To the Shareholders

Dear Sir or Madam,

(1) CONTINUING CONNECTED TRANSACTIONS;
AND
(2) PROPOSED AMENDMENTS TO THE ARTICLES OF ASSOCIATION

1. INTRODUCTION

As disclosed in an announcement dated 9 November 2006 issued by the Company, the current waiver from strict compliance with the requirements of the Listing Rules for each of the Existing Continuing Connected Transactions will expire on 31 December 2006. On 11 December 2006, the Company issued a supplementary announcement stating the reasons for categorization of the Existing Continuing Connected Transactions and the New Continuing Connected Transactions into non-exempt and exempt continuing connected transactions. By an announcement dated 13 December 2006, the Company announced the revision of the annual limits of the Land Use Rights Leasing Agreement and the Aluminum Ingots and Alumina Supply Agreement for the year ending 31 December 2006 to RMB290 million and RMB190 million, respectively.

The purpose of this circular is to provide you with more information, among other things, relating to the Non-exempt Continuing Connected Transactions and the New Continuing Connected Transactions. The Directors intend to enter into the Extension Agreement relating to certain of the Non-exempt Continuing Connected Transactions so that the agreements relating to such continuing connected transactions will expire on the same date. This circular will provide you with more information relating to the Extension Agreement. Under the Listing Rules, the Company is required to obtain independent Shareholders' approval for:

- (1) the continuation of the Non-exempt Continuing Connected Transactions under item Nos. A.1 (Comprehensive Social and Logistics Services Agreement), A.2 and B.1 (Mutual Supply Agreement), A.3 (Mineral

Supply Agreement) and A.4 (Metallurgical Services Agreement) which require approval by the independent Shareholders under the Listing Rules, namely, the Comprehensive Social and Logistics Services Agreement, the Mutual Supply Agreement, the Mineral Supply Agreement and the Metallurgical Services Agreement, and the proposed annual caps for such transactions in respect thereof for each of the three financial years ending 31 December 2009; and

- (2) the entering into of the Extension Agreement for such Non-exempt Continuing Connected Transactions under item Nos. A.1 (Comprehensive Social and Logistics Services Agreement), A.2 and B.1 (Mutual Supply Agreement), A.3 (Mineral Supply Agreement) and A.4 (Metallurgical Services Agreement), so that the term of each of such agreements will commence on 1 January 2007 and will expire on 31 December 2009.

The Company will convene the SGM to obtain independent Shareholders' approval for such Non-exempt Continuing Connected Transactions. In addition, at the SGM the Company will ask Shareholders to consider, authorize and approve the Company to make certain proposed amendments to the Articles of Association as set out in Appendix I to this circular.

2. BACKGROUND

2.1 The current waiver

At a special general meeting of the Company held on 29 December 2003, the independent Shareholders approved the continuation of the Existing Continuing Connected Transactions and the application for renewal of the waiver from strict compliance with the Listing Rules in respect of the Company's Existing Continuing Connected Transactions. In accordance with the terms as approved by the independent Shareholders, the waiver from strict compliance with the Listing Rules in respect of the Existing Continuing Connected Transactions will expire on 31 December 2006.

Since the approval by the Shareholders of the 2003 Waiver Renewal at the special general meeting on 29 December 2003, there were the following changes to Existing Continuing Connected Transactions:

Land Use Rights Leasing Agreement (Item A.5)

At the time of the 2003 Waiver Renewal, the annual cap of the land use right rental under the Land Use Rights Leasing Agreement was capped at RMB200 million. By an announcement dated 20 January 2005, the Company announced and revised the annual cap to RMB250 million for the three years ending 31 December 2006. The revision was due to adjustments by the local tax authorities of the basic land rates and land use tax effective from 2004 onwards and the agreement by the Company to pay the increased basic land rates and land use tax.

Additional connected transaction - Head Office Leasing Agreement (Item A.8)

At the time of the 2003 Waiver Renewal, the Company's then head office was at No.12B, Fuxing Road, Haidian District, Beijing, the PRC. By an announcement dated 30 March 2005, the Company announced that it entered into a tenancy agreement with China Aluminum Development Company Limited, a wholly-owned subsidiary of Chinalco, for the leasing of 12th to 16th floors and the 18th to 31st floors (a total of 19 floors) of No. 62 North Xizhimen Street, Haidian District, Beijing, the PRC, as its Head Office. The tenancy is for a term of three years from 15 October 2005 to 15 October 2008 at an annual rent of RMB61,648,696 per year together with property management fee of RMB1.0 per day per square meter.

By another announcement dated 7 September 2006, the Company announced that due to the recent increase in office rent in Beijing and at the request of China Aluminum Development Company Limited, the Company agreed to make prepayment of the annual rent and property management fees of the Head Office for the remaining two years of the tenancy. The prepayment amounted to approximately RMB145.3 million was paid on or about the end of October 2006.

Cessation of Xinan Aluminum as a connected person (Item B.5)

Xinan Aluminum was at the time of the 2003 Waiver Renewal a connected person of the Company by virtue of the equity holding of China Cinda Asset Management Corporation in Xinan Aluminum (Group) Limited. China Cinda Asset Management Corporation was at the material time a substantial Shareholder of the Company. On 24 September 2005, China Cinda Asset Management Corporation ceased as a substantial shareholder and a connected person of the Company and as a consequence, Xinan Aluminum also ceased as a connected person of the Company since then.

2.3 The historical amounts of Existing Continuing Connected Transactions for the years 2004, 2005 and the estimated amounts for 2006

Set out below are the historical amounts of each category of Existing Continuing Connected Transactions for the two previous financial years ended 31 December 2004 and 2005, the nine months ended 30 September 2006 and the estimated amounts for the year ending 31 December 2006 and the comparison with their annual limits approved by the Shareholders at the special general meeting held on 29 December 2003:

Notes:

1. Due to increases in basic land rates and land use tax of the Company's Zhongzhou Branch and Shanxi Branch and at the request of Chinalco, the Company will agree to pay the increased basic land tax which have not yet been paid. By an announcement dated 13 December 2006, the Company announced the revision of the annual limit of the transactions under the Land Use Rights Leasing Agreement from RMB250 million to RMB290 million, subject to the payment of the increased amount of land tax of Zhongzhou Branch and Shanxi Branch.
2. The Company proposes to aggregate the continuing connected transaction of Buildings leasing from Chinalco (Item A.6) with the head office rental paid to Chinalco (Item A.8) to form one single category of continuing connected transactions.
3. Based on the estimated total value of the transactions for the entire year ending 31 December 2005, the Directors have estimated that the aggregate total value of the transactions with Guangxi Nonferrous Metal will exceed RMB180 million, which will exceed the annual limit of RMB126 million for the year ending 31 December 2006. However, as at the date of the Announcement dated 9 November 2006, the

Directors estimated that the value of aluminum ingots and alumina supplied to Guangxi Nonferrous Metal had not exceeded the annual limit of RMB126 million. By an announcement dated 13 December 2006, the Company announced the revision of the annual limit of the transactions under the Aluminum Ingots and Alumina Agreement from RMB126 million to RMB190 million for the year ending 31 December 2006.

4. Since 24 September 2005, Xinan Aluminum (Item B.5) is no longer a connected person of the Company.
5. The estimated amounts for the year ending 31 December 2006 are based on the historical amounts for the nine months ended 30 September 2006. The estimated annual amounts of certain transactions for the year ending 31 December 2006 appear to be significantly higher than the figures for the nine months ended 30 September 2006 due to the fact that payments for larger transactions normally occur at the year end.

3. THE NON-EXEMPT CONTINUING CONNECTED TRANSACTIONS AND THE NEW CONTINUING CONNECTED TRANSACTIONS

3.1 Proposed annual limits for the Non-exempt Continuing Connected Transactions

The Directors consider that it is in the interest of the Company to continue the Non-exempt Continuing Connected Transactions upon the same terms and conditions as in the relevant Existing Connected Transaction Agreements and to enter into the New Continuing Connected Transactions, upon the terms and conditions of the proposed New Connected Transaction Agreements. The Directors have estimated the annual limits of the Non-exempt Continuing Connected Transactions for the coming three financial years ending 31 December 2009 based on the following:

- (1) The Non-exempt Continuing Connected Transactions will continue to be entered into between the Company and the relevant connected persons upon the terms and conditions set out in the relevant Existing Connected Transaction Agreements governing the relevant Existing Continuing Connected Transactions;
- (2) Such Non-exempt Continuing Connected Transactions will continue to be entered into in the ordinary course of business of the Company and upon normal commercial terms;
- (3) The estimates of the annual caps for the Non-exempt Continuing Connected Transactions are based on the historical amounts for the two financial years ended 31 December 2005 and the estimated amounts of the Continuing Connected Transactions for the financial year ending 31 December 2006; and
- (4) There will not be any adverse changes to the state of the PRC economy and the level of demand for the alumina and aluminum products of the Company.

Based on the historical amounts of the Existing Continuing Connected Transactions for the two years ended 31 December, 2005 and the nine months ended 30 September 2006 and the estimated amounts for the year ending 31 December 2006, the Directors have estimated the annual limits of each of the Non-exempt Connected Transactions for each of the three years ending 31 December 2009. Based on the agreed amounts on the New Continuing Connected Transaction Agreements, the Directors have also estimated the annual limits of the New Continuing Connected Transactions for each of the three years ending 31 December 2009. By applying the size tests of the Listing Rules, the Directors have categorized the Non-exempt Continuing Connected Transactions and the New Continuing Connected Transactions into exempt and non-exempt continuing connected transactions, as set out below, based on the following principles:

- (1) exempt continuing connected transactions if none of the results of the size tests (as provided in the Listing Rules) exceeds 0.1%;
- (2) non-exempt continuing connected transactions which do not require shareholders approval if none of the results of the size tests exceeds 2.5%; and
- (3) non-exempt continuing connected transactions which require shareholders approval if any of the results of the size tests exceeds 2.5%.

1. The transactions under the Mutual Supply Agreement (Item A.2) and the Mineral Supply Agreement (Item A.3) are aggregated for the purpose of categorisation as the nature of the transactions under these two agreements are of a similar nature.
2. The Buildings Leasing Agreement (Item A. 6) and the Head Office Leasing Agreement (Item A.8) are disclosed as if they form one transaction with Chinalco.
3. This is a New Continuing Connected Transaction. The connected person is Shanxi Zhangze, a substantial shareholder of Huaze Aluminum, which is a 60% owned subsidiary of the Company. For more information relating to this transaction, please refer to paragraph 3.3 below.
- 4.

This item has combined the supply of aluminum ingots and alumina with Guangxi Nonferrous Metal with the New Continuing Connected Transaction relating to the supply of alumina to Guangxi Baise under one category of continuing connected transactions.

3.2 Fluctuations in the annual limits for the Non-Exempt Continuing Connected Transactions

The following are the reasons for the fluctuations in the annual limits of the Non-exempt Continuing Connected Transactions for the three years ending 31 December 2009:

A1. Comprehensive Social and Logistics Services Agreement - Social welfare and logistics services

The proposed increase in the annual limit is mainly due to the following three reasons: (a) the logistics services equipment is expected to be refurbished in 2007 due to the aging of the equipment over the years, and therefore, this will result in increased expenses; (b) since many of the Company's facilities have expanded their production capabilities, there will be an increase in the use of the logistics services provided by Chinalco; and (c) it is expected that Chinalco's costs for providing the services will increase over the previous years and therefore, it will mean increased charges to the Company.

