PROXY STATEMENT

These Proxy materials are delivered in connection with the solicitation by the Board of Directors of Tarrant Apparel Group, a California corporation ("Tarrant," the "Company", "we", or "us"), of Proxies to be voted at our 2003 Special Meeting of Shareholders and at any adjournments or postponements.

You are invited to attend our Special Meeting of Shareholders on Thursday, December 4, 2003, beginning at 10:00 a.m. Pacific Time. The meeting will be held at our corporate headquarters, 3151 East Washington Boulevard, Los Angeles, California, 90023.

It is anticipated that this Proxy Statement and the accompanying Proxy will be mailed to shareholders on or about November 11, 2003.

SHAREHOLDERS ENTITLED TO VOTE. Holders of our common stock at the close of business on October 31, 2003 are entitled to receive this notice and to vote their shares at the Special Meeting. Common stock is the only outstanding class of securities of the Company entitled to vote at the Special Meeting. As of October 31, 2003, there were 18,597,443 shares of common stock outstanding.

PROXIES. Your vote is important. If your shares are registered in your name, you are a shareholder of record. If your shares are in the name of your broker or bank, your shares are held in street name. We encourage you to vote by Proxy so that your shares will be represented and voted at the meeting even if you cannot attend. All shareholders can vote by written proxy card. Your submission of the enclosed Proxy will not limit your right to vote at the Special Meeting if you later decide to attend in person. IF YOUR SHARES ARE HELD IN STREET NAME, YOU MUST OBTAIN A PROXY, EXECUTED IN YOUR FAVOR, FROM THE HOLDER OF RECORD IN ORDER TO BE ABLE TO VOTE AT THE MEETING. If you are a shareholder of record, you may revoke your Proxy at any time before the meeting either by filing with the Secretary of the Company, at its principal executive offices, a written notice of revocation or a duly executed Proxy bearing a later date, or by attending the Special Meeting and expressing a desire to vote your shares in person. All shares entitled to vote and represented by properly executed Proxies received prior to the Special Meeting, and not revoked, will be voted at the Special Meeting in accordance with the instructions indicated on those Proxies. If no

Edgar Filing: TARRANT APPAREL GROUP - Form DEF 14A

instructions are indicated on a properly executed Proxy, the shares represented by that Proxy will be voted as recommended by the Board of Directors.

QUORUM. The presence, in person or by proxy, of a majority of the votes entitled to be cast by the shareholders entitled to vote at the Special Meeting is necessary to constitute a quorum. Abstentions and broker non-votes will be included in the number of shares present at the Special Meeting for determining the presence of a quorum. Broker non-votes occur when a broker holding customer securities in street name has not received voting instructions from the customer on certain non-routine matters and, therefore, is barred by the rules of the applicable securities exchange from exercising discretionary authority to vote those securities.

VOTING. Each share of our common stock is entitled to one vote on each matter properly brought before the Special Meeting.

APPROVAL OF ISSUANCE OF COMMON STOCK UPON CONVERSION OF SERIES A PREFERRED STOCK. The approval of the issuance of 8,817,320 shares of our common stock issuable upon conversion of our outstanding shares of Series A Preferred Stock will require the affirmative vote of a majority of the shares of common stock present or represented and entitled to vote at the Special Meeting. For purposes of the vote to approve the issuance of common stock upon conversion of the Series A Preferred Stock, abstentions will be counted toward the tabulation of votes cast on the proposal and will have the same effect as negative votes, while broker non-votes will not be counted as votes cast for or against such matter.

AMENDMENT TO ARTICLES OF INCORPORATION. The approval of the amendment to our Amended and Restated Articles of Incorporation to increase the number of shares of common stock authorized for issuance from 35,000,000 to

2

100,000,000 will require the affirmative vote of a majority of our outstanding shares of common stock. For purposes of the vote regarding the increase of the shares of common stock authorized for issuance, abstentions and broker non-votes will have the same effect as votes against approval of the proposal.

APPROVAL OF EXECUTIVE STOCK OPTION GRANT. The approval of the grant of options to purchase 400,000 shares of our common stock to our President will require the affirmative vote of a majority of the shares of common stock present or represented and entitled to vote at the Special Meeting. For purposes of the vote to approve the stock option grant to our President, abstentions will be counted toward the tabulation of votes cast on the proposal and will have the same effect as negative votes, while broker non-votes will not be counted as votes cast for or against such matter.

