Dear Fellow Shareholders,

Having been a long time shareholder and close follower of Elite, it is an honor to be writing my first letter to our shareholders as Elite's President and Chief Executive Officer. As steward of your Company, my primary focus has been to achieve long-term company growth through prudent execution of strong and effective business strategies. My plans for Elite when I became President and CEO last August were 1) to grow our generic pharmaceutical business and 2) to move forward with urgency to develop and commercialize Elite's proprietary opioid abuse deterrent products. Since August, we have successfully been executing this plan.

Elite's generic business segment was enhanced this year by the acquisition of twelve approved generic products and then by the launch of two additional generic products. The newly acquired products have in turn been licensed out for upfront money and an attractive profit sharing arrangement. A site transfer has already been filed with the U.S. Food and Drug Administration (FDA) for the first of these new products, and the transfer of the other eleven products is on track. These additions to the generic business have greatly strengthened the profitability of this segment of Elite's business. I expect the rapid growth of the generics to continue as the current commercial products grow and the twelve new products are launched.

The really significant change for Elite this year, however, was the accelerated development of the opioid abuse deterrent products. It is these products where I see a tremendous upside potential to create value for you, our shareholders. We have two opioid abuse deterrent products, ELI-200 and ELI-201, in human trials and an additional five abuse deterrent formulations under active development. We are very pleased with the success of the product trials in recent months. The ELI-201 pilot study showed that more than one of Elite's formulations was bioequivalent to the brand product, and the ELI-200 pivotal study demonstrated bioequivalence of Elite's product to the reference product. We expect to file our first abuse deterrent New Drug Application (NDA) with the FDA this year and we then expect to file additional NDAs the following year. We have also received further protection for these abuse deterrent products with the issuance of two patents, an additional patent allowed in the U.S. and the issuance of one Canadian patent in recent months. We have additional patents filed and pending in the U.S., Canada and Europe. Elite's technology can be applied to any of the current opioids in the market place, and our goal is to broadly use our technology to reduce the current epidemic of prescription drug abuse.

To permit Elite to execute on our initiatives, I am asking in this proxy for an increase in authorized shares. These additional shares will allow Elite to continue to fund development of our abuse deterrent products, and will give us flexibility to launch our first abuse deterrent product on our own, if we believe that to be in the best interest of the company and its shareholders. I am also actively pursuing partnership opportunities for our abuse deterrent products, but the further we can develop a product, the more favorable terms I expect to receive for the product(s). Additional authorized shares will provide options and flexibility to Elite in order to unlock the value of our assets.

Please remember that as a shareholder, your vote is extremely important to the Company no matter how many shares you own. For certain very important resolutions, failure to vote or specifically direct your broker to vote, would be considered the same as a “NO” vote. Please take a few moments to vote whether or not you plan to attend the Annual Meeting. You can vote by completing, signing, dating and promptly returning the enclosed proxy card. Alternatively, you may vote through the Internet or by telephone as directed on your proxy card. If you receive more than one proxy card because you own shares that are registered differently, please vote all of the shares shown on all of your proxy cards.

If you have any questions or need assistance voting your shares, please call our proxy solicitor, Morrow and Co toll free at 855-251-9340 or Dianne Will, Investor Relations for Elite Pharmaceuticals at 518-398-6222.

I thank each of you for your tremendous support during this year, and we look forward to continued success.

INFORMATION CONCERNING THE MEETING

INFORMATION CONCERNING SOLICITATION AND VOTING

General

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of Elite for our Annual Meeting of Shareholders to be held on May 21, 2014, and any adjournments thereof. You are receiving the Proxy Materials because you own shares of Common Stock or shares of Series I Preferred Stock that entitle you to vote at the Annual Meeting. By use of the proxy, you can vote, whether or not you attend the Annual Meeting. This Proxy Statement describes the matters we would like you to vote on and provides information on those matters so you can make an informed decision.

The information included in this Proxy Statement relates to the proposals to be voted on at the Annual Meeting, the voting process, the Company's Board of Directors and committees, the compensation of directors and certain executive officers and other required information.

Purpose

The purpose of the Annual Meeting is:

- (1) To elect six directors ("Proposal No. 1");

- (2) To amend and restate our Articles of Incorporation to increase the number of shares of common stock the Company is authorized to issue from 690,000,000 shares to 995,000,000 shares ("Proposal No. 2");
- (3) To ratify the appointment of Demetrius Berkower LLC as our independent registered public accounting firm to audit our financial statements for the fiscal year ending March 31, 2014 ("Proposal No. 3");
- (4) To approve, by non-binding vote, executive compensation ("Proposal No. 4");
- (5) To recommend, by non-binding vote, the frequency of executive compensation votes ("Proposal No. 5"); and
- (6) Approve the Elite Pharmaceuticals, Inc. 2014 Equity Incentive Plan ("Proposal No. 6").

Record Date and Voting Rights

The holders of our Common Stock and our Series I Preferred Stock as of March 28, 2014 (the "Record Date") are entitled to vote at the Annual Meeting. Each share of Common Stock entitles the holder of record thereof at the close of business on the Record Date to one vote on each of the matters to be voted upon at the Annual Meeting. Each share of Series I Preferred Stock entitles the holder of record thereof to the number of votes equal to the number of shares of Common Stock into which such share of Series I Preferred Stock is convertible as of the Record Date (1,428,571.4 per whole share), on each of the matters to be voted upon at the Annual Meeting. As of the Record Date, we had outstanding 560,142,420 shares of Common Stock (excluding 100,000 treasury shares), and 104.242 shares of Series I Preferred Stock that were convertible into 148,917,143 shares of Common Stock.

Shareholders vote at the Annual Meeting by casting ballots (in person or by proxy) which will be tabulated by a person who is appointed by the Board of Directors before the Annual Meeting to serve as inspector of election at the Annual Meeting and who has executed and verified an oath of office.

Quorum; Abstentions; Broker Non-Votes; Vote Required

A quorum must exist for the transaction of business at the Annual Meeting (other than a motion to adjourn the Annual Meeting). The presence at the Annual Meeting, in person, by remote communication or by proxy, of the holders of a majority of the shares of capital stock of Elite issued and outstanding and entitled to vote at the Annual Meeting, will constitute a quorum for the transaction of business at the Annual Meeting. Abstentions and broker "non-votes" (as discussed below) are counted as present and entitled to vote for purposes of determining a quorum. If you submit a properly executed proxy card, even if you abstain from voting, your shares will be considered part of the quorum.

Assuming that a quorum is present, the six nominees in Proposal No. 1 receiving the highest number of votes cast by the holders of capital stock represented and voting at the meeting will be elected as our Directors and constitute the entire Board of our Directors. There is no right to cumulate votes in the election of directors. Abstentions and broker “non-votes” will not have an effect on the election of directors.

Assuming that a quorum is present, the approval of Proposal No. 2 will require the affirmative vote of the holders of a majority of the voting power of the shares of our capital stock outstanding as of the Record Date. If you abstain or do not instruct your broker how to vote with respect to these proposals, your abstention or broker non-vote will have the same effect as a vote against these proposals.

Assuming that a quorum is present, the approval of Proposals No. 3, 4 and 6 will require the affirmative vote of a majority of the total votes cast in person or by proxy. Abstentions and broker “non-votes” with regard to any such proposal are not considered to have been voted on this proposal and therefore will not have any effect on the vote for such proposals.

The frequency of the advisory vote on executive compensation (Proposal No. 5) receiving the greatest number of votes (every one, two or three years) will be considered the frequency recommended by Shareholders.

Solicitation

Solicitation of proxies may be made by our directors, officers and regular employees by mail, telephone, facsimile transmission or other electronic media and in person for which they will receive no additional compensation. The expenses of preparing, printing and assembling the materials used in the solicitation of proxies on behalf of the Board of Directors will be borne by us. Upon request, we will reimburse the reasonable fees and expenses of banks, brokers, custodians, nominees and fiduciaries for forwarding proxy materials to, and obtaining authority to execute proxies from, beneficial owners for whose accounts they hold shares of Common Stock. We have hired the firm of Morrow & Co. LLC to assist in the solicitation of proxies on behalf of the Board of Directors. Morrow & Co. has agreed to perform this service for a proposed fee of \$7,500.00 plus reasonable out-of-pocket disbursements.

Voting of Proxies

If the enclosed form of proxy is properly signed and returned, the shares represented thereby will be voted as specified in the proxy. **If you do not specify in the proxy how your shares are to be voted, the shares will be voted as recommended by the Board of Directors: FOR all directors in Proposal No. 1 and FOR Proposals 2, 3, 4 and 6 and FOR the selection of “three years” on Proposal No. 5 recommending the frequency of advisory votes on executive compensation.**

Voting of shares held in Brokerage Accounts

If you hold your shares at a brokerage firm, you should instruct your broker how you would like to vote your shares by using the written instruction form and envelope provided by your broker. If you do not provide your broker with instructions, your broker may, but is not required to, vote your common shares with respect to certain “routine” matters. However, on other matters, when the broker has not received voting instructions from its customers, the broker cannot vote the shares on the matter and a “broker non-vote” occurs. Proposal No. 4 is the only routine matter to be voted on by

the Shareholders on this year's ballot. The rest of the Proposals are not considered routine matters. This means that brokers may not vote your common shares on such proposals if you have not given your broker specific instructions as to how to vote. Please be sure to give specific voting instructions to your broker so that your vote can be counted. If you hold your common shares in your broker's name and wish to vote in person at the annual meeting, you must contact your broker and request a document called a "legal proxy." You must bring this legal proxy to the annual meeting in order to vote in person.

Revocation

You have the right to revoke your proxy at any time before it is voted by attending the Annual Meeting and voting in person or by filing with our Secretary either a written instrument revoking the proxy or another executed proxy bearing a later date. Shareholders entitled to vote will not have any appraisal rights in connection with any of the proposals to be voted on at the Annual Meeting.

Recommendations of the Board of Directors

This proxy solicitation is being made by the Company. The Board of Directors recommends a vote:

FOR the six directors listed in the proxy to hold office until the 2015 Annual Meeting of Shareholders and until their respective successors are duly elected and qualified (**Proposal No. 1**);

FOR Proposal No. 2 - the amendment and restatement of our Articles of Incorporation to increase the number of shares of common stock the Company is authorized to issue from 690,000,000 shares to 995,000,000 shares;

FOR Proposal No. 3 - the ratification of the appointment of Demetrius Berkower, LLC (“Demetrius”) as our registered public accounting firm to audit our financial statements for the fiscal year ending March 31, 2014;

FOR Proposal No. 4 – the advisory (non-binding) vote approving executive compensation;

FOR the selection of “three years” on **Proposal No. 5** recommending the frequency of advisory votes on executive compensation; and

FOR Proposal No. 6 – the approval of the Elite Pharmaceuticals, Inc. 2014 Equity Incentive Plan.

Should any nominee named in Proposal No. 1 be unable to serve or for good cause will not serve as director, the persons named in the enclosed form of proxy will vote for such other person as the Board of Directors may recommend.

Other Business

As of the date of this Proxy Statement, we have no knowledge of any business other than that described in the Notice of Annual Meeting that will be presented for consideration at the Annual Meeting. If any other business should properly come before the Annual Meeting, the persons appointed by the enclosed form of proxy shall have discretionary authority to vote all such proxies as they shall decide.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth certain information, as of the Record Date, March 28, 2014 (except as otherwise indicated), regarding beneficial ownership of our Common Stock and our Series I Preferred Stock by (i) each person who is known by us to own beneficially more than 5% of each such class, (ii) each of our directors and nominees for director, (iii) each of our executive officers and (iv) all our directors and executive officers as a group. On the Record Date, we had 560,142,420 shares of Common Stock outstanding (exclusive of 100,000 treasury shares) and 104.242

shares of Series I Preferred Stock outstanding. On any matter presented to the holders of our Common Stock for their action or consideration at any meeting of our Shareholders, each share of Common Stock entitles the holder to one vote and each share of Series I Preferred Stock entitles the holder to the number of votes equal to the number of shares of Common Stock into which such share of Series I Preferred Stock is convertible (1,428,571.4 per whole share).

As used in the table below and elsewhere in this Proxy Statement, the term beneficial ownership with respect to a security consists of sole or shared voting power, including the power to vote or direct the vote, and/or sole or shared investment power, including the power to dispose or direct the disposition, with respect to the security through any contract, arrangement, understanding, relationship, or otherwise, including a right to acquire such power(s) during the 60 days immediately following March 28, 2014. We believe our Board Members represent a desirable diversity of background, skills, education and experiences, and they all share the personal attributes of dedication to be effective directors. In recommending Board candidates, our Nominating Committee considers a candidate's: (1) general understanding of elements relevant to the success of a publicly traded company in the current business environment; (2) understanding of our business; and (3) diversity in educational and professional background. The Nominating Committee also gives consideration to a candidate's judgment, competence, dedication and anticipated participation in Board activities along with experience, geographic location and special talents or personal attributes. The following are qualifications, experience and skills for Board members which are important to Hemispherx's business and its future:

Leadership Experience: We seek directors who have demonstrated strong leadership qualities. Such leaders bring diverse perspectives and broad business insight to our Company. The relevant leadership experience that we seek includes a past or current leadership role in a large or entrepreneurial company, a senior faculty position at a prominent educational institution or a past elected or appointed senior government position.

Industry Experience: The Committee seeks directors who have relevant industry experience, both with respect to oral controlled release products primarily in the therapeutic areas of pain management, allergy, cardiovascular and infection, as well as with the economic and competitive dynamics of pharmaceutical markets, including those in which the Company's drugs will be prescribed.

Scientific, Academic or Regulatory Experience: Given the highly technical and specialized nature of pharmaceuticals, we desire that certain of our directors have advanced degrees, as well as drug development experience. Since we are subject to substantial regulatory oversight by the FDA and other agencies, we also desire directors who have legal or regulatory experience.

Finance Experience: We believe that our directors should possess an understanding of finance and related reporting processes, particularly given the complex budgets and long timelines associated with drug development programs.

The principal occupations and employment of each Director nominee during the past five years and the Board's basis for believing that each nominee is qualified is set forth below. In each instance in which dates are not provided in connection with a nominee's business experience, such nominee has held the position indicated for at least the past five years.

OUR BOARD OF DIRECTORS RECOMMENDS A VOTE “FOR” THE ELECTION OF EACH OF THE FOREGOING NOMINEES TO OUR BOARD OF DIRECTORS.

PROPOSAL NO. 2

approval of amendment to our Articles of Incorporation

to increase the number of shares of common stock the Company is authorized to issue from 690,000,000 shares to 995,000,000 shares

THE BOARD OF DIRECTORS RECOMMENDS A VOTE “FOR” PROPOSAL NO. 2

Our Articles of Incorporation currently authorizes us to issue up to 690,000,000 shares of Common Stock, \$.001 par value, and 15,000 shares of Preferred Stock, \$0.01 par value. Our Board of Directors has unanimously adopted, subject to Shareholder approval, an amendment to our Articles of Incorporation to increase the authorized number of shares of our Common Stock by 305,000,000 shares to 995,000,000 shares. Under the amendment, Article IV, Section 4.1 of our Articles of Incorporation would read as follows:

“4.1. Authorized Capital Stock. The aggregate number of shares which this Corporation shall have authority to issue is Nine Hundred Ninety Five Million Fifteen Thousand (995,015,000) shares, consisting of (a) Nine Hundred Ninety Five Million, (995,000,000) shares of Common Stock, par value \$0.001 per share (the “Common Stock”) and (b) Fifteen Thousand, (15,000) shares of Preferred Stock, par value \$0.01 per share (the “Preferred Stock”), issuable in one or more series as hereinafter provided. A description of the classes of shares and a statement of the number of shares in each class and the relative rights, voting power, and preferences granted to and restrictions imposed upon the shares of each class are as follows:”

The complete text of the proposed Amendment to the Articles of Incorporation is attached as **Appendix A** to this Proxy Statement.

Background

We may issue shares of capital stock to the extent such shares have been authorized under our Articles of Incorporation.

As of the Record Date, the total shares of Common Stock issued and outstanding and reserved for issuance upon the exercise of outstanding warrants, options, and the conversion of outstanding shares of preferred stock totaled 821,985,073 shares, including:

- 560,242,420 shares of Common Stock;
- 102,157,376 shares reserved for issuance pursuant to warrants to purchase Common Stock
- 1,895,666 shares reserved for issuance pursuant to options to purchase Common Stock;
- 148,917,143 shares reserved for issuance upon the conversion of shares of our outstanding series of preferred stock;
- 5,772,468 shares reserved pursuant to the 2009 Equity Incentive Plan;
- 3,000,000 shares reserved pursuant to the 2014 Equity Incentive Plan.

