Annual Meeting of Shareholders

March 14, 2019

PROXY STATEMENT

This proxy statement and accompanying proxy are being furnished to the holders of common stock of Hurco Companies, Inc. (the “Company,” “Hurco,” “we” or “us”) in connection with the solicitation of proxies by the Board of Directors for the 2019 Annual Meeting of Shareholders to be held at 10:00 a.m. Eastern Time on Thursday, March 14, 2019, at our corporate headquarters, at One Technology Way, Indianapolis, Indiana, 46268 and any adjournments thereof. This proxy statement and the accompanying form of proxy are being mailed to our shareholders on or about January 28, 2019.

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING AND VOTING

Who is entitled to vote at the meeting and what are my voting rights?

Shareholders of record as of the close of business on January 18, 2019 are entitled to vote at the annual meeting or any adjournments thereof. As of that date, there were 6,812,627 shares of our common stock outstanding and entitled to vote at the annual meeting. Holders of our common stock as of the record date are entitled to one vote per share with respect to each matter submitted to a vote of the shareholders. There is no cumulative voting on election of directors or any other matter.

How many shares must be present to hold the meeting?

The presence in person or by proxy of the holders of a majority of the outstanding shares entitled to vote at the annual meeting is necessary to constitute a quorum for the transaction of business.

What matters will be voted on at the meeting?

There are three matters to be considered at the meeting, as follows:

1. Election of ten directors to serve until the next annual meeting of shareholders and until their successors are duly elected and qualify;
2. An advisory vote to approve the compensation paid to our named executive officers, also referred to as the “say-on-pay” vote; and
3. Ratification of the appointment of RSM US LLP as our independent registered public accounting firm for the fiscal year ending October 31, 2019.

How are votes counted?

All shares that have been properly voted, and not revoked, will be voted at the meeting in accordance with the instructions of the voting shareholders.

Brokers are not entitled to exercise discretion to vote shares on any of the matters to be voted on at the meeting other than the ratification of the appointment of the auditor, unless the shareholder gives voting instructions to the broker. Accordingly, if you hold your shares in “street name” and wish your shares to be voted by your broker on the election of directors or the say-on-pay vote, you must give your broker voting instructions.

What vote is required to approve each proposal?

To approve each of the proposals, the following votes are required from the holders of voting shares. Abstentions and broker non-votes will not count as votes cast on the proposals below and will not affect the outcome of the votes.

Proposal	Vote Required
¹ Election of directors	The election of director nominees will be determined by a plurality of the shares voting on such election, which means that the director nominees receiving the most FOR votes will be elected up to the maximum number of directors to be elected at the annual meeting.
² Say-on-pay vote	More votes are cast FOR than AGAINST .
³ Ratification of auditors	More votes are cast FOR than AGAINST .

With respect to the election of directors, although there is a plurality voting standard, our Amended and Restated By-Laws (the “By-Laws”) provide that in an uncontested election, any incumbent director nominee who does not receive more FOR votes than WITHHOLD votes must tender his or her resignation as a director to the Board of Directors (the “Board”), subject to acceptance by the Board. The Nominating and Governance Committee of the Board will consider any resignation tendered under this policy and will recommend to the Board whether to accept or reject it, or whether other action should be taken. The Board of Directors will act on the tendered resignation, taking into account the Nominating and Governance Committee’s recommendation, within 90 days following the certification of the shareholder director election, and will promptly issue a press release regarding its decision. If the resignation is not accepted, the director shall continue to serve until the next annual meeting of shareholders and until his or her successor has been elected and qualified, or unless he or she is removed, resigns, dies or becomes so incapacitated he or she can no longer perform any of his or her duties as a director.

How can I vote my shares without attending the meeting?

Whether you hold your shares directly as a registered shareholder or beneficially in street name, you may vote without attending the meeting. If you are a shareholder of record, you can vote your shares by granting a proxy via the Internet, over the telephone or by mailing your signed proxy card. If you hold your shares in street name, your broker, bank or other nominee will provide you with materials and instructions on voting your shares.

How do I vote my shares in person at the meeting?

Proof of stock ownership and some form of government-issued, photo identification (such as a valid driver's license or passport) will be required for admission to the meeting. **Only shareholders who owned our common stock as of the close of business on January 18, 2019 are entitled to attend the meeting.**

If you are a shareholder of record, you must bring some form of government-issued, photo identification to be admitted to the meeting. You may vote your shares in person at the meeting by completing a ballot at the meeting.

If your shares are held in street name, you must request a legal proxy from your broker, bank or other nominee that holds your shares. If you do not obtain a legal proxy from your broker, bank or other nominee, you will not be entitled to vote your shares at the meeting, but you can still attend the meeting if you bring a recent bank or brokerage statement showing that you owned shares of our common stock on January 18, 2019.

Even if you currently plan to attend the meeting, we recommend that you vote by proxy, either via the Internet, by telephone or by mail, so that your vote will be counted if you later decide not to, or cannot, attend the meeting.

What can I do if I change my mind after I submit my proxy?

If you are a shareholder of record, you may revoke your proxy at any time before it is voted at the meeting by: (1) giving timely written notice of the revocation to our Secretary, or (2) timely submitting a later-dated proxy via the Internet, by telephone or by mail, or (3) attending the meeting and voting in person. If your shares are held in street name, you may submit new voting instructions by contacting your broker, bank or other nominee holder. Or, in the alternative, you may vote in person at the annual meeting if you obtain a legal proxy as described above.

What are the Board's recommendations on how I should vote my shares?

The Board of Directors recommends that you vote your shares as follows:

FOR the election of the ten nominees as directors.

FOR the say-on-pay vote.

FOR the ratification of the appointment of RSM US LLP as our independent registered public accounting firm for the fiscal year ending October 31, 2019.

How would my shares be voted if I do not specify how they should be voted?

If you sign and return a proxy card without indicating how you want your shares to be voted, the persons named as proxies will vote your shares as follows:

FOR the election of the ten nominees as directors.

FOR the say-on-pay vote.

FOR the ratification of the appointment of RSM US LLP as our independent registered public accounting firm for the fiscal year ending October 31, 2019.

What is the effect of the say-on-pay vote?

The say-on-pay vote is advisory and not binding on the Company, the Board of Directors or the Compensation Committee. We could, if the Board or the Compensation Committee concluded it was in our best interests, choose not to follow or implement the outcome of the advisory vote.

What happens if additional matters are presented at the annual meeting?

We know of no other matters other than the items of business described in this proxy statement that will be presented at the meeting. If you grant a proxy, the persons named as proxy holders will have discretion to vote your shares on any additional matters properly presented for a vote at the meeting in accordance with Indiana law and our By-Laws.

Who will count the votes?

Our Corporate Secretary will count the votes.

Can I review the list of shareholders entitled to vote at the meeting?

A list of shareholders entitled to vote at the meeting will be available at the meeting and for ten days prior to the meeting, between the hours of 9:00 a.m. and 4:30 p.m., at our offices at One Technology Way, Indianapolis, Indiana 46268. If you would like to view the shareholder list, please contact our Corporate Secretary to schedule an appointment.

Who pays for the cost of proxy preparation and solicitation?

We will pay the cost of preparing, assembling and mailing this proxy statement and form of proxy. We will also request banks, brokers and other holders of record to send the proxy materials to, and obtain proxies from, beneficial owners and will reimburse them for their reasonable expenses in doing so.

Is this proxy statement the only way that proxies are being solicited?

Our directors, officers and other employees may also solicit proxies personally by telephone, facsimile, electronic mail, personal contact or otherwise. They will not be specifically compensated for doing so.

Can I receive future proxy statements and annual reports electronically?

Yes. If you are a shareholder of record, you may request and consent to electronic delivery of future proxy statements, annual reports and other shareholder communications by following the instructions on the proxy card to vote using the Internet and when prompted, indicate that you agree to receive or access shareholder communications electronically in future years. You may also contact our Transfer Agent, Computershare Investor Services, by calling (781) 575-2879 or toll-free at (877) 282-1169, or by writing: Computershare Investor Services, P.O. Box 505000, Louisville, KY 40233-5000. If your shares are held beneficially in street name, please contact your bank, broker or other nominee and ask about the availability of electronic delivery.

Are you planning on making the proxy materials only available by Internet this year, unless paper copies are requested?

No. Although many public companies are mailing a notice to their shareholders so they can provide proxy materials through the Internet, we have elected to use the “full set delivery” option and so are providing paper copies of proxy materials to all of our shareholders. Our proxy materials and Annual Report on Form 10-K are also available via the Internet at www.hurco.com/proxymaterials. We may decide not to use the “full set delivery” option in the future; however, you will still have the right to request a free set of proxy materials by mail.

PROPOSAL 1. ELECTION OF DIRECTORS

The Board of Directors currently consists of eight members. The Board of Directors, acting on the recommendation of our Nominating and Governance Committee, has nominated the ten individuals identified below for election as directors. Each of the nominees is currently a director, other than Ms. Dubin and Mr. Volovic. Ms. Dubin and Mr. Volovic were recommended to the Board of Directors by the Nominating and Governance Committee. The Nominating and Governance Committee considered and reviewed Ms. Dubin and Mr. Volovic as candidates for director after receiving a recommendation from the Chairman and Chief Executive Officer.

No fees were paid to any third parties to identify or evaluate potential nominees. Unless authority is specifically withheld, the shares being voted by proxy will be voted in favor of these nominees. Each nominee who is elected will serve for a term of one year, which expires at our next annual meeting of shareholders or such later date as his or her successor has been elected and qualified.

The Board of Directors, acting on the recommendation of our Nominating and Governance Committee, has approved an increase in the size of the Board of Directors from eight members to ten members, to be effective as of the election of directors at our 2019 Annual Meeting of Shareholders. Proxies cannot be voted for a greater number of persons than ten, which is the number of nominees named in this proxy statement.