A2. Mutual Supply Agreement - Provision of production supplies and ancillary services

As the domestic supply of coal, electricity, fuel and logistics services in 2005 and 2006 was tense, it is expected that the situation will remain tense in 2007 and the near future, causing the relevant costs of the production supplies and services of Chinalco to continue to increase. The proposed increase in annual limit is due to an expected increase of costs and charges for Chinalco to provide cement, coal, transportation and other related products and services. The increases in costs and charges are expected to continue to increase in line with the continued growth of the market prices and PRC economic development environment. Further, with the expansion in the Company's production capabilities, there will be a corresponding increase in the use of the products and services provided by Chinalco.

In addition, following the completion of several of the Company's newly built alumina facilities, the upgrading of certain of the Company's alumina productions, and the completion of several domestic mergers and acquisitions by the Company, the Company's production capacity of smelting and alumina is expected to experience significant increases, and the need for the production supplies and ancillary services provided by Chinalco will accordingly increase significantly.

A3. Mineral Supply Agreement - Mineral Supply

As two of the Company's alumina production facilities will commence production in 2007, the demand for bauxite and limestone for its production is also expected to increase accordingly. It is also expected that the costs and volume of purchase of these minerals by the Company will continue to increase in the coming three financial years ending 31 December 2009.

A4. Metallurgical Services Agreement - Engineering, construction and supervisory services

As the Company continues to invest in capital expenditure projects, it is expected that new alumina facilities will be built and smelting facilities will be reorganized and as such, it is expected that the Company will continue to engage the engineering contracting services (including engineering design, works, supervisions, equipment purchasing and safety inspections and other one-stop services provided) of Chinalco for these projects. The Directors propose that the annual caps for this type of transactions be increased accordingly to accommodate the increased use of the services provided by Chinalco.

A5. Land use Rights Leasing Agreement - Land use rights leasing

The proposed increase in annual limit is mainly due to the increase in market rent and land use taxes during the past three years and in anticipation of the future increases in the next three years in line with the PRC economic growth and development.

The Land Use Rights Leasing Agreement initially provided that the annual rent payable to Chinalco should be RMB200 million (inclusive of then applicable land use tax and other taxes payable) and should be paid quarterly in arrears. The Land Use Rights Leasing Agreement further provides that the annual rent payable should be reviewed every three years at a rent not higher than the prevailing market rent as determined by an independent valuer. The Land Use Agreement also provides that if there is a major adjustment to the land taxes payable in respect of the land use rights leased, adjustment to the rent may be made after negotiation and agreement by Chinalco and the Company and confirmed by an independent valuer.

By an announcement dated 20 January 2005, the Company announced and revised the annual cap to RMB250 million for the three years ending 31 December 2006. The revision was due to the adjustments by the located tax authorities of the basic land rates and land use taxes effective from 2004 onwards of the land use rights rented by Chinalco to the Company and the agreement by the Company to pay the increased land rates and land use taxes on behalf of Chinalco.

Chinalco has recently requested the Company to bear the increase in land rates and land use taxes of the land use rights rented to the Company's Zhongzhou

Branch and Shanxi Branch and the Directors, having considered that Chinalco has not requested for any rental increase during the last three years despite the general trend of rental increase in the PRC, will agree to pay such increased rates and land use taxes. The Directors consider that the relevant PRC authorities will continue to increase the land rates and land use taxes in the next three years due to the continued and steady growth of the PRC economy and in order to ensure that Chinalco will receive the same amount of rental payment before the increase in land rates and land use taxes, the Directors propose an annual cap of RMB400 million as the annual limit for this category of continuing connected transactions for the coming three financial years ending 31 December 2009.

A6. Buildings Leasing Agreement and Head Office Leasing Agreement - Building leasing

The Directors propose to aggregate the rental payable to Chinalco under the Buildings Leasing Agreement dated 5 November 2001 with the rent payable under the Head Office Leasing Agreement to China Aluminum Development Company Limited under one category of continuing connected transactions and apply for an aggregate annual limit of RMB100 million for each of the three years ending 31 December 2009. The justifications for the proposed increase in annual limits are set out below.

At the time of the 2003 Waiver Renewal, the annual limit for the Buildings Leasing Agreement was set at RMB12 million, being the estimated total amount of rent payable by the Company to Chinalco in respect of approximately 100 buildings leased by us from Chinalco pursuant to the Buildings Leasing Agreement dated 5 November 2001. Due to the steady growth of the PRC economy, the Company expects that the aggregate amount of rental payable by the Company to Chinalco will increase during the next three years.

On 30 March 2005, the Company announced that it entered into a tenancy agreement (i.e. referred to as the Head Office Leasing Agreement in paragraph 2.2 above) with China Aluminum Development Company Limited, a wholly-owned subsidiary of Chinalco, the controlling shareholder of the Company, for the leasing of 12th to 16 floors and 18th to 31st floors (a total of 19 floors) of No. 62 North Xizhimen Street, Haidian District, Beijing, the PRC. The tenancy is for a term of three years from

15 October 2005 to 15 October 2008 at any annual rent of RMB61,648,696 per year together with property management fee of RMB1.0 per day per square meter or approximately RMB11 million per year. By an announcement dated 7 September 2006, the Company announced that due to the recent increase in rent of office premises in Beijing, the Company at the request of China Aluminum Development has agreed to make prepayment of the annual rent and property management fees of the leased premises for the remaining two years of the tenancy. The prepayment amounted to RMB145,314,782.

Considering the rapid and steady economic growth in the PRC during the past three years and the general trend of rental increase during the same years, the Directors propose an annual cap of RMB100 million for the three years ending 31 December 2009. As RMB74 million per year in respect of the head office rental and property management fees for the next two years had been repaid to Chinalco, the effective annual cap will be RMB16 million for each of the three years ending 31 December 2009.

B.1 Mutual Supply Agreement - Provision of production supplies and ancillary services by the Company to Chinalco

As the subsidiaries of Chinalco has continued to increase, including companies such as (Chinese Character) (China Aluminum Ruimin Aluminum Strap Co., Ltd.) and (Chinese Character) (Lanzhou Liancheng Aluminum Co., Ltd.), the need for these subsidiaries to purchase the Company's products has also increased accordingly and hence, larger quantities of alumina are being purchased from the Company. It is expected that Chinalco will continue to acquire more subsidiaries in 2007 to 2009, and these subsidiaries will also purchase their primary aluminum and alumina products from the Company, and therefore, a proposed increase in the annual limit is deemed appropriate due to the anticipated increase of the sale of primary aluminum and alumina products from the Company to Chinalco.

B.4 Aluminum Ingots and Alumina Supply Agreement - Aluminum Ingots and Alumina Supply to Guangxi Nonferrous and alumina supply to Guangxi Baise

The Directors propose to aggregate the annual limits of the supply of aluminum ingots and alumina to Guangxi Nonferrous Metal under the Aluminum Ingots and Alumina Supply Agreement dated 5 November 2001 with the annual limits of Alumina Supply Agreement with Guangxi Baise under one category of continuing connected transactions and to apply for an aggregate annual limit of RMB450 million for each of the three years ending 31 December 2009.

For the two years ended 31 December 2005, the historical amounts of the supply of aluminum ingots and alumina to Guangxi Nonferrous Metal increased from RMB86 million to RMB122 million, respectively. The Directors estimate that the total amounts of transactions with Guangxi Nonferrous will increase to approximately RMB180 million for the year ending 31 December 2006, which may exceed the annual limit approved by the independent Shareholders in the 2003 Waiver Renewal. By an announcement dated 13 December 2006, the Company announced the revision of the annual limit of the transactions with Guangxi Nonferrous Metal under this agreement to RMB190 million for the year ending 31 December 2006. The Directors estimate that the amounts of transactions with Guangxi Nonferrous Metal will be approximately RMB150 million for each of the years ending 31 December 2009.

For more information relating to the supply of alumina to Guangxi Baise, please refer to paragraph 3.3 below.

3.3 New Continuing Connected Transaction - (1) Contracting Services provided by Shanxi Zhangze and (2) alumina supply to Guangxi Baise

A.10 Huaze Contracting Agreement - management and operations of electricity generators

On 15 January 2003, the Company announced that it entered into a joint venture with Shanxi Zhangze for the establishment of a joint venture company initially to be named as Shanxi Zhangze Aluminum and Power Limited, which was subsequently upon establishment named as Shanxi Huaze Aluminum and Power Company Limited (Chinese Character) ("Huaze Aluminum"). Huaze Aluminum is held as to 60% by the Company and as to the remaining 40% by Shanxi Zhangze. Under the Listing Rules, Shanxi Zhangze is a substantial shareholder of Huaze Aluminum, one of the Company's subsidiaries, and therefore a connected person of the Company. Any transactions between Huaze Aluminum and Shanxi Zhangze will constitute connected transactions under the Listing Rules.

Huaze Aluminum proposes to enter into the Huaze Contracting Agreement with Shanxi Zhangze by contracting the management and operations of the electricity generators numbers 3 and 4 to Shanxi Zhangze. The principal proposed terms of the contracting agreement are as follows:

1. The term is for 3 years from 1 January 2007 to 31 December 2009;
2. All electricity generated by the two electricity generators shall all be supplied to Huaze Aluminum and which will be paid for by Huaze Aluminum at a rate according to the contracting agreement, which is calculated based on the costs for generating each unit of electricity multiplied by the total units of electricity generated;
3. Shanxi Zhangze shall be responsible for all costs including fuel costs as well as cost of water supply, other raw materials, labour costs and welfare and other fixed costs for providing the electricity supply to Huaze Aluminum; and
4. Huaze Aluminum shall be responsible for all normal environmental costs for the electricity supply. All extra environmental costs caused by the abnormal operations of the electricity generators shall be borne by Shanxi Zhangze.

The Directors estimate that based on the proposed terms of the Huaze Contracting Agreement, the amount of contracting fees payable by Huaze Aluminum for the electricity supplied by Shanxi Zhangze will be approximately RMB800 million on the basis that the electricity generated by the two electricity generators will be approximately 4,000 million KWH per year.

This transaction is subject to the reporting and announcement requirements but no independent Shareholders' approval is required under the Listing Rules.

B.4 Alumina Supply Agreement - Alumina supply

In addition, Guangxi Baise, which is a subsidiary of Guangxi Investments will enter into the Baise Agreement with the Company for the supply of alumina to Guangxi Baise. As Guangxi Baise is a 48% subsidiary of Guangxi Investments, it is therefore an associate of Guangxi Investments and a connected person of the Company and any transactions with it will constitute connected transactions under the Listing Rules. The proposed principal terms of the Baise Agreement between the Company and Guangxi Baise are as follows:

1. The term shall be from 1 January 2007 to 31 December 2009;
2. Guangxi Baise shall purchase from the Company a total of 270,000 tonnes of alumina, of which 70,000 tonnes shall be delivered by the Company to Guangxi Baise for the year ending 31 December 2007 and 100,000 tonnes shall be delivered for each of the two years ending 31 December 2009;
3. The price per tonne shall be determined based on 17% the average weighted average price for the three preceding three months of the alumina price quoted on the Shanghai Futures Exchange.
4. Payment shall be made in cash.

