magicJack VocalTec Successfully Obtains an Order from U.S. Patent and Trademark Office Granting Reexamination Of Personal Voice Freedom's Patent

Netanya, Israel and West Palm Beach, FL – October 27, 2011– magicJack VocalTec (The Voice Experts) the company that invented voice over IP (VoIP) and sold over eight million magicJacks®, is pleased to announce that on October 20, 2011, in response to its reexamination request, the U.S. Patent and Trademark Office ordered reexamination of U.S. Patent No. 7,336,654 – the patent that is being asserted against the company and its related entities by Personal Voice Freedom LLC in a litigation currently pending in the United States District Court for the Southern District of Florida. The reexamination petition requested that the Patent Office review the asserted patent in view of prior art that was previously not considered by the Patent Office before issuance of the asserted patent. At the same time as granting reexamination, the Patent Office issued an office action rejecting all claims of the patent in light of the newly submitted prior art.

The company has filed a motion with the district court requesting a stay of the pending litigation in light of the reexamination of the asserted patent, but the court has not yet ruled on the motion.
