Edgar Filing: PARTNER COMMUNICATIONS CO LTD - Form 6-K

All the nine (9) directors listed below will terminate their office as directors of the Company as of the end of the AGM. It is proposed that these directors be re-elected until the close of the next annual general meeting, unless their office becomes vacant earlier in accordance with the provisions of the Israeli Companies Law and the Company's Articles of Association. ITEM 5 APPROVAL OF A SPECIAL RETIREMENT BONUS FOR, AND PAYMENT FOR A NON-COMPETE UNDERTAKING FROM, MR. AMIKAM COHEN UPON HIS LEAVING THE COMPANY

The Compensation Committee, the Audit Committee and the Board of Directors respectively approved the payments of a special retirement bonus to, and for a non-compete undertaking from, Mr. Amikam Cohen, the Company's former CEO, upon his leaving the Company. Due to the fact that Mr. Cohen has been associated with the Company's controlling party in discussions on a possible co-venture, these payments are brought to the shareholders for approval hereunder in abundance of caution as if these payments were an extraordinary transaction in which the Company's controlling party has a personal interest.

Mr. Amikam Cohen was the founding CEO of the Company. Under his leadership, the Company quickly took the major share of the cellular market growth from its launch of services. From the position of a third player in a relatively well-served market, the Company became a market leader with a superb network, award winning customer service and the best brand in the telecom market (rated the second strongest brand in the entire consumer market). Mr. Cohen was responsible for taking the Company from a start-up company to a highly respected market leader with a market cap of approximately US\$ 2.5 billion as at January 2007.

The grant of the special retirement bonus to Mr. Cohen is in the Company's view a most appropriate reward for his outstanding efforts and personal contribution to the growth of the Company, to its esteemed position and to the creation of tremendous value for its shareholders. The granting of retirement bonuses by the Company to reward special performances is beneficial to the Company in that it would encourage the Company's senior officers to develop and enhance the Company's business and also would encourage top managers to join the Company. Both objectives are key to maintaining the Company's leading position in the market. In relation to the non-compete undertaking, in view of Mr. Cohen's special and unique abilities, it is in the Company's interests to ensure that he is bound by a non-compete undertaking for several years from his leaving the Company.

The Special Retirement Bonus. Following a number of discussions and resolutions of the Compensation Committee and of the Audit Committee, each of the Compensation Committee, the Audit Committee and the Board of Directors unanimously resolved, due to the outstanding performance of the Company under Mr. Cohen's leadership and the exceptional performance of Mr. Cohen as CEO and having regard to the benefits to the Company of this payment, and considering available market data for payments of such kind regarding CEO compensation upon retirement:

to approve, and to recommend to the shareholders to approve, a special retirement bonus (the **Special Retirement Bonus**), in the amount of U.S. \$3.65 million. No conditions are imposed on the payment of the Special Retirement Bonus; and

that the Special Retirement Bonus is reasonable and in the best interest of the Company.

Non-Compete Undertaking. Following extensive discussions of the Compensation Committee and of the Audit Committee and upon their approval and recommendation, the Board of Directors on July 31, 2007, unanimously resolved to enter into an agreement with Mr. Cohen for his non-compete undertaking for a period of 2.5 years, commencing from the date of shareholders approval of the non-compete resolution below for the payment equal to U.S. \$600,000 payable in five equal installments at the end of each six-month period. The amount was calculated based on Mr. Cohen's last annual salary and benefits.

Edgar Filing: PARTNER COMMUNICATIONS CO LTD - Form 6-K

As Mr. Cohen was Partner's first CEO, there is no precedent in the Company for obtaining a non-compete undertaking from a prior CEO at the end of the employment term.

Mr. Cohen is neither receiving additional consideration from a corporation controlled by the Company nor, to the Company's knowledge, from the Company's controlling party. The Compensation Committee, the Audit Committee and the Board of Directors of Partner have noted that Mr. Cohen has been associated with Partner's controlling party in discussions on a possible co-venture outside the communications arena and that the controlling party is reimbursing the business expenses of Mr. Cohen in connection with that possible venture since Mr. Cohen's cessation with the Company on 1 April 2007. Because of this relationship, it is for the sake of caution noted that a majority of the Board members might be considered as having a personal interest in the resolutions, by virtue of being office holders of the controlling party of the Company or being nominated to the Board of Directors on the controlling party's behalf. Following resolutions of the Compensation Committee, the Audit Committee and the Board of Directors, it is proposed that at the AGM the following resolutions be adopted:

RESOLVED,

- (i) To approve the Special Retirement Bonus to be paid to Mr. Amikam Cohen in the amount of U.S. \$3.65 million; and
- (ii) To enter into an agreement for the undertaking of Mr. Cohen not to compete with the Company for 2.5 years commencing from the date of shareholders approval of this resolution, for the payment by the Company of an amount equal to U.S. \$600,000. This amount shall be divided into five equal installments, payable at the end of each six-month period following the shareholders approval of this resolution.
- (iii) These resolutions are reasonable and in the best interest of the Company.

The affirmative vote of the holders of a majority of the Ordinary Shares present in person or by proxy, and voting on the matter is required for the approval of these resolutions; provided, that one of the following conditions is fulfilled: (i) the majority of votes in favor of the matter shall include at least one-third of the votes of shareholders not having Personal Interest (as defined in the Israeli Companies Law) in the approval of the transaction, which votes shall not include abstaining votes or; (ii) the total objecting votes of the shareholders mentioned in clause (i) does not exceed 1% of the total voting rights in the Company.

A shareholder shall notify the Company at the address above at least two business days prior to the date of the AGM, whether he has a personal interest in these resolutions or not, as a condition for his right to vote and be counted with respect to such resolutions. A shareholder voting, by means of a Deed of Vote, may include his notice with regard to his personal interest on the Deed of Vote (to be submitted to the Company at least seventy two hours prior to the time of the AGM).

**The Board of Directors recommends a vote FOR approval
of these proposed resolutions.**

ITEM 6 APPROVAL AND RATIFICATION AS A "FRAMEWORK TRANSACTION" OF THE PURCHASE OF HANDSETS AND OTHER DEVICES UNDER THE HANDSET SUPPLY AGREEMENT WITH H3G PROCUREMENT SERVICES S.a.R.L., A SUBSIDIARY OF THE COMPANY'S CONTROLLING PARTY

The Audit Committee approved on January 29, 2007 and ratified on July 29, 2007 and the Board of Directors approved and ratified on July 31, 2007, a handset supply agreement (the **Handset Supply Agreement**), entered into on March 27, 2007, with H3G Procurement Services S.à.R.L. (**H3G PS**), an indirect wholly-owned subsidiary of Hutchison Whampoa Limited (**HWL**). Partner is an indirect non-wholly owned subsidiary of Hutchison Telecommunications International Limited, which is an indirect non-wholly owned subsidiary of HWL. Therefore, for the sake of caution, the transaction with H3G PS shall be considered as if it was an extraordinary transaction in which a controlling party has a personal interest.

According to the Handset Supply Agreement Partner may, from time to time, with effect from January 1, 2007 and for an initial period of three years, elect to purchase handsets or other devices relating to the 3G business of Partner (the **Handsets**) from H3G PS for the purpose of Partner's 3G business, on the terms and conditions set out in the Handset Supply Agreement.

H3G PS will invite Partner from time to time to purchase Handsets by the issue of a price list, setting out inter alia the Handset models, the unit prices and delivery lead times. Partner may offer to purchase Handsets from H3G PS from time to time, by submitting a detailed delivery document to H3G PS, or by such other means notified from time to time by H3G PS to the affiliates (as defined in the Handset Supply Agreement, the **Affiliates**) of H3G PS. The submission of a detailed delivery document by Partner shall constitute an irrevocable commitment by Partner to purchase the quantity of Handsets requested therein. H3G PS shall confirm its acceptance of Partner's detailed delivery document by the issue of the consolidated detailed delivery documents (or by such other means notified from time to time by H3G PS to the H3G PS Affiliates), which have been agreed with the relevant vendors. To the extent that H3G PS has entered into binding commitments with a vendor on the basis of forecasts (or other means) issued by Partner, and Partner wishes to reduce the quantity of Handsets, H3G PS shall endeavor to ensure that the relevant vendors agree to reduce the committed quantities but if this cannot be achieved, Partner shall be required to meet its volume commitment unless otherwise agreed with H3G PS.

The sale and purchase of Handsets is subject to substantially the same terms and conditions as the sale and purchase of handsets under the relevant agreement between H3G PS and the relevant vendor (excluding unit prices, which shall be as specified in the price lists issued by H3G PS, as detailed below), mutatis mutandis, so that references to the vendor under the relevant vendor agreement shall, under the Handset Supply Agreement, be deemed to be references to H3G PS, and references to H3G PS under the vendor agreement shall, under the Handset Supply Agreement, be deemed to be references to Partner.

Edgar Filing: PARTNER COMMUNICATIONS CO LTD - Form 6-K

The Handset unit prices specified in the price list shall be substantially the same as the average unit price charged by the vendors to H3G PS, and may include an additional amount which is primarily attributable to the costs incurred by H3G PS in procuring and testing the Handsets, and in product, technical vendor management generally. As said additional amount (if any) cannot be quantified at this time, Partner's Audit Committee and Board of Directors have respectively resolved that Partner will not purchase Handsets in a transaction under the framework of the Handset Supply Agreement in which H3G PS or any of its affiliates is paid a mark-up or other additional payment, which payment will exceed, on an aggregate basis for all transactions under the Handset Supply Agreement during the years 2007-2009, 2% (two percent) of the aggregate gross price of the Handsets purchased by Partner under the Handset Supply Agreement during such period.