VOTING AGREEMENTS. Sanders Morris Harris Inc., which acted as placement agent for the Company with respect to the sale of the shares of Series A Preferred Stock, has entered into voting agreements with certain shareholders of the Company (the "Voting Agreements"), pursuant to which such shareholders have agreed to vote all shares subject to the Voting Agreements in favor of the proposals to approve the issuance of 8,817,320 shares of our common stock issuable upon conversion of our outstanding shares of Series A Preferred Stock and to increase the number of shares of common stock authorized for issuance from 35,000,000 to 100,000,000. Concurrently with the execution of the Voting Agreements, each such shareholder also delivered to Sanders Morris Harris an irrevocable proxy appointing Sanders Morris Harris as proxy to vote the shares in accordance with the Voting Agreements. The number of shares subject to the

Edgar Filing: TARRANT APPAREL GROUP - Form DEF 14A

Voting Agreements is 9,855,518, representing approximately 53% of the issued and outstanding shares of common stock. The shareholders who have executed Voting Agreements are Gerard Guez, our Chief Executive Officer and Chairman of our Board, Todd Kay, the Vice Chairman of our Board, and Jamil Textil, S.A. de C.V.

OTHER MATTERS. At the date this Proxy Statement went to press, we do not know of any other matter to be raised at the Special Meeting. However, if any other business shall properly come before the Special Meeting or any adjournment thereof, the persons named as proxies will have discretionary authority to vote the shares of Common Stock represented by the accompanying proxy in accordance with their best judgment.

3

ITEM 1: APPROVAL OF ISSUANCE OF COMMON STOCK UPON CONVERSION OF SERIES A PREFERRED STOCK

Item 1 is the approval of the issuance of up to 8,817,320 shares of our common stock upon conversion of our outstanding shares of Series A Preferred Stock. The Board of Directors has approved, contingent upon approval by the Company's shareholders at the Special Meeting, the issuance of 8,817,320 shares of our common stock (the "Series A Conversion Shares") upon conversion of the Company's outstanding shares of Series A Preferred Stock. The Board of Directors is submitting the proposal to approve the issuance of the Series A Conversion Shares to the shareholders for approval at the Special Meeting.

The Series A Conversion Shares, when issued, would become part of the existing class of common stock and would have the same rights and privileges as the shares of common stock now issued and outstanding. There are no preemptive rights relating to the common stock. As of October 31, 2003, there were 18,597,443 shares of our common stock issued and outstanding. If issued, the Series A Conversion Shares would represent approximately 32% of our issued and outstanding shares of common stock. Our common stock is listed on the Nasdaq Stock Market's National Market System. The continued listing requirements of the Nasdaq Stock Market's National Market System prohibit us from issuing shares of common stock in a non-public offering prior to obtaining shareholder approval if the price per share of the securities in the offering is less than the greater of book value or market value of our common stock and the proposed issuance would result in the issuance of 20% or more of the common stock or voting power of the Company before the issuance. Assuming immediate conversion of all of the shares of Preferred Stock, the total number of Series A Conversion Shares would be in excess of the 20% threshold. Therefore, we may not issue the Series A Conversion Shares unless and until the issuance has been approved by our shareholders.

PRIVATE PLACEMENT OF SERIES A PREFERRED STOCK.

In October 2003, we entered into Subscription Agreements with certain investors pursuant to which we sold 881,732 shares of Series A Preferred Stock (the "Preferred Shares") at a price of \$38.00 per share in a private placement transaction. We received proceeds of approximately \$31.1 million in this transaction, after payment of placement agent fees and other offering expenses. Of these proceeds, we immediately used approximately \$25.5 million to pay current liabilities, and we presently intend to use the balance for general working capital purposes.

Sanders Morris Harris Inc. acted as placement agent in connection with the

Edgar Filing: TARRANT APPAREL GROUP - Form DEF 14A

October 2003 private placement financing transaction. For their services as placement agent, we paid Sanders Morris Harris a fee equal to 7% of our gross proceeds from the financing (\$2,345,400). We also paid for the out-of-pocket expenses incurred by Sanders Morris Harris and all investors in the amount of \$45,000. In addition, we issued to Sanders Morris Harris a warrant to purchase 881,732 shares of our common stock at an exercise price of \$4.65 per share. The warrant has a term of 5 years. The warrant vests and becomes exercisable in full on April 17, 2004.

