PROXY STATEMENT

GENERAL

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors (the "Board") of Able Energy, Inc., a Delaware corporation (the "Company"), of proxies in the enclosed form for use in voting at the Annual Meeting of Stockholders (the "Annual Meeting") to be held at 198 Green Pond Rd., Rockaway, New Jersey 07866 on Wednesday, June 30, 2004 at 1:30 p.m. (local time), and any adjournment or postponement thereof. Only holders of record of the Company's common stock, \$.001 par value per share (the "Common Stock"), on June 16, 2004 (the "Record Date") will be entitled to vote at the Meeting. At the close of business on the Record Date, the Company had outstanding 2,013,250 shares of Common Stock.

Any person giving a proxy in the form accompanying this Proxy Statement has the power to revoke it prior to its exercise. Any proxy given is revocable prior to the Meeting by an instrument revoking it or by a duly executed proxy bearing a later date delivered to the Secretary of the Company. Such proxy is also revoked if the stockholder is present at the Meeting and elects to vote in person.

The Company will bear the entire cost of preparing, assembling, printing and mailing the proxy materials furnished by the Board of Directors to stockholders. Copies of the proxy materials will be furnished to brokerage houses, fiduciaries and custodians to be forwarded to the beneficial owners of the Common Stock. In addition to the solicitation of proxies by use of the mail, some of the officers, directors and regular employees of the Company may (without additional compensation) solicit proxies by telephone or personal interview, the costs of which the Company will bear.

This Proxy Statement and the accompanying form of proxy is being sent or given to stockholders on or about June 16, 2004.

Stockholders of the Company's Common Stock are entitled to one vote for each share held. Such shares may not be voted cumulatively.

Each validly returned proxy (including proxies for which no specific instruction is given) which is not revoked will be voted "FOR" each of the proposals as described in this Proxy Statement and, at the proxy holders' discretion, on such other matters, if any, which may come before the Meeting (including any proposal to adjourn the Meeting).

Determination of whether a matter specified in the Notice of Annual Meeting of Stockholders has been approved will be determined as follows. Those persons will be elected directors who receive a plurality of the votes cast at the Meeting in person or by proxy and entitled to vote on the election. Accordingly,

Edgar Filing: ABLE ENERGY INC - Form DEF 14A

abstentions or directions to withhold authority will have no effect on the outcome of the vote. For each other matter specified in the Notice of Annual Meeting of Stockholders, the affirmative vote of a majority of the shares of Common Stock present at the Meeting in person or by proxy and entitled to vote on such matter is required for approval. Abstentions will be considered shares present in person or by proxy and entitled to vote and, therefore, will have the effect of a vote against the matter. Broker non-votes will be considered shares not present for this purpose and will have no effect on the outcome of the vote. Directions to withhold authority to vote for directors, abstentions and broker non-votes will be counted for purposes of determining whether a quorum is present for the Meeting.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

NOMINEES

At the Annual Meeting, the stockholders will elect five directors to serve until the next Annual Meeting of Stockholders or until their respective successors are elected and qualified. In the event any nominee is unable or unwilling to serve as a director at the time of the Annual Meeting, the proxies may be voted for the balance of those nominees named and for any substitute nominee designated by the present Board or the proxy holders to fill such vacancy, or for the balance of the nominees named without nomination of a substitute, or the size of the Board may be reduced in accordance with the Bylaws of the Company. The Board has no reason to believe that any of the persons named below will be unable or unwilling to serve as a nominee or as a director if elected.

Assuming a quorum is present, the five nominees receiving the highest number of affirmative votes of shares entitled to be voted for them will be elected as directors of the Company for the ensuing year. Unless marked otherwise, proxies received will be voted "FOR" the election of each of the five nominees named below. In the event that additional persons are nominated for election as directors, the proxy holders intend to vote all proxies received by them in such a manner as will ensure the election of as many of the nominees listed below as possible, and, in such event, the specific nominees to be voted for will be determined by the proxy holders.

The Board has determined that each of the members of the Governance and Nominating Committee is unrelated, an outside member with no other affiliation with the Company and independent as defined by the Nasdaq Stock Market.

