PROPOSAL 1

ELECTION OF DIRECTORS

Election of Directors

The Board of Directors, acting through the Corporate Governance/Nominating Committee, is responsible for identifying and evaluating candidates for Board membership. The Board currently consists of ten members and the Company's Amended and Restated Articles of Incorporation provides that the Board of Directors be divided as equally as possible into three classes designated as Class I, Class II and Class III. Generally, the directors in each class are elected to serve staggered three year terms so that the term of office of one class of directors expires at each annual meeting. Currently, the Board of Directors has three directors in Class I with terms expiring in 2013, four directors in Class II with terms expiring in 2014 and three directors in Class III with terms expiring in 2012.

The term of office of current Class III directors John P. Furey, Thomas M. Kishman, and Ralph J. Lober, II, will expire at the annual meeting on October 24, 2012 and the current Class III directors constitute the nominees to be elected to serve until the 2015 annual meeting and until their successors are elected. Additional information concerning the nominees for director, the directors and executive officers of Consumers Bancorp is provided in the following pages.

The common shares represented by the accompanying proxy will be voted **for** the election of the nominees to serve as directors, unless contrary instructions are indicated on the proxy card. The nominees for director receiving the greatest number of "for" votes will be elected as directors. If the election of directors is by cumulative voting, the persons appointed by the accompanying proxy intend to cumulate the votes represented by the proxies they receive and distribute such votes in accordance with their best judgment.

If one or more of the nominees should at the time of the Annual Meeting be unavailable or unable to serve as a director, the common shares represented by the proxies will be voted to elect the remaining nominees and any substitute nominee or nominees designated by the Board of Directors. The Board of Directors knows of no reason why any of the nominees will be unavailable or unable to serve.

The Board of Directors recommends that the shareholders vote "FOR"

the election of the nominees for Class III directors.

Board Leadership Structure; Role in Risk Oversight

In accordance with our regulations, the Board elects our Chairman and Chief Executive Officer, or CEO, and each of these positions may be held by the same person or may be held by different people. Currently the offices of Chairman and CEO are separated. The Board believes that the separation of offices of the Chairman and CEO is appropriate at this time as it allows our CEO to focus primarily on management and operating responsibilities.

Risk is inherent with every business, and how well a business manages risk can ultimately determine its success. We face a number of risks, including economic risks, financial risks, legal and regulatory risks, and others, such as the impact of competition. Management is responsible for the day-to-day management of the risks that we face, while the Board, as a whole and through its committees, has responsibility for the oversight of risk management. In its risk oversight role, the Board is responsible for satisfying itself that the risk management processes designed and implemented by management are adequate and functioning as designed.

Director Compensation

The Compensation Committee annually reviews and recommends to the Board of Directors the proposed director fees after consideration of information from peer surveys, past compensation practices and the Company's performance. The Board is responsible for approving the fees for attending Board meetings and committee meetings. The Board believes the fees are competitive with the fees paid by other peer banks of a comparable size and will ensure the Company attracts and retains qualified Board members.

Fees Paid in Cash

Non-employee directors received an annual retainer of \$2,000 and are compensated for each meeting of the Consumers National Bank Board of Directors and each committee meeting they attend. Compensation for attendance at a Board of Directors meeting was \$800 per meeting. The following table details the fees paid to each non-employee director for attendance at committee meetings:

	Asset/ Liability	Audit	Compensation	Corporate Governance/ Nominating	Executive	Loan
Committee Chair	\$ *	\$ 300	\$ 200	\$ 200	\$ *	\$ 200
Committee Member	\$ 100	\$ 200	\$ 100	\$ 100	\$ 200	\$ 100

* Denotes committee chaired by an employee of the Company

Non-Equity Incentive Plan Compensation

An incentive pool based on overall Company profitability was available to non-employee directors. For the 2012 fiscal year, the Compensation Committee selected net income of \$2.4 million and an efficiency ratio of 70.0% as the corporate performance targets. Reported net income results for the 2012 fiscal year were above the targeted level and the efficiency ratio was below 70.0% therefore, an incentive was earned by each non-employee director as part of this program.

Equity Compensation

Under the 2010 Omnibus Incentive Plan, on September 14, 2011 restricted stock awards were made to all directors. Each non-employee director was granted 72 shares of restricted stock that will vest on the anniversary date of grant based on a four year graduated vesting schedule if certain specified net income performance targets as established by the Compensation Committee are achieved. For the 2012 fiscal year, the net income performance targets were achieved and on September 14, 2012 15% of the restricted shares granted will vest.