We entered into a registration rights agreement with the purchasers of the Preferred Shares. Pursuant to this registrant rights agreement, we agreed to file a registration statement on Form S-3 registering the resale by the investors of the Series A Conversion Shares and to keep the registration statement effective until the later of one year or until all the Series A Conversion Shares held by the investors may be sold by them pursuant to Rule 144 promulgated under the Securities Act of 1933. This registration rights agreement also provides that if we do not register for resale the Series A Conversion Shares within 60 days of the closing date (or 150 days, which may be extended until April 14, 2004 in certain circumstances, in the event of a full review of the registration statement by the Securities and Exchange Commission), then we must pay each of the investors 1% of the per share purchase price paid by such investor for each Preferred Share purchased for each month thereafter that the investor cannot publicly sell the shares of Common Stock underlying the Preferred Share. The expenses of such registration, other than selling expenses (including broker's fees and commissions), will be borne by us.

REASONS FOR THE PRIVATE PLACEMENT.

Strengthening our working capital is one of the final steps in the restructuring of our business, and will support the growth of our private label, trading company model that fueled profits in the years prior to our Mexico manufacturing initiative. We believe the private placement financing will allow us to maximize growth

4

opportunities that would otherwise be left in incubation. As previously announced, we have entered into an exclusive distribution agreement with Federated Stores for American Rag, Cie, and with Wet Seal for No Jeans. We also manufacture Seven 7, exclusively for Express. Premier retailers have a need to differentiate themselves from their competition, and we want to continue building and improving our process in order to exceed the expectations of our new and existing retail partners.

TERMS OF SERIES A PREFERRED STOCK.

Except as required by law, the Preferred Shares have no voting rights. The Preferred Shares accrue dividends, commencing on March 1, 2004, at an annual rate of 5% of the initial stated value of \$38.00 per share, payable quarterly. In the event of a liquidation, dissolution or winding-up of the Company, the Preferred Shares will be entitled to receive, prior to any distribution on the common stock, a distribution equal to the initial stated value of the Preferred Shares plus all accrued and unpaid dividends.

If the shareholders approve the issuance of the Series A Conversion Shares, each Preferred Share will be convertible, at the option of the holder, into 10 shares of our common stock (as adjusted for stock dividends, combinations, splits or similar events), for an aggregate of 8,817,320 shares of common stock. In the event the shareholders approve the issuance of the Series A Conversion Shares,

Edgar Filing: TARRANT APPAREL GROUP - Form DEF 14A

each of the investors in the October 2003 private placement financing transaction has agreed to promptly convert all Preferred Shares into common stock. If the shareholders do not approve the issuance of the conversion shares at the Special Meeting, the Preferred Shares will not be convertible into common stock.

CERTAIN EFFECTS OF THE PROPOSAL.

The Board of Directors believes that the approval of the issuance of the Series A Conversion Shares is in the best interests of the Company and the shareholders. However, the following should be considered by a shareholder in deciding how to vote upon the proposal.

DILUTION. If the issuance of the Series A Conversion Shares is approved by the shareholders at the Special Meeting, the holders of the Preferred Shares would immediately have the right to convert each Preferred Share into 10 shares of common stock, or an aggregate of 8,817,320 shares of common stock. When issued, the Series A Conversion Shares would represent approximately 32% of the Company's outstanding shares of common stock, based upon the 18,597,443 shares of our common stock outstanding as of October 31, 2003. As a result, following conversion of the Preferred Shares and issuance of the Series A Conversion Shares, our shareholders would experience substantial dilution in the percentage of Company equity they own.

EFFECT OF ISSUANCE OF SERIES A CONVERSION SHARES BELOW MARKET PRICE. The effective issuance price of the Series A Conversion Shares is \$3.80 per share. The issuance of the Series A Conversion Shares could depress the market price of, and reduce trading activity in, our common stock by increasing the number of shares outstanding. Such downward pressure on our stock price could encourage short sales by certain investors that could place further pressure on the price of our common stock.

PRINCIPAL EFFECTS OF NON-APPROVAL. If the issuance of the Series A Conversion Shares is not approved, the Preferred Shares will not be convertible into common stock. Commencing on March 1, 2004, the holders of the Preferred Shares will be entitled to receive a dividend at an annual rate of 5%. We cannot pay a dividend on our common stock unless all accrued dividends on the Preferred Shares have been paid in full. Additionally, in the event of a voluntary or involuntary liquidation, dissolution or winding up of the Company, the holders of the Preferred Shares will be entitled to receive approximately \$33.5 million plus accrued and unpaid dividends before any distributions are made to the holders of our common stock.