As of the Record Date, the number of shares of Common Stock we are required to issue under the derivative securities described above exceeds the number of shares of Common Stock available for future issuances.

The terms of our 2009 Equity Incentive Plan, the certificates of designation for the Series I Preferred Stock, the instruments governing the rights of option and warrant holders and our Purchase Agreement with Lincoln Park Capital all provide that we will at all times reserve and keep available out of our authorized and unissued shares of Common Stock for the sole purpose of issuance upon the conversion or exercise of such securities not less than the aggregate number of shares of the Common Stock as shall from time to time be sufficient to effect the conversion or exercise of all such outstanding securities. If at any time the number of authorized but unissued shares of Common Stock is not sufficient to effect the conversion or exercise of such securities, we are required to take such corporate action as may be necessary to increase our authorized but unissued shares of Common Stock to such number of shares as shall be sufficient for such purposes, including, without limitation, using our best efforts to obtain the requisite shareholder approval of an amendment to our Articles of Incorporation. The proposal to increase the number of shares of Common Stock we are authorized to issue is intended to satisfy our obligations under these securities. In addition, our employment agreements with Nasrat Hakim, Carter J Ward and other employees provide that we make certain payments to them in Common Stock as part of their compensation.

In addition, we anticipate that we may issue additional shares in connection with one or more of the following:

· financing transactions, such as private and/or public offerings of Common Stock or convertible securities to fund business and business expansion;

· strategic investments;

· corporate transactions, such as stock splits or stock dividends;

· Incentive and employee benefit plans; and

· otherwise for corporate purposes that have not yet been identified.

No Other Current Plans for Issuance of Newly Authorized Shares

Except, as described above, we have no current plans to issue any of the shares that would be authorized should this Proposal No. 3 be approved by our Shareholders for the potential purposes discussed below.

Our Board of Directors believes that the lack of additional authorized shares of Common Stock available for issuance will restrict our flexibility to act in a timely manner in meeting future capital needs.

In order to provide our Board of Directors with certainty and flexibility to meet such needs, the Board of Directors believes it is in the best interests of our Company at this time to increase the number of authorized shares of our Common Stock beyond that required to permit the conversion or exercise of derivative securities.

If this proposal is not adopted, management believes we will be severely limited in our ability to raise capital, enter transactions that could be advantageous to the Company or issue stock as required under outstanding derivative securities. Further, if we are unsuccessful in gaining approval for this increase in our authorized shares, and other funding sources are not available to us, our ability to pursue development and commercialization activities may be limited or delayed.

If our Shareholders approve the amendment to our Articles of Incorporation to increase our authorized shares, we will have 173,014,927 shares of Common Stock not reserved for any specific use and available for future issuances.

If this proposal is adopted, the additional authorized shares of Common Stock may be issued upon the approval of our Board of Directors at such times, in such amounts, and upon such terms as our Board of Directors may determine, without further approval of the Shareholders, unless such approval is expressly required by applicable law, regulatory agencies, or any exchange or quotation service on which our Common Stock may then be listed. The ability of our Board of Directors to issue shares from the additional authorized shares will allow the Board, except under limited circumstances, to perform the functions for which they are currently empowered under our Articles of Incorporation and By-Laws in executing certain transactions, such as acquisitions, investments, or other transactions, pursuant to which such additional authorized shares could be issued without further Shareholder approval of the specific transaction.

Our Shareholders do not have preemptive rights with respect to future issuances of additional shares of Common Stock, which means that current Shareholders do not have a prior right to purchase any new issue of Common Stock of our Company in order to maintain their proportionate ownership interest. As a result, the issuance of a significant amount of additional authorized Common Stock (other than as the result of a stock split or other pro rata distribution to Shareholders) would result in a significant dilution of the beneficial ownership interests and/or voting power of each company Shareholder who does not purchase additional shares to maintain his or her pro rata interest. As additional shares are issued, the shares owned by our existing Shareholders will represent a smaller percentage ownership interest in our Company. In addition, the issuance of additional shares of our Common Stock could result in a decrease in the trading price of our Common Stock, depending on the price at which such shares are issued.

Possible Anti-Takeover Effects of the Proposal

Our Board of Directors does not intend or view the proposed increase in the number of authorized shares of our Common Stock as an anti-takeover measure, but rather, as a means of providing greater flexibility to the Board of Directors as indicated above. Nevertheless, the proposed increase in our authorized shares could enable the Board of Directors to issue additional shares to render more difficult or discourage an attempt by another person or entity to obtain control of our Company, even if the holders of our Common Stock deem such acquisition of control of our Company to be in their best interests. The issuance of additional shares of Common Stock in a public or private sale, merger or similar transaction would increase the number of outstanding shares and thereby could dilute the

proportionate interest of a party attempting to gain control of our Company. As of the date of this Proxy Statement, except as disclosed in the section titled “Changes in Control” of this proxy statement, our Board of Directors and our management are not aware of any attempt or plan to takeover or acquire our Company or our Common Stock, and the proposal to increase the authorized shares of our Common Stock was not prompted by any takeover or acquisition effort or threat. Other than the amendment to our Articles of Incorporation to increase the number of authorized shares of our Common Stock, our Board of Directors does not currently contemplate recommending the adoption of any other proposals or amendments to our Articles of Incorporation that could be construed to affect the ability of third parties to take over or change the control of our Company.

Required Vote

The affirmative vote of the holders of a majority of the voting power of the outstanding shares of capital stock of Elite as of the Record Date is required to approve this Proposal No. 3. If you abstain or do not instruct your broker how to vote with respect to this proposal, your abstention or broker non-vote will have the same effect as a vote against this proposal. It will become effective upon the filing of an Amended Articles of Incorporation with the Secretary of State of Nevada, which we intend to make promptly after the completion of the Annual Meeting.

OUR BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE "FOR" THIS PROPOSAL TO AMEND OUR ARTICLES OF INCORPORATION TO INCREASE THE NUMBER OF SHARES OF COMMON STOCK THE COMPANY IS AUTHORIZED TO ISSUE FROM 690,000,000 SHARES TO 995,000,000 SHARES

The Audit Committee pre-approves all auditing services and the terms thereof and non-audit services (other than non-audit services prohibited under Section 10A(g) of the Exchange Act or the applicable rules of the SEC or the Public Company Accounting Oversight Board) to be provided to us by the independent auditor; provided, however, the pre-approval requirement is waived with respect to the provisions of non-audit services for us if the “de minimus” provisions of Section 10A (i)(1)(B) of the Exchange Act are satisfied. PROPOSAL NO. 4

ADVISORY (NON-BINDING) VOTE APPROVING EXECUTIVE COMPENSATION

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" PROPOSAL NO. 4

We are asking our Shareholders to provide advisory approval of the compensation of our Named Executive Officers, as we have described at length in the “Executive Compensation” section and in the “Board and Committee Matters and Corporate Governance Matters-Committees of the Board- Compensation Committee” section of this proxy statement. While this vote is advisory and not binding on our Company relating to the compensation of our Named Executive Officers that almost entirely are contractually committed with generally no opportunity to revisit these prior decisions, your vote will provide investor sentiment to our Compensation Committee regarding our executive compensation philosophy, policies and practices. As a result of the vote, the Committee will be able to consider this sentiment when determining future executive compensation. For information on our 2013 executive compensation program, please see the “EXECUTIVE COMPENSATION”.

Objectives and Philosophy of Executive Compensation

Our approach to executive compensation, one of the most important and complex aspects of corporate governance, is influenced by our belief in rewarding people for consistently strong execution and performance. We believe that the ability to attract and retain qualified executive officers and other key employees is essential to our long-term success.

Compensation Linked to Attainment of Performance Goals

Our plan to obtain and retain highly skilled employees is to provide significant incentive compensation opportunities and market competitive salaries. The plan was intended to link individual employee objectives with overall company strategies and results, and to reward executive officers and significant employees for their individual contributions to those strategies and results. Furthermore, we believe that equity awards serve to align the interests of our executives with those of our Shareholders. As such, equity is a key component of our compensation program.

The primary elements of our executive compensation program are base salary, incentive cash and stock bonus opportunities and equity incentives typically in the form of stock option grants or payment of a portion of annual salary as stock. Although we provide other types of compensation, these three elements are the principal means by which we provide the Named Executive Officers with compensation opportunities.

The annual bonus opportunity and equity compensation components of the executive compensation program reflect our belief that a portion of an executive's compensation should be performance-based. This compensation is performance-based because payment is tied to the achievement of corporate performance goals. To the extent that performance goals are not achieved, executives will receive a lesser amount of total compensation.

Your vote is requested. We believe that the information we've provided within the "Compensation Discussion and Analysis Summary" and "Our Executive Compensation Program" subsections of "EXECUTIVE COMPENSATION" section of this proxy statement demonstrates that our executive compensation program was designed appropriately and is working to ensure Management's interests are aligned with our Shareholders' interests to support long-term value creation. Accordingly, the Board of Directors recommends that Shareholders approve the program by approving the following advisory resolution:

"RESOLVED, that the Shareholders of Elite Pharmaceuticals, Inc. approve, on an advisory basis, the compensation of the individuals identified in the Summary Compensation Table, as disclosed in the Elite Pharmaceuticals, Inc. Proxy Statement pursuant to the compensation disclosure rules of the SEC, including Item 402 of Regulation S-K."

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE "FOR"

APPROVAL, ON AN ADVISORY BASIS, EXECUTIVE COMPENSATION

PROPOSAL NO. 5

**ADVISORY (NON-BINDING) VOTE DETERMINING THE FREQUENCY OF
ADVISORY VOTES ON EXECUTIVE COMPENSATION**

*THE BOARD OF DIRECTORS RECOMMENDS A VOTE “FOR” THE SELECTION OF “THREE YEARS” ON
PROPOSAL NO. 5*

In addition to the advisory approval of our executive compensation program, we are also seeking a non-binding determination from our Shareholders as to the frequency with which Shareholders would have an opportunity to provide an advisory approval of our executive compensation program. We are providing Shareholders the option of selecting a frequency of three, two or one years, or abstaining.

For the reasons described below, we recommend that our Shareholders select a frequency of three years, or a triennial vote.

Our executive compensation program is designed to support long-term value creation, and a triennial vote will allow Shareholders to better judge our executive compensation program in relation to our long-term performance.

A triennial vote will provide us with the time to thoughtfully consider Shareholders' sentiments and implement viable changes. We will continue to carefully review executive compensation to maintain the consistency and credibility of the program which is important in motivating and retaining our key employees. We therefore believe that a triennial vote is an appropriate frequency to provide our Compensation Committee sufficient time to thoughtfully consider Shareholders' input and to implement any appropriate changes to our executive compensation program, in light of the timing that would be required to implement such changes.

Your vote is requested. We therefore request that our Shareholders select "Three Years" when voting on the frequency of advisory votes on executive compensation. Although the advisory vote is non-binding, our Compensation Committee will consider the results of the vote and take them into account in making a determination concerning the frequency of advisory votes on executive compensation.

THE BOARD OF DIRECTORS RECOMMENDS SHAREHOLDERS SELECT "THREE YEARS" ON THE PROPOSAL RECOMMENDING THE FREQUENCY OF ADVISORY VOTES ON EXECUTIVE COMPENSATION.

PROPOSAL NO. 6

APPROVAL OF ELITE PHARMACEUTICALS, INC.

2014 EQUITY INCENTIVE PLAN

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" PROPOSAL NO. 6

Background and Effective Date

The board of directors believes that it is in the best interest of the Company and the shareholders to approve the Elite Pharmaceuticals, Inc. 2014 Equity Incentive Plan (the "2014 Plan"). The board of directors approved the 2014 Plan on March 17, 2014 at which point it became effective. In order for us to issue qualified stock options under the 2014 Plan, we require the approval of our shareholders at the Meeting. If the Company does not obtain shareholder approval of the 2014 Plan at the Annual Meeting or within twelve (12) months after its effective date, any Option

granted at any time under the 2014 Plan as an incentive stock option (“ISO”) intended to qualify under Section 422 of the Internal Revenue Code of 1986, as amended (the “Code”) will not be an ISO and will be deemed to be a non-qualified stock options.

Summary Description of the 2014 Plan

The material provision of the 2014 Plan are summarized below: The following description of the 2014 Plan is a summary and is qualified in its entirety by reference to the 2014 Plan, a copy of which is attached as **Appendix B** to this Proxy Statement. Shareholders are urged to review the 2014 Plan before determining how to vote on this proposal.

Purpose - The purpose of the 2014 Plan is to attract, motivate and retain officers, employees, consultants, and directors by issuing common stock based incentives to directors, officers, employees and consultants who are selected for participation. By relating incentive compensation to increases in shareholder value, it is hoped that these individuals will both continue in the long-term service of the Company and be motivated to experience a heightened interest and participate in the future success of Company operations. The 2014 Plan is designed so that the interests of individuals selected to receive the award will be more closely aligned with that of the Company’s shareholders.

Participation - Participants in the 2014 Plan shall be those officers, full and part-time employees, consultants and non-employee directors who, in the judgment of the Committee are performing, or during the term of their incentive arrangement, will perform important services in the management, operation and development of the Company, and are expected to significantly contribute to long term corporate economic objectives. The 2014 Plan is administered by the board of directors or the Compensation Committee of the board of directors (the “Administrator”). Subject to the terms of the 2014 Plan, the Administrator determines the persons to whom awards are granted, the types of awards granted, the number of shares subject to the awards, the vesting schedules, the type of consideration to be paid to the Company upon exercise of awards and the term of any award (which cannot exceed ten years). No single participant may be granted an award in excess of 1,000,000 shares in a twelve-month period. The Administrator may delegate to officers the power to make these determinations, except with respect to grants to executive officers and directors. There are currently one officer, four employees, six non-employee directors and no consultants eligible to participate in the 2014 Plan.

Form of Awards - Awards under the 2014 Plan may be granted in any one or all of the following forms: (i) incentive stock options (“ISOs”) intended to qualify under Section 422 of the Internal Revenue Code of 1986, as amended (the “Code”); (ii) non-qualified stock options (“NSOs”); (iii) stock appreciation rights, which may be granted in tandem with options or on a stand-alone basis; (iv) shares of restricted stock; (v) shares of unrestricted stock; (vi) performance shares, and (vii) performance units.

Maximum Shares Available - The maximum aggregate number of shares of common stock available for award under the 2014 Plan is 3,000,000, subject to adjustment as provided in the 2014 Plan. Shares that are subject to an award which are not used because the terms of the award are not met, including shares which expire, terminate or are forfeited, shares used for full or partial payment of the purchase price of an award, and shares retained by the Company for withholding tax purposes will be available for subsequent awards under the 2014 Plan.

Options - Under the 2014 Plan, the Administrator may grant both ISOs and NSOs. Options may not be granted under the 2014 Plan at an exercise price of less than the fair market value of the common stock on the date of grant and the term of options cannot exceed ten years. ISOs may only be granted to persons who are employees of the Company. The exercise price of an ISO granted to a holder of more than 10% of the common stock must be at least 110% of the fair market value of the common stock on the date of grant, and the term of these options cannot exceed five years. No more than 3,000,000 shares are available for grant as ISOs. The aggregate market price (determined at the date of grant) of common stock with respect to which ISO’s are exercisable for the first time by any option holder during any year under all Company plans may not exceed \$100,000. ISOs granted pursuant to the 2014 Plan may not be exercised more than three months after the option holder ceases to be an employee of the Company, except that in the event of the death, disability, or retirement of the option holder, the option may be exercised by the holder (or such holder’s estate, as the case may be), for a period of up to one year after the date of death, disability or retirement.

Stock Appreciation Rights - The Administrator may grant free standing stock appreciation rights or stock appreciation rights in tandem with option awards. Stock appreciation rights represent the right to receive upon exercise an amount payable in cash or common stock equal to (A) the number of shares with respect to which the stock appreciation right

is being exercised multiplied by (B) the excess of (i) the fair market value of a share of common stock on the date the award is exercised over (ii) the exercise price specified in the award agreement.

