REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Board of Directors and Stockholders

Nutrio.com, Inc.

We have audited the accompanying balance sheets of Nutrio.com, Inc. as of December 31, 2005 and 2004, and the related statements of operations, stockholders' (deficit) equity, and cash flows for each of the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements and schedule based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Company's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Nutrio.com, Inc. at December 31, 2005 and 2004, and the results of its operations and its cash flows for each of the two years in the period ended December 31, 2005, in conformity with U.S. generally accepted accounting principles.

Boca Raton, Florida

Table of Contents**NUTRIO.COM, INC.****NOTES TO FINANCIAL STATEMENTS****DECEMBER 31, 2005 AND 2004****NOTE 1 - ORGANIZATION**

Nutrio.com, Inc. (the Company) was incorporated in the State of Delaware for the purpose of developing and marketing nutrition, fitness, and wellness programs targeted for weight loss/management and disease management.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**Cash and Cash Equivalents**

The Company considers all highly liquid investments purchased with an original maturity of three months or less to be cash equivalents.

Property and Office Equipment

Property and office equipment is stated at cost. Depreciation is computed using the straight-line method over the estimated useful lives of the related assets, which is approximately five years.

Expenditures for maintenance and repairs are charged to operations as incurred, while major rework and betterments are capitalized. The assets and related depreciation are adjusted for asset retirements and disposals with the resulting gain or loss included in operations.

Revenue Recognition

The Company generates four types of revenues. Licensing revenues are recognized on a straight line basis over the period of the license. Development revenue relates to the planning, design and development of websites for its customers and it is recognized ratably over the license period once the website is launched. Consulting revenue relates to consulting services provided to customers and revenue is recognized when services and/or deliverables are completed and collection is probable. Lastly, subscription revenue relates to memberships to the proprietary content contained in its Web sites. Subscription plans are for a one to three month period and are paid in advance by customers. Cash receipts for subscription plans are deferred and recognized as revenue on a straight-line basis over the period of the subscription.

Revenues by type for the years ended December 31, 2005 and 2004 are as follows:

	2005	2004
Licensing revenue	\$ 893,900	\$ 617,218
Development revenue	133,132	22,831
Consulting revenue	935,170	259,486
Subscription revenue	68,392	30,821
	\$ 2,030,594	\$ 930,356

Cost of Revenue

Cost of revenue consists primarily of hosting fees and compensation for Professionals that provide the content for the Web sites.

Table of Contents**Stock Based Compensation**

Until January 1, 2006, the Company applied the intrinsic value method provisions of Accounting Principles Board Opinion (APB) No. 25, *Accounting for Stock Issued to Employees*, and related interpretations in accounting for grants of options to Company's and employees under the Company's stock option plan.

In December 2004, the FASB issued Statement of Financial Accounting Standards (SFAS) No. 123R, *Share-Based Payment*, which is a revision of SFAS No. 123, *Accounting for Stock-Based Compensation*. The Statement supersedes APB No. 25 and its related implementation guidance. Effective the first quarter of 2006, the Company is required to record compensation expense for its employee stock options in accordance with SFAS No. 123R.

The following table illustrates the effect on net income (loss) as if the Company had applied the fair value recognition provisions of SFAS No. 123, *Accounting for Stock-Based Compensation*, as amended by SFAS No. 148, *Accounting for Stock-Based Compensation - Transition and Disclosure*, in accounting for employee option grants under the plan.

	For the years ended December 31,		For the three months ended March 31, 2005
	2005	2004	(unaudited)
Net income (loss) - as reported	\$ 585,416	\$ (147,913)	\$ 89,766
Total stock-based compensation expense determined under fair value method	(5,465)	(2,275)	(1,055)
Proforma net income (loss)	\$ 579,951	\$ (150,188)	\$ 88,711

These proforma results are not necessarily indicative of results that may be expected in future periods since additional options may be granted and the estimated fair value of the stock options is assumed to be amortized to expense over the vesting periods.

