BOS Receives Over \$1.5 Million of Orders from a Major Israeli Customer for a Components Supply Chain Program

BOS Expects Delivery of Most of the Orders during 2007
BOS was chosen to provide the entire supply chain for this customer

Rishon Lezion, Israel (PR NEWS WIRE) May 9, 2007 - **B.O.S. Better Online Solutions Ltd.** (BOS or the Company) (NASDAQ: BOSC; TASE: BOSC), announced today that its subsidiary, Odem Technologies 1992 Ltd. (Odem), received orders from a major Israeli customer for a components supply chain program. These orders amount to over \$1.5 million, and most of them are anticipated to be supplied during 2007.

The orders were received under a program of a complete components supply chain solution now offered by Odem to its customers. This program accommodates the preference of hi-tech customers to work with a limited number of suppliers that will be able to provide a comprehensive solution to their needs, covering the entire variety of components.

Shmuel Koren, BOS's President & CEO said: These new orders signify an important quantitative and strategic achievement for BOS, as we continue to enhance our long term relationships with our customers. It's the first time that we provide the entire supply chain for this leading customer, and this reflects our competitive edge in the electronic components market.

Avidan Zelicovsky, Odem's CEO and Head of BOS's RFID & Electronic components Division commented: We are very pleased with the success of our supply chain program in which we have invested substantial management and capital resources. Furthermore, based on this customer's preliminary indications, we believe that we can expect to receive follow on orders under this program.

About BOS

B.O.S Better Online Solutions Ltd. (BOS) was established in 1990. Through its wholly owned subsidiaries, BOS's activities are focused on two segments:
