Tuesday, November 9, 2004, at 8:30 a.m. EST and (ii) Company management is scheduled to make a presentation at the CIBC World Markets 15th Annual Healthcare Conference in New York on Tuesday, November 9, 2004, at 11:00 a.m. EST. On November 8, 2004, the Company issued a press release regarding financial results for the quarter ended September 30, 2004, the full text of which is set forth in Exhibit 99.2 attached hereto.

The Company defines EBITDA as earnings from continuing operations before interest expense, interest income, income taxes, depreciation and amortization. EBITDA margin is EBITDA as a percentage of revenues. EBITDA is commonly used by the Company's lenders and investors to assess the Company's leverage capacity, debt service ability and liquidity, and the Company uses EBITDA to evaluate financial performance and to design incentive compensation for management. EBITDA is not considered a measure of financial performance under U.S. generally accepted accounting principles ("GAAP"), and the items excluded from EBITDA are significant components in understanding and assessing the Company's financial performance. EBITDA should not be considered as an alternative to net income, cash flows provided by or used in operating, investing or financing activities or other financial statement data presented in the Company's consolidated financial statements as an indicator of financial performance or liquidity. Since EBITDA is not a measure determined in accordance with GAAP and is thus susceptible to varying calculations, EBITDA as presented may not be comparable to other similarly titled measures of other companies.
