On January 27, 2014, the Compensation & Organization Committee of the Board of Directors amended the Administrative Regulations for the Executive Management Annual Incentive Compensation Program (the “Program”) under the United States Steel Corporation 2010 Annual Incentive Compensation Plan, which was approved by shareholders on April 27, 2010. In general, the regulations were amended to reflect revisions to the Program for the 2014 performance period. As amended, an Award Pool will be established and funded contingent (e) upon the attainment of the shareholder approved goal of Shipment Tons. The amended Program also provides for the establishment of other performance measures and goals, including those based on income and cash flow that are applicable if the Award Pool is funded. The Program continues to provide for the calculation of individual awards based upon pre established individual incentive targets and the degree of performance attained, and the Compensation & Organization Committee’s ability to exercise downward discretion with respect to individual awards. A copy of the amended Program is filed herewith as Exhibit 10.1.