Based on the terms and conditions of the proposed Baise Agreement, the Directors estimate that the annual value of the transactions with Guangxi Baise would be approximately RMB300 million for each of the three years ending 31 December 2009.

As Guangxi Nonferrous Metals and Guangxi Baise are both subsidiaries of Guangxi Investments and that the nature of their transactions with the Company is similar, the Directors propose to aggregate these two connected transactions and apply for one annual cap of approximately RMB450 million for each of the three years ending 31 December 2009.

This transaction will be aggregated with the Aluminum Ingots and Alumina Supply Agreement with Guangxi Nonferrous Metal to form one category of continuing connected transactions as the two transactions involve two of the subsidiaries of Guangxi Investments, which is a promoter and a connected person of the Company.

4. REASONS AND BENEFITS OF THE NON-EXEMPT CONTINUING CONNECTED TRANSACTIONS AND THE NEW CONTINUING CONNECTED TRANSACTIONS

The Board is of the view that the Non-exempt Continuing Connected Transactions and the New Continuing Connected transactions are essential to the business of the Company for the following reasons:

- (1) The Company does not have the function of providing social welfare and logistics services such as education, medical and child care services, which are essential to the Company and are normally most efficiently provided by Chinalco;
- (2) Supply of bauxite and limestones by Chinalco can minimize the management and operational costs of the Company;
- (3) Alumina and aluminum ingots sales to the associates of Guangxi Investments are conducted at market price upon normal commercial terms. The long-term supply agreements also ensure the sales of the Company's alumina and primary aluminum at market price.
- (4) Contracting the management of the electricity generators to Shanxi Zhangze who are more skilled and experienced in electricity generator management can guarantee that the electricity generators will be safely operated and maintained. Further, the performance of the electricity generators can be optimized and the costs can be reduced due to increased efficiency in management.

The Non-exempt Continuing Connected Transactions and the New Continuing Connected Transactions are and will be entered into in the ordinary and usual course of business of the Company upon normal commercial terms and the Board is of the view that it is in the interest of the shareholders of the Company as a whole to continue with those Non-exempt Continuing Connected Transactions and the New Continuing Connected Transactions.

The Company will seek the approval of the independent Shareholders for the Non-exempt Continuing Connected Transactions under the following agreements referred to in Item Nos. A.1, A.2, A.3, A.4 (expenditure) and B.1 (revenue) above from the announcement and independent Shareholders' approval requirements of the Listing Rules:

- * the Comprehensive Social and Logistics Services Agreement (expenditure) (Item A.1)
- * the Mutual Supply Agreement (expenditure and revenue) (Items A.2 and B.1)
- * the Mineral Supply Agreement (expenditure) (Item A.3)
- * the Metallurgical Services Agreement (expenditure) (Item A.4)

The following Non-exempt Continuing Connected Transactions and the New Continuing Connected Transactions referred to in Item Nos. A.5, A.6, A.8, A.10 (expenditure) and B.4 (revenue) above are only subject to the reporting and announcement requirements of the Listing Rules:

- * the Land Use Rights Leasing Agreement (expenditure) (Item A.5)
- * the Buildings Leasing Agreement and Head Office Leasing Agreement (expenditure) (Items A.6 and A.8)
- * the Huaze Contracting Agreement (expenditure) (Item A.10)
- * the Aluminum Ingots and Alumina Supply Agreement and Alumina Supply Agreement (revenue) (Item B.4)

The transactions under the following agreements are exempt connected transactions which are not subject to the reporting, announcement or shareholders' approval requirements under the Listing Rules as the annual value of each of the such continuing connected transactions falls below the de minimis disclosure threshold set by the Listing Rules:

- * the Factory and Asset Leasing Agreement (expenditure) (Item A.7)
- * the Aluminum Ingots Agency Agreement (expenditure) (Item A.9)
- * the Metallurgical Services Agreement (revenue) (Item B.2)
- * the Buildings Leasing Agreement (revenue) (Item B.3)

As the counter-party to the Non-exempt Continuing Connected Transactions which require independent Shareholders' approval is Chinalco, Chinalco and its respective associates will abstain from voting at the SGM.

Upon approval of the Non-exempt Continuing Connected Transactions which require independent Shareholders' approval, the Company will comply with the requirements specified under Rules 14A.35(1), 14A.35(2), 14A.37 to 14A.40 of the Listing Rules in respect of the conduct of such Non-exempt Continuing Connected Transactions.

5. RENEWAL OF THE EXISTING CONTINUING CONNECTED TRANSACTION AGREEMENTS

As set out in the table under paragraph 2.2 above, each of the following agreements relating to the Non-exempt Continuing Connected Transactions will expire on the following date:

| | Counter-party | Expiry Date |
|------------------------------|---------------|--------------|
| A.1 Comprehensive Social and | Chinalco | 30 June 2007 |

Logistics Services Agreement

| | | | |
|------|---|-----------------------------|------------------|
| A.2 | Mutual Supply Agreement | Chinalco | 30 June 2007 |
| A.3 | Mineral Supply Agreement | Chinalco | 30 June 2007 |
| A.4 | Metallurgical Services Agreement | Chinalco | 30 June 2007 |
| A.5 | Land Use Rights Leasing Agreement | Chinalco | 30 June 2051 |
| A.6 | Buildings Leasing Agreement | Chinalco | 30 June 2020 |
| A.10 | Huaze Contracting Agreement | Shanxi Zhangze | 31 December 2009 |
| B.4 | Aluminum Ingots and Alumina Supply Agreement | Guangxi Nonferrous Metal | 31 December 2007 |
| | Alumina Supply Agreement | Guangxi Baise | 31 December 2009 |

In accordance with Rule 14A.41 of the Listing Rules, any renewal of the continuing connected transactions is subject to compliance in full with all applicable reporting, disclosure and independent shareholders' approval requirements. As the agreements relating to the above Non-exempt Continuing Connected Transactions (namely, the Comprehensive Social and Logistics Services Agreement, the Mutual Supply Agreement, the Mineral Supply Agreement and the Metallurgical Services Agreement) which are subject to the independent Shareholders' approval will all expire on 30 June 2007, this means that any renewal of such agreements after 30 June 2007 will be subject to approval by the independent Shareholders at the time for such renewal. To avoid the trouble of seeking independent Shareholders' approval again upon the expiry of each of such agreements, the Directors propose to enter into the Extension Agreement for such Non-exempt Continuing Connected Transactions, so that all such agreements will commence on the same date, that is, 1 January 2007 and will expire together on 31 December 2009. Such arrangement will not apply to (1) the Land Use Right Leasing Agreement; (2) Buildings Leasing Agreement; (3) Huaze Contracting Agreement; (4) Alumina Supply Agreement. The Extension Agreement will not cover the Aluminum Ingots and Alumina Supply Agreement with Guangxi Nonferrous Metal and the Company will comply with the requirements of the Listing Rules if it renews the Aluminum Ingots and Alumina Supply Agreement with Guangxi Nonferrous Metal upon its expiry on 31 December 2007.

The Directors will propose the entering into of the Extension Agreement for the Non-exempt Continuing Connected Transactions which require independent Shareholders for approval by the independent Shareholders at the SGM.

6. INFORMATION RELATING TO THE COMPANY

The Company is the largest producer of alumina and primary aluminum in the PRC. The Company's key facilities include four integrated alumina and primary aluminum production plants, five alumina

refineries, nine primary aluminum smelter and one research institute, which are engaged in the production, sales and research of alumina and primary aluminum. The scope of business of the Company and its subsidiaries include bauxite mining, and alumina refining and primary aluminum smelting. Its principal products include alumina, primary aluminum and carbon.

7. INFORMATION RELATING TO THE CONNECTED PARTIES

7.1 Chinalco

Chinalco is a controlling shareholder of the Company. Chinalco is a state-owned enterprise incorporated under the laws of the PRC, whose entities and business were contributed to the Company upon the Company's establishment.

7.2 Guangxi Nonferrous Metal

Guangxi Nonferrous Metal is a limited liability company established in the PRC, whose business operations include the manufacturing of nonferrous metal products, alumina, aluminum ingots, and other primary materials for aluminum products.

8. PROPOSED AMENDMENTS TO THE ARTICLES OF ASSOCIATION

The Company proposes to make certain amendments to the Articles of Association. Such amendments are proposed in accordance with laws and regulations currently prescribed by the relevant PRC authorities including the CSRC, stipulating provisions mandatory or recommended for inclusion in articles of association of PRC listed companies. Such amendments are also made to comply with the recent amendments to the PRC Company Law.

Details regarding such proposed amendments are set out in the Appendix I to this circular.

9. ADDITIONAL INFORMATION

9.1 Notice of SGM

The SGM will be held at the Company's conference room at 29th Floor, No. 62 North Xizhimen Street, Haidian District, Beijing, the People's Republic of China at 10:00 a.m. on Tuesday, 27 February 2007 to approve the following resolutions by way of ordinary resolutions and the resolution relating to the proposed amendments to the Articles of Association of the Company by way of special resolution:

- (1) the continuation of the Non-exempt Continuing Connected Transactions which require approval by the independent Shareholders' under the Listing Rules, namely, the Comprehensive Social and Logistics Services Agreement (Item A.1), the Mutual Supply Agreement (Items A.2 and B.1), the Mineral Supply Agreement (Item A.3) and the Metallurgical Services Agreement (Item A.4), and the proposed annual caps of the connected transactions in respect thereof for each

of the three financial years ending 31 December 2009; and

- (2) the entering into of the Extension Agreement for the Non-exempt Continuing Connected Transactions under the Comprehensive Social and Logistics Services Agreement (Item A.1), the Mutual Supply Agreement (Items A.2 and B.1), the Mineral Supply Agreement (Item A.3) and the Metallurgical Services Agreement (Item A.4), which require independent Shareholders' approval.
- (3) the proposed amendments to the Articles of Association of the Company as set out in Appendix I of this circular be generally and unconditionally approved and the board of Directors of the Company be authorised to make such modifications to the proposed amendments to the Articles of Association of the Company as may be required by the relevant authorities of the PRC.

9.2 Closure of books

Shareholders whose names appear on the register of members of the Company at the close of business on Friday, 26 January 2007 will be entitled to attend the SGM upon completion of the necessary registration procedures. The H Shares register of members of the Company will be closed from Saturday, 27 January 2007 to Tuesday, 27 February 2007, both days inclusive, during which period no transfer of the Company's H Shares will be effected. Where applicable, shareholders of the Company's H Shares intending to attend the SGM are therefore required to lodge their respective instrument(s) of transfer and the relevant share certificate(s) to the Company's H Share registrar, Hong Kong Registrars Limited at 46th Floor, Hopewell Centre, 183 Queen's Road East, Wanchai, Hong Kong, by 4:00 p.m. on Friday, 26 January 2007.