Tandem stock appreciation rights may be exercisable only to the extent that the related option is exercisable and will be exercisable only for such period as the Administrator determines, which may expire prior to the expiration of the related option. If a stock appreciation right is issued in tandem with an option, the exercise of the stock appreciation right or the related option will result in an equal reduction in the number of corresponding shares subject to the option or stock appreciation right, as applicable, that were granted in tandem with such stock appreciation right or option. Nontandem stock appreciation rights will be exercisable during such period as the Administrator determines.

At the discretion of the Administrator, payment upon exercise may be in cash, shares of common stock (with or without restrictions), or any combination thereof, as determined by the Administrator in its sole discretion.

Performance Awards - Under the performance award component of the 2014 Plan, participants may be granted an award denominated in shares of common stock (“performance shares”) or in dollars (“performance units”). Achievement of the performance targets, or multiple performance targets established by the Administrator relating to corporate, group, unit or individual performance based upon standards set by the Administrator shall entitle the participant to payment at the full amount or a portion of the amount specified with respect to the award, at the discretion of the Administrator based on its evaluation of the performance of the target goals applicable to such award. Payment may be made in cash, common stock or any combination thereof, as determined by the Administrator, and shall be adjusted in the event the participant ceases to be an employee of the Company before the end of a performance cycle by reason of death, disability or retirement.

Stock Awards - Under the stock component of the 2014 Plan, the Administrator may, in selected cases, grant to a plan participant a given number of shares of restricted stock or unrestricted stock. Restricted stock under the 2014 Plan is common stock restricted as to sale pending fulfillment of such vesting schedule and employment requirements as the Administrator shall determine. Prior to the lifting of the restrictions, the participant will nevertheless be entitled to receive distributions in liquidation and dividends on, and to vote the shares of, the restricted stock. The 2014 Plan provides for forfeiture of restricted stock for breach of conditions of grant.

Non-Employee Director Awards - The 2014 Plan also permits the board of directors (and not the Compensation Committee) to grant awards of NSOs, restricted stock or unrestricted stock to non-employee directors. The board may authorize individual grants or adopt one or more formulas for grants of awards to the non-employee directors. All options granted to non-employee directors must have an exercise price equal to the fair market value at the date of grant.

Exercise Price - The exercise price of awards may be paid in cash, in shares of common stock (valued at fair market value at the date of exercise), by delivery of a notice of exercise together with irrevocable instructions to a broker to deliver to the Company the proceeds of the sale of common stock or of a loan from the broker sufficient to pay the exercise price, by having the Company withhold from shares being exercised the number of shares having a fair market value equal to the exercise price for all shares being exercised, or by a combination of the foregoing means of payment, as may be determined by the Administrator. The Company may guarantee a third-party loan or make a loan to a participant that is not an officer or director if all or part of the exercise price of such loan is secured by the stock underlying the award and the loan bears a market interest rate.

162(m) Awards - Generally the Company cannot deduct compensation paid to the named executive officers in excess of \$1,000,000. An exemption is available for “qualified performance based” compensation that satisfies the requirements of Section 162(m) of the Code. The 2014 Plan permits the Administrator to establish awards which qualify for the exemption. In order to qualify, an award must be based on the achievement of one or more objective performance goals selected by the Administrator which shall be based on one or any combination of the following: specified levels of earnings per share, operating income (before or after taxes), production or production growth, resource replacement or resource growth, revenues, gross margin, return on operating assets, return on equity, economic value added, stock price appreciation, total shareholder return (measured in terms of stock price

appreciation and dividend growth), successful completion of financing, cash flows, or cost control, of the Company, an affiliate, or a division for or within which the participant is primarily employed. Such performance goals may also be based upon the attaining of specified levels of Company performance under one or more of the measures described above relative to the performance of other companies. The Administrator may not adjust such an award upwards, nor may it waive the achievement of goals except in the case of death or disability of the participant.

Adjustments - The 2014 Plan provides that the total number of shares covered by such 2014 Plan, the number of shares covered by each award and the exercise price per share may be proportionately adjusted by the Administrator in the event of a stock split, reverse stock split, stock dividend or similar capital adjustment effected without receipt of consideration by the Company. Upon a merger or sale of substantially all assets of the Company, the Administrator will have the power and discretion to prescribe the terms for exercise or modification of outstanding awards under the 2014 Plan. In addition, upon a change of control, the Administrator is authorized to make adjustments in outstanding awards, including acceleration of exercise dates and vesting schedules, granting cash bonuses to award holders equal to the exercise price, making cash payments to holders equal to the difference between the fair market value and the exercise price of awards in exchange for cancellation of the awards, and elimination of restrictions on vesting of restricted stock or performance shares.

Amendments - The board of directors may amend or discontinue the 2014 Plan at any time, provided that no such amendment may become effective without approval of the shareholders if shareholder approval is necessary to satisfy statutory or regulatory requirements or if the board of directors, on advice of counsel, determines that shareholder approval is otherwise necessary or desirable. No amendment or discontinuance shall adversely affect the rights and obligations with respect to outstanding awards under the 2014 Plan without the consent of award holders.

Registration of Underlying Common Stock - If the 2014 Plan is approved by the shareholders, the Company expects to file a registration statement on Form S-8 to register up to the 3,000,000 shares of common stock that will be reserved for issuance under the 2014 Plan.

New Plan Benefits

No awards have been proposed or are determinable at this time for the 2014 Plan. However, if the 2014 Plan had been in effect during the last fiscal year, the following table shows what would have been issued.

2014 Equity Incentive Plan

Position	Dollar Value (\$)	Number of	
		Shares ⁽¹⁾	
Executive Group (2 persons)	—	(2)	— (2)
Non-Executive Director Group (5 persons)	—	(2)	— (2)
Non-Executive Officers (zero persons)	—	(2)	— (2)
Employee Group (5 persons)	46,726	(2)	492,728 (2)

(1) Number of shares determined by the average of the daily closing prices for the Common Stock over the prior calendar year

(2) If the proposed 2014 Plan is approved, the shares authorized for the 2014 Plan will be used only for future grants. No awards have been proposed or are determinable at this time for these groups.

Federal Income Tax Consequences of the Equity Incentive Plan

The following is a general summary of the federal income tax consequences that may apply to recipients of options, stock appreciation rights, stock, performance shares and performance units under the 2014 Plan. Because the application of the tax laws may vary according to individual circumstances, each participant is urged to seek

professional tax advice concerning the tax consequences to him or her of participation in the 2014 Plan including the potential application and effect of state, local and foreign tax laws and estate and gift tax considerations.

Incentive Stock Options - A participant who is granted an ISO recognizes no taxable income when the ISO is granted and generally recognizes no taxable income upon exercise of the ISO unless the alternative minimum tax applies (see below). A participant who exercises an ISO recognizes taxable gain or loss when the participant sells the shares purchased pursuant to the ISO. Any gain or loss recognized on the sale of shares acquired upon exercise of an ISO is taxed as capital gain or loss if the shares have been held for more than one year from the date the option was exercised and for more than two years after the option was granted. In this event, the Company receives no deduction with respect to the ISO shares. If the participant disposes of the shares before the required holding periods have elapsed (a “disqualifying disposition”), the participant recognizes ordinary income on disposition of the shares, to the extent of the difference between the fair market value on the date of exercise (or potentially up to six months thereafter if the option holder is subject to Section 16(b) of the Securities Exchange Act of 1934 (the “Act”) as a director, officer or greater than 10% shareholder) and the exercise price, but, in the case of a disposition in which a loss (if sustained) would be recognized, not exceeding the net gain upon such disposition. The Company generally receives a corresponding deduction in the year of the disqualifying disposition equal to the amount of ordinary income recognized by the option holder. Long-term capital gain is currently taxed at a more favorable rate than ordinary income, but the deduction of capital losses is subject to limitation.

Certain taxpayers who have significant tax preferences (and other items allowed favorable treatment for regular tax purposes) may be subject to the alternative minimum tax (“AMT”). The AMT is payable only if and to the extent that it exceeds the taxpayer’s regular tax liability, and AMT paid generally may be credited against subsequent regular tax liability. For purposes of the AMT, an incentive stock option is treated as if it were a non-statutory option (see below). Thus, the difference between fair market value on the date of exercise (or potentially up to six months thereafter if the option holder is subject to Section 16(b) of the Act) and the option price is included in income for AMT purposes, and the taxpayer receives a basis equal to such fair market value for subsequent AMT purposes. However, regular tax treatment (see above) will apply for AMT purposes if a disqualifying disposition occurs in the same taxable year as the options are exercised.

Non-Statutory Stock Options - The tax treatment of NSOs differs significantly from the tax treatment of ISOs. Similar to an ISO, no taxable income is recognized when an NSO is granted. However, upon the exercise of an NSO, the difference between the fair market value of the shares on the date of exercise and the exercise price of the option is taxable as ordinary compensation income to the recipient. In addition, the Company is entitled to a compensation deduction for the amount of ordinary income recognized by the option holder. If the option holder is subject to Section 16(b) of the Act, the date for measuring taxable income potentially may be deferred for up to six months (unless the employee makes an election under Section 83(b) of the Code within 30 days after the exercise date).

Stock Appreciation Rights - No income will be recognized by a participant in connection with the grant of a tandem stock appreciation right or a nontandem stock appreciation right. When the stock appreciation right is exercised, the participant normally will be required to include as taxable ordinary income in the year of exercise an amount equal to the amount of cash received and the fair market value of any unrestricted shares of common stock received on the exercise of the stock appreciation right. The Company is entitled to a compensation deduction for the amount of ordinary income recognized by the participant.

Unrestricted Stock - Grantees of unrestricted stock awards generally will recognize taxable income in an amount equal to the fair market value of the stock at the time of the grant (or potentially up to six months thereafter if the grantee is subject to Section 16(b) of the Act) less the amount, if any, paid for the stock.

Restricted Stock - Grantees of restricted stock awards generally do not recognize income at the time of the grant of such awards. However, when shares of restricted stock are no longer subject to a substantial risk of forfeiture (or potentially up to six months thereafter if the grantee is subject to Section 16(b) of the Act), grantees recognize ordinary income in an amount equal to the fair market value of the stock less the amount, if any, paid for the stock. Alternatively, the grantee of restricted stock may elect, under Section 83(b) of the Code to recognize income upon the grant of the stock and not at the time the restriction lapses, provided this election is properly made within 30 days after the grant. The Company is entitled to deduct an amount equal to the fair market value of the stock at the time the grantee recognizes income related to the grant.

Performance Awards - Generally no income will be recognized by a participant upon the grant of a performance award. When payment is made with respect of the earn-out of a performance award (or, with respect to performance shares, potentially up to six months thereafter if the grantee is subject to section 16(b) of the Act), the recipient generally will be required to recognize ordinary income in an amount equal to the cash received and the fair market value of any unrestricted shares of common stock received. The Company is entitled to a compensation deduction for the amount of ordinary income recognized by the participant.

Withholding - The Company may withhold any taxes required by any law or regulation of any governmental authority, whether federal, state or local, in connection with any award under the 2014 Plan, including, but not limited to withholding of any portion of any payment or withholding from other compensation payable to the participant, unless such person reimburses the Company for such amount.

Compliance with Section 409A of the Code - To the extent applicable, it is intended that the 2014 Plan and any grants made thereunder comply with the provisions of Section 409A of the Code, so that the income inclusion provisions of Section 409A(a)(1) of the Code do not apply to the participants. The 2014 Plan and any grants made under the 2014 Plan will be administered in a manner consistent with this intent.

Limitations on the Company's compensation deduction - The Company's ability to take a compensation deduction based on the amount of ordinary income recognized by a participant is subject to certain limitations attributable to payments of excess compensation such as Sections 162(m) and 280G of the Code.

AUDIT COMMITTEE REPORT

The Audit Committee's primary responsibilities are to monitor the integrity of our financial statements and reporting process and systems of internal controls regarding finance and accounting and to monitor our compliance with legal and regulatory requirements, including disclosures and procedures. The committee also has the responsibility to evaluate our independent auditor's qualifications, independence and performance as well as to evaluate the performance of the internal audit function.

Management has the primary responsibility for the financial statements and the reporting process, including our systems of internal controls. The independent auditors are responsible for auditing the annual financial statements prepared by management and expressing an opinion as to whether those financial statements conform with accounting principles generally accepted in the United States of America. The Audit Committee reviewed and discussed the audited financial statements with management and our independent auditors.

We have discussed with the independent auditors those matters required to be communicated to us by auditing standard AU380, *Communication with Audit Committees*, issued by the American Institute of Certified Public Accountants.

We have received and reviewed the written disclosures and the letter from the independent auditors as required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communication with the audit committee concerning independence, and have discussed with the auditors the auditor's independence.

Based upon the review and discussions described in this report, the audit committee recommended to the Board of Directors that the audited financial statements be included in our Annual Report on Form 10-K for the fiscal year ended March 31, 2013 that has been filed with the Securities and Exchange Commission.

AUDIT COMMITTEE

BOARD AND COMMITTEE MATTERS AND CORPORATE GOVERNANCE MATTERS

Board Leadership Structure and Role in Risk Oversight

Our Board of Directors recognizes that the leadership structure and combination or separation of the Chief Executive Officer and Chairman roles is driven by the needs of the Company at any point in time. As a result, no policy exists requiring the combination or separation of leadership roles and our governing documents do not mandate a particular structure. This allows our Board of Directors the flexibility to establish the most appropriate structure for the Company at any given time. In August 2013, Mr. Hakim became our Chief Executive Officer. Mr. Treppel, the prior Chief Executive Officer resigned from that position but remains our Chairman of the Board. The Board of Directors believes that, having separate Chief Executive Officer and Chairman positions is the appropriate leadership structure for the Company.

Our Board of Directors is responsible for overseeing the overall risk management process at the Company. Risk management is considered a strategic activity within the Company and responsibility for managing risk rests with executive management while the Board of Directors participates in the oversight of the process. The oversight responsibility of our Board of Directors is enabled by management reporting processes that are designed to provide visibility to the Board of Directors about the identification, assessment, and management of critical risks. These areas of focus include strategic, operational, financial and reporting, succession and compensation, compliance, and other risks.

Board Independence

Our Common Stock is quoted on the OTC Bulletin Board which does not require that a majority of the Company's directors be independent. Our Board of Directors has two members who are "independent" as defined in Section 803(2) of the NYSE MKT LLC Company Guide. The Board of Directors considers all relevant facts and circumstances in making its determination as to the independence of each member of the Board of Directors (including any relationships set forth in this Proxy Statement under the heading "*Certain Related Person Transactions*"). Our Board of Directors has affirmatively determined that none of the following Directors has a material relationship with us that would interfere with the exercise of his independent judgment (either directly or as a partner, Shareholder or officer of an organization that has a relationship with us): Dr. Barry Dash and Jeffrey Whitnell are therefore deemed independent.

Shareholder Communications with the Board of Directors

Shareholders and other interested parties may contact the Board of Directors or the non-management directors as a group at the following address:

Board of Directors or Outside Directors
Elite Pharmaceuticals, Inc.
165 Ludlow Avenue
Northvale, NJ 07647

All communications received at the above address will be relayed to the Board of Directors or the non-management directors, respectively. Communications regarding accounting, internal accounting controls or auditing matters may also be reported to the Audit Committee using the above address.

Conduct Of The Meeting

The Chairman of our Board (or any person designated by our Board) has broad authority to conduct the annual meeting of Shareholders in an orderly manner. This authority includes establishing rules of conduct for Shareholders who wish to address the meeting, including limiting questions to the order of business and to a certain amount of time. Copies of these rules will be available at the meeting. To ensure that the meeting is conducted in a manner that is fair to all Shareholders, the Chairman (or such person designated by our Board) also may exercise broad discretion in recognizing Shareholders who wish to speak, in determining the extent of discussion on each item of business and in managing disruptions or disorderly conduct.

Board Meetings

During the fiscal year ended March 31, 2013, our Board of Directors held 9 meetings and acted by written consent on two occasions. No incumbent director attended fewer than 75% of the meetings of the Board of Directors, or committees on which these directors served, during that year.