If any of these nominees becomes unable to serve, we expect that the persons named in the proxy will exercise their voting power in favor of such other person or persons as the Board may recommend. All of the nominees have consented to being named in this proxy statement and to serve if elected. The Board of Directors knows of no reason why any of the nominees would be unable to serve.

CORPORATE GOVERNANCE

Policies on Corporate Governance

Our Board believes that good corporate governance is important to ensure that our Company is managed for the long-term benefit of our shareholders. The Board or one of its committees periodically reviews our Corporate Governance Principles, the written charters for each of the standing committees of the Board and our Code of Business Conduct and Ethics and amends them as appropriate to reflect new policies or practices.

Board Leadership Structure

Our Board is currently led by Mr. Doar, our Chairman and Chief Executive Officer. Mr. Doar has held these positions since 2001 and has experience in leading the Company through a range of changes in business environments. The Board of Directors believes that it is most efficient and effective for a single individual to fulfill these two leadership roles at this time. Combining the Chairman and Chief Executive Officer roles facilitates clear leadership responsibility and accountability, effective decision-making and a cohesive corporate strategy. Our Board of Directors possesses considerable experience and knowledge of the challenges and opportunities that we face as a company. We feel the Board is well qualified to evaluate our current and future needs and to judge how the capabilities of our senior management can be most effectively organized to meet those needs.

Our Board of Directors currently has seven independent directors. We have three standing committees and, as required by our Corporate Governance Principles, one of our independent directors serves as our Presiding Independent Director. The independent directors have designated Mr. Cruickshank to serve as Presiding Independent Director. The Presiding Independent Director oversees executive sessions of the independent directors and plays an active role in setting Board agendas and facilitating interactions between the independent directors, on the one hand, and the full Board or management, on the other. The Board of Directors evaluates the appropriateness of its leadership structure on an ongoing basis and may change it as circumstances warrant. We believe that each of these measures counter-balances any risk that may exist in having Mr. Doar serve as both Chairman and Chief Executive Officer. For these reasons, our Board of Directors believes this leadership structure is effective for our Company.

Board Role in Risk Oversight

Our Board regularly receives reports from our Chief Executive Officer and other members of our senior management team regarding areas of significant risk to us, including strategic, operational, financial, legal, regulatory and reputational risks. However, management is responsible for assessing and managing our various risk exposures on a day-to-day basis. In this regard, management, with the assistance, where appropriate, of its counsel, has established functions that focus on particular risks, such as legal matters, regulatory compliance, treasury management, research and development, supply chain and quality control, and has developed a comprehensive and integrated approach to overall risk management, which includes the identification of risks and mitigation plans in the strategic planning process.

Our Board's role is primarily one of oversight. Our Board oversees our risk management processes to determine whether those processes are functioning as intended and are consistent with our business and strategy. Our Board conducts this oversight primarily through the Audit Committee, although some aspects of risk oversight are performed by the full Board or another committee. The Audit Committee is assigned with, among other things, oversight of our risks relating to accounting matters, financial reporting and legal and regulatory compliance. The Audit Committee meets regularly with our Chief Financial Officer, external auditors, internal auditors and management to discuss our major financial risk exposures and the steps management has taken to monitor and control such exposures, including our risk assessment and risk management policies. The Audit Committee also receives regular reports regarding issues such as the status and findings of audits being conducted by our independent auditors, the status of material litigation, and material accounting changes or proposed audit adjustments that could affect our financial statements. Our Audit Committee has standing items on its quarterly meeting agendas relating to these responsibilities. The Audit Committee members, as well as all other directors, have access to our Chief Financial Officer, internal auditors and any other member of our management for discussions between meetings, as warranted. The Audit Committee provides reports to the full Board on risk-related items.

The activities of the Compensation Committee with respect to risks relating to our compensation policies and procedures are discussed below in the Executive Compensation section of this proxy statement.

Director Independence and Board Meetings

The Board of Directors has determined that each of our non-employee directors, Messrs. Aaro, Cruickshank, Gardner, Longbottom, Niner, and Porter and Ms. Sivanesan, and one of the new nominees for director, Ms. Dubin, is "independent" as defined by the listing standards of The Nasdaq Stock Market (the market in which our common stock trades), or Nasdaq, and the director independence rules of the Securities and Exchange Commission, or SEC. The Board has affirmatively determined that none of the persons who served as independent directors during fiscal 2018 or Ms. Dubin has any relationship with us that would impair their independence.

Directors are expected to attend Board meetings, meetings of committees on which they serve and our annual meeting of shareholders, and to spend the time needed and meet as frequently as necessary to properly discharge their responsibilities. The Board of Directors held five meetings during fiscal 2018. All directors attended at least 75% of the aggregate number of meetings of the Board and the committees on which they served during fiscal 2018, and all directors attended our 2018 Annual Meeting of Shareholders.

Board Committees and Committee Meetings

The Board of Directors has three standing committees: the Audit Committee, the Compensation Committee and the Nominating and Governance Committee. The members of the committees, as of the date of this proxy statement, are identified in the following table.

Name of Director	Audit Committee	Compensation Committee	Nominating and Governance Committee
Thomas A. Aaro	X	X	
Robert W. Cruickshank		X	Chair
Michael Doar			
Timothy J. Gardner		Chair	
Jay C. Longbottom	Chair

Audit Committee

The Audit Committee oversees our accounting, financial reporting and internal audit activities. It appoints our independent registered public accounting firm and meets with that firm, our internal audit team and our Chief Financial Officer to review the scope, cost and results of our annual audit and to review our internal accounting controls, policies and procedures. The Report of the Audit Committee is included on page 46 of this proxy statement.

All members of the Audit Committee are “independent” as such term is defined for audit committee members under the Nasdaq rules and SEC Rule 10A-3 promulgated under the Securities Exchange Act of 1934, as amended, or the Exchange Act. The Board has determined that Mr. Longbottom qualifies as an “audit committee financial expert,” as defined in Item 407(d)(5)(ii) of Regulation S-K of the Exchange Act.

The Audit Committee held six meetings during fiscal 2018.

The Audit Committee operates under a written charter, a copy of which is available on our website at www.hurco.com/investors under “Corporate Governance.”

Compensation Committee

The Compensation Committee reviews and recommends to the Board the compensation of our officers and managers and guidelines for the general wage structure of our entire workforce. The Compensation Committee also oversees the administration of our employee benefit plans and discusses with management the Compensation Discussion and Analysis and, if appropriate, recommends its inclusion in our Annual Report on Form 10-K and proxy statement. In determining the compensation of the executive officers other than our Chief Executive Officer, the Compensation Committee considers the recommendations of the Chief Executive Officer. The Report of the Compensation Committee is included on page 28 of this proxy statement.

All members of the Compensation Committee are “independent” as such term is defined for compensation committee members under the Nasdaq rules and SEC Rule 10C-1 promulgated under the Exchange Act.

The Compensation Committee held five meetings during fiscal 2018.

The Compensation Committee operates under a written charter, a copy of which is available on our website at www.hurco.com/investors under “Corporate Governance.”

Compensation Committee Interlocks and Insider Participation

No member of our Compensation Committee was, at any time during fiscal 2018 or at any other time before fiscal 2018, an officer or an employee of the Company. In addition, none of the members of the Compensation Committee were involved in a relationship requiring disclosure as an interlocking executive officer or director under Item 407(e)(4) of Regulation S-K of the Exchange Act. None of our executive officers served as a member of the Compensation Committee at any time during or before fiscal 2018.

Nominating and Governance Committee

The Nominating and Governance Committee assists the Board by identifying individuals qualified to become Board members, maintains our Corporate Governance Principles and Code of Business Conduct and Ethics, leads the Board in an annual self-evaluation, recommends members and chairs for each standing committee and determines and evaluates succession plans for our Chief Executive Officer.

All members of the Nominating and Governance Committee are independent directors as defined by Nasdaq rules.

The Nominating and Governance Committee held three meetings during fiscal 2018.

The Nominating and Governance Committee is responsible for identifying potential Board members or nominees. The committee examines, among other things, the following qualifications and skills of director candidates: their business or professional experience, their integrity and judgment, their records of public service, their ability to devote sufficient time to the affairs of the Company, the diversity of backgrounds and experience they will bring to the Board and the needs of the Board for certain skills or experiences. The Nominating and Governance Committee also believes that all nominees should be individuals of substantial accomplishment with demonstrated leadership capabilities. The committee does not have a formal policy with regard to the consideration of diversity in identifying nominees for director.

The Nominating and Governance Committee will consider candidates for director who are recommended by shareholders. A shareholder who wishes to recommend a director candidate for consideration by the committee should send such recommendation to our Secretary at One Technology Way, Indianapolis, Indiana 46268, who will forward it to the committee. Any such recommendation should include a description of the candidate's qualifications for Board service and contact information for the shareholder and the candidate.

A shareholder who wishes to nominate an individual as a candidate for director without the recommendation of the Nominating and Governance Committee must comply with the advance notice and informational requirements set forth in our By-Laws, which are more fully explained later in this proxy statement under "Shareholder Proposals for our 2020 Annual Meeting."

The Nominating and Governance Committee operates under a written charter, a copy of which is available on our website at www.hurco.com/investors under "Corporate Governance."

Shareholder Communications

The Board of Directors has implemented a process whereby shareholders may send communications to its attention. The process for communicating with the Board is set forth in our Corporate Governance Principles, which are available on our website at www.hurco.com/investors under "Corporate Governance."

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our directors and executive officers, and persons who own more than 10% of our common stock, to file reports of ownership with the SEC and Nasdaq. Such persons are also required to furnish us with copies of all Section 16(a) forms they file.

Based solely on our review of the copies of such forms received by us, and written representations from certain reporting persons that they were not required to file a Form 5 to report previously unreported ownership or changes in ownership, we believe that, during our fiscal year ended October 31, 2018, all of our executive officers, directors and greater than 10% beneficial owners complied with all filing requirements under Section 16(a), except as described immediately below.