Long-Lived Assets

The Company accounts for long-lived assets pursuant to SFAS No. 144, *Accounting for the Impairment or Disposal of Long-Lived Assets*, which requires impairment losses to be recorded on long-lived assets used in operations when events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Management reviews long-lived assets for impairment whenever events or changes in circumstances indicate the assets may be impaired. An impairment loss is recorded when the net book value of the assets exceeds their fair value, as determined by projected discounted future cash flows. No impairment losses were recorded during the periods ended December 31, 2005 and 2004.

Fair Value of Financial Instruments

The carrying amounts of the Company's accounts receivable, accounts payable and accrued liabilities approximate their fair market value due to their short-term nature.

Table of Contents**Use of Estimates in the Preparation of Financial Statements**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Unaudited Interim Results

The accompanying balance sheets as of March 31, 2006 and 2005, the statements of operations, changes in stockholders' (deficit) equity and cash flows for the quarters ended March 31, 2006 and 2005 are unaudited and do not include all of the information and footnotes required by accounting principles generally accepted in the United States of America for complete financial statements. In our opinion, these financial statements reflect all adjustments which are of a normal recurring nature and which are necessary to present fairly the financial position of Nutrio.com, Inc. as of March 31, 2006 and 2005 and the results of operations and the cash flows for the three month periods ended March 31, 2006 and 2005. The results of operations for the three months ended March 31, 2006 and 2005 are not necessarily indicative of the results which may be expected for the entire fiscal year.

NOTE 3 - PROPERTY AND OFFICE EQUIPMENT

Property and office equipment, net consist of the following:

	December 31,		March 31,	
	2005	2004	2006	2005
			(unaudited)	
Computer and office equipment	\$ 26,654	\$ 17,871	\$ 28,004	\$ 17,871
Computer software	5,987	3,014	7,386	3,014
Furniture and fixtures	14,774	10,590	15,349	10,590
	47,415	31,475	50,739	31,475
Less: accumulated depreciation	(33,159)	(24,471)	(34,499)	(26,643)
	\$ 14,256	\$ 7,004	\$ 16,240	\$ 4,832

Depreciation expense for the years ended December 31, 2005 and 2004 was \$8,688 and \$5,500, respectively and \$1,340 and \$2,172 for the three months ended March 31, 2006 and 2005, respectively.

Table of Contents**NOTE 4 ACCRUED LIABILITIES**

Accrued liabilities consist of the following:

	December 31, 2005	December 31, 2004	March 31, 2006 (unaudited)	March 31, 2005
Accrued interest on note payable	\$ 274,473	\$ 223,723	\$	\$ 236,237
Accrued payroll	17,364	46,759	31,102	33,000
	\$ 291,837	\$ 270,482	\$ 31,102	\$ 269,237

NOTE 5 - RELATED PARTY TRANSACTIONS

The Company has a note payable of \$700,000 to its majority stockholder. This note arose when the stockholder funded monies to the Company for operating purposes. This note payable bears interest at a rate of prime plus 2% as of January 1 each year (7.25% and 6.0% respectively for 2005 and 2004) per annum with no maturity date.

On March 13, 2006 the Company entered into a settlement and release agreement with its majority shareholder for the outstanding note payable. The Company paid \$700,000 and the shareholder waived all the accrued interest to date and deemed the note paid in full.

NOTE 6 STOCKHOLDERS EQUITY**Stock Options**

In 1996 the Company established the Nutrio.com, Inc. Stock Plan (the Plan), a nonqualified and incentive stock option plan. The plan provides for the issuance of a maximum of 2,000,000 shares of common stock to employees, directors and consultants. Stock purchase rights may also be granted under the plan. Under the terms of the plan, the options expire after 10 years, as long as the employee remains employed with the Company. The employee option grants provide that the option will be canceled ninety days after an employee leaves employment with the Company.

