ABOUT THIS PROSPECTUS

This prospectus is part of a registration statement on Form S-3 that we filed with the Securities and Exchange Commission, or the SEC, using a “shelf” registration or continuous offering process. Under this shelf registration process, the selling securityholders may, from time to time, offer and sell, in one or more offerings, the securities described in this prospectus.

This prospectus provides you with a general description of the securities that may be offered by the selling securityholders. We may, to the extent necessary, provide a prospectus supplement containing specific information about the terms of a particular offering by the selling securityholders. The prospectus supplement may add, update or change information in this prospectus. If the information in this prospectus is inconsistent with a prospectus supplement, you should rely on the information in that prospectus supplement. You should read both this prospectus and, if applicable, any prospectus supplement, as well as the other information contained or incorporated by reference in this prospectus or in any prospectus supplement hereto. See “Where You Can Find Additional Information” and “Documents Incorporated By Reference” in this prospectus for more information.

You should rely only on the information contained in this prospectus or, if applicable, in any prospectus supplement. We have not authorized anyone to provide you with information different from that contained in this prospectus or, if applicable, in any prospectus supplement. This prospectus is offering to sell, and is seeking offers to buy, the securities only in jurisdictions where offers and sales are permitted. The information contained in this prospectus is accurate only as of the date of this prospectus.

In this prospectus, “First Community,” “we,” “our,” “ours,” and “us” refer to First Community Bancshares, Inc. and its subsidiaries on a consolidated basis, unless the context otherwise requires. References to “First Community Bank” refers to our Virginia state chartered principal banking subsidiary.

CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

This prospectus and the documents incorporated by reference contain or incorporate by reference statements that are considered “forward looking statements” within the meaning of Section 27A of the Securities Act of 1933, as amended, or the Securities Act, and Section 21E of the Securities Exchange Act of 1934, as amended, or the Exchange Act of United States securities laws. In addition, First Community and its management may make other written or oral communications from time to time that contain forward-looking statements. Forward-looking statements, including statements about industry trends, management’s future expectations and other matters that do not relate strictly to historical facts, are based on assumptions by management, and are often identified by such forward-looking terminology as “expect,” “look,” “believe,” “anticipate,” “estimate,” “seek,” “may,” “should,” “would,” “intend,” “will,” “trend,” “goal” or similar statements or variations of such terms. Forward-looking statements may include, among other things, statements about First Community’s confidence in its strategies and its expectations about financial performance, market growth, market and regulatory trends and developments, acquisitions and divestitures, new technologies, services and opportunities and earnings.

Forward-looking statements are subject to various risks and uncertainties, which change over time, are based on management’s expectations and assumptions at the time the statements are made, and are not guarantees of future results. Management’s expectations and assumptions, and the continued validity of the forward-looking statements, are subject to change due to a broad range of factors affecting the national and global economies, the equity, debt, currency and other financial markets, as well as factors specific to First Community and its subsidiaries, including First Community Bank. We caution that the forward-looking statements are based largely on our expectations and are subject to a number of known and unknown risks and uncertainties that are subject to change based on factors which are, in many instances, beyond our control.

Actual outcomes and results may differ materially from what is expressed in our forward-looking statements and from our historical financial results due to the factors discussed elsewhere in this prospectus or disclosed in our other SEC filings. Forward-looking statements should not be relied upon as representing our expectations or beliefs as of any date subsequent to the time this prospectus is filed with the SEC. First Community undertakes no obligation to revise the forward-looking statements contained in this prospectus to reflect events after the time it is filed with the SEC. The factors discussed herein are not intended to be a complete summary of all risks and uncertainties that may affect our businesses. Though we strive to monitor and mitigate risk, we cannot anticipate all potential economic, operational and financial developments that may adversely impact our operations and our financial results.

The purchasers who participated in the private placement are the selling securityholders referred to in this prospectus. The shares of Series A Preferred Stock were issued in a private placement transaction exempt from the registration requirements of the Securities Act. In connection with the private placement, we entered into a Registration Rights Agreement, dated as of May 20, 2011, with each of the selling securityholders that provides for the filing of a registration statement providing for the resale of the shares of common stock issued upon conversion of the Series A Preferred Stock. For additional information about the Registration Rights Agreement, see “Selling Securityholders –Registration Rights” on page 8 of this prospectus.