Pursuant to the Handset Supply Agreement, H3G PS's liability to Partner for breach of the Handset Supply Agreement relating to the sale and purchase of Handsets shall be generally limited to the amount recovered by H3G PS from the vendor or from another H3G PS Affiliate. H3G PS is generally not liable to Partner under the Handset Supply Agreement, in negligence or otherwise for damages, expenses, legal and other costs, if attributable to any failure by a vendor or any other H3G PS Affiliate.

Partner is generally obliged to indemnify H3G PS against costs and certain product liability expenses incurred by H3G PS to a vendor or any other H3G PS Affiliate, due to Partner's performance, or failure to perform any of its obligations under the Handset Supply Agreement or for any product liability expenses which would be attributable to Partner, if Partner were purchasing the Handsets directly from the vendor. Partner may be responsible only for Partner's own performance of its obligations and will not be liable for the performance of any obligations of any other H3G PS Affiliate. Partner's liability to H3G PS for breach of the Handset Supply Agreement, is limited to any amount suffered or incurred by H3G PS as a result of such breach or which is attributable to such breach.

The Handset Supply Agreement shall continue in force for an initial period of three years and thereafter shall automatically renew on each third anniversary for three successive periods of three years. The Handset Supply Agreement may be terminated by giving no less than 120 days advance written notice, which shall take effect no earlier than December 31, 2009. The Handset Supply Agreement is non-exclusive and Partner has the right to choose other suppliers, in the event that better sales terms to Partner are provided by independent suppliers. The Handset Supply Agreement gives Partner the right but not the obligation to purchase Handsets from H3G PS following review of the specific transactions by Partner.

Partner estimates that it will not purchase Handsets under the Handset Supply Agreement during the three financial years ending December 31, 2009 in amounts that will exceed in the aggregate U.S. \$ 82.0 million (U.S. \$ 29.5 million, U.S. \$ 25.1 million and U.S. \$ 27.4 million, for the years 2007, 2008 and 2009, respectively) and that the purchase of Handsets under the Handset Supply Agreement will not exceed in the aggregate 14% of Partner's total purchase of Handsets for the years 2007-2009. Such annual estimates were proposed by reference to the existing scale and operations of 3G businesses of Partner, the prevailing and expected market conditions, projected product lives and demand, expected mobile phone penetration in the population, expected growth in subscribers, network expansion and changes in handset technology in the relevant market in Israel in the three years ending December 31, 2009.

Edgar Filing: PARTNER COMMUNICATIONS CO LTD - Form 6-K

The Audit Committee and the Board of Directors of Partner have noted the personal interest of HWL, approved the entry by Partner into the Handset Supply Agreement and that it is in the best interests of Partner, as it enables Partner without commitment, to secure, through the centralization of procurement of H3G PS, the benefits brought about by economies of scale, enhancing the profitability of Partner. It is noted that in parallel to Partner, other affiliates of H3G PS may gain benefits through the centralization of procurement of H3G PS and thus the Company's controlling party may be gaining indirect benefits as well.

Following resolutions of the Audit Committee and the Board of Directors it is proposed that at the AGM the following resolutions be adopted:

- (i) **Resolved**, that the Handset Supply Agreement entered into on March 27, 2007, with H3G Procurement Services S.à.R.L., is hereby approved and ratified as a framework transaction. Accordingly, Partner may, from time to time, with effect from January 1, 2007, and for an initial period of three years, elect to purchase handsets or other 3G related devices from H3G Procurement Services S.à.R.L., on the terms and conditions set out in the Handset Supply Agreement and up to an aggregate amount equal to U.S.\$ 82 million (eighty two million U.S. dollars). Each transaction under the framework of the Handset Supply Agreement will be examined individually by the Audit Committee of the Company and approved as required by law. When approving such transaction, the Audit Committee (and, if required, the Board of Directors) shall examine and approve that such transaction is in the best interests of the Company and that such transaction complies with the following conditions: it is (i) on market terms or on terms better than market terms from Partner's perspective; (ii) in the Company's ordinary course of business; and (iii) not containing a mark-up or other additional payment to H3G PS or any of its affiliates, which exceeds, on an aggregate basis for all transactions under the Handset Supply Agreement during the years 2007-2009, 2% (two percent) of the aggregate gross price of the Handsets purchased by Partner under the Handset Supply Agreement during such period; and
- (ii) **Resolved**, that these resolutions are in the best interest of the Company.

The affirmative vote of the holders of a majority of the Ordinary Shares present in person or by proxy, and voting on the matter is required for the approval of these resolutions; provided, that one of the following conditions is fulfilled: (i) the majority of votes in favor of the matter shall include at least one-third of the votes of shareholders not having a Personal Interest (as defined in the Israeli Companies Law) in the approval of the transaction, which votes shall not include abstaining votes or; (ii) the total objecting votes of the shareholders mentioned in clause (i) does not exceed 1% of the total voting rights in the Company.

A shareholder shall notify the Company at the address above at least two business days prior to the date of the AGM, whether he or she has a personal interest in the resolution or not, as a condition for his or her right to vote and be counted with respect to such resolution. A shareholder voting, by means of a Deed of Vote, may include his or her notice with regard to his or her personal interest on the Deed of Vote (to be submitted to the Company at least seventy two hours prior to the time of the AGM).

**The Board of Directors recommends a vote FOR approval
of this proposed resolution.**

RESTRICTIONS ON VOTING RIGHTS

Partner conducts its operations pursuant to licenses granted to Partner by the Minister of Communications of the State of Israel. Partner's Articles of Association and, with respect to shareholders other than shareholders of Partner prior to its public offering, Partner's License contain provisions that may cause the suspension of voting rights of the holders of Ordinary Shares or ADSs if such voting rights would breach the ownership limits contained in the License. These limits prohibit the transfer or acquisition of 10% or more of Partner's means of control and acquisition of control of the Company without the consent of the Minister of Communications in Israel, and restrict cross-control and cross-ownership of other mobile telephone operators in Israel, and shareholdings and agreements which may reduce or harm competition. Ordinary Shares or Ordinary Shares represented by ADSs held in breach of these limits may be considered as dormant shares. Notwithstanding anything to the contrary in this Proxy Statement, dormant shares will not bear any rights to which the holders would otherwise be entitled, other than the right to receive dividends and other distributions to shareholders (including the right to participate in rights offerings). Specifically, the holders of dormant shares will not have voting rights with respect to their dormant shares, nor will they have the right to participate in general meetings of shareholders.

Any shareholder seeking to vote at the AGM must notify the Company prior to the vote, or, if the vote is by Deed of Vote, must so indicate on the Deed of Vote, if any of the shareholder's holdings in Partner or the shareholder's vote requires the consent of the Minister of Communications due to a breach by the shareholder of the restrictions on the transfer or acquisition of means of control or acquisition of control of Partner, or the provisions regarding cross-ownership or cross-control of other mobile telephone operators in Israel, in each case as specified in Sections 21 and 23 of Partner's License (a translation of Sections 21-24 of the License is attached hereto as **Annex C**). If a shareholder does not provide such notification, the shareholder shall not vote and, if the shareholder has voted, his or her vote shall not be counted.

(An Israeli Corporation)
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1 SIGNIFICANT ACCOUNTING POLICIES:

a. General:

Nature of operations:

- 1) Partner Communications Company Ltd. (the Company) operates a mobile telecommunications network in Israel. The Company launched its 3G network on December 1, 2004. As of April 20, 2005, the Company is a subsidiary of Hutchison Telecommunications International Limited (HTIL).
- 2) The Company was incorporated on September 29, 1997, and operates under a license granted by the Ministry of Communications to operate a cellular telephone network for a period of 10 years beginning April 7, 1998. The Company commenced full commercial operations on January 1, 1999.

The Company paid a one-time license fee of approximately new Israeli shekels (NIS) 1.6 billion which is presented under license, deferred charges and other intangible assets . The Company is entitled to request an extension of the license for an additional period of six years and then renewal for one or more additional six year periods. Should the license not be renewed, the new license-holder is obliged to purchase the communications network and all the rights and obligations of the subscribers for a fair price, as agreed between the parties or as determined by an arbitrator.

In December 2001, the Company was awarded additional spectrum (2G band (1800MHz) and third generation (3G) UMTS band (1900MHz and 2100MHz)). Following the award of the above spectrum, the Company s license was amended and extended through 2022.

In consideration for the above additional spectrum the Company paid NIS 180 million for the 2G spectrum, and NIS 220 million for the 3G spectrum.

Under the terms of the amended license, the Company provided a guarantee in NIS equivalent of \$ 10 million to the State of Israel to secure the Company s adherence to the terms of the license.

On August 14, 2006 the Company was awarded a temporary license from the Ministry of Communications for the offering of transmission services. The validity of the temporary license is the later of July 31, 2007 and the awarding of a special general license for domestic fixed services to a corporation under the Company s control. During the year the Company paid a total amount of NIS 300,000 in respect of this license. On January 15, 2007 the license was awarded to Partner Land-Line Communication Solutions a limited Partnership under the Company s control. An additional NIS 700,000 was paid upon the Company s receipt of the license. The temporary transmission services license will be converted into the special general license for domestic fixed services by July 2007. The license is for a period of 20 years.

