated as a CFC if RPII Shareholders collectively own (directly, indirectly through foreign entities or by application of the constructive ownership rules) 25% or more of the stock of the corporation by vote or value. The term RPII Shareholder means any U.S. Person that owns, directly or indirectly through foreign entities, any amount (rather than stock possessing 10% or more of the total combined voting power) of the foreign corporation's stock. The term RPII CFC means any CFC that earns RPII.

RPII is defined as any insurance income attributable to policies of insurance or reinsurance with respect to which the person (directly or indirectly) insured is an RPII Shareholder of the foreign corporation or a related person with respect to such RPII Shareholder. Subject to certain limitations, insurance income is income (including premium and investment income) attributable to the issuing of any insurance or reinsurance contract which would be taxed under the provisions of the Code relating to insurance companies if the income were the income of a domestic insurance company.

For purposes of the RPII rules, related person means a person that controls or is controlled by the RPII Shareholder or that is controlled by the same person or persons that control the RPII Shareholder. Control is measured by either more than 50% in value or more than 50% in voting power of stock, applying constructive ownership principles. A corporation's pension plan is ordinarily not a related person with respect to the corporation unless the pension plan

owns, directly or indirectly through the application of constructive ownership rules, more than 50%, measured by vote or value, of the stock of the corporation. In the case of a partnership, trust or estate, control means the ownership, directly or indirectly, of more than 50% (by value) of the beneficial interests in such partnership, estate or trust.

If none of the exceptions described below applies, each U.S. Person that owns shares in Flagstone (Luxembourg) (and therefore, indirectly in its non-U.S. insurance subsidiaries) on the last day of the tax year in which a non-U.S. subsidiary is an RPII CFC would be required to include in such U.S. Person's gross

TABLE OF CONTENTS

income for U.S. federal income tax purposes such U.S. Person's share of RPII of that non-U.S. subsidiary for the U.S. Person's taxable year that includes the end of that non-U.S. subsidiary's taxable year. This inclusion generally would be determined as if such RPII were distributed proportionately only to such U.S. Persons holding shares on that date. The inclusion would be limited to the current-year earnings and profits of that non-U.S. subsidiary reduced by the shareholder's pro rata share, if any, of certain prior-year deficits in earnings and profits. Even if one or more of the exceptions to the RPII rules applies, the general CFC rules described earlier may still apply to require 10% U.S. Shareholders to include in income their pro rata share of RPII, among other things.

RPII Exceptions. The special RPII rules described above will not apply to a non-U.S. subsidiary of Flagstone (Luxembourg) if: (1) direct or indirect insureds and persons related to such insureds, whether or not U.S. Persons, own, at all times during that non-U.S. subsidiary's taxable year directly or indirectly, less than 20% of the voting power and less than 20% of the value of the stock of that non-U.S. subsidiary (the 20% Ownership Exception); (2) RPII, determined on a gross basis, is less than 20% of that non-U.S. subsidiary's gross insurance income for the taxable year (the 20% Gross Income Exception); (3) that non-U.S. subsidiary elects to be taxed on its RPII as if the RPII were effectively connected with the conduct of a U.S. trade or business and to waive all treaty benefits with respect to RPII and meets certain other requirements; or (4) that non-U.S. subsidiary elects to be treated as a U.S. corporation for U.S. tax purposes. Flagstone Reinsurance has not made and does not intend to make either of the elections in (3) and (4). However, Flagstone Reinsurance expects Flagstone (Luxembourg) and its non-U.S. subsidiaries to qualify for the 20% Gross Income Exception and for the 20% Ownership Exception. Flagstone (Luxembourg) will not always be able to determine the identities of all of its shareholders or direct or indirect insureds. Accordingly, it is possible that the IRS will assert that 20% or more of the vote or value of the shares of a non-U.S. insurance subsidiary of Flagstone (Luxembourg) are owned by insureds of that non-U.S. subsidiary of Flagstone (Luxembourg) or their related persons or that RPII constitutes 20% or more of the gross insurance income of that insurance subsidiary for the taxable year, and that Flagstone (Luxembourg) may be unable to prove otherwise.

Computation of RPII. In order to determine how much RPII each of its non-U.S. insurance subsidiaries has earned in each taxable year, Flagstone (Luxembourg) may obtain and rely upon information from its insureds and reinsureds to determine whether any of the insureds or reinsureds is an RPII Shareholder or is related to an RPII Shareholder. Flagstone (Luxembourg) may not be able to determine whether any of the underlying insureds of the insurance companies to which its non-U.S. subsidiaries provides insurance or reinsurance are RPII Shareholders or related persons with respect to such shareholders. Consequently, Flagstone (Luxembourg) may not be able to determine accurately the gross amount of RPII earned by its non-U.S. subsidiaries in a given taxable year. Flagstone (Luxembourg) may also seek information from its shareholders to determine whether direct or indirect owners of Flagstone (Luxembourg)'s shares at the end of the year are U.S. Persons so that the RPII may be determined and apportioned among such persons. To the extent Flagstone (Luxembourg) is unable to determine whether a direct or indirect owner of shares is a U.S. Person, Flagstone (Luxembourg) may assume that such owner is not a U.S. Person, thereby increasing the per share RPII amount for all shareholders identified as U.S. Persons.

Uncertainty as to Application of RPII. Treasury Regulations interpreting the RPII provisions of the Code exist only in proposed form. It is not certain whether these Treasury Regulations will be adopted in their proposed form or what changes might ultimately be made or whether any such changes, as well as any interpretation or application of the RPII rules by the IRS, the courts or otherwise, might have retroactive effect. Accordingly, the meaning of the RPII provisions and their application to Flagstone (Luxembourg) is uncertain. These provisions include the grant of authority to the U.S. Treasury to prescribe such regulations as may be necessary to carry out the purposes of this subsection, including . . . regulations preventing the avoidance of this subsection through cross insurance arrangements or otherwise . . . In addition, we cannot assure you that the IRS will not challenge any determinations by Flagstone (Luxembourg) as to the amount, if any, of RPII that should be includible in income or that the amounts of the RPII inclusions will not be subject to adjustment based upon subsequent IRS examination. U.S. holders should

consult their tax advisors as to the effects of these uncertainties.

