Therefore, the comparative consolidated financial statements incorporated by reference into this prospectus may not be comparable to financial statements prepared in accordance with Canadian GAAP or IFRS. From our inception over 125 years ago, we have developed into a fully integrated and technologically advanced Class I railway (a railway earning a minimum of US\$378.8 million in revenues annually) providing rail and intermodal freight transportation services over a 14,700 mile network serving the principal business centres of Canada, from Montreal, Quebec, to Vancouver, B.C., and the U.S. Midwest and Northeast regions. USE OF PROCEEDS

Unless otherwise indicated in an applicable prospectus supplement relating to a series of debt securities, we will use the net proceeds we receive from the sale of the debt securities for general corporate purposes, which may include financing our capital expenditure program and working capital requirements. We may also use such proceeds for the repayment of indebtedness or to provide funding to CPRL for its general corporate purposes. The amount of net proceeds to be used for any such purpose will be set forth in the applicable prospectus supplement. We may, from time to time, issue debt instruments and incur additional indebtedness other than through the issue of debt securities pursuant to this prospectus.

DESCRIPTION OF DEBT SECURITIES

In this section only, "we", "us" or "our" refer only to Canadian Pacific Railway Company without any of its subsidiaries through which it operates.

The following description sets forth certain general terms and provisions of the debt securities. The particular terms and provisions of the series of debt securities offered by any prospectus supplement, and the extent to which the general terms and provisions described below may apply thereto, will be described in the applicable prospectus supplement, which may provide information that is different from this prospectus.

The debt securities will be issued under a trust indenture (the "Indenture") dated May 8, 2007 entered into between us and The Bank of New York, as trustee (the "Trustee"). The form of the Indenture has been filed with the SEC. Debt securities may also be issued under new indentures between us and a trustee or trustees as will be discussed in a prospectus supplement for such debt securities. The following statements with respect to the Indenture and the Securities (as hereinafter defined) are brief summaries of the material provisions of the Indenture. However, it is the Indenture, and not this summary, that governs your rights as a holder of the Securities. Wherever particular sections or defined terms of the Indenture are referred to, these sections or defined terms are incorporated herein by reference as part of the statement made, and the statement is qualified in its entirety by this reference. The term "Securities", as used under this caption, refers to all securities issued under the Indenture, including the debt securities. Prospective investors should rely on information in the applicable prospectus supplement if it is different from the following information.

General

The Indenture does not limit the aggregate principal amount of Securities (which may include debentures, notes and other evidences of indebtedness) which may be issued thereunder, and Securities may be issued thereunder from time to time in one or more series and may be denominated and payable in foreign currencies. The Securities offered pursuant to this prospectus will be issued in an amount up to US\$1,500,000,000 or the equivalent in other currency or units based on other foreign currencies. The Indenture also permits us to increase the principal amount of any series

of Securities previously issued and to issue that increased principal amount.

The applicable prospectus supplement will set forth certain terms relating to the debt securities offered thereby (the "Offered Securities"), including the following:

— the specific designation of the Offered Securities;
