PROXY STATEMENT

I ANNUAL MEETING INFORMATION

This proxy statement contains information related to the Annual Meeting of Shareholders of UGI Corporation to be held on Tuesday, February 27, 2007, beginning at 10:00 a.m., at The Desmond Hotel and Conference Center, One Liberty Boulevard, Malvern, Pennsylvania, and at any postponements or adjournments thereof. Directions to The Desmond Conference Center appear at the back of this booklet. This proxy statement was prepared under the direction of the Company's Board of Directors to solicit your proxy for use at the Annual Meeting. It will be mailed to Shareholders on or about January 2, 2007.

Who is entitled to vote?

Shareholders of record of our Common Stock at the close of business on December 15, 2006 are entitled to vote at the Annual Meeting, or any postponement or adjournment of the meeting scheduled in accordance with Pennsylvania law. Each Shareholder has one vote per Share on all matters to be voted on. On December 15, 2006, there were 105,857,448 Shares of Common Stock outstanding.

What am I voting on?

You will be asked to elect nine nominees to serve on the Company's Board of Directors, approve the Company's Amended and Restated 2004 Omnibus Equity Compensation Plan, ratify the appointment of our independent registered public accountants for Fiscal 2007, and consider a shareholder proposal, if properly presented at the meeting. The Board of Directors is not aware of any other matters to be presented for action at the meeting.

How does the Board of Directors recommend I vote on the proposals?

The Board of Directors recommends a vote **FOR** the election of each of the nominees for Director, **FOR** approval of the Amended and Restated 2004 Omnibus Equity Compensation Plan, and **FOR** the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accountants for Fiscal 2007.

What does it mean if I get more than one proxy card?

If your Shares are registered differently and are in more than one account, you will receive more than one card. Please follow the directions for voting on each of the proxy cards you receive to ensure that all of your Shares are voted.

How do I vote?

You may vote in one of three ways:

Vote Over the Internet

If your Shares are held in the name of a broker, bank or other nominee: Vote your Shares over the Internet by following the voting instructions provided on the voting instruction form that you receive from such broker, bank or other nominee.

If your Shares are registered in your name: Vote your Shares over the Internet by accessing the Mellon Investor Services LLC Proxy Vote Online website at:

<http://www.proxyvoting.com/ugi>

and following the on-screen instructions. You will need the control number that appears on your proxy card when you access the web page.

Vote By Telephone (Touch-Tone Phone Only)

If your Shares are held in the name of a broker, bank or other nominee: Vote your Shares over the telephone by following the telephone voting instructions, if any, provided on the proxy card you receive from such broker, bank or other nominee.

If your Shares are registered in your name: Vote your Shares over the telephone by accessing the telephone voting system toll-free at 1-866-540-5760 and following the telephone voting instructions. The telephone instructions will lead you through the voting process. You will need the control number that appears on your proxy card when you call.

Internet and telephone voting will provide proxy holders the same authority to vote your Shares as if you returned your proxy card by mail. In addition, Internet and telephone voting will reduce the Company's proxy-related first-class postage expenses.

Vote by Returning Your Proxy Card

You may vote by signing and returning your proxy card. The proxy holders will vote your Shares according to your directions. If you sign and return your proxy card without specifying choices, your Shares will be voted as recommended by the Board of Directors.

Table of Contents

If You Change Your Mind After Voting

You can revoke your proxy at any time before it is voted. Proxies are voted at the Annual Meeting. If you are a Shareholder of record, you can write to the Company's Corporate Secretary at our principal offices, 460 North Gulph Road, King of Prussia, Pennsylvania 19406, stating that you wish to revoke your proxy and that you need another proxy card. If you hold your Shares through a broker, bank or other nominee, you can revoke your proxy by contacting the broker, bank or other nominee and asking for a new proxy card. Alternatively, you can vote again, either over the Internet or by telephone. If you attend the meeting, you may vote by ballot, which will cancel your previous proxy vote. Your last vote is the vote that will be counted.

What is a quorum?

A quorum of the holders of the outstanding Shares must be present for the Annual Meeting to be held. A quorum is the presence at the meeting, in person or represented by proxy, of the holders of a majority of the outstanding Shares entitled to vote.

How are votes, abstentions and broker non-votes counted?

Abstentions are counted for purposes of determining the presence or absence of a quorum, but are not considered a vote cast under Pennsylvania law.

A broker non-vote may occur when a broker, bank or other nominee holding Shares on your behalf does not receive voting instructions from you. If that happens, the broker, bank or other nominee may vote those Shares only on matters deemed routine by the New York Stock Exchange, such as the election of directors and the ratification of the appointment of the independent accountants. On non-routine matters, such as the approval of the Amended and Restated 2004 Omnibus Equity Compensation Plan, the broker, bank or other nominee cannot vote those Shares unless they receive voting instructions from the beneficial owner. A broker non-vote occurs when a broker has not received voting instructions and either declines to exercise its discretionary authority to vote on routine matters or is barred from doing so because the matter is non-routine. Broker non-votes are counted to determine if a quorum is present, but are not considered a vote cast under Pennsylvania law.

As a result, abstentions and broker non-votes are not included in the tabulation of the voting results on issues requiring approval of a majority of the votes cast and, therefore, do not have the effect of votes in opposition in such tabulation.

What vote is required to approve each item?