TABLE OF CONTENTS

Other Rules Applicable to CFCs, including RPII CFCs

Basis Adjustments for CFC Rules, including RPII. A U.S. shareholder's tax basis in its Flagstone (Luxembourg) shares will be increased by the amount of any subpart F income that the shareholder includes in income, including any RPII included in income by an RPII Shareholder. Any distributions made by Flagstone (Luxembourg) out of previously taxed subpart F income, including RPII income, will be exempt from further U.S. income tax in the hands of the U.S. shareholder. The U.S. shareholder's tax basis in its Flagstone (Luxembourg) shares will be reduced by the amount of any distributions that are excluded from income under this rule.

Information Reporting. Under certain circumstances, U.S. Persons owning stock in a foreign corporation are required to file IRS Form 5471 with their U.S. federal income tax returns. Generally, information reporting on IRS Form 5471 is required with respect to (1) a person who is treated as an RPII Shareholder, and (2) certain 10% U.S. Shareholders.

Dispositions of Shares and Code Section 1248. Section 1248 of the Code provides that if a United States person (as defined in Section 7701(a)(30) of the Code) sells or exchanges stock in a foreign corporation and such person was a 10% U.S. Shareholder at any time during the five-year period ending on the date of disposition when the corporation was a CFC, any gain from the disposition will be treated as a dividend to the extent of the CFC's earnings and profits (determined under U.S. federal income tax principles) during the period that the shareholder held the shares and while the corporation was a CFC (with certain adjustments). A 10% U.S. Shareholder may in certain circumstances be required to report a disposition of shares of a CFC by attaching IRS Form 5471 to the U.S. federal income tax or information return that it would normally file for the taxable year in which the disposition occurs.

Section 1248 of the Code also applies to the sale or exchange of shares in a foreign corporation if the foreign corporation would be treated as a CFC for RPII purposes and would be taxed as an insurance company if it were a domestic corporation, regardless of whether the shareholder was a 10% U.S. Shareholder during the five-year period ending on the date of the disposition or whether the 20% Gross Income Exception or the 20% Ownership Exception applies. Existing Treasury Regulations do not address whether section 1248 of the Code would apply if a foreign corporation is not a CFC but the foreign corporation has a subsidiary that is an RPII CFC. U.S. holders should consult their tax advisors regarding the effects of these rules on a disposition of shares.

Passive Foreign Investment Company Provisions

The treatment of U.S. holders of Flagstone (Luxembourg) shares in some cases could be materially different from that described above if, at any relevant time, Flagstone (Bermuda) or Flagstone (Luxembourg) were a passive foreign investment company, which we refer to as a PFIC.

For U.S. tax purposes and subject to exceptions as specified in the Code and Treasury Regulations for certain corporations, a foreign corporation will be classified as a PFIC for any taxable year if either: (1) 75% or more of its gross income is passive income (as defined for U.S. federal income tax purposes); or (2) the average percentage of assets held by such corporation which produce passive income or which are held for the production of passive income is at least 50%. For purposes of applying the tests in the preceding sentence, a look-through rule applies and the foreign corporation is deemed to own its proportionate share of the assets, and to receive directly the proportionate share of the income, of any other corporation of which the foreign corporation owns, directly or indirectly, at least 25% by value of the stock. In addition, the PFIC statutory provisions also contain an express exception for income derived in the active conduct of an insurance business by a corporation that is predominantly engaged in an insurance business. This exception is intended to ensure that income derived by a bona fide insurance company is not treated as passive income, except to the extent such income is attributable to financial reserves in excess of the reasonable needs

of the insurance business.

Flagstone Reinsurance believes that it is not a PFIC, and has not been a PFIC in any prior taxable year. Flagstone Reinsurance further believes that Flagstone (Luxembourg) will not be a PFIC following the Redomestication. The tests for determining PFIC status are applied annually, and it is difficult to predict accurately future income and assets relevant to this determination. In addition, there are currently no Treasury Regulations regarding the application of the PFIC provisions to an insurance company and Treasury

45

TABLE OF CONTENTS

Regulations or pronouncements interpreting or clarifying these rules may be forthcoming. Accordingly, no assurance can be given that the IRS would not challenge this position or that a court would not sustain such challenge.

If Flagstone (Luxembourg) should determine in the future that it is a PFIC, it will endeavor to so notify U.S. holders of Flagstone (Luxembourg) shares, although there can be no assurance that it will be able to do so in a timely and complete manner.

U.S. holders of Flagstone (Luxembourg) shares should consult their own tax advisors about the PFIC rules, including the availability of certain elections.

Information Reporting and Backup Withholding

If the Redomestication is consummated, U.S. holders that own at least five percent (of total voting power or total value) of Flagstone (Bermuda) immediately before the Redomestication will be required to file a Section 368(a) statement. Other information reporting could also apply to the Redomestication. Shareholders of Flagstone (Bermuda) should consult their own tax advisor about the information reporting requirements that could be applicable as a result of the Redomestication.

Dividends on Flagstone (Luxembourg) shares paid within the United States or through certain U.S.-related intermediaries are subject to information reporting unless the holder is a corporation, other exempt recipient or non-U.S. holder who establishes foreign status. Dividends subject to information reporting are subject to backup withholding (currently at a rate of 28%) unless the payee furnishes the payor with a taxpayer identification number and satisfies certain certification requirements. Information reporting requirements and backup withholding may also apply to the payment of proceeds from a sale of Flagstone (Luxembourg) shares within the United States or through certain U.S.-related intermediaries. Any amounts withheld under the backup withholding rules may be allowed as a refund or a credit against the holder's U.S. federal income tax liability, provided that the holder furnishes certain required information to the IRS.

If a U.S. holder of Flagstone (Luxembourg) shares does not provide us (or our paying agent) with the holder's correct taxpayer identification number or other required information, the holder may be subject to penalties imposed by the IRS.

In order for a non-U.S. holder to not be subject to backup withholding tax on a subsequent disposition of Flagstone (Luxembourg) shares, or dividends paid on those shares, a non-U.S. holder may be required to provide a taxpayer identification number, certify the holder's foreign status or otherwise establish an exemption.

Holders should consult their tax advisors regarding the application of information reporting and backup withholding to their particular situations.