BOARD RECOMMENDATION AND VOTE.

The approval of the issuance of the Series A Conversion Shares will require the affirmative vote of a majority of the shares of common stock present or represented and entitled to vote at the Special Meeting. The Board of Directors is of the opinion that the issuance of the Series A Conversion Shares is in the best interests of the Company and recommends a vote for the approval of the issuance of the Series A Conversion Shares. All Proxies will be voted to

5

approve the issuance of the Series A Conversion Shares unless a contrary vote is indicated on the enclosed Proxy card.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR" THE APPROVAL OF ISSUANCE OF 8,817,320 SHARES OF COMMON STOCK UPON CONVERSION OF THE SERIES A

PREFERRED STOCK.

6

ITEM 2: AMENDMENT TO THE AMENDED AND RESTATED ARTICLES OF INCORPORATION TO
INCREASE THE AUTHORIZED SHARES OF COMMON STOCK

Item 2 is the approval of an amendment to our Amended and Restated Articles of Incorporation to increase the number of shares of our common stock authorized for issuance from 35,000,000 to 100,000,000.

Our Board of Directors has approved an amendment (the "Amendment") to our Amended and Restated Articles of Incorporation (the "Articles of Incorporation") that will increase the aggregate number of shares of common stock authorized for issuance from 35,000,000 to 100,000,000 shares. The complete text of the form of the Amendment is set forth as Appendix "A" to this Proxy Statement. The Board of Directors is submitting the Amendment to the shareholders for approval at the Special Meeting.

The additional shares of common stock would become part of our existing class of common stock, and the additional shares, when issued, would have the same rights and privileges as the shares of common stock now issued. There are no preemptive rights relating to the common stock.

The Articles of Incorporation presently authorize the issuance of 35,000,000 shares of common stock and 2,000,000 shares of preferred stock. Of the 35,000,000 presently authorized shares of common stock, 18,597,443 shares were issued and outstanding on October 31, 2003. Of the 2,000,000 shares of presently authorized preferred stock, 1,000,000 shares have been designated Series A Preferred Stock and, of which 881,732 were issued and sold to investors in a private placement financing transaction as described in Item 1 of this Proxy Statement. In addition, excluding those shares of common stock that may be issued pursuant to the conversion of the Series A Preferred Stock, an aggregate of 11,381,732 shares of common stock have been reserved for issuance as of the record date pursuant to outstanding options and warrants and under the Tarrant Apparel Group Employee Incentive Plan. Accordingly, only 5,020,825 shares of common stock remain available for the conversion of the Preferred Shares and other corporate purposes. We will require 8,817,320 shares of common stock available for issuance upon conversion of the outstanding Preferred Shares alone, which exceeds the number of share available for issuance under the Articles of Incorporation.

THE OCTOBER 2003 FINANCING TRANSACTION.

As described in Item 1 above, we entered into Subscription Agreements in October 2003, pursuant to which we sold 881,732 Preferred Shares to certain investors in a private placement transaction. We received proceeds of approximately \$31.1 million, after payment of placement agent fees and other offering expenses, from the sale of the Preferred Shares.

Subject to prior shareholder approval, each Preferred Share will be convertible into 10 shares of common stock, for an aggregate of 8,817,320 shares of common stock. This exceeds the number of shares of common stock that remain available under the Articles of Incorporation for issuance by us, after taking into account the number of shares reserved for issuance upon exercise of outstanding stock options and warrants and under the Employee Incentive Plan. Consequently, if the shareholders do not approve the Amendment at the Special Meeting, we will not have a sufficient number of authorized shares of common stock to issue all

Edgar Filing: TARRANT APPAREL GROUP - Form DEF 14A

of the Series A Conversion Shares and maintain the required shares reserved for issuance pursuant to outstanding options and warrants and under our Employee Incentive Plan. As a result, we may not be able to meet our obligation to issue shares upon exercise of outstanding options and warrants and may be prevented from granting additional options to employees under the Employee Incentive Plan.

ADDITIONAL REASONS FOR THE AUTHORIZED SHARE INCREASE.

