Based on the historical performance of our molded recycled rubber products operations our Board of Directors determined it to be in the best interests of shareholder value to exit this business and to devote all corporate resources to advancing our American Power Group's dual fuel conversion business. On March 8, 2011, our Board adopted a plan to commence an immediate effort to identify potential buyers for our molded recycled rubber products business and/or evaluate other strategic alternatives.

Revenues for the three months ended March 31, 2011 increased approximately \$.66 million to \$.91 million as compared to approximately \$.25 million for the three months ended March 31, 2010. The increase is primarily attributable to a \$.42 million increase in revenue associated with our dual fuel subsidiary and a \$.24 million increase at our molded rubber recycled products subsidiary.

Revenues for the six months ended March 31, 2011 increased approximately \$1 million to \$1.7 million as compared to approximately \$.69 million for the six months ended March 31, 2010. The increase is primarily attributable to a \$.72 million increase in revenue associated with our dual fuel subsidiary and a \$.30 million increase at our molded rubber recycled products subsidiary.

We anticipate reporting a net loss from continuing operations of approximately \$2.3 million and \$3.8 million, including a \$.45 million non-cash impairment and inventory valuation reserve loss associated with the molded recycled rubber products subsidiary for the three and six months ended March 31, 2011, respectively. This is in comparison to a net loss from continuing operations of approximately \$1.7 million and \$3.3 million for the three and six months ended March 31, 2010, respectively.

In addition, as a result of the operating losses incurred during the reporting periods, we anticipate reporting a working capital deficiency of approximately \$1.86 million at March 31, 2011 as compared to a working capital deficiency of approximately \$1.04 million at September 30, 2010.