The Director nominees will be elected by a plurality of the votes cast at the Annual Meeting. The other matters to be considered at the meeting require the affirmative vote of a majority of the votes cast at the meeting on the item to be approved.

Table of Contents

Who will count the vote?

Mellon Investor Services LLC, our Transfer Agent, will tabulate the votes cast by proxy or in person at the Annual Meeting.

What are the deadlines for Shareholder s proposals for next year s Annual Meeting?

Shareholders may submit proposals on matters appropriate for Shareholder action at future annual meetings by following the rules of the Securities and Exchange Commission. Proposals intended for inclusion in next year s proxy statement and proxy card must be received by the Company not later than September 4, 2007. With respect to proposals not intended for inclusion in the Company s proxy materials for next year s annual meeting, if the Company does not receive notice of such a proposal by November 18, 2007 and the matter is raised at that meeting, the proxy holders will have discretionary authority to vote on the matter. All proposals and notifications should be addressed to the Corporate Secretary.

How much did this proxy solicitation cost?

The Company has engaged Georgeson Inc. to solicit proxies for the Company for a fee of \$7,000 plus reasonable expenses for additional services. We also reimburse banks, brokerage firms and other institutions, nominees, custodians and fiduciaries for their reasonable expenses for sending proxy materials to beneficial owners and obtaining their voting instructions. Certain Directors, officers and regular employees of the Company and its subsidiaries may solicit proxies personally or by telephone or facsimile without additional compensation.

As part of its duties, the Board oversees the corporate governance of the Company for the purpose of creating long-term value for its Shareholders and safeguarding its commitment to its other stakeholders: our employees, our customers, our suppliers and creditors, and the communities in which we do business. To accomplish this purpose, the Board considers the interests of the Company's stakeholders when, together with management, it sets the strategies and objectives of the Company. The Board also evaluates management's performance in pursuing those strategies and achieving those objectives.

In carrying out its responsibilities under the guidelines set forth by the Principles of Corporate Governance, the Board will:

Approve the Company's strategies and objectives;

Evaluate the performance and compensation of the Chief Executive Officer and senior management;

Review succession planning;

Advise and counsel management;

Monitor policies on corporate governance and conduct;

Establish and monitor Board and Committee structure;

Designate a Presiding Director; and

Assess Board performance.

The full text of the Company's Principles of Corporate Governance can be found on the Company's website, www.ugicorp.com, under Investor Relations and Corporate Governance. The Company has also adopted (i) a Code of Ethics for the Chief Executive Officer and Senior Financial Officers that applies to the Company's Chief Executive Officer, Chief Financial Officer and Chief Accounting Officer, and (ii) a Code of Business Conduct and Ethics for Directors, Officers and Employees. All other communications directed to the Board of Directors or the non-management Directors as a group are initially reviewed by the General Counsel. The Chairman of the Corporate Governance Committee is advised promptly of any such communication that alleges misconduct on the part of Company management or raises legal, ethical or compliance concerns about Company policies or practices.

On a periodic basis, the Chairperson of the Corporate Governance Committee receives updates on other communications that raise issues related to the affairs of the Company but do not fall into the two prior categories. The Chairperson of the Corporate Governance Committee determines which of these communications he would like to see. The Corporate Secretary maintains a log of all such communications that is available for review for one year upon request of any member of the Board.

Typically, we do not forward to our Board of Directors communications from our Shareholders or other parties which are of a personal nature or are not related to the duties and responsibilities of the Board, including junk mail, customer complaints, job inquiries, surveys and polls, and business solicitations.

These procedures have been posted on the Company's website at www.ugicorp.com under Investor Relations and Corporate Governance.

I BOARD COMMITTEES AND MEETING ATTENDANCE

The Board of Directors has determined that, other than Messrs. Greenberg and Walsh, no Director has a material relationship with the Company and each is an independent director as defined under the rules of the New York Stock Exchange. The Board of Directors has established the following guidelines to assist it in determining director independence: (i) if a Director serves as an officer, director or trustee of a non-profit organization, charitable contributions to that organization by the Company and its affiliates in an amount up to \$250,000 per year will not be considered to result in a material relationship between such Director and the Company, and (ii) service by a Director or his immediate family member as an executive officer or employee of a company that makes payments to, or receives payments from, the Company or its affiliates for property or services in an amount which, in any of the last three fiscal years, did not exceed the greater of \$1 million or 2% of such other company's consolidated gross revenues, will not be considered to result in a material relationship between such Director and the Company.

The Board of Directors held 12 meetings in Fiscal 2006. All Directors attended at least 75% of the meetings of the Board of Directors and Committees of the Board of which they were members. Generally, all Directors attend the Company's Annual Meetings of Shareholders, and each of the Company's Directors attended the 2006 Annual Meeting of Shareholders, held on February 22, 2006. Independent Directors of the Board meet in regularly scheduled sessions without management present. These sessions are led by Mr. Stratton, who currently holds the position of Presiding Director.

He received an award of 2,550 Stock Units on that date. All Stock Unit awards were made pursuant to the 2004 Plan described below.

(2) An award of options for the purchase of Common Stock was made effective January 9, 2006 to all non-management Directors other than Mr. Vincent. Mr. Vincent was awarded 8,500 stock options on February 22, 2006. All of these options were made pursuant to the 2004 Plan described below and are immediately exercisable.

Directors Compensation Under the 2004 Plan

Purpose. The purpose of the 2004 Plan is to provide an incentive to our Directors, as well as our employees, to contribute to our economic success by aligning their interests with the interests of the Shareholders through grants of equity-based awards.