Ms. McClellan and Mr. Lober are employees of Consumers National Bank and received no additional compensation for their service as a director.

The following table summarizes the compensation earned by or awarded to each non-employee director who served on the Board during the 2012 fiscal year. The compensation received by Mr. Lober is shown in the "Summary Compensation Table" which is included under the "Executive Officers" section in the following pages.

At the beginning of the 2013 fiscal year, the director board meeting and committee meeting fees remained the same as the previous fiscal year. For the 2013 fiscal year, a total incentive pool for all non-employee directors of \$16,111 has been established that will be paid if certain corporate performance targets are achieved. The total incentive pool increases to a maximum of \$18,889 if the Company achieves 105.0% or more of the net income target and reduces to \$13,333 if the Company achieves at least 95.0% of the net income target. Under the 2010 Omnibus Incentive Plan, Restricted Stock awards will be made to all directors, executive officers and vice presidents during the 2013 fiscal year. The value of Restricted Stock granted to each non-employee director will approximate 5% of each non-employee director's total compensation earned. EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Introduction and Overview

This Compensation Discussion and Analysis provides information regarding the compensation awarded to, earned by, or paid to the named executive officers serving as of June 30, 2012 whose compensation is detailed in this proxy statement. These named executive officers are the president and chief executive officer, chief financial officer, chief information officer and the senior loan officer. The Board of Directors has delegated to the Compensation Committee responsibility for the oversight and administration of compensation of the Company. The committee reviews and recommends company benefit and incentive plans, as well as, reviewing the individual performance of the chief executive officer and executive management.

Compensation Philosophy and Objectives

The objective of the Company's compensation program is to fairly compensate the executive officers in light of their individual performances and their contributions to the performance of the Company, thereby aligning executives' incentives with shareholder value creation. The compensation philosophy is designed to reward effort and achievement by the officers and provide them with compensation targeted at market competitive levels. The Company's compensation program includes the following core components: base salary, cash incentive compensation, equity-based awards, long-term compensation and certain change of control agreements. The Compensation Committee manages all components on an integrated basis to achieve the following objectives: to attract and retain highly qualified management, to provide shorter-term incentive compensation that varies directly with the Company's financial performance and to focus management on both annual and long-term goals. The Company believes that, by setting and adjusting these elements, it has the flexibility to offer appropriate incentives to its executive officers.

During the 2010 fiscal year, the Compensation Committee retained Meyer-Chatfield Compensation Advisors in order to review executive officers compensation and to make recommendations regarding the structure of these compensation packages.

Comparison information was gathered from public data for peer banks and from regional and national compensation survey information. Some of the resources used to compare the compensation offered by peer banks were American Bankers Association, Bank Administration Institute, Watson Wyatt Data Services and CompAnalyst. The primary factors used to determine an appropriate community bank peer group included, asset size, per capita income of the surrounding market and general performance metrics, such as return on equity (ROE). An analysis of ROE as of the third quarter of 2009, demonstrated that the performance of Consumers was within the high performing group when compared to publicly traded peer banks with assets below \$300 million. The next higher asset size group of \$300 to \$500 million was considered when no comparable data was available for the job responsibilities of a particular executive or when the job duties did not align with Consumers' executive officer positions.

Based on Meyer-Chatfield's Executive Compensation study, the Compensation Committee adopted the philosophy to target executive compensation at the midpoint of compensation paid to similarly situated executive officers at comparable high performing peer banks within our region and asset size. Individual opportunities may be above or below this general target level at times for a variety of reasons, including individual and corporate performance, recruiting and retention reasons.

Components of Compensation

Base Salary

Base salary is a major factor in attracting and retaining key personnel and therefore is the primary component of our executive officer's compensation. In setting an officer's base salary, the Company considers parameters set by its size and complexity and the salaries offered by peers. Based on Meyer-Chatfield's Executive Compensation study, the Compensation Committee adopted the philosophy to target executive compensation to the midpoint of high performing banks within our region and asset size. In order to develop individualized plans to achieve total compensation at the midpoint of high performing banks within our region and asset size, an average of the base gap and total compensation gap was calculated, and existing long-term compensation and targeted long-term compensation was considered for each executive officer. The Company's performance as measured by its results compared to previous years is also considered in determining the overall adjustments to executive officers salaries. Specific salaries are adjusted to reflect the contributions of the executive officer to the Company's operations and the accomplishment of its long-term goals.

