- Industrial Margin amounted to €43.1 million, from €51.3 million reported in the same period of 2010.
- Operating Loss equal to €10.3 million versus an operating profit of €0.2 million reported in the last quarter of 2010.
- Net Group Loss of €15.9 million versus Net Loss of €1.4 million in 2010
- Group’s Net Financial Position positive by €55.4 million

**Consolidated Net Results for Fiscal Year 2011.**

In 2011 **Total Net Sales** (including raw materials and semi-finished products sold to third parties) were €486.4 million, decreasing 6.2% as compared to 2010.

Total upholstery net sales were €425.3 million, down by 7.6% with respect to full year 2010.

The break-down of upholstery net sales in 2011 by geographic area was the following:

	2011	2010
Europa (excluding Italy)	41.0%	40.5%
Americas	33.7%	35.7%
Italy	10.8%	11.2%
Rest of the World	14.5%	12.6%

The best sales results were reached in the “Rest of the World” region (+5.7% over 2010), with Brazil, Russia, India and China (“BRIC”, hereafter) reporting, as a whole, a 64% increase over the previous year.

In Europe, Americas and Italy, the Group reported negative sales performance (specifically, Europe -6.5%, the Americas -12.6% and Italy -10.8%, as compared to 2010), mainly because of the global persisting economic crisis affecting in particular mature markets, Europe above all, even if it should be noted the +13.1% sales increase reported for Germany.

**The Industrial Margin**, equal to 33.0% of total net sales (as compared to 38.0% in 2010), worsened as the result of the following factors:

- lower sales, inflationary pressures on raw material and labor markets and an unfavorable trend in currency crosses have all affected the overall Group performance in 2011;
- Then, the complex activity of relocation and consolidation of the existing Chinese operations within the new 88k sqm plant, that has generated further extra costs.

**The incidence of Selling expenses on net sales** improved, passing from 17.2% in 2010 to 16.4% in 2011, notwithstanding the reduction in sales.

**The incidence of General and Administrative expenses on net sales** worsened by 1.5%, passing from 20.7% in 2010 to 22.2% in 2011.

The Company reported a negative **EBITDA** in 2011 of €8.3 million, as compared to a positive EBITDA of €23.8 million for full year 2010.

For 2011, **EBIT** margin was negative at €27.3 million, versus a positive margin of €0,4 million in 2010.

The Group reported for 2011 a **consolidated net loss** of €19.6 million, despite the positive contribution of extraordinary items.

#### **Fourth Quarter 2011 Consolidated Net Results.**

**Total Net Sales** totaled €129.6 million, down by 1.8% with respect to the same quarter of 2010.

Upholstery Net Sales amounted to €114.6 million, decreasing by 1.0% with respect to the last quarter of 2010, but improving if compared with sales trend in the first nine months of 2011 with particular reference to sales from the Americas.

The breakdown of upholstery net sales by geographic region was the following: Europe (ex-Italy) 43.2%; Americas 33.3%, Italy 10.0%, and the Rest of the World 13.5%.

**The Industrial Margin** was equal to €43.1 million, or 33.3% of the quarter's total net sales, worsening as compared to prior year's fourth quarter, mainly due to the increase in raw material prices and a different product mix, characterized by higher sales within the lower-price segments.

**EBITDA** was negative at €6.3 million from a positive EBITDA of €5.5 million reported for the same quarter in 2010.

The Group reported a negative **EBIT** of €10.3 million versus a positive EBIT of €0.2 million for the same comparable quarter of 2010.

---

The Group reported for the fourth quarter of 2011 a **consolidated net loss** of €15.9 million as compared to a consolidated net loss of €1.4 million for the fourth quarter of 2010.

### **Consolidated Balance Sheet**

**Group's Net Financial Position** as of December 31 2011, remained positive at €55.4 million, improving with respect to the Net financial position at €45.6 million of the previous year-end, mainly because of the refund from the local Chinese authorities following the plant relocation. Such improvement in liquidity was partially absorbed by the operating loss as well as capital expenditures and working capital.

Pasquale Natuzzi, Chairman and CEO of Natuzzi S.p.A., thus commented: *“In 2011 we faced a difficult economic situation, characterized by the Sovereign debt crisis in Europe and the consequent decline in consumer confidence. The historical presence of the Group in such market has caused a sales reduction, even if the Group market shares, distribution network, and customer portfolio remained substantially stable.*

*On the top of that, we also experienced during the course of the year, an increase in raw material prices and cost of labor, as well as unfavorable trends in currency markets, together with the negative effects deriving from the Chinese plants relocation. The decrease in sales in Europe and North America was partially offset by an encouraging sales performance in the BRIC region of about +64% on yearly basis. The Group presence in this area is now well established, with offices, plants and qualified distribution network. In particular, the “made-in-Italy” Natuzzi branded products are sold through 32 Natuzzi Stores in China, 5 in India and 7 in Russia.*

*In 2011, according to an independent and international survey (“World Luxury Tracking”) the Natuzzi brand was ranked as the best-known global brand in the furniture industry by a sample of 8,800 luxury consumers from seven Countries (Italy, France, Germany, Spain, UK, USA and Japan). That is an important result that encourages us to carry on with the work of rationalizing our brand portfolio, and qualifying the Group's distribution network, so to let us differentiate from competitors by leveraging on brand values and product innovation.*

*There are many challenges in front of us, among which, the continuous search for greater efficiencies of production assets as well as a more integrated management of services to reduce general costs and to let the Company be closer to the market and final consumer.”*