NOMINATION OF DIRECTORS

As provided in its charter and our company's corporate governance principles, the Governance and Nominating Committee is responsible for identifying individuals qualified to become directors. The Governance and Nominating Committee seeks to identify director candidates based on input provided by a number of sources, including (1) the Governance and Nominating Committee members, (2) our other directors, (3) our stockholders, (4) our Chief Executive Officer or Chairman, and (5) third parties such as professional search firms. In evaluating potential candidates for director, the Nominating and Corporate Governance Committee considers the entirety of each candidate's credentials.

Qualifications for consideration as a director nominee may vary according to the particular areas of expertise being sought as a complement to the existing composition of the Board of Directors. However, at a minimum, candidates for director must possess:

Edgar Filing: ABLE ENERGY INC - Form DEF 14A

- o high personal and professional ethics and integrity;
- o the ability to exercise sound judgment;

- o the ability to make independent analytical inquiries;
- o a willingness and ability to devote adequate time and resources to diligently perform Board and committee duties; and

- o the appropriate and relevant business experience and acumen.

In addition to these minimum qualifications, the Governance and Nominating Committee also takes into account when considering whether to nominate a potential director candidate the following factors:

- o whether the person possesses specific industry expertise and familiarity with general issues affecting our business;

- o whether the person's nomination and election would enable the Board to have a member that qualifies as an "audit committee financial expert" as such term is defined by the Securities and Exchange Commission (the "SEC") in Item 401 of Regulation S-K;

- o whether the person would qualify as an "independent" director under the listing standards of the Nasdaq Stock Market;

- o the importance of continuity of the existing composition of the Board of Directors to provide long term stability and experienced oversight; and

- o the importance of diversified Board membership, in terms of both the individuals involved and their various experiences and areas of expertise.

Governance and Nominating Committee will consider director candidates recommended by stockholders provided such recommendations are submitted in accordance with the procedures set forth below. In order to provide for an orderly and informed review and selection process for director candidates, the Board of Directors has determined that stockholders who wish to recommend director candidates for consideration by the Governance and Nominating Committee must comply with the following:

- o The recommendation must be made in writing to the Corporate Secretary at Able Energy.

- o The recommendation must include the candidate's name, home and business contact information, detailed biographical data and qualifications, information regarding any relationships between the candidate and the Company within the last three years and evidence of the recommending person's ownership of the Company's common stock.

- o The recommendation shall also contain a statement from the recommending shareholder in support of the candidate; professional references, particularly within the context of those relevant to board membership, including issues of character, judgment, diversity, age, independence, expertise, corporate experience, length of service, other commitments and the like; and personal references.

- o A statement from the shareholder nominee indicating that such nominee

Edgar Filing: ABLE ENERGY INC - Form DEF 14A

wants to serve on the Board and could be considered "independent" under the Rules and Regulations of the Nasdaq Stock Market and the Securities and Exchange Commission ("SEC"), as in effect at that time.

All candidates submitted by stockholders will be evaluated by the Governance and Nominating Committee according to the criteria discussed above and in the same manner as all other director candidates.

HOW ARE DIRECTORS COMPENSATED?

The Company has not paid compensation to any director for acting in such capacity. The Company is currently reviewing its policy on compensation of outside directors and may pay outside directors in the future.

EMPLOYEE BONUS POOL

The Company has adopted an Employee Bonus Pool, pursuant to which Management may, at its own discretion, award employees for exemplary performance. The Company has allocated \$25,000, \$40,000 and \$50,000 for the years 1999, 2000 and 2001, respectively, for such purposes. Management may not, however, award employees bonuses from the Employee Bonus Pool (i) if such bonuses would result in negative earning before taxes for the year in which such bonuses are to be granted, or (ii) if the Company does not have net profits in such year.

EMPLOYEE STOCK OPTION PLAN

The Company has adopted a Stock Option Plan (the "1999 Plan"), pursuant to which 300,000 shares of Common Stock are reserved for issuance.

The 1999 Plan is administered by the board of directors, or by a committee with at least two directors as delegated by the board of directors who determine among other things, those individuals who shall receive options, the time period during which the options may be partially or fully exercised, the number of shares of Common Stock issuable upon the exercise of the options and the option exercise price.