On March 26, 2018, the RTN-PSN Trust (the "Trust"), of which Mr. Niner is a director, sold 8,071 shares for a price of \$45.30 per share. The board of directors of the Trust has investment and voting control over shares owned by the Trust and is comprised of six members (Mr. Niner, two of his immediate family members and three non-family members), and therefore Mr. Niner may be deemed to have indirect beneficial ownership of shares owned by the Trust. However, the Form 4 disclosing such transaction was not filed until April 2, 2018 – three days late under applicable beneficial ownership reporting rules. The Form 4 filed on April 2, 2018 by Mr. Niner was only late with respect to the specific transaction referenced above.

Code of Business Conduct and Ethics

We have adopted a Code of Business Conduct and Ethics, which applies to all of our directors, executive officers and employees, including our principal executive officer and principal financial officer. If we grant any waiver to the Code of Business Conduct and Ethics, we will disclose the nature of such waiver in a Current Report on Form 8-K that we will file with the SEC. A copy of the Code of Business Conduct and Ethics is available on our website at www.hurco.com/investors under "Corporate Governance." We will disclose any amendments or updates to our Code of Business Conduct and Ethics by posting such amendments or updates on our website.

PROPOSAL 2. ADVISORY VOTE TO APPROVE EXECUTIVE COMPENSATION

The second proposal to be considered at the 2019 Annual Meeting of Shareholders is the advisory vote to approve the compensation paid to our named executive officers as disclosed in this proxy statement pursuant to the SEC's compensation disclosure rules (which disclosure includes the Compensation Discussion and Analysis, the compensation tables and the narrative discussion following the compensation tables), also known as the say-on-pay vote. Consistent with the preference expressed by shareholders at the 2011 and 2017 annual meetings, we have been conducting say-on-pay votes on an annual basis.

The Compensation Discussion and Analysis beginning on page 15 of this proxy statement describes our executive compensation program, in detail, and explains the philosophy of the program, the elements of compensation and the factors considered by the Compensation Committee in determining the compensation of our named executive officers during fiscal 2018.

At our 2018 Annual Meeting of Shareholders, approximately 99% of the votes cast on the annual say-on-pay vote were voted to approve the proposal, which was similar to the approximately 99% and approximately 98% of votes cast in favor of the say-on-pay proposal at our 2017 Annual Meeting of Shareholders and 2016 Annual Meeting of Shareholders, respectively. The Compensation Committee believes that the high levels of shareholder support at those meetings indicate that our executive compensation program is aligned with market practices and meets shareholders' expectations.

Accordingly, the Board of Directors recommends that our shareholders vote **FOR** the following resolution at the 2019 Annual Meeting of Shareholders:

“Resolved, that the compensation paid to Hurco Companies, Inc.’s named executive officers, as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, compensation tables and narrative discussion in this proxy statement, is approved.”

Because it is advisory, the results of the say-on-pay vote are not binding upon the Board of Directors or the Compensation Committee. However, as was the case with the results of the say-on-pay vote at prior annual meetings of shareholders, we expect that the Compensation Committee, which is responsible for designing and administering our executive compensation program, will consider the outcome of the vote when making future compensation decisions for our named executive officers.

The Board of Directors recommends a vote “FOR” the advisory proposal to approve the compensation of our named executive officers as disclosed in this proxy statement.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This section and the tables that follow it provide information regarding our compensation program and practices as they relate to our Chief Executive Officer, Chief Financial Officer and one other executive officer identified in the Summary Compensation Table on page 30, and are referred to as the “named executive officers” in this analysis. We currently do not have any executive officers who are not also named executive officers.

The responsibilities of the Compensation Committee of the Board of Directors (referred to as the Committee in this section) include administering our compensation programs and approving or ratifying all compensation-related decisions for the named executive officers.

Philosophy

The goals of our executive compensation program are to foster the creation of shareholder value while, at the same time, motivating and retaining managerial personnel. Our executive compensation program has been designed to hold executives accountable for the financial and operational performance of the Company, as well as reflecting the value of the Company’s stock. Therefore, a substantial amount of an executive’s compensation is at risk and tied to the performance of the Company on both a short-term and long-term basis. Our compensation program includes the use of Company common stock and stock ownership guidelines that serve to align the interests of our executives with the interests of our shareholders. Our compensation program is designed to reward executives at levels comparable to our peers to promote fairness and success in attracting and retaining executives. We believe that our compensation program does not promote excessive risk-taking and various elements of our policies that are in place, such as capped incentive opportunities, use of capital return metrics, stock ownership guidelines, recoupment policy and governance processes, serve to mitigate excessive risk. The employment agreements with our named executive officers include a change in control severance benefit that has a “double-trigger” (i.e., requires both a change in control and termination of the executive’s employment in order to receive that benefit).

Fiscal 2018 Overview

We are an industrial technology company that designs, produces and sells computerized machine tools. During fiscal 2018, our sales and service fees were \$300.7 million, an increase of \$57.0 million, or 23%, compared to fiscal 2017

and included a favorable currency impact of \$10.5 million, or 4%, when translating foreign sales to U.S. dollars for financial reporting purposes. Operating income for fiscal 2018 was \$33.8 million, or 11% of sales, compared to \$20.9 million, or 9% of sales, in fiscal 2017. The year-over-year increase in machine sales and operating income was due primarily to growth in all geographic regions (Americas, Europe and Asia Pacific) and all product lines (Hurco, Takumi and Milltronics) and the favorable impact of foreign currency translation compared to the corresponding prior year period. Earnings per diluted share for fiscal 2018 was \$3.15 compared to \$2.25 for fiscal 2017. Excluding the impact of one-time charges related to the Tax Cuts and Jobs Act that was enacted in December 2017, earnings per diluted share would have been \$0.41 higher than the earnings per diluted share we reported for fiscal 2018.

Alignment of Pay-for-Performance

The compensation program for our named executive officers is designed to provide competitive pay opportunities while aligning the incentive compensation realized by our named executive officers with the interests of our shareholders by linking pay with company and stock performance.

In fiscal 2018, the Committee approved the following four types of incentive compensation opportunities for our named executive officers, which are intended to align their pay with Company and individual performance:

- cash award opportunities under the short-term incentive compensation plan based on the Company's operating income margin for fiscal 2018 and strategic objectives set for each named executive officer for fiscal 2018;
- restricted shares which vest in equal installments over three years;
- performance stock units that will be earned based on the Company's average return on invested capital, or ROIC, for fiscal years 2018 through 2020; and
- performance stock units that will be earned based on the Company's total shareholder return, or TSR, relative to companies in the established 2018 peer group, for fiscal years 2018 through 2020.

The incentive compensation realized by our named executive officers related to fiscal year 2018 consisted of:

- cash awards earned and paid based on fiscal 2018 operating income margin and achievement of strategic objectives set for each named executive officer for fiscal 2018;
- the vesting in 2018 of a portion of the restricted shares granted in fiscal years 2015, 2016 and 2017;
- performance shares granted in fiscal 2016 that were earned based on the Company's average ROIC for fiscal years 2016 through 2018; and
- performance shares granted in fiscal 2016 that were earned based on the Company's TSR performance, relative to companies in the established peer group, for fiscal years 2016 through 2018.

During fiscal 2018, the Committee engaged Pay Governance, LLC ("Pay Governance"), its compensation consultant, to assess whether pay and performance were aligned for our Chief Executive Officer over the past four fiscal years 2014-2017. The assessment considered Mr. Doar's annual incentive payment and realizable total compensation, as well as Hurco's key performance metrics, relative to those of our peer group. The result of the assessment indicated that Mr. Doar's four-year aggregate annual incentives and four-year aggregate realizable compensation was positioned at the 79th percentile and 60th percentile, respectively, of our peer group, which was strongly aligned with Hurco's composite performance over the same period, which ranked at the 72nd percentile.

See "Compensation Decisions for Fiscal 2018" for further information.

Consideration of 2017 and 2018 Say-on-Pay Votes

Based on the strong level of shareholder support for the say-on-pay votes in 2017 and 2018, the Committee determined to maintain a similar executive compensation program for fiscal year 2019.

Elements of Compensation

The compensation package of our named executive officers consists primarily of a base salary, short-term incentive compensation and long-term incentive compensation. As part of the Committee's continuous effort to strengthen the executive compensation program, from time to time, the Committee engages its independent compensation consultant, Pay Governance, to conduct a competitive market assessment for each executive position using publicly-available data from the Company's applicable peer group and executive compensation surveys. The assessment focuses on the competitiveness of compensation delivered to each executive by compensation element (base salary, target annual incentive, target total cash compensation, expected value of long-term incentives and target total direct compensation). The objectives of the assessment are to understand changes in market compensation from year to year, to analyze the competitiveness of current pay levels relative to the market and to serve as an input for making compensation adjustments if necessary.

The charts below display the total compensation mix, based on target compensation for fiscal 2018, for our named executive officers.

2018 Executive Compensation Mix

Base Salaries. Our industry is highly cyclical and we believe that offering competitive base salaries is a key factor in attracting and retaining talent. In deciding on the appropriate base salary for each named executive officer, the Committee takes into consideration the results of the most recent competitive market assessment, as well as the individual's performance, his or her roles and responsibilities and related experience in those roles.

Short-Term Incentive Compensation. For the fiscal 2018 short-term incentive compensation arrangement, pursuant to the Hurco Companies, Inc. Cash Incentive Plan ("Cash Incentive Plan"), which was approved by shareholders at our 2016 Annual Meeting of Shareholders, the Committee selected the applicable performance measures, specified the performance goals based on those performance measures, and specified the method for calculating the amount payable to named executive officers if the performance goals are satisfied. Like the 2017 short-term incentive compensation plan, the 2018 arrangement provides for cash incentives tied to the achievement of targets for objective performance measures that are based on our fiscal 2018 operating income margin and certain strategic objectives. The Committee determined to maintain operating income margin and strategic objectives as the performance measures for the short-term incentive compensation arrangement for fiscal 2019 under the Cash Incentive Plan, since the Committee believes those performance measures appropriately align executive compensation with Company and individual performance. See "Compensation Decisions for Fiscal 2019."