Director Attendance at Annual Meeting of Shareholders

We do not have any policy requiring directors to be present at our Annual Meeting of Shareholders, however historically more than a majority of the incumbent directors have attended the annual meeting of Shareholders, and we anticipate a majority of our directors will be present at the Annual Meeting.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our Officers, Directors, and persons who own more than ten percent of a registered class of equity securities, to file reports with the Securities and Exchange Commission (the "SEC") reflecting their initial position of ownership on Form 3 and changes in ownership on Form 4 or Form 5. Based solely on a review of the copies of such Forms received by us, we found that, during the fiscal year ended March 31, 2013, three

of our Officers and Directors and two entities that had beneficial ownership of more than ten percent of a registered class of equity securities had not complied with all applicable Section 16(a) filing requirements on a timely basis with regard to transactions occurring in Fiscal 2013. Specifically, as follows:

Name	Late Filings	No. of Transactions
Ashok Nigalaye	3	4
Jeenarine Narine	3	4
Epic Investments LLC	3	4
Epic Pharma LLC	3	4

Committees of the Board

The Board of Directors has an Audit Committee, Nominating Committee and a Compensation Committee.

Audit Committee. The current members of the Audit Committee are Jeffrey Whitnell (Chairman of the Audit Committee) and Barry Dash. The Audit Committee held four meetings during the fiscal year ended March 31, 2013. Our Audit Committee operates under a written charter, a current copy of which is posted on our website at <http://www.elitepharma.com/CorporateGovernance.asp>.

The Audit Committee reviews with management and our auditors our financial statements, the accounting principles applied in their preparation, the scope of the audit, any comments made by the auditors on our financial statements and our accounting controls and procedures, the independence of our auditors, our internal controls, the other matters set forth in its charter, as adopted by the Board of Directors, and such other matters as the Audit Committee deems appropriate. The Audit Committee is directly responsible for the appointment, compensation, retention and oversight of the work of our independent auditors for the purpose of preparing or issuing an audit report or performing other audit, review or attest services for us. We deem the members of our Audit Committee are “independent,” as defined in Section 803(2) of the NYSE: MKT Company Guide and Rule 10A-3 under the Exchange Act, and Mr. Whitnell to be qualified as an “audit committee financial expert,” as such term is defined in Item 407(d)(5) of Regulation S-K promulgated under the Securities Act of 1933, as amended (the “Securities Act”).

During Fiscal 2013, the members of the Audit Committee were Jeffrey Whitnell (Chairman of the Audit Committee), Ram Potti and Dr. Barry Dash. We deem Messrs. Whitnell and Dash to be independent and Mr. Whitnell to be qualified as an audit committee financial expert. The Board of Directors has determined that Messrs. Whitnell and Dash are independent directors as (i) defined in Rule 10A-3(b)(1)(ii) under the Exchange Act and (ii) under Sections 803A(2) and 803B(2)(a) of the NYSE MKT LLC Company Guide (although our securities are not listed on the NYSE MKT LLCE or any other national exchange). Mr. Potti resigned as a Director and member of Audit Committee in December 2012. His seat on the Audit Committee has not been replaced. As of the Record Date, the Audit Committee accordingly consists of Mr. Whitnell and Dr. Dash.

Nominating Committee. The current members of the Nominating Committee are Jeenarine Narine and Barry Dash. The Nominating Committee held no meetings during the fiscal year ended March 31, 2013. This committee does not have a charter. The Nominating Committee assists the Board of Directors in identifying and recommending qualified Board candidates. The Nominating Committee identifies Board candidates through numerous sources, including recommendations from Directors, executive officers and our Shareholders. The Nominating Committee seeks to have available to it qualified candidates from a broad pool of individuals with a range of talents, experience, backgrounds and perspectives. The Nominating Committee seeks to identify those individuals most qualified to serve as Board members and considers many factors with regard to each candidate, including judgment, integrity, diversity, prior experience, the interplay of the candidate’s experience with the experience of other Board members, the extent to which the candidate would be desirable as a member of any committees of the Board of Directors, and the candidate’s willingness to devote substantial time and effort to Board responsibilities. The Nominating Committee makes recommendations to the Board of Directors with respect to Director nominees, and the full Board of Directors determines the slate of nominees for each annual meeting.

During the fiscal year ended March 31, 2013, the members of the Nominating Committee were Ram Potti, Dr. Barry Dash and Jeenarine Narine. There were no material changes to the procedures by which security holders may recommend nominees to our Board of Directors since the filing of our last Annual Report on Form 10-K. Mr. Potti resigned as a Director and member of Nominating Committee in December 2012. His seat on the Nominating Committee has not been replaced. As of the Record Date, the Nominating Committee consists of Mr. Narine and Dr. Dash.

Shareholders may suggest qualified candidates for directors. To do this, they should write to the attention of the Corporate Secretary, Elite Pharmaceuticals, Inc., 165 Ludlow Avenue, Northvale, New Jersey 07647, stating in detail the qualifications of such persons for consideration by the Committee.

Compensation Committee. The current members of the Compensation Committee are Barry Dash (Chairman of the Compensation Committee), Ashok Nigalaye and Jeffrey Whitnell. The Compensation Committee held one meeting during the fiscal year ended March 31, 2013. Our Compensation Committee operates under a written charter, a current copy of which is posted on our website at <http://www.elitepharma.com/CorporateGovernance.asp>. The Compensation Committee reviews our compensation practices and policies, reviews and approves corporate goals and objectives relevant to the chief executive officer and other executive officer compensation, evaluates chief executive officer and executive officer performance in light of those goals and objectives and, either as a committee or together with other independent directors (as directed by the Board of Directors), determines and approves chief executive officer and executive officer compensation based on this evaluation, reviews and approves the terms of the offer letters, employment agreements, severance agreements, change-in-control agreements, indemnification agreements and other material agreements between the Company and its Chief Executive Officer and executive officers, annually reviews and approves perquisites for the chief executive officer and executive officers, considers and approves the report of the Compensation Committee for inclusion in the Company's proxy statement, makes recommendations to the Board of Directors with respect to the Company's employee benefit plans, administers incentive, deferred compensation and equity based plans, and has the other responsibilities as set forth in its charter, as adopted by the Board of Directors, and such other matters as the Compensation Committee deems appropriate. For more information on the compensation of directors and officers of the Company, see the "Compensation Discussion and Analysis" and "Compensation" sections below.

During the fiscal year ended March 31, 2013, the members of the Compensation Committee were Barry Dash (Chairman of the Compensation Committee), Dr. Ashok Nigalaye and Jeffrey Whitnell.

Compensation Committee Interlocks and Insider Participation

Two of the three members of the Compensation Committee were not officers or employees of the Company or any of its subsidiaries during the year ended March 31, 2013, nor did they have any relationship otherwise requiring disclosure.

Code of Ethics

Our Board of Directors has adopted a Code of Business Conduct and Ethics applicable to all of our directors, officers and employees, including our Principal Executive Officer and our Principal Financial and Accounting Officer. A copy of the Code is available on the Investor Relations portion of our website at www.elitepharma.com. Any waivers of the Code for directors or executive officers must be approved by the Board Our Board of Directors and we are required to disclose any such waiver in a Current Report on Form 8-K within four business days.

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION

AND ANALYSIS SUMMARY

Our approach to executive compensation, one of the most important and complex aspects of corporate governance, is influenced by our belief in rewarding people for consistently strong execution and performance. We believe that the ability to attract and retain qualified executive officers and other key employees is essential to our long-term success.

Compensation Linked to Attainment of Performance Goals

Our plan to obtain and retain highly skilled employees is to provide significant incentive compensation opportunities and market competitive salaries. The plan was intended to link individual employee objectives with overall company strategies and results, and to reward executive officers and significant employees for their individual contributions to those strategies and results. Furthermore, we believe that equity awards serve to align the interests of our executives with those of our Shareholders. As such, equity is a key component of our compensation program.

Role of the Compensation Committee

The Company formed the Compensation Committee in June 2007. Since the formation of the Compensation Committee all elements of the executives' compensation are determined by the Compensation Committee, which is comprised of a two independent non-employee directors, and one director who is also the Company's Chief Scientific Officer. However, the Compensation Committee's decisions concerning the compensation of the Company's Chief Executive Officer are subject to ratification by the independent directors of the Board of Directors. As of the Record Date, the members of the Compensation Committee were Barry Dash, Ashok Nigalaye and Jeffrey Whitnell. The Committee operates pursuant to a charter. Under the Compensation Committee charter, the Compensation Committee has authority to retain compensation consultants, outside counsel, and other advisors that the committee deems appropriate, in its sole discretion, to assist it in discharging its duties, and to approve the terms of retention and fees to be paid to such consultants. The Compensation Committee did not engage any advisors

Named Executive Officers and Key Employees

The named executive officers and key employees for the fiscal year ended March 31, 2013 were:

Jerry Treppel, Chief Executive Officer for the full year
Chris C. Dick, President and Chief Operating Officer for the full year
Carter J. Ward, Chief Financial Officer, Secretary and Treasurer for the full year.

Please note that Chris C. Dick stepped down from his positions as President and Chief Operating Officer in May 2013, Jerry Treppel resigned as Chief Executive Officer on August 2, 2013, and Nasrat Hakim was named Chief Executive Officer on August 2, 2013. These individuals, other than for the fiscal year ending March 31, 2013, including Mr. Hakim are referred to collectively in this Proxy Statement as the "Named Executive Officers".

OUR EXECUTIVE COMPENSATION PROGRAM

Overview

The primary elements of our executive compensation program are base salary, incentive cash and stock bonus opportunities and equity incentives typically in the form of stock option grants or payment of a portion of annual salary as stock. Although we provide other types of compensation, these three elements are the principal means by which we provide the Named Executive Officers with compensation opportunities.

The annual bonus opportunity and equity compensation components of the executive compensation program reflect our belief that a portion of an executive's compensation should be performance-based. This compensation is performance-based because payment is tied to the achievement of corporate performance goals. To the extent that performance goals are not achieved, executives will receive a lesser amount of total compensation.

ELEMENTS OF OUR EXECUTIVE COMPENSATION PROGRAM

Base Salary

We pay a base salary to certain of the Named Executive Officers, with such payments being made in either cash, Common Stock or a combination of cash and Common Stock. In general, base salaries for the Named Executive Officers are determined by evaluating the responsibilities of the executive's position, the executive's experience and the competitive marketplace. Base salary adjustments are considered and take into account changes in the executive's responsibilities, the executive's performance and changes in the competitive marketplace. We believe that the base salaries of the Named Executive Officers are appropriate within the context of the compensation elements provided to the executives and because they are at a level which remains competitive in the marketplace.

Bonuses

The Board of Directors may authorize us to give discretionary bonuses, payable in cash or shares of Common Stock, to the Named Executive Officers and other key employees. Such bonuses are designed to motivate the Named Executive Officers and other employees to achieve specified corporate, business unit and/or individual, strategic, operational and other performance objectives.

Stock Options

Stock options constitute performance-based compensation because they have value to the recipient only if the price of our Common Stock increases. Stock options for each of the Named Executive Officers generally vest over time, obtainment of a corporate goal or a combination of the two.

The grant of stock options at Elite is designed to motivate our Named Executive Officers to achieve our short-term and long-term corporate goals.

Retirement and Deferred Compensation Benefits

We do not presently provide the Named Executive Officers with a defined benefit pension plan or any supplemental executive retirement plans, nor do we provide the Named Executive Officers with retiree health benefits. We have adopted a deferred compensation plan under Section 401(k) of the Code. The plan provides for employees to defer compensation on a pretax basis subject to certain limits, however, Elite does not provide a matching contribution to its participants.

The retirement and deferred compensation benefits provided to the Named Executive Officers are not material factors considered in making other compensation determinations with respect to Named Executive Officers.

Post-Termination/Change of Control Compensation

Pursuant to his employment agreement, Nasrat Hakim, our Chief Executive Officer, is entitled to a payment in an amount equal to two years base annual salary in effect upon the date of termination, less applicable deductions and withholdings, payable in Common Stock upon a Change of Control (as defined in the Hakim Employment Agreement). For more detailed information, please see ***“Agreements with Named Executive Officers”*** below.

We do not presently provide any other Named Executive Officer with any plan or arrangement in connection with any termination, including, without limitation, through retirement, resignation, severance or constructive termination (including a change in responsibilities) of such Named Executive Officer’s employment with the Company. We also do not presently provide any other Named Executive Officers any plan or arrangement in connection with a change in control of the Company.

Perquisites

As described in more detail below, the perquisites provided to certain of the Named Executive Officers consist of car allowances and life insurance premiums. These perquisites represent a small fraction of the total compensation of each such Named Executive Officer. The value of the perquisites we provide are taxable to the Named Executive Officers and the incremental cost to us of providing these perquisites is reflected in the Summary Compensation Table. The Board of Directors believes that the perquisites provided are reasonable and appropriate. For more information on perquisites provided to the Named Executive Officers, please see the “All Other Compensation” column of the Summary Compensation Table and “Agreements with Named Executive Officers,” below.

Jerry Treppel

On December 1, 2008, Elite entered into a compensation agreement with Mr. Treppel (the “First Treppel Agreement”) providing for the terms under which Mr. Treppel will serve as the non-executive Chairman of the Board. Pursuant to the First Treppel Agreement, Mr. Treppel will serve as the non-executive Chairman of the Board until immediately prior to the next annual meeting of the Company’s Shareholders; provided, however, that following such annual meeting, and each subsequent annual meeting of the Company’s Shareholders, if the Board elects Mr. Treppel as the non-executive Chairman of the Board, the term of the First Treppel Agreement will be extended through the earlier of (a) the date of the next subsequent annual meeting of the Company’s Shareholders and (b) the date upon which Mr. Treppel no longer serves as the non-executive Chairman.

During the term of the First Treppel Agreement, including any applicable extensions thereof, Mr. Treppel is entitled to cash compensation of \$2,083.33 on a monthly basis in lieu of, and not in addition to, any cash directors’ fees and other compensation paid to other non-employee members of the Board. Mr. Treppel is also entitled to reimbursement of any expenses reasonably incurred in the performance of his duties under the First Treppel Agreement upon presentation of proper written evidence of such expenditures.

In addition, pursuant to the terms of the First Treppel Agreement, Elite granted to Mr. Treppel under its 2004 Stock Option Plan non-qualified stock options to purchase 180,000 shares of Common Stock of Elite, par value \$0.001 per share, exercisable for a period of 10 years at an exercise price per share of \$0.06, subject to the terms and conditions of the related option agreement.

Under the First Treppel Agreement, Elite has also agreed to indemnify Mr. Treppel to the fullest extent permitted by law in accordance with the By-Laws of Elite against (a) reasonable expenses, including attorneys’ fees, incurred by him in connection with any threatened, pending, or completed civil, criminal, administrative, investigative, or arbitrative action, suit, or proceeding (and any appeal therein) seeking to hold him liable for actions taken in his capacity as Chairman of the Board, and (b) reasonable payments made by him in satisfaction of any judgment, money decree, fine (including assessment of excise tax with respect to an employee benefit plan), penalty or settlement for which he may have become liable in any such action, suit or proceeding, provided that any such expenses or payments are not the result of Mr. Treppel’s gross negligence, willful misconduct or reckless actions.

Either party may terminate the First Treppel Agreement, effective immediately upon the giving of written notice to the other party. If no such written notice is given, then the term of the First Treppel Agreement shall end immediately prior to the next annual meeting of the Company’s Shareholders (the “Treppel Term”), provided however, that following such annual meeting, and each subsequent meeting of the Company’s Shareholders, if the Board elects Mr. Treppel to continue to serve as the non-executive Chairman of the Board, the Treppel Term shall be extended through the earlier of (a) the date of the next subsequent annual meeting of the Company’s Shareholders and (b) the date upon which Mr. Treppel shall no longer serve as the non-executive Chairman of the Board.

On September 15, 2009, Mr. Treppel was appointed Chief Executive Officer of the Company and he served in that capacity until his resignation in August 2013. He continues to serve as Chairman of the Board and he has agreed to forego any additional compensation related to his activities and Chief Executive Officer. Accordingly, Mr. Treppel's compensation as Chairman of the Board remains unchanged from the First Treppel Agreement.

On October 23, 2009, at the meeting of the Board held immediately after the annual Shareholders meeting, Mr. Treppel's compensation as Chairman of the Board was revised to an annual amount of \$30,000, payable in common shares of the Company. The amount of common shares to be issued to Mr. Treppel in payment of compensation due to him as Chairman of the Board is calculated on a quarterly basis, and is equal to the quotient of the quarterly amount due of \$7,500, divided by the average daily closing price of the Company's Common Stock for the quarter just ended.

The Common Stock component of Mr. Ward’s compensation is to be computed on a quarterly basis, with the number of shares issued equal to the quotient of the quarterly amount due of \$6,250 divided by the average daily closing price of the Company’s Common Stock for the quarter just ended.

