**(Unaudited)**

**1. Description of the Business**

Alliance HealthCard, Inc. (hereinafter referred to as Alliance or the Company) specializes in creating, marketing and distributing value added healthcare savings programs, services, and products. Alliance gives individuals and families access to healthcare providers offering up to 16 major healthcare services at significantly discounted fees for a low annual fee. Alliance markets to predominantly underserved markets where individuals either have limited health benefits, or no insurance. These markets may vary widely from senior populations with Medicare (no prescription benefits), part-time employees, to pockets of the over 40 million uninsured looking for lower cost medical services and access to providers.

**2. Summary of Significant Accounting Policies**

The accompanying financial statements are un-audited and have been prepared by management of the Company in accordance with the rules and regulations of the Securities and Exchange Commission. The un-audited financial information furnished herein in the opinion of management reflects all adjustments, which are of a normal recurring nature, that are necessary to fairly state the Company's financial position, the results of its operations and its cash flows. For further information refer to the financial statements and footnotes thereto included in the Company's Form 10-KSB for the year ended September 30, 2003. Footnote disclosures, which would substantially duplicate the disclosure contained in those documents, have been omitted.

Net income (loss) per share is computed in accordance with SFAS No. 128 Earnings per Share. Basic and diluted net loss per share are the same for the three months ended December 31, 2002 because the Company's potentially dilutive securities are anti-dilutive in such periods.

**ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS**

Alliance gives individuals and families access to healthcare providers offering up to 16 major healthcare services at significantly discounted fees for a low annual fee. **Results of Operations**

***Three Months Ended December 31, 2003, Compared to Three Months Ended December 31, 2002***

Net revenues for the Company decreased to \$1,011,165 for the three months ended December 31, 2003 from \$1,060,371 for the three months ended December 31, 2002. The decrease is attributable to the termination of the Bankers Fidelity Life Insurance Company contract in 2003.

Gross profit increased \$17,768 to \$574,222 for the three months ended December 31, 2003 from \$556,454 for the same prior year period. The increase in gross profit was primarily attributable to a reduction of implementation expense for the State Farm Mutual Automobile Insurance Company. For total contract implementation costs in excess of \$5,000, the Company records that expense over the first twelve-month term of the contract. The first twelve-month term of the State Farm contract ended on June 30, 2003.

Marketing and sales expenses decreased to \$125,934 for the three months ended December 31, 2003, from \$401,109 in the same prior year period. The large decrease is due to a reduction of royalty expense resulting from an amendment to the CVS Pharmacy, Inc. contract in 2003.

General and administrative expenses decreased to \$315,756 for the three months ended December 31, 2003 from \$384,937 in the same prior year period. The decrease is primarily attributable to a decrease in compensation expense resulting from a reduction in personnel and consultants, as the Company continues to manage its infrastructure to maximize the Company's profits.

Interest expense slightly decreased to \$6,844 for the three months ended December 31, 2003 from \$7,208 for the same prior year quarter.

The Company reported net income of \$125,688 for the three months ended December 31, 2003 compared to a net loss of \$236,800 for the same prior year period. The decrease of \$362,488 resulted from the reduction in marketing, sales and general administrative expenses as discussed above.

***Liquidity and Capital Resources***

The Company's operations used cash of \$456,002 for the three months ended December 31, 2003 as a result of the following: a) net income of \$125,688; b) an increase in accounts receivable of 148,832; c) a decrease in other liabilities of \$433,687 which was primarily the result of a decrease in deferred revenue of \$480,783 related to the State Farm and CVS contracts. Membership fees are generally paid to the Company on a monthly or annual basis. Membership fees paid in advance on an annual basis are recognized monthly over the applicable twelve-month membership term.

The Company's net working capital increased \$135,874 to \$(2,153,741) for the three months ended December 31, 2003 from \$(2,289,615) at September 30, 2003. The increase in working capital was primarily caused by a decrease in accounts payable and accrued compensation for the year ended September 30, 2003.

The Company's financing activities for the three months ended December 31, 2003 provided cash of \$304,681 primarily from an increase in the outstanding balance on the Company's line of credit. The Company has \$174,800 available on its line of credit at December 31, 2003.

**ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK**