Long-Term Incentive Compensation. The Company has a shareholder-approved plan that permits the Committee to grant several types of equity-based awards. The Committee believes that equity-based awards that include certain vesting requirements provide our executive officers with an ownership stake in the Company and promote executive retention. The Committee also believes that grants of restricted shares are an effective means to align the interests of executives more closely with those of our shareholders and that grants of performance shares or performance stock units directly link executive compensation with company performance. In fiscal 2018, the Committee awarded a combination of restricted shares and performance stock units to its executives, which have a three-year vesting or performance period, respectively. The Committee determined to also maintain the same structure and metrics for the long-term incentive compensation awards for fiscal 2019. See “Compensation Decisions for Fiscal 2019.”

Stock Ownership Guidelines and Hedging Prohibitions. Our Corporate Governance Principles include stock ownership guidelines for our executive officers and independent directors. The Committee is responsible for interpreting and reviewing compliance with the stock ownership guidelines as they relate to the executive officers. The Committee believes that the executive stock ownership guidelines align executives’ interests with those of shareholders through equity-based incentives and stock ownership guidelines that facilitate a culture of ownership. The guidelines provide that the executive officers are expected to acquire and maintain ownership of shares of our common stock (including unvested restricted stock awards) having an aggregate market value that is at least equal to five times annual base salary for the Chief Executive Officer, three times annual base salary for the President and two times annual base salary for the other executive officer. The executive officers are expected to retain ownership of all net shares (shares of common stock acquired as a result of the exercise or vesting of equity incentive awards granted, reduced by any shares sold, tendered or retained to pay exercise price or tax withholding requirements related to such awards) acquired with respect to awards granted under the Company’s equity incentive plans, until the requisite ownership has been achieved. If an executive officer fails to comply with the guidelines, the Committee may determine that such person is not eligible for awards under the Company’s equity incentive plan until such time as he or she is in compliance. Any shares of stock subject to pledges or security interests will not be considered as owned in determining compliance with the stock ownership guidelines.

In addition, our Corporate Governance Principles prohibit executive officers from hedging the economic risk of ownership of our common stock. Our Corporate Governance Principles can be accessed through our website at: www.hurco.com/investors under “Corporate Governance.”

Medical, Disability and Life Insurance. All full-time employees, including the named executive officers, participate in insurance benefits coverage to help manage the financial impact of ill health, disability and death. In addition, all named executive officers are provided supplemental disability benefits and our Chief Executive Officer is also provided a split-dollar life insurance benefit.

Retirement Benefits. We sponsor a 401(k) plan in which all full-time employees are eligible to participate. The purpose of the plan is to provide an incentive for employees to save for their retirement income needs and to assist in our attraction and retention of employees. Our named executive officers participate in the 401(k) plan on the same

basis as other eligible employees. We currently match 100% of the first 6% of a participant's annual earnings that he or she contributes, up to the maximum permitted by law. We also maintain a deferred compensation program in which our named executive officers and other senior management employees may voluntarily participate. For additional information regarding the deferred compensation program, see "Nonqualified Deferred Compensation."

Perquisites. The Committee believes that, even though the level of perquisites provided to the named executive officers is relatively minimal, perquisites are an integral component in establishing the competitiveness of our overall compensation program. Perquisites offered to the named executive officers include the use of company leased vehicles. For additional information regarding perquisites, see "Tabular Compensation Information."

Employment Agreements

We have employment agreements with each of the named executive officers. Information regarding these employment agreements is found in this section under the heading “Employment Agreements” on page 40. Under the heading “Potential Payments upon Termination” on page 41, we also estimate the benefits that we would have paid to these executives if their employment had terminated on October 31, 2018, under various scenarios.

The Committee believes that these agreements are an important part of the overall compensation arrangements for the executives by helping to secure for us the continued employment and dedication of the executives, while simultaneously providing a reasonable amount of assurance of continued employment to them.

Compensation Decisions for Fiscal 2018

Details of the compensation payable to the named executive officers for fiscal 2018 are disclosed in the tables and related discussion that follow this Compensation Discussion and Analysis.

Base Salaries. On November 15, 2017, employing the methodology described above under “Elements of Compensation,” the Committee established annual base salaries for the named executive officers for fiscal 2018. The salary increase for Mr. Doar was approximately 3%, the average merit increase for all U.S.-based employees of the Company, as his salary was within the market competitive range. Mr. Volovic and Ms. McClelland received an approximately 4% and 9% salary increase, respectively, which took into account their performance during fiscal 2017 and better aligned their salaries with the market competitive range.

The following table sets forth the annual base salary of each of the named executive officers for fiscal 2017 and the annual base salary established by the Committee for each of those officers for fiscal 2018, as well as the percentage increase between the two years:

Name	Fiscal 2017 Base Salary	Fiscal 2018 Base Salary	Percentage Increase	
Michael Doar	\$ 465,000	\$ 480,000	3	%
Sonja K. McClelland	\$ 275,000	\$ 300,000	9	%
Gregory S. Volovic	\$ 375,000	\$ 390,000	4	%

Short-Term Incentive Compensation. On January 3, 2018, the Committee, pursuant to the Cash Incentive Plan, selected the applicable performance measures, specified the performance goals based on those performance measures, and specified the method for calculating the amount payable to named executive officers if and to the extent the performance goals were satisfied. Similar to fiscal 2017, for fiscal 2018, the Committee selected operating income margin and certain strategic objectives for the named executive officers as the performance measures, which are among the performance measures set forth in the Cash Incentive Plan.

The performance goals related to our fiscal 2018 operating income margin and certain strategic objectives for the named executive officers and payouts were based on the relative weightings set forth below:

Name	Performance Metric	Weighting	
Michael Doar	Operating Income Margin	70	%
	Strategic Objectives	30	%
Sonja K. McClelland	Operating Income Margin	70	%
	Strategic Objectives	30	%
Gregory S. Volovic	Operating Income Margin	70	%
	Strategic Objectives	30	%

Operating income margin was chosen as the primary performance metric because the Committee believes it continues to most directly correlate to our executives' performance. An executive could earn a short-term incentive award due to success in achieving individual strategic objectives, even if performance fell below threshold on the operating income margin; however, the weighting of the two performance metrics encourages decisions that should benefit our overall profitability. Further, if fiscal 2018 operating income margin had been zero or negative, then no amounts would have been paid under the 2018 short-term incentive arrangement, even if all or a portion of the performance goals under the strategic objectives component were attained. Participants had the ability to earn between 50% of a target amount for achieving threshold performance and 200% of target for achieving maximum performance for each metric.

In January 2018, the Committee established the following payout levels that would be associated with the degree to which the operating income margin was attained for fiscal 2018:

Operating Income Margin	Threshold	Target	Exceeds	Maximum
Actual Results	6 %	9 %	11 %	13 %
Percentage Payout Level	50 %	100 %	150 %	200 %

Payout levels interpolated for results between 6% and 13%

In January 2018, the Committee also approved the strategic objectives set for each named executive officer and the associated payout levels for fiscal 2018. Participants had the ability to earn between 50% and 200% of the target amount based on the overall achievement of the applicable 2018 strategic objectives set for each participant. The strategic objectives approved by the Committee for each of the named executive officers and the related performance categories, were as follows:

	<u>Performance Categories</u>	<u>Objective</u>
Michael Doar	Strategic Initiatives/Asset Management/Profit Improvement	Update and execute strategic plan for incremental revenue growth and improved return on corporate assets
	Strategic Initiatives/Profit Improvement	Assess and change the corporate structure (as necessary) to allow flexibility of operations and maximum returns
	Board Governance	Assist in the evaluation and recruitment of Board of Directors
	Investor Relations	Shareholder outreach
	Strategic Initiatives	Evaluate succession plans for Executive Officers and key senior management roles/positions in the company
Sonja K. McClelland	Strategic Initiatives/Profit Improvement	Assess and implement international tax strategies to address potential changes in global tax policies
	Asset Management/Profit Improvement/Cost Reduction	Execute the annual business plan initiatives to improve profitability and return on corporate assets
	Strategic Initiatives/Liquidity	Renegotiate domestic and foreign credit agreements for the U.S., Europe and Asia

Edgar Filing: HURCO COMPANIES INC - Form DEF 14A

	Cost Reduction/Profit Improvement	Assess cost reduction initiatives and process for implementation
	Information Systems	Sponsor the implementation plan for a U.S. operating system upgrade
	Strategic Initiatives/Market Share	Assess and implement operating strategies to improve market penetration in Europe
Gregory S. Volovic	Strategic Initiatives/Profit Improvement	Expand/Improve worldwide manufacturing operations
	Research & Development	Develop and launch final phase of new lathe software
	Strategic Initiatives/Market Share	Assess and execute strategic changes as required to continue improved market penetration and business performance in Asia

On January 2, 2019, the Committee determined the degree to which the operating income margin metric and the strategic objectives for fiscal 2018 were attained, and the resulting payout level relative to the target amount for each metric. For fiscal 2018, the Company achieved an 11.2% operating income margin, and, therefore, the Committee determined that the resulting percentage payout level relative to the target amount for that metric would be 155.0%. In determining the payout level associated with the above strategic objectives set for fiscal 2018 for each of the named executive officers, the Committee assessed the level of achievement of those strategic objectives. As a result, the Committee determined that the resulting percentage payout level relative to the target amount for the strategic objectives was: for Mr. Doar – 200%, for Ms. McClelland – 200%, and for Mr. Volovic – 200%.

The weightings applicable to each of the operating income margin metric and the 2018 strategic objectives metric set forth above for each named executive officer were then applied to the percentage payout level for each metric as determined by the Committee, resulting in a weighted-average percentage payout level relative to the target amount for each executive.