9.3 Reply slip and proxy form

If you are eligible and intend to attend the SGM, please complete and return the reply slip, a copy of which is enclosed with this circular, in accordance with the instructions printed thereon as soon as possible and in any event by Wednesday, 7 February 2007.

If you are not able to attend and/or vote at the SGM, you are strongly urged to complete and return the proxy form, a copy of which is also enclosed with this circular, in accordance with the instructions printed thereon as soon as possible and in any event not later than 24 hours before the time appointed for the holding of the SGM or any adjournment thereof. Completion and return of the proxy form will not preclude you from attending and voting in person at the SGM or any adjournment thereof should you so wish.

9.4 Procedure to demand a poll at the SGM

Pursuant to Articles 79 to 81 of the Articles of Association, a poll may be demanded at the SGM, before or after a vote is carried out by a show of hands:

- 9.4.1 by the chairman of the meeting;
- 9.4.2 by at least two Shareholders present in person or by proxy entitled to vote at the meeting; or
- 9.4.3 by one or more Shareholders present in person or by proxy and representing 10% or more of all shares carrying the right to vote at the meeting.

The demand for a poll may be withdrawn by the person who makes such demand. A poll demanded on the election of the chairman of the meeting, or on a question of adjournment of the meeting, shall be taken forthwith. A poll demanded on any other question shall be taken at such time as the chairman of the meeting directs, and any business other than that upon which a poll has been demanded may be proceeded with, pending the taking of the poll. The result of the poll shall be deemed to be a resolution of the meeting at which the poll was demanded. On a poll taken at the meeting, a Shareholder (including proxy) entitled to two or more votes need not cast all his or her votes in the same way.

10. RECOMMENDATIONS

Your attention is drawn to the letter from the Independent Board Committee set out on page 32 of this circular which contains the recommendation of the Independent Board Committee to the Independent Shareholders concerning the continuation of the Non-exempt Continuing Connected Transactions which require independent Shareholders' approval and the proposed annual caps of such Non-exempt Continuing Connected Transactions for each of the three financial years ending 31 December 2009.

The advice of Taifook Capital Limited, the independent financial adviser to the Independent Board Committee, on the fairness and reasonableness of the terms of the Non-exempt Continuing Connected Transactions which require independent Shareholders' approval and the proposed annual caps of such Non-exempt Continuing Connected Transactions set out on pages 33 to 55 of this circular. The independent financial adviser considers that the terms of such Non-exempt Continuing Connected Transactions, the proposed annual caps of such Non-exempt Continuing Connected Transactions and the entering into of the Extension Agreement are fair and reasonable so far as the independent Shareholders are concerned and are in the interests of the Company and the Shareholders as a whole.

The Board believes that the continuation of the Non-exempt Continuing Connected Transactions, the proposed annual caps of such Non-exempt Continuing Connected Transactions for the three financial years ending 31 December 2009 and the entering into of the Extension Agreement are in the interests of the Company and its Shareholders as a whole. Accordingly, the Board recommends the independent Shareholders to vote in favour of the proposed resolutions relating to such Non-exempt Continuing Connected Transactions to the proposed at the SGM.

The Board also recommends the Shareholders to vote in favour of the resolution to amend the Articles of Association as set out in Appendix I to this circular.

11. FURTHER INFORMATION

Your attention is drawn to the additional information set out in the Appendices to this circular.

Yours faithfully,
For and on behalf of the board of Directors of

Dear Sir or Madam,

RENEWAL OF WAIVER -
CONTINUING CONNECTED TRANSACTIONS

We refer to the circular of the Company dated 27 December 2006 to the Shareholders (the "Circular"), of which this letter forms part. Terms defined in the Circular shall have the same meanings when used in this letter, unless the context requires otherwise.

We have been appointed by the Board as the Independent Board Committee to advise you as to the fairness and reasonableness of the terms of the Non-exempt Continuing Connected Transactions which require approval by the independent Shareholders, the proposed annual caps of such transactions and the proposed entering into of the Extension Agreement for such Non-exempt Continuing Connected Transactions. Taifook Capital Limited has been appointed by the Company as the independent financial adviser to advise you and us in this regard. Details of its recommendation, together with the principal factors and reasons it has taken into consideration in arriving at its recommendation are set out in its letter set out on pages 33 to 55 of the Circular.

Your attention is also drawn to the letter from the Board set out on pages 1 to 31 of the Circular and the additional information set out in the Appendix to the Circular.

Having considered the terms of the proposed Non-exempt Continuing Connected Transactions which require approval by the independent Shareholders, and taken into account the advice from Taifook Capital Limited and in particular the principal factors and reasons set out in the letter of advice from Taifook Capital Limited, we are of the view that such proposed Non-exempt Continuing Connected Transactions, the proposed annual caps of such Non-exempt Continuing Connected Transactions and the proposed entering into of the Extension Agreement are in

the interests of the Company and the Shareholders as a whole and the terms of such proposed Non-exempt Continuing Connected Transactions are fair and reasonable.

Yours faithfully,

LETTER FROM TAIFOOK CAPITAL LIMITED

The following is the text of the letter of advice to the Independent Board Committee and the independent Shareholders dated 27 December 2006 from Taifook Capital Limited in relation to the Subject Continuing Connected Transactions and the Proposed Annual Caps (both as hereinafter defined) for the purpose of incorporation in this circular.

25th Floor

27 December 2006

To the Independent Board Committee and the independent Shareholders of
Aluminum Corporation of China Limited

Dear Sirs,

CONTINUING CONNECTED TRANSACTIONS

INTRODUCTION

We refer to our appointment as the independent financial adviser to the Independent Board Committee and the independent Shareholders in relation to the terms of certain continuing connected transactions to be entered into between the Group and Chinalco and its subsidiaries and associates (excluding the Group) ("Chinalco Group"), namely the provision of social welfare and logistics services by the Chinalco Group to the Group, the mutual provision of production supplies and ancillary services between the Chinalco Group and the Group, the supply of mineral by the Chinalco Group to the Group and the provision of engineering design, construction and supervisory services by the Chinalco Group to the Group, for the three years ending 31 December 2009 which are subject to reporting, announcement and independent shareholders' approval requirement under the Listing Rules ("Subject Continuing Connected Transactions") (including the proposed annual caps in relation to the Subject Continuing Connected Transactions for the three years ending 31 December 2009 ("Proposed Annual Caps")) in accordance with their respective Existing Connected Transaction Agreements (as extended), details of which are set out in the "Letter from the board of directors" ("Letter from the Board") of the circular of the Company dated 27 December 2006

("Circular"), of which this letter forms part. Terms used in this letter shall have the same meanings as defined in the Circular unless the context requires otherwise.

The Company and Chinalco entered into certain agreements to govern and regulate the provision of social welfare and logistics services by the Chinalco Group to the Group, the mutual provision of production supplies and ancillary services between the Chinalco Group and the Group, the supply of mineral by the Chinalco Group to the Group and the provision of engineering design, construction and supervisory services by the Chinalco Group to the Group. As stated in the Letter from the Board, the results of the size tests (as provided in the Listing Rules) for the estimated annual limits of the Subject Continuing Connected Transactions for the three years ending 31 December 2009 (where the transaction amounts for the provision of production supplies and ancillary services and the supply of mineral by the Chinalco Group to the Group are aggregated for the purpose of categorisation) are over 2.5% and therefore such transactions are subject to reporting, announcement and independent shareholders' approval requirement under the Listing Rules. In addition, on 5 November 2001, the Company and Chinalco also entered into the Land Use Rights Leasing Agreement and the Buildings Leasing Agreement for the leasing of certain land use rights and buildings by the Group from the Chinalco Group for a duration of more than three years. As stated in the Letter from the Board, the results of the size tests (as provided in the Listing Rules) for the estimated annual limits of such transactions for the three years ending 31 December 2009 is over 0.1% but under 2.5%. The current waiver from strict compliance with the Listing Rules in respect of the foregoing continuing connected transactions will expire on 31 December 2006. Our opinion is only confined to the Subject Continuing Connected Transactions and the Proposed Annual Caps and the duration of the Land Use Rights Leasing Agreement and the Buildings Leasing Agreement and not the other continuing connected transactions and their related proposed annual caps as set out in the Circular.

As at the Latest Practicable Date, Chinalco was the controlling shareholder of the Company and hence a connected person of the Company under the Listing Rules. Accordingly, the Subject Continuing Connected Transactions constitute continuing connected transactions of the Company. The Company will seek independent Shareholders' approval at the SGM for, among others, the continuation of the Subject Continuing Connected Transactions and the Proposed Annual Caps. Chinalco and its associates will abstain from voting at the SGM, at which the proposed resolutions approving the Subject Continuing Connected Transactions and the Proposed Annual Caps will be considered.

The Independent Board Committee comprising Mr. Poon Yiu Kin, Samuel, Mr. Wang Dianzuo and Mr. Kang Yi has been established to advise the independent Shareholders on the terms of the Subject Continuing Connected Transactions and the Proposed Annual Caps. In our capacity as the independent financial adviser to the Independent Board Committee and the independent Shareholders, our role is to provide the Independent Board Committee and the independent Shareholders with an independent opinion and recommendation as to whether (i) the entering into of the Subject Continuing Connected Transactions in accordance with their respective Existing Connected Transaction Agreements (as extended) for the three years ending 31 December 2009 is in the interests of the Company and the independent Shareholders as a whole and in the ordinary and usual course of business of the Group and the terms thereof are on normal commercial terms and fair and reasonable; and (ii) the Proposed Annual Caps are fair and reasonable.

BASIS OF OUR OPINION

In formulating our recommendation, we have relied on the information, financial information and facts supplied to us and representations expressed by the Directors and/or management of the Group and have assumed that all such information, financial information and facts provided and any representations made to us or contained in the Circular were true, accurate and complete at the time they were made and continue to be so at the date of despatch of the Circular and during the period up to the date of the SGM, and has been properly extracted from the relevant

underlying accounting records (in the case of financial information) and made after due and careful enquiry by the Company, the Directors and the management of the Group. We have been advised by the Directors and/or the management of the Group that all relevant information has been supplied to us and that no material facts have been omitted from the information supplied and representations expressed to us. We have no reason to doubt the completeness, truth or accuracy of the information and facts provided and representations made to us and we are not aware of any facts or circumstances which would render such information provided and representations made to us untrue, inaccurate or misleading. We consider we have reviewed sufficient information to reach an informed view and to provide a reasonable basis for our opinion. We have not, however, conducted an independent verification of the information nor have we conducted any form of investigation into the businesses, affairs, financial positions or prospects of the Group.

PRINCIPAL FACTORS AND REASONS CONSIDERED

In arriving at our opinion regarding the terms of the Subject Continuing Connected Transactions and the Proposed Annual Caps, we have considered the following principal factors:

I. Terms of the Existing Connected Transaction Agreements in relation to the Subject Continuing Connected Transactions

Set out below are some of the principal terms of the Existing Connected Transaction Agreements in relation to the Subject Continuing Connected Transactions. Shareholders are advised to refer to the Prospectus and the circular of the Company dated 26 November 2003 for further details.