Table of Contents

A summary of the activity relating to the Company's stock options for the years ended December 31, 2005 and 2004 and for the unaudited three months ended March 31, 2006 is presented below:

	Year Ended December 31,		Year Ended December 31,		Three months ended	
	2005	2004	2005	2004	March 31, 2006 (unaudited)	Weighted Average Exercise Price
	Shares	Weighted Average Exercise Price	Shares	Weighted Average Exercise Price	Shares	Price
Outstanding at beginning of year	1,471,800	\$ 0.21	1,446,800	\$ 0.20	1,506,800	\$ 0.23
Granted	45,000	0.65	25,000	0.65	10,000	0.65
Exercised	(10,000)	0.01				
Forfeited					(10,000)	0.65
Outstanding at end of year	1,506,800	0.23	1,471,800	0.21	1,506,800	0.23
Options exercisable at end of year	1,434,022	0.21	1,339,856	0.21	1,462,842	0.21
Weighted average exercise price of options granted during the year:						
Issued at market price	\$ 0.65			\$ 0.65		\$ 0.65
Issued above market price	n/a			n/a		n/a
Issued below market price	n/a			n/a		n/a
Weighted average fair value of options granted during the year:						
Issued at market price	\$ 0.65			\$ 0.65		\$ 0.65
Issued above market price	n/a			n/a		n/a
Issued below market price	n/a			n/a		n/a

Table of Contents

The following table summarizes information about stock options outstanding at December 31, 2005:

Range Of	Options Outstanding			Options Exercisable	
	Outstanding At December 31, 2005	Weighted Average Remaining Contractual Life (In Years)	Weighted Average Exercise Price	Exercisable At December 31, 2005	Weighted Average Exercise Price
Exercise Prices					
\$0.20	1,417,800	0.05	\$ 0.20	1,394,883	\$ 0.20
0.62 to 0.65	89,000	1.47	0.64	39,139	0.63
	1,506,800	0.12	\$ 0.23	1,434,022	\$ 0.21

Under SFAS 123, the fair value of each option grant is estimated on the date of grant using the Black-Scholes option-pricing model. The following weighted average assumptions were used:

Risk free interest rate	6.2%
Expected dividends	0.0%
Volatility factor	0.001
Weighted average expected Life of Options	10

The Black-Scholes option valuation model was developed for use in estimating the fair value of traded options that have no vesting restrictions and are fully transferable. In addition, option valuation models require the input of highly subjective assumptions including the expected stock price volatility. Because the Company's employee stock options have characteristics significantly different from those of traded options, and because changes in the subjective input assumptions can materially affect the fair value estimate, in management's opinion the existing models do not necessarily provide a reliable single measure of the fair value of the Company's options.

NOTE 7 - LEASE COMMITMENTS

The Company leases its office space under long-term operating lease agreements with an expiration date of December 31, 2006. Rent expense for all operating leases was \$38,374 and \$24,596 for the years ended December 31, 2005 and 2004, respectively.

At December 31, 2005, future minimum lease payments for these leases amounted to approximately \$48,000, all of which is due during fiscal year 2006.

NOTE 8 - INCOME TAXES

The Company accounts for income taxes under SFAS No. 109, *Accounting for Income Taxes*. Deferred income tax assets and liabilities are determined based upon differences between financial reporting and tax bases of assets and liabilities and are measured using the enacted tax rates and laws that will be in effect when the differences are expected to reverse. A valuation allowance is recorded when it is more likely than not that some portion or all of a deferred tax asset will not be realized. Significant components of the Company's net deferred income taxes as of December 31, 2005 and 2004 are as follows:

	December 31,	
	2005	2004
Deferred tax assets:		
Net operating loss carryforwards	\$ 1,515,562	\$ 1,731,761
Amortization tax		11,794
	1,515,562	1,743,555