The Board of Directors increased Mr. Ward’s base salary to \$155,000 retroactive to January 1, 2013. This \$5,000 increase to be paid by the issuance of restricted shares of Common Stock. The Common Stock component of Mr. Ward’s compensation is to be computed on a quarterly basis, with the number of shares issued equal to the quotient of the quarterly amount due of \$7,500 divided by the average daily closing price of the Company’s Common Stock for the quarter just ended.

Mr. Ward’s compensation was adjusted, effective January 1, 2014, to include a total compensation of \$180,000, consisting of \$150,000 being paid in accordance with the Company’s payroll practices and \$30,000 being paid by the issuance of restricted shares of Common Stock in lieu of cash. The Common Stock component of Mr. Ward’s compensation is to be computed on a quarterly basis, with the number of shares issued being equal to the quotient of the quarterly amount due of \$7,500, divided by the average daily closing price of the Company’s Common Stock for the quarter just ended.

Chris C. Dick

In November 13, 2009, we entered into an employment agreement with Mr. Dick as our President and Chief Operating Officer (the “Dick Employment Agreement”). The Dick Employment Agreement was terminable at the will of either the Company or Mr. Dick, with or without notice and for any reason or no reason.

The Common Stock component of Mr. Dick’s compensation was computed on a quarterly basis, with the number of shares issued equal to the quotient of the quarterly amount due of \$6,250 divided by the average daily closing price of the Company’s Common Stock for the quarter just ended.

In addition, the Dick Employment Agreement provided for 25 days of paid vacation, the right to participate in all health insurance plans maintained by the Company for its employees, a monthly auto allowance of \$700 and term life

insurance in the amount of \$500,000 payable to Mr. Dick's estate.

The Dick Employment Agreement also required Mr. Dick's execution of a Proprietary Rights Agreement.

The Board of Directors of the Company increased Mr. Dick's base salary to \$205,000 retroactive to January 1, 2013. This \$5,000 increase to be paid in restricted shares of the Company's Common Stock. The Common Stock component of Mr. Dick's compensation was to be computed on a quarterly and pro-rata basis, with the number of shares issued equal to the quotient of the quarterly amount due of \$7,500 divided by the average daily closing price of the Company's Common Stock for the quarter just ended.

Certain Related Person Transactions

Transactions with Nasrat Hakim

On August 1, 2013, Elite Laboratories Inc. ("Elite Labs"), our wholly owned subsidiary, executed an asset purchase agreement (the "Mikah Purchase Agreement") with Mikah Pharma LLC ("Mikah"), an entity that is wholly owned by Mr. Nasrat Hakim, who, in conjunction with this transaction, was appointed as our Chief Executive Officer, President and a Director on August 2, 2012, and acquired from Mikah a total of 13 Abbreviated New Drug Applications ("ANDAs") consisting of 12 ANDAs approved by the FDA and one ANDA under active review with the FDA, and all amendments thereto (the "Acquisition") for aggregate consideration of \$10,000,000, inclusive of imputed interest payable pursuant to a non-interest bearing, secured convertible note due in August 2016 (the "Mikah Note"). The Mikah Note was amended on February 7, 2014 to make it convertible into shares of the Company's Series I Convertible Preferred Stock.

The Mikah Note, as amended, was interest free and due and payable on the third anniversary of its issuance. Subject to certain limitations, the principal amount of the Mikah Note was convertible at the option of Mikah into shares of Common Stock at a rate of \$0.07 (approximately 14,286 shares per \$1,000 in principal amount), the closing market price of the Company's Common Stock on the date that the asset purchase agreement and Note were executed and/or into shares of the Company's Series I Convertible Preferred Stock at the rate of 1 share of Series I Preferred Stock for each \$100,000 of principal owed on the Mikah Note. The conversion rate was adjustable for customary corporate actions such as stock splits and, subject to certain exclusions, includes weighted average anti-dilution for common stock transactions at prices below the then applicable conversion rate. Pursuant to a security agreement (the "Security Agreement"), repayment of the Mikah Note was secured by the ANDAs acquired in the Acquisition.

On February 7, 2014, Mikah converted the principal amount of \$10,000,000, representing the entire principal balance due under the Mikah Note, into 100 shares of the Company's Series I Preferred Stock.

On October 15, 2013, Elite entered into a bridge loan agreement (the “Hakim Credit Line Agreement”) with Mr. Hakim. Under the terms of the Hakim Credit Line Agreement, Elite has the right, in its sole discretion to a line of credit (the “Hakim Credit Line”) in the maximum principal amount of up to \$1,000,000 at any one time. Mr. Hakim provided the Hakim Credit Line for the purpose of supporting the acceleration of Elite’s product development activities. The outstanding amount is evidenced by a promissory note which shall mature on June 30, 2015, at which time the entire unpaid principal balance, plus accrued interest thereon shall be due and payable in full. Elite may prepay any amounts owed without penalty. Any such prepayments shall first be applied to interest due and owing and then to principal. Interest only shall be payable quarterly on July 1, October 1, January 1 and April 1 of each year. Prior to maturity or the occurrence of an Event of Default as defined in the Hakim Credit Line Agreement, the Company may borrow, repay and reborrow under the Hakim Credit Line through maturity. Amounts borrowed under the Hakim Credit Line bear interest at the rate of ten percent (10%) per annum.

Under the terms of the Loan Agreement, we have the right, in our sole discretion, to a line of credit (the “Credit Line”) in the maximum principal amount of up to \$500,000 at any one time. By amendment, the maximum principal amount was increased to \$1,000,000 in December 2012. Mr. Treppel provided the Credit Line for the purpose of supporting the acceleration of our product development activities. The outstanding amount will be evidenced by a promissory note which shall mature on the earlier of (i) such date as we raise at least \$2,000,000 in gross proceeds from the sale of any of our equity securities or (ii) July 31, 2013, at which time the entire unpaid principal balance plus accrued interest thereon shall be due and payable in full. We may prepay any amounts owed without penalty. Any such prepayments shall first be attributable to interest due and owing and then to principal. Interest only shall be payable quarterly on July 1, October 1, January 1 and April 1 of each year. Prior to maturity or the occurrence of an Event of Default as defined in the Loan Agreement, we may borrow, repay, and reborrow under the Credit Line through maturity. As of March 31, 2013, the principal balance owed under the Credit Line was \$600,000 with an additional \$13,151 in accrued interest also owed, in accordance with the terms and conditions of the Credit Line.

On November 21, 2013, Mr. Treppel converted the \$600,000 unpaid balance into an unsecured convertible note (the “Treppel Note”). The Treppel Note was amended on February 7, 2014 to make it convertible into shares of the Company’s Series I Preferred Stock. The Treppel Note, as amended, was interest free and due and payable on the third anniversary of its issuance. Subject to certain limitations, the principal amount of the Note was convertible at the option of Treppel on and after the first anniversary of the date of the Note into shares of the Company’s Common Stock at a rate of \$0.099 (approximately 10,101 shares per \$1,000 in principal amount), the closing market price of the Company’s Common Stock on the date that the Note was executed, and/or into shares of the Company’s Series I Preferred Stock at a rate of 1 share of Series I Preferred Stock for each \$141,442.7157 of principal owed on the

Treppel Note. The conversion rate was adjustable for customary corporate actions such as stock splits and, subject to certain exclusions, includes weighted average anti-dilution for common stock transactions at prices below the then applicable conversion rate.

On February 7, 2014, Treppel converted the principal amount of \$600,000, representing the entire principal balance due under the Treppel Note into 4.242 shares of the Company's Series I Preferred Stock.

For information about our employment agreement with Mr. Treppel, please see "Executive Compensation-Agreements with Named Executive Officers" above.

Transactions with Epic Pharma LLC and Epic Investments LLC

On March 18, 2009, the Company entered into the Epic Strategic Alliance Agreement with Epic Pharma, LLC and Epic Investments, LLC, a subsidiary controlled by Epic Pharma LLC. Ashok G. Nigalaye, Jeenarine Narine and Ram Potti, each were elected as members of our Board of Directors, effective June 24, 2009, as the three directors that Epic is entitled to designate for appointment to the Board pursuant to the terms of the Epic Strategic Alliance Agreement. Messrs. Nigalaye, Narine and Potti are also officers of Epic Pharma, LLC, in the following capacities:

- ♣ Mr. Nigalaye, Chairman and Chief Executive Officer of Epic Pharma, LLC;
- ♣ Mr. Narine, President and Chief Operating Officer of Epic Pharma, LLC;
- ♣ Mr. Potti, Vice President of Epic Pharma, LLC.

The Strategic Alliance Agreement expired on June 4, 2012.

On December 31, 2012, Mr. Potti resigned as a Director of the Company. His seat on the Board of Directors was not filled.

As part of the operation of the strategic alliance, the Company and Epic identified areas of synergy, including, without limitation, raw materials used by both entities, equipment purchases, contract manufacturing/packaging and various regulatory and operational resources existing at Epic that could be utilized by the Company.

With regards to synergies related to raw materials usage, the strategic alliance allowed the Company to purchase such raw materials from Epic, at the Epic acquisition cost, without markup. In all cases, the acquisition cost of Epic was lower than those costs available to the Company, mainly as a result of efficiencies of scale generated by significantly larger volumes purchased by Epic during the course of their normal operations. During the fiscal years ended March 31, 2013 and March 31, 2012, an aggregate amount of \$71,480 and \$15,552, respectively, in such materials was purchased from Epic Pharma LLC. All purchases were at Epic Pharma's acquisition cost, without markup and evidenced by supporting documents of Epic Pharma LLC's acquisition cost.

With regards to synergies related to regulatory and operational resources, the strategic alliance allowed the Company to utilize Epic's substantial resources and technical competencies on an "as needed" basis at a cost equal to Epic's actual cost for only the resources utilized by the Company. Without such access to Epic's resources, the Company would have to invest significant amounts in human resources and fixed assets as well as incur substantial costs with third party providers to provide the same resources provided by Epic and necessary for the operations of the Company.

During the fiscal years ended March 31, 2013 and March 31, 2012, an aggregate amount of \$31,354 and \$133,003, respectively, was paid to Epic as reimbursement for costs associated with facility maintenance, engineering and regulatory resources utilized by the Company.

During the fiscal years ended March 31, 2013 and March 31, 2012, the Company incurred a total of \$362,347 and \$275,768, respectively in contract manufacturing and/or packaging costs for the Company's Phentermine, Hydromorphone, Methadone and Immediate Release Lodrane products.

During the fiscal years ended March 31, 2013 and 2012, equipment purchases from Epic totaled \$-0- and \$52,000, respectively.

Total purchases from Epic by the Company during the fiscal years ended March 31, 2013 and 2012 were \$465,181 and \$476,323, respectively.

On October 2, 2013, we executed a Manufacturing and License Agreement (“M&L Agreement”) with Epic Pharma LLC. (“Epic”), to manufacture, market and sell in the United States and Puerto Rico 12 generic products owned by Elite. Of the 12 products, Epic will have the exclusive right to market six products as listed in Schedule A of the M&L Agreement, and a non-exclusive right to market six products as listed in Schedule D of the M&L Agreement. Epic is responsible for all regulatory and pharmacovigilance matters related to the products and for all costs related to the site transfer for all products. Pursuant to the M&L Agreement, Elite will receive a license fee and milestone payments. The license fee will be computed as a percentage of the gross profit, as defined in the M&L Agreement, earned by Epic as a result of sales of the products. The manufacturing cost used for the calculation of the license fee is a predetermined amount per unit plus the cost of the drug substance (API) and the sales cost for the calculation is predetermined based on net sales. If Elite manufactures any product for sale by Epic, then Epic shall pay that same predetermined manufacturing cost per unit plus the cost of the API. The license fee is payable monthly for the term of the M&L Agreement. Epic shall pay to Elite certain milestone payments as defined by the M&L Agreement. The first milestone payment was due on or before November 15, 2013 and has been paid. Subsequent milestone payments are due upon the filing of each product’s supplement with the U.S. Food and Drug Administration (“FDA”) and the FDA approval of site transfer for each product as specifically itemized in the M&L Agreement. The term of the M&L Agreement is five years and may be extended for an additional five years upon mutual agreement of the parties. Twelve months following the launch of a product covered by the M&L Agreement, Elite may terminate the marketing rights for any product if the license fee paid by Epic falls below a designated amount for a six month period of that product. Elite may also terminate the exclusive marketing rights if Epic is unable to meet the annual unit volume forecast for a designated Product group for any year, subject to the ability of Epic, during the succeeding six month period, to achieve at least one-half of the prior year’s minimum annual unit volume forecast. The M&L Agreement may be terminated by mutual agreement of Elite and Epic, as a result of a breach by either party that is not cured within 60 days notice of the breach or by Elite as a result of Epic becoming a party to a bankruptcy, reorganization or other insolvency proceeding that continues for a period of 30 days or more.

ELITE PHARMACEUTICALS, INC.

2014 EQUITY INCENTIVE PLAN

SECTION 1

INTRODUCTION

1.1 Establishment. Elite Pharmaceuticals, Inc. hereby establishes the Elite Pharmaceuticals, Inc. 2014 Equity Incentive Plan (the “Plan”) for certain officers, employees, consultants, and directors of the Company.

1.2 Purposes. The purposes of the Plan are to provide the officers, employees, consultants, and directors of the Company selected for participation in the Plan with added incentives to continue in the long-term service of the Company and to create in such persons a more direct interest in the future success of the operations of the Company by relating incentive compensation to increases in shareholder value, so that the income of such persons is more closely aligned with the income of the Company’s shareholders. The Plan is also designed to enhance the ability of the Company to attract, retain and motivate officers, employees, consultants, and directors by providing an opportunity for investment in the Company.

SECTION 2

DEFINITIONS

2.1 Definitions. The following terms shall have the meanings set forth below:

(a) “Administrator” means (i) the Board, or (ii) one or more committees of the Board or another committee (within its delegated authority) to whom the Board or such committee has delegated all or part of its authority under this Plan. Any committee under clause (ii) hereof which makes grants to “officers” of the Company (as that term is defined in Rule 16a-1(f) promulgated under the Exchange Act) shall be composed of not less than the minimum number of persons from time to time required by Rule 16b-3, each of whom, to the extent necessary to comply with Rule 16b-3 only, shall be a Non-Employee Director. Further, if the Administrator consists of less than the entire Board, then to the extent necessary for any Award to qualify as “performance-based compensation” within the meaning of Section 162(m)

of the Internal Revenue Code, each member of the Administrator will be an Outside Director. To the extent required by any applicable stock exchange, this Plan shall be administered by a committee composed entirely of independent directors (within the meaning of the applicable stock exchange). For purposes of the preceding provisions, if one or more members of the Administrator is not a Non-Employee or not an Outside Director, but recuses himself or herself or abstains from voting with respect to a particular action taken by the Administrator, then the Administrator, with respect to the action, will be deemed to consist only of the members of the Administrator who have not recused themselves or abstained from voting.

(b) “Affiliated Entity” means (i) any corporation or other entity (including but not limited to a partnership) that directly, or through one or more intermediaries controls, is controlled by, or is under common control with, Elite Pharmaceuticals, Inc., or (ii) any entity in which the Company has a significant equity interest, as determined by the Administrator.

(ii) If the Stock is regularly quoted by a recognized securities dealer but selling prices are not reported, the Fair Market Value of a Share shall be the mean between the high bid and low asked prices for the Stock on the last market trading day prior to the time of determination, as reported in The Wall Street Journal or such other source as the Administrator deems reliable;

(iii) In the absence of an established market for the Stock, the Fair Market Value shall be determined in good faith by the Administrator by the reasonable application of a reasonable valuation method in accordance with Section 409A of the Internal Revenue Code and the regulations thereunder.