(A) *Provision of social welfare and logistics services by the Chinalco Group to the Group*

On 5 November 2001, Chinalco and the Company entered into the Comprehensive Social and Logistics Services Agreement for a term of three years with effect from 1 July 2001, whereby the Chinalco Group shall provide social welfare services and logistics services, namely public security and fire fighting services, education and training, schools, hospitals and hygiene, cultural and physical education, newspapers and magazines publication and broadcasting, printing and other services, property management, environmental and hygiene, greenery, nurseries and kindergartens, sanatoriums, canteens, guest-houses, offices, public transportation, retirement management and other services, to the Group. Pursuant to the Comprehensive Social and Logistics Services Agreement, the parties thereto agreed that, among others:

- (i) the social welfare and logistics services will be provided: (a) according to state-prescribed price; (b) if there is no state-prescribed price but there is a state-guidance price, then according to state-guidance price; (c) if there is neither a state-prescribed price nor a state-guidance price, then according to the market price; and (d) if none of the above is applicable, then according to the contractual price. Market price means the price at which the same type of services is provided by independent third parties under normal commercial terms in the ordinary course of their businesses in the same area, in the vicinity, or if not applicable, in the PRC ("Market Price"). Contractual price means the price to be agreed between the relevant parties for the provision of the subject services, which shall be the reasonable costs (being the costs confirmed by both parties

after arm's length negotiations and permitted by the accounting system of the PRC (including sales tax and surcharge)) incurred in providing the same plus not more than 5% of such costs;

- (ii) the Chinalco Group will not provide services to the Group on terms which are less favourable than those offered to third parties. The Group will give priority to the Chinalco Group in using its services if the terms offered by the Chinalco Group and by third parties are the same;
- (iii) the Chinalco Group is entitled to provide the relevant services to any third parties provided that the provision of such services will not affect the Chinalco Group's services under the Comprehensive Social and Logistics Services Agreement. On the other hand, the Group is entitled to obtain such services from third parties if the Chinalco Group cannot satisfy the Group's needs; and
- (iv) either party may terminate the Comprehensive Social and Logistics Services Agreement or specific type of service provided by giving to the other party not less than six months' prior written notice, provided that if the Group cannot conveniently obtain such service from a third party and requests the Chinalco Group to provide such service, the Chinalco Group cannot, without the written consent of the Company, terminate the provision of such service.

On 28 June 2004, Chinalco and the Company entered into an agreement to extend the term of the Comprehensive Social and Logistics Services Agreement for a further period of three years, commencing on 1 July 2004 and ending on 30 June 2007. We understand that it is the Company's intention to enter into new extension agreement, on the same terms and conditions, so that the term of the transactions under the Comprehensive Social and Logistics Services Agreement will be extended to 31 December 2009.

We understand from the Directors that the Group does not have the function of providing social welfare and logistics services such as education, medical and child care services, which are essential to the Group and are normally most efficiently provided by the Chinalco Group. As advised by the Directors, it would be more economical for the Group to obtain the social welfare and logistics services from the Chinalco Group for the following reasons: (i) the Chinalco Group had provided such services to the Group prior to the reorganisation of the assets and liabilities of Chinalco and its subsidiaries and associates carried out in preparation for the listing of the H Shares on The Stock Exchange of Hong Kong Limited ("Reorganisation"), and retained the assets, facilities and labour for the provision of social welfare and logistics services after the Reorganisation; and (ii) given the proximity of the Group and the Chinalco Group and by sharing the Chinalco Group's facilities and labour force, the provision of the social welfare and logistics services by the Chinalco Group would enable a higher degree of economies of scale being attained.

As mentioned above, the social welfare and logistics services will be provided according to (i) state-prescribed price; (ii) if not available, then state-guidance price; (iii) if neither, then the Market Price; and (iv) if none of the above is applicable, then reasonable costs plus not more than 5% of such costs. We understand from the Directors

that the mark-up percentage of not more than 5% was determined after arm's length negotiations between the Company and Chinalco. Given that (i) the price at which the Chinalco Group provides social welfare and logistics services to the Group will be determined according to government direction or market forces or at cost plus a mark-up determined after arm's length negotiations, and (ii) the Chinalco Group will not provide services to the Group on terms which are less favourable than those offered to third parties, we are of the opinion that the pricing mechanism is fair and reasonable.

In view of the above and having considered:

- (i) the entering into of the transactions contemplated under the Comprehensive Social and Logistics Services Agreement for the three years ending 31 December 2009 is within the Group's existing business activities and can facilitate the Group to carry out its business activities and operations;
- (ii) the reasons for entering into the Comprehensive Social and Logistics Services Agreement as mentioned above;
- (iii) the pricing mechanism for the provision of social welfare and logistics services by the Chinalco Group to the Group as described above; and
- (iv) the Chinalco Group will give priority in providing social welfare and logistics services to the Group and the Chinalco Group cannot, without the written consent of the Company, terminate the provision of such services to the Group if the Group cannot conveniently obtain such services from a third party,

we concur with the views of the Directors that the entering into of the continuing connected transactions under the Comprehensive Social and Logistics Services Agreement for the three years ending 31 December 2009 is in the interests of the Company and the independent Shareholders as a whole and in the ordinary and usual course of business of the Group, and the terms thereof are on normal commercial terms and fair and reasonable so far as the Company and the independent Shareholders are concerned.

(B) Mutual provision of production supplies and ancillary services between the Chinalco Group and the Group

On 5 November 2001, Chinalco and the Company entered into the General Agreement on Mutual Provision of Production Supplies and Ancillary Services ("Mutual Supply Agreement") for a term of three years with effect from 1 July 2001, whereby the Chinalco Group shall provide the Group with (i) production supplies (including carbon ring, carbon products, cement, coal, oxygen, bottled water, steam, fire brick, aluminum fluoride, cryolite, lubricant, resin, clinker, fabricated aluminum and other similar supplies), (ii) transportation and loading services (including vehicle transportation, loading services, railway transportation and other similar services), and (iii) supporting services and ancillary production services (including communication, repair, processing and fabrication, quality testing, engineering design, environmental protection, road

maintenance and other similar services); while the Group shall provide the Chinalco Group with (i) production supplies (including alumina, primary aluminum, scrap materials, coal, pitch and other similar supplies), and (ii) supporting services and ancillary production services (including supply of electricity, gas, heat and water, repair, measurement, quality testing, spare parts, transportation, steam and other similar services).

Pursuant to the Mutual Supply Agreement, the parties thereto agreed that, among others:

- (i) the supplies and services will be provided: (a) according to state-prescribed price; (b) if there is no state-prescribed price but there is a state-guidance price, then according to state-guidance price; (c) if there is neither a state-prescribed price nor a state-guidance price, then according to the Market Price; and (d) if none of the above is applicable, then according to the contractual price. Contractual price means the price to be agreed between the relevant parties for the provision of the subject supplies or services, which shall be the reasonable costs (being the costs confirmed by both parties after negotiations and permitted by the accounting system of the PRC, including sales tax and surcharge) incurred in providing the same plus not more than 5% of such costs;
- (ii) the Chinalco Group will not provide products and services to the Group on terms which are less favourable than those offered to third parties. Each party is entitled to provide the relevant supplies and services to any third party provided that the provision of such supplies and services to the other party will not be affected. Each party is entitled to obtain such supplies and services from any third parties if the other party cannot satisfy its needs; and
- (iii) either party may terminate the Mutual Supply Agreement or the provision of specific type of supply or service by giving to the other party not less than six months' prior written notice, provided that if the Group cannot conveniently obtain such supply and service from a third party and requests the Chinalco Group to provide such supply and service, the Chinalco Group cannot, without the written consent of the Company, terminate the provision of such supply and service.

On 28 June 2004, Chinalco and the Company entered into an agreement to extend the term of the Mutual Supply Agreement for a further period of three years, commencing on 1 July 2004 and ending on 30 June 2007. We understand that it is the Company's intention to enter into new extension agreement, on the same terms and conditions, so that the term of the transactions under the Mutual Supply Agreement will be extended to 31 December 2009.

As disclosed in the Prospectus, pursuant to the Reorganisation, the Chinalco Group retained certain non-core assets and businesses relating to ancillary production supplies and services which include assets and businesses for, among other things, (a) supply of various raw materials required in the course of production of alumina and primary aluminum; (b) provision of transportation and loading services; and (c) the provision of

production supporting services. On the other hand, the Chinalco Group transferred to the Group (a) operating assets and businesses for the production of alumina, primary aluminum, scrap materials, etc; and (b) assets and businesses for provision of ancillary production supplies and services which include, among other things, the supply of electricity, gas, heat and water, spare parts and the provision of repair and measurement services. Accordingly, the Directors consider that the mutual provision of production supplies and ancillary services under the Mutual Supply Agreement is beneficial to the Group as the Chinalco Group and the Group have established a long-term cooperation relationship prior to the Reorganisation, and the mutual provision of production supplies and ancillary services enhances the smooth operations of and generates revenue for the Group. As advised by the Directors, the quality of the production supplies and ancillary services provided by the Chinalco Group to the Group is comparable to the quality of the same or similar type of the production supplies and ancillary services provided by independent third parties.

As mentioned above, the production supplies and ancillary services will be provided according to (i) state-prescribed price; (ii) if not available, then state-guidance price; (iii) if neither, then the Market Price; and (iv) if none of the above is applicable, then reasonable costs plus not more than 5% of such costs. We understand from the Directors that the mark-up percentage of not more than 5% was determined after arm's length negotiations between the Company and Chinalco. Given that (i) the price for the mutual provision of production supplies and ancillary services will be determined according to government direction or market forces or at cost plus a mark-up determined after arm's length negotiations, and (ii) the Chinalco Group will not provide products and services to the Group on terms which are less favourable than those offered to third parties, we are of the opinion that the pricing mechanism is fair and reasonable.

In view of the above and having considered:

- (i) the nature of the transactions contemplated under the Mutual Supply Agreement is within the Group's existing business activities;
- (ii) the reasons for entering into the Mutual Supply Agreement as mentioned above;
- (iii) the pricing mechanism for the provision of the supplies and services under the Mutual Supply Agreement as described above; and
- (iv) the Chinalco Group will give priority in providing the production supplies and ancillary services to the Group, and the Chinalco Group cannot, without the written consent of the Company, terminate the provision of such supplies and services to the Group if the Group cannot conveniently obtain such supplies and services from a third party,

we concur with the views of the Directors that the entering into of the continuing connected transactions under the Mutual Supply Agreement for the three years ending 31 December 2009 is in the interests of the Company and the independent Shareholders as a whole and in the ordinary and usual course of business of the Group, and the terms

thereof are on normal commercial terms and fair and reasonable so far as the Company and the independent Shareholders are concerned.

