To the Participants and Administrator of  
the Bristol-Myers Squibb Company Savings  
and Investment Program and the Savings  
Plan Committee of Bristol-Myers Squibb Company

In our opinion, the accompanying statements of net assets available for benefits and the related statements of changes in net assets available for benefits present fairly, in all material respects, the net assets available for benefits of the Bristol-Myers Squibb Company Savings and Investment Program ( the Program ) at December 31, 2004 and 2003, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Program s management. Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of Assets (Held at Year End) as of December 31, 2004 is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Program s management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NOTE 1 DESCRIPTION OF PLAN

General

The Bristol-Myers Company Savings Plan (the Savings Plan) became effective on January 1, 1971 and was amended effective May 3, 1982 and designated as the Bristol-Myers Company Savings and Investment Program (the Savings Program). The Savings Program consisted of Part I, the Savings Plan and Part II, the Bristol-Myers Company Pre-Tax Investment Plan (the Pre-Tax Plan), providing employees with a choice to participate on either an after-tax or a pre-tax basis or a combination of both. On October 4, 1989, Squibb Corporation merged with a subsidiary of Bristol-Myers Company and Bristol-Myers Company changed its name to Bristol-Myers Squibb Company (the Company). Effective October 4, 1989, the name of the Savings Program was changed to the Bristol-Myers Squibb Company Savings and Investment Program.

Effective January 1, 1991, the Savings Plan and the Pre-Tax Plan were amended and consolidated into a single plan, the Bristol-Myers Squibb Company Savings and Investment Program (the Program). The Program eliminated the Part I and Part II distinction while maintaining after-tax and pre-tax options.

Effective October 1, 1994, the Program ceased operating within the Bristol-Myers Squibb Company Master Trust and began operating within the Bristol-Myers Squibb Company Savings Plan Master Trust (the Savings Plan Master Trust) maintained by Fidelity Investments (Fidelity). The assets of the Program were commingled within the Savings Plan Master Trust with the assets of the Bristol-Myers Squibb Company Employee Incentive Thrift Plan (the Thrift Plan).

On April 1, 1999, the Bristol-Myers Squibb Puerto Rico, Inc. Savings and Investment Program (the Puerto Rico Program) assets were transferred from Northern Trust to Fidelity and began operating within the Savings Plan Master Trust. The assets of the Program were then combined within the Savings Plan Master Trust with the assets of the Thrift Plan and the Puerto Rico Program.

The Savings Plan Master Trust Statement, presented in Note 6, includes the interests of the Program, the Thrift Plan and the Puerto Rico Program.

The Bristol-Myers Squibb Company Savings Plan Committee (the Committee) is the Administrator of the Program and named fiduciary for Program assets.

SAVINGS AND INVESTMENT PROGRAM  
NOTES TO FINANCIAL STATEMENTS  
(IN THOUSANDS)

A Zimmer Holdings, Inc. Stock Fund (the Zimmer Stock Fund) was established in the Program on August 6, 2001 at the time of the Zimmer spin off. All participants in the Company Stock Fund received in this fund one share of Zimmer Holdings, Inc. stock for every ten shares of Bristol-Myers Squibb stock held in the Company Stock Fund. Balances could remain in this fund for two years as of the spin off completion date; however, no new contributions or inter-fund transfers to the fund were permitted. Participants were able to direct the trustee to liquidate some or all of their holdings in the Zimmer Stock Fund at any time during this two-year period and re-invest the proceeds in the other funds available under the Program. This fund was discontinued effective August 5, 2003, and remaining balances were transferred to the Fidelity Retirement Money Market Portfolio.

Effective March 1, 2003, the Program was amended to eliminate the six-month waiting period. Eligible employees may participate in the Program following their date of hire, although the company matching contributions do not begin until an eligible employee has attained six months of service as prescribed by the Program.

**Contributions**

In general, any employee who meets certain service requirements is eligible to participate in the Program. An employee electing to participate in the Program can elect to contribute up to 25% of his or her Annual Benefit Salary or Wages (as defined in the Program) on an after-tax basis or to reduce his or her compensation by up to 25%, and have such amount contributed on his or her behalf on a pre-tax basis subject to applicable limitations. Participants may also elect a combination of contributions up to a combined total, both on an after-tax and pre-tax basis, of 25% subject to applicable limitations. For each participant, the first 6% of total combined contributions is matched 75% by the Company.

Contributions of participants and the Company are remitted to Fidelity on a bi-weekly basis and are recorded on an accrual basis. All investment decisions are self directed by participants. During the years ended December 31, 2004 and 2003 participant contributions were invested in any one or more of the following funds which comprise the Savings Plan Master Trust: Company Stock Fund, Putnam International Equity Fund, Fixed Income Fund, Fidelity Select Equity Small Capitalization Collective Trust Fund, Fidelity Equity-Income Fund, Fidelity Growth Company Fund, Fidelity U.S. Bond Index Fund, Fidelity Puritan Fund, Fidelity Retirement Money Market Portfolio, Fidelity U.S. Equity Index Commingled Pool, Dreyfus Appreciation Fund, Inc., Managers Special Equity Fund, Vanguard Total International Stock Index Fund, Northern Trust Global Investment Russell 2000 Equity Index Fund and American Funds Euro Pacific Growth Fund Class R5.