In addition to providing a sufficient number of available shares of common stock for use in connection with the conversion of the Preferred Shares and upon exercise of options and warrants, the Board of Directors believes that the proposed increase in the authorized shares of common stock is in the best interests of the Company and its shareholders and believes that it is advisable to authorize such additional shares and have them available in connection with possible future transactions, such as financings, strategic alliances, corporate mergers, acquisitions, possible funding of new product programs or businesses and other uses not presently determinable and as may be deemed to be feasible and in our best interests. In addition, the Board of Directors believes that it is desirable for the Company to have the flexibility to issue shares of common stock without further shareholder action, except as otherwise provided by law.

7

AMENDMENT.

If the Amendment is approved, the introductory paragraph of Article Three of the Articles of Incorporation will read as follows:

"THREE: This corporation is authorized to issue two classes of shares of stock designated, respectively, "Common Stock" and "Preferred Stock." The number of shares of Common Stock authorized to be issued is 100,000,000 and the number of shares of Preferred Stock authorized to be issued is 2,000,000, all of which shall be without par value."

The only change in Article Three which will be effected if the proposal is approved is the change to the one number set forth in bold face type above. Presently, Article Three provides that the number of shares of common stock that we may issue is 35,000,000. All other provisions of Article Three will remain unchanged.

CERTAIN EFFECTS OF THE AMENDMENT.

The Board of Directors believes that approval of the Amendment is in the best interests of the Company and our shareholders. However, the following should be considered by a shareholder in deciding how to vote upon the Amendment.

If the Amendment is approved, the additional authorized shares would be available for issuance by the Board of Directors in connection with the conversion of the Preferred Shares, upon exercise of options and warrants, and for any proper corporate purpose and for such consideration as the Board of Directors may determine at any time without further shareholder approval except as otherwise required by applicable law or Nasdaq listing rules. If the Amendment is approved, the shareholders could experience substantial dilution in the percentage of our equity they own upon issuance of additional shares by the Board of Directors. The issuance of such additional shares might be disadvantageous to current shareholders in that any additional issuances would potentially reduce per share dividends, if any. Shareholders should consider,

Edgar Filing: TARRANT APPAREL GROUP - Form DEF 14A

however, that the possible impact upon dividends is likely to be minimal in view of the fact that we have never paid dividends, have never adopted any policy with respect to the payment of dividends on common stock and do not intend to pay any cash dividends on common stock in the foreseeable future. We instead intend to retain earnings, if any, for use in financing growth and additional business opportunities.

Shareholders should further be aware that failure to approve the Amendment will cause us to be unable to meet our obligations to issue shares of common stock upon conversion of the Preferred Shares (if approved by the shareholders) and upon exercise of outstanding options and warrants.

The increase in authorized shares is not being proposed as a means of preventing or dissuading a change in control or takeover of the Company. However, the issuance of the additional shares of common stock in a transaction could have an anti-takeover effect. Additional shares of common stock could be issued (within the limits imposed by applicable law) in one or more transactions that could make a change in control or takeover more difficult. For example, we could issue additional shares for the purpose of diluting the stock ownership or voting rights of persons seeking to obtain control of the Company. Consequently, the Amendment, if approved, would strengthen the position of the Board of Directors and might make the removal of the Board of Directors more difficult, even if the removal would be generally beneficial to our shareholders. The authorization to issue the additional shares of common stock would provide the Board of Directors with a capacity to negate the efforts of unfriendly tender offerors through the issuance of securities to others who are friendly or desirable to the Board of Directors.

The proposed amendment does not change the terms of our common stock, which does not have preemptive rights. The additional shares of common stock for which authorization is sought will have the same voting rights, the same rights to dividends and distributions, and will be identical in all other respects to the shares of our common stock now authorized.

EFFECTIVE DATE OF THE AMENDMENT.

If the Amendment is approved by the requisite vote of our shareholders, the Amendment will be effective upon the close of business on the date of filing of the Certificate of Amendment of the Articles of Incorporation with the California Secretary of State, which filing is expected to take place shortly after the Special Meeting. However, the exact timing of the filing of the Certificate of Amendment will be determined by the Board of Directors based upon

8

its evaluation as to when such action will be most advantageous to us and our shareholders, and the Board of Directors reserves the right to delay filing the Certificate of Amendment for up to twelve months following shareholder approval thereof. In addition, the Board of Directors reserves the right, notwithstanding shareholder approval and without further action by the shareholders, to elect not to proceed with the Amendment if, at any time prior to filing the Certificate of Amendment, the Board of Directors, in its sole discretion, determines that it is no longer in the best interests of the Company and the shareholders. If this proposal is not approved by the shareholders, then the Certificate of Amendment will not be filed.