The 1999 Plan's duration is for a period of ten years. Options under the 1999 Plan must be issued within ten years from the effective date of the 1999 Plan. Options may be granted to officers, directors, consultants, key employees, advisors and similar parties who provide their skills and expertise to the Company. Options granted under the 1999 Plan may be exercisable for up to ten years, may require vesting, and shall be at an exercise price all as determined by the board. Options will be non-transferable except to an option holder's personal holding company or registered retirement savings plan and except by the laws of descent and distribution or a change in control of the Company, as defined in the 1999 Plan, and are exercisable only by the participant during his or her lifetime. Change in control includes (i) the sale of substantially all of the assets of the Company and merger or consolidation with another, or (ii) a majority of the board changes other than by election by the shareholders pursuant to board solicitation or by vacancies filled by the board caused by

Edgar Filing: ABLE ENERGY INC - Form DEF 14A

death or resignation of such person.

If a participant ceases affiliation with the Company by reason of death, permanent disability or the retirement of an Optionee either pursuant to a pension or retirement plan adopted by the Company or on the normal retirement date prescribed from time to time by the Company, the option remains exercisable for three months from such occurrence but not beyond the option's expiration date. Other termination gives the participant three months to exercise, except for termination for cause which results in immediate termination of the option.

Options granted under the 1999 Plan, at the discretion of the compensation committee or the board, may be exercised either with cash, by certified check or bank cashier's check, Common Stock having a fair market equal to the cash exercise price, the participant's promissory note, or with an assignment to the Company of sufficient proceeds from the sale of the Common Stock acquired upon exercise of the Options with an authorization to the broker or selling agent to pay that amount to the Company, or any combination of the above.

The exercise price of an option may not be less than the fair market value per share of Common Stock on the date that the option is granted in order to receive certain tax benefits under the Income Tax Act of United States (the "ITA"). The exercise price of all future options will be at least 100% of the fair market value of the Common Stock on the date of grant of the options. A benefit equal to the amount by which the fair market value of the shares at the time the employee acquires them exceeds the total of the amount paid for the shares or the amount paid for the right to acquire the shares shall be deemed to be received by the employee in the year the shares are acquired pursuant to paragraph 7(1) of the ITA. Where the exercise price of the option is equal to the fair market value of the shares at the time the option is granted, paragraph 110(1)(d) of the ITA allows a deduction from income equal to one quarter of the benefit as calculated above. If the exercise price of the option is less than the fair market value at the time it is granted, no deduction under paragraph 110(1)(d) is permitted. Options granted to any non-employees, whether directors or consultants or otherwise will confer a tax benefit in contemplation of the person becoming a shareholder pursuant to subsection 15(1) of the ITA.

Any unexercised options that expire or that terminate upon an employee's ceasing to be employed by the Company become available again for issuance under the 1999 Plan.

The 1999 Plan may be terminated or amended at any time by the board of directors, except that the number of shares of Common Stock reserved for issuance upon the exercise of options granted under the 1999 Plan may not be increased without the consent of the shareholders of the Company.

APPENDIX A

AUDIT COMMITTEE CHARTER

ORGANIZATION

Edgar Filing: ABLE ENERGY INC - Form DEF 14A

This charter governs the operations of the audit committee. The committee shall review and reassess the charter at least annually and obtain the approval of the Board. The committee shall be appointed by the Board and shall comprise at least two Directors, each of whom is independent of management and the Company. Members of the committee shall be considered independent if they have no relationship that may interfere with the exercise of their independence from management and the Company. All committee members shall be financially literate, or shall become financially literate within a reasonable period of time after appointment to the committee and at least one member shall have accounting or related financial management expertise.

STATEMENT OF POLICY

The audit committee shall provide assistance to the Board in fulfilling their oversight responsibility to the stockholders, potential stockholders, the investment community, and others relating to the Company's financial statements and the financial reporting process, the systems of internal accounting and financial controls, the annual independent audit of the Company's financial statements, and the legal compliance and ethics programs as established by management and the board. In so doing, it is the responsibility of the committee to maintain free and open communication between the committee, independent auditors and management of the Company. In discharging its oversight role, the committee is empowered to investigate any matter brought to its attention with full access to all books, records, facilities, and personnel of the Company and the power to retain outside counsel, or other experts for this purpose.

RESPONSIBILITIES AND PROCESSES

The primary responsibility of the audit committee is to oversee the Company's financial reporting process on behalf of the board and report the results of their activities to the board. Management is responsible for preparing the Company's financial statements, and the independent auditors are responsible for auditing those financial statements. The committee in carrying out its responsibilities believes its policies and procedures should remain flexible, in order to best react to changing conditions and circumstances. The committee should take the appropriate actions to set the overall corporate "tone" for quality financial reporting, sound business risk practices, and ethical behavior.