SECTION 3

PLAN ADMINISTRATION

3.1 Authority of Administrator. The Plan shall be administered by the Administrator. Subject to the terms of the Plan and applicable law, and in addition to other express powers and authorizations conferred on the Administrator by the Plan, the Administrator shall have full power and authority to: (i) designate Participants; (ii) determine the type or types of Awards to be granted to eligible Participants; (iii) determine the number of Shares to be covered by, or with respect to which payments, rights, or other matters are to be calculated in connection with, Awards; (iv) determine the terms and conditions of any Award; (v) determine whether, to what extent, and under what circumstances Awards may be settled or exercised in cash, Shares, other securities, other Awards or other property, or canceled, forfeited, or suspended and the method or methods by which Awards may be settled, exercised, canceled, forfeited, or suspended; (vi) determine whether, to what extent, and under what circumstances cash, Shares, other securities, other Awards, other property, and other amounts payable with respect to an Award shall be deferred either automatically or at the election of the holder thereof or of the Administrator; (vii) subject to the limitations in Sections 6 and 15, to make any adjustment in the Exercise Price, the number of Shares subject to, or the terms of, an outstanding Award by amendment, substitution, or regrant, provided that if the amendment, substitution, or regrant effects a repricing (which shall not include adjustments contemplated by Sections 4 and 11), shareholder approval shall be required before repricing is effective; (viii) determine whether, to what extent, and under what circumstances to accelerate the exercisability of any Award or the end of a Performance Cycle or the termination of the restriction period for any Restricted Stock Award; (ix) correct any defect, supply any omission, reconcile any inconsistency and otherwise interpret and administer the Plan and any instrument or agreement relating to the Plan or any Award hereunder; (x) establish, amend, suspend, or waive such rules and regulations and appoint such agents as it shall deem appropriate for the proper administration of the Plan; and (xi) make any other determination and take any other action that the Administrator deems necessary or desirable for the administration of the Plan. To the extent necessary or appropriate, the Administrator may adopt sub-plans consistent with the Plan to conform to applicable state or foreign securities or tax laws.

3.2 Determinations Under the Plan. Unless otherwise expressly provided in the Plan all designations, determinations, interpretations, and other decisions under or with respect to the Plan or any Award shall be within the sole discretion of the Administrator, may be made at any time and shall be final, conclusive, and binding upon all persons, including the Company, any Affiliated Entity, any Participant, any holder or beneficiary of any Award, and any shareholder. No member of the Administrator shall be liable, in the absence of bad faith, for any act or omission with respect to his or her services as an Administrator. Service on a committee acting as the Administrator shall constitute service as a director of the Company entitling members to any indemnification of liability benefits applicable to directors with respect to their services as Administrator.

3.3 Delegation of Certain Responsibilities. The Administrator may, in its sole discretion, delegate to appropriate officers of the Company the administration of the Plan under this Section 3; provided, however, that no such delegation by the Administrator shall be made (i) if such delegation would not be permitted under applicable law or (ii) with respect to the administration of the Plan as it affects Executive Officers, Covered Employees, or Directors of the Company, and provided further that the Administrator may not delegate its authority to correct errors, omissions or inconsistencies in the Plan. Subject to the above limitations, the Administrator may delegate to the Chief Executive Officer of the Company its authority under this Section 3 to grant Awards to employees who are not Executive Officers, Covered Employees, or Directors of the Company. All authority delegated by the Administrator under this Section 3.3 shall be exercised in accordance with the provisions of the Plan and any guidelines for, conditions on, or limitations to the exercise of such authority that may from time to time be established by the Administrator.

3.4 Award Agreement. Each Award granted under the Plan shall be evidenced by an Award Agreement which shall be delivered to the Participant to whom the Award is granted (the "Award Holder").

3.5 Date of Grant. An Award shall be considered as having been granted on the date specified in the grant resolution of the Administrator.

SECTION 4

STOCK SUBJECT TO THE PLAN

4.1 Number of Shares. Subject to adjustment as provided in Section 4.3, Three Million (3,000,000) Shares are initially authorized for issuance under the Plan in accordance with the provisions of the Plan and subject to such restrictions or other provisions as the Administrator may from time to time deem necessary. Subject to adjustment as provided in Section 4.3, no Participant may be granted Awards in any twelve-month period with respect to more than One Million (1,000,000) Shares. If an Award is to be settled in cash, the number of Shares on which the Award is based shall not count toward the individual share limit set forth in this Section 4.1. The Shares may be divided among the various Plan components as the Administrator shall determine, except that no more than Three Million (3,000,000) Shares as calculated pursuant to Section 4.2 shall be cumulatively available for the grant of Incentive Stock Options under the Plan. Shares which may be issued upon the vesting or exercise of Awards shall be applied to reduce the maximum number of Shares remaining available for use under the Plan. The Company shall at all times during the term of the Plan and while any Awards are outstanding retain as authorized and unissued Stock, or as treasury Stock, at least the number of Shares from time to time required under the provisions of the Plan, or otherwise assure itself of its ability to perform its obligations hereunder.

4.2 Unused and Forfeited Stock. Any Shares that are subject to an Award under this Plan which are not used because the terms and conditions of the Award are not met, including any Shares that are subject to an Award which expires or is terminated for any reason, any Shares which are used for full or partial payment of the purchase price of

Shares with respect to which an Award is exercised and any Shares retained by the Company pursuant to Section 16.2 shall automatically become available for use under the Plan. Notwithstanding the foregoing, any Shares used for full or partial payment of the purchase price of the Shares with respect to which an Award is exercised and any Shares retained by the Company pursuant to Section 16.2 that were originally Incentive Stock Option Shares shall still be considered as having been granted for purposes of determining whether the Share limitation provided for in Section 4.1 has been reached for purposes of Incentive Stock Option grants.

4.3 Adjustments for Stock Split, Stock Dividend, etc. If the Company shall at any time increase or decrease the number of its outstanding Shares of Stock or change in any way the rights and privileges of such Shares by means of the payment of a stock dividend or any other distribution upon such Shares payable in Stock, or through a stock split, subdivision, consolidation, combination, reclassification or recapitalization involving the Stock, then in relation to the Stock that is affected by one or more of the above events, the numbers, rights and privileges of (i) the Shares of Stock as to which Awards may be granted under the Plan, and (ii) the Shares of Stock then included in each outstanding Award granted hereunder, shall be increased, decreased or changed in like manner as if they had been issued and outstanding, fully paid and nonassessable at the time of such occurrence.

4.4 Dividend Payable in Stock of Another Corporation, etc. Except as set forth in Section 4.5 below, if the Company shall at any time pay or make any dividend or other distribution upon the Stock payable in securities of another corporation or other property (except money or Stock), a proportionate part of such securities or other property shall be set aside and delivered to any Participant then holding an Award for the particular type of Stock for which the dividend or other distribution was made, upon exercise thereof or vesting thereof, as applicable. Prior to the time that any such securities or other property are delivered to a Participant in accordance with the foregoing, the Company shall be the owner of such securities or other property and shall have the right to vote the securities, receive any dividends payable on such securities, and in all other respects shall be treated as the owner. If securities or other property which have been set aside by the Company in accordance with this Section are not delivered to a Participant because an Award is not exercised or otherwise vested, then such securities or other property shall remain the property of the Company and shall be dealt with by the Company as it shall determine in its sole discretion.

4.5 Spin-offs. If the Company shall at any time pay or make any dividend or other distribution upon the Stock in the nature of a spin-off, for example a dividend payable in securities of an Affiliated Entity, the Administrator shall in its discretion determine what changes are equitably required to outstanding Awards to effect the spin-off, including but not limited to treating Awards of Employees remaining with the Company differently from Awards to Employees of the newly spun-off entity, substituting Awards for Company Stock for Awards of stock in the spun-off entity, and allowing either the Company, the spun-off entity or both to hold the securities or property set aside for Award participants.

4.6 Other Changes in Stock. In the event there shall be any change, other than as specified in Sections 4.3, 4.4 and 4.5, in the number or kind of outstanding shares of Stock or of any stock or other securities into which the Stock shall be changed or for which it shall have been exchanged, and if the Administrator shall in its discretion determine that such change equitably requires an adjustment in the number or kind of Shares subject to outstanding Awards or which have been reserved for issuance pursuant to the Plan but are not then subject to an Award, then such adjustments shall be made by the Administrator and shall be effective for all purposes of the Plan and on each outstanding Award that involves the particular type of stock for which a change was effected.

4.7 General Adjustment Rules. If any adjustment or substitution provided for in this Section 4 shall result in the creation of a fractional Share under any Award, the Company shall, in lieu of selling or otherwise issuing such fractional Share, pay to the Participant a cash sum in an amount equal to the product of such fraction multiplied by the

Fair Market Value of a Share on the date the fractional Share would otherwise have been issued. In the case of any such substitution or adjustment affecting an Award with an Exercise Price, the total Exercise Price for the shares of Stock then subject to the Award shall remain unchanged but the Exercise Price per share under each such Award shall be equitably adjusted by the Administrator to reflect the greater or lesser number of shares of Stock or other securities into which the Stock subject to the Award may have been changed.

4.8 Determination by Administrator. Adjustments under this Section 4 shall be made by the Administrator, whose determinations with regard thereto shall be final and binding upon all persons.

SECTION 5

PARTICIPATION

Participants in the Plan shall be those Employees, Directors, or Consultants who, in the judgment of the Administrator, are performing, or during the term of their incentive arrangement will perform, important services in the management, operation and development of the Company, and significantly contribute, or are expected to significantly contribute, to the achievement of long-term corporate economic objectives. Participants may be granted from time to time one or more Awards; provided, however, that the grant of each such Award shall be separately approved by the Administrator, receipt of one such Award shall not result in automatic receipt of any other Award, and written notice shall be given to such person, specifying the terms, conditions, rights and duties related thereto; and further provided that Incentive Stock Options shall not be granted to (i) Consultants, (ii) part-time employees, (iii) Non-Employee Directors, or (iv) Employees of any partnership or other entity which is included within the definition of an Affiliated Entity but whose employees are not permitted to receive Incentive Stock Options under the Internal Revenue Code. Each Participant shall enter into an agreement with the Company, in such form as the Administrator shall determine and which is consistent with the provisions of the Plan, specifying such terms, conditions, rights and duties. Awards shall be deemed to be granted as of the date specified in the grant resolution of the Administrator, which date shall be the date of any related agreement with the Participant. In the event of any inconsistency between the provisions of the Plan and any such agreement entered into hereunder, the provisions of the Plan shall govern.

SECTION 6

STOCK OPTIONS TO EMPLOYEES AND CONSULTANTS

6.1 Grant of Options to Employees and Consultants. Coincident with or following designation for participation in the Plan, a Participant (other than a Non-Employee Director) may be granted one or more Options. The Administrator in its sole discretion shall designate whether an Option is to be considered an Incentive Stock Option or a Non-Statutory Option. The Administrator may grant both an Incentive Stock Option and a Non-Statutory Option to the same Participant at the same time or at different times. Incentive Stock Options and Non-Statutory Options, whether granted at the same or different times, shall be deemed to have been awarded in separate grants, shall be clearly identified, and in no event shall the exercise of one Option affect the right to exercise any other Option or affect the number of Shares for which any other Option may be exercised.

6.2 Option Agreements. Except as otherwise set forth in an Award Agreement delivered to the Participant, each Option shall be governed by the following terms and conditions, as well as such other terms and conditions not

inconsistent therewith as the Administrator may consider appropriate in each case.

(a) Number of Shares. Each Award Agreement shall state that it covers a specified number of Shares, as determined by the Administrator. To the extent that the aggregate Fair Market Value of Shares with respect to which Options designated as Incentive Stock Options are exercisable for the first time by any Participant during any year (under all plans of the Company and any Affiliated Entity) exceeds \$100,000, such Options shall be treated as not being Incentive Stock Options. The foregoing shall be applied by taking Options into account in the order in which they were granted. For the purposes of the foregoing, the Fair Market Value of any Share shall be determined as of the time the Option with respect to such Share is granted. In the event the foregoing results in a portion of an Option designated as an Incentive Stock Option exceeding the \$100,000 limitation, only such excess shall be treated as not being an Incentive Stock Option.

(b) Price. Except for the limitations on Incentive Stock Options set forth below, the price at which each Share covered by an Option may be purchased shall be determined in each case by the Administrator and set forth in the Award Agreement. In no event shall the Exercise Price for each Share covered by an Option be less than the Fair Market Value of the Stock on the date the Option is granted. Further, the Exercise Price for each Share covered by an Incentive Stock Option granted to an Employee who then owns stock possessing more than 10% of the total combined voting power of all classes of stock of the Company or any parent or subsidiary corporation of the Company must be at least 110% of the Fair Market Value of the Stock subject to the Incentive Stock Option on the date the Option is granted.

(c) Duration of Options. The Administrator shall determine the period of time within which the Option may be exercised by the Award Holder. The Exercise Period must expire, in all cases, not more than ten years from the date an Option is granted; provided, however, that the Exercise Period of an Incentive Stock Option granted to an Employee who then owns stock possessing more than 10% of the total combined voting power of all classes of stock of the Company or any parent or subsidiary corporation of the Company must expire not more than five years from the date such Option is granted. Any Exercise Period determined by the Administrator to be shorter than the ten or five-year term set forth above, must be set forth in an Award Agreement. Each Award Agreement shall also state the periods of time, if any, as determined by the Administrator, when incremental portions of each Option shall vest. If any Option is not exercised during its Exercise Period, it shall be deemed to have been forfeited and of no further force or effect.

(d) Termination of Service, Retirement, Death or Disability. Except as otherwise determined by the Administrator, each Option shall be governed by the following terms with respect to the exercise of the Option if an Award Holder ceases to be a Service Provider:

(i) If the Award Holder ceases to be a Service Provider within the Exercise Period for cause, as determined by the Company, the Option shall thereafter be void for all purposes. As used in this Section 6.2(d), "cause" shall mean (A) if applicable, "cause" as defined on a written contract between the Award Holder and the Company, or (B) in any other case, a gross violation, as determined by the Company, of the Company's established policies and procedures. The effect of this Section 6.2(d)(i) shall be limited to determining the consequences of a termination, and nothing in this Section 6.2(d)(i) shall restrict or otherwise interfere with the Company's discretion with respect to the termination of any Service Provider.

(ii) If the Award Holder ceases to be a Service Provider with the Company in a manner determined by the Board, in its sole discretion, to constitute retirement (which determination shall be communicated to the Award Holder within 10 days of such termination), the Option may be exercised by the Award Holder, or in the case of death, by the persons specified in clause (iii) of this Section 6.2(d), within three months following his or her retirement if the Option is an Incentive Stock Option or within twelve months following his or her retirement if the Option is a Non-Statutory Stock Option (provided in each case that such exercise must occur within the Exercise Period), but not thereafter. In any such case, the Option may be exercised only as to the Shares as to which the Option had become exercisable on or before the date the Award Holder ceased to be a Service Provider.

(iii) If the Award Holder dies (A) while he or she is a Service Provider, (B) within the three-month period referred to in clause (v) below, or (C) within the three or twelve-month period referred to in clause (ii) above, the Option may be exercised by those entitled to do so under the Award Holder's will or by the laws of descent and distribution within twelve months following the Award Holder's death (provided that such exercise must occur within the Exercise Period), but not thereafter. In any such case, the Option may be exercised only as to the Shares as to which the Option had become exercisable on or before the date the Award Holder ceased to be a Service Provider.

(iv) If the Award Holder becomes disabled (within the meaning of Section 22(e) of the Internal Revenue Code) while a Service Provider, Incentive Stock Options held by the Award Holder may be exercised by the Award Holder within twelve months following the date the Award Holder ceased to be a Service Provider (provided that such exercise must occur within the Exercise Period), but not thereafter. If the Award Holder becomes disabled (within the meaning of Section 22(e) of the Internal Revenue Code) while a Service Provider or within three-month period referred to in clause (v) below or within the twelve-month period following his or her retirement as provided in clause (ii) above, Non-Statutory Options held by the Award Holder may be exercised by the Award Holder within twelve months following the date of the Award Holder's disability (provided that such exercise must occur within the Exercise Period), but not thereafter. In any such case, the Option may be exercised only as to the Shares as to which the Option had become exercisable on or before the date the Award Holder ceased to be a Service Provider.

(v) If the Award Holder ceases to be a Service Provider within the Exercise Period for any reason other than cause, retirement as provided in clause (ii) above, disability as provided in clause (iv) above or the Award Holder's death, the Option may be exercised by the Award Holder within three months following the date of such cessation (provided that such exercise must occur within the Exercise Period), but not thereafter. In any such case, the Option may be exercised only as to the Shares as to which the Option had become exercisable on or before the date that the Award Holder ceased to be a Service Provider.

(e) Exercise, Payments, etc. The method for exercising and paying the Exercise Price of each Option granted under the Plan shall be as set forth in Section 16.

SECTION 7

STOCK APPRECIATION RIGHTS

7.1 Awards Granted by Administrator. Coincident with or following designation for participation in the Plan, a Participant may be granted one or more Stock Appreciation Rights. The Administrator may grant free standing Stock Appreciation Rights, Stock Appreciation Rights in tandem with an Option, or any combination thereof.