BOARD RECOMMENDATION AND VOTE.

The approval of the amendment to the Articles of Incorporation to increase the

Edgar Filing: TARRANT APPAREL GROUP - Form DEF 14A

shares of common stock authorized for issuance from 35,000,000 to 100,000,000 will require the affirmative vote of a majority of our outstanding shares of common stock. The Board of Directors is of the opinion that the Amendment to the Articles of Incorporation is in the best interests of the Company and recommends a vote for the approval of the Amendment. All Proxies will be voted to approve the Amendment unless a contrary vote is indicated on the enclosed Proxy card.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR" THE AMENDMENT TO THE ARTICLES OF INCORPORATION TO INCREASE THE AUTHORIZED SHARES OF COMMON STOCK.

9

ITEM 3: APPROVAL OF EXECUTIVE STOCK OPTION GRANT

Item 3 is the approval of the grant to Barry Aved of options to purchase 400,000 shares of our common stock. The Board of Directors has approved, contingent upon approval by our shareholders at the Special Meeting, the grant of options to purchase 400,000 shares of common stock to Barry Aved, our President. The Board of Directors is submitting the proposal to approve the stock option grant to our President to the shareholders for approval at the Special Meeting.

TERMS OF OPTION GRANT.

The Compensation Committee of our Board of Directors has approved the grant to Barry Aved, our President, of options to purchase 400,000 shares each of the Company's common stock (the "Executive Options"), subject to approval of the Executive Options by the shareholders at the Special Meeting. The exercise price of the Executive Options will be equal to the greater of \$3.65 and the closing price of our common stock on the day the grant is approved by the shareholders. As of November 3, 2003, the closing price of our common stock as reported on the Nasdaq National Market System was \$3.98 per share. So long as Mr. Aved remains employed with the Company, the Executive Options will vest and become exercisable in four installments of 25,000 shares on the first anniversary of the date of grant, and 125,000 shares on each of the second, third and fourth anniversaries of the date of grant. These Executive Options will expire on the tenth anniversary of the date of grant. Mr. Aved has served on our Board of Directors since December 1996, and previously served as our President from September 1999 until March 2000. On September 17, 2003, Mr. Aved was appointed as our President. The Executive Options are granted to Mr. Aved in consideration of his services as President of the Company.

REASON FOR THE PROPOSAL.

Our common stock is listed on the Nasdaq Stock Market's National Market System. The continued listing requirements of the Nasdaq Stock Market's National Market System generally require us to obtain shareholder approval prior to the issuance of a stock option or stock purchase plan pursuant to which stock may be acquired by officers, directors, employees or consultants, subject to certain limited exceptions. Therefore, in order to remain in compliance with the Nasdaq listing standards, we may not grant the Executive Options unless and until the grant has been approved by our shareholders. If the shareholders do not approve the Executive Options at the Special Meeting, the Executive Options will not be granted. The Company believes it is in the best interest of the Company and its shareholders for the shareholders to approve the Executive Options so that the options will be issued.

UNITED STATES FEDERAL INCOME TAX CONSEQUENCES.

Edgar Filing: TARRANT APPAREL GROUP - Form DEF 14A

The following is a general discussion of the principal federal income tax consequences of the Executive Options grant.

CONSEQUENCES TO OPTIONEES. The optionee will recognize no income at the time Executive Options are granted. In general, at the time shares are issued to the optionee pursuant to exercise of the Executive Options, the optionee will recognize income taxable at ordinary income tax rates equal to the excess of the fair market value of the shares on the date of exercise over the exercise price of such shares. The optionee will recognize gain or loss on the subsequent sale of shares acquired upon exercise of the Executive Options in an amount equal to the difference between the selling price and the tax basis of the shares, which will include the price paid plus the amount included in the optionee's taxable income by reason of the exercise of the Executive Options. Provided the shares are held as a capital asset, any gain or loss resulting from a subsequent sale will be short-term or long-term capital gain or loss depending upon the length of time the shares have been held.

CONSEQUENCES TO COMPANY. We generally will be entitled to a deduction for United States federal income tax purposes in the same year and in the same amount as the optionee is considered to have recognized income taxable at ordinary income tax rates in connection with the exercise of Executive Options. In certain instances, we may be denied a deduction for compensation attributable to the Executive Options granted to an optionee to the extent that such compensation exceeds \$1 million in a given year.