The following shall be the principal recurring processes of the audit committee in carrying out its oversight responsibilities. The processes are set forth as a guide with the understanding that the committee may supplement them as appropriate.

- o The committee shall have a clear understanding with management and the independent auditors that the independent auditors are ultimately accountable to the board and the audit committee, as representatives of the Company's stockholders. The committee shall have the ultimate authority and responsibility to evaluate and, where appropriate, replace the independent auditors. The committee shall discuss with the auditors their independence from management and the Company and the matters included in the written disclosures required by the Independence Standards Board. Annually, the committee shall review and recommend to the board the selection of the Company's independent auditors, subject to stockholders' approval.
- o The committee shall discuss with the independent auditors the overall scope and plans for their respective audits including the adequacy of staffing and compensation. Also, the committee shall discuss with management and the independent auditors the adequacy and effectiveness of the accounting and

Edgar Filing: ABLE ENERGY INC - Form DEF 14A

financial controls, including the Company's system to monitor and manage business risk, and legal and ethical compliance programs. Further, the committee shall meet separately with the independent auditors, with and without management present, to discuss the results of their examinations.

- o The committee shall review the interim financial statements with management and the independent auditors prior to the filing of the Company's Quarterly Report on Form 10-Q. Also, the committee shall discuss the results of the quarterly review and any other matters required to be communicated to the committee by the independent auditors under generally accepted auditing standards. The chair of the committee may represent the entire committee for the purposes of this review.
- o The committee shall review with management and the independent auditors the financial statements to be included in the Company's Annual Report on Form 10-K (or the annual report to stockholders if distributed prior to the filing of Form 10-K), including their judgment about the quality, not just acceptability, of accounting principles, the reasonableness of significant judgments, and the clarity of the disclosures in the financial statements. Also, the committee shall discuss the results of the annual audit and any other matters required to be communicated to the committee by the independent auditors under generally accepted auditing standards.

APPENDIX C

CODE OF BUSINESS CONDUCT AND ETHICS

TREAT IN AN ETHICAL MANNER THOSE TO WHOM ABLE ENERGY, INC. HAS AN OBLIGATION

The officers, Directors and employees of Able Energy, Inc. (the "Company") are committed to honesty, just management, fairness, providing a safe and healthy environment free from the fear of retribution, and respecting the dignity due everyone. For the communities in which we live and work we are committed to observe sound environmental business practices and to act as concerned and responsible neighbors, reflecting all aspects of good citizenship.

For our stockholders we are committed to pursuing sound growth and earnings objectives and to exercising prudence in the use of our assets and resources.

For our suppliers and partners we are committed to fair competition and the sense of responsibility required of a good customer and teammate.

PROMOTE A POSITIVE WORK ENVIRONMENT

All employees want and deserve a workplace where they feel respected, satisfied, and appreciated. We respect cultural diversity and will not tolerate harassment or discrimination of any kind -- especially involving race, color, religion, gender, age, national origin, disability, and veteran or marital status.

Providing an environment that supports honesty, integrity, respect, trust, responsibility, and citizenship permits us the opportunity to achieve excellence in our workplace. While everyone who works for the Company must contribute to the creation and maintenance of such an environment, our executives and management personnel assume special responsibility for fostering a work environment that is free from the fear of retribution and will bring out the best in all of us.

Supervisors must be careful in words and conduct to avoid placing, or seeming to place, pressure on subordinates that could cause them to deviate from acceptable ethical behavior.

Edgar Filing: ABLE ENERGY INC - Form DEF 14A

PROTECT YOURSELF, YOUR FELLOW EMPLOYEES, AND THE WORLD WE LIVE IN

We are committed to providing a drug-free, safe and healthy work environment, and to observing environmentally sound business practices. We will strive, at a minimum, to do no harm and where possible, to make the communities in which we work a better place to live. Each of us is responsible for compliance with environmental, health and safety laws and regulations.

KEEP ACCURATE AND COMPLETE RECORDS

We must maintain accurate and complete Company records. Transactions between the

Company and outside individuals and organizations must be promptly and accurately entered in our books in accordance with generally accepted accounting practices and principles. No one should rationalize or even consider misrepresenting facts or falsifying records. It will not be tolerated and will result in disciplinary action.