Each share of Series A Preferred Stock is convertible into 69 shares of our common stock at any time by the holder. All 18,921 shares of Series A Preferred Stock are convertible into 1,305,549 shares of our common stock. If not converted sooner, the shares of Series A Preferred Stock will be mandatorily convertible into shares of our

common stock on May 20, 2016.

The Series A Preferred Stock carry a dividend rate of 6.00% per annum, payable quarterly in arrears on February 15, May 15, August 15 and November 15 of each year, commencing on August 15, 2011. Dividends are non-cumulative and are only payable when and if declared by our board of directors. The shares have a per share liquidation value of \$1,000. We may redeem the shares of Series A Preferred Stock after three years, in whole or in part, at a price per share equal to the \$1,000 liquidation value per preferred share, plus all declared and accrued and unpaid dividends. For additional information about the Series A Preferred Stock and our private offering, see “Where You Can Find Additional Information” and “Documents Incorporated By Reference” in this prospectus.

RISK FACTORS

Investing in our common stock involves risks. You should carefully consider the risks described in this prospectus, as well as the risk factors in our annual report on Form 10-K for the year ended December 31, 2010 or any other documents incorporated by reference into this prospectus and those described in any prospectus supplement before making an investment decision. The risks and uncertainties described below and in any prospectus supplement or incorporated by reference into this prospectus are not the only ones that we face. Additional risks and uncertainties not presently known to us or that we currently deem to be immaterial may also impair our business operations. If any of these risks actually occur, our business, financial condition and results of operations could be materially affected. In that case, the value of our common stock could decline substantially.

Risks Related to Our Common Stock

Our stock price can be volatile. Stock price volatility may make it more difficult for you to resell your common stock when you want and at prices you find attractive. Our stock price can fluctuate significantly in response to a variety of factors including, among other things:

- Possible mergers with or acquisitions of or by other institutions;
- Our desired investments;
- Loans and interest rates on loans;
- Interest rates paid on our deposits;
- The possible expansion of our branch offices;
- Our ability to provide securities or trust services.
- Actual or anticipated variations in quarterly results of operations;
- Recommendations by securities analysts;
- Operating results and stock price performance of other companies that investors deem comparable to us; and
- News reports relating to trends, concerns, and other issues in the financial services industry.

General market fluctuations, industry factors, and general economic and political conditions and events, such as economic slowdowns or recessions, interest rate changes, or credit loss trends, could also cause our stock price to decrease regardless of operating results.

We have issued Series A Preferred Stock, which ranks senior to our common stock. We have issued 18,921 shares of Series A Preferred Stock. This series of preferred stock ranks senior to shares of our common stock. As a result, we must make dividend payments on our Series A Preferred Stock before any dividends can be paid on our common stock and, in the event of our bankruptcy, dissolution or liquidation, the holders of our Series A Preferred Stock must be satisfied before any distributions can be made on our common stock. If we do not remain current in the payment of dividends on the Series A Preferred Stock, no dividends may be paid on our common stock. In addition, the dividends declared on our Series A Preferred Stock will reduce any net income available to holders of common stock and our earnings per common share.

There may be future sales of additional common stock or preferred stock or other dilution of our equity, which may adversely affect the market price of our common stock. We are not restricted from issuing additional common stock or preferred stock, including any securities that are convertible into or exchangeable for, or that represent the right to receive, common stock or preferred stock or any substantially similar securities. The market value of our common stock could decline as a result of sales by us of a large number of shares of common stock or preferred stock or similar securities in the market or the perception that such sales could occur.

Our common stock is not FDIC insured. Our common stock is not a savings or deposit account or other obligation of any bank and is not insured by the FDIC or any other governmental agency and is subject to investment risk, including the possible loss of principal. Investment in our common stock is inherently risky for the reasons described in this “Risk Factors” section and is subject to the same market forces that affect the price of common stock in any company. As a result, holders of our common stock may lose some or all of their investment.

USE OF PROCEEDS

We will not receive any proceeds from any sale of the securities by the selling securityholders.

SELLING SECURITYHOLDERS

This prospectus covers the potential resale by the selling securityholders of up to an aggregate of 1,305,549 shares of First Community common stock issuable from time to time upon conversion of shares of our Series A Preferred Stock acquired by the selling securityholders in a private placement transaction that was consummated on May 20, 2011, as described under the heading, “Prospectus Summary –The Private Placement of the Series A Preferred Stock” on page 2 of this prospectus. The following table sets forth to our knowledge, certain information about the selling securityholders as of June 30, 2011, based on information furnished to us by the selling securityholders. Each selling securityholder has indicated to us that neither it nor any of its affiliates has held any position or office or had any other material relationship with us in the past three years except as described in the footnotes to the table.