- 3) On July 3, 2006 the Company acquired MED I.C-1 (1999) Ltd. (Med 1) transmission activity including 900 kilometers of transmission fiber for approximately NIS 71 million (\$ 16.8 million) in cash. The Company purchased Med-1 transmission network to lower it s transmission expenses and to have the ability to provide its customers with additional services. As of July 3, 2006 the transmission activity has been included in the financial results.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)

NOTE 1 SIGNIFICANT ACCOUNTING POLICIES (continued):

The Company has adopted Financial Accounting Standards SFAS No. 141, Business Combinations. In accordance with the FAS when a corporation and one or more incorporated or unincorporated businesses are combined into one entity, the purchase price paid by an acquiring entity should be allocated to the identifiable individual assets acquired and liabilities assumed based on their fair values, with the remaining unallocated purchase price recorded as goodwill.

The fair value of the acquisition was NIS 106 million. In accordance with SFAS 141, since the fair value exceeds the purchase price, the excess of fair value over the purchase price was allocated pro-rata between the acquired tangible and intangible assets.

The Company allocated the purchase price paid for Med 1 s transmission activity as follows (see also note 1: e, f):

	NIS in thousands	Estimated Remaining Useful Life
Fixed assets	52,632	10 years
Customer Relationships with Carriers	10,669	7 years
Customer Relationships with Business Customers	7,824	5 years
	<u>71,125</u>	

Use of estimates in the preparation of financial statements

The preparation of financial statements in conformity with generally accepted accounting principles (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the dates of the financial statements and the reported amounts of revenues and expenses during the reporting years. Actual results could differ from those estimates.

Functional currency and reporting currency

The functional currency of the Company and its subsidiary is the local currency New Israeli Shekels NIS. The consolidated financial statements have been drawn up on the basis of the historical cost of Israeli currency and are presented in NIS.

Convenience translation into U.S. dollars (dollars or \$)

The NIS figures at December 31, 2006 and for the period then ended have been translated into dollars using the representative exchange rate of the dollar at December 31, 2006 (\$1 = NIS 4.225). The translation was made solely for convenience. The translated dollar figures should not be construed as a representation that the Israeli currency amounts actually represent, or could be converted into, dollars.

Accounting principles

The consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States (U.S. GAAP).

The Company determines its allowance for inventory obsolescence and slow moving inventory, based upon expected inventory turnover, inventory aging and current and future expectations with respect to product offerings.

d. Non-marketable securities

These investments are stated at cost, less provision for impairment losses. The balance of these investments are fully impaired.

e. Fixed assets:

- 5) Fixed assets leased by the Company under capital leases are classified as the Company's assets and are recorded, at the inception of the lease, at the lower of the asset's fair value or the present value of the minimum lease payments.

e. Fixed assets (continued):

6) Computer Software Costs

The cost of internal-use software is capitalized in accordance with Statement of Position (SOP) No. 98-1, Accounting for the Costs of Computer Software Developed or Obtained for Internal Use. Subsequent additions, modifications or upgrades to internal-use software are capitalized only to the extent that they allow the software to perform a task it previously did not perform. Software maintenance and training costs are expensed in the period in which they are incurred. Capitalized computer software costs are amortized using the straight-line method over a period of 3 to 7 years.

f. License, deferred charges and other intangible assets:

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)

NOTE 1 SIGNIFICANT ACCOUNTING POLICIES (continued):

g. Impairment of long-lived assets

The Company has adopted Statement of Financial Accounting Standards No. 144 (FAS 144), Accounting for the Impairment or Disposal of Long-Lived Assets. FAS 144 requires that long-lived assets, including certain intangible assets, to be held and used by an entity be reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of the assets may not be recoverable. Under FAS 144, if the sum of the expected future cash flows (undiscounted and without interest charges) of the long-lived assets is less than the carrying amount of such assets, an impairment loss would be recognized, and the assets written down to their estimated fair values.

h. Cash equivalents

The Company considers all highly liquid investments, which include short-term bank deposits (up to 3 months from date of deposit) that are not restricted as to withdrawal or use, to be cash equivalents.

i. Comprehensive income

The Company has no comprehensive income components other than net income.

j. Revenue recognition

Revenues from services primarily consist of charges for airtime, roaming and value added services provided to the Company's customers, are recognized upon performance of the services, net of credits and adjustments for services discounts. Revenues from pre-paid calling cards are recognized upon customer's usage of the cards. Revenues from sale of handsets and accessories are recognized upon delivery and the transfer of ownership to the subscriber.

Revenues from long-term credit arrangements (longer than one year) are recognized on the basis of the present value of future cash flows, discounted according to interest rates at the time of the transaction. The difference between the original credit and its present value is recorded as interest income over the credit period.

Emerging Issues Task Force (EITF) Issue 00-21, Revenue Arrangements with Multiple Deliverables addresses the accounting, by a vendor, for contractual arrangements in which multiple revenue-generating activities will be performed by the vendor. EITF Issue 00-21 addresses when and, if so, how an arrangement involving multiple deliverables should be divided into separate units of accounting. Based on EITF 00-21, the Company determined that the sale of handsets with accompanying services constitutes a revenue arrangement with multiple deliverables. Accordingly consideration received for handsets, up to their fair value, that is not contingent upon the delivery of additional items (such as the services), is recognized as equipment revenues, when revenue recognition criteria for the equipment as stated above are met. Consideration for services is recognized as services revenues, when earned.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)

NOTE 1 SIGNIFICANT ACCOUNTING POLICIES (continued):

k. Concentration of credit risks allowance for doubtful accounts

The Company's revenues are derived from a large number of customers. Accordingly, the Company's trade balances do not represent a substantial concentration of credit risk.

An appropriate provision for doubtful accounts is included in the accounts of the Company. The allowance charged to expenses (including bad debts), determined as a percentage of specific debts doubtful of collection, based upon historical experience, for the years ended December 31, 2004, 2005 and 2006 totaled NIS 21,256,000, NIS 28,739,000 and NIS 26,470,000 (\$ 6,265,000) (see note 12a), respectively.

The cash and cash equivalents as of December 31, 2006 are deposited mainly with leading Israeli banks. Therefore, in the opinion of the Company, the credit risk inherent in these balances is remote.

During 2004, the Company factored most of its long-term trade receivables resulting from sales of handsets. The factoring was made through clearing companies, on a non-recourse basis. The sale of accounts receivable was recorded by the Company as a sales transaction under the provisions of Statement of Financial Accounting standards No. 140, Accounting for Transfers and Servicing of Financial Assets and Extinguishments of Liabilities. The resulting costs were charged to financial expenses-net, as incurred. During the years ended December 31, 2004 and 2005, the Company factored NIS 331,611,000 and NIS 7,834,000, respectively, from long-term trade receivables.

l. Handsets warranty obligations

The provision for handsets warranty obligations is calculated at the rate of 1.0%-3.5% of the cost of the handsets sold, see note 12c. The Company has entered into several agreements under which the supplier does not provide any warranty but rather provides additional handsets to satisfy its warranty obligation. In these cases, the Company provides for warranty costs at the same time as the revenues are recognized.

m. Advertising expenses

Advertising expenses are charged to the statement of operations as incurred. Advertising expenses for the years ended December 31, 2004, 2005 and 2006 totaled NIS 115,909,000, NIS 97,651,000 and NIS 105,035,000 (\$ 24,860,000), respectively.

n. Deferred income taxes

Deferred taxes are determined utilizing the asset and liability method, based on the differences between the amounts presented in these financial statements and those taken into account for tax purposes, in accordance with the applicable tax laws. Valuation allowances are provided if, based upon the weight of available evidence, it is more likely than not that some or all of the deferred tax assets will not be realized (see note 9d).

Deferred tax assets and liabilities are presented as current or long-term items in accordance with the nature of assets or liabilities to which they relate.

Deferred tax assets in respect of carryforward tax losses are presented as current or long-term assets, according to their expected utilization date.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)

NOTE 1 SIGNIFICANT ACCOUNTING POLICIES (continued):

o. Foreign currency transactions and balances

Balances in, or linked to, foreign currency are stated on the basis of the exchange rates prevailing at balance sheet dates. For foreign currency transactions included in the statements of operations, the exchange rates at transaction dates are used. Transaction gains or losses arising from changes in the exchange rates used in the translation of such balances are carried to financial income or expenses.

p. Derivative financial instruments (derivatives)

The Company has adopted FAS 133, as amended, which establishes accounting and reporting standards for derivatives, including certain derivatives embedded in other contracts, and for hedging activities. Under FAS 133, all derivatives are recognized on the balance sheet at their fair value. On the date that the Company enters into a derivative contract, it designates the derivative, for accounting purposes, as: (1) hedging instrument, or (2) non-hedging instrument. Any changes in fair value are to be reflected as current gains or losses or other comprehensive gains or losses, depending upon whether the derivative is designated as a hedge and what type of hedging relationship exists. Changes in fair value of non-hedging instruments are carried to financial expenses-net on a current basis. To date, the Company did not have any contracts that qualify for hedge accounting under FAS 133.

