Alvarion® Announces Timing for 1:10 Reverse Split of Ordinary Shares

Israel, Tel Aviv, March 18, 2013 – Alvarion® Ltd. (NASDAQ: ALVR) (Alvarion or the Company), a global provider of optimized wireless broadband solutions addressing the connectivity, coverage and capacity challenges of public and private networks, announced today that the previously-reported 1:10 reverse split of its ordinary shares would be effected on Tuesday, April 2, 2013 to all shares held of record as of the close of business on Monday, April 1, 2013. The reverse split was previously approved by the Company's shareholders at the Annual General Meeting held on September 10, 2012 and announced by the Company on December 10, 2012.

Upon execution of the reverse split, shareholders will receive one share of Alvarion in exchange for every 10 shares held by them. The reverse split will reduce the number of Company outstanding shares from approximately 63 million to approximately 6.3 million. Proportional adjustments will be automatically made to Alvarion's outstanding stock options and other equity compensation incentive awards.

Alvarion will not issue any fractional shares as a result of the reverse split. Instead, all fractional shares will be rounded up to the next whole number of shares.

The reverse split is intended to increase the per share trading price of the Company's ordinary shares to satisfy the \$1.00 minimum bid price requirement for continued listing on the NASDAQ Capital Market. As previously announced, in order to maintain the Company's listing on NASDAQ, the Company's ordinary shares must have a closing bid price of \$1.00 or more for a minimum of 10 consecutive trading days prior to April 24, 2013. There can be no assurance that the reverse split will have the desired effect of raising the closing bid price of the Company's ordinary shares prior to April 24, 2013, to meet such requirement.

Alvarion's ticker symbol will not change as a result of the pending reverse split. Upon execution of the reverse split, a "D" will be placed on the stock's ticker symbol for 20 business days. A new CUSIP number will be issued to Alvarion's ordinary shares after the reverse split become effective.