Administration. With respect to grants made to non-employee Directors, the 2004 Plan is administered by the Board. The Board has the authority to determine the individuals to whom grants will be made, the time when grants will be made, and the type, size, and terms of each grant.

Grants. The Board may make the following types of grants under the 2004 Plan to the non-management Directors, with terms to be established by the Board:

Stock options

Stock Units or Performance Units whose value is based on the value of our Common Stock

Table of Contents

Stock awards, which are awards of our Common Stock

Dividend Equivalents in connection with grants of options, Stock Units, Performance Units or other stock-based awards

Other stock-based awards, which are other awards based on, measured by or payable in our Common Stock

Options. All stock options will be non-qualified stock options, which are not intended to qualify as incentive stock options under Section 422 of the Internal Revenue Code. The exercise price of an option may not be less than the fair market value of a Share on the date of grant. The exercise price may be paid in cash, in Shares having a fair market value on the date of exercise equal to the amount of the exercise price, through a broker by having the broker sell Shares simultaneously with the exercise of the option, or by any other method permitted by the Board.

The term of each option will not exceed ten years. Except as otherwise provided by the Board, all options are fully vested on the date of the grant and may only be exercised while the participant is a Director, with exceptions for exercise following retirement, disability or death.

Stock Units. The Board may grant Stock Units to non-employee Directors. Each Stock Unit represents the right of the participant to receive a Share. Unless otherwise provided by the Board, all whole Stock Units credited to a Director on a dividend record date earn Dividend Equivalents on each payment date for the payment of a dividend by the Company on its Shares. A Dividend Equivalent is an amount determined by multiplying the number of Units credited to a participant's account by the per-Share cash dividend, or the per-Share fair market value of any non-cash dividend, paid by the Company on its Shares on a dividend payment date. Accrued Dividend Equivalents are converted to additional whole Units annually, on the last day of the calendar year.

All Stock Units and Dividend Equivalents are fully vested when credited to the participant's account. Account balances become payable 65% in Shares and 35% in cash, based on the value of a Share, upon retirement or termination of service.

Transferability of Grants. Grants under the 2004 Plan are not transferable by the participant except by will or the laws of descent and distribution. Grants under the 2004 Plan may not be pledged or otherwise encumbered by a participant or otherwise subject to the claims of a participant's creditors.

Notwithstanding anything to the contrary, the following reports of the Audit Committee and the Compensation and Management Development Committee shall not be deemed incorporated by reference by any general statement incorporating by reference this proxy statement into any filing under the Securities Act of 1933, as amended, or under the Securities Exchange Act of 1934, as amended, except to the extent that the Company specifically incorporates this information by reference, and shall not otherwise be deemed filed under such Acts.

I REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The Audit Committee is composed of independent Directors as defined by the rules of the New York Stock Exchange and acts under a written charter adopted by the Board of Directors. As described more fully in its charter, the role of the Committee is to assist the Board of Directors in its oversight of the quality and integrity of the Company's financial reporting process. The Committee also has the sole authority to appoint, retain, fix the compensation of and oversee the work of the Company's independent auditors.

In this context, the Committee has met and held discussions with management and the independent auditors to review and discuss the Company's internal control over financial reporting and the audited financial statements for Fiscal 2006. The Committee also reviewed management's report on internal control over financial reporting, required under Section 404 of the Sarbanes-Oxley Act of 2002. As part of this review, the Committee reviewed the basis for management's conclusions in that report, and the report of the independent auditors on internal control over financial reporting. Throughout Fiscal 2006, the Committee reviewed management's plan for documenting and testing controls, the results of management's documentation and testing, any deficiencies discovered, and the resulting remediation of deficiencies. The Committee has also discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, *Communications with Audit Committees*, as amended, and the independent auditors' independence. In addition, the Committee has received the written disclosures and the letter from the independent auditors required by Independence Standards Board Standard No. 1, *Independent Discussions with Audit Committees*.

Management has the primary responsibility for the financial reporting process, including the system of internal controls, and for preparation of consolidated financial statements in accordance with accounting principles generally accepted in the United States of America. The Company's independent auditors are responsible for auditing those financial statements and expressing an opinion as to their conformity with accounting principles generally accepted in the United States of America. The Committee's responsibility is to monitor and review these processes.

The members of the Committee are not professionally engaged in the practice of auditing or accounting. The members of the Committee rely, without independent verification, on the information provided to them and on the representations made by management and the independent auditors. Accordingly, the Committee's considerations and discussions referred to above do not assure that the audit of the Company's financial statements has been carried out in accordance with auditing standards generally accepted in the United States of America, that the financial statements are presented in accordance with accounting principles generally accepted in the United States of America or that our auditors are, in fact, independent.

Table of Contents

Based upon the reviews and discussions described in this report, the Committee has recommended to the Board that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended September 30, 2006 for filing with the Securities and Exchange Commission.

Table of Contents**I THE INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS**

In the course of its meetings, the Audit Committee considered whether the provision by PricewaterhouseCoopers of the professional services described in this section is compatible with PricewaterhouseCoopers independence. The Committee concluded that the independent public accountants are independent from the Company and its management.