Edgar Filing: EDIETS COM INC - Form 8-K/A

Less valuation allowance	(1,511,939)	(1,743,555)
Total deferred tax assets	3,623	
Deferred tax liabilities:		
Depreciation	(3,623)	
Total deferred tax liabilities	(3,623)	
Total net deferred tax assets	\$	\$

- 15 -

Table of Contents

SFAS No. 109 requires a valuation allowance to reduce the deferred tax assets reported if, based on the weight of the evidence, it is more likely than not that some portion or all of the deferred tax assets will not be realized. After consideration of all evidence, both positive and negative, management has determined that a \$1,511,939 and \$1,743,555 valuation allowance at December 31, 2005 and 2004, respectively, is necessary to reduce the deferred tax assets to the amount that will more likely than not be realized. The change in the valuation allowance for the years ended December 31, 2005 and 2004 was a decrease of \$231,616 and an increase of \$56,341, respectively.

At December 31, 2005, the Company had approximately \$3,928,871 in net operating loss carryforwards for U.S. federal income tax purposes that expire in various amounts through 2025. As defined under Sections 382 of the Internal Revenue Code, if the Company determines that a change in control due to the acquisition by eDiets.com, Inc. has occurred, the utilization of the net operation loss carryforwards in existence at the time of the change in control may be limited by eDiets.com, Inc. on an annual basis and could expire unused.

The reconciliation of income tax computed at the U.S. federal statutory rate to income tax expense for the years ended December 31, 2005 and 2004 is as follows:

	December 31,	
	2005	2004
Tax at U.S. statutory rate	35.0%	35.0%
State taxes, net of federal benefit	3.7	3.5
Nondeductible items	0.9	(0.4)
Change in valuation allowance	(39.6)	(38.1)
	(0.0)%	0.0%

Table of Contents

NOTE 9 - CONCENTRATION OF CREDIT RISK

The Company routinely carries balances with large commercial banks in excess of the federally insured limit of \$100,000 per institution. The uninsured cash balances at December 31, 2005 and 2004 totaled approximately \$553,000 and \$0, respectively.

NOTE 10 - CONCENTRATIONS

In 2005 the following five customers made up more than 10% of the annual revenues of the Company: Anthem (27%), Bally Total Fitness (19%), Ross Products (15%), Kraft Foods (12%), and SlimFast (12%).

In 2004, the following three customers made up more than 10% of the annual revenues of the Company: Kraft Foods (39%), SlimFast Products (34%), and Ross Products (12%).

NOTE 11 - SUBSEQUENT EVENTS

On May 15, 2006, the Company entered into an Agreement and Plan of Merger with eDiets.com, Inc. Pursuant to the Merger Agreement, eDiets will pay stockholders and optionholders of Nutrio \$8.5 million (\$250,000 of which will be held in escrow in satisfaction of any indemnification claims arising under the Merger Agreement) and up to \$2.5 million in additional purchase price consideration based on Nutrio's 2006 and 2007 financial performance. The Agreement and Plan of Merger was approved by the majority of the Company's stockholders in May 2006.

NOTE 12 - RECENT ACCOUNTING PRONOUNCEMENTS

In December 2004, the Financial Accounting Standards Board issued SFAS No. 123R, *Share-Based Payment*. SFAS No. 123R requires companies to expense the value of employee stock option and similar awards. SFAS No. 123R is effective as of the beginning of the first interim or annual reporting period that begins after June 15, 2005. SFAS No. 123R focuses primarily on accounting for transactions in which an entity obtains employee services in share-based payment transactions. Generally, the approach in SFAS No. 123R is similar to the approach described in SFAS No. 123. However, SFAS No. 123R requires all share-based payments to employees, including grants of employee stock options, to be recognized in the income statement based on their fair values. Pro forma disclosure is no longer an alternative. SFAS No. 123R also requires the benefits of tax deductions in excess of recognized compensation expense to be reported as a financing cash flow, rather than as an operating cash flow, as prescribed under current accounting rules. This requirement will reduce net operating cash flows and increase net financing cash flows in periods after adoption. Total cash flow will remain unchanged from what would have been reported under prior accounting rules. In April 2005, the Securities and Exchange Commission adopted a new rule that amends the effective dates for SFAS No. 123R. In accordance with the new rule, the accounting provisions of SFAS No. 123R will be effective for the Company beginning in the first quarter of fiscal 2006.