(C) *Supply of mineral by the Chinalco Group to the Group*

On 5 November 2001, Chinalco and the Company entered into the Mineral Supply Agreement for the supply of bauxite and limestone by the Chinalco Group to the Group for a term of three years with effect from 1 July 2001, provided that the supply of mineral from specific mines shall be subject to the actual mine life of the specific mines. Pursuant to the Mineral Supply Agreement, the parties thereto agreed that, among others:

- (i) the supplies of bauxite and limestone derived from the Chinalco Group's own mining operations will be provided to the Group at reasonable costs incurred in providing the same, plus not more than 5% of such reasonable costs. Reasonable costs means the mineral production costs confirmed by both parties after arm's length negotiations and permitted by the accounting system of the PRC (including sales tax and surcharge);
- (ii) for the supplies of bauxite and limestone which the Chinalco Group purchased from mines jointly operated by the Chinalco Group and other third parties or from other mines through contractual arrangements to be re-sold to the Group, the price shall be the contractual price paid by the Chinalco Group to such third party, provided that such contractual price shall not be higher than the historical prices in respect of bauxite or limestone supplied by third parties to the Chinalco Group prior to the date of the Mineral Supply Agreement and adjusted by the rate of inflation;
- (iii) provided that the terms and conditions offered by any independent third party are no more favourable than those offered by the Chinalco Group for the same type of bauxite and limestone, the Group will give priority in purchasing such bauxite and limestone from the Chinalco Group; and
- (iv) before meeting the bauxite and limestone requirements of the Group, the Chinalco Group is not entitled to provide bauxite and limestone to any third parties.

On 28 June 2004, Chinalco and the Company entered into an agreement to extend the term of the Mineral Supply Agreement for a further period of three years, commencing on 1 July 2004 and ending on 30 June 2007. We understand that it is the Company's intention to enter into new extension agreement, on the same terms and conditions, so that the term of the transactions under the Mineral Supply Agreement will be extended to 31 December 2009.

As disclosed in the Prospectus, as part of the Reorganisation, the Chinalco Group retained certain assets and businesses relating to several bauxite mines and limestone

quarries in respect of which the mining rights have not been transferred to the Group, and the Chinalco Group also purchases bauxite and limestone from other mines and re-sells the bauxite and limestone to the Group. The Directors consider that as bauxite and limestone are the principal raw material for the production of alumina and a supplemental material used in alumina refining respectively, the procurement of a source of supply from the Chinalco Group through the entering into the Mineral Supply Agreement is in the interests of the Company. As advised by the Directors, the quality of the bauxite and limestone supplied by the Chinalco Group to the Group is comparable to the quality of the same or similar type of the bauxite and limestone supplied by independent third parties.

In view of the above and having considered:

- (i) the nature of the transactions contemplated under the Mineral Supply Agreement is within the Group's existing business activities;
- (ii) the reasons for entering into the Mineral Supply Agreement as mentioned above;
- (iii) the pricing mechanism for the provision of the supplies under the Mineral Supply Agreement; and
- (iv) the Chinalco Group will give priority to supply bauxite and limestone to the Group,

we concur with the views of the Directors that the entering into of the continuing connected transactions under the Mineral Supply Agreement for the three years ending 31 December 2009 is in the interests of the Company and the independent Shareholders as a whole and in the ordinary and usual course of business of the Group, and the terms thereof are on normal commercial terms and fair and reasonable so far as the Company and the independent Shareholders are concerned.

(D) Provision of engineering design, construction and supervisory services by the Chinalco Group to the Group

On 5 November 2001, Chinalco and the Company entered into the Provision of Engineering, Construction and Supervisory Services Agreement ("Metallurgical Services Agreement") for a term of three years with effect from 1 July 2001, whereby the Chinalco Group shall provide engineering design, construction and supervisory services to the Group, while the Group shall provide engineering design services to the Chinalco Group. As stated in the Letter from the Board, the provision of engineering design services by the Group to the Chinalco Group is an exempt continuing connected transaction which is not subject to reporting, announcement and independent shareholders' approval requirements under the Listing Rules. As such, our opinion and discussion herein will be confined to the provision of engineering design, construction and supervisory services by the Chinalco Group to the Group.

Pursuant to the Metallurgical Services Agreement, in relation to the provision of engineering design, construction and supervisory services by the Chinalco Group to the Group, the parties thereto agreed that, among others:

- (i) the prices of the services to be provided pursuant to the Metallurgical Services Agreement will be in accordance with the state-guidance price. If there is no state-guidance price, then according to market price. Market price means either the price at which the same type of engineering design, construction or supervisory services are provided by independent third parties in the PRC in the ordinary course of their businesses upon normal commercial terms or the price at which the same type of engineering design, construction or supervisory services are provided by the Chinalco Group to independent third parties in the PRC in the ordinary course of business upon normal commercial terms;
- (ii) where contracts are to be tendered, the price for the provision of engineering design, construction and supervisory services shall be set according to the procedures adopted by the tender supervisory and administrative bureau in the locality of the construction project. The tender price should be maintained at a reasonably close level to the lowest offer price in the tender;
- (iii) the Group is at liberty to select providers of the services for its projects, provided that where conditions allow, contractors be selected by way of tender, in accordance with relevant PRC laws and regulations. Where the terms of an offer are the same or similar to those offered by a third party, the Group will give priority in using the Chinalco Group's services;
- (iv) the Chinalco Group is entitled to provide the relevant services to any third parties provided that the provision of such services to the Group under the Metallurgical Services Agreement will not be affected. The Group is entitled to obtain such services from any third parties if the Chinalco Group cannot satisfy its needs; and
- (v) either party may terminate the Metallurgical Services Agreement or any specific agreements entered pursuant to the Metallurgical Services Agreement or any specific type of service by giving to the other party not less than six months' prior written notice, provided that if the Group cannot conveniently obtain such service from a third party and requests the Chinalco Group to provide such service, the Chinalco Group cannot, without the written consent of the Company, terminate the provision of such service.

On 28 June 2004, Chinalco and the Company entered into an agreement to extend the term of the Metallurgical Services Agreement for a further period of three years, commencing on 1 July 2004 and ending on 30 June 2007. We understand that it is the Company's intention to enter into new extension agreement, on the same terms and conditions, so that the term of the transactions under the Metallurgical Services Agreement will be extended to 31 December 2009.

As advised by the Directors, pursuant to the Reorganisation, the Chinalco Group retained its operating assets and liabilities relating to the provision of certain engineering design, construction and supervisory services in connection with the Group's businesses. Accordingly, the Directors consider that the provision of engineering design, construction and supervisory services by the Chinalco Group to the Group under the Metallurgical Services Agreement enhances the smooth operations of the Group. As advised by the Directors, the quality of the engineering design, construction and supervisory services provided by the Chinalco Group to the Group is comparable to the quality of the engineering design, construction and supervisory services provided by independent third parties.

As mentioned above, the engineering design, construction and supervisory services will be provided according to (i) state-guidance price; (ii) if not available, then market price; or (iii) where contracts are to be tendered, the price set according to the procedures adopted by the tender supervisory and administrative bureau in the locality of the construction project which should be maintained at a reasonably close level to the lowest offer price in the tender. Given that the price at which the Chinalco Group provides engineering design, construction and supervisory services to the Group will be determined according to government direction or market forces, we are of the opinion that the pricing mechanism is fair and reasonable.

In view of the above and having considered:

- (i) the provision of engineering design, construction and supervisory services by the Chinalco Group to the Group pursuant to the Metallurgical Services Agreement for the three years ending 31 December 2009 is within the Group's existing business activities and can facilitate the Group to carry out its business activities and operations;
- (ii) the reasons for the provision of engineering design, construction and supervisory services by the Chinalco Group to the Group under the Metallurgical Services Agreement as mentioned above;
- (iii) the pricing mechanism for the provision of engineering design, construction and supervisory services by the Chinalco Group to the Group under the Metallurgical Services Agreement as described above; and
- (iv) the Chinalco Group will give priority in providing the engineering design, construction and supervisory services to the Group, and the Chinalco Group cannot, without the written consent of the Company, terminate the provision of such services to the Group if the Group cannot conveniently obtain such services from a third party,

we concur with the views of the Directors that the entering into of the continuing connected transactions for the provision of engineering design, construction and supervisory services by the Chinalco Group to the Group under the Metallurgical Services Agreement for the three years ending 31 December 2009 is in the interests of

the Company and the independent Shareholders as a whole and in the ordinary and usual course of business of the Group, and the terms thereof are on normal commercial terms and fair and reasonable so far as the Company and the independent Shareholders are concerned.

II. Duration of the Land Use Rights Leasing Agreement and the Buildings Leasing Agreement

(A) Leasing of land use rights from the Chinalco Group by the Group

On 5 November 2001, Chinalco and the Company entered into the Land Use Rights Leasing Agreement, whereby the Chinalco Group agreed to lease to the Group certain parcels of land in the PRC, with an aggregate area of approximately 58.3 million square meters. Allocated land is leased to the Group for a term of 50 years. Land over which the Chinalco Group has been granted land use rights is leased to the Group for a term up to the expiry of the relevant land use right permit. Regarding the land use rights of mines, the term of mining leases shall terminate upon expiry of the mining rights (or the expiry as extended, if applicable) or at the end of the actual mine life, whichever is earlier. The maximum term of the leases under the Land Use Rights Leasing Agreement is 50 years.

The terms of the land leases under the Land Use Rights Leasing Agreement are longer than three years. We understand from the Directors that (i) the majority of the land leased is occupied by the Group for production purpose, including alumina production and ancillary use, mining of bauxite and limestone, and primary aluminum production and ancillary use; while the remaining of the land leased is used as public office and ancillary buildings; and (ii) the production plants and facilities and mines on the leased land are essential to the production and business of the Group as most of the Group's principal production took place in such places. In view of the importance of the aforesaid properties to the Group, we concur with the Directors' view that it is in the interests of the Company and the independent Shareholders to have a longer lease term of the land to minimize the disruption of the Group's production and business operations arising from relocation which may be difficult and impracticable given (i) the size of the leased land and the facilities erected thereon; and (ii) the consideration resources to be expended in establishing new production plants and related facilities.

We have discussed with China Consultants of Accounting and Financial Management Co., Ltd ("CCAFM"), an independent valuer in the PRC, which have confirmed that it is normal business practice for land use rights leasing contracts of similar type entered into by state-owned enterprises in the PRC with companies controlled by them to be of such duration.

We understand that pursuant to the Land Use Rights Leasing Agreement, the Company will be entitled at any time before the expiry of the lease, to terminate the lease of any or all parcel(s) of land by giving to Chinalco notice in writing six months prior to termination of the relevant lease provided that the Chinalco Group shall not be liable to compensate the Group for any buildings or fixtures owned or constructed by the Group on such leased land.

In view of the above and having considered:

- (i) the significance of the leased land to the Group's business and operations;
- (ii) our understanding from CCAFMM as mentioned above; and
- (iii) the right of the Company to terminate the lease of land by giving six months' prior written notice to Chinalco under the Land Use Rights Leasing Agreement,

we concur with the views of the Directors that the durations of the land leases pursuant to the Land Use Rights Leasing Agreement of over three years are reasonable and normal business practice.

(B) Leasing of buildings from the Chinalco Group by the Group

On 5 November 2001, Chinalco and the Company entered into the Buildings Leasing Agreement, whereby the Chinalco Group agreed to lease to the Group certain buildings with an aggregate gross floor area of approximately 273,637 square meters and the Group agreed to lease to the Chinalco Group certain buildings with an aggregate gross floor area of approximately 62,819 square meters, for a term of 20 years commencing from 1 July 2001. As stated in the Letter from the Board, the leasing of buildings from the Group by the Chinalco Group is an exempt continuing connected transaction which is not subject to reporting, announcement and independent shareholders' approval requirements under the Listing Rules. As such, our opinion and discussion herein will be confined to the leasing of buildings from the Chinalco Group by the Group.

