### FOURTH QUARTER FISCAL 2009 SUMMARY

Sales for the fourth quarter of fiscal 2009 increased by 12.4% to NIS 79.8 million (US \$21.13 million) compared to sales of NIS 70.9 million (US \$18.79 million) in the fourth quarter of 2008. The increase in the sales for the fourth quarter of fiscal 2009 was primarily attributed to the strength of an expanded products lineup which included the introduction of significant amount of new items into our product lines in 2009.

Gross profit for the fourth quarter of 2009 increased by 368.6% to NIS 24.2 million (US \$6.41 million) compared to gross profit of NIS 5.2 million (US \$1.37 million) in the fourth quarter of 2008. Fourth quarter gross margin was 30.3% in 2009 compared to gross margin of 7.3% during fourth quarter of 2008. The increase in gross profit in the fourth quarter of 2009 was primarily due to increased sales of higher margin products in 2009 fourth quarter and the strong New Israeli Shekel (NIS) compared to the US dollar. It also reflects stronger sales in fourth quarter 2009 compared to the prior year-over-year period due to the general effects of the global economic recession that occurred in the fourth quarter of 2008.

Mr. Zwi Williger, President and COO of Willi-Food commented: "The fourth quarter of 2009 proved a strong finish to a turnaround year. We believe it has given us excellent momentum heading into 2010. To date, we continue to see strong sales on our new products introduced into the market in 2009, where we made good progress in expanding our reach and establishing our brand. We are optimistic that our strong multi-product lineup will continue to strengthen our market position."

Willi-Food's operating income for the fourth quarter of 2009 increased to NIS 6.2 million (US \$1.63 million) compared to an operating loss of NIS 5.7 million (US \$1.52 million) reported in the comparable quarter of last year. Selling expenses as a percentage of sales increased in the fourth quarter of 2009 to 15.7% compared to 10.8% in the fourth quarter of 2008. General and administrative expenses as a percentage of sales increased in the fourth quarter of 2009 to 6.9% from 4.7% in the fourth quarter of 2008. The increase in general

## Edgar Filing: G WILLI FOOD INTERNATIONAL LTD - Form 6-K

and administrative expenses in the fourth quarter of 2009 was attributed to the payment of a management bonus that was linked to our financial results - an expense of NIS 1.0 million (US\$ 0.25 million) in the fourth quarter of 2009 compared to an income of NIS 1.2 million (US\$ 0.32 million) that was recorded in the fourth quarter of 2008.

Willi-Food's income before taxes for the fourth quarter of 2009 increased to NIS 6.9 million (US \$1.84 million) compared to loss before taxes of NIS 9.0 million (US \$2.39 million) recorded in the fourth quarter of 2008. Willi Food's net income in the fourth quarter of 2009 increased to NIS 8.0 million (US \$2.12 million), or NIS 0.76 (US \$0.20) per share compared to net loss of NIS 8.6 million (US \$2.28 million), or NIS 0.73 (US \$0.19) per share, recorded in the fourth quarter of 2008.

Willi-Food ended the year with \$26.1 million in cash and securities and \$1.4 million in short-term debt (51% of the debt of Shamir Salads).

### OUTLOOK

Mr. Williger commented: "We are pleased to report significant improvement in our sales and margins in 2009 on the strength of our higher-margin product introductions. While we did see pressure on sales from the global recession in much of 2009, we are encouraged by the strong sales volumes and margins in the third and fourth quarters of 2009. We are optimistic about our start in the first quarter of 2010 and believe we can continue to benefit from a multi-channel approach and broad kosher product base that addresses a trend toward more health-conscious food choices. We will continue to focus on

controlling expenses and production costs to keep our prices competitive, and we will continue our efforts to expand our reach to retail and wholesale markets in the U.S."