The weighted-average percentage payout level applicable to each named executive officer was then multiplied by his or her target amount, which was determined by multiplying the base salary of the applicable named executive officer paid during fiscal 2018 by the target amount set forth below:

Name	Target Amount of 2018 Base Salary	
Michael Doar	100	%
Sonja K. McClelland	75	%
Gregory S. Volovic	85	%

The Committee retained the discretion to adjust downward, but not upward, the amount of compensation that would otherwise be payable under the 2018 short-term incentive compensation arrangement. The Committee did not exercise that discretion with respect to the amounts payable under the 2018 short-term incentive compensation arrangement.

The following table sets forth the total short-term incentive compensation amounts awarded to each named executive officer related to fiscal 2018:

Name	Operating Income Margin	Strategic Objectives	Total Short-Term Compensation
Michael Doar	\$ 520,800	\$ 288,000	\$ 808,800
Sonja K. McClelland	\$ 244,125	\$ 135,000	\$ 379,125

Gregory S. Volovic \$359,678 \$198,900 \$558,578

Long-Term Incentive Compensation.

Earned Performance Share Awards for Fiscal 2016-2018. On January 2, 2019, the Committee determined the degree to which the long-term incentive compensation arrangement approved for the fiscal 2016-2018 performance period was attained, and the resulting payout level relative to the target amount for each metric.

The performance and payout standards for the Performance Shares – TSR for the fiscal 2016-2018 performance period that were established by the Committee in 2016 were the same as those established and described below for the PSUs – TSR for the fiscal 2018-2020 performance period. For fiscal years 2016 through 2018, the Company’s total shareholder return performance over the three year period of 63.1% is positioned between the 30th percentile TSR of 59.2% and the 55th percentile TSR of 106.5%, relative to the total shareholder return of the companies in our 2016 peer group. As such, and based on the applicable performance and payout standards noted below, the Committee determined that the resulting interpolated percentage payout level relative to the target amount for the fiscal 2016-2018 Performance Shares – TSR was 54.1%.

The performance and payout standards for the Performance Shares – ROIC for the fiscal 2016-2018 performance period that were established by the Committee in 2016 were also the same as those established and described below for the PSUs – ROIC for the fiscal 2018-2020 performance period. As calculated under our long-term incentive compensation arrangement, the Company’s average ROIC for fiscal years 2016 through 2018 was 8.6%. As such, and based on the applicable performance and payout standards noted below, the Committee determined that the resulting percentage payout level relative to the target amount for the fiscal 2016-2018 “Performance Shares – ROIC” was 90.0%.

Based on these determinations, the Committee approved the following number of performance shares earned and vested pursuant to the long-term incentive compensation plan for each named executive officer related to the fiscal 2016-2018 performance shares:

Name	Target Performance Shares		Grant Date Fair Value ¹	Actual Performance Shares Earned		Vest Date Fair Value ²
	TSR	ROIC		TSR	ROIC	
Michael Doar	10,694	11,022	\$614,998	5,785	9,920	\$566,636
Sonja K. McClelland	4,695	4,839	\$270,004	2,540	4,355	\$248,772
Gregory S. Volovic	6,782	6,989	\$389,998	3,669	6,290	\$359,321

Amounts related to target performance share awards represent the value at the grant date based upon the probable outcome of the performance conditions. Amounts related to the performance shares designated as “Performance Shares-TSR” are calculated using the Monte Carlo approach. Amounts related to the performance shares designated as “Performance Shares-ROIC” are calculated using the closing sales price of our common stock on the grant date.

Amounts related to performance share awards that were earned and vested represent the value at the vest date based upon the actual outcome of the performance conditions. Amounts for both types of performance share awards are calculated using the closing sales price of our common stock on the vest date of January 2, 2019.

Restricted Share and PSU Awards for Fiscal 2018-2020. On January 3, 2018, the Committee approved a long-term incentive compensation arrangement for the named executive officers in the form of restricted shares and performance stock units (“PSUs”) awarded under the Hurco Companies, Inc. 2016 Equity Incentive Plan (the “2016 Plan”). The awards were weighted as approximately 25% time-based vesting (in equal installments over three years) and approximately 75% performance-based vesting (at the end of a three-year period, to the extent performance metrics are satisfied). The three-year performance period for those awards is fiscal 2018 through fiscal 2020.

The Committee granted the awards of restricted shares and target number of PSUs to the named executive officers effective as of January 3, 2018, as follows:

Name	Restricted Shares	PSUs – TSR	PSUs – ROIC
Michael Doar	7,405	10,946	10,367
Sonja K. McClelland	2,962	4,378	4,147
Gregory S. Volovic	4,443	6,567	6,220

The PSUs designated as “PSUs – TSR” were weighted as approximately 40% of the overall long-term incentive compensation arrangement and will vest and be paid based on our total shareholder return over the three-year period, relative to the total shareholder return over that period of the companies in our peer group. The companies comprising the peer group for the purposes of this award are the same as the companies comprising the peer group utilized for fiscal 2018 executive compensation determinations described below under “The Committee’s Processes and Analyses – Use of Peer Group Data”. The performance and payout standards for the PSUs – TSR are as follows:

PSUs – TSR	Threshold	Target	Maximum
Performance Range	30 th Percentile	55 th Percentile	90 th Percentile
Payout Range	50% of Target Shares	100% of Target Shares	200% of Target Shares
Awards will be interpolated for results between the 30 th and 90 th percentiles			

The PSUs designated as “PSUs – ROIC” were weighted as approximately 35% of the overall long-term incentive compensation arrangement and will vest and be paid based on the achievement of pre-established goals related to our average return on invested capital over the three-year period. Average return on invested capital may be hereafter adjusted by the Committee to exclude the effects of unanticipated material transactions or events such as acquisitions, divestitures, accounting changes, restructurings and special charges or gains (determined according to objective criteria established by the Committee), but only to the extent permitted by Internal Revenue Code Section 162(m), if applicable. Participants will have the ability to earn between 50% of the target number of shares for achieving threshold performance and 200% of the target number of shares for achieving maximum performance. The performance and payout standards for the PSUs – ROIC are as follows:

PSUs – ROIC	Threshold	Target	Maximum
Average ROIC	7%	9%	13%
Payout Range	50% of Target Shares	100% of Target Shares	200% of Target Shares
Awards will be interpolated for results between 6% and 13%			

Compensation Decisions for Fiscal 2019

Base Salaries. On November 14, 2018, employing the methodology described above under “Elements of Compensation,” the Committee established annual base salaries for the named executive officers for fiscal 2019. The salary increase for Mr. Doar was approximately 3%, the average merit increase for all U.S. based employees of the Company, as his salary was within the market competitive range. Mr. Volovic and Ms. McClelland received an approximately 4% and 17% salary increase, respectively, which took into account their performance during the year and better aligned their salaries with the market competitive range.

Edgar Filing: HURCO COMPANIES INC - Form DEF 14A

The following table sets forth the annual base salary of each of the named executive officers for fiscal 2018 and the annual base salary established by the Committee for each of those officers for fiscal 2019, as well as the percentage increase between the two years:

Name	Fiscal 2018 Base Salary	Fiscal 2019 Base Salary	Percentage Increase	
Michael Doar	\$ 480,000	\$ 495,000	3	%
Sonja K. McClelland	\$ 300,000	\$ 350,000	17	%
Gregory S. Volovic	\$ 390,000	\$ 405,000	4	%

Short-Term Incentive Compensation. On January 2, 2019, pursuant to the Cash Incentive Plan, the Committee approved the short-term incentive compensation arrangement for fiscal 2019, with payout to occur thereunder in January 2020, if and to the extent the performance goals are attained during fiscal 2019. Similar to fiscal 2018, the Committee selected operating income margin and certain strategic objectives for the named executive officers as the performance measures, which are among the performance measures set forth in the Cash Incentive Plan. Following the end of fiscal 2019, the Committee will determine the degree to which the operating income margin goal and the strategic objectives were attained, and the resulting payout level relative to the target amount for each metric. Again, the Committee retains the discretion to adjust downward, but not upward, the amount of compensation that would otherwise be payable under the 2019 short-term incentive compensation arrangement.

Long-Term Incentive Compensation. Similar to the short-term incentive compensation arrangement, there were no material changes made to the long-term incentive arrangement for fiscal 2019 as compared to fiscal 2018. Therefore, effective January 2, 2019, the Committee granted the awards below of restricted shares and target number of PSUs to the named executive officers. The restricted shares will vest in equal installments over three years and the three-year performance period for the PSUs will be fiscal 2019 through fiscal 2021.

Name	Restricted Shares	PSUs – TSR	PSUs - ROIC
Michael Doar	10,393	14,735	14,551
Sonja K. McClelland	5,196	7,367	7,275
Gregory S. Volovic	6,236	8,841	8,731

The PSUs designated as “PSUs – TSR” were weighted as approximately 40% of the overall long-term incentive compensation arrangement and will vest and be paid based on our total shareholder return over the three-year period, relative to the total shareholder return over that period of the companies in our peer group.

The companies comprising the peer group for the purposes of this award are the companies comprising the 2019 peer group described below under “The Committee’s Processes and Analyses – Use of Peer Group Data.” The performance and payout standards for the PSUs – TSR are as follows:

PSUs - TSR	Threshold	Target	Maximum
Performance Range	30 th Percentile	55 th Percentile	90 th Percentile
Payout Range	50% of Target Shares	100% of Target Shares	200% of Target Shares
Awards will be interpolated for results between the 30 th and 90 th percentiles			

The PSUs designated as “PSUs – ROIC” were weighted as approximately 35% of the overall long-term incentive compensation arrangement and will vest and be paid based on the achievement of pre-established goals related to our

average return on invested capital over the three-year period. Average return on invested capital may be hereafter adjusted by the Committee to exclude the effects of unanticipated material transactions or events such as acquisitions, divestitures, accounting changes, restructurings and special charges or gains (determined according to objective criteria established by the Committee), but only to the extent permitted by Internal Revenue Code Section 162(m), if applicable. Participants will have the ability to earn between 50% of the target number of shares for achieving threshold performance and 200% of the target number of shares for achieving maximum performance.