7.2 Award Agreement. Except as otherwise set forth in an Award Agreement delivered to the Participant, each Stock Appreciation Right shall be governed by the following terms and conditions, as well as such other terms and conditions not inconsistent therewith as the Administrator may consider appropriate in each case.

(a) Number of Shares. Each Award Agreement shall state that it covers a specified number of Shares, as determined by the Administrator.

(b) Price. The Exercise Price of a Stock Appreciation Right shall be determined in each case by the Administrator and set forth in the Award Agreement. In no event shall the Exercise Price for a Stock Appreciation Right be less than the Fair Market Value of the Stock on the date the Award is granted.

(c) Term. The Administrator shall determine the period of time within which the Stock Appreciation Right may be exercised by the Award Holder. The Exercise Period must expire, in all cases, not more than ten years from the date an Award is granted. If any Stock Appreciation Right is not exercised during its Exercise Period, it shall be deemed to have been forfeited and of no further force or effect.

(d) Vesting. Each Stock Appreciation shall become exercisable and vest over such period of time or upon such events as determined by the Administrator (including based on achievement of performance goals or future service requirements), which vesting or other terms shall be set forth in an Award Agreement.

(e) Termination of Service, Retirement, Death or Disability. Except as otherwise determined by the Administrator, each Stock Appreciation Award shall be governed by the terms set forth in Section 6.2(d) with respect to the exercise of the Stock Appreciation Right if an Award Holder ceases to be a Service Provider.

7.3 Exercise of Stock Appreciation Right. An Award Holder desiring to exercise a Stock Appreciation Right shall deliver notice to the Company in the manner set forth in Section 16.1(a) except that such notice need not be accompanied by payment. Upon the exercise of a Stock Appreciation Right, the Award Holder shall be entitled to receive from the Company an amount determined by multiplying:

(a) The excess of the Fair Market Value of a Share on the date the Award is exercised over the Exercise Price specified in the Award Agreement; by

(b) The number of Shares with respect to which the Stock Appreciation Right is exercised.

At the discretion of the Administrator, payment upon exercise may be in cash, shares of Stock (with or without restrictions), or any combination thereof, as determined by the Administrator in its sole discretion.

7.4 Effect of Exercise of Tandem Right. If a Stock Appreciation Right is issued in tandem with an Option, the exercise of the Stock Appreciation Right or the related Option will result in an equal reduction in the number of corresponding Shares subject to the Option or Stock Appreciation Right, as applicable, that were granted in tandem with such Stock Appreciation Right or Option.

SECTION 8

STOCK AWARDS

8.1 Awards Granted by Administrator. Coincident with or following designation for participation in the Plan, a Participant may be granted one or more unrestricted Stock Awards or Restricted Stock Awards consisting of Shares. A

Stock Award may be paid by delivery of Stock, in cash or in a combination of Stock and cash, as determined by the Administrator.

8.2 Restrictions. A Participant's right to retain a Restricted Stock Award granted to such Participant under Section 8.1 shall be subject to such restrictions, including but not limited to the Participant's continuing to perform as a Service Provider for a restriction period specified by the Administrator, or the attainment of specified performance goals and objectives, as may be established by the Administrator with respect to such Award. The Administrator may, in its sole discretion, require different periods of service or different performance goals and objectives with respect to (i) different Participants, (ii) different Restricted Stock Awards, or (iii) separate, designated portions of the Shares constituting a Restricted Stock Award.

8.3 Transferability. The Participant's right to sell, encumber or otherwise transfer Restricted Stock shall be subject to the limitations of Section 12.2 hereof.

8.4 Privileges of a Shareholder. Unless otherwise determined by the Administrator and set forth in the Award Agreement, a Participant holding Shares of Restricted Stock shall become the holder of record of the Restricted Stock on the date the Award is granted.

8.5 Enforcement of Restrictions. The Administrator may in its sole discretion require one or more of the following methods of enforcing the restrictions referred to in Section 8.2 and 8.3:

(a) placing a legend on the stock certificates referring to the restrictions as follows:

THE SHARES REPRESENTED BY THIS CERTIFICATE ARE SUBJECT TO FORFEITURE AND TRANSFERABILITY RESTRICTIONS AS SET FORTH IN THE RESTRICTED STOCK AGREEMENT BETWEEN THE SHAREHOLDER AND ELITE PHARMACEUTICALS, INC. DATED _____. A COPY OF THE RESTRICTED STOCK AGREEMENT IS ON FILE AT THE EXECUTIVE OFFICE OF ELITE PHARMACEUTICALS, INC..

(b) requiring the Participant to keep the stock certificates, duly endorsed, in the custody of the Company while the restrictions remain in effect; or

(c) requiring that the stock certificates, duly endorsed, be held in the custody of a third party while the restrictions remain in effect.

8.6 Termination of Service, Death or Disability. In the event of the death or disability (within the meaning of Section 22(e) of the Internal Revenue Code) of a Participant, or the retirement of a Participant as provided in Section 6.2(d)(ii), all service period and other restrictions applicable to Restricted Stock Awards then held by him shall lapse, and such Awards shall become fully nonforfeitable. Subject to Section 11, in the event a Participant ceases to be a Service Provider for any other reason, any Restricted Stock Awards as to which the service period or other restrictions have not been satisfied shall be forfeited.

SECTION 9

PERFORMANCE SHARES AND PERFORMANCE UNITS

9.1 Awards Granted by Administrator. Coincident with or following designation for participation in the Plan, a Participant (other than a Non-Employee Director) may be granted Performance Shares or Performance Units.

9.2 Amount of Award. The Administrator shall establish a maximum amount of a Participant's Award, which amount shall be denominated in Shares in the case of Performance Shares or in dollars in the case of Performance Units.

9.3 Communication of Award. Written notice of the maximum amount of a Participant's Award and the Performance Cycle determined by the Administrator shall be given to a Participant as soon as practicable after approval of the Award by the Administrator.

9.4 Amount of Award Payable. The Administrator shall establish maximum and minimum performance targets to be achieved during the applicable Performance Cycle. Performance targets established by the Administrator shall relate to corporate, group, unit or individual performance and may be established in terms of earnings, growth in earnings, ratios of earnings to equity or assets, or such other measures or standards determined by the Administrator. Multiple performance targets may be used and the components of multiple performance targets may be given the same or different weighting in determining the amount of an Award earned, and may relate to absolute performance or relative performance measured against other groups, units, individuals or entities. Achievement of the maximum performance target shall entitle the Participant to payment (subject to Section 9.6) at the full or maximum amount specified with respect to the Award; provided, however, that notwithstanding any other provisions of this Plan, in the case of an Award of Performance Shares the Administrator in its discretion may establish an upper limit on the amount payable (whether in cash or Stock) as a result of the achievement of the maximum performance target. The Administrator may also establish that a portion of a full or maximum amount of a Participant's Award will be paid (subject to Section 9.6) for performance which exceeds the minimum performance target but falls below the maximum performance target applicable to such Award.

9.5 Adjustments. At any time prior to payment of a Performance Share or Performance Unit Award, the Administrator may adjust previously established performance targets or other terms and conditions to reflect events such as changes in laws, regulations, or accounting practice, or mergers, acquisitions or divestitures.

9.6 Payments of Awards. Following the conclusion of each Performance Cycle, the Administrator shall determine the extent to which performance targets have been attained, and the satisfaction of any other terms and conditions with respect to an Award relating to such Performance Cycle. The Administrator shall determine what, if any, Exercise Price is due with respect to an Award and whether such Exercise Price shall be made in cash, Stock or some combination. Payment shall be made in a lump sum or installments, as determined by the Administrator, commencing as promptly as practicable following the end of the applicable Performance Cycle, subject to Section 16 or such other terms and conditions as may be prescribed by the Administrator; provided, however, that, subject to Section 20.4, all payments shall be made no later than (i) March 15 of the year following the end of the Performance Cycle if such Performance Cycle ends on or before September 30 of a year, or (ii) November 15 of the year following the end of the Performance Cycle if such Performance Cycle ends on or after September 1 of a year.

9.7 Termination of Employment. If a Participant ceases to be a Service Provider before the end of a Performance Cycle by reason of his or her death, disability as provided in Section 6.2(d)(iv), or retirement as provided in Section 6.2(d)(ii), the Performance Cycle for such Participant for the purpose of determining the amount of the Award payable shall end at the end of the calendar quarter immediately preceding the date on which such Participant ceased to be a Service Provider. Subject to Section 20.4, the amount of an Award payable to a Participant to whom the preceding sentence is applicable shall be paid at the end of the Performance Cycle and shall be that fraction of the Award computed pursuant to the preceding sentence the numerator of which is the number of calendar quarters during the Performance Cycle during all of which said Participant was a Service Provider and the denominator of which is the number of full calendar quarters in the Performance Cycle. Upon any other termination of Participant's services as a Service Provider during a Performance Cycle, participation in the Plan shall cease and all outstanding Awards of Performance Shares or Performance Units to such Participant shall be canceled.

SECTION 10

AWARDS TO NON-EMPLOYEE DIRECTORS

10.1 Board Grants. The Board (and not a committee of the Board), in its sole discretion, may grant Awards to Non-Employee Directors in the form of Non-Statutory Options, unrestricted Stock or Restricted Stock. The Board (and not a committee of the Board), in its sole discretion, may also adopt one or more formulas that provide for granting a specified Award to each Non-Employee Director for attendance at each meeting of designated committees of the Board. The Board may adopt different formulas for the various committees of the Board, and it may choose to adopt formulas for some committees and not others. Further, any formula may provide for a different grant to members of the committee charged with additional responsibilities on the committee, such as the chairman.

10.2 Administrator. The Administrator shall have no authority, discretion or power to select the Non-Employee Directors who will receive any Award, determine the number of Shares to be issued or the time at which such Awards are to be granted, establish the duration of the Awards or alter any other terms or conditions specified in the Plan or by the Board, except in the sense of administering the Plan pursuant to the provisions of the Plan and the grant resolution of the Board.

10.3 Price of Option Shares. The exercise price per Share for any Option granted pursuant to this Section 10 shall be 100% of the Fair Market Value of the Stock on the date on which the Non-Employee Director is granted the Option.

10.4 Termination. If the Non-Employee Director ceases to be a Director for any reason, an Award which is exercisable may be exercised by the Non-Employee Director at any time following the date of such cessation provided that such exercise must occur prior to the Award expiration date. In any such case, the Award may be exercised only as to the Shares as to which the Award had become exercisable on or before the date that the Non-Employee Director ceased to be a Director.

10.5 Other Terms. Except for the limitations set forth in Sections 5, 10.3, 10.4, and 11, the terms and provisions of Awards shall be as determined from time to time by the Administrator, and Awards issued may contain terms and provisions different from other Awards granted to the same or other Award recipients. Awards shall be evidenced by an Award Agreement containing such terms and provisions as the Administrator may determine, subject to the provisions of the Plan.

SECTION 11

CHANGE IN CONTROL, REORGANIZATION OR LIQUIDATION

11.1 Change In Control. In the event of a change in control of the Company as defined in Section 11.3, then the Administrator may, in its sole discretion, without obtaining shareholder approval, to the extent permitted in Section 15, take any or all of the following actions: (a) accelerate the exercise dates of any outstanding Awards or make all such Awards fully vested and exercisable; (b) grant a cash bonus award to any Award Holder in an amount necessary to pay the Exercise Price of all or any portion of the Award then held by such Award Holder; (c) pay cash to any or all Award Holders in exchange for the cancellation of their outstanding Awards in an amount equal to the difference between the Exercise Price of such Awards and the greater of the tender offer price for the underlying Stock or the Fair Market Value of the Stock on the date of the cancellation of the Awards; (d) make any other adjustments or amendments to the outstanding Awards; and (e) eliminate all restrictions with respect to Awards of Restricted Stock and deliver Shares free of restrictive legends to any Participant; provided, however, that the Administrator shall not make any adjustment or amendment that would constitute a “modification” of an Award, as such term is used in Internal Revenue Code regulation § 1.409A-1(b)(5)(v), that would result in such Award being subject to additional tax

pursuant to Section 409A of the Internal Revenue Code.

11.2 Performance Shares and Performance Units. Under the circumstances described in Section 11.1, the Administrator may, in its sole discretion, and without obtaining shareholder approval, to the extent permitted in Section 15, provide for payment of outstanding Performance Shares and Performance Units at the maximum award level or any percentage thereof; provided, however, that to the extent permitted by Section 20.4 herein, all payments shall be made no later than (i) March 15 of the year following the end of the Performance Cycle to which the Performance Shares or Performance Units relate if such Performance Cycle ends on or before September 30 of a year, or (ii) November 15 of the year following the end of the Performance Cycle to which the Performance Shares or Performance Units relate if such Performance Cycle ends on or after September 1 of a year.

11.3 Definition. For purposes of the Plan, a “change in control” shall be deemed to have occurred if: (a) any “person” or “group” (within the meaning of Sections 13(d) and 14(d)(2) of the Exchange Act), other than a trustee or other fiduciary holding securities under an employee benefit plan of the Company, is or becomes the “beneficial owner” (as defined in Rule 13d-3 under the Exchange Act), directly or indirectly, of more than 33-1/3% of the then outstanding voting stock of the Company, except that with regard to Nasrat Hakim and his Affiliates, directly or indirectly, of more than 50% of the then outstanding voting stock of the Company; or (b) at any time during any period of three consecutive years (not including any period prior to the Effective Date), individuals who at the beginning of such period constitute the Board (and any new director whose election by the Board or whose nomination for election by the Company’s shareholders was approved by a vote of at least two-thirds of the directors then still in office who either were directors at the beginning of such period or whose election or nomination for election was previously so approved) cease for any reason to constitute a majority thereof; or (c) the shareholders of the Company approve a merger or consolidation of the Company with any other corporation, other than a merger or consolidation which would result in the voting securities of the Company outstanding immediately prior thereto continuing to represent (either by remaining outstanding or by being converted into voting securities of the surviving entity) at least 80% of the combined voting power of the voting securities of the Company or such surviving entity outstanding immediately after such merger or consolidation, or the shareholders approve a plan of complete liquidation of the Company or an agreement for the sale or disposition by the Company of all or substantially all of the Company’s assets.

11.4 Reorganization or Liquidation. In the event that the Company is merged or consolidated with another corporation (other than a merger or consolidation in which the Company is the continuing corporation and which does not result in any reclassification or change of outstanding Shares), or if all or substantially all of the assets or more than 50% of the outstanding voting stock of the Company is acquired by any other corporation, business entity or person (other than a sale or conveyance in which the Company continues as a holding company of an entity or entities that conduct the business or businesses formerly conducted by the Company), or in case of a reorganization (other than a reorganization under the United States Bankruptcy Code) or liquidation of the Company, and if the provisions of Section 11.1 do not apply, the Administrator, or the board of directors of any corporation assuming the obligations of the Company, shall, have the power and discretion to prescribe the terms and conditions for the exercise, or modification, of any outstanding Awards granted hereunder. By way of illustration, and not by way of limitation, the Administrator may provide for the complete or partial acceleration of the dates of exercise of the Options, or may provide that such Options will be exchanged or converted into options to acquire securities of the surviving or acquiring corporation, or may provide for a payment or distribution in respect of outstanding Options (or the portion thereof that is currently exercisable) in cancellation thereof. The Administrator may remove restrictions on Restricted Stock and may modify the performance requirements for any other Awards. The Administrator may provide that Stock or other Awards granted hereunder must be exercised in connection with the closing of such transaction, and that if not so exercised such Awards will expire. Any such determinations by the Administrator may be made generally with respect to all Participants, or may be made on a case-by-case basis with respect to particular Participants. The provisions of this Section 11.4 shall not apply to any transaction undertaken for the purpose of reincorporating the Company under the laws of another jurisdiction, if such transaction does not materially affect the beneficial ownership of the Company’s capital stock.

SECTION 12

CONTINUATION OF SERVICES; TRANSFERABILITY

12.1 Continuation of Services. Nothing contained in the Plan or in any Award granted under the Plan shall confer upon any Participant any right with respect to the continuation of his or her services as a Service Provider, or interfere in any way with the right of the Company, subject to the terms of any separate employment or consulting agreement to the contrary, at any time to terminate such services or to increase or decrease the compensation of the Participant from the rate in existence at the time of the grant of an Award. Whether an authorized leave of absence, or absence in military or government service, shall constitute a termination of Participant's services as a Service Provider shall be determined by the Administrator at the time of such leave in accordance with then current laws and regulations.