OBEY THE LAW

We will conduct our business in accordance with all applicable laws and regulations. Compliance with the law does not comprise our entire ethical responsibility. Rather, it is a minimum, absolutely essential condition for performance of our duties. In conducting business, we shall:

A. STRICTLY ADHERE TO ALL ANTITRUST LAWS

Officer, Directors and employees must strictly adhere to all antitrust laws. Such laws exist in the United States and in many other countries where the Company may conduct business. These laws prohibit practices in restraint of trade such as price fixing and boycotting suppliers or customers. They also bar pricing intended to run a competitor out of business; disparaging, misrepresenting, or harassing a competitor; stealing trade secrets; bribery; and kickbacks.

B. STRICTLY COMPLY WITH ALL SECURITIES LAWS

In our role as a publicly owned company, we must always be alert to and comply with the security laws and regulations of the United States and other countries.

DO NOT ENGAGE IN SPECULATIVE OR INSIDER TRADING

Federal law and Company policy prohibits officers, Directors and employees, directly or indirectly through their families or others, from purchasing or selling company stock while in the possession of material, non-public information concerning the Company. This same prohibition applies to trading in the stock of other publicly held companies on the basis of material, non-public information. To avoid even the appearance of impropriety, Company policy also prohibits officers, Directors and employees from trading options on the open market in Company stock under any circumstances.

Material, non-public information is any information that could reasonably be expected to affect the price of a stock. If an officer, director or employee is considering buying or selling a stock because of inside information they possess, they should assume that such information is material. It is also important for the officer, director or employee to keep in mind that if any trade they make becomes the subject of an investigation by the government, the trade will be viewed after-the-fact with the benefit of hindsight.

Edgar Filing: ABLE ENERGY INC - Form DEF 14A

Consequently, officers, Directors and employees should always carefully consider how their trades would look from this perspective.

Two simple rules can help protect you in this area: (1) Do not use non-public information for personal gain. (2) Do not pass along such information to someone else who has no need to know.

This guidance also applies to the securities of other companies for which you receive information in the course of your employment at the Company.

BE TIMELY AND ACCURATE IN ALL PUBLIC REPORTS

As a public company, the Company must be fair and accurate in all reports filed with the United States Securities and Exchange Commission. Officers, Directors and management of the Company are responsible for ensuring that all reports are filed in a timely manner and that they fairly present the financial condition and operating results of the Company.

Securities laws are vigorously enforced. Violations may result in severe penalties including forced sales of parts of the business and significant fines against the Company. There may also be sanctions against individual employees including substantial fines and prison sentences.

The principal executive officer and principal financial Officer will certify to the accuracy of reports filed with the SEC in accordance with the Sarbanes-Oxley Act of 2002. Officers and Directors who knowingly or willingly make false certifications may be subject to criminal penalties or sanctions including fines and imprisonment.

AVOID CONFLICTS OF INTEREST

Our officers, Directors and employees have an obligation to give their complete loyalty to the best interests of the Company. They should avoid any action that may involve, or may appear to involve, a conflict of interest with the Company. Officers, Directors and employees should not have any financial or other business relationships with suppliers, customers or competitors that might impair, or even appear to impair, the independence of any judgment they may need to make on behalf of the Company.

HERE ARE SOME WAYS A CONFLICT OF INTEREST COULD ARISE:

- o Employment by a competitor, or potential competitor, regardless of the nature of the employment, while employed by the Company.
- o Acceptance of gifts, payment, or services from those seeking to do business with the Company.
- o Placement of business with a firm owned or controlled by an officer, director or employee or his/her family.
- o Ownership of, or substantial interest in, a company that is a competitor, client or supplier.
- o Acting as a consultant to the Company, customer, client or supplier.
- o Seeking the services or advice of an accountant or attorney who has provided services to the Company.

Officers, Directors and employees are under a continuing obligation to disclose

Edgar Filing: ABLE ENERGY INC - Form DEF 14A

any situation that presents the possibility of a conflict or disparity of interest between the officer, director or employee and the Company. Disclosure of any potential conflict is the key to remaining in full compliance with this policy.

COMPETE ETHICALLY AND FAIRLY FOR BUSINESS OPPORTUNITIES

We must comply with the laws and regulations that pertain to the acquisition of goods and services. We will compete fairly and ethically for all business opportunities. In circumstances where there is reason to believe that the release or receipt of non-public information is unauthorized, do not attempt to obtain and do not accept such information from any source.

If you are involved in Company transactions, you must be certain that all statements, communications, and representations are accurate and truthful.