THE U.S. FEDERAL INCOME TAX CONSIDERATIONS SUMMARIZED ABOVE ARE FOR GENERAL INFORMATION ONLY. EACH FLAGSTONE REINSURANCE SHAREHOLDER SHOULD CONSULT HIS OR HER TAX ADVISOR AS TO THE PARTICULAR CONSEQUENCES THAT MAY APPLY TO SUCH SHAREHOLDER.

Luxembourg Tax Considerations

Scope of Discussion

This summary is based on the laws of the Grand-Duchy of Luxembourg, including the Income Tax Act of December 4, 1967, as amended, the Municipal Business Tax Act of December 1, 1936, as amended and the Net Wealth Tax Act of October 16, 1934, as amended, to which we jointly refer as the Luxembourg tax law, existing and proposed regulations promulgated thereunder, and published judicial decisions and administrative pronouncements, each as in effect on the date of this Proxy Statement or with a known future effective date. This discussion does not generally address any aspects of Luxembourg taxation other than income tax, corporate income tax, municipal business tax, withholding tax and net wealth tax. This discussion is not a complete analysis or listing of all of the possible tax consequences of the Redomestication or of holding and disposing of shares and does not address all tax considerations that may be relevant to you. Special rules that are not discussed in the general descriptions below may also apply to you. The Luxembourg

TABLE OF CONTENTS

corporate income tax and dividend withholding tax consequences in relation to the Redomestication and post-Redomestication ownership and disposition of Flagstone (Luxembourg) shares and certain other matters have been confirmed with the Luxembourg Direct Tax authorities. However, there can be no assurance that the Luxembourg tax authorities will not challenge any of the Luxembourg tax consequences described below; in particular, changes in law and/or administrative practice, as well as changes in relevant facts and circumstances, may alter the tax considerations described below.

For purposes of this discussion, a Luxembourg holder is any beneficial owner of shares that for Luxembourg income tax purposes is:

an individual resident of Luxembourg under article 2 of the Luxembourg Income Tax Act, as amended; or a corporation or other entity taxable as a corporation that is organized under the laws of Luxembourg under article 159 of the Income Tax Act, as amended.

A non-Luxembourg holder of shares is a holder that is not a Luxembourg holder. For purposes of this summary, holder or shareholder means either a Luxembourg holder or a non-Luxembourg holder or both, as the context may require.

This discussion does not constitute tax advice and is intended only as a general guide. The summary is not exhaustive and shareholders should consult their own tax advisors as to the Luxembourg tax consequences of the Redomestication and the ownership and disposition of Flagstone (Luxembourg) shares. The summary applies only to shareholders who will own Flagstone (Luxembourg) shares as capital assets and does not apply to other categories of shareholders, such as dealers in securities, trustees, insurance companies, collective investment schemes and shareholders who have, or who are deemed to have, acquired their shares in the capital of Flagstone (Luxembourg) by virtue of an office or employment.

Material Luxembourg Tax Consequences of the Redomestication

The Company

Although the Company will become subject to Luxembourg tax as a result of the transactions constituting the Redomestication, the Redomestication transaction itself will not trigger any Luxembourg corporate income taxes on the Company, except that the transfer of the statutory seat of the Company to Luxembourg should be subject to a flat registration duty of €75.

Shareholders

No Luxembourg tax should become due for holders as a result of the Redomestication.

Material Luxembourg Tax Considerations Post-Redomestication to Flagstone

The Company will become a Luxembourg tax resident entity upon the Redomestication, and it will therefore be subject to Luxembourg corporate income tax, municipal business tax, withholding tax, and net wealth tax. We intend, however, to take actions to prevent the Company from being required to pay a substantial amount of any of the aforementioned taxes.

Corporate Income Tax / Municipal Business Tax

A Luxembourg resident company is subject to corporate income tax and municipal business tax on its worldwide income. Qualifying dividend income and net capital gains on the sale of qualifying investments in subsidiaries generally are exempt from corporate income tax and municipal business tax under Luxembourg's participation exemption. Consequently, qualifying dividends received by Flagstone (Luxembourg) from its subsidiaries and capital gains from sales by Flagstone (Luxembourg) of investments in its subsidiaries should be exempt from corporate income tax and municipal business tax.

Net Wealth Tax

A Luxembourg resident company is subject to net wealth tax on its worldwide wealth. Qualifying investments in subsidiaries generally are exempt from net wealth tax. Consequently, the fair market value of qualifying investments held by Flagstone (Luxembourg) should be exempt from net wealth tax.

TABLE OF CONTENTS

Capital Contribution Tax / Registration duties

The issuance of shares and increases in the capital of Luxembourg corporations is subject to a Luxembourg flat registration duty of €75. Registration duties may be levied on the registration of certain debt instruments in Luxembourg at a rate equal to 0.24% of the nominal value of the debt. Flagstone (Luxembourg), however, has no obligation to register such debt instruments and does not intend to do so. Thus, only the flat registration duty should be imposed.

Post-Redomestication Consequences to Flagstone (Luxembourg) Shareholders

The tax consequences discussed below are not a complete analysis or listing of all the possible tax consequences that may be relevant to you. You should consult your own tax advisor in respect of the tax consequences related to ownership, sale or other disposition of shares in Flagstone (Luxembourg).

Luxembourg Income Tax on Dividends and Similar Distributions

A non-Luxembourg holder will not be subject to Luxembourg income taxes on dividend income and similar distributions in respect of shares in Flagstone (Luxembourg) unless the shares are attributable to a permanent establishment or a fixed place of business maintained in Luxembourg by such non-Luxembourg holder. However, dividends and similar distributions are generally subject to Luxembourg withholding tax. See *Luxembourg Withholding Tax – Distributions to Shareholders* .

A Luxembourg resident individual holder will be subject to Luxembourg income taxes on dividend income and similar distributions in respect of shares in Flagstone (Luxembourg). Luxembourg income tax will be levied on 50% of the gross amount of the dividends, under certain conditions, at progressive rates. Taxable dividends are also subject to dependence insurance contribution levied at a rate of 1.4%. A Luxembourg resident corporation may benefit from the Luxembourg participation exemption with respect to dividends received if certain conditions are met. If the conditions with respect to the Luxembourg participation exemption are not met, the aforementioned 50% exemption may also apply to dividends received by a Luxembourg resident corporation.

Luxembourg Wealth Tax

A non-Luxembourg holder will not be subject to Luxembourg wealth taxes unless the holder's shares are attributable to a permanent establishment or a fixed place of business maintained in Luxembourg by such non-Luxembourg holder.

