Item 1.01. Entry into a Material Definitive Agreement

On November 1, 2006, Energy Transfer Partners, L.P., a Delaware limited partnership (the Partnership), issued 26,086,957 Class G Units, representing limited partner interests, to Energy Transfer Equity, L.P. ( ETE ), pursuant to a Contribution and Conveyance Agreement between the Partnership and ETE (the Contribution Agreement). In connection therewith, the Partnership entered into a Registration Rights Agreement with ETE (the Registration Rights Agreement), and the Partnership's General Partner amended the Amended and Restated Agreement of Limited Partnership of Energy Transfer Partners, L.P. (the Partnership Agreement) pursuant to Amendment No. 10 to the Partnership Agreement ( Amendment No. 10 ). The proceeds of the issuance of the Class G Units were used to fund a portion of the Partnership's previously announced Transwestern Pipeline acquisition and to repay indebtedness incurred in connection with its acquisition of Titan Energy Partners LP and Titan Energy GP LLC.

The descriptions of the Registration Rights Agreement and Amendment No. 10 included in Items 3.02 and 5.03 are incorporated herein by reference.

Item 3.02 Unregistered Sales of Equity Securities

Pursuant to the Contribution Agreement, the Partnership issued 26,086,957 Class G Units in exchange for a cash contribution of \$1.2 billion. The price per Class G Unit was based upon a market discount from the closing price of the Partnership's Common Units on October 31, 2006. No underwriting discounts or commissions were paid. The Class G Units were issued to ETE in a private placement exempt from registration pursuant to Section 4(2) of the Securities Act of 1933, as amended. The terms and provisions of the Class G Units provide that they may be converted into Common Units of the Partnership upon the approval by the holders of the Partnership's Common Units of a change in their terms. Pursuant to the Registration Rights Agreement, the Partnership has agreed to file with the Securities and Exchange Commission a registration statement to permit the resale of the converted units by the holders thereof.

The description of the Class G Units included in Item 5.03 is incorporated herein by reference.

Item 5.03 Amendments to Articles of Incorporation of Bylaws; Change in Fiscal Year

Pursuant to the terms of the Partnership Agreement, the Partnership's General Partner entered into Amendment No. 10 on November 1, 2006, to create a new class of limited partner interests titled Class G Units, which may be converted to Common Units on a one-for-one basis upon receiving the requisite approval by the Partnership's common unitholders. The Class G Units are entitled to vote upon any proposal submitted to the Partnership's common unitholders, however, they are not entitled to vote on the proposal for their conversion. The Class G Units provide that, prior to conversion, the Class G Units will share in Partnership distributions and will be entitled to all items of Partnership income, gain, loss, deduction and credit as if the Class G Units were Subordinated Units. In the event the Class G Units are not converted to Common

Units within six months of their issuance, the Class G Units will be entitled to share in Partnership distributions based on 115% of the amount of any Partnership distribution to each Common Unit, and the right to receive distributions shall have the same order or priority relative to distributions on the Common Units.

The descriptions of the Registration Rights Agreement, Amendment No. 10 and the characteristics, terms and provisions of the Class G Units in this Item 5.03 are qualified in their entirety by the Registration Rights Agreement and Amendment No. 10, copies of which are being filed with this report as Exhibit 10.1 and 3.1.10, respectively, and incorporated by reference herein.