As mentioned above, the term of the building leases by the Group from the Chinalco Group under the Buildings Leasing Agreement is longer than three years. We understand from the Directors that such buildings are located on the land leased under the Land Use Rights Leasing Agreement and are used for office, dormitory, canteen, storage, production ancillary, social welfare and logistics purposes, and accordingly, the leasing of the buildings by the Group under a longer lease term are essential to the smooth operations of the Group's business.

We have discussed with CCAFMM, which have confirmed that it is normal business practice for buildings leasing contracts of similar type entered into by state-owned enterprises in the PRC with companies controlled by them to be of such duration.

We understand that in respect of the leasing of buildings from the Chinalco Group by the Group, pursuant to the Buildings Leasing Agreement, the Company shall be entitled at any time during the subsistence of the lease, by giving six months' prior written notice in writing to Chinalco, to terminate the Buildings Lease Agreement or the lease of any part of the property comprised under the Buildings Lease Agreement.

In view of the above and having considered:

- (i) the importance of the buildings leased by the Group from the Chinalco Group to the Group's business and operations;
- (ii) our understanding from CCAFAM as mentioned above; and
- (iii) the right of the Company to terminate the lease of buildings from the Chinalco Group by giving six months' prior written notice to Chinalco under the Buildings Leasing Agreement,

we concur with the views of the Directors that the duration of the building leases from the Chinalco Group by the Group pursuant to the Buildings Leasing Agreement of over three years is reasonable and normal business practice.

III. The Proposed Annual Caps

As stated in the letter from the Board, the Proposed Annual Caps are as follows:

| Transactions | Financial year ending 31 December | | |
|---|-----------------------------------|-------|-------|
| | 2007 | 2008 | 2009 |
| | (amount in RMB millions) | | |
| Expenditure: | | | |
| (i) Provision of social welfare and logistics services by the Chinalco Group to the Group | 1,740 | 2,003 | 2,320 |
| (ii) Provision of production supplies and ancillary services by the Chinalco Group to the Group | 1,000 | 1,500 | 2,000 |
| (iii) Supply of mineral by the Chinalco Group to the Group | 445 | 643 | 890 |
| (iv) Provision of engineering, construction and supervisory services by the Chinalco Group to the Group | 3,970 | 3,970 | 3,970 |

Revenue:

| | | | | |
|-----|--|-------|-------|-------|
| (v) | Provision of production supplies and ancillary services by the Group to the Chinalco Group | 5,000 | 5,920 | 7,100 |
|-----|--|-------|-------|-------|

We note from the Letter from the Board that the Proposed Annual Caps have been arrived at on the following bases:

- (i) the Subject Continuing Connected Transactions will continue to be entered into between the Group and the relevant connected persons upon the terms and conditions set out in the relevant Existing Connected Transaction Agreements governing the relevant Subject Continuing Connected Transactions;
- (ii) such Subject Continuing Connected Transactions will continue to be entered into in the ordinary course of business of the Group and upon normal commercial terms;
- (iii) the estimates of the annual caps for the Subject Continuing Connected Transactions are based on historical amounts for the two financial years ended 31 December 2005 and the estimated amounts of the Subject Continuing Connected Transactions for the financial year ending 31 December 2006; and
- (iv) there will not be any adverse changes to the state of the PRC economy and the level of demand for the alumina and aluminum products of the Group.

We have discussed with the management of the Group the basis of determining the Proposed Annual Caps and understand that the following factors have been taken into consideration in determining the Proposed Annual Caps:

- (i) Provision of social welfare and logistics services by the Chinalco Group to the Group

As stated in the Letter from the Board, the historical amounts of the provision of social welfare and logistics services by the Chinalco Group to the Group were approximately RMB927.73 million, RMB951.25 million and RMB1,451.31 million (estimated) for the year ended 31 December 2004, 2005 and 2006 respectively. We understand from the Directors that the substantial increase in the provision of social welfare and logistics services by the Chinalco Group to the Group in 2006 as compared to 2005 was mainly due to (i) the refurbishment of logistics services facilities in 2006 as a result of the aging of the facilities over the years and the improvement of social welfare and logistics facilities for mines in distant areas; (ii) the increase in the costs of the Chinalco Group in providing social welfare and logistics services; and (iii) the expansion of production capabilities of the Group.

We note that the Company's proposed annual caps for the provision of social welfare and logistics services by the Chinalco Group to the Group for the year

ending 31 December 2007, 2008 and 2009 are RMB1,740 million, RMB2,003 million and RMB2,320 million respectively. The proposed annual cap of the year ending 31 December 2007 represents an increase of approximately 19.9% as compared to the estimated total transaction amount for the year ending 31 December 2006 whereas the proposed annual caps for each of the year ending 31 December 2008 and 2009 represent an increase of approximately 15.1% and 15.8% respectively as compared to their respective preceding year. As advised by the Directors, the Directors expect that (i) the refurbishment of logistics services facilities will continue in 2007 and thereafter due to the aging of the facilities; (ii) the general price level will be on an upward trend and the costs of the Chinalco Group in providing social welfare and logistics services will continue to increase in the near future; and (iii) the demand for the social welfare and logistics services will continue to increase with the addition and/or expansion of production facilities. As referred to in the interim report of the Company for the six months ended 30 June 2006, construction had commenced on three 800,000-tonne-capacity alumina expansion projects at Guizhou Zunyi, Chongqing Nanchuan and phase III of Guangxi branch and the Group had expanded its primary aluminum segment through mergers and acquisitions. The Directors expect that with the addition and/or expansion of production facilities of the Group, the demand for the provision of social welfare and logistics services by the Chinalco Group will increase as a result of the expected increase in the number of staff of the Group and the area of the premises of the Group.

Having considered (i) the estimated amount of the provision of social welfare and logistics services by the Chinalco Group to the Group in 2006 and the reasons for the increase as compared to 2005 as mentioned above; and (ii) the bases adopted by the Company in estimating the proposed annual caps for such transactions as explained above, we are of the view that the proposed annual caps for the provision of social welfare and logistics services by the Chinalco Group to the Group for the year ending 31 December 2007, 2008 and 2009 are fair and reasonable.

- (ii) Provision of production supplies and ancillary services by the Chinalco Group to the Group

As stated in the Letter from the Board, the historical amounts of the provision of production supplies and ancillary services by the Chinalco Group to the Group were approximately RMB509.43 million, RMB463.55 million and RMB682.39 million (estimated) for the year ended 31 December 2004, 2005 and 2006 respectively. We understand from the Directors that the substantial increase in the amount of production supplies and ancillary services provided in 2006 as compared to 2005 was mainly due to (i) the expansion of production capabilities of the Group; and (ii) the increase in the prices of materials and costs in providing production supplies and ancillary services.

We note that the Company's proposed annual caps for the provision of production supplies and ancillary services by the Chinalco Group to the Group for the year ending 31 December 2007, 2008 and 2009 are RMB1,000 million, RMB1,500 million and RMB2,000 million respectively. The proposed annual cap for the year

ending 31 December 2007 represents an increase of approximately 46.5% as compared to the estimated total transaction amount for the year ending 31 December 2006 whereas the proposed annual caps for each of the year ending 31 December 2008 and 2009 represent an increase of 50.0% and approximately 33.3% respectively as compared to their respective preceding year. As advised by the Directors, the aforesaid increase in the expected aggregate annual value of production supplies and ancillary services to be provided by the Chinalco Group to the Group is mainly due to the followings: (i) the domestic supply of coal, electricity, fuel and logistics services is expected to remain tense in 2007 and the near future and accordingly, the costs of the Chinalco Group to provide cement, coal, transportation and other related products and services are expected to increase; and (ii) following the completion of several of the Group's newly built alumina facilities, the upgrading of certain of the Group's alumina productions and the completion of several domestic mergers and acquisitions by the Group, the Group's production capacity is expected to experience significant increases.

We note from the interim report of the Company for the six months ended 30 June 2006 that the Group had expanded its production of alumina and primary aluminum as follows:

(i) construction had commenced on three 800,000-tonne-capacity alumina expansion projects at Guizhou Zunyi, Chongqing Nanchuan and phase III of Guangxi branch; (ii) the Group had expanded its primary aluminum segment through mergers and acquisitions and as a result, as of the end of August 2006, the smelting capacity of primary aluminum increased by approximately 970,000 tonnes (inclusive of the 272,000 tonnes smelting capacity representing total capacity of Jiaozuo Wanfang Aluminum Company Ltd., in which the Company held a 29% stake) from that of 2005. The increase in the proposed annual caps for the provision of production supplies and ancillary services by the Chinalco Group to the Group is in line with the Group's strategy of production expansion.

Having considered (i) the estimated amount of the provision of production supplies and ancillary services by the Chinalco Group to the Group in 2006 and the reasons for the increase as compared to 2005 as mentioned above; and (ii) the bases adopted by the Company in estimating the proposed annual caps for such transactions as explained above, we are of the view that the proposed annual caps for the provision of production supplies and ancillary services by the Chinalco Group to the Group for the year ending 31 December 2007, 2008 and 2009 are fair and reasonable.

(iii) Supply of mineral by the Chinalco Group to the Group

As stated in the Letter from the Board, the historical amounts of the supply of mineral by the Chinalco Group to the Group were approximately RMB124.57 million, RMB237.28 million and RMB245.72 million (estimated) for the year ended 31 December 2004, 2005 and 2006 respectively.

We note that the Company's proposed annual caps for the supply of mineral by the Chinalco Group to the Group for the year ending 31 December 2007, 2008 and 2009 are RMB445 million, RMB643 million and RMB890 million respectively. The proposed annual cap for the year ending 31 December 2007 represents an increase of approximately 81.1% as compared to the estimated total transaction amount for the year ending 31 December 2006 whereas the proposed annual caps for each of the year ending 31 December 2008 and 2009 represent an increase of approximately 44.5% and 38.4% respectively as compared to their respective preceding year. As advised by the Directors, the aforesaid increase in the expected aggregate annual value of the mineral to be supplied by the Chinalco Group to the Group is mainly due to (i) the expected increase in the need for bauxite and limestone with the commencement of three of the Company's alumina production facilities in 2007 and the expansion of the Group's alumina ore-dressing Bayer project which involves the treatment of bauxite for the extraction of alumina; and (ii) the expected continued increase in the costs of bauxite and limestone and the volume that the Group expects to purchase in the next three years.

Having considered (i) the estimated amount of the supply of mineral by the Chinalco Group to the Group in 2006; and (ii) the bases adopted by the Company in estimating the proposed annual caps for such transactions as explained above, we are of the view that the proposed annual caps for the supply of mineral by the Chinalco Group to the Group for the year ending 31 December 2007, 2008 and 2009 are fair and reasonable.

- (iv) Provision of engineering, construction and supervisory services by the Chinalco Group to the Group

As stated in the Letter from the Board, the historical amounts of the provision of engineering, construction and supervisory services by the Chinalco Group to the Group were approximately RMB945.68 million, RMB2,176.04 million and RMB2,402.81 million (estimated) for the year ended 31 December 2004, 2005 and 2006 respectively.