Luxembourg resident individual holders are not subject to Luxembourg wealth tax.

A Luxembourg corporate entity holder will be subject to Luxembourg net wealth tax in respect of the shares held in the capital of Flagstone (Luxembourg) unless such shares form a stake of at least 10% of the total issued share capital of Flagstone (Luxembourg) or have a cost price of at least €1,200,000.

Luxembourg Capital Gains Tax upon Disposal of Shares

A non-Luxembourg holder will be subject to Luxembourg income taxes for capital gains in the following cases (among others):

The holder's shares are attributable to a permanent establishment or a fixed place of business maintained in Luxembourg by such non-Luxembourg holder. In such case, the non-Luxembourg holder is required to recognize capital gains or losses on the sale of such shares, which will be subject to Corporate Income Tax and Municipal Business Tax; or

At any time within a five-year period prior to the disposal of shares in the Company, the holder's shares and those held by close relatives belong to a substantial shareholding of more than 10% of the total issued share capital of Flagstone (Luxembourg) and the shares sold have been disposed of within a period of six months following their acquisition, provided no provisions of a treaty for the avoidance of double taxation can be invoked to override this domestic law result.

48

TABLE OF CONTENTS

A Luxembourg resident individual holder will be subject to Luxembourg income taxes for capital gains in the following cases:

If the shares (1) represent the assets of a business or (2) were acquired for speculative purposes (i.e., disposed of within six months after acquisition), then any capital gain will be taxed at ordinary income tax rates and subject to dependence insurance contribution levied at a rate of 1.4%; and

Provided that the shares do not represent the assets of a business, and the Luxembourg resident individual has disposed of them more than six months after their acquisition, then the capital gains are taxable at half the overall tax rate if the shares belong to a substantial participation (i.e., shareholding representing more than 10% of the share capital, owned by the Luxembourg resident individual or together with his spouse/partner and dependent children, directly or indirectly at any time during the five years preceding the disposal). In this case, the capital gains would also be subject to dependence insurance contribution levied at a rate of 1.4%.

A Luxembourg corporate entity holder will be subject to Luxembourg corporate income taxes for capital gains unless (a) the holder's shares form a stake of at least 10% of the total issued share capital in Flagstone (Luxembourg) or have a cost price of at least €6,000,000 and (b) such qualifying shareholding has been held for an uninterrupted period of at least 12 months or the Luxembourg corporate entity holder undertakes to continue to own such qualifying shareholding until such time as the entity has held the shares for an uninterrupted period of at least 12 months.

Luxembourg Withholding Tax Distributions to Shareholders

A Luxembourg withholding tax of 15% is due on dividends and similar distributions to Flagstone (Luxembourg)'s holders (subject to the exceptions discussed under Exemption from Luxembourg Withholding Tax Distributions to Shareholders). Absent an exception, Flagstone (Luxembourg) will be required to withhold at such rate from distributions to the shareholder and pay such withheld amounts to the Luxembourg tax authorities.

Exemption from Luxembourg Withholding Tax Distributions to Shareholders

Dividends and similar distributions paid to Flagstone (Luxembourg)'s Luxembourg and non-Luxembourg holders may be exempt from Luxembourg dividend withholding tax if: (1) the shareholder is a qualifying corporate entity holding a stake of at least 10% of the total issued and outstanding share capital of Flagstone (Luxembourg) or acquired the holder's shares for at least €1,200,000; and (2) the shareholder has either held this qualifying stake in the capital of Flagstone (Luxembourg) for an uninterrupted period of at least 12 months at the time of the payment of the dividend or if such shareholder undertakes to continue to own such qualifying shareholding until such time as the entity has held the shares for an uninterrupted period of at least 12 months. Examples of qualifying corporate shareholders are taxable Luxembourg companies, certain taxable companies resident in other EU member states, capital companies resident in Switzerland subject to income tax and companies fully subject to a tax corresponding to Luxembourg corporate income tax that are resident in countries that have concluded a treaty for the avoidance of double taxation with Luxembourg. Residents of countries that have concluded a treaty for avoidance of double taxation with Luxembourg might claim application of a reduced rate on or exemption from dividend withholding tax, depending on the terms of the relevant tax treaty.

Under current Luxembourg tax law, payments to shareholders in relation to a reduction of share capital or share premium are not subject to Luxembourg dividend withholding tax if certain conditions are met, including, for example, the condition that Flagstone (Luxembourg) does not have distributable reserves or profits generated post-Redomestication. If Flagstone (Luxembourg) has, at the time of the payment to shareholders with respect to their shares, distributable reserves or profits generated post-Redomestication, a distribution of share capital or share premium will be recharacterized for Luxembourg tax purposes as a distribution of such reserves or earnings subject to withholding tax. We expect that a substantial amount of any potential future payments to be made by Flagstone

(Luxembourg) may be exempt from Luxembourg withholding tax.

Pursuant to the provisions of the EU Parent Subsidiary Directive, the aforementioned Luxembourg dividend withholding tax may be eliminated under certain circumstances. In addition, pursuant to the provisions of certain bilateral treaties for the avoidance of double taxation concluded between Luxembourg and other countries, and under certain circumstances, the aforementioned Luxembourg dividend withholding tax may be reduced, but only with respect to corporate direct investment dividends. U.S. Holders. The Luxembourg-U.S. Tax Treaty provides that U.S. residents eligible for benefits under the treaty can seek a refund of the Luxembourg withholding tax on dividends for the portion exceeding 15% in respect of portfolio dividends, i.e. dividends distributed on shareholdings of less than 10% of the total issued share capital of the dividend paying entity. Given that the domestic Luxembourg withholding tax rate is 15%, no further reductions can be obtained in respect of these portfolio dividends received by a U.S. holder.

Credit of Luxembourg Withholding Tax on Dividends and Other Distributions

Luxembourg Holders. Subject to the satisfaction of certain conditions and assuming, in the case of corporate holders, that the participation exemption does not apply, only half of the gross amount of a dividend distributed to a Luxembourg corporate or individual holder will be subject to Luxembourg corporate income tax or Luxembourg income tax. All or part of the withholding tax levied can in principle be credited against the applicable tax.

Bermuda Tax Considerations

The Redomestication will not result in any income tax consequences under Bermuda law to Flagstone (Bermuda), Flagstone (Luxembourg) or their shareholders.