SFAS No. 123R permits public companies to adopt its requirements using one of two methods: A modified prospective method in which compensation cost is recognized beginning with the effective date (a) based on the requirements of SFAS No. 123R for all share-based payments granted after the effective date and (b) based on the requirements of SFAS No. 123R for all awards granted to employees prior to the effective date of SFAS No. 123R that remain unvested on the effective date. A prospective method which includes the requirements of the modified prospective method described above, but also permits entities to restate based on the amounts previously recognized under SFAS No. 123R for purposes of pro forma disclosures either (a) all prior periods presented or (b) prior interim periods of the year of adoption. SFAS No. 123R also requires the benefits of tax deductions in excess of recognized compensation cost to be reported as a financing cash flow, rather than as an operating cash flow as required under current literature. The Company plans to adopt SFAS No. 123R using the modified prospective method.

As permitted by SFAS No. 123, the Company currently accounts for share-based payments to employees using APB No. 25's intrinsic value method and, as such, generally recognizes no compensation cost for employee stock options. Accordingly, the adoption of SFAS No. 123R's fair value method will not affect the Company's total cash flows or financial position, but it will reduce reported income. The impact of adoption of SFAS No. 123R cannot be predicted at this time because it will depend on levels of share-based payments granted in the future.

Table of Contents

However, had the Company adopted SFAS No. 123R in prior periods, the impact of that standard would have approximated the impact of SFAS No. 123 as described in the disclosure of pro forma net income and earnings per share in Note 2 to our Financial Statements.

In 2005, the FASB issued Statement No. 154, *Accounting Changes and Error Corrections – A Replacement of APB Opinion No. 20 and FASB Statement No. 3* (SFAS No. 154). This Statement requires that a voluntary change in accounting principle be applied retrospectively with all prior period financial statements presented on the basis of the new accounting principle, unless it is impracticable to do so. SFAS No. 154 also provides that 1) a change in method of depreciating or amortizing a long-lived non-financial asset be accounted for as a change in estimate (prospectively) that was effected by a change in accounting principle, and 2) redefines restatement as the revising of previously issued financial statements to reflect the correction of an error. The new standard is effective for accounting changes and correction of errors made in fiscal years beginning after December 15, 2005. The impact of SFAS No. 154 cannot be determined unless and until a change in accounting principle or estimate arises. The Company does not anticipate any changes in accounting principle at this time.

PROFORMA CONDENSED COMBINED FINANCIAL STATEMENTS (UNAUDITED)

The following unaudited pro forma condensed combined financial statements are based on our historical combined financial statements and Nutrio.com, Inc.'s historical financial statements, each included in this Form 8-K, and adjusted to give effect to the May 15, 2006 Nutrio.com, Inc. acquisition. The unaudited condensed combined balance sheet at March 31, 2006 gives effect to the acquisition of Nutrio.com, Inc. (Nutrio) by eDiets.com, Inc. (the Company) as if the transaction had occurred on March 31, 2006. The pro forma condensed combined statements of operations for the year ended December 31, 2005 and the three months ended March 31, 2006 give effect to the foregoing as if the transaction had occurred on January 1, 2005.

On May 15, 2006, the Company entered into an Agreement and Plan of Merger with Nutrio, a leading provider of interactive private-label nutrition, fitness and wellness programs (the Merger). The total consideration paid to stockholders and option-holders of Nutrio in consideration for the Merger is (a) \$8,500,000 (\$250,000 of which will be held in escrow to satisfy indemnification claims under the Merger Agreement) and (b) \$2,500,000 in potential earn out payments depending on Nutrio's financial performance during calendar year 2006 and 2007. The amount of Merger consideration is also subject to a positive or negative working capital adjustment to the extent that Nutrio's working capital at closing exceeds or is less than \$220,000.

