REVISED ESTIMATE OF PERFORMANCE FOR THE YEAR ENDED MARCH 31, 2003  
AND ESTABLISHMENT OF AN EMPLOYEES' RETIREMENT BENEFIT TRUST

Mitsui & Co, Ltd., ("Mitsui") has issued the following revised estimate of its performance for fiscal 2002 (extending from April 1, 2002, to March 31, 2003).

## Edgar Filing: MITSUI & CO LTD - Form 6-K

This revised estimate differs from the outlook for performance previously issued on November 13, 2002 (at the time of the announcement of the interim results) as described below.

In addition, with the objective of enhancing the soundness of its financial position as regards employee pensions, Mitsui also announces that it has made a contribution of a portion of its equity holdings to an employee retirement benefit trust.

### 1. REVISED ESTIMATE OF PERFORMANCE

#### (1) REVISION OF THE OUTLOOK FOR PERFORMANCE ON A CONSOLIDATED BASIS FOR FISCAL 2002

	Net income (billion (yen))
Previous forecast (A)	(yen)65.0
Revised forecast (B)	(yen)31.0 (approximately)
Change (B-A)	-(yen)34.0
For reference: fiscal 2001	(yen)55.4

#### (2) REASONS FOR THE REVISION OF THE OUTLOOK FOR CONSOLIDATED NET INCOME

Although Mitsui anticipates reporting approximately (yen)100 billion in operating income for the fiscal year, approximately the same as announced in the previous outlook, as a result of continued strict measures to maintain the soundness of Mitsui's balance sheets, increases in write-downs of the book value of securities and operating assets are now forecasted to be higher than forecast at the time of the announcement of the previous outlook. Specifically, because of the obligatory application of mark-to-market accounting principles, evaluation losses as well as losses from the sale of listed securities will be approximately (yen)20 billion higher than previously expected. Similarly, write-downs of the book value of unlisted securities will be approximately (yen)10 billion larger than previously anticipated, and reductions in the book value of operating assets of subsidiaries and associated companies in Japan and overseas will be approximately (yen)15 billion higher. As a result of these factors and despite the reporting of extraordinary gains in connection with the establishment of a trust for employee retirement benefits (described in point 2 below), Mitsui has revised its outlook for consolidated net income as indicated in (1).

#### (3) REVISION IN THE OUTLOOK FOR PERFORMANCE OF THE PARENT COMPANY FOR FISCAL 2002

	Net income (billion (yen))
Previous forecast (A)	(yen)15.0
Revised forecast (B)	(yen)9.0 (approximately)
Change (B-A)	-(yen)6.0

## Edgar Filing: MITSUI & CO LTD - Form 6-K

For reference: fiscal 2001

(yen)13.6

### (4) REASONS FOR THE REVISION OF THE OUTLOOK FOR NET INCOME OF THE PARENT COMPANY

Compared to the previously announced outlook for the full fiscal year, although the financial balance (interest expense and dividend income) of the parent company is expected to show improvement, because of the obligatory application of mark-to-market accounting principles, evaluation losses as well as losses from the sale of listed securities will be approximately (yen)20 billion higher than previously expected. Similarly, write-downs of the book value of unlisted securities will be approximately (yen)20 billion higher than previously anticipated. As a result of these factors and, despite the reporting of extraordinary gains in connection with the establishment of a trust for employee retirement benefits (described in point 2 below), Mitsui has revised its outlook for the net income of the parent company as indicated in (3).

### 2. ESTABLISHMENT OF AN EMPLOYEE RETIREMENT BENEFIT TRUST

(1) Value of the trust  
Approximately (yen)27.3 billion

(2) Impact for the fiscal year ended March 31, 2003

The parent company will report an extraordinary gain of approximately (yen)18.3 billion as a result of the establishment of the trust, and on a consolidated basis under U.S. GAAP, Mitsui will report a gain of approximately (yen)15.8 billion.