Description of Flagstone (Luxembourg) Shares

Introduction

The following is a summary of the rights of holders of shares in Flagstone (Luxembourg) after the Redomestication. These rights will be set out in the Articles or are provided by applicable Luxembourg law. These rights may differ from those shareholders' rights typically provided for in Bermuda or any of the States in the United States.

This summary is not exhaustive and does not contain all information that may be important to you. For complete information, you should read the Articles, which are attached to this Proxy Statement as Annex A. Pursuant to Luxembourg Law, the Company is required to also prepare its Articles in one of the official languages of Luxembourg. The Company will therefore have an English version of its Articles and a French version of its Articles, which together shall constitute the Articles of the Company. In the event of any discrepancies between the English version and the French version of the Articles, the Articles will provide that the English version will prevail. By approving the English version of the Articles, shareholders will be deemed to have approved the appropriate French translation.

General

Flagstone (Luxembourg) will be a joint stock corporation (société anonyme) organized pursuant to the laws of Luxembourg. Flagstone (Luxembourg) will be registered in Luxembourg under an allocated registration number in the Registre du Commerce et des Sociétés (the Luxembourg registrar of Companies).

Share Capital and Shares

Flagstone (Luxembourg) will have an authorized share capital of US\$3,000,000 divided into 300,000,000 shares with a par value of US\$0.01 each.

The issued share capital of Flagstone Reinsurance as at March 19, 2010, is US\$849,852.19 divided into 84,985,219 shares with a par value of US\$0.01 each (the Shares) of which 4,984,146 shares are held as treasury shares. All Shares currently in issue are fully paid up.

The authorized share capital will be fixed by the Articles. Any amendments to the articles of incorporation of a Luxembourg company must be performed (except where authority is otherwise given to the board of directors of the company in the articles) at an extraordinary general meeting of the shareholders of the company held in the presence of a Luxembourg notary. See General Meetings and Voting of Shareholders.

Shares are issued in registered form only. Flagstone (Luxembourg) will be entitled to treat the registered holder of any Share as the absolute owner thereof and will not be bound to recognize any equitable claim or other claim or interest in such Share on the part of any other person.

In the event that Shares are recorded in the Register on behalf of one or more persons in the name of a securities settlement system or the operator of such system, or in the name of a professional depository of securities, or any other depository (such systems, professionals or other depositories, being referred to hereinafter as Depositories) or of a sub-depository designated by one or more Depositories, the Company (subject to it having received from the Depository with whom those Shares are kept in account a certificate in proper form) will permit those persons to exercise the rights attaching to those Shares, including admission to and voting at general meetings, and will consider those persons to be the shareholders.

TABLE OF CONTENTS

The Board of Directors is generally and unconditionally authorized for a period of five years from the date of the Redomestication to issue shares up to a maximum of the authorized but unissued share capital of Flagstone (Luxembourg). Such issue may include an issue of shares pursuant to the PSU Plan or the RSU Plan, which are the Company's current share incentive plans, or as a consequence of the obligations of Flagstone (Luxembourg) pursuant to the Warrant described under Proposal 4 Approval of the Redomestication Description of Flagstone (Luxembourg) Shares Warrant. Shares may be issued for cash, as compensation, for contribution in kind, upon conversion of shareholders' claims, or by incorporation of profits or distributable reserves, including the incorporation of share premium into capital. Pursuant to the Articles, the shareholders of Flagstone (Luxembourg) have waived their statutory pre-emptive rights to the issue of new Shares for cash by the Board of Directors.

Shares in Flagstone (Luxembourg) may be issued either at par, or at a premium and with such rights and restrictions (whether in regard to dividend, voting, return of capital, or otherwise) as Flagstone (Luxembourg) may direct by special resolution passed at an extraordinary general meeting held in the presence of a Luxembourg notary, or as may be determined by the Board of Directors pursuant to the five year authority to issue authorized Shares.

Share Certificates

Shares will be issued in certificated form.

In the case where shares are held through a Depository, such as a securities settlement system, a certificate will be issued to the Depository whose name appears in the share register.

Repurchase of Shares and Article 49-2 of the Luxembourg Company Law

Flagstone (Luxembourg) is generally authorized by shareholders for a period of five years, pursuant to a resolution passed at the annual general meeting of shareholders, to (i) make open market purchases, or (ii) make offers for repurchase. Flagstone (Luxembourg) is further authorized to repurchase Shares, and force shareholders to sell, in circumstances where the acquisition of the Company's own Shares is necessary to prevent imminent harm to the Company.

Repurchased Shares may be cancelled or held as treasury shares.

The Company may generally only repurchase Shares on the open market or by offer for repurchase, provided that:

The maximum price which may be paid for each Share shall not exceed the fair market value (as defined below);

The maximum number of Shares to be repurchased does not exceed the number of Shares available for repurchase as set out in the authorizing shareholders resolution;

The minimum price which may be paid for each Share shall not be less than the par value of each Share, being US\$0.01;

The acquisitions, including the Shares previously acquired by the Company and held by it may not have the effect of reducing the net assets of the Company below the limits set forth in Luxembourg Company Law; and

The authority granted by the shareholders to the Company to repurchase its Shares, unless revoked, varied or renewed, shall not exceed five years.

The Company may only exercise the option to repurchase Shares, and force a shareholder to sell, if it reasonably determines in good faith, based on the opinion of counsel, that Share ownership, directly, indirectly, or constructively, by any holder is likely to result in imminent harm to the Company. Imminent harm is described in the Articles as adverse tax consequences or materially adverse legal or regulatory treatment to Flagstone (Luxembourg) or any of its

subsidiaries. Time periods are provided for in the Articles for a shareholder whose Shares may be so repurchased by the Company to remedy such matter prior to the enforcement of the option by Flagstone (Luxembourg). Upon any such repurchase, the shareholder must receive at least the fair market value for each Share so repurchased.