The Company occasionally enters into commercial (foreign currency) contracts in which a derivative instrument is embedded . This embedded derivative is separated from the host contract and carried at fair value when (1) the embedded derivative possesses economic characteristics that are not clearly and closely related to the economic characteristics of the host contract and (2) a separate, stand-alone instrument with the same terms would qualify as a derivative instrument (see note 11).

q. Earning Per Share (EPS)

Basic EPS is computed by dividing net income by the weighted average number of shares outstanding during the years.

Diluted EPS reflects the increase in the weighted average number of shares outstanding that would result from the assumed exercise of employee stock options, calculated using the treasury-stock-method.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)

NOTE 1 SIGNIFICANT ACCOUNTING POLICIES (continued):

r. Stock based compensation

Prior to January 1, 2006 the Company accounted for employee stock based compensation under the intrinsic value model in accordance with Accounting Principles Board Opinion No. 25 Accounting for Stock Issued to Employees (APB 25) and related interpretations. In accordance with FAS 123 Accounting for Stock-Based Compensation (FAS 123), the Company disclosed pro forma data assuming the Company had accounted for employee stock option grants using the fair value-based method defined in FAS 123.

In December 2004, the Financial Accounting Standards Board (FASB) issued the revised Statement of Financial Accounting Standards (FAS) No. 123, Share-Based Payment (FAS 123R), which addresses the accounting for share-based payment transactions in which the company obtains employee services in exchange for (a) equity instruments of the company or (b) liabilities that are based on the fair value of the company s equity instruments or that may be settled by the issuance of such equity instruments .In March 2005, the SEC issued Staff Accounting Bulletin No. 107 (SAB 107) regarding the SEC s interpretation of FAS 123R.

FAS 123R eliminates the ability to account for employee share-based payment transactions using APB Opinion No. 25

Accounting for Stock Issued to Employees , and requires instead that such transactions be accounted for using the grant-date fair value based method. This Statement applies to all awards granted or modified after the Statement s effective date. In addition, compensation cost for the unvested portion of previously granted awards that remain outstanding on the Statement s effective date shall be recognized on or after the effective date, as the related services are rendered, based on the awards grant-date fair value as previously calculated for the pro-forma disclosure under FAS 123.

Compensation expense for outstanding awards for which the requisite service had not been rendered as of the effective date will be recognized over the remaining service period using the compensation cost calculated for pro-forma disclosure purposes under FAS 123.

The Company adopted FAS 123R, as of January 1, 2006, using the modified prospective application transition method, as permitted by FAS 123R. Under such transition method, the Company s financial statements for periods prior to the effective date of FAS 123R (January 1, 2006) have not been restated. The adoption of FAS 123R resulted in a net gain representing the cumulative effect of a change in accounting principle in an amount of approximately NIS 1 million, which reflects the net cumulative impact of estimating future forfeiture in the determination of period expense, rather than recording forfeitures when they occur as previously required.

The fair value of stock options granted with service conditions, was determined using the Black & Scholes valuation model, which is consistent with the Company s valuation techniques previously utilized for options in footnote disclosures required under FAS 123, as amended by FAS No. 148, Accounting for Stock-Based Compensation Transition and Disclosure. Such value is recognized as an expense over the service period, net of estimated forfeitures, using the accelerated method of amortization under FAS 123R.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)

NOTE 1 SIGNIFICANT ACCOUNTING POLICIES (continued):**r. Stock based compensation** (continued)

The estimation of stock awards that will ultimately vest requires significant judgment, and to the extent actual results or updated estimates differ from the Company's current estimates, such amounts will be recorded as a cumulative adjustment in the period those estimates are revised. The Company considers many factors when estimating expected forfeitures, including types of awards, employee class, and historical experience. Actual results, and future changes in estimates, may differ substantially from the Company's current estimates.

The following table illustrates the effect on net income and EPS assuming the Company had applied the fair value recognition provisions of FAS 123 to its stock based employee compensation for the years presented prior to the adoption of FAS 123R:

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)

NOTE 1 SIGNIFICANT ACCOUNTING POLICIES (continued):

s. Asset retirement obligations

FAS 143 Accounting for Asset Retirement Obligations (FAS 143) requires that an asset retirement obligation (ARO) associated with the retirement of a tangible long lived asset be recognized as a liability in the period in which it is incurred and becomes determinable (as defined by the standard), with an offsetting increase in the carrying amount of the associated asset. The cost of the tangible asset, including the initially recognized ARO, is depreciated such that the cost of the ARO is recognized over the useful life of the asset.

The ARO is recorded at fair value, and the accretion expense will be recognized over time as the discounted liability is accreted to its expected settlement value. The fair value of the ARO is measured using expected future cash out flows discounted at the Company's credit-adjusted risk-free interest rate.

The Company is subject to asset retirement obligations associated with its cell sites operating leases. These lease agreements contain clauses requiring restoration of the leased site at the end of the lease term, creating asset retirement obligations, see also note 12d.

t. Recently issued accounting pronouncements:

- 1) In February 2006, the Financial Accounting Standards Board (FASB) issued Statement of Financial Accounting Standards No. 155, Accounting for Certain Hybrid Financial Instruments (SFAS No. 155), which amends SFAS No. 133, Accounting for Derivative Instruments and Hedging Activities (SFAS No. 133) and SFAS No. 140, Accounting for Transfers and Servicing of Financial Assets and Extinguishments of Liabilities (SFAS No. 140). SFAS No. 155 simplifies the accounting for certain derivatives embedded in other financial instruments by allowing them to be accounted for as a whole if the holder elects to account for the whole instrument on a fair value basis. SFAS No. 155 also clarifies and amends certain other provisions of SFAS No. 133 and SFAS No. 140. SFAS No. 155 is effective for all financial instruments acquired, issued or subject to a remeasurement event occurring in fiscal years beginning after September 15, 2006. Earlier adoption is permitted, provided the Company has not yet issued financial statements, including for interim periods, for that fiscal year. The Company does not expect that the adoption of SFAS No. 155 will have a material impact on the Company's results of operations and financial condition.
- 2) In June 2006, the FASB ratified EITF Issue No. 06-03 How Taxes Collected from Customers and Remitted to Governmental Authorities Should Be Presented in the Income Statement (That Is, Gross Versus Net Presentation) (Issue No. 06-03). Under Issue No. 06-03, a company must disclose its accounting policy regarding the gross or net presentation of certain taxes. If taxes included in gross revenues are significant, a company must disclose the amount of such taxes for each period for which an income statement is presented (i.e., both interim and annual periods). Taxes within the scope of this Issue are those that are imposed on and concurrent with a specific revenue-producing transaction. Issue No. 06-03 is effective for the first annual or interim reporting period beginning after December 15, 2006 (as of January 1, 2007 for the Company). The Company's current policy is to recognize revenue net of VAT, accordingly the Company does not expect this new accounting pronouncement to materially effect the Company's results of operations and financial condition and disclosure.

NOTE 1 SIGNIFICANT ACCOUNTING POLICIES (continued):

- 3) In July 2006, the FASB issued Interpretation No. 48 (FIN No. 48), Accounting for Uncertainty in Income Taxes, which clarifies the accounting for uncertainty in income taxes recognized in the financial statements in accordance with FASB Statement No. 109, Accounting for Income Taxes. FIN No. 48 prescribes a two-step process to determine the amount of tax benefit to be recognized. First, the tax position must be evaluated to determine the likelihood that it will be sustained upon examination. If the tax position is deemed more-likely-than-not to be sustained, the tax position is then measured to determine the amount of benefit to recognize in the financial statements. The tax position is measured at the largest amount of benefit that is greater than 50 percent likely of being realized upon ultimate settlement. FIN No. 48 also provides guidance on various related matters such as derecognition, interest and penalties and disclosure. FIN No. 48 is effective for fiscal years beginning after December 15, 2006 (as of January 1, 2007 for the Company). The Company does not expect the adoption of FIN No. 48 to have material impact on the Company's results of operations and financial condition and disclosure.
- 4) In September 2006 the FASB issued SFAS No. 157, Fair Value Measurements (SFAS No. 157), which provides guidance for using fair value to measure assets and liabilities. The standard also responds to investors' requests for more information about (1) the extent to which companies measure assets and liabilities at fair value, (2) the information used to measure fair value, and (3) the effect that fair-value measurements have on earnings. SFAS No. 157 will apply whenever another standard requires (or permits) assets or liabilities to be measured at fair value. The standard does not expand the use of fair value to any new circumstances. SFAS No. 157 is effective for financial statements issued for fiscal years beginning after November 15, 2007, and interim periods within those fiscal years (as of January 1, 2008 for the Company).

The Company is currently evaluating the impact of SFAS No. 157 on the Company's results of operations and financial condition.

- 5) In September 2006, the SEC issued Staff Accounting Bulletin No. 108, Considering the Effects of Prior Year Misstatements when Quantifying Misstatements in Current Year Financial Statements (SAB No. 108). SAB No. 108 provides guidance on the consideration of the effects of prior year misstatements in quantifying current year misstatements for the purpose of a materiality assessment. SAB 108 establishes an approach that requires quantification of financial statement errors based on the effects of each of the company's balance sheet and statement of operations and the related financial statement disclosures. SAB No. 108 permits existing public companies to record the cumulative effect of initially applying this approach in the first year ending after November 15, 2006 by recording the necessary correcting adjustments to the carrying values of assets and liabilities as of the beginning of that year with the offsetting adjustment recorded to the opening balance of retained earnings. Additionally, the use of the cumulative effect transition method requires detailed disclosure of the nature and amount of each individual error being corrected through the cumulative adjustment and how and when it arose. The Company has adopted SAB No. 108. The adoption of SAB No. 108 did not result in corrections of the Company's financial statements.