Based on a review of the company's strategic direction, individual career path objectives and succession planning in conjunction with the broad databases and other publicly available information, the Company believes that its executive compensation practices are in line with its compensation philosophy and objectives described above.

Incentive Compensation

On January 1, 2008, an annual incentive compensation program went into effect in which all participants are eligible to earn incentive compensation based on corporate financial performance, departmental, and individual goals as determined by each participant's manager. All employees, except seasonal and temporary employees, are eligible to participate in the annual incentive plan. An employee must be employed when the incentive is paid in order to receive their incentive compensation, even if all of the targets had been met. Positions are classified into various levels according to overall responsibilities within the organization and the impact each position has on the organization's overall financial performance.

For the 2012 fiscal year, the Compensation Committee selected net income and the efficiency ratio as the corporate performance targets for the plan. The targeted net income for the 2012 fiscal year was \$2.4 million and an efficiency ratio of 70.0%. Reported net income results for the 2012 fiscal year was above the targeted level of financial performance and the efficiency ratio was below 70.0%. Based on these results, there was \$80,000 available company-wide based on corporate performance and \$80,000 available company-wide based on individual and departmental goals.

The table below shows how each plan component for 2012 is weighted when evaluating each of the named executive officers:

	Corporate Performance	%	Individual/ Departmental Goals	%
Ralph J. Lober, II	100.0	%	0.0	%
Renee K. Wood	50.0	%	50.0	%
Paul B. Hugenberg, III	50.0	%	50.0	%
Philip M. Suarez	50.0	%	50.0	%

The total amount awarded for the incentive plan for each named executive officer is disclosed under the “Bonus” column of the Summary Compensation Table.

Long-term Compensation

Long-term compensation includes a qualified retirement plan in the form of a 401(k) Plan, a non-qualified Salary Continuation Program and the 2010 Omnibus Incentive Plan. The Company provides safe harbor contributions under the 401(k) Plan, matching up to 100% of the first 4.0% contributed by the employee. The amount contributed on behalf of the executive officers is determined in accordance with the provisions of the plan applicable to all employees. The Salary Continuation Plan is designed to retain executive and senior management personnel. Entrance to the Salary Continuation Plan is limited and is subject to meeting performance criteria, established by the Compensation Committee and approved by the Board of Directors. Under the 2010 Omnibus Incentive Plan, Restricted Stock awards will be made to all directors, executive officers and vice presidents during the 2013 fiscal year. The value of Restricted Stock granted to each participant will approximate 5% of each participant's base salary. The Restricted Stock will vest on the anniversary date of the grant based on a four year graduated vesting schedule if certain specified net income performance targets as established by the Compensation Committee are achieved. These long-term incentive compensation plans are designed to promote a vested interest in the long-term strategic performance goals of the Company and discourage turnover among its executive officers and other employees.

The following table sets forth the cash compensation and certain other compensation paid or earned by the Company's principal executive officer, principal financial officer, and the two other most highly compensated executive officers serving at the end of the 2012 fiscal year. The individuals listed in this table are sometimes referred to in this proxy statement as the "named executive officers."

DEFINED CONTRIBUTION PLAN

Under the Consumers National Bank 401(k) Savings and Retirement Plan & Trust (401(k) Plan) as in effect during the fiscal year ended June 30, 2012, the Consumers National Bank's Board of Directors has the discretion and authority to determine the amount to be contributed to the 401(k) Plan. The 401(k) Plan is administered by Consumers National Bank. Each participant in the 401(k) Plan has credited to their account a maximum of 4.0% of their annual salary, provided they have voluntarily contributed the same amount. The 401(k) Plan states that each participant shall be fully vested in the 401(k) Plan immediately upon contribution. Benefits under the 401(k) Plan cannot be estimated for the participants because the benefits are based upon future earnings of Consumers National Bank and future compensation of the participants. Part of the funds in the 401(k) Plan is vested in the participants in accordance with the 401(k) Plan. An eligible participant is one who has completed six months of service and has attained the age of 21. At the time of retirement, death, disability or other termination of employment, a participant is eligible to receive a distribution of all vested amounts credited to their account in either a single lump sum payment or a series of substantially equal installment payments over a period not longer than the joint life expectancy of the participant and beneficiary. The trustees of the 401(k) Plan are Ralph J. Lober and Laurie L. McClellan.

SALARY CONTINUATION PROGRAM

In September 1995, the Board of Directors of Consumers National Bank adopted a salary continuation program (Plan) to encourage the long-term retention of Consumers National Bank executives and avoid the cost of executive turnover. Pursuant to the Plan, salary continuation agreements were entered into between Consumers National Bank and certain executives. The participants in the Plan are determined by the Board of Directors. In 2008, all of the agreements were amended to comply with Internal Revenue Code Section 409A. On February 11, 2011, Mr. Lober, President and Chief Executive Officer, entered into an amended and restated salary continuation agreement that replaces a separate change of control entered into on May 7, 2007 and a prior salary continuation agreement entered into on August 29, 2008. The amended and restated agreement incorporates covenants against competition, solicitation or disclosure of confidential information that were previously contained in the change of control agreement. These agreements are collectively referred to as the “Amended Agreements.”

The Amended Agreements provide such executives (and, in the event of the executive’s death, surviving beneficiary) with 180 months of salary continuation payments equal to a certain percentage of an executive’s average compensation, as defined within each agreement, using three full calendar years prior to Normal Retirement Age. For purposes of these Amended Agreements, “Normal Retirement Age” means the executive’s 65th birthday. Vesting under the Amended Agreements commences at age 50 and is prorated until age 65. If an executive dies during active service, the executive’s beneficiary is entitled to the Normal Retirement Benefit. The executive can become fully vested in the Accrual Balance upon termination of employment following a disability. Following a change in control of the Bank, Mr. Lober can become fully vested and eligible to receive a payment equal to the greater of (1) two times Mr. Lober’s base salary in effect immediately preceding termination of employment or (2) the amount accrued by the Corporation as of the month preceding termination of employment. All the remaining executives participating in the Plan can become fully vested in the Accrual Balance upon termination of employment following a change in control of the Bank. For purposes of these Amended Agreements, “Accrual Balance” means the liability that should be accrued by the Company for the Company’s obligation to the executive under the Amended Agreements. For purposes of calculating the Accrual Balance, the discount rate in effect at June 30, 2012 was 5.25%.

Ralph J. Lober	Salary Continuation Program	\$ 179,396	\$ —
Philip M. Suarez	Salary Continuation Program	\$ 358,427	\$ —

NONCOMPETITION AGREEMENT

A Noncompetition Agreement was entered into with Mr. Hugenberg and Ms. Wood in order to restrict their availability to other employers or entities that compete with the Company in exchange for a payment of an amount equal to the aggregate of one times their annual rate of base salary upon termination of employment without cause by the Company; upon termination of employment within twelve consecutive months after a change in control is consummated; or a termination of employment for Good Reason (as defined in the agreement) by Mr. Hugenberg or Ms. Wood.

If within 12 months following a change in control, a termination of employment occurs for any reason other than death, Disability (as defined in the agreement), or Cause (as defined in the agreement), a participant may receive a lump sum payment equal to one times annual rate of base salary.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

The Company is not party to any change in control agreements with its current executive officers. Under the Salary Continuation Program, Mr. Lober would have received a payment of \$386,373 and Mr. Suarez would receive a payment of \$358,427 as of June 30, 2012 if a change of control and a termination of their employment had occurred. In connection with the Noncompetition Agreement, Mr. Hugenberg would have received a payment of \$115,988 and Ms. Wood would have received a payment of \$116,824 as of June 30, 2012 if there was a change in control and a termination of their employment had occurred or upon termination of employment without cause by the Company. No participant will receive a benefit payment under the Salary Continuation Program or Noncompetition Agreement if they are terminated for cause.

This leasing arrangement and the terms of the lease were unanimously approved by directors without an interest in the transaction.

The SEC rules require disclosure of any family relationship among directors and executive officers. Mr. Kiko, director, is first cousin to Janice E. Kishman, spouse of director, Mr. Kishman.

Each officer and director is expected to bring any relationship or transaction with the Company in which he or she has a direct or indirect interest to the attention of the Board of Directors. The non-interested directors review the transaction and consider, among other things, whether the transaction impacts the independence of any independent Board member, whether the related party's interest in the transaction is material and whether the terms of the transaction are comparable to those that could be negotiated with an unrelated third party.