We note that the Company's proposed annual caps for the provision of engineering, construction and supervisory services by the Chinalco Group to the Group for the year ending 31 December 2007, 2008 and 2009 are RMB3,970 million, RMB3,970 million and RMB3,970 million respectively. The proposed annual cap for the year ending 31 December 2007 represents an increase of approximately 65.2% as compared to the estimated total transaction amount for the year ending 31 December 2006 whereas the proposed annual caps for each of the year ending 31 December 2007, 2008 and 2009 are the same. As advised by the Directors, the Directors expect that as the Group continues to invest in capital expenditure projects (the timing of which will in turn depend on the successful bidding of new contracts), new alumina facilities will be built and smelting facilities will be reorganized and accordingly, the Group will continue to engage the engineering contracting services (including engineering design, works, supervisions, equipment purchasing and safety inspections and other one-stop services provided) of the Chinalco Group. As a result, the estimated aggregate

annual value of the provision of engineering, construction and supervisory services by the Chinalco Group to the Group from 2007 to 2009 is expected to be higher than that of 2006.

Having considered (i) the estimated amount of the provision of engineering, construction and supervisory services by the Chinalco Group to the Group in 2006; and (ii) the bases adopted by the Company in estimating the proposed annual caps for such transactions as explained above, we are of the view that the proposed annual caps for the provision of engineering, construction and supervisory services by the Chinalco Group to the Group for the year ending 31 December 2007, 2008 and 2009 are fair and reasonable.

- (v) Provision of production supplies and ancillary services by the Group to the Chinalco Group

As stated in the Letter from the Board, the historical amounts of the provision of production supplies and ancillary services by the Group to the Chinalco Group were approximately RMB1,055.37 million, RMB2,104.29 million and RMB4,304.49 million (estimated) for the year ended 31 December 2004, 2005 and 2006 respectively. As advised by the Directors, the substantial increase in the amount of production supplies and ancillary services sold to the Chinalco Group in 2005 and 2006 was mainly due to the expansion of the production capabilities of the Chinalco Group, which resulted in the increase in purchase of the Group's products.

We note that the Company's proposed annual caps for the provision of production supplies and ancillary services by the Group to the Chinalco Group for the year ending 31 December 2007, 2008 and 2009 are RMB5,000 million, RMB5,920 million and RMB7,100 million respectively. The proposed annual cap for the year ending 31 December 2007 represents an increase of approximately 16.2% as compared to the estimated total transaction amount for the year ending 31 December 2006 whereas the proposed annual caps for each of the year ending 31 December 2008 and 2009 represent an increase of 18.4% and approximately 19.9% respectively as compared to their respective preceding year. As advised by the Directors, the increase in the aggregate annual value of production supplies and ancillary services to be provided by the Group to the Chinalco Group in 2007 to 2009 is mainly due to the expected increase in the purchase of the Group's products as a result of the expansion of the Chinalco Group's aluminum fabrication business. As advised by the Directors, in recent years, the subsidiaries of Chinalco which engage in aluminum fabrication business have increased, including companies such as (Chinese Character) (Chinalco Ruimin Co., Ltd.), (Chinese Character) (Chinalco Henan Aluminum Fabrication Co., Ltd.), (Chinese Character) (Chinalco-SWA Co., Ltd.) and (Chinese Character) (CSWA Cold Rolling Co., Ltd.). The Directors expect that Chinalco will continue to acquire aluminum fabrication factories and together with the expected expansion of the production capacity of the aforesaid companies, the demand for the Group's production supplies and ancillary services by the Chinalco Group will increase.

Having considered (i) the estimated amount of the provision of production supplies and ancillary services by the Group to the Chinalco Group in 2006; and (ii) the bases adopted by the Company in estimating the proposed annual caps for such transactions as explained above, we are of the view that the proposed annual caps for the provision of production supplies and ancillary services by the Group to the Chinalco Group for the year ending 31 December 2007, 2008 and 2009 are fair and reasonable.

RECOMMENDATION

Having considered the principal factors and reasons referred to the above, we consider that the entering into of the Subject Continuing Connected Transactions for the three years ending 31 December 2009 according to the terms of their respective Existing Connected Transaction Agreements is in the interests of the Company and independent Shareholders as a whole and in the ordinary and usual course of business of the Group, and the terms thereof are on normal commercial terms and fair and reasonable so far as the Company and the independent Shareholders are concerned. We also consider that the Proposed Annual Caps are fair and reasonable so far as the Company and the independent Shareholders are concerned. Accordingly, we advise the Independent Board Committee to recommend the independent Shareholders to vote in favour of the ordinary resolutions to be proposed at the SGM to approve the continuation of the Subject Continuing Connected Transactions for the three years ending 31 December 2009 and the Proposed Annual Caps.

Yours faithfully,
For and on behalf of
Taifook Capital Limited

Managing Director

APPENDIX I

PROPOSED AMENDMENTS TO THE ARTICLES OF ASSOCIATION

As stated in the letter from the Board set out in this circular, the Company will make proposed amendments to the Articles of Association in compliance with all relevant and applicable PRC legal and regulatory requirements currently in force in the PRC. Such amendments are essentially proposed in accordance with current laws and regulations prescribed by the relevant PRC authorities including the CSRC, stipulating provisions mandatory or recommended for inclusion in Articles of Association of PRC listed companies, and are set out and elaborated as follows:

The applicable PRC laws and regulations as mentioned above include: The Company Law (Chinese Character): Instructions of Articles of Association of Listed Companies (Chinese Character) (the "Instructions of Articles of Association"), Administrative Guidelines for Listed Companies (Chinese Character) (the "Administrative Guidelines"), Opinions on Standards of Shareholders' General Meetings of Listed Companies (Chinese Character) (the "Standards of Shareholders' General Meetings"), Instructive Opinions on Setting up Independent Directors' System in Listed Companies (Chinese Character) (the "Instructive Opinions on Independent Directors"), Regulations on Enhancing Protection of Public Shareholders' Rights (Chinese Character) (the "Public Shareholder Protection Regulations"), Notice of Issues in Relation to Standardizing Capital Exchange between Listed Companies and Interested Parties and Listed Companies' Guarantee for Other Parties (Chinese Character) (the "Regulations on Capital Exchange and Guarantees for Other Parties"), Opinion on Further Promoting the Regulation of Operation and

Enhancing Reform of Overseas Listed Companies (Chinese Character) (the "Opinion"), and Working Guidelines of the Secretary to the Board of Directors of Overseas Listed Companies (Chinese Character) (the "Working Guidelines").

The proposed amendments to the Articles of Association contained in this appendix are formulated in Chinese, and translated into English for incorporation in this circular for information purposes only, and the Chinese language version shall generally prevail over the English language version for the purpose of interpretation.

1. Article 3 is proposed to be amended to read as follows:

"Place of the Company: No.62 North Xizhimen Street, Beijing, PRC

Postal code: 100082

Tele: (010) 82298080

Graphics context facsimile: (010) 82298081"

2. In Article 6, reference to "the general meeting of shareholders on 9 June, 2005" will be amended to "the general meeting of shareholders on 27 February, 2007"

3. The first paragraph of Article 10 is proposed to be amended to read as follows:

"The Company may invest in other companies but shall not be an investor jointly liable for the invested company's debts unless otherwise required by law."

The last paragraph of Article 10 is proposed to be deleted.

4. A new paragraph, reading as follows, is proposed to be added to Article 20 as the second paragraph of that Article

"Contributions by promoters of the Company at the time of incorporation are as follows:

| Promoter | Shares Subscribed | Means of Contribution | Date of Contribution |
|---|-------------------|-----------------------|----------------------|
| Aluminum Corporation of China | 7,673,770,000 | Net Asset | June 28, 2001 |
| Guangxi Development Group Limited | 196,800,000 | Net Asset | June 28, 2001 |
| Guizhou Provincial Materials Development and Investment Corporation | 129,430,000 | Net Asset | June 28, 2001 |
| Total | 8,000,000,000" | | |

5. The first paragraph, the second paragraph, the third paragraph and the fourth paragraph of Article 21 will be amended, and four new paragraphs will be added to become the fifth, the sixth, the seventh and the eighth paragraphs, such that Article 21, as amended, is proposed to read as follows:

"After incorporation, the Company issues 2,749,889,968 overseas listed foreign shares, i.e. H shares, of which 2,499,900,153 are new shares and 249,989,815 million stock shares are sold by certain shareholders.

After the foregoing issuing of H Shares, the company has a total of 10,499,900,153 shares with an equity structure as follows: a total of 7.750010185 billion domestic shares, accounting 73.81% of the Company's total equities, including: 4,656,261,060 shares by the promoter Aluminum Corporation of China, accounting around 44.35% of the total equities; 196,800,000 shares by the promoter Guangxi Investment Group Co., Ltd., accounting around 1.87% of the total equities; 129,430,000 shares by the promoter Guizhou Provincial Materials Development and Investment Corporation, accounting around 1.23% of the total equities; 1,610,332,210 shares by China Cinda Asset Management Corporation, accounting for around 15.34% of the total equities; 602,246,135 shares by China Orient Asset Management Corporation, accounting around 5.73% of the total equities; 554,940,780 shares by State Development Bank, accounting for 5.29% of the total equities. 2,749,889,968 (H Shares) are to be held by investors of overseas listed foreign shares, accounting for 26.19% of the Company's total equities.

With the approval of the examination body authorized by the State Council, the Company additionally issued 549,976,000 overseas listed foreign shares (H shares) in 2004.

After the foregoing issuing of H shares, the company has a total of 11,049,876,153 shares, comprising 7,750,010,185 domestic shares representing 70.13% of the total equities, including 4,612,161,060 shares by the promoter Aluminum Corporation of China, accounting around 42.14% of the total equities; 196,800,000 shares by the promoter Guangxi Investment Group Co., Ltd., accounting around 1.78% of the total equities; 129,430,000 shares by the promoter Guizhou Provincial Materials Development and Investment Corporation, accounting around 1.17% of the total equities; 1,610,332,210 shares by China Cinda Asset Management Corporation, accounting for around 14.57% of the total equities; 602,246,135 shares by China Orient Asset Management Corporation, accounting around 5.45% of the total equities; 554,940,780 shares by State Development Bank, accounting for 5.02% of the total equities; and 3,299,865,968 shares by shareholders of overseas listed foreign shares (H shares) accounting for around 29.87% of the total equities.

With the approval of the State Council, China Construction Bank Corporation took back the 6.42% of the company's shares it had delegated to the care of Cinda Asset Management Corporation in 2005, and thenceforth directly holds the shares and become a shareholder of the company. It causes no change to the total number of shares of the company but the number of shares held by China Cinda Asset Management Corporation was decreased accordingly.

After the foregoing change of shareholder, the company has a total of 11,049,876,153 shares, comprising 7,750,010,185 domestic shares representing 70.13% of the total equities, including 4,656,261,060 shares by the promoter Aluminum Corporation of China, accounting around 42.14% of the total equities; 196,800,000 shares by the promoter Guangxi Investment Group Co., Ltd., accounting around 1.78% of the total equities; 129,430,000 shares by the promoter Guizhou Provincial Materials Development and