The Company has a senior credit facility with Bank Hapoalim B.M., Bank Leumi Le-Israel B.M. and Israel Discount Bank Ltd., in which United Mizrahi Bank Ltd. also participates. The facility is divided into two tranches: a \$150 million term loan facility (Facility A) and a \$100 million revolving loan facility (Facility B), both expiring on September 1, 2009. Facility A must be reduced to \$50 million by August 31, 2008. Until February 19, 2007, the facilities were secured by a first ranking floating charge on the Company's assets.

With effect March 1, 2007, the Company reduced Facility A to \$75 million (in addition to an advance of approximately \$25 million carried over from the Company's previous facility, which on balance sheet date, was reduced to \$11 million), and Facility B to \$75 million. As a result, the total maximum availability under the facility is currently approximately \$161 million.

The credit facility is a US dollar denominated facility, and advances may be drawn in US dollars and New Israeli Shekels, as set forth in c below.

NOTE 6 LIABILITY FOR EMPLOYEE RIGHTS UPON RETIREMENT:

- a. Israeli labor laws and agreements require payment of severance pay upon dismissal of an employee or upon termination of employment in certain other circumstances. The Company's severance pay liability to its employees, mainly based upon length of service and the latest monthly salary (one month's salary for each year worked), is reflected by the balance sheet accrual under the liability for employee rights upon retirement. The Company records the liability as if it was payable at each balance sheet date on an undiscounted basis. The liability is partly funded by purchase of insurance policies and the amounts funded are included in the balance sheet under investments and long-term receivables, as funds in respect of employee rights upon retirement. The policies are the Company's assets and under labor agreements, subject to certain limitations, they may be transferred to the ownership of the beneficiary employees.
- b. The severance pay expenses for the years ended December 31, 2004, 2005 and 2006 were approximately NIS 27 million, NIS 24 million and NIS 28 million (approximately \$ 6.6 million), respectively.
- c. Cash flows information regarding the company's liability for employee rights upon retirement:
 - 1. The Company expects to contribute NIS 22 million (\$ 5 million) in respect of severance pay in 2007.
 - 2. Due to the relatively young age of the Company's employees, benefit payments to employees reaching retirement age in the next 10 years, are not material. The amounts were determined based on the employees' current salary rates and the number of service years that will accumulate upon their retirement date. These amounts do not include amounts that might be paid to employees who will cease working for the Company before their normal retirement age.

NOTE 7 COMMITMENTS AND CONTINGENCIES (continued):

At this stage, and until the claim is recognized as a class action, the Company and its legal council are unable to evaluate the probability of success of such claim, and therefore no provision has been made.

In addition the Company and its legal council are of the opinion that even if the request to recognize this claim as a class action is granted, and even if the plaintiff's arguments are accepted, the outcome of the claim will be significantly lower than the abovementioned amount.

- 2) On April 13, 2003, a claim was filed against the Company and other cellular telecommunication companies, together with a request to recognize this claim as a class action, for alleged violation of antitrust law, alleging that no fee should have been collected for incoming SMS messages or alternatively, that the fee collected is excessive and that it is a result of illegal co-operation between the defendants. The amount of the claim against all the defendants is estimated at approximately NIS 90 million (or according to the claimant's response NIS 100 million per year until 1.3.2005). The Company filed its response on October 1, 2003. The claimants have filed their response to the Company's response on July 12, 2005. One of the respondents to the certification motion filed a motion to dismiss the documents attached to the plaintiff's response from the court's file (to which motion the Company concurred) and the Court granted this motion. The plaintiffs have filed a motion to grant leave to appeal this decision, which is now pending before the Supreme Court.

At this stage, and unless and until the claim is recognized as a class action, the Company and its legal council are unable to evaluate the probability of success of such claim, and therefore no provision has been made.

- 3) During the year 2006, claims were filed against the Company and other cellular telecommunication companies and, in one of the claims, also against land line telecommunication companies, together with a request to recognize these claims as a class action for collects undue payment from its customers on calls to land line companies when the receiver of the call hangs up first. The plaintiffs maintain that the Company should stop charging its customers when the land line operator subscriber hangs up, while in fact the cellular company continues to charge until the initiator of the call (the Company subscriber) hangs up. The amount of the claims against all the defendants is estimated, in one of the claims at approximately NIS 100 million for the seven year period leading up to the filing of the claim; and in the other claim the amount of the claim against the Company together with land line companies at approximately NIS 53 million. At this stage, and until the claims are recognized as class actions, the Company and its legal council are unable to evaluate the probability of success of such claims and therefore no provision has been made.
- 4) In August 2006 the Company, together with the other cellular operators (hereinafter together the petitioners), submitted a request to hold an urgent hearing, and a motion for an order nisi against the Government of Israel and the Minister of Communications to explain why they do not act immediately to postpone the date for implementing and activating the number portability plan from September 1, 2006, as provided in the Communications law (Bezeq and Broadcasts) 1982 (the Communications Law).

In the motion it is contended that none of the relevant holders of Communication licenses in Israel can meet the time schedules provided in the Communications Law, so that all the holders of these licenses in Israel, including the petitioners, might as from September 1, 2006 unwillingly face claims of violation of the Communications Law and the license. The Company estimates that it will be ready to implement the number portability plan by the end of 2007.

NOTE 7 COMMITMENTS AND CONTINGENCIES (continued):

On January 25, 2007 a claim of NIS 10.61 billion, together with a request for a certification as a class action, were filed against the Company and against Bezeq - The Israeli Telecommunication Co. Ltd., Hot Cable Systems Media Ltd., Cellcom Israel Ltd., Pelephone Communications Ltd.

The claim is that the defendants have not implemented number portability and are in violation of the Communication Law, mandating the implementation of telephone number portability on September 1, 2006. It is claimed that the defendants are thus harming the claimants and consumers of telephone services in general.

The claimants are demanding NIS 1,000 for each customer and relate to the Company (a total of 2,626,000 customers). The claimants reserve their right to increase the amount of the lawsuit as long as the claimed violation continues.

At this stage, and unless and until the claim is recognized as a class action, the Company and its legal council are unable to evaluate the probability of success of such claim, and therefore no provision has been made.

- 5) On February 27, 2007, a claim was filed against the Company and two other cellular telecommunication companies together with a request to recognize this claim as a class action. The claim is for sums that were allegedly overcharged in breach of the Company licenses, based on intervals larger than the intervals the defendants were allegedly authorized to charge under their licenses, for calls initiated or received by the subscribers while abroad. If the lawsuit is classified as a class action, the total amount claimed from the defendants is estimated by the plaintiffs to be approximately NIS 449 million, of which, approximately NIS 88 million, is attributed to the Company.

At this stage, and until the claim is recognized as a class action, the Company and its legal council are unable to evaluate the probability of success of such claim, and therefore no provision has been made.

- 6) During the year 2006 and until the balance sheet date some more claims were filed against the Company in various subjects, together with a request to recognize these claims as class actions. The total amount of the claims against the Company is estimated at approximately NIS 143 million.

At this stage, and until the claims are recognized as a class action, the Company and its legal council are unable to evaluate the probability of success of such claims and therefore no provision has been made.

- 7) The Company does not have building permits for many of its cell sites and as a result is involved in numerous legal actions (including criminal proceedings against officers and directors) relating to this issue.

Most of these proceedings have been settled under plea bargain arrangements, whereby the Company has paid fines of insignificant amounts.

Management, based upon current experience and the opinion of legal counsel, does not believe that these legal actions will result in significant costs to the Company. The accounts do not include a provision in respect thereof.

NOTE 7 COMMITMENTS AND CONTINGENCIES (continued):

- 8) Section 197 of the Building and Planning Law states that a property owner has the right to be compensated by a local planning committee for reductions in property value as a result of a new building plan.

In January 2006, the Non-ionizing Radiation Law was published, amending the Planning and Building Law so that local Planning and Building committees must require indemnification letters against reduction in property value from the cellular operators requesting building permits.

Accordingly, on January 3, 2006, the National Council for Planning and Building published an interim decision conditioning the issuance of building permits for cell site permits by local planning and building councils upon provision of a 100% indemnification undertaking by the cellular operators.

This decision shall remain in effect until it is replaced with an amendment to the National Zoning Plan 36.

Since January 3, 2006 the Company has provided the local authorities with approximately 100 indemnification letters as a pre-condition for obtaining building permits, while prior to January 2006, the Company has provided the local authorities with 22 undertakings to provide such letter of indemnification.

Due to the fact that an enactment of law regarding this matter is not yet in place, at this stage the extent of the Company's exposure from granting indemnification letters can not be evaluated accurately.

However, if the Company shall be required to make substantial payments under the indemnity letters, it could have an adverse effect on the Company's financial results.