AVOID ILLEGAL AND QUESTIONABLE GIFTS OR FAVORS

The sale and marketing of our products and services should always be free from even the perception that favorable treatment was sought, received, or given in exchange for the furnishing or receipt of business courtesies. Officers, Directors and employees of the Company will neither give nor accept business courtesies that constitute, or could be reasonably perceived as constituting,

unfair business inducements or that would violate law, regulation or policies of the Company, or could cause embarrassment to or reflect negatively on the Company's reputation.

MAINTAIN THE INTEGRITY OF CONSULTANTS, AGENTS, AND REPRESENTATIVES

Business integrity is a key standard for the selection and retention of those who represent the Company. Agents, representatives and consultants must certify their willingness to comply with the Company's policies and procedures and must never be retained to circumvent our values and principles. Paying bribes or kickbacks, engaging in industrial espionage, obtaining the proprietary data of a third party without authority, or gaining inside information or influence are just a few examples of what could give us an unfair competitive advantage and could result in violations of law.

PROTECT PROPRIETARY INFORMATION

Proprietary Company information may not be disclosed to anyone without proper authorization. Keep proprietary documents protected and secure. In the course of normal business activities, suppliers, customers and competitors may sometimes divulge to you information that is proprietary to their business. Respect these confidences.

OBTAIN AND USE COMPANY ASSETS WISELY

Personal use of Company property must always be in accordance with corporate policy. Proper use of Company property, information resources, material, facilities and equipment is your responsibility. Use and maintain these assets with the utmost care and respect, guarding against waste and abuse, and never borrow or remove Company property without management's permission.

FOLLOW THE LAW AND USE COMMON SENSE IN POLITICAL CONTRIBUTIONS AND ACTIVITIES

The Company encourages its employees to become involved in civic affairs and to participate in the political process. Employees must understand, however, that their involvement and participation must be on an individual basis, on their own

Edgar Filing: ABLE ENERGY INC - Form DEF 14A

time and at their own expense. In the United States, federal law prohibits corporations from donating corporate funds, goods, or services, directly or indirectly, to candidates for federal offices -- this includes employees' work time. Local and state laws also govern political contributions and activities as they apply to their respective jurisdictions.

BOARD COMMITTEES

The Company shall establish an Audit Committee empowered to enforce this Code of Ethics. The Audit Committee will report to the Board at least once each year regarding the general effectiveness of the Company's Code of Ethics, the Company's controls and reporting procedures and the Company's business conduct.

DISCIPLINARY MEASURES

The Company shall consistently enforce its Code of Ethics and Business Conduct through appropriate means of discipline. Violations of the Code shall be promptly reported to the Audit Committee. Pursuant to procedures adopted by it, the Audit Committee shall determine whether violations of the Code have occurred and, if so, shall determine the disciplinary measures to be taken against any employee or agent of the Company who has so violated the Code.

The disciplinary measures, which may be invoked at the discretion of the Audit Committee, include, but are not limited to, counseling, oral or written reprimands, warnings, probation or suspension without pay, demotions, reductions in salary, termination of employment and restitution.

Persons subject to disciplinary measures shall include, in addition to the violator, others involved in the wrongdoing such as (i) persons who fail to use

reasonable care to detect a violation, (ii) persons who if requested to divulge information withhold material information regarding a violation, and (iii) supervisors who approve or condone the violations or attempt to retaliate against employees or agents for reporting violations or violators.

APPENDIX D

The Committee shall also have authority to obtain advice and assistance from internal or external legal, accounting or other advisors.

2. Recommend Appointments to Board Committees

The Committee shall annually evaluate and make recommendations to the full Board concerning the number and accountability of Board Committees, and Committee assignments to the Board the Directors. The Committee shall consider the desired qualifications for membership on each Committee, the availability of the Director to meet the time commitment required for membership on the particular committee and the extent to which there should be a policy of periodic rotation of Committee members.

3. Monitor and Evaluate Governance Guidelines and Committee Charter

The Committee shall review and reassess the adequacy of this Charter annually and recommend any proposed changes to the Board for approval. The Committee shall annually review the Governance Guidelines for the purposes of: Determining whether the Guidelines are being effectively adhered to and implemented; Ensure that the Guidelines are appropriate for the Company and comply with applicable laws, regulations and listing standards; and Recommending any desirable changes in the Guidelines to the Board.