The Committee's Processes and Analyses

Role of Committee and Input from Management. The Committee is responsible for determining our executive compensation philosophy, objectives, policies and programs and approves or ratifies all compensation-related decisions for the named executive officers. When making executive compensation decisions, the Committee considers the input of Pay Governance and, for all executives other than our Chief Executive Officer, the recommendation of our Chief Executive Officer. Our Chief Executive Officer recommends salary levels, short-term incentive compensation awards, equity-based compensation awards and perquisites for our other named executive officers. Our Chief Executive Officer's compensation is determined solely by the Committee with the assistance of Pay Governance. The Compensation Committee applies the same principles for executive compensation in determining our Chief Executive Officer's compensation that it applies in determining the compensation of our other named executive officers.

Role of Compensation Consultant. In 2017 and 2018, the Committee engaged Pay Governance to advise and assist the Committee related to executive compensation matters. Pay Governance is retained directly by the Committee, reports directly to the Committee and participates in certain Committee meetings. In this regard, from time to time, Pay Governance advises and assists the Compensation Committee:

- in determining the appropriate objectives and goals of our executive compensation program;
- in designing compensation programs that fulfill those objectives and goals;
- in reviewing the primary components of that compensation;
- in evaluating the effectiveness of our compensation programs;
- in identifying appropriate pay positioning strategies and pay levels in our executive compensation program; and
- in identifying comparable companies and compensation surveys for the Committee to use to benchmark the appropriateness and competitiveness of our executive compensation program.

Pay Governance may, from time to time, contact our executive officers for information necessary to fulfill its assignment and may make reports and presentations to and on behalf of the Committee that our executive officers also receive.

Pay Governance and its affiliates did not provide any other services to us or our affiliates during 2017 or 2018. In addition, the Committee has determined that the work of Pay Governance and its employees has not raised any conflict of interest.

Use of Peer Group Data. With the assistance of Pay Governance, in 2017 and 2018, the Committee approved the composition of a peer group of publicly-traded companies that were selected on the basis of industry, revenue, global operations, employee size and market capitalization for use in the Committee's 2018 fiscal year and 2019 fiscal year analyses of executive compensation.

The following companies made up the peer group utilized for fiscal 2018 executive compensation determinations:

- | | | |
|---------------------------------------|-----------------------------|--------------------------------|
| · Ampco-Pittsburgh Corporation | · Hardinge Inc.+ | · PDF Solutions, Inc. |
| · Douglas Dynamics, Inc. | · Kadant Inc. | · Proto Labs, Inc. |

The following companies made up the peer group utilized for fiscal 2019 executive compensation determinations:

- Ampco-Pittsburgh Corporation
- Douglas Dynamics, Inc.
- DMC Global Inc.
- The Eastern Company
- Electro Scientific Industries, Inc.
- FARO Technologies, Inc.
- Graham Corporation
- IEC Electronics, Corp.
- Kadant Inc.
- Key Tronic Corporation

- Novanta Inc.
- Proto Labs, Inc.
- QAD Inc.
- Rudolph Technologies, Inc.
- Sun Hydraulics Corporation
- Transcat, Inc.
- Twin Disc, Incorporated
- Vishay Precision Group, Inc.

The Committee uses the peer group data as one of several inputs when making compensation determinations. Periodically, the Committee also reviews trends data for the manufacturing industry from Willis Towers Watson to obtain a general understanding of current compensation practices in that industry as part of its analysis of executive compensation. In addition to the market data, the Committee may consider other factors such as an executive's individual performance, experience in his or her position and responsibilities that may not necessarily be benchmarked in market data.

Recoupment Policy

Our Corporate Governance Principles contain a compensation recoupment policy. Our Corporate Governance Principles are available on our website at www.hurco.com/investors under "Corporate Governance." The recoupment policy provides that in the event that the Company restates previously released financial results, the Compensation Committee shall determine whether any incentive compensation (defined as all equity-based and non-equity based compensation, the amount, payment and/or vesting of which was determined based wholly or in part on the value of the Company's financial results or the achievement of specified performance measures) paid or awarded to executive officers during the three years preceding the restatement should be recovered by the Company. If the Committee determines that the amount of any incentive compensation paid to executive officers (the "Awarded Compensation") during the three-year period preceding the date of restatement exceeded the amount that would have been paid based on the restated financial results (the "Adjusted Compensation"), and the restatement resulted from the Company's material noncompliance, due in whole or part to intentional fraud or ethical misconduct, with any financial reporting requirement under the federal securities laws, then the Committee shall determine whether the Company should, except as provided below, recover the after-tax portion of the difference between the Awarded Compensation and the Adjusted Compensation for the affected executive officer.

In making the determination whether the Company should recover any incentive compensation, the Committee will take any appropriate considerations into account, including the role the executive officer played in contributing to the events that caused the restatement, the likelihood of success in recovering the amounts under applicable law, the costs of seeking recovery, and whether the assertion of a claim may prejudice the interests of the Company in any related

proceeding or investigation relating to the circumstances giving rise to the restatement.

In addition, the Compensation Committee is monitoring regulatory developments with respect to compensation recoupment policies and will recommend to the Board any changes to the current policy that are necessary or appropriate in light of future SEC guidance.

Taxes and Accounting Considerations

Section 162(m) of the Internal Revenue Code limits the deductibility of compensation paid to certain of our executives to \$1,000,000. The deductibility of some types of compensation payments can depend upon the timing of the vesting or an executive's exercise of previously granted equity awards. Interpretations of and changes in applicable tax laws and regulations as well as other factors beyond our control also can affect deductibility of compensation. The Committee considers the anticipated tax treatment to the Company when determining executive compensation. However, for the above reasons, and in order to maintain the flexibility to be able to compensate our named executive officers in a manner designed to promote varying corporate goals, the Committee has determined to not adopt a strict policy that all executive compensation must be deductible under Section 162(m) of the Internal Revenue Code.

The Hurco Companies, Inc. 2008 Equity Incentive Plan (the "2008 Plan"), the 2016 Plan and the Cash Incentive Plan contain performance-based conditions and have been approved by our shareholders, such that certain awards made under those plans could have been designed to qualify for a "performance-based" exception to the limit on deductibility described above. However, that performance-based exception has been repealed as part of the recent tax reform act, such that compensation paid in excess of \$1,000,000 to certain of our executives will not be deductible going forward, unless it qualifies for transition relief applicable to certain performance-based arrangements in place as of November 2, 2017.

Section 409A of the Internal Revenue Code affects the payments of certain types of deferred compensation to key employees and includes requirements relating to when payments under such arrangements can be made, acceleration of benefits, and timing of elections under such arrangements. Failure to satisfy these requirements will generally lead to an acceleration of the timing for including deferred compensation in an employee's income, as well as certain penalties and interest. Our nonqualified deferred compensation arrangements are intended to comply with the effective requirements of Section 409A as required by law or regulation.

Report of the Compensation Committee

The information contained in this report shall not be deemed to be “soliciting material,” to be “filed” with the SEC, or to be subject to Regulation 14A or Regulation 14C (other than as provided in Item 407 of Regulation S-K) or to the liabilities of Section 18 of the Exchange Act, and shall not be deemed to be incorporated by reference in future filings with the SEC except to the extent that we specifically incorporate it by reference into a document filed under the Securities Act of 1933, as amended, or the Securities Act, or the Exchange Act.

The Committee has reviewed and discussed the foregoing Compensation Discussion and Analysis with management. Based on that review and those discussions, the Committee recommended to the Board of Directors that this Compensation Discussion and Analysis be included in this proxy statement on Schedule 14A and incorporated by reference in the Company’s Annual Report on Form 10-K for its 2018 fiscal year.

Assessment of Compensation-Related Risks

On an ongoing basis as part of our strategic business planning process, the named executive officers and key senior management conduct an assessment of the current risks arising from our compensation policies and practices. This team reviews and discusses the characteristics and approval policies of compensation programs for all employees, including salaries, equity awards and cash bonuses, to determine whether any of these policies or programs could create risks that are reasonably likely to have a material adverse effect on us.

In November 2018, we reviewed and discussed all components of our compensation policies and practices with our Board of Directors as part of our business plan review and approval process. In addition, the Compensation Committee met separately to review the management team's assessment of the risks that could arise from our compensation policies and practices. As part of their review, the Compensation Committee specifically considered factors that reduce the likelihood of excessive risk-taking, such as our overall compensation levels being competitive with the market, the balance between fixed components like salary and benefits and short and long-term incentive compensation. The Committee has discretion to adjust downward the amount of compensation that would otherwise be payable under the short-term incentive compensation program, which it could do if it determines that an executive caused the Company to incur unnecessary or excessive risk. The compensation mix of cash (salary and short-term incentive) and equity incentives align with the market and the Company's peers and are linked to business performance. The short-term and long-term incentive plans are linked to specific formulas and have payout ceilings. The 2018 and 2019 short-term incentive compensation arrangements also provide that no amounts will be paid under the strategic objectives component if our operating income margin is zero or negative. Our stock ownership guidelines link executives' and non-employee directors' interests to the interests of shareholders, and our incentive compensation recoupment policy would permit us to recover certain incentive compensation paid to executive officers in the event of wrongdoing on the part of the executives.

Based on such assessments, we believe that any risks arising from our compensation policies and practices are not reasonably likely to have a material adverse effect on us.