Beneficial ownership is determined in accordance with the rules of the SEC and includes voting or investment power with respect to the securities. To our knowledge, except as indicated by footnote, and subject to community property laws where applicable, the persons named in the table below have sole voting and investment power with respect to all shares of common stock shown as beneficially owned by them. The percentage of beneficial ownership is based on the 17,895,849 shares of our common stock outstanding as of June 15, 2011. Shares shown as beneficially owned after the offering assume that all shares being offered under this prospectus are sold. Since the date each of the selling securityholders provided information regarding its ownership of the shares, it may have sold, transferred, or otherwise disposed of all or a portion of its shares of common stock in transactions exempt from the registration requirements of the Securities Act. Information concerning the selling securityholders may change from time to time and, when necessary, any changed information will be set forth in a prospectus supplement to this prospectus.

The shares of common stock being offered under this prospectus may be offered for sale from time to time during the period the registration statement of which this prospectus remains effective, by or for the accounts of the selling securityholders named below.

The following table provides information regarding the beneficial ownership of our common stock held by the selling securityholders as of June 30, 2011 and the shares included in the offering.

The selling securityholders, or their partners, pledgees, donees, transferees or other successors that receive the shares and their corresponding registration in accordance with the Registration Rights Agreement to which the selling securityholder is party (each also a selling securityholder for purposes of this prospectus), may sell up to all of the shares of our common stock shown in the table above pursuant to this prospectus in one or more transactions from

time to time as described in “Plan of Distribution” beginning on page 9 of this prospectus. However, the selling securityholders are not obligated to sell any of the shares of our common stock offered by this prospectus.

Registration Rights

In connection with the private placement of our Series A Preferred Stock, which was completed on May 20, 2011, we entered into a Registration Rights Agreement with each of the selling securityholders. Pursuant to the Registration Rights Agreement, we agreed to (i) file a shelf registration statement with the SEC with respect to the shares of common stock issuable upon conversion of the Series A Preferred Stock within 45 days of the closing; (ii) use our best efforts to have such shelf registration statement declared effective within 90 days from the filing of such shelf registration statement and (iii) use our best efforts to maintain such shelf registration statement’s effectiveness so as to facilitate resale of the Converted Common Shares until the earlier of (x) such time as all of the shares of common stock issuable upon conversion of the Series A Preferred Stock have been publicly sold by the holders or (y) the date that all the shares of common stock issuable upon conversion of the Series A Preferred Stock may be sold by non-affiliates without restriction under Rule 144 of the Securities Act.

The Registration Rights Agreement contains cross-indemnification provisions between us and the selling securityholders. However, no selling securityholders is required to provide indemnification pursuant to the Registration Rights Agreement in an amount in excess of the proceeds of the sales of the registrable shares by such selling securityholders.

This description of the Registration Rights Agreement is intended to be a summary of the terms of the agreement that are material to a purchaser of our common stock. It does not purport to be complete and is subject to, and qualified in its entirety by reference to, the complete text of the Registration Rights Agreement, which is attached as an exhibit to our Current Report on Form 8-K filed with the SEC on May 23, 2011 and incorporated by reference herein.

PLAN OF DISTRIBUTION

We are registering the shares of common stock that may be issued to the selling securityholders upon conversion of Series A Preferred Stock in order to permit the resale of the common stock by the selling securityholders from time to time after the date of this prospectus. We will not receive any of the proceeds from the sale of common stock by the selling securityholders. We will bear all fees and expenses incident to our obligation pursuant to the Registration Rights Agreement to register the shares of common stock issuable upon conversion of the Series A Preferred Stock.

