Notification of Transactions of  
Directors and Persons Discharging Managerial Responsibility

Vesting of Conditional Share Awards

This notification sets out information relating to the vesting of conditional share awards under the GlaxoSmithKline 2009 Performance Share Plan (the "Performance Share Plan") and the 2009 Deferred Annual Bonus Plan (the "Deferred Annual Bonus Plan").

This announcement covers vesting of awards made to Corporate Executive Team members in 2013. It also covers vesting of awards made to senior executives in 2013 who have been designated as Persons Discharging Managerial Responsibility (PDMRs).

2013 Performance Share Plan Awards

The awards made to the individuals listed in the table below were subject to the following performance conditions measured over the three year performance period from 1 January 2013 to 31 December 2015:

% of the award	Measure	Outcome	Overall outcome
25%	Adjusted free cash flow - The Company did not meet the threshold level of performance for adjusted free cash flow for the three year period.	Lapsed in full	0%
25%	TSR measure - For the three years ending 31 December 2015, the Company's TSR ranked 10th (i.e. below median) against a comparator group of 10 global pharmaceutical companies including GSK.	Lapsed in full	0%
25%	R&D New Products sales measure - For the three year period, the Company achieved New Product sales calculated in accordance with the principles for the measure of £6.192bn, which was between the 75% vesting level of £6.013bn and the maximum vesting level of £6.614bn, after appropriate adjustments for the implications of the three-part transaction with Novartis.	82% vested	20.5%
25%	Business Diversification measure - measuring sales in Vaccines, Consumer Healthcare and Emerging Markets Asia Pacific and Japan.	69% vested	17.25%

The Remuneration Committee determined that the original target was not sustainable in light of the transformational three-part transaction with Novartis. The Committee reviewed both the original target and performance in light of the additional sales from the acquired Vaccines business and the Consumer Healthcare joint venture, and other progress made towards diversification. It determined

Edgar Filing: GLAXOSMITHKLINE PLC - Form 6-K

that vesting for this award was between threshold and maximum and that 69% of this element of the award should vest.

Total vesting for 2013 award 37.75%

The table below shows the proportion of these Performance Share Plan awards that vested and lapsed on 12 February 2016. This includes dividends reinvested since the date of grant. Note that fractional shares vesting and lapsing have been rounded and that whole shares will be delivered once tax withholding has been applied.

### 2013 Deferred Annual Bonus Awards

In 2013, the following individuals elected to defer part of their 2012 annual bonus into shares under the Deferred Annual Bonus Plan (Deferred Shares). These awards are matched up to one-for-one depending on the achievement of performance measures (Matching Shares). The performance measures were the same as for the 2013 Performance Share Plan awards described above and were measured over the same three years to 31 December 2015.

Individuals could elect whether to defer part of their bonus on a pre or post tax basis. For awards to UK-based individuals, Deferred and Matching shares were granted as nil-cost options over Ordinary Shares. For awards to US-based individuals, awards of Deferred and Matching shares were granted as conditional awards of ADSs.

The table below shows the pre tax Deferred Shares that will vest on the third anniversary of grant, 28 February 2016. This includes dividends reinvested since the date of grant.
