"My broker takes care of it"	I understand that your Broker may help you choose the funds you invest in, however the proposal(s) for this proxy requires a direct vote from the shareholder and cannot be voted by your Broker. I can go over the proposal(s) quickly for you now if you wish.

Response

"I've already mailed in my proxy"

1.If the shareholder's vote shows as 'Tabulator Received' or as Voted in Proxy 01, then simply thank them for voting and disposition as HAS.

2. If the shareholder's vote does not yet show in Proxy 01 then continue

"Thank you for voting. Our records indicate that your vote has not yet been updated in our system. If you wish, I can record your vote for you now and send you a printed confirmation to confirm your vote has been recorded."

If shareholder says "Yes", then continue by asking for the vote as per the script:

"The Fund's Board is recommending shareholders vote "FOR" the proposal(s). Would you have any objections to voting along with the recommendation of the Board?"

"The Meeting(s) date is sd understand. We were calling today because the Fund's Board would like to hear from all far away, there is plenty of time – I'll vote later" shareholders on this matter. Your Fund has asked us to call to offer you the convenience of voting over the phone, which makes the voting process much easier and faster.

The Fund's Board has reviewed each proposal and is recommending that shareholders vote "FOR" the proposal(s) because they believe the proposal(s) are in the best interest of the Fund(s) and its shareholders.

Would you like to vote along with the recommendation of the Board?

After asking 'Would you have any objections to voting along with the recommendation of your Board?' Ask the Shareholder how they would like to vote for the proposal(s).

– if the shareholder simply says 'Yes'.

Response

“Why are you calling me?” # 1

Value Line Funds has asked us to contact you because we sent you a proxy card to register your vote for the upcoming shareholder Meeting(s) and haven't received it back, so we're calling to encourage you to vote your shares. Mr. / Mrs. / Ms. ... would you have any objections to voting along with the recommendation of the Fund's Board?

“Why are you calling me?”
2 (to use if the first answer
does not satisfy the
shareholder).

The Fund's Board would like to hear from all shareholders on these matters and your Fund has asked us to call to offer you the convenience of voting over the phone. This makes your voting process much easier and faster. Mr. / Mrs. / Ms. ... would you have any objections to voting along with the recommendation of the Board?

“I don't want to vote”
or
“I never vote ...”

Mr. / Mrs. / Ms. your vote is very important to the Fund. A certain percentage of votes must be received before the Meeting(s) can be held. Would you have any objections to voting along with the recommendation of the Fund's Board?

“I don't accept these types of
calls.”

I am sorry for any inconvenience and would be more than happy to add you to our internal Do Not Call List, however, I did want to let you know that this call is in regards to your current investment in Value Line Funds and we are simply calling to advise you of the shareholders Meeting(s) and are asking if you would like to register your vote?

“How many votes do you still
need?”

I have limited information on that. What I do know is that every vote is important at this point and that is why we are calling you and other shareholders to ask if you would have any objections to voting along with the recommendation of the Fund's Board?

“Is there strong opposition to
the Board's recommendation?”
Not to my knowledge. We are just calling because not enough votes have been received to hold the Meeting(s) and so we are calling to ask if you'd like to vote along with the recommendation of the Fund's Board.

“I've never received a call like
this before”

I see. This has become a standard in the industry, and the proxy statement that was sent to you mentions that if your vote is not received, you may receive a call offering you the convenience of voting by telephone. The Fund's Board is recommending shareholders vote in favor of the proposal(s). Would you have any objections to voting along with the recommendation of the Board?