The selling securityholder may sell all or a portion of the shares of common stock received upon conversion of the Series A Preferred Stock and beneficially owned by them and offered hereby from time to time directly or through one or more underwriters, broker-dealers or agents. If the common stock is sold through underwriters or broker-dealers, the selling securityholders will be responsible for underwriting discounts or commissions or agent's commissions. The common stock may be sold on any national securities exchange or quotation service on which the common stock may be listed or quoted at the time of sale, including, as of the date of this prospectus, the NASDAQ Global Select Market, in the over-the-counter market or in transactions otherwise than on these exchanges or systems or in the over-the-counter market. These shares of common stock may be sold in one or more transactions at fixed prices, at prevailing market prices at the time of the sale, at varying prices determined at the time of sale, or at negotiated prices. These sales may be effected in transactions, which may involve crosses or block transactions. The selling securityholders may use any one or more of the following methods when selling the common stock:

- ordinary brokerage transactions and transactions in which the broker-dealer solicits purchasers;
- block trades in which the broker-dealer will attempt to sell the shares as agent but may position and resell a portion of the block as principal to facilitate the transaction;
 - purchases by a broker-dealer as principal and resale by the broker-dealer for its account;
 - an exchange distribution in accordance with the rules of the applicable exchange;
 - privately negotiated transactions;
- settlement of short sales entered into after the effective date of the registration statement of which this prospectus is a part;
- broker-dealers may agree with the selling securityholders to sell a specified number of such securities at a stipulated price per share;
- through the writing or settlement of options or other hedging transactions, whether such options are listed on an options exchange or otherwise;
 - a combination of any such methods of sale; and
 - any other method permitted pursuant to applicable law.

The selling securityholders also may resell all or a portion of the common stock in open market transactions in reliance upon Rule 144 under the Securities Act, as permitted by that rule, or Section 4(1) under the Securities Act, if available, rather than under this prospectus, provided that they meet the criteria and conform to the requirements of those provisions.

Broker-dealers engaged by the selling securityholders may arrange for other broker-dealers to participate in sales. If the selling securityholders effect such transactions by selling common stock to or through underwriters, broker-dealers or agents, such underwriters, broker-dealers or agents may receive commissions in the form of discounts, concessions or commissions from the selling securityholders or commissions from purchasers of the common stock for whom they may act as agent or to whom they may sell as principal. Such commissions will be in amounts to be negotiated, but, except as set forth in a supplement to this prospectus, in the case of an agency transaction will not be in excess of a customary brokerage commission in compliance with NASD Rule 2440, or any successor rule as may be promulgated by the Financial Industry Regulatory Authority, or FINRA; and in the case of a principal transaction a markup or markdown in compliance with NASD IM-2440, or any successor rule or interpretation as may be promulgated by FINRA.

In connection with sales of the common stock or otherwise, the selling securityholders may enter into hedging transactions with broker-dealers or other financial institutions, which may in turn engage in short sales of the common stock in the course of hedging in positions they assume. The selling securityholders may also sell common stock short and if such short sale shall take place after the date that this registration statement is declared effective by the SEC, the selling securityholders may deliver the common stock covered by this prospectus to close out short positions and to return borrowed shares in connection with such short sales. The selling securityholders may also loan or pledge the common stock to broker-dealers that in turn may sell such shares, to the extent permitted by applicable law. The selling securityholders may also enter into option or other transactions with broker-dealers or other financial institutions or the creation of one or more derivative securities which require the delivery to such broker-dealer or other financial institution of shares offered by this prospectus, which shares such broker-dealer or other financial institution may resell pursuant to this prospectus (as supplemented or amended to reflect such transaction). Notwithstanding the foregoing, the selling securityholders have been advised that they may not use shares registered on this registration statement to cover short sales of our common stock made prior to the date the registration statement, of which this prospectus forms a part, has been declared effective by the SEC.

The selling securityholders may, from time to time, pledge or grant a security interest in some or all of the common stock owned by them and, if they default in the performance of their secured obligations, the pledgees or secured parties may offer and sell the common stock from time to time pursuant to this prospectus or any amendment to this prospectus under Rule 424(b)(3) or other applicable provision of the Securities Act, amending, if necessary, the list of selling securityholders to include the pledgee, transferee or other successors in interest as selling securityholders under this prospectus. The selling securityholders also may transfer and donate the common stock in other circumstances in which case the transferees, donees, pledgees or other successors in interest will be the selling beneficial owners for purposes of this prospectus.

The selling securityholders and any broker-dealer or agents participating in the distribution of the common stock may be deemed to be “underwriters” within the meaning of Section 2(11) of the Securities Act in connection with such sales. In such event, any commissions paid, or any discounts or concessions allowed to, any such broker-dealer or agent and any profit on the resale of the shares purchased by them may be deemed to be underwriting commissions or discounts under the Securities Act. Selling securityholders who are “underwriters” within the meaning of Section 2(11) of the Securities Act will be subject to the applicable prospectus delivery requirements of the Securities Act and may be subject to certain statutory liabilities of, including but not limited to, Sections 11, 12 and 17 of the Securities Act and Rule 10b-5 under the Exchange Act.