Prior to March 1, 2003, company matching contributions were automatically invested in the Company Stock Fund. These contributions could not be transferred out of the Company Stock Fund unless the participant was 55 years of age or older. Effective March 1, 2003, the Program was amended to eliminate the requirement that company matching contributions be invested in the Company Stock Fund until age 55. Employees may now invest prior and future company matching contributions in any of the funds available under the Program. Company matching contributions, invested as indicated by the participant in any one or equally in any two or more of the funds, made to the Program prior to the January 1, 1991 merger of the Squibb Corporation Incentive Savings and

Stock Ownership Plan, are also transferable among the investment funds. Effective as of January 1, 2002, the Company Stock Fund became an Employee Stock Ownership Plan or ESOP.

The Program was amended to comply with the applicable provisions of the following Federal tax laws:

The General Agreement on Tariffs and Trade 1994 (GATT)

The Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA)

The Small Business Job Protections Act of 1996 (SBJPA)

The Taxpayer Relief Act of 1997 (TRA 97)

The Internal Revenue Service Restructuring and Reform Act of 1998 (RRA 98), and

The Economic Growth and Tax Relief Reconciliation Act of 2001 (EGTRRA) legislation.

The statutes listed above, with the exception of EGTRRA, are collectively referred to as GUST.

As of July 1, 2002, the Program was amended to allow for catch up contributions for eligible participants who were 50 years of age or older. The catch-up contribution is intended to give employees who are approaching retirement age the opportunity to make additional pre-tax contributions over the applicable Internal Revenue Service and Program limits. Generally, if an eligible employee's contribution rate is at 25%, such contributions exceed Internal Revenue Service applicable limits and he or she satisfies the age requirement, then that employee may make catch-up contributions. The catch-up contribution itself is limited to \$2 in 2003 and will increase in thousand dollar increments to \$5 in 2006. Thereafter, the catch-up contribution limit will be indexed for inflation.

Upon death or normal retirement, a participant will become 100% vested regardless of his or her years of qualifying service. returned to the Company. (See Note 3 for further discussions on forfeitures.) Participants who return to work for the Company who were partially or fully vested will be reinstated to their previous level of vesting and may immediately enroll in the Program.

### Loans

Termination of Employment

Upon the termination of a participant's employment, the participant, or in the event of his or her death, the participant's spouse or designated beneficiary, may, under varying circumstances, receive (1) a lump sum payment, (2) installment payments over a period not to exceed the joint life expectancy of the participant and the participant's spouse (five years if payment is by reason of death) or (3) an annuity for employees hired prior to October 1, 1994. In each case the payment will be based on the vested value in the respective funds allocated to the participant.

Net Transfer

A participant's account may be transferred to or from another savings plan within the company if their employment status changes such that they become eligible for a different plan. A participant's account could also be transferred to another company's savings plan if required under the terms of a divestiture of a business unit. New accounts could be transferred in from another company's savings plan, if required under the terms of an acquisition of a new company.

NOTE 2 ACCOUNTING POLICIES

Reclassifications

Certain amounts in the 2003 financial statements have been reclassified to conform with the 2004 presentations.

Valuation

Valuation of investments of the Program represents the Program's allocable portion of the Savings Plan Master Trust's investments. The Savings Plan Master Trust's investment valuation policies are as follows:

## Edgar Filing: BRISTOL MYERS SQUIBB CO - Form 11-K

Zimmer Stock in the Zimmer Stock Fund and the Company Stock are valued at the last reported sales price at the end of the year or, if there was not a sale that day, the last reported bid price. Common/collective trust funds are valued at the last reported bid price at the end of the year. Fixed income and money market instruments are valued at cost plus interest earned, which approximates their respective fair values. Shares of the Fidelity mutual funds and other retail mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Program at year end. Investments in guaranteed investment contracts (GICs) are reported at contract value by the insurance companies. The value of outstanding participant loans is determined based on the outstanding principal balance as of the last day of the Program Year, which approximates fair value.

### Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make significant estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions to the net assets available for benefits during the reporting period. Actual results could differ from those estimates.

**Table of Contents**

BRISTOL-MYERS SQUIBB COMPANY  
SAVINGS AND INVESTMENT PROGRAM  
NOTES TO FINANCIAL STATEMENTS  
(IN THOUSANDS)

**Risks and Uncertainties**

The Program provides for various investment options in funds that can invest in a combination of stocks, bonds, fixed income securities, mutual funds, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

**Payment of Benefits**

Benefits are recorded when paid.