Consistent with SEC policies regarding auditor independence, the Audit Committee has responsibility for appointing, setting compensation and overseeing the work of the Company's independent accountants. In recognition of this responsibility, the Audit Committee has a policy of pre-approving all audit and permissible non-audit services provided by the independent accountants.

Prior to engagement of the Company's independent accountants for the next year's audit, management submits a list of services and related fees expected to be rendered during that year within each of the four categories of services noted below to the Audit Committee for approval.

The aggregate fees billed by PricewaterhouseCoopers, the Company's independent registered public accountants, in Fiscal 2006 and 2005 were as follows:

	2006	2005
Audit Fees ¹	\$ 4,153,543	\$ 3,994,080
Audit-Related Fees	0	0
Tax Fees ²	522,211	716,324
All Other Fees ³	13,100	8,268
Total Fees for Services Provided	\$ 4,688,854	\$ 4,718,672

¹ Audit Fees were for audit services, including (i) the annual audit of the consolidated financial statements of the Company, (ii) the audit of management's assessment of the effectiveness of internal control over financial reporting, (iii) subsidiary audits, (iv) review of the interim financial statements included in the Quarterly Reports on Form 10-Q of the Company, AmeriGas Partners, L.P. and UGI Utilities, Inc., and (v) services that only the independent public accounting firm can reasonably be expected to provide, such as services associated with SEC registration statements and documents issued in connection with securities offerings.

² Tax Fees were for (i) the preparation of Substitute Schedule K-1 forms for unitholders of AmeriGas Partners, L.P., and (ii) tax planning and advice.

³ All Other Fees were for a software license.

| REPORT OF THE COMPENSATION AND MANAGEMENT DEVELOPMENT COMMITTEE OF THE BOARD OF DIRECTORS

Role of the Committee

The Committee establishes and oversees the Company's executive compensation policies and programs. The Committee also recommends to the Board of Directors base salaries, target bonus levels, actual bonuses, and long-term incentive awards to be paid to senior management. The Committee, together with the other independent members of the Board, determines and approves CEO compensation. In carrying out these functions, we believe it is important to align executive compensation with business objectives and strategies, management initiatives, financial performance and enhanced Shareholder value.

Our Committee is comprised of independent Directors, none of whom is or was an officer or employee of the Company or its subsidiaries. Periodically, we solicit and receive recommendations and advice from independent third-party compensation consultants. Towers Perrin has acted in this capacity since 1986.

Compensation for the chief executive officer of AmeriGas Propane, Inc. is determined by the Compensation/Pension Committee and Board of Directors of that company under the same process described in this report. Compensation for the chief executive officer of Antargaz is determined by the Antargaz Board of Directors and the Compensation and Management Development Committee and Board of Directors of UGI Corporation.

Executive Compensation Program

The executive compensation program is designed to attract and retain key executives with outstanding abilities and to motivate them to perform to the full extent of their abilities. We believe that executives should have a greater portion of their compensation at risk than other employees, and that executive compensation, as stated above, should be tied to the performance of the business and be aligned with benefits realized by the Company's Shareholders.

Compensation for Company executives consists of both cash and equity-based opportunities. The annual cash compensation consists of (i) base salary and (ii) annual bonus opportunity under the Company's Annual Bonus Plan. Long-term equity-based opportunities are provided under the 2004 Plan.

The Committee determines base salary ranges for executive officers based upon competitive pay practices, including those in the energy services industry. The base salary ranges for all executive officers were set at the 50th percentile of the survey companies. For Fiscal 2006, as has been the practice in the past, the Committee reviewed a report from Towers Perrin which compared base salary ranges for executive officers with base salary ranges for similar positions, as reported in published survey results in Towers Perrin's Executive Compensation Database, and Towers Perrin's Energy Services Executive Compensation Database. This comparison was weighted to reflect the Company's approximate business mix at the beginning of Fiscal 2006.

Table of Contents

Annually, the Committee recommends to the Board of Directors changes in actual salaries of senior executives based on judgments of past performance, job duties, scope and responsibilities, and expected future contributions. The most recent past performance is the prime determinant.

The Committee also oversees the Company's Annual Bonus Plan for senior executives. The Committee establishes challenging objectives based on business targets. For Messrs. Greenberg, Walsh and Mendicino the sole objective in 2006 was achieving the financial performance goal for the Company. For Mr. Varagne, the sole objective was achieving the financial performance goal for Antargaz. Mr. Bissell is covered under the AmeriGas Propane, Inc. Annual Bonus Plan. For Mr. Bissell the objective is achieving the financial performance goal for AmeriGas Propane, with this result subject to payment in amounts ranging from 0% to 200% based on the accomplishment of one or more strategic business goals.

Each year, after completion of the audit of the Company's financial statements, the Committee reviews business results and determines and recommends to the Board cash bonus payments under the terms of the Annual Bonus Plan. The financial objective for Fiscal 2006 for UGI Corporation senior executives was achievement of targeted earnings per share. For executives whose sole objective is achieving a financial performance goal, bonus payments are subject to a maximum 15% adjustment of the calculated bonus based on the individual's contribution having a significant impact on corporate performance. During Fiscal 2006, the financial objective for AmeriGas Propane, Inc. was earnings per AmeriGas Partners' Common Unit and the strategic business goal was achievement of targeted customer growth. For Antargaz the financial objective was the achievement of budgeted earnings before interest, taxes, depreciation and amortization.

