FOR IMMEDIATE RELEASE

CAMTEK FILES A TECHNICAL UPDATE TO ITS SHELF REGISTRATION TO
REFLECT THE RECENT PCB TRANSACTION - NO CURRENT INTENTION TO RAISE EQUITY

MIGDAL HAEMEK, Israel – October 10, 2017 – Camtek Ltd. (NASDAQ: CAMT and TASE: CAMT), today announced that it has filed an update to its shelf registration statement on Form F-3 with the U.S. Securities and Exchange Commission (SEC), which was declared effective by the SEC in April 2017.

Following the recent significant change in Camtek's business structure given the sale of the Company's PCB assets, an amendment to the registration statement on Form F-3 is required by SEC rules to reflect those changes.

Given its current cash balance, the Company has no plans to offer securities under its shelf registration statement, and any future offering would be subject to market conditions and approval by the Company's Board of Directors.

ABOUT CAMTEK LTD.

Camtek provides inspection, metrology and software solutions dedicated for enhancing production processes and yield in the semiconductor market.

This press release shall not constitute an offer to sell or a solicitation of an offer to buy, nor shall there be any sale of these securities in any state or jurisdiction in which such an offer, solicitation or sale would be unlawful prior to the registration or qualification under its securities laws. Any offering of the securities covered under the shelf registration statements will be made solely by means of the prospectus included in the relevant registration statement and any applicable prospectus supplement issued with respect to any offering.

This press release is available at www.camtek.com

This press release may contain projections or other forward-looking statements regarding future events or the future performance of the Company. These statements are only predictions and may change as time passes. We do not assume any obligation to update that information. Actual events or results may differ materially from those projected,

including as a result of changing industry and market trends, reduced demand for our products, the timely development of our new products and their adoption by the market, increased competition in the industry, intellectual property litigation, price reductions as well as due to risks identified in the documents filed by the Company with the SEC.