**Income, Expenses and Realized and Unrealized Gains and Losses on Securities**

Interest, dividends, and realized and unrealized gains and losses earned from participation in the Savings Plan Master Trust, are allocated to the Program based upon participants' account balances and activity. This investment activity is presented on a net basis on the statement of changes in net assets available for benefits as the Program's share of net investment income in the Savings Plan Master Trust.

Interest is accrued by the Savings Plan Master Trust as earned, and dividends are recorded on the ex-dividend date.

Purchases and sales of securities are recorded by the Savings Plan Master Trust on a trade-date basis. Realized gains and losses for security transactions are reported using the average cost method. Realized and unrealized gains and losses are included in the net appreciation / depreciation in the fair value of investments in the Statement of Changes in Net Assets Available for Benefits.

All expenses incurred by the Program, other than investment management and trustee fees, which are paid from each fund's assets, are paid by the Company.

NOTE 3 TERMINATION FORFEITURES

Forfeitures of amounts contributed by the Company due to terminations, net of amounts reinstated, are used to reduce future Company contributions. Forfeitures are also used to pay certain plan expenses. Forfeitures for the years ended December 31, 2004 and 2003 were \$1,009 and \$722, respectively.

NOTE 4 TAX STATUS OF THE PROGRAM

In the Program's latest determination letter dated July 8, 2003, the Internal Revenue Service stated that the Program, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although the Program has been amended since receiving the determination letter, counsel believes that the Program is qualified and the related Trust is tax-exempt as of December 31, 2004 and 2003.

In accordance with program provisions, the Company has the right to amend or replace the Program for any reason.

**NOTE 7 ERISA LITIGATION**

In December 2002 and the first quarter of 2003, the Company and others were named as defendants in five class actions brought under the Employee Retirement Income Security Act (ERISA) in the U.S. District Courts for the Southern District of New York and the District of New Jersey. These actions were consolidated in the Southern District of New York under the caption *In re Bristol-Myers Squibb Co. ERISA Litigation*, 02 CV 10129 (LAP). An Amended Consolidated Complaint was served on August 18, 2003. A Second Amended Consolidated Complaint was filed on May 27, 2005. The Second Amended Consolidated Complaint was brought on behalf of four named plaintiffs and a putative class consisting of all participants in, or beneficiaries of, the Bristol-Myers Squibb Company Savings and Investment Program (Savings Plan) at any time between January 1, 1999 and March 10, 2003 whose accounts included investment in BMS stock. The named defendants are the Company, the Bristol-Myers Squibb Company Savings Plan Committee (Committee), thirteen individuals who presently serve on the Committee or who served on the Committee in the recent past, Charles A. Heimbold, Jr. and Peter R. Dolan (the past and present Chief Executive Officers, respectively, of the Company). The Second Amended Consolidated Complaint generally alleged that the defendants breached their fiduciary duties under ERISA during the class period by, among other things, imprudently investing assets of the Savings Plan in Company stock; misrepresenting and failing to disclose truthful and adequate information about Company stock as a Savings Plan investment; and operating under conflicts of interest. In addition, all defendants except Heimbold and Dolan were alleged to have engaged in transactions prohibited under ERISA by causing the Savings Plan to acquire Company stock, and the Company, Heimbold and Dolan were alleged to have failed to monitor the other Savings Plan fiduciaries. These ERISA claims were predicated upon factual allegations concerning, among other things: the safety, efficacy and commercial viability of VANLEV; the Company's sales incentives to certain wholesalers and the inventory levels of those wholesalers; and alleged anticompetitive behavior in connection with BUSPAR and TAXOL®.

On June 6, 2005, counsel for plaintiffs and the Company entered into a Stipulation and Agreement of Settlement (Settlement). The Settlement provides, among other things, that the Company pay to the BMS Savings Plan Master Trust \$41,220 less plaintiffs' attorneys' fees, costs and certain expenses (including notice costs). Additionally, the Company agreed to certain structural changes relating to plan administration and participant education. The Settlement provides for certification, for Settlement purposes only, of a class consisting of all persons who were participants in, or beneficiaries of, (i) the Bristol-Myers Squibb Company Savings and Investment Program; (ii) the Bristol-Myers Squibb Puerto Rico, Inc. Savings and Investment Program; and (iii) the Bristol-Myers Squibb Company Employee Incentive Thrift Plan, at any time between January 1, 1999 and March 10, 2003 and whose accounts in such plans included investments in the Bristol-Myers Squibb Company Stock Fund (excluding the individual defendants). The U.S. District Court for the Southern District of New York preliminarily approved the Settlement on June 22, 2005. Notice of the Settlement is to be completed by August 22, 2005, and the fairness hearing has been scheduled for October 12, 2005. If approval were to be denied and the matter litigated, and if the Company were not to prevail in final, non-appealable determination of this matter, the impact could be material to its results of operations. No employee benefit plan was a named defendant in the litigation, and no costs incurred with respect to the litigation have been borne directly by any employee benefit plan. The 2005 Settlement is not reflected in the accompanying financial statements.