The named executive officers are eligible to participate in the 2016 Plan, which was approved by our shareholders in March 2016. The 2016 Plan provides for equity-based incentive awards in the form of stock options, stock appreciation rights, restricted stock, stock units and other stock-based awards. Under the 2016 Plan, the Compensation Committee has the authority to determine the persons to whom awards will be granted, the timing, type and number of shares covered by each award and the terms and conditions of the awards. Prior to shareholder approval of the 2016 Plan, the named executive officers were eligible to participate in the 2008 Plan. Upon shareholder approval of the 2016 Plan, no further awards have been or will be made under the 2008 Plan. The PSUs shown represent the target number of PSUs that have not yet been earned. The actual number of PSUs that will be earned and will vest after the 2017-2019 three-year performance period for the “PSUs – 4TSR” will be based on our total shareholder return over the three-year period, relative to the total shareholder return over that period of the companies in our peer group. The actual number of PSUs that will be earned and will vest after the 2017-2019 three-year performance period for the “PSUs – ROIC” will be based on the achievement of pre-established goals related to our average return on invested capital over the three-year period.

NONQUALIFIED DEFERRED COMPENSATION IN 2018

For Mr. Doar, the only named executive officer participating in the nonqualified deferred compensation plan, the following table provides information regarding fiscal 2018 executive contributions, fiscal 2018 earnings and aggregate balances as of October 31, 2018. There were no Company contributions or aggregate withdrawals or distributions in fiscal 2018.

Name	Executive Contributions in Last Fiscal Year (\$)	Aggregate Earnings in Last Fiscal Year (\$)	Aggregate Balance at Last Fiscal Year End (\$)
Michael Doar	28,627	18,994	934,515

The amounts shown in this table are also included in the amounts shown in the “Salary” column of the Summary Compensation Table. All of the contributions by Mr. Doar in fiscal 2018 and prior fiscal years were reported in the Summary Compensation Table in fiscal 2018 or prior fiscal years, as applicable. The aggregate balance shown includes earnings on such contributions.

The Hurco Companies, Inc. Deferred Compensation Plan II, or the DCPII, is a nonqualified deferred compensation plan in which senior managers and other highly compensated employees are eligible to participate. A committee consisting of our Chief Executive Officer, Chief Financial Officer and Director of Human Resources administers the DCPII. This committee is authorized to interpret the DCPII, establish, amend and rescind any rules and regulations relating to the DCPII, determine the terms and provisions of any agreements made pursuant to the DCPII and make all other determinations that may be necessary or advisable for the administration of the DCPII.

Eligible participants are able to defer between 2% and 50% percent of their base salary and up to 100% of their annual bonus less required and voluntary payroll deductions in a given plan year. Deferral elections are made by eligible executives in January of each year for amounts to be earned in the following year. The Board of Directors may declare a discretionary amount of matching credits for participants deferring compensation, up to a maximum of 6% of compensation. The Board of Directors has not awarded any such matching credits to Mr. Doar.

Participants are 100% vested in all deferral and matching accounts under the DCPII at all times. Amounts deferred under the DCPII are credited with earnings at the rate of return generated by the Vanguard mutual fund investment options elected by the participants that are offered in our 401(k) plan. The earnings do not reflect any above-market or

preferential rates of return. Participants may change their investment options under the DCPII at any time by contacting Vanguard. Account balances in the DCPII are payable at the election of the participant either in a single lump sum or in monthly, quarterly or annual installments with a term of between two and ten years. Distributions under the DCPII will not commence prior to the expiration of a six-month period from the date of separation of service or the participant's death, if earlier.

CEO Pay Ratio Disclosure

As required by the Dodd-Frank Wall Street Reform and Consumer Protection Act and applicable SEC rules, the following is a reasonable estimate of the ratio of the annual total compensation of the Company's Chief Executive Officer ("CEO") to the annual total compensation of the median of the Company's other employees, together with an explanation of the Company's methodology in calculating the same.

To identify the Company's median employee, the Company determined that the Company and its subsidiaries employed approximately 733 employees (excluding the CEO) as of an August 1, 2018 determination date (the "Non-CEO Employee Population"). The Company identified "annual cash compensation" as its consistently applied compensation measure. The Company defined the term "annual cash compensation" as gross amounts of cash compensation paid for the period beginning on January 1, 2017 and ending on December 31, 2017 (the "Measurement Period"), which included salary or hourly wages (including overtime pay), as applicable, plus sales commissions and cash bonuses. For permanent employees within the Non-CEO Employee Population employed by the Company or its subsidiaries for part but not all of the Measurement Period, the Company annualized their cash compensation paid. For permanent employees within the Non-CEO Employee Population employed by the Company or its subsidiaries as of the August 1, 2018 determination date but not employed during the Measurement Period, the Company applied an annual cash compensation equal to \$0.

For non-U.S. employees, the annual cash compensation was converted into U.S. currency using the applicable exchange rates as of July 31, 2018, as reported by The Wall Street Journal. The Company did not apply any cost-of-living adjustments to non-US employees. The Company then sorted the listing of the annual cash compensation of each employee in the Non-CEO Employee Population from lowest to highest and selected the employee at the median (the "Median Employee"). After identifying the Median Employee, the Company calculated the Median Employee's total annual compensation for fiscal 2018 using the same rules that apply to reporting the compensation of our named executive officers in the "Total" column of the Summary Compensation Table above.

Based on this information, for fiscal 2018:

The annual total compensation of the Median Employee was \$45,891.

The annual total compensation of the Company's CEO, as reported in the above Summary Compensation Table, was \$2,633,537.

The ratio of the annual total compensation of the Company's CEO to the median annual total compensation of all of the Company's employees, other than the CEO, was reasonably estimated to be 57 to 1.

Because this pay ratio is a reasonable estimate, and because SEC rules allow companies to adopt a variety of methodologies and assumptions and to apply certain exclusions, the pay ratio reported by other companies may not be comparable to the pay ratio reported by the Company.

Employment Agreements

On March 15, 2012, following approval by the Compensation Committee, we entered into employment agreements with each of the named executive officers. The employment agreements terminated and superseded any previously existing employment-related engagements between the Company and the named executive officers. The current term of employment under each of the employment agreements would end October 31, 2019, with automatic one-year extensions unless either party gives 60-days' notice prior to the expiration of the then-current term.

The employment agreements provide for a minimum base salary, subject to increase or decrease at the discretion of the Company, and a discretionary annual cash bonus. The employment agreements provide that each of the named executive officers is eligible to participate in any employee benefit plans and programs generally made available to our employees.

Each of the employment agreements provides that, if the Company terminates the executive's employment without Cause (as defined in the employment agreement) or he or she resigns for Good Reason (as defined in the employment agreements) prior to a Change in Control (as defined in the employment agreements), then he or she will be entitled to severance payments (1) in the form of a salary continuation benefit at his or her base salary then in effect for a period of nine months (twelve months in the case of Mr. Doar); (2) an additional monthly amount during the severance period equal to one-twelfth of the average of the executive's annual cash bonuses for the preceding three years; and (3) an additional monthly payment during the severance period equal to 140% of the Company's monthly cost at the time of termination for continuation of health insurance. In order to receive any of the severance payments, the executive must execute a release satisfactory to the Company. If an executive officer's employment is terminated by the Company without Cause or by the executive for Good Reason within twelve months following a Change in Control, then the executive will be entitled to the severance amounts disclosed in the first sentence of this paragraph for a period of eighteen months (twenty-four months in the case of Mr. Doar). In the event of termination of the executive's employment by reason of death, disability, retirement, termination by the Company for Cause or termination by the executive for any reason other than Good Reason or for no reason, he or she is entitled to his or her base salary and benefits through the date of termination of employment.

The employment agreements contain certain restrictive covenants prohibiting the executive from competing with the Company, selling products to certain customers and hiring certain employees for certain periods after termination of employment. The employment agreements also contain provisions protecting our intellectual property and confidential information.

“Cause” for the Company’s termination of the employment agreement would exist if the executive (a) is convicted of, or pleads no contest to, a felony, (b) engages in fraudulent or dishonest conduct, (c) fails to follow the lawful instructions of a superior or the Company’s Board of Directors, (d) breaches the terms of the employment agreement, (e) violates written policies or procedures, (f) engages in willful misconduct, or (g) misuses alcohol or drugs. “Good Reason” for the executive’s termination of the employment agreement would exist if the Company (a) fails to automatically extend the term of the employment agreement, (b) decreases the executive’s base salary by more than 5% a year unless the decrease is part of a broader cost reduction, (c) demotes the executive or assigns duties that are inconsistent with executive’s position, (d) eliminates or materially reduces employee benefits other than as part of a broader cost reduction, (e) requires executive to relocate more than thirty miles from the Company office at which executive was based immediately prior to such relocation, (f) materially breaches any material term of the employment agreement, or (g) fails to have the employment agreement assumed as part of a merger or sale of the Company. There are notice and cure provisions with respect to certain of the grounds for termination for Cause or Good Reason. “Change in Control” means (a) the acquisition of 25% or more of the voting securities of the Company, (b) a majority of the directors of the Company being elected who were not approved by a majority of the persons who were previously serving as directors, or (c) a merger, other reorganization or liquidation involving the Company or a sale of substantially all of the assets of the Company, unless (i) the Company’s shareholders would own 55% or more of the voting power of the successor entity, (ii) no individual person would own 25% or more of the successor entity and (iii) a majority of the directors of the successor entity were directors of the Company.

If the Company terminates Mr. Doar’s employment without Cause or he resigns for Good Reason prior to a Change in Control, then he will be entitled to severance payments in the form of a salary continuation benefit at base salary then in effect for a period of twelve months; an additional monthly amount during the severance period equal to one-twelfth of the average of his annual cash bonuses for the preceding three years; and an additional monthly payment during the severance period equal to 140% of the Company’s monthly cost at the time of termination for continuation of health insurance. If Mr. Doar’s employment is terminated by the Company without Cause or by the executive for Good Reason within twelve months following a Change in Control, then he will be entitled to the severance amounts disclosed in the preceding sentence for a period of twenty-four months.