12.2 Nontransferability. Except as provided in Section 12.3, no right or interest of any Participant in an Award granted pursuant to the Plan shall be assignable or transferable during the lifetime of the Participant, except (if otherwise permitted under Section 12.4) pursuant to a domestic relations order, either voluntarily or involuntarily, or be subjected to any lien, directly or indirectly, by operation of law, or otherwise, including execution, levy, garnishment, attachment, pledge or bankruptcy. In the event of a Participant's death, a Participant's rights and interests in Options and Stock Appreciation Rights shall, if otherwise permitted under Section 12.4, be transferable by testamentary will or the laws of descent and distribution, and payment of any amounts due under the Plan shall be made to, and exercise of any Options and Stock Appreciation Rights may be made by, the Participant's legal representatives, heirs or legatees. If, in the opinion of the Administrator, a person entitled to payments or to exercise rights with respect to the Plan is disabled from caring for his or her affairs because of mental condition, physical condition or age, payment due such person may be made to, and such rights shall be exercised by, such person's guardian, conservator or other legal personal representative upon furnishing the Administrator with evidence satisfactory to the Administrator of such status. Transfers shall not be deemed to include transfers to the Company or "cashless exercise" procedures with third parties who provide financing for the purpose of (or who otherwise facilitate) the exercise of Awards consistent with applicable laws and the authorization of the Administrator.

12.3 Permitted Transfers. Pursuant to conditions and procedures established by the Administrator from time to time, the Administrator may permit Awards (other than Incentive Stock Options) to be transferred to, exercised by and paid to certain persons or entities related to a Participant, including but not limited to members of the Participant's immediate family, charitable institutions, or trusts or other entities whose beneficiaries or beneficial owners are members of the Participant's immediate family and/or charitable institutions. In the case of initial Awards, at the request of the Participant, the Administrator may permit the naming of the related person or entity as the Award recipient. Any permitted transfer shall be subject to the condition that the Administrator receive evidence satisfactory to it that the transfer is being made for estate and/or tax planning purposes on a gratuitous or donative basis and without consideration (other than nominal consideration).

12.4 Limitations on Incentive Stock Options. Notwithstanding anything in this Agreement (or in any Award Agreement evidencing the grant of an Option hereunder) to the contrary, Incentive Stock Options shall be transferable

only to the extent permitted by Section 422 of the Internal Revenue Code and the treasury regulations thereunder without affecting the Option's qualification under Section 422 as an Incentive Stock Option.

SECTION 13

GENERAL RESTRICTIONS

13.1 Investment Representations. The Company may require any person to whom an Award is granted, as a condition of exercising such Award or receiving Stock under the Award, to give written assurances in substance and form satisfactory to the Company and its counsel to the effect that such person is acquiring the Stock subject to the Award for such person's own account for investment and not with any present intention of selling or otherwise distributing the same, and to such other effects as the Company deems necessary or appropriate in order to comply with federal and applicable state securities laws. Legends evidencing such restrictions may be placed on the certificates evidencing the Stock.

13.2 Compliance with Securities Laws. Each Award shall be subject to the requirement that, if at any time counsel to the Company shall determine that the listing, registration or qualification of the Shares subject to such Award upon any securities exchange or under any state or federal law, or the consent or approval of any governmental or regulatory body, is necessary as a condition of, or in connection with, the issuance or purchase of Shares thereunder, such Award may not be accepted or exercised in whole or in part unless such listing, registration, qualification, consent or approval shall have been effected or obtained on conditions acceptable to the Administrator. Nothing herein shall be deemed to require the Company to apply for or to obtain such listing, registration or qualification.

13.3 Stock Restriction Agreement. The Administrator may provide that shares of Stock issuable pursuant to an Award shall, under certain conditions, be subject to restrictions whereby the Company has a right of first refusal with respect to such shares or a right or obligation to repurchase all or a portion of such shares, which restrictions may survive a Participant's cessation or termination as a Service Provider.

13.4 Shareholder Privileges. No Award Holder shall have any rights as a shareholder with respect to any Shares covered by an Award until the Award Holder becomes the holder of record of such Stock, and no adjustments shall be made for dividends or other distributions or other rights as to which there is a record date preceding the date such Award Holder becomes the holder of record of such Stock, except as provided in Section 4.

SECTION 14

OTHER EMPLOYEE BENEFITS

The amount of any compensation deemed to be received by a Participant as a result of the exercise of an Option or the grant or vesting of any other Award shall not constitute “earnings” with respect to which any other benefits of such Participant are determined, including without limitation benefits under any pension, profit sharing, life insurance or salary continuation plan.

SECTION 15

PLAN AMENDMENT, MODIFICATION AND TERMINATION

The Board may at any time terminate, and from time-to-time may amend or modify, the Plan; provided, however, that no amendment or modification may become effective without approval of the amendment or modification by the shareholders if shareholder approval is required to enable the Plan to satisfy any applicable statutory or regulatory requirements, or if the Company, on the advice of counsel, determines that shareholder approval is otherwise necessary or desirable.

No amendment, modification or termination of the Plan shall in any manner adversely affect any Awards theretofore granted under the Plan, without the consent of the Participant holding such Awards.

SECTION 16

EXERCISE AND WITHHOLDING

16.1 Exercise, Payments, etc.

(a) The method for exercising each Award granted under the Plan shall be by delivery to the Corporate Secretary of the Company or an agent designated pursuant to Section 18 of a notice specifying the number of Shares with respect to which such Award is exercised and payment of the Exercise Price. Such notice shall be in a form satisfactory to the Administrator and shall specify the particular Award (or portion thereof) which is being exercised and the number of Shares with respect to which the Award is being exercised. The exercise of the Award shall be deemed effective upon receipt of such notice by the Corporate Secretary or a designated agent and payment to the Company. The purchase of such Stock shall be deemed to take place at the principal office of the Company upon delivery of such notice, at which time the purchase price of the Stock shall be paid in full by any of the methods or any combination of the methods set forth in (b) below. A properly executed certificate or certificates representing the Stock shall be issued by the Company and delivered to the Award Holder. If certificates representing Stock are used to pay all or part of the Exercise Price, separate certificates for the same number of shares of Stock shall be issued by the Company and delivered to the Award Holder representing each certificate used to pay the Exercise Price, and an additional certificate shall be issued by the Company and delivered to the Award Holder representing the additional Shares, in excess of the Exercise Price, to which the Award Holder is entitled as a result of the exercise of the Award.

(b) The exercise price shall be paid by any of the following methods or any combination of the following methods:

(i) in cash;

(ii) by certified or cashier's check payable to the order of the Company;

(iii) if authorized by the Administrator, in its sole discretion, by delivery to the Company of certificates representing the number of Shares then owned by the Award Holder, the Fair Market Value of which equals the purchase price of the Stock purchased pursuant to the Award, properly endorsed for transfer to the Company; provided however, that Shares used for this purpose must have been held by the Award Holder for more than six months; and provided further that the Fair Market Value of any Shares delivered in payment of the purchase price upon exercise of the Award shall be the Fair Market Value as of the exercise date, which shall be the date of delivery of the certificates for the Stock used as payment of the Exercise Price;

(iv) if authorized by the Administrator, in its sole discretion, by requesting to receive the number of Shares being exercised less the number of Shares having a Fair Market Value as of the exercise date equal to the aggregate Exercise Price for all Shares being exercised at the time;

(v) if authorized by the Administrator, in its sole discretion, and subject to applicable law, including Section 402 of the Sarbanes-Oxley Act, by delivery by a Participant (other than an Executive Officer or Director) to the Company of a properly executed notice of exercise together with irrevocable instructions to a broker to deliver to the Company promptly the amount of the proceeds of the sale of all or a portion of the Stock or of a loan from the broker to the Award Holder necessary to pay the exercise price; or

(vi) if authorized by the Administrator, in its sole discretion, any combination of these methods.

(c) In the sole discretion of the Administrator, the Company may, subject to applicable law, including Section 402 of the Sarbanes-Oxley Act, guaranty a third-party loan obtained by a Participant (other than an Executive Officer or Director) to pay part or all of the Exercise Price of the Shares provided that such loan or the Company's guaranty is secured by the Shares and the loan bears interest at a market rate. The Company may not make or guaranty loans to Executive Officers or Directors.

16.2 Withholding Requirement. The Company's obligations to deliver Shares upon the exercise of an Option or Stock Appreciation Right, or upon the vesting of any other Award, shall be subject to the Participant's satisfaction of all applicable federal, state and local income and other tax withholding requirements. The Company may defer exercise of an Award unless indemnified by the Participants to the Administrator's satisfaction against the payment of any such amount. Further, the Company shall, to the extent permitted by law, have the right to deduct any such taxes from any payment of any kind due to the Participant by the Company.

16.3 Withholding with Stock. At the time the Administrator grants an Award, it may, in its sole discretion, grant the Participant an election to pay all such amounts of tax withholding, or any part thereof, by electing to transfer to the Company, or to have the Company withhold from Shares otherwise issuable to the Participant, Shares having a value equal to the amount required to be withheld or such lesser amount as may be elected by the Participant. All elections shall be subject to the approval or disapproval of the Administrator. The value of Shares to be withheld shall be based on the Fair Market Value of the Stock on the date that the amount of tax to be withheld is to be determined (the "Tax Date"). Any such elections by Participants to have Shares withheld for this purpose will be subject to the following restrictions:

(a) All elections must be made prior to the Tax Date;

(b) All elections shall be irrevocable; and

(c) If the Participant is an "officer" or "director" of the Company within the meaning of Section 16 of the Exchange Act, the Participant must satisfy the requirements of such Section 16 of the Exchange Act and any applicable rules thereunder with respect to the use of Stock to satisfy such tax withholding obligation.

16.4 Incentive Options. In the event that an Award Holder makes a disposition (as defined in Section 424(c) of the Internal Revenue Code) of any Stock acquired pursuant to the exercise of an Incentive Stock Option prior to the later of (i) the expiration of two years from the date on which the Incentive Stock Option was granted or (ii) the expiration of one year from the date on which the Option was exercised, the Award Holder shall send written notice to the Company at its principal office (Attention: Corporate Secretary) of the date of such disposition, the number of Shares disposed of, the amount of proceeds received from such disposition, and any other information relating to such

disposition as the Company may reasonably request. The Award Holder shall, in the event of such a disposition, make appropriate arrangements with the Company to provide for the amount of additional withholding, if any, required by applicable federal and state income tax laws.

SECTION 17

SECTION 162(m) PROVISIONS

17.1 Limitations. Notwithstanding any other provision of this Plan, if the Administrator determines at the time any Award of Stock, Performance Shares, or Performance Units is granted to a Participant that such Participant is, or is likely to be at the time he or she recognizes income for federal income tax purposes in connection with such Award, a Covered Employee, then the Administrator may provide that this Section 17 is applicable to such Award.

17.2 Performance Goals. If an Award is subject to this Section 17, then the lapsing of restrictions thereon and the distribution of cash, Shares or other property pursuant thereto, as applicable, shall be subject to the achievement of one or more objective performance goals established by the Administrator, which shall be based on the attainment of one or any combination of the following: specified levels of earnings per share, operating income (before or after taxes), production or production growth, resource replacement or resource growth, revenues, gross margin, return on operating assets, return on equity, economic value added, stock price appreciation, total shareholder return (measured in terms of stock price appreciation and dividend growth), successful completion of financing, cash flow, or cost control, of the Company or Affiliated Entity (or any division thereof) for or within which the Participant is primarily employed. Such performance goals also may be based upon the attaining of specified levels of Company performance under one or more of the measures described above relative to the performance of other companies. Such performance goals shall be set by the Administrator within the time period prescribed by, and shall otherwise comply with the requirements of, Section 162(m) of the Internal Revenue Code and the regulations thereunder.

17.3 Adjustments. Notwithstanding any provision of the Plan other than Sections 5 and 11, with respect to any Award that is subject to this Section 17, the Administrator may not adjust upwards the amount payable pursuant to such Award, nor may it waive the achievement of the applicable performance goals except in the case of the death or disability of the Participant.

17.4 Expiration of Grant Authority. The Administrator's authority to grant new awards that are intended to qualify as performance-based compensation within the meaning of 162(m) of the Internal Revenue Code (other than Qualifying Awards) shall terminate upon the first meeting of the Company's shareholders that occurs in the fifth year following the year in which the Company's shareholders first approve this Plan.

17.5 Other Restrictions. The Administrator shall have the power to impose such other restrictions on Awards subject to this Section 17 as it may deem necessary or appropriate to ensure that such Awards satisfy all requirements for "performance-based compensation" within the meaning of Section 162(m)(4)(B) of the Internal Revenue Code or any successor thereto.

SECTION 18

BROKERAGE ARRANGEMENTS

The Administrator, in its discretion, may enter into arrangements with one or more banks, brokers or other financial institutions to facilitate the exercise of Options or the disposition of Shares acquired upon exercise of Stock Options, including, without limitation, arrangements for the simultaneous exercise of Stock Options and sale of the Shares acquired upon such exercise.

SECTION 19

NONEXCLUSIVITY OF THE PLAN

Neither the adoption of the Plan by the Board nor the submission of the Plan to shareholders of the Company for approval shall be construed as creating any limitations on the power or authority of the Board to adopt such other or additional incentive or other compensation arrangements of whatever nature as the Board may deem necessary or desirable or preclude or limit the continuation of any other plan, practice or arrangement for the payment of compensation or fringe benefits to Employees or Consultants generally, or to any class or group of Employees or Consultants, which the Company or any Affiliated Entity now has lawfully put into effect, including, without limitation, any retirement, pension, savings and stock purchase plan, insurance, death and disability benefits and executive short-term incentive plans.

SECTION 20

REQUIREMENTS OF LAW

20.1 Requirements of Law. The issuance of Stock and the payment of cash pursuant to the Plan shall be subject to all applicable laws, rules and regulations.

20.2 Rule 16b-3. Transactions under the Plan and within the scope of Rule 16b-3 of the Exchange Act are intended to comply with all applicable conditions of Rule 16b-3. To the extent any provision of the Plan or any action by the Administrator under the Plan fails to so comply, such provision or action shall, without further action by any person, be deemed to be automatically amended to the extent necessary to effect compliance with Rule 16b-3; provided, however, that if such provision or action cannot be amended to effect such compliance, such provision or action shall be deemed null and void to the extent permitted by law and deemed advisable by the Administrator.

20.3 Governing Law. The Plan and all agreements hereunder shall be construed in accordance with and governed by the laws of the State of Nevada.

20.4 Specified Employees Under Regulation 409A. For purposes of this Plan, the term “termination of employment” shall mean, with respect to any Award that constitutes a deferral of compensation within the meaning of Section 409A of the Internal Revenue Code, “separation from service” within the meaning of Section 409A of the Internal Revenue Code. Payment of any amount due a Participant after a termination of employment with the Company shall generally be made as soon as practical after such termination. However, if a Participant is a “specified employee” on the date of his or her termination of employment, as that term is defined under Sections 409A(a)(2)(A)(i) and 409A(a)(2)(B)(i) of the Internal Revenue Code, then, to the extent necessary to avoid imposition of additional taxes and interest under Section 409A of the Internal Revenue Code, any such payment shall be made on the date that is the earliest of: (i) six (6) months after the Participant’s termination of employment, (ii) the Participant’s date of death, if applicable, or (iii) such other earliest date for which such payment will not be subject to the constructive receipt, interest, and additional tax provisions of Section 409A of the Internal Revenue Code.

20.5 Regulation 409A. The payments and benefits payable under the Plan are intended to not be subject to the additional tax imposed pursuant to Section 409A of the Internal Revenue Code, and the Plan shall be construed in accordance with such intent.

SECTION 21

DURATION OF THE PLAN

No Award shall be granted under the Plan after ten years from the Effective Date; provided, however, that any Award theretofore granted may, and the authority of the Board or the Administrator to amend, alter, adjust, suspend, discontinue, or terminate any such Award or to waive any conditions or rights under any such Award shall, extend beyond such date.

SECTION 22

STOCKHOLDER APPROVAL.

The Company intends to seek stockholder approval of the Plan within twelve (12) months after The date this Plan is adopted by the Board; provided, however, if the Company fails to obtain stockholder approval of the Plan during such 12-month period, pursuant to Section 422 of the Code, any Option granted as an Incentive Stock Option at any time under the Plan will not qualify as an Incentive Stock Option within the meaning of the Code and will be deemed to be a Non-Statutory Option.
