Investment in First Railway Leasing Company in China

Tokyo, Japan September 22, 2005 ORIX Corporation, today announced that it has agreed to make an equity investment in a leasing company, China Railway Leasing Co., Ltd. (CRLC), which is presently being established by the China Railway Materials & Supplies Corporation (CRMSC) (100% capitalized by the State-owned Assets Supervision and Administration Commission (SASAC)). The investment in CRLC is scheduled for sometime during December 2005.

CRLC (Headquarters: Putong, Shanghai), which is the first leasing company in China to specialize in the railway sector, will offer direct financing leases and operating leases for railway cars, control devices and maintenance equipment to the China Ministry of Railways. CRLC will be capitalized at approximately US\$20 million (approximately ¥2.2 billion) with CRMSC holding an equity interest of 75%, and the ORIX Group 25%. The Board shall consist of six directors, two of which, including one Vice Chairman, shall be nominated by the ORIX Group.

With the rapid growth of the Chinese economy, enhancement of railway transport is one of the most important policies in the government's schedule. Plans are in place for extending the railway network (from 73,000 km as of December 31, 2003 to 100,000 km by the year 2020), promoting electrification and double-track lines, and establishing a rapid railway network as outlined in the 10th five-year plan adopted in March 2001. Total investment is expected to reach RMB\$2 trillion (Approximately ¥26 trillion; annually ¥1.3 trillion).

CRLC will begin operations by focusing on providing direct financing leases and operating leases for railway cars and railway-related equipment in order to meet the needs for diversifying funding sources of the China Ministry of Railways. In the future, the scope of CRLC's operations is expected to include the development of housing and cities along the railway, car rentals located at stations, and railway car test

runs.

ORIX's partner, CRMSC separated from the China Ministry of Railways in 2004 and was established as a general trading company. Presently, CRMSC boasts the fourth highest sales in China in the commercial trade field for a large-scale state-run enterprise under SASAC. ORIX was chosen as the only foreign partner due to its high degree of specialization in the field of financial services focusing on leasing and its expansion of diversified operations both in Japan and throughout the world, as well as its experience and achievements in China.

ORIX hopes to contribute to the development of the railway business in China and the Chinese economy by utilizing the ORIX Group's vast financial expertise and services.