Each selling securityholders has informed us that it is not a registered broker-dealer and does not have any written or oral agreement or understanding, directly or indirectly, with any person to distribute the common stock. Upon our being notified in writing by a selling securityholder that any material arrangement has been entered into with a broker-dealer for the sale of the common stock through a block trade, special offering, exchange distribution or secondary distribution or a purchase by a broker or dealer, a supplement to this prospectus will be filed, if required, pursuant to Rule 424(b) under the Securities Act, disclosing (i) the name of each such selling securityholder and of the participating broker-dealer(s), (ii) the number of shares involved, (iii) the price at which such the common stock were sold, (iv) the commissions paid or discounts or concessions allowed to such broker-dealer(s), where applicable, (v) that such broker-dealer(s) did not conduct any investigation to verify the information set out or incorporated by reference in this prospectus, and (vi) other facts material to the transaction. In no event shall any broker-dealer receive fees, commissions and markups, which, in the aggregate, would exceed eight percent (8%).

Under the securities laws of some states, the common stock may be sold in such states only through registered or licensed brokers or dealers. In addition, in some states the common stock may not be sold unless such shares have been registered or qualified for sale in such state or an exemption from registration or qualification is available and is complied with.

There can be no assurance that any selling stockholder will sell any or all of the common stock registered pursuant to the shelf registration statement, of which this prospectus forms a part.

Each selling securityholder and any other person participating in such distribution will be subject to applicable provisions of the Exchange Act and the rules and regulations thereunder, including, without limitation, to the extent applicable, Regulation M of the Exchange Act, which may limit the timing of purchases and sales of any of the common stock by the selling securityholder and any other participating person. To the extent applicable, Regulation M may also restrict the ability of any person engaged in the distribution of the common stock to engage in market-making activities with respect to the common stock. All of the foregoing may affect the marketability of the common stock and the ability of any person or entity to engage in market-making activities with respect to the common stock.

We are required to pay all expenses of the registration of the common stock pursuant to the Registration Rights Agreement, including, without limitation, SEC filing fees and expenses of compliance with state securities or “blue sky” laws; provided, that each selling securityholder will pay all underwriting discounts and selling commissions, if any and any related legal expenses incurred by it. We will indemnify the selling securityholders against certain liabilities, including some liabilities under the Securities Act, in accordance with the Registration Rights Agreement, or the selling securityholders will be entitled to contribution. We may be indemnified by the selling securityholders against civil liabilities, including liabilities under the Securities Act, that may arise from any written information furnished to us by the selling securityholders specifically for use in this prospectus, in accordance with the related Registration Rights Agreements, or we may be entitled to contribution.

Our Articles of Incorporation and Bylaws have been filed as exhibits to our Exchange Act periodic reports that are incorporated by reference herein. Authorized Shares

We are authorized to issue 50,000,000 shares of common stock, \$1.00 par value per share, of which 17,895,849 shares were outstanding as of June 15, 2011. Our authorized capital stock may be increased and altered from time to time in the manner prescribed by Nevada law upon the vote of at least a majority of the shares entitled to vote on the matter. Our shares of common stock are traded on The NASDAQ Global Select Market under the symbol “FCBC.”

Voting, Dividend, Liquidation and Other Rights

Each share of our common stock is entitled to one vote on all matters submitted to a vote at any meeting of stockholders. Holders of our common stock have no right to cumulate votes in the election of directors. Holders of our common stock are entitled to receive dividends as may be declared by our board of directors out of funds legally available therefore. We pay dividends on our common stock only if we have paid or provided for all dividends on our outstanding Series A Preferred Stock, for the then current period and, in the case of any cumulative preferred stock that we may issue in the future, all prior periods. Upon liquidation, dissolution or winding up of our company, holders of our common stock are entitled to receive pro rata our assets, if any, available for distribution after the payment of creditors and the preferences of Series A Preferred Stock, and any other class or series of preferred stock outstanding at the time of any such liquidation. Holders of our common stock have no preemptive rights to subscribe for any additional securities of any class of securities that we may issue, nor any conversion, redemption or sinking fund rights. The rights and privileges of holders of our common stock are subject to the preferences of our Series A Preferred Stock and any series of our preferred stock that we may issue in the future.