TABLE OF CONTENTS

The fair market value of a Share is defined in the Articles as:

(a) if such shares are listed on a securities exchange (or quoted in a securities quotation system), the average closing sale price of such Shares on such exchange (or in such quotation system), or, if such Shares are listed on (or quoted in) more than one exchange (or quotation system) the average closing sale price of the Shares on the principal securities exchange (or quotation system) on which such Shares are traded, or, if such Shares are not then listed on a securities exchange (or quotation system) but are traded in the over-the-counter market, the average of the latest bid and asked quotation for such Shares in such market, in each case for the last five trading days immediately preceding the day on which notice of the repurchase of such Shares is sent or (b) if no such closing sales or prices are available because such Shares are not publicly traded, the value per Share as determined by an independent valuation and approved by the Board.

Transfer and Transmission of Shares

Other than with respect to the procedures for the transfer of fungible shares in the event that such shares are held by a Depository, a shareholder may transfer all or any part of his Shares by written instrument of transfer.

Any restrictions on transfer set out in the Articles will not be imposed in any circumstances that would interfere with the settlement of trades or transactions entered into through the facilities of a stock exchange or automatic quotation system on which the Shares are listed or traded, provided that the Company may decline to register transfers in accordance with the Articles and resolutions of the Board, after a settlement has taken place.

Any person becoming entitled to a Share as a result of the death or bankruptcy of any Holder will execute an instrument of transfer in writing in the form acceptable to Flagstone (Luxembourg) (along with any other evidence as may be required by the Board) after which the applicable transferee will be registered as the new holder of the Shares in the register kept by Flagstone (Luxembourg).

Alteration of Share Capital

Flagstone (Luxembourg) may by Special Resolution:

increase the number of authorized shares; and
consolidate its shares into a fewer number of outstanding shares; and
subdivide its shares into a larger number of outstanding shares.

Any alteration to the share capital of the Company will require an appropriate amendment to the Articles.

Dividends

Subject to the Luxembourg Company Law, interim dividends may be declared by the Board of Directors of the Company. The declaration of interim dividends is subject to the approval of shareholders at the next general meeting of shareholders. Where the payments made on account of interim dividends exceed the amount of dividends subsequently approved by the shareholders at the general meeting, they shall, to the extent of the overpayment, be deemed to have been paid on account of the next dividend.

The shareholders may declare dividends at a general meeting of shareholders, but the dividend may not exceed the amount recommended by the Board of Directors. Dividends may only be declared from the distributable reserves available to the Company.

Share premium will be available for repayment to the shareholders of Flagstone (Luxembourg) in the discretion of the Board of Directors.

Dividends may be paid in (1) cash, in the form of a check, or by warrant or (2) wholly or partly in kind, by the distribution of assets (in particular, paid up shares, debentures or debenture stock) to shareholders.

No dividend or other moneys payable in respect of a Share will bear interest against Flagstone (Luxembourg) unless otherwise provided by the rights attached to the Share.

TABLE OF CONTENTS

Regular dividends are, in principle, subject to a Luxembourg withholding tax of 15%. Any repurchase of shares or repayment of capital or share premium is, under certain circumstances, also subject to 15% Luxembourg withholding tax, for example, to the extent the Company has distributable reserves or profits generated post-Redomestication. If Flagstone (Luxembourg) were to make any such taxable payment, it would, in principle, be required to withhold at the 15% rate and remit the withheld amounts to the Luxembourg tax authorities. See Risk Factors After the Redomestication, dividends you receive may be subject to Luxembourg dividend withholding tax and Luxembourg income tax and Material Tax Consequences Relating to the Redomestication Luxembourg Tax Considerations Post-Redomestication Consequences to Flagstone (Luxembourg) Shareholders .

The Luxembourg-U.S. Tax Treaty provides that U.S. residents eligible for benefits under the treaty can seek a refund of the Luxembourg withholding tax on dividends for the portion exceeding 15% in respect of portfolio dividends, i.e. dividends distributed on shareholdings of less than 10% of the total issued share capital of the dividend paying entity. Given that the domestic Luxembourg withholding tax rate is 15%, no further reductions can be obtained in respect of these portfolio dividends received by a U.S. holder. See Material Tax Considerations Relating to the Redomestication Luxembourg Tax Considerations Material Luxembourg Tax Considerations Post-Redomestication to Flagstone Post-Redomestication Consequences to Flagstone (Luxembourg) Shareholders Reduction of Luxembourg Withholding Tax Distributions to Shareholders .

However, it is our intention to make payments to shareholders in the form of share capital reductions and share premium reductions in such a way that no Luxembourg withholding tax is due. As such, we expect that a substantial amount of any potential future payments to be made by Flagstone (Luxembourg) may be exempt from Luxembourg withholding tax. Flagstone recommends that each shareholder consult his or her own tax advisor as to the tax consequences of holding shares in and receiving share capital, share premium and dividend payments from Flagstone (Luxembourg). See Risk Factors After the Redomestication, dividends you receive may be subject to Luxembourg dividend withholding tax and Luxembourg income tax .

General Meetings and Voting of Shareholders

Votes of shareholders may be given at general meetings of Flagstone (Luxembourg), either personally or by proxy. Subject to the rights and restrictions for the time being attached to any Shares by the Articles or any applicable law, every shareholder present, whether in person or by proxy, will have one vote for each Share carrying voting rights, of which the shareholder is the registered holder.

The annual general meeting of Flagstone (Luxembourg) will be held on the second Thursday of the month of May at 2:00 p.m. (CET). If this is not a business day, then such meeting will be held on the next business day. Notice of such annual general meeting will be given to shareholders at least 10 clear days prior to the meeting being held. For at least fifteen days prior to the annual general meeting, each shareholder may obtain a copy of the financial statements for the preceding financial year at the office of Flagstone (Luxembourg) and inspect all documents required by Luxembourg Company Law to be made available for inspection.

In addition to the annual general meeting, Flagstone (Luxembourg) may also call for ordinary general meetings and extraordinary general meetings. Ordinary and extraordinary general meetings must be called on at least 10 days notice. An extraordinary general meeting is required for any meeting to amend the Articles (or other item specified in the Articles requiring a Special Resolution or super majority vote). At an extraordinary general meeting, a quorum requires at least two shareholders and shareholders together holding more than one half of the issued Shares of Flagstone (Luxembourg). An extraordinary general meeting held for the purposes of amending the Articles must be held in the presence of a Luxembourg notary. Any Special Resolution to be passed at an extraordinary general

meeting will be validly passed by a majority of two-thirds of the Shares present or represented at the meeting. Any resolution requiring a super majority resolution will be passed by the applicable super majority vote at an extraordinary general meeting as specified in the Articles. At ordinary general meetings, quorum requires two persons being entitled to vote, and a resolution may be passed by a simple majority of shares present or represented at such meeting.