Also on May 15, 2006, the Company entered into a Securities Purchase Agreement (Company Purchase Agreement) dated May 15, 2006 by and between the Company and Prides Capital (Prides Capital), pursuant to which the Company completed a private sale to Prides Capital of approximately 1.7 million shares of common stock at a purchase price of \$5.05 per share and a warrant to purchase approximately 1.0 million shares of common stock at an exercise price of \$6.00 per share. The warrant has a five year expiration date, is exercisable beginning six months after issuance and provides for a cashless net exercise under certain conditions with respect to up to 25% of the shares of common stock issuable upon exercise thereof. The Company used the approximately \$8.5 million in proceeds from the sale to fund the Merger. Pursuant to the Company Purchase Agreement, Prides Capital also agreed to purchase from the Company, subject to approval by the Company's stockholders, an additional 297,030 shares of common stock at a purchase price of \$5.05 per share and an additional five-year warrant to purchase 178,218 shares at an exercise price of \$6.00 per share.

The Company has accounted for the acquisition as a purchase transaction, and this unaudited combined condensed pro forma financial information reflects that method of accounting. Under the purchase method of accounting, the total purchase price, including direct acquisition costs, is allocated to the net assets and liabilities acquired based upon estimates of the fair value of those assets and liabilities. Any excess purchase price is allocated to goodwill. The preliminary allocation of the purchase price was based upon estimates of the fair value of the acquired assets and liabilities in accordance with Statement of Financial Accounting Standards No. 141, *Business Combinations*. Currently, we are completing a fair value assessment of the acquired assets, liabilities and identifiable intangible assets in the acquisition. Once we conclude this valuation, the purchase price allocation will be adjusted accordingly.

Table of Contents

The pro forma financial data is presented for informational purposes only and should not be considered indicative of actual results that would have been achieved had the transaction actually been consummated on the date indicated and does not purport to project the financial position or results of operations for any future period or as of any future date. The pro forma condensed combined financial statements should be read in conjunction with the notes thereto and with the financial statements and the notes thereto of the Company and the financial statements and the notes thereto of Nutrio.com, Inc., all of which are included elsewhere in this document.

Table of Contents

(1) Reflects elimination of the historical equity accounts of Nutrio.com, Inc. and allocation of total purchase price as follows (in thousands):

Assets	\$ 532
Liabilities acquired	(73)
Intangibles	3,088
Goodwill	6,242
Total purchase price	\$ 9,789

The total consideration paid to stockholders and option-holders of Nutrio in consideration for the Merger is (a) \$8,500,000 (\$250,000 of which will be held in escrow to satisfy indemnification claims under the Merger Agreement). In addition, the Merger Agreement includes potential earn out payment up to \$2,500,000 depending on Nutrio's financial performance during calendar year 2006 and 2007. The amount of Merger consideration is also subject to a positive or negative working capital adjustment to the extent that Nutrio's working capital at closing exceeds or is less than \$220,000.

(2) For the purpose of these unaudited pro forma condensed combined financial statements, we have adopted Statement of Financial Accounting Standards (SFAS) No. 141, *Business Combinations*, and SFAS No. 142, *Goodwill and Intangible Assets*. In accordance with SFAS No. 141, no amortization of goodwill is included.

The pro forma adjustment to amortization of intangible assets consists of additional amortization expense for the identifiable intangible assets acquired in the acquisitions as if the acquisitions had occurred on January 1, 2005, using lives from 2 to 3 years.

(3) Reflects the issuance of shares to Prides Capital.

(4) The pro forma adjustment to revenue is the result of applying the fair value adjustment to the deferred revenue balance as of January 1, 2005.