Periodically, the Committee reviews the overall competitiveness of the Annual Bonus Plan with its compensation consultant. In 2006 the Annual Bonus Plan target bonus opportunity for each executive remained between the median and the 75th percentile of the survey companies using the published survey sources and methodology previously identified. The 50th to 75th percentile range was determined to be appropriate in light of the Committee's view that the annual bonus opportunities should have a significant reward potential to recognize the difficulty of achieving the annual goals and the significant corporate impact of doing so.

The Committee has established a practice of granting long-term equity-based awards annually. During Fiscal 2006, awards of stock options, performance units and dividend equivalents were made to the executive officers in December, effective on the following January 1st. Award levels were set by the Committee based on competitive practices as reported by Towers Perrin. For awards of performance units and dividend equivalents, the Committee selected total shareholder return for the Company over a three-year period, compared to that of the companies comprising the S&P Utilities Index, as the objective performance criteria. Performance units and dividend equivalents granted January 1, 2006 will be earned and vested on December 31, 2008 in amounts ranging from 0% to 200% of the original award, based on the Company's performance over that three-year performance period, relative to that of the companies in the S&P Utilities Index.

Table of Contents

In the case of Mr. Bissell, a separate AmeriGas program provides annual awards having three-year performance measurement periods. These awards consist of phantom performance-contingent restricted AmeriGas Partners Common Units and Partnership distribution equivalents. The objective performance-based goal for Mr. Bissell's award is total unitholder return for AmeriGas Partners relative to a peer group of publicly traded limited partnerships.

As is the case with cash compensation and annual bonus awards, we relied on Towers Perrin's executive compensation databases as the basis for establishing equity compensation. This did not apply to Mr. Varagne, for whom such data was not available. His stock option awards and performance unit awards were recommended by management, based on management's consideration of internal pay equity and recognition of differing competitive pay practices overseas than in the United States.

In determining the total dollar value of the long-term compensation opportunity to be provided in 2006, we relied on information reported by Towers Perrin regarding competitive amounts for comparable executive positions. As in the past, these competitive amounts are based on long-term compensation amounts for each executive at the 50th percentile compared to executives in similar size companies included in Towers Perrin's Long-Term Incentive Plan Report for 2006.

We then applied 50 percent of the amount of the long-term incentive opportunity to stock options and 50 percent to performance units. We have bifurcated long-term compensation in this manner since 2000 and believe it provides a good balance between two related, but discrete goals. Stock options are designed to align the executive's interests with shareholder interests, because the value of stock options is a function of the appreciation or depreciation of our stock price. The performance units are designed to encourage performance that not only increases shareholder value, but increases it to an extent that compares favorably relative to a competitive peer group.

The Committee believes that the Company competes for key executives from a broad pool of companies in general industry and the energy industry. This pool of companies is much larger than the group of companies comprising the S&P Utilities Index, against which total Shareholder return is compared in the Corporate Performance section of this Proxy Statement. Therefore, the survey companies used to determine competitive pay practices and to establish base salary ranges, Annual Bonus Plan target opportunities and long-term equity-based awards, are not the same as the companies comprising the S&P Utilities Index.

The Committee and the Board of Directors have approved an Amended and Restated 2004 Omnibus Equity Compensation Plan that is being submitted for approval by shareholders at the 2007 Annual Meeting. The amended Plan provides flexibility to the Committee in establishing equity-based incentives for future grants. Consistent with current practice, the Committee intends to select objective performance criteria for future awards under the amended Plan that will reconfirm the Company's long-standing goal of providing superior shareholder returns.

Table of Contents

Fiscal 2006 CEO Compensation

The compensation for Mr. Greenberg recommended by the Committee to the Board of Directors was based upon the procedure for determining base salary ranges, actual salaries within ranges, Annual Bonus Plan targets and long-term incentive awards described earlier in this report and the factors and criteria described below.

Base Salary. For Fiscal 2006, the Committee determined that Mr. Greenberg's base salary be increased by 7.0% over the level set for Fiscal 2005. In making this determination, the Committee considered (i) Mr. Greenberg's position in salary range, (ii) Mr. Greenberg's performance during the year, including how Mr. Greenberg performed on the objectives for the year as approved by the Committee, and (iii) the strong overall financial, strategic and operational performance of the Company. The Committee did not assign specific weight to these factors.

Annual Bonus. For Fiscal 2006, Mr. Greenberg earned the annual bonus shown on page 25. The amount of the bonus reflects the fact that the Company's Fiscal 2006 earnings per share were modestly in excess of the pre-established earnings target.

Long-Term Incentive. During Fiscal 2006, after consultation with Towers Perrin regarding industry practices, the Board made a grant to Mr. Greenberg under the 2004 Plan of 250,000 stock options, as well as a grant of 50,000 Performance Units. These grants were effective January 1, 2006. The performance period for the Performance Units will end December 31, 2008.

Policy on Deductibility of Compensation

Section 162(m) of the Internal Revenue Code limits the tax deduction to \$1,000,000 for compensation paid to the Chief Executive Officer and the Named Executive Officers, other than Mr. Varagne, unless certain requirements are met. One of the requirements is that compensation over \$1,000,000 must be based upon attainment of performance goals approved by Shareholders.

To the extent possible, the Committee intends to preserve deductibility of long-term compensation, but it may choose to provide long-term compensation that is not deductible in order to maximize Shareholder return and to retain and reward high-performing executives.

(2) Amounts represent tax payment reimbursements for certain benefits, except for Mr. Walsh. In 2005, Mr. Walsh was reimbursed for relocation expenses.