TABLE OF CONTENTS

Distributions on Dissolution of Flagstone (Luxembourg)

Any voluntary dissolution of Flagstone (Luxembourg) will take place in accordance with the provisions of Luxembourg law. Flagstone (Luxembourg) may only be placed into voluntary dissolution if shareholders vote in favor of such dissolution by means of a Special Resolution passed at an extraordinary general meeting of shareholders. In the event of a dissolution of Flagstone (Luxembourg), the dissolution will be carried out by one or more liquidators appointed by the general meeting of shareholders, which will determine their powers and remuneration within the Luxembourg Company Law.

If upon dissolution the assets available for distribution among the shareholders are insufficient to repay the whole of the paid up or credited as paid up share capital, the assets will be distributed so that, as nearly as possible, the losses will be borne by the shareholders in proportion to the capital paid up or credited as paid up at the commencement of the dissolution on the Shares held by them respectively.

If in a dissolution the assets available for distribution among the shareholders are more than sufficient to repay the whole of the share capital paid up or credited as paid up at the commencement of the dissolution, the excess will be distributed among the shareholders in proportion to the capital at the commencement of the dissolution paid up or credited as paid up on the Shares held by them respectively.

After the payment of all debts and any charges against Flagstone (Luxembourg) and of the liquidation expenses, the net liquidation proceeds will be distributed to the shareholders to achieve on an aggregate basis the same economic result as the distribution rules set for dividend distributions.

If Flagstone (Luxembourg) is dissolved, the liquidators, with the sanction of a Special Resolution, may divide among the shareholders in specie or kind the whole or any part of the assets of Flagstone (Luxembourg) (whether they will consist of property of the same kind or not) and, for such purpose, may value any assets and determine how the division will be carried out as between the shareholders. The liquidators may vest the whole or any part of such assets in trusts for the benefit of the shareholders as the liquidator determines, but so that no shareholder will be compelled to accept any assets upon which there is a liability.

Classification of the Board of Directors

The Board of Directors will consist at all times of no less than 10 and no more than 12 directors, divided into 3 classes as nearly equal as possible in size, each of whom will hold office for a term determined by the shareholders, (such term not to exceed six years) or, in the absence of such determination, for a three-year term. Directors may be re-elected at the end of any such term.

Shareholders Agreement

Flagstone (Bermuda) and certain shareholders who acquired our Shares prior to the date of our initial public offering (the Existing Shareholders) are parties to the Shareholders Agreement. The Shareholders Agreement permits persons who hold at least five million of our Shares to request registration for a public offering of Shares. We have agreed to use our best efforts to cause the prompt registration of such Shares but may postpone the filing of a registration statement in connection with such public offering for up to three months from the date of the request if we determine in good faith that the registration would reasonably be expected to have an adverse effect on any proposal or plan by us or any of our subsidiaries to engage in any acquisition of assets (other than in the ordinary course of business) or any stock purchase, amalgamation, merger, consolidation, tender offer, reorganization, or similar transaction or if an

underwritten public offering is contemplated in which the Shares proposed to be registered would be included. If the number of Shares to be sold in the requested offering is limited by the managing underwriter, then the number of Shares requested to be registered will be allocated, pro rata, among the requesting shareholders. The Existing Shareholders are currently entitled to request up to three demand registrations.

Additionally, the Shareholders Agreement provides that, if at any time we propose to register any of our Shares under the Securities Act, we will offer the Existing Shareholders the opportunity, subject to certain conditions, to include their Shares in such registration statement. We are generally required to pay all expenses associated with any demand or piggyback registrations.

Warrant

The Company has granted to Haverford (Bermuda) Ltd. (Haverford) a Warrant to purchase Shares. The Warrant is exercisable during the month of December 2013. Haverford may transfer the Warrant only to certain of its affiliates.

Restrictions on Transfer of Shares or Warrants

The FSA regulates the acquisition of control of any U.K. person, such as Marlborough, authorized under the Financial Services and Markets Act 2000 (FSMA). Similarly, Lloyd s approval is required prior to acquiring control of a Lloyd s managing agent. Any company or individual that (together with its or his/her associates) directly or indirectly acquires 10% or more of the shares of a U.K. authorized insurance company or its parent company, or is entitled to exercise or control the exercise of 10% or more of the voting power in such authorized insurance company or its parent company, would be considered to have acquired control for the purposes of FSMA, as would a person who had significant influence over the management of such authorized insurance company or its parent company by virtue of the person s shareholding or voting power in either. A purchaser of 10% or more of Flagstone (Luxembourg) s Shares would therefore be considered to have acquired control of Marlborough. Under FSMA, any person proposing to acquire control over a U.K. authorized insurance company must notify the FSA of that person s intention to do so and obtain the FSA s prior approval. The FSA would then have three months to consider that person s application to acquire control . In considering whether to approve such application, the FSA must be satisfied both that the acquirer is a fit and proper person to have such control and that the interests of consumers would not be threatened by such acquisition of control . Failure to make the relevant prior application would constitute a criminal offense, whereas a failure to obtain Lloyd s approval could result in Lloyd s taking action against the relevant managing agent.

Lloyd s also regulates the acquisition of control over Lloyd s corporate members, such as Flagstone Corporate Name Limited. The test for acquisition of control is the same as that described above in relation to FSMA. Accordingly, any person who proposed to acquire 10% or more of the ordinary shares in Flagstone Corporate Name Limited or a parent company, including Flagstone (Luxembourg), would have to obtain the prior approval of Lloyd s.

The restrictions on transfer described above may have the effect of delaying, deferring or preventing a change in control of the Company.

Transfer Agent and Registrar

The transfer agent and registrar for the Shares is BNY Mellon Shareowner Services, whose principal executive office is located at 1 Wall Street, New York, NY 10004.

Comparison of Rights of Shareholders

Your current rights as a shareholder are governed by Bermuda law, our Memorandum of Association and our Bye-Laws. After the Redomestication, your rights will be governed by Luxembourg law and our Articles.