We assume, that the requirement to provide indemnification letters might require us to change locations of sites to different, less suitable locations and to dismantle some of our sites. These changes in the deployment of the sites might have an adverse effect on the extent, quality and capacity of our network coverage.

- 9) The Company is a party to various claims arising in the ordinary course of its operations. Management, based upon the opinion of its legal counsel, is of the opinion that the ultimate resolution of these claims will not have a material effect on the financial position of the Company, its result of operations and cash flows. The accounts do not include a provision in respect thereof.
- 10) As to contingency in respect of income tax, see note 9e.

NOTE 9 TAXES ON INCOME:

a. Measurement of results for tax purposes under the Income Tax (Inflationary Adjustments) Law, 1985

Under this law, results for tax purposes are measured in real terms, having regard to the changes in the Israeli CPI. The Company and its subsidiary are taxed under this law.

b. Tax rates applicable to income of the Company and its subsidiary

The income of the company and its Israeli subsidiaries is taxed at the regular rate. Through December 31, 2003, the corporate tax was 36%. In July 2004, Amendment No. 140 to the Income Tax Ordinance was enacted. One of the provisions of this amendment is that the corporate tax rate is to be gradually reduced from 36% to 30%. In August 2005, a further amendment (No. 147) was published, which makes a further revision to the corporate tax rates prescribed by Amendment No. 140. As a result of the aforementioned amendments, the corporate tax rates for 2004 and thereafter are as follows: 2004 35%, 2005 34%, 2006 31%, 2007 29%, 2008 27%, 2009 26% and for 2010 and thereafter 25%.

As a result of the changes in the tax rates, the company adjusted in each of the years 2004 and 2005 at the time the aforementioned amendments were made, its deferred tax balances, in accordance with the tax rates expected to be in effect in the coming years; the effect of the change has been carried to income on a current basis.

c. Losses carried forward to future years

At December 31, 2006, the subsidiary of the Company had carryforward losses of approximately NIS 13 million (approximately \$ 3 million). The carryforward tax losses are linked to the Israeli CPI and can be utilized indefinitely.

- * Following the ruling of the Supreme Court, on November 20, 2006 on the matter of Paz Gas Marketing Company Ltd. and others vs. the assessing officer and others, which overturned the rules regarding the recognition of financing expenses, the Company included in its financial statements an additional provision for taxes in the amount of NIS 35 million. This provision is an estimate of the additional tax expense relating to the possibility that part of the financing expenses accrued in the years 2005 and 2006 in respect of a financial debt, which is attributable, inter alia, to the financing of a repurchase of Company shares, will not be recognized as an expense for tax purposes. The Company has reasons justifying the recognition of these expenses for tax purposes, or part of them, however since at this point the level of certainty required in order to recognize these expenses does not exist, the aforementioned provision was recorded. The Company is examining the possible effects of the ruling, if any, on its results in the future.

NOTE 11 FINANCIAL INSTRUMENTS AND RISK MANAGEMENT (continued):**b. Derivative financial instrument foreign exchange risk management**

The Company enters into foreign currency derivative transactions in order to protect itself against the risk that the eventual dollar cash flows resulting from the anticipated payments in respect of purchases of handsets and capital expenditures in foreign currency will be affected by changes in exchange rates. However, these contracts do not qualify for hedge accounting under FAS 133.

The Company does not hold or issue derivative financial instruments for trading purposes.

As the counterparties to the derivatives are Israeli banks, the Company considers the inherent credit risks remote.

PARTNER COMMUNICATIONS COMPANY LTD.

REPORT OF THE BOARD OF DIRECTORS FOR THE

YEAR ENDED DECEMBER 31, 2006

The following report is a summary only, and is not intended to be a comprehensive review of our business and results of our operations and financial condition for the year 2006. The report is based upon and should be read in conjunction with Partner's Form 20-F for the year ended December 31, 2006, as filed with the Securities and Exchange Commission on June 12, 2007 (the "Form 20-F"). In particular, you should read the risk factors appearing in the Form 20-F for a discussion of a number of factors that affect and could affect Partner's financial condition and results of operations.

This report, as well as the Form 20-F, may include forward-looking statements within the meaning of Section 27A of the US Securities Act of 1933, as amended, Section 21E of the US Securities Exchange Act of 1934, as amended, and the safe harbor provisions of the US Private Securities Litigation Reform Act of 1995. All statements other than statements of historical facts included in this report are forward-looking statements. We have based these forward-looking statements on our current expectations and projections about future events. These forward-looking statements are subject to risks, uncertainties and assumptions about Partner and we undertake no obligation to publicly update or revise them.

In this report, references to \$ and US dollars are to United States dollars and references to NIS are to New Israeli Shekels. This report contains translations of NIS amounts into US dollars at NIS 4.225=US\$1.00 as published by the Bank of Israel, solely for the convenience of the reader.

Results of Operations for the Year Ended December 31, 2006 Compared to the Year Ended December 31, 2005

Revenues in 2006 were NIS 5,606.7 million (US\$ 1,327.0 million), up 0.9% from NIS 5,122.9 million in 2005.

Revenues in 2006 from services were NIS 5,027.3 million (US\$ 1,189.9 million), up 8.8% from the revenues from services in 2005 of NIS 4,619.9 million. Compared with 2005, total network minutes in 2006 increased by 13.2%, partially offset by a 5.5% dilution in the average tariff per minute including incoming calls. The increase in total network minutes was driven primarily by an expanding subscriber base which grew by approximately 5.5% from the end of 2005 to the end of 2006. The dilution in the average tariff per minute compared with 2005 reflects primarily the impact of the mandated reduction in interconnection tariffs which went into effect in March 2006, as part of the Ministry of Communications program of mandated gradual reductions from 2005 to 2008. This also reflects greater competition in the market, and the increase in the weight of business subscribers in our total customer base. Business subscribers tend to generate more minutes of use than post-paid private and prepaid subscribers, but with a lower average per minute tariff.

Edgar Filing: PARTNER COMMUNICATIONS CO LTD - Form 6-K

Revenues in 2006 from equipment were NIS 579.4 million (US\$ 137.1 million), an increase of 15.2% from NIS 503.0 million in 2005. The increase in 2006, compared with 2005, was driven by increase in both the average revenue per sale reflecting the higher proportion of 3G sales to new and upgrading subscribers, as well as in the number of sales to new and upgrading subscribers.

Data and content revenues, including SMS messages, in 2006 were NIS 526.7 million (US\$ 124.7 million), accounting for 9.4% of total revenues or 10.5% of service revenues, up from NIS 404.2 million, or 7.9% of total revenues, 8.7% of service revenues, in 2005, despite the mandated 49% reduction in SMS interconnection tariffs which went into effect in March 2006. The increase in 2006, compared with 2005, was driven by data and content non-SMS service revenues which increased by 36.1%. Revenues from SMS services in 2006 increased by 21.7% compared with 2005, despite the reduction in SMS interconnect tariffs from March 2006, as mandated by the Ministry of Communications. In 2006, SMS messages accounted for approximately 38% of data and content revenues, compared with approximately 42% in 2005.

Cost of revenues in 2006 increased by 3.5% to NIS 3,897.3 million (US\$ 922.4 million) from NIS 3,766.4 million in 2005.

Cost of revenues services in 2006 increased by 2.1% to NIS 3,085.5 million (US\$ 730.3 million), from NIS 3,022.5 million in 2005. The increase was primarily driven by the higher variable airtime costs resulting from the growth in airtime usage, offset by lower depreciation, lower royalties, and efficiency measures taken by the company.

Cost of revenues equipment in 2006 increased by 9.1% to NIS 811.8 million (US\$ 192.1 million) from NIS 743.9 million in 2005. The increase was driven primarily by the selling of more advanced and higher cost 3G handsets and an approximate 7% growth in sales transactions to new and upgrading subscribers.

Gross profit for 2006 was NIS 1,709.4 million (US\$ 404.6 million), the equivalent of 30.4% of revenues, up by 26.0% from NIS 1,356.6 million, or 26.5% of revenues, in 2005.

Selling and marketing expenses in 2006 were NIS 307.6 million (US\$ 72.8 million), an increase of 12.7% from NIS 272.9 million in 2005. The increase was principally related to an increase in the sales force, which contributed to growth in sales transactions, as well as increases in distribution and advertising costs.

General and administrative expenses in 2006 were NIS 183.5 million (US\$ 43.4 million), up by 1.5% from NIS 180.8 million in 2005, the increase primarily due to fees related to ensuring Sarbanes-Oxley Act compliance.

Operating profit for 2006 was NIS 1,218.4 million (US\$ 288.4 million), an increase of 34.9% from NIS 902.9 million in 2005. As a percentage of revenues, operating profit increased from 17.6% in 2005 to 21.7% in 2006

Edgar Filing: PARTNER COMMUNICATIONS CO LTD - Form 6-K

Financial expenses in 2006 were NIS 166.4 million (US\$ 39.4 million), a decrease of 51.8% from NIS 345.4 million in 2005. The decrease was primarily attributed to one-off charges in 2005 including a NIS 63 million charge related to the redemption of the US\$ 175 million 13% Senior Subordinated Notes in August 2005. The decrease also reflects lower interest expenses resulting from the refinancing of the Company's long term debt with lower cost CPI linked shekel-denominated debt, as well as lower expenses resulting from the lower average CPI level in 2006 of -0.1% compared with +2.4% in 2005.