(3)(a) Effective January 1, 2006, the Board of Directors of the Company approved performance unit awards (Performance Units) to the Named Executives, other than Mr. Bissell, under the 2004 Plan. Each Performance Unit represents the right of the recipient to receive a share of Stock or an amount based on the value of a share of Stock, if specified performance goals and other conditions are met. Dividend Equivalents will accumulate on the Performance Units awarded. A Dividend Equivalent is an amount determined by multiplying the number of Performance Units credited to a recipient's account by the per-Share cash dividend, or the per-Share fair market value of any non-cash dividend, paid by the Company on its Shares on a dividend payment date. These Dividend Equivalents will also be leveraged based on the Company's total shareholder return (TSR) performance as described below and distributed when the performance period on the Performance Units ends on December 31, 2008. If the recipient ceases to be employed by the Company before the end of the performance period, other than by reason of retirement, disability or death, awards of Performance Units and Dividend Equivalents will be forfeited. The performance requirement for the awards shown, other than Mr. Varagne's, is that the Company's TSR during the relevant performance period equals the median of a peer group. The peer group is the group of companies that comprise the S&P Utilities Index. Mr. Varagne's performance requirement for the award shown is that the Company rank first in TSR among peer companies. The actual amount of the award may be higher or lower than the original grant, or even zero, based on the Company's TSR percentile rank relative to the companies in the S&P Utilities Index. The maximum payout potential is 200% of the original award. The maximum number of Shares to be issued in respect of awards of Performance Units will be less than the target number of Shares originally awarded, because (i) payouts will be made in cash to the extent of minimum tax withholding requirements, and (ii) leverage on awards of Performance Units will be paid in cash, as will Dividend Equivalents.

(3)(b) Effective January 1, 2005, the Board of Directors of the Company approved Performance Unit awards to the Named Executives, other than Messrs. Bissell and Walsh, under the 2004 Plan. Dividend Equivalents will accumulate on the Performance Units awarded. These Dividend Equivalents will also be leveraged based on the Company's TSR performance as described above and distributed when the performance period on the Performance Units ends on December 31, 2007. If the recipient ceases to be employed by the Company before the end of the performance period, other than by reason of retirement, disability or death, awards of Performance Units and Dividend Equivalents will be forfeited. The performance requirement is the same as the TSR performance described above for the 2006 awards. The peer group is the group of companies that comprise the S&P Utilities Index. The actual amount of the award may be higher or lower than the original grant, or even zero, based on the Company's TSR percentile rank relative to the companies in the S&P Utilities Index. The maximum payout potential is 200% of the original award. The maximum number of Shares to be issued in respect of awards of Performance Units will be less than the target number of Shares originally awarded, for the reasons stated above for the 2006 awards.

(3)(c) Effective April 1, 2005, the Board of Directors of the Company approved an award of 50,000 Performance Units under the 2004 Plan to Mr. Walsh. Dividend Equivalents will accumulate on the Performance Units awarded. The Units have separate performance measurement periods as follows: 5,000 Units - January 1, 2003 through December 31, 2005; 15,000 Units - January 1, 2004 through December 31, 2006; and 30,000 Units - January 1, 2005 through December 31, 2007. The performance requirement is the same as the TSR performance described above for the 2006 awards.

(3)(d) Effective April 1, 2005, the Board of Directors of the Company also approved an award of 40,000 Stock Units with Dividend Equivalents under the 2004 Plan to Mr. Walsh. Each Stock Unit represents the right of Mr. Walsh to receive a share of Stock or an amount based on the value of a share of Stock after the expiration of a restriction period. The restriction period will end on March 31, 2007. The Company expects to pay the restricted Stock Unit awards partially in cash, to the extent of tax withholding requirements. Accumulated Dividend Equivalents will be paid in cash. If Mr. Walsh ceases to be employed by the Company or its affiliates before the end of the applicable restriction period, other than by reason of retirement, death or disability, the Stock Units and Dividend Equivalents will be forfeited.

In connection with Mr. Mendicino's planned retirement in 2007, on December 5, 2006 the Board of Directors approved a change in the restriction period applicable to this award. The restriction period will now end on March 31, 2007. The Company expects to pay the Stock Unit awards partially in Stock and partially in cash, to the extent of tax withholding requirements. Accumulated Dividend Equivalents will be paid in cash. If Mr. Mendicino ceases to be employed by the Company or its affiliates before the end of the restriction period, other than by reason of death or disability, the Stock Units and Dividend Equivalents will be forfeited.

(3)(f) Effective January 1, 2004, the Board of Directors of the Company approved Performance Units to the Named Executives, other than Mr. Bissell, under the 2004 Plan. Each Performance Unit represents the right of the recipient to receive a share of Stock or an amount based on the value of a share of Stock, if specified performance goals and other conditions are met. Dividend Equivalents will accumulate on the Performance Units awarded. These Dividend Equivalents will also be leveraged based on the Company's TSR performance as described above and distributed when the performance period on the Performance Units ends on December 31, 2006. The performance requirement is the same as the TSR performance described above for the 2006 awards. The peer group is the group of companies that comprise the S&P Utilities Index. The actual amount of the award may be higher or lower than the original grant, or even zero, based on the Company's TSR percentile rank relative to the companies in the S&P Utilities Index. The maximum payout potential is 200% of the original award. The maximum number of Shares to be issued in respect of awards of Performance Units will be less than the target number of Shares originally awarded for the reasons stated above for the 2006 awards.