Transactions with Interested Persons

Under the Nevada Revised Statutes, or NRS, a transaction with First Community (i) in which a First Community director or officer has a direct or indirect interest, or (ii) involving another corporation, firm or association in which one or more of First Community’s directors or officers are directors or officers of the corporation, firm or association

or have a financial interest in the corporation firm or association, is not void or voidable solely because of the director's or officer's interest or common role in the transaction if any one of the following circumstances exists:

- the fact of the common directorship, office or financial interest is known to the board of directors or a committee of the board of directors and a majority of disinterested directors on the board of directors (or on the committee) authorized, approved or ratified the transaction;
- the fact of the common directorship, office or financial interest is known to the stockholders and disinterested stockholders holding a majority of the shares held by disinterested stockholders authorized, approved or ratified the transaction;
 - the fact of the common directorship, office or financial interest is not known to the director or officer at the time the transaction is brought to the board of directors for action; or
 - the transaction was fair to First Community at the time it is authorized or approved.

Control Share Acquisition Provisions

Nevada law contains provisions that, under certain circumstances, would preclude an acquirer of the shares of a Nevada corporation who crosses one of three voting thresholds (20%, 33 1/3% or 50%) from obtaining voting rights with respect to such shares unless the disinterested holders of a majority of the shares of First Community held by disinterested stockholders votes to accord voting power to such shares. The statute provides that, if authorized by the articles of incorporation or bylaws in effect on the 10th day following the acquisition of the controlling interest by an acquiring person, First Community may call for redemption of not less than all of the control shares at the average price paid for the control shares if the acquirer has not complied with certain procedural requirements or if the control shares are not accorded full voting rights by the stockholders.

Combinations with Interested Stockholders

Under the NRS, except under certain circumstances, a corporation is not permitted to engage in a business combination with any “interested stockholder” for a period of three years following the date such stockholder became an interested stockholder. An “interested stockholder” is a person or entity who owns 10% or more of the outstanding shares of voting stock. Nevada permits a corporation to opt out of the application of these business combination provisions by so providing in the articles of incorporation. First Community opted out of the application of these business combination provisions in its Articles of Incorporation. Instead, the Articles of Incorporation require the approval of holders of more than 85% of First Community’s outstanding shares entitled to vote thereon for any of the following transactions between First Community and any individual, firm, corporation or other entity (or any affiliate of any of the foregoing) that directly or indirectly beneficially owns 15% or more of First Community’s outstanding shares of stock entitled to vote for the election of directors:

- any merger or consolidation of First Community or any subsidiary of First Community with or into the firm, corporation or other entity;
- any sale, lease, exchange, transfer or other disposition (whether in a single transaction or a series of related transactions) to or with the individual, firm, corporation or other entity of any assets of First Community or any subsidiary of First Community when such assets have an aggregate fair market value of \$5,000,000 or more;
- the issuance or transfer to or with the individual, firm, corporation or other entity by First Community or any subsidiary of First Community of any equity securities of First Community or any subsidiary of First Community where any such equity securities have an aggregate fair market value of \$5,000,000 or more;
 - the adoption of any plan or proposal for the liquidation or dissolution of First Community; or
 - any agreement, contract or other arrangement providing for any of the foregoing.

Restrictions on Ownership

The Bank Holding Company Act of 1956, as amended, or the BHC Act,, requires any “bank holding company,” as defined in the BHC Act, to obtain the approval of the Board of Governors of the Federal Reserve System, or the Federal Reserve Board, prior to the acquisition of 5% or more of our common stock. Any person, other than a bank holding company, is required to obtain prior approval of the Federal Reserve Board to acquire 10% or more of our common stock under the Change in Bank Control Act of 1978, as amended. Any entity that owns 25% or more of our common stock, or owns 5% or more if such holder otherwise exercises a “controlling influence” over us, is subject to regulation as a bank holding company under the BHC Act.

Item 15. Indemnification of Directors and Officers.

Nevada law permits a Nevada corporation, such as us, to indemnify its directors and officers in certain circumstances. Specifically, Section 78.7502 of the Nevada Revised Statutes, or NRS, provides as follows:

Indemnification of directors and officers.

(1) A corporation may indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding whether civil, criminal, administrative or investigative, except an action by or in the right of the corporation, by reason of the fact that he is or was a director or officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director or officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses including attorneys' fees, judgments, fines and amounts paid in settlement actually and reasonably incurred by him in connection with such action, suit or proceeding if he: (a) is not liable pursuant to NRS 78.138 or (b) acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his conduct was unlawful. The termination of any action, suit or proceeding by judgment, order, settlement, conviction, or upon a plea of nolo contendere, or its equivalent, does not, of itself, create a presumption that the person is liable pursuant to NRS 78.138 or did not act in good faith and in a manner which he reasonable believed to be in or not opposed to the bests interests of the corporation, or that, with respect to any criminal action or proceedings, he had reasonable cause to believe that his conduct was unlawful.

(2) A corporation may indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of the corporation to procure a judgment in its favor by reason of the fact that he is or was a director or officer, employee or agent of the corporation, or is or was serving at the request of the corporation, or is or was serving at the request of the corporation as a director or officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise against expenses including amounts paid in settlement and attorneys' fees actually and reasonably incurred by him in connection with the defense or settlement of the action or suit if he (a) is not liable pursuant to NRS 78.138 or (b) acted in good faith and in a manner which he reasonably believed to be in or not, opposed to the best interests of the corporation.

Indemnification may not be made for any claim, issue or matter as to which such a person shall have been adjudged by a court of competent jurisdiction, after exhaustion of all appeals therefrom, to be liable to the corporation or for amounts paid in settlement to the corporation, unless and only to the extent that the court in which such action or suit was brought or other court of competent jurisdiction determines upon application that in view of all the circumstances of the case, the person is fairly and reasonably entitled to indemnity for such expenses which the court shall deem proper.

(3) To the extent that a director or officer of a corporation has been successful on the merits or otherwise in defense of any action, suit or proceeding referred to in subsections (1) or (2) of this section, or in the defense of any claim, issue or matter therein, the corporation shall indemnify him against expenses, including attorneys' fees, actually and reasonably incurred by him in connection therewith.

II-1

Our Articles of Incorporation, as amended, provide that we will indemnify any of our former and current directors, officers, employees or agents against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by him in connection with any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative, relating to service for or at the request of First Community. We will not indemnify a director, officer, employee or agent if: (A) he did not act in good faith; (B) he did not reasonably believe that the actions were either (i) in First Community's best interests, or (ii) not opposed to our best interests; or (C) with respect to a criminal action or proceeding, he had reasonable cause to believe his conduct was unlawful.

Our Articles of Incorporation, as amended, also provide that no director will be liable to us or our stockholders for monetary damages for breach of fiduciary duty as a director, except that the director's liability will not be eliminated or limited: (A) for any breach of the director's duty of loyalty to us or our stockholders; (B) for acts or omissions involving intentional misconduct, fraud or a knowing violation of the law; (C) for the payment of any distribution in violation of NRS 78.300; or (D) for any transaction from which the director derived an improper personal benefit.

Item 17. Undertakings.

The undersigned Registrant hereby undertakes:

To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

- (i) To include any prospectus required by Section 10(a)(3) of the Securities Act;
- (ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and
- (iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that paragraphs (i), (ii) and (iii) do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the SEC by the Registrant pursuant to Section 13 or Section 15(d) of the Exchange Act, that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the

registration statement.

That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

II-2

That, for the purpose of determining liability under the Securities Act, to any purchaser:

(A) each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A, shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness.

Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use; and

(B) In the initial distribution of the securities, the undersigned Registrant undertakes that in a primary offering of securities of the Registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the Registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(a) Any preliminary prospectus or prospectus of the undersigned Registrant relating to the offering required to be filed pursuant to Rule 424;

(b) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned Registrant or used or referred to by the undersigned Registrant;

(c) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned Registrant or its securities provided by or on behalf of the Registrant; and

(d) Any other communication that is an offer in the offering made by the Registrant to the purchaser.

That, for purposes of determining any liability under the Securities Act, each filing of the Registrant's annual report pursuant to Section 13(a) or 15(d) of the Exchange Act (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Exchange Act), that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

Insofar as indemnification for liabilities arising under the Securities Act, may be permitted to directors, officers and controlling persons of the Registrant pursuant to the foregoing provisions, or otherwise, the Registrant has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act, and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act, and will be governed by the final adjudication of such issue.

SIGNATURES

Pursuant to the requirements of the Securities Act of 1933, the Registrant certifies that it has reasonable grounds to believe that it meets all of the requirements for filing on Form S-3 and has duly caused this registration statement to be signed on its behalf by the undersigned, thereunto duly authorized, in the Commonwealth of Virginia, on June 30, 2011.