Income before taxes for 2006 was NIS 1,052.0 million (US\$ 249.0 million) up 88.7% compared to NIS 557.5 million in 2005.

Net income in 2006 was NIS 682.3 million (US\$ 161.5 million) or earnings of NIS 4.44 (US\$ 1.05) per basic ADS or share (NIS 4.41 per diluted ADS or share), representing a 92.4% increase from NIS 354.6 million, or earnings of NIS 2.19 per basic ADS or share (NIS 2.17 per diluted ADS or share), in 2005.

During 2006, our net active subscribers increased by 139,000, or 5.5%.

As of December 31, 2006 our net active subscriber base was approximately 2,668,000, accounting for an approximate market share of 32%. The Company's subscriber base at the end of December 2006 included approximately 605,000 business subscribers (23% of the base), approximately 1,282,000 postpaid private subscribers, (48% of the base), and approximately 781,000 prepaid subscribers, (29% of the base). Of the Company's subscriber base, approximately 276,000 were 3G subscribers. Net new active subscribers in the business sector accounted for approximately 71% of net new active subscribers in the year.

The annual churn rate in 2006 increased to 15.6% from 13.6% in 2005. The increase was primarily due churn in the prepaid sector.

Average monthly usage per subscriber (MOU) for 2006 was 311 minutes, an increase of 5.8% compared with 294 minutes in 2005. In 2006, average monthly revenue per subscriber (ARPU) was NIS 158 (US\$ 37.4), an increase of 1.3% compared with approximately NIS 156 in 2005, despite the reduction in interconnection charges mandated by the Ministry of Communications in March 2006.

Cash flows generated from operating activities in 2006 (NIS 1223.5 or US\$ 289.6 million) net of cash flows from investing activities (NIS 448.7 million or US\$ 106.2 million), totaled NIS 774.8 million (US\$ 183.4 million). Cash flows generated from operating activities in 2005 (NIS 1006.3 million), net of cash flows from investing activities (NIS 546.7 million) totaled NIS 459.6 million in 2005, an increase of 68.6%. The increase was primarily due to an increase in cash flows from operating activities, combined with a decrease in the level of investment in fixed assets.

From January 1, 2004 to December 31, 2006, we made cumulative net capital expenditures of approximately NIS 1,575 million, of which NIS 488 million (\$116 million) was incurred in 2006.

On July 3, 2006 the Company acquired MED I.C-1 (1999) Ltd. (Med 1) transmission activity including 900 kilometers of transmission fiber for approximately NIS 71 million (\$ 16.8 million) in cash. The Company purchased Med-1 transmission network to lower its transmission expenses and to have the ability to provide its customers with additional services. As of July 3, 2006 the transmission activity has been included in the financial results.

Edgar Filing: PARTNER COMMUNICATIONS CO LTD - Form 6-K

On August 14, 2006 the Company was awarded a temporary license from the Ministry of Communications for the offering of transmission services. The validity of the temporary license is the later of July 31, 2007 and the awarding of a special general license for domestic fixed services to a corporation under the Company's control.

During the year the Company paid a total amount of NIS 300,000 in respect of this license. On January 15, 2007 the license was awarded to Partner Land-Line Communication Solutions, a limited Partnership under the Company's control. An additional NIS 700,000 was paid upon the Company's receipt of the license. The temporary transmission services license will be converted into the special general license for domestic fixed services by July 2007. The license is for a period of 20 years.

During the year 2006 the Company distributed to its shareholders a cash dividend in the amount of NIS 307 million.

On January 31, 2007, the Company's Board of Directors resolved and recommended the distribution of a cash dividend in the amount of NIS 1.28 per share (approximately NIS 201 million (\$48 million)) to shareholders of record on February 20, 2007.

Cash dividends are paid in Israeli currency.

22A.8 The provisions of Article 22A of the License shall be adopted in the Articles of Association of the Licensee.

Section C: Cross-Ownership and Conflict of Interests

23. Prohibition of Cross-Ownership

- 23.1 The Licensee, an Office Holder or an Interested Party in the Licensee, as well as an Office Holder in an Interested Party in the Licensee, shall not hold, either directly or indirectly, five percent (5%) or more of any Means of Control in a Competing MRT Operator, and shall not serve as an Office Holder in a Competing MRT Operator or in an Interested Party in a Competing MRT Operator; for this matter, Holding includes holding as an agent.
- 23.2 Notwithstanding the provisions of Paragraph 23.1, the Minister may, based upon written request, permit an Office Holder in the Licensee to serve as an Office Holder in an Interested Party in a Competing MRT Operator, or permit an Office Holder in an Interested Party in the Licensee to serve as an Office Holder in a Competing MRT Operator or in an Interested Party in a Competing MRT Operator, if he is satisfied, that this will not harm the competition in MRT Services; the Minister may condition the granting of such permit on conditions that the Office Holder must fulfill for prevention of harm to the competition as aforesaid.
- 23.3 Notwithstanding the provisions of Paragraph 23.1, an Interested Party in the Licensee, which is a trust fund, an insurance company, an investment company or a pension fund, may hold up to ten percent (10%) of the Means of Control in a Competing MRT Operator, and an Interested Party in a Competing MRT Operator, which is a trust fund, an insurance company, an investment company or a pension fund, may hold up to ten percent (10%) of the Means of Control in the Licensee, provided it does not have a representative or an appointee on its behalf among the Office Holders of a Competing MRT Operator or of the Licensee, as the case may be, unless it is required to do so by law.
- 23.4 The Licensee, an Office Holder or an Interested Party in the Licensee, as well as an Office Holder in an Interested Party in the Licensee, will not control a Competing MRT Operator, and will not cause it, by any act or omission, to be controlled by a Competing MRT Operator or by an Office Holder or an Interested Party in a Competing MRT Operator, or by an Office Holder in an Interested Party in a Competing MRT Operator, or by a person or corporation that controls a Competing MRT Operator.

23.5 The rate of indirect holding in a corporation will be a product of the percentage of holdings in each stage of the chain of ownership, subject to what is set out in Paragraph 23.6; for example:

- (A) A holds 40% in Company B ;
- (B) Company B holds 40% in Company C ;
- (C) Company C holds 25% in Company D ;
- (D) Therefore, Company A holds, indirectly, 4% of Company D .

23.6 For the matter of this Paragraph and Paragraphs 14.1 (G) (6), (7), (8), (8a), (9) and 21.4, if a certain body (hereinafter: the Controlling Body) controls another body that has holdings, directly or indirectly, in the Licensee (hereinafter: the Controlled Body), the Controlling Body, and also any other body controlled by the Controlling Body, will be attributed with the rate of holdings in the Licensee that the Controlled Body has, directly or indirectly; according to the following examples:

A. Direct holdings:

- (1) A holds 50% in Company B , and controls it;
- (2) Company B holds 50% in Company C , and controls it;
- (3) Company C holds 10% in the Licensee and does not control it;
- (4) Therefore, notwithstanding that A s holdings in the Licensee in accordance with the instructions of Paragraph 5.6 are 2.5%, A and also any body controlled by A will be deemed as an Interested Party holding 10% in the Licensee.

B. Indirect holdings:

- (1) A holds 50% of Company B and controls it;
- (2) Company B holds 40% of Company C and controls it;
- (3) Company C holds 40% of Company D and does not control it;
- (4) Company D holds 40% of the Licensee and does not control it;
- (5) Therefore, A and any body controlled by A will be regarded as having a holding in the Licensee at the rate of holdings of Company C in the Licensee, which is holdings of 16% (according to the method set out in Paragraph 23.5 for the calculation of the rate of indirect holdings in the absence of control), and in this manner, A and any body controlled by A is an Interested Party in the Licensee.

23.7 If a certain body has indirect holding in the Licensee, through two or more Interested Parties, then for the purpose of its definition as an Interested Party, and for the purpose of determining the rate of holding with regard to this Paragraph, the greatest indirect rate of holding will be taken into account, and also any rate of holding that derives from the chain of holdings through which the said holding body is attributed with the holdings of corporations controlled by it in accordance with the provisions of Paragraph 23.6; the rates of holdings that derive from two or more chains that will be taken into account as stated above, will be cumulative for the purpose of calculating the rate of holdings.

23.8 The Minister may, in response to a written request, permit an Interested Party in the Licensee to hold, either directly or indirectly, five percent (5%) or more in any of the Means of Control of a Competing MRT Operator, if the Minister is satisfied that this will not harm competition in the MRT field; ¹¹the Minister may condition the granting of the said permit on a condition that the Interested Party in the Licensee or competing MRT Operator is an Interested Party merely by virtue of the provisions of Article 23.6 .

24. Prohibition of Conflict of Interests

The Licensee, any body in which the Licensee is an Interested Party, an Office Holder in the Licensee or an Interested Party in the company holding the License or an Office Holder in an Interested Party therein, will not be party to any agreement, arrangement or understanding with a Competing MRT Operator, or an Interested Party or an Office Holder in it, or an Office Holder in an Interested Party in a Competing MRT Operator, or any other body in which a Competing MRT Operator is an Interested Party, which are intended to or might reduce or harm competition in anything that pertains to MRT Services, MRT Terminal Equipment or any other Telecommunications Services.