(3)(g) Effective January 1, 2006, the Board of Directors of AmeriGas Propane, Inc. (AmeriGas) approved a phantom performance-contingent restricted Common Unit award (Restricted Units) to Mr. Bissell, under the 2000 AmeriGas Propane, Inc. Long-Term Incentive Plan. Each Restricted Unit represents the right of Mr. Bissell to receive a Common Unit or an amount based on the value of a Common Unit, if specified performance goals and other conditions are met. Distribution Equivalents will accumulate on the Restricted Units awarded. These Distribution Equivalents may be leveraged based on performance described below. The performance period for the award will end on December 31, 2008. If Mr. Bissell ceases to be employed by AmeriGas before December 31, 2008, other than by reason of retirement, disability or death, all awards of Restricted Units and Distribution Equivalents will be forfeited. The performance requirement for the awards shown is that the Partnership's total unitholder return (TR) during the relevant measurement period equals the median TR of a peer group of publicly traded limited partnerships. The actual amount of the award may be higher or lower than the original grant, or even zero, based on the Partnership's TR percentile rank relative to that of the partnerships in the peer group. The maximum payout potential is 200% of the original award.

Table of Contents

The dollar values shown in the Restricted Stock Awards column of the table above for all years, represent the aggregate value of each award on the date of grant, determined by multiplying the number of Performance Units and Stock Units (collectively, Restricted Shares) awarded by the closing price of UGI Common Stock or, for Mr. Bissell, the number of Restricted Units, by the closing price of a Common Unit, on the New York Stock Exchange on the effective dates of the respective grants. The total number of Restricted Shares held by the Named Executives, and the total market value of those Shares as of September 29, 2006 is as follows: Mr. Greenberg, 180,000 Restricted Shares market value \$4,401,000; Mr. Mendicino, 62,500 Restricted Shares market value \$1,528,125; Mr. Walsh, 110,000 Restricted Shares market value \$2,689,500; and Mr. Varagne, 109,000 Restricted Shares market value \$2,665,050. The total number of Restricted Units reflected in the table above, and the market value of those Units on September 29, 2006 is as follows: Mr. Bissell, 37,000 Restricted Units - market value \$1,141,820. Dividend Equivalents and Distribution Equivalents will accumulate on all Restricted Shares awarded, except for those awarded to Mr. Varagne in 2006.

(4) Effective January 1, 2003, the Board of Directors of UGI approved awards of Performance Units to Messrs. Greenberg and Mendicino under the UGI Corporation 2000 Stock Incentive Plan. Dividend equivalents accumulated on the Performance Units awarded and were subject to leverage based on UGI's TSR for the performance period established for each award. The performance period was January 1, 2003 through December 31, 2005. Mr. Walsh was granted Performance Units with the same performance period upon joining the Company in 2005. For these awards, UGI achieved a 59.5 TSR percentile ranking in its peer group (the companies in the S&P 500 Utilities Index). Accordingly, a payout in the amount of 122% of the original awards was earned. The LTIP Payout column in the Summary Compensation Table above for 2006 reflects the cash paid in respect of the leverage above 100% of the original awards of Performance Units.

Effective January 1, 2002, the Board of Directors of UGI approved three awards of Performance Units to Messrs. Greenberg and Mendicino under the UGI Corporation 2000 Stock Incentive Plan. Dividend equivalents accumulated on the Performance Units awarded and were subject to leverage based on UGI's TSR for the performance period established for each award. The performance periods were as follows: January 1, 2002 through December 31, 2002; January 1, 2002 through December 31, 2003; and January 1, 2002 through December 31, 2004. The restriction period for all three awards ended on December 31, 2004. UGI ranked first in TSR in its peer group (the companies in the S&P 500 Utilities Index) for each performance period. Accordingly, the maximum payout potential of 200% of the original awards was earned. The LTIP Payout column in the Summary Compensation Table above for 2005 reflects the cash paid in respect of the leverage above 100% of the original awards of Performance Units.

François Varagne	52,000	4.79%	\$ 20.48	06/30/2015		\$ 190,840

(1) A total of 1,091,100 options were granted to employees and executive officers of the Company during Fiscal 2006 under the 2004 Plan. Under this Plan, the option exercise price is not less than 100% of the fair market value of UGI's Common Stock on the effective date of the grant. The options shown above become exercisable in three equal annual installments beginning on the first anniversary of the grant date, except for Mr. Varagne's options, which vest in full on the fourth anniversary of the grant date. All options are nontransferable and generally exercisable only while the optionee is employed by the Company or an affiliate, with exceptions for exercise following retirement, disability and death. Options are subject to adjustment in the event of recapitalizations, stock splits, mergers, and other similar corporate transactions affecting UGI's Common Stock.

(2) Based on the Black-Scholes options pricing model. The assumptions used in calculating the grant date present value are as follows:

Three years of closing monthly stock price and dividend observations were used to calculate the stock volatility and dividend yield assumptions.