3 Amounts can be paid in lump sum distribution or installments depending on the participant’s election.

Reflects the excess of the closing price of \$40.74 per share for our common stock on October 31, 2018, over the exercise price of vested stock options and unvested stock options that would vest as a result of the specified termination event occurring as of October 31, 2018, multiplied by the number of shares of common stock underlying the stock options. Stock options shall terminate upon the first occurrence of (a) the date of termination of employment by the Company for cause or voluntarily by the participant for any reason other than death, disability or retirement, (b) three months after the date on which the participant retires or employment is terminated by the Company without cause, (c) the expiration of one year after the date on which employment is terminated due to the participant’s death or disability, or (d) ten years from date of grant.

Reflects the value of unvested restricted shares that would vest as a result of the specified termination event occurring as of October 31, 2018, using \$40.74 per share. A participant’s rights with respect to the unvested portion of the restricted shares will terminate if a participant ceases continuous service for any reason other than death or disability.

Reflects the value of unvested performance shares that would vest as a result of specified termination event occurring as of October 31, 2018, using \$40.74 per share. The amounts reflect total payment amounts, based on actual performance, with respect to performance shares that were earned for the completed three-year performance period of fiscal 2016-2018. The terms of the performance share awards provide that, except as provided in the plan or determined by the Compensation Committee, in its sole discretion, upon termination of employment with the Company or one of its subsidiaries prior to the end of the performance cycle for any reason other than Disability (as defined in the plan) or death, the participant will forfeit all unvested performance shares, and will not receive any compensation for such forfeited performance shares. Except as provided in the plan, if the participant's employment with the Company or one of its subsidiaries is terminated by reason of death or Disability before the end of the performance cycle and if the participant has been continuously employed by the Company or one of its subsidiaries for one year or more from the grant date of the performance shares, then following completion of the performance cycle, the participant will be entitled to a prorated payment with respect to any performance shares that were earned during the performance cycle. Further, any performance shares that do not vest as a result of the applicable performance goals not being attained shall be forfeited. No amounts related to PSUs for the three-year performance periods of fiscal 2017-2019 or 2018-2020 are included in the above table because the terms of the PSU awards provide that, except as provided in the plan or by the Compensation Committee, in its sole discretion, upon termination of employment with the Company or one of its subsidiaries prior to the end of the performance period, the participant will forfeit all unvested PSUs, and will not receive any compensation for such forfeited PSUs. Further, any PSUs that do not vest as a result of the applicable performance goals not being attained shall be forfeited.

7 Amounts represent twelve months of coverage under the short-term and long-term disability plan, any supplemental disability plan payment and COBRA payments grossed up for tax purposes.

8 Amount includes split-dollar life insurance payment of two times annual salary plus one times bonus and \$920,000 maximum benefit for term life and accidental death insurance policies.

9 If the Company terminates the executive's employment without Cause or he or she resigns for Good Reason prior to a Change in Control, then he or she will be entitled to severance payments in the form of a salary continuation benefit at base salary then in effect for a period of nine months; an additional monthly amount during the severance period equal to one-twelfth of the average of the executive's annual cash bonuses for the preceding three years; and an additional monthly payment during the severance period equal to 140% of the Company's monthly cost at the time of termination for continuation of health insurance. If the executive's employment is terminated by the Company without Cause or by the executive for Good Reason within twelve months following a Change in Control, then he or she will be entitled to the severance amounts disclosed in the preceding sentence for a period of eighteen months.

10 Amounts include life insurance payment of two times annual salary up to a maximum annual salary of \$200,000 under accidental death insurance policy.

Amounts reflect the grant date fair value of restricted shares issued to each non-employee director during the year ended October 31, 2018, calculated in accordance with ASC 718. Each non-employee director received 1,302 restricted shares on March 15, 2018, the date of our 2018 Annual Meeting of Shareholders. The grant date fair value is calculated by multiplying the closing price of our common stock on Nasdaq on the date of grant, which was \$46.05, by the number of restricted shares awarded. The restricted shares vest one year from the date of grant. Mr. Ronald Strackbein did not stand for re-election in 2018 and, therefore, did not receive a stock award for 2018.

In fiscal 2018, we paid our directors as follows: (1) the quarterly retainer for all non-employee directors was \$7,500, (2) the Presiding Independent Director quarterly retainer was \$3,750 and (3) the fair market value of the annual grant of restricted shares to non-employee directors was \$59,957. In addition to the quarterly retainer for all non-employee members of the Board of Directors, we pay the chair of the Audit Committee a quarterly retainer of \$2,500, the chair of the Compensation Committee a quarterly retainer of \$1,875, and each Audit Committee member a quarterly retainer of \$1,250. We also paid our directors' traveling expenses incurred to attend Board meetings and annual meetings of shareholders, which are not included in the Director Compensation Table above.

Mr. Doar's compensation for fiscal 2018 is set forth in the Summary Compensation Table and the preceding tables and narrative. Mr. Doar is not included in this table because he did not receive any additional compensation for his service as a director.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee is comprised of the four directors named below. The Board of Directors and the Audit Committee have determined that the Committee's current composition satisfies the Nasdaq listing requirements, including the requirement that all Audit Committee members be "independent directors" as defined by Nasdaq rules. The Board of Directors annually reviews the independence of the Audit Committee members under both (1) Nasdaq rules and the SEC's definition of independence for Audit Committee members and (2) the independence requirements in our Corporate Governance Principles. The Board has determined that Mr. Longbottom meets the SEC's definition of an "Audit Committee financial expert."

The primary function of the Audit Committee is to assist the Board in fulfilling its oversight responsibilities by reviewing the financial information that will be provided to shareholders and others, the system of internal controls that management has established and the audit process. In doing so, it is the responsibility of the Audit Committee to provide an open avenue of communication between the Board of Directors, management, internal auditors and the independent auditors.

The Audit Committee has reviewed and discussed the audited financial statements of the Company for the fiscal year ended October 31, 2018, with the Company's management. The Audit Committee has discussed with RSM US LLP ("RSM"), the Company's independent registered public accounting firm, the matters required to be discussed by applicable standards of the Public Company Accounting Oversight Board. The Audit Committee has also received the written disclosures and the letter from RSM required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit Committee concerning independence, and the Audit Committee has discussed with RSM the independence of that firm.

The members of the Audit Committee have also confirmed that there have been no new circumstances or developments since their appointment to the Committee that would impair any member's ability to act independently.

Based on the reviews and discussions referred above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended October 31, 2018, for filing with the SEC.

PROPOSAL 3. RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has appointed RSM as our independent registered public accounting firm for fiscal 2019. The Board of Directors is submitting the appointment of RSM for ratification in order to permit shareholders to express their approval or disapproval. In the event of a negative vote, the Audit Committee may reconsider this appointment. Representatives of RSM will be present at the meeting and will be given an opportunity to respond to questions and make a statement, if they desire.

The Board of Directors recommends a vote "FOR" the ratification of the appointment of RSM US LLP as our independent registered public accounting firm for the fiscal year ending October 31, 2019.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Change in Independent Registered Public Accounting Firm

RSM served as the Company's independent registered public accounting firm for fiscal 2018 and fiscal 2017. Ernst & Young LLP ("E&Y") served as the Company's independent registered public accounting firm for fiscal 2016. E&Y was dismissed as the Company's independent registered public accounting firm on May 3, 2017. This decision was made and approved by the Audit Committee of the Board of Directors. The reports of E&Y on the Company's financial statements for the fiscal years ended October 31, 2016 and 2015, did not contain an adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope or accounting principles. During the fiscal years ended October 31, 2016 and 2015, and the subsequent interim period through May 3, 2017, there were no disagreements (within the meaning of Item 304(a)(1)(iv) of Regulation S-K and related instructions) between the Company and E&Y on any matter of accounting principle or practices, financial statement disclosure or auditing scope or procedures which, if not resolved to E&Y's satisfaction, would have caused E&Y to make reference thereto in its report on the Company's consolidated financial statements for such years. During the Company's fiscal years ended October 31, 2016 and 2015 and the subsequent interim period through May 3, 2017, there were no "reportable events" as defined in Item 304(a)(1)(v) of Regulation S-K.

On May 3, 2017, the Audit Committee of the Board of Directors approved the engagement of RSM as the Company's independent registered public accounting firm, effective immediately. During the fiscal years ended October 31, 2015 and 2016, and the subsequent interim period through May 3, 2017, neither the Company nor anyone acting on its behalf consulted RSM with respect to (i) the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company's financial statements, or

(ii) any matter that was either the subject of a disagreement (as defined in Item 304(a)(1)(iv) of Regulation S-K and related instructions) or a “reportable event” (as described in Item 304(a)(1)(v) of Regulation S-K).

Audit and Non-Audit Fees

The following table sets forth fees paid to RSM for the services provided during fiscal years 2018 and 2017:

	2018	2017
Audit Fees ¹	\$849,638	\$867,382
Audit-Related Fees ²	39,050	13,200
Tax Fees ³	164,668	139,144
All Other Fees ⁴	-	-
TOTAL	\$1,053,356	\$1,019,726

¹ Represents fees for professional services provided in connection with the audit of annual financial statements, the review of quarterly financial statements, the audit of internal controls over financial reporting and the audit of purchase accounting associated with acquisitions.

² Represents fees for acquisition due diligence activities or other audit related activities.

³ Represents fees for services provided in connection with tax compliance and tax planning.

⁴ Represents fees for other non-audit services.

Pre-Approval Policy

The Audit Committee's policy is to pre-approve all audit and permissible non-audit services provided by our independent registered public accounting firm. These services may include audit services, audit-related services, tax services and other services. Pre-approval is generally provided for up to one year. Any pre-approval is detailed as to the particular service or category of services and is generally subject to a specific budget. The independent registered public accounting firm and management are required to periodically report to the Audit Committee regarding the extent of services provided by the independent auditor in accordance with this pre-approval, and the fees for the services performed to date. The Audit Committee may also pre-approve particular services on a case-by-case basis. For fiscal years 2018 and 2017, all of the fees reported above as Audit Fees, Audit-Related Fees, Tax Fees, and All Other Fees were pre-approved by the Audit Committee. The Audit Committee has concluded that the provision of the services listed above is compatible with maintaining RSM's independence.