The items on the agenda, subject to the Regulations Procedure:

5. **Approval of a Special Retirement Bonus for, and Payment for a Non-Compete Undertaking from, Mr. Amikam Cohen upon his Leaving the Company.**

The Compensation and Audit Committees and the Board of Directors approved the payment of a special retirement bonus to Mr. Amikam Cohen and a payment for his non-compete undertaking, upon his leaving the Company. Due to the fact that Mr. Cohen has been associated with the Company's controlling party in discussions on a possible co-venture, these payments are brought to the shareholders for approval, in abundance of caution, as if these payments were an extraordinary transaction in which the Company's controlling party has a personal interest.

Mr. Amikam Cohen was the founding CEO of the Company. Under his leadership, the Company quickly took the major share of the cellular market growth. From the position of a third player in a relatively well-served market, the Company became a market leader with a superb network, award winning customer service and the best brand in the telecom market (rated the second brand in the entire consumer market). Mr. Cohen was responsible for taking the Company to a highly respected market leader with a market cap of approximately US\$ 2.5 billion as at January 2007.

The grant of the special retirement bonus to Mr. Cohen is in the Company's view a most appropriate reward for his outstanding efforts and personal contribution to the growth of the Company to its esteemed position and to the creation of tremendous value for its shareholders. The granting of retirement bonuses by the Company is beneficial to the Company in that it would encourage the Company's senior officers to develop and enhance the Company's business and also would encourage top managers to join the Company. Both objectives are key to maintaining the Company's leading position in the market.

In relation to the non-compete undertaking, in view of Mr. Cohen's special and unique abilities, it is in the Company's interests to ensure that he is bound by a non-compete undertaking for several years from his leaving the Company.

The Special Retirement Bonus. Following a number of discussions and resolutions of the Compensation and Audit Committees, each of the Compensation Committee, the Audit Committee and the Board of Directors unanimously resolved, due to the outstanding performance of the Company under Mr. Cohen's leadership and the exceptional performance of Mr. Cohen as CEO and having regard to the benefits to the Company of this payment, and considering available market data for payments of such kind regarding CEO compensation upon retirement:

Edgar Filing: PARTNER COMMUNICATIONS CO LTD - Form 6-K

to approve, and to recommend to the shareholders to approve, an unconditional special retirement bonus in the amount of U.S. \$3.65 million.

that the special retirement bonus is reasonable and in the best interest of the Company.

Non-Compete Undertaking. Following extensive discussions of the Compensation and Audit Committees and upon their approval and recommendation, the Board of Directors on July 31, 2007, unanimously resolved to enter into an agreement with Mr. Cohen for his non-compete undertaking for a period of 2.5 years, commencing from the date of shareholders approval for the payment equal to U.S. \$600,000 payable in five equal installments at the end of each six-month period. The amount was calculated based on Mr. Cohen's last annual salary and benefits.

As Mr. Cohen was Partner's first CEO, there is no precedent in the Company for obtaining a non-compete undertaking from a prior CEO at the end of the employment term.

Mr. Cohen is neither receiving additional consideration from a corporation controlled by the Company nor, to the Company's knowledge, from the Company's controlling party. The Compensation and Audit Committees and the Board of Directors of Partner have noted that Mr. Cohen has been associated with Partner's controlling party in discussions on a possible co-venture outside the communications arena and that the controlling party is reimbursing the business expenses of Mr. Cohen in connection with that possible venture since Mr. Cohen's cessation with the Company on 1 April 2007. Because of this relationship, it is for the sake of caution noted that a majority of the Board members might be considered as having a personal interest in the resolutions, by virtue of being office holders of the controlling party of the Company or being nominated to the Board of Directors on the controlling party's behalf. Following resolutions of the Compensation Committee, the Audit Committee and the Board of Directors, it is proposed that the following resolutions be adopted:

RESOLVED,

- (i) To approve the special retirement bonus to be paid to Mr. Amikam Cohen in the amount of U.S. \$3.65 million.
- (ii) To enter into an agreement for the undertaking of Mr. Cohen not to compete with the Company for 2.5 years commencing from the date of shareholders approval of this resolution, for the payment by the Company of an amount equal to U.S. \$600,000. This amount shall be divided into five equal installments, payable at the end of each six-month period following the shareholders approval of this resolution.
- (iii) These resolutions are reasonable and in the best interest of the Company.

The Board of Directors recommends a vote FOR approval of these proposed resolutions.

6. **Approval and Ratification as a Framework Transaction of the Purchase of Handsets and other Devices under the Handset Supply Agreement with H3G Procurement Services S.à.R.L. (H3G-PS) Subsidiary of the Company s Controlling Party.**

The Audit Committee and the Board of Directors approved and ratified the entry into a handset supply agreement (the **Agreement**) to acquire handsets and other 3G devices (the **Handsets**) with H3G-PS, a company wholly-owned and controlled by the controlling party of Partner. Therefore, for the sake of caution, Partner is approving the Agreement as if it were an extraordinary transaction in which a controlling party has a personal interest.

According to the Agreement, with effect from January 1, 2007 and for three years, H3G-PS will invite Partner, from time to time, to purchase Handsets by issuance of a price list, setting out the main terms of the transaction. The submission of a detailed delivery document by Partner shall constitute an irrevocable commitment by Partner to purchase the Handsets requested therein.

The sale and purchase of Handsets is subject to substantially the same terms and conditions as the sale and purchase of handsets under the relevant agreement between H3G-PS and the relevant vendor, excluding unit prices, which shall be substantially the same as the average unit price charged to H3G-PS, and may include an additional amount which is primarily attributable to the costs incurred by H3G-PS in connection with the vendors in procuring and testing the Handsets, etc. As said additional amount cannot be quantified at this time, Partner s Audit Committee and Board of Directors have resolved that Partner will not purchase Handsets in a transaction under the framework of the Agreement in which H3G-PS or any of its affiliates is paid an additional payment, which payment will exceed, on an aggregate basis for all transactions under the Agreement during the years 2007-2009, 2% of the aggregate gross price of the Handsets purchased by Partner under the Agreement during such period.

Pursuant to the Agreement, generally, H3G-PS s liability to Partner relating to the sale and purchase of Handsets shall be limited to the amount recovered by H3G-PS from the vendor and H3G-PS is not liable to Partner for damages and other costs, attributable to a vendor or affiliates (as defined in the Agreement).

Partner is generally obliged to indemnify H3G-PS against costs and product liability expenses, due to Partner s performance under the Agreement. Partner s liability is limited to any amount suffered or incurred by H3G-PS which is attributable to Partner s breach.

Edgar Filing: PARTNER COMMUNICATIONS CO LTD - Form 6-K

The Agreement shall continue in force for an initial period of three years and thereafter shall automatically renew on each third anniversary for three successive periods of three years. The Agreement may be terminated by a 120 days advance written notice no earlier than December 31, 2009.

The Agreement is non-exclusive and Partner has the right to choose other suppliers. The Agreement gives Partner the right to purchase Handsets from H3G-PS following review of the specific transactions.

Partner estimates that it will not purchase Handsets under the Agreement during the years 2007-2009 in amounts that will exceed in the aggregate U.S.\$82.0 million (U.S.\$29.5 million, U.S.\$25.1 million and U.S.\$27.4 million, for the years 2007, 2008 and 2009, respectively) and that the aforesaid purchase of Handsets will not exceed in the aggregate 14% of Partner's total purchase of Handsets for these years. Such annual estimate was proposed by reference to the existing scale and operations of 3G businesses of Partner and in Israel, the market conditions, projected product lives and demand, expected growth in subscribers, etc.

The Audit Committee and the Board of Directors of the Company have noted the personal interest of the Company's controlling party, approved the entry by Partner into the Agreement and that it is in the best interests of Partner, as it enables Partner without commitment, to secure, through the centralization of procurement of H3G-PS, the benefits brought about by economies of scale, enhancing the profitability of Partner. It is noted that in parallel to Partner, other affiliates of H3G-PS may gain benefits through the centralization of procurement of H3G-PS and thus the Company's controlling party may be gaining indirect benefits as well.

it is proposed that the following resolution be adopted:

(i) **Resolved**, that the Handset Supply Agreement entered into on March 27, 2007, with H3G Procurement Services S.à.R.L., is hereby approved and ratified as a framework transaction. Accordingly, Partner may, from time to time, with effect from January 1, 2007 and for an initial period of three years, elect to purchase handsets or other 3G related devices from H3G Procurement Services S.à.R.L., on the terms and conditions set out in the Handset Supply Agreement and up to an aggregate amount equal to U.S.\$82.0 million (eighty two million U.S. dollars). Each transaction under the framework of the Handset Supply Agreement will be examined individually by the Audit Committee of the Company and approved as required by law. When approving such transaction, the Audit Committee (and, if required, the Board of Directors) shall examine and approve that such transaction is in the best interests of the Company and that such transaction complies with the following conditions: it is (i) on market terms or on terms better than market terms from Partner's perspective; (ii) in the Company's ordinary course of business; and (iii) not containing a mark-up or other additional payment to H3G-PS or any of its affiliates, which exceeds, on an aggregate basis for all transactions under the Handset Supply Agreement during the years 2007-2009, 2% (two percent) of the aggregate gross price of the Handsets purchased by Partner under the Handset Supply Agreement during such period.

- (ii) **Resolved**, that these resolutions are in the best interest of the Company.