Many of the principal features of our Bermuda shares and Luxembourg shares will be similar. There are differences, however, between your rights under the civil law system of Luxembourg and your rights under the corporate statutory and common law of Bermuda, which is modeled on certain provisions of the corporate statutory law of England and Wales and in respect of which the common law of England and Wales is highly persuasive authority as to questions of Bermuda law. In addition, there are differences between our current Bermuda Memorandum of Association and Bye-Laws and the Articles. The following discussion is a summary of the material changes in your rights that will result from the Redomestication.

This summary is not complete and does not cover all of the differences between Luxembourg law and Bermuda law affecting companies and their shareholders or all the differences between our Bermuda Memorandum of Association and Bye-Laws and the Articles. This summary contains a list of the material differences but is not meant to be relied upon as an exhaustive list or a detailed description of the provisions described. The Articles are attached to this Proxy Statement as Annex A. PROPOSAL 6 APPROVAL OF OUR CORPORATE PURPOSE

General

In order to effect the Redomestication under Luxembourg law, the shareholders of a Luxembourg corporation are required specifically to approve the purposes for which the corporation has been organized. Our Memorandum of Association currently enumerates various purposes for which we are established. The Articles provide that our main purpose is to act as a holding company that owns participations in and manages our various subsidiary companies as well as other companies. We believe that this change, which is intended to conform our purpose more closely with Luxembourg standard practice, will not limit the activities in which we reasonably would expect to engage.

On February 26, 2010, our Board of Directors adopted a resolution declaring it advisable that the purposes for which we would be continued under Luxembourg law as set forth in the Articles be as set forth below in the form of the proposal. Our Board of Directors directed that approval of our corporate purpose be submitted for consideration by our shareholders at the Annual General Meeting.

As required under our Bye-Laws, we are conditioning approval of this proposal on the approval of a majority of our shares present and voting at the meeting, whether in person or by proxy.

Text of the Shareholder Resolution

The Resolution approving the foregoing, and which contains the proposed new Article 4 to the Articles, is as follows:

Now, therefore, it is hereby RESOLVED THAT, upon recommendation of the Board and effective immediately upon the Redomestication becoming effective under the laws of Luxembourg on the Effective Date, the object clause of the Company is to read as follows:

The object of the Company is the holding of participations, in any form whatsoever, in other Luxembourg companies or foreign companies, the acquisition by purchase, subscription, or in any other manner, as well as the transfer by sale, exchange or otherwise of stocks, bonds, debentures, notes and other securities of any kind, and the ownership, administration, development and management of its portfolio. The Company may also hold interests in partnerships.

The Company may borrow in any form and proceed to the issuance of bonds and debentures. In a general fashion it may grant assistance to affiliated companies, take any controlling and supervisory measures and carry out any operation, which it may deem useful in the accomplishment and development of its purposes.

The Company may further carry out any commercial, industrial or financial operations, as well as any transactions on real estate or on movable property.

The Company may give guarantees and other forms of security and pledge, transfer, encumber or otherwise create and grant security over all or some of its assets to guarantee its own obligations or undertakings, or the obligations of any other company or person, where such guarantee is indirectly or directly in the best interests of and for the corporate benefit of the Company.

The Company shall have all such powers and shall be entitled to take all such action and enter into any type of contract or arrangement as are necessary for the accomplishment or development of its objects.

PROPOSAL 17 ELECTION OF STATUTORY AUDITOR

General

For SEC reporting purposes, we prepare periodic consolidated financial statements for the Company together with its consolidated subsidiaries in U.S. dollars pursuant to U.S. GAAP and have our annual financial statements audited by an independent auditor. After the Redomestication, Luxembourg law will require that we also annually produce financial statements for the Company on a stand-alone basis pursuant to Lux GAAP and have the Company audited by a statutory auditor.

Under Luxembourg law, our shareholders must elect a firm to audit Flagstone (Luxembourg) and its statutory financial statements. In the event the Luxembourg Organizational Proposals are approved and the Redomestication is effective, our Board of Directors has recommended that Deloitte & Touche be elected as Flagstone (Luxembourg) s statutory auditor.

If the Redomestication is approved, the election of Deloitte & Touche as Flagstone (Luxembourg) s statutory auditor for 2010 requires the affirmative vote of a majority of the votes present at the Annual General Meeting. The election of Deloitte & Touche is subject to, and effective only upon, the effectiveness of our discontinuance from Bermuda and continuance to Luxembourg on the Effective Date of the Redomestication.

On February 26, 2010, our Board of Directors adopted a resolution declaring it advisable that the shareholders confirm Deloitte & Touche as the statutory auditor of the Company after the Redomestication.

General

At the Annual General Meeting we will present for acknowledgement by the shareholders a report (the Luxembourg Auditors Report) prepared by a reputable public accounting firm. The Luxembourg Auditors Report will reflect the net asset value of the Company on a stand-alone basis shortly before the Redomestication. On February 26, 2010, our Board of Directors adopted a resolution declaring it advisable that the shareholders acknowledge the Luxembourg Auditors Report to be presented at the Annual General Meeting.

Our Board of Directors directed that this resolution be submitted for consideration by our shareholders at the Annual General Meeting. COMPENSATION DISCUSSION AND ANALYSIS

Overview

The named executive officers, Messrs. Brown, Boisvert, Flitman, Prestia and Swayne, are compensated according to the terms of their employment contracts, which are described below. The Compensation Committee of the Board of Directors has determined that these five officers are the Named Executive Officers .

Our executive compensation programs are designed to encourage our executive officers to think and act like, and over time to themselves become, shareholders of the Company. We want our executive officers to take appropriate risks with our capital in order to generate returns for our shareholders but at the same time to share the downside risk if those risks cause poor performance or even loss. Through our performance management and rewards processes and programs, we endeavor to create an environment that fosters and rewards:

- finding and assuming attractively priced risk;
- managing our overall risk exposure to mitigate loss;
- ensuring we have optimal capital to run our business;
- working hard and cooperating with colleagues; and
- providing excellent service to clients and colleagues.

We foster an attitude of shared risk-taking between our executive officers and our shareholders by providing a significant portion of our executive officers' incentive compensation through equity-based awards. We emphasize at risk pay tied to performance as the majority of total compensation potential. We evaluate and reward our executive officers based on dynamic factors such as whether they are willing and able to challenge existing processes, adapt to sudden or frequent changes in priorities and capitalize on windows of opportunity .

Our Compensation Committee reviews and approves all of our compensation policies.