	(i)	(ii)
Stock volatility	18.14%	18.14%
Stock's dividend yield	3.39%	3.39%
Length of option term	10 years	9.5 years
Annualized risk-free interest rate	4.5%	4.5%
Discount for risk of forfeiture	3%	3%

(i) 1/1/2006 grants;

(ii) 1/1/2006 grant to Mr. Varagne under the 2004 Plan: Sub-Plan for French Employees

All options were granted at fair market value. The actual value, if any, the executive may realize will depend on the excess of the stock price on the date the option is exercised over the exercise price. There is no assurance that the value realized by the executive will be at or near the value estimated by the Black-Scholes model.

(1) Value realized is calculated on the difference between the option exercise price and the fair market value of the Company's Common Stock on the date of exercise multiplied by the number of Shares to which the exercise relates.

(2) The closing price of the Company's Common Stock as reported on the New York Stock Exchange Composite Tape on September 29, 2006 was \$24.45 and is used in calculating the value of unexercised options.

Retirement Benefits

The following Pension Plan Benefits Table shows the annual benefits payable upon retirement to the Named Executives other than Messrs. Bissell and Varagne under the Company's Retirement Plan and its Supplemental Executive Retirement Plan. The amounts shown assume the executive retires in 2006 at age 65, and that the aggregate benefits are not subject to statutory maximums. The Supplemental Executive Retirement Plan provides for a lump sum payment at retirement, equal to the present value of the annual benefits shown in the table, to the extent those annual benefits are calculated using amounts in excess of the statutory maximums applicable to the Company's qualified defined benefit Retirement Plan. Messrs. Greenberg, Mendicino and Walsh had, respectively, 26 years, 14 years and 1 year of credited service under these Plans at September 30, 2006. Mr. Bissell has a vested annual retirement benefit of approximately \$3,300 based on prior credited service with UGI and its subsidiaries. He does not currently participate in the Company's Retirement Plan. Mr. Varagne does not participate in the Company's Retirement Plan.

- (2) Annual benefits are computed on the basis of straight life annuity amounts. These amounts include pension benefits, if any, to which a participant may be entitled as a result of participation in a pension plan of a subsidiary during previous periods of employment. The amounts shown do not take into account exclusion of up to 35% of the estimated primary Social Security benefit. The Retirement Plan provides a minimum benefit equal to 25% of a participant's final 12-months' earnings, reduced proportionately for less than 15 years of credited service at retirement. The minimum Retirement Plan benefit is not subject to Social Security offset.
- (3) The maximum benefit under the Retirement Plan and the UGI Supplemental Executive Retirement Plan is equal to 60% of a participant's highest consecutive 12 months' earnings during the last 120 months.

Severance Pay Plan for Senior Executive Employees

The UGI Corporation Senior Executive Employee Severance Pay Plan and the AmeriGas Propane, Inc. Executive Employee Severance Pay Plan assist certain senior level employees of the Company and AmeriGas Propane, Inc. in the event their employment is terminated without fault on their part. Mr. Varagne does not participate in these Plans. Benefits are payable to a senior executive covered by either Severance Plan if the senior executive's employment is involuntarily terminated for any reason other than for cause or as a result of the senior executive's death or disability.

Each Severance Plan provides for cash payments equal to a participant's compensation for a period of time ranging from 6 months to 18 months depending on length of service. In the case of Mr. Greenberg, the time period is 30 months; for Mr. Walsh and Mr. Bissell, the time period is from 12 to 24 months. In addition, a participant receives the cash equivalent of his target bonus under the Annual Bonus Plan, pro-rated for the number of months served in the fiscal year. However, if the termination occurs in the last two months of the fiscal year, the Chief Executive Officer has the discretion to determine whether the participant will receive a pro-rated target bonus, or the actual annual bonus which would have been paid after the end of the fiscal year, had the participant's entire bonus been contingent on meeting the Company's financial performance goal.

Certain employee benefits are continued under the Plan for a period up to 18 months (30 months in the case of Mr. Greenberg, 24 months in the case of Mr. Walsh and Mr. Bissell). The Plans also provide for out-placement services for a period of 12 months following a participant's termination of employment. Participants are entitled to receive tax preparation services for their final year of employment. The Company has the option to pay a participant the cash equivalent of those employee benefits. Provided that the participant is eligible to retire, all payments under the Severance Plans can be reduced by an amount equal to the fair market value of certain equity-based awards, other than stock options, payable to the participant after the termination of employment.

In order to receive benefits under the applicable Severance Plan, a senior executive is required to execute a release which discharges the Company and its subsidiaries from liability for any claims the senior executive may have against any of them, other than claims for amounts or benefits due the executive under any plan, program or contract binding on UGI or its subsidiaries. The senior executive is also required to ratify post-employment activities agreements and to cooperate in attending to matters pending at the time of his termination.

Mr. Varagne has an agreement with our French subsidiary, AGZ Holding, which provides severance benefits in the event that his employment is terminated without fault on his part. The agreement provides for a cash payment equal to one year of compensation, based on compensation received in the twelve months prior to the effective date of termination. Like the UGI Corporation and AmeriGas Propane, Inc. Executive Severance Plans, Mr. Varagne's agreement requires that he execute a release discharging the Company and its subsidiaries from liability in connection with the termination of his employment prior to receipt of severance payments.

Change of Control Arrangements

Messrs. Greenberg, Walsh, Mendicino, and Bissell each have an agreement with the Company, or its subsidiary, AmeriGas Propane, Inc., that provides certain benefits in the event of a change of control of the Company. The agreements are automatically extended for one-year terms beginning in 2008 unless, prior to a change of control, the Company terminates an agreement. In the absence of a change of control or termination by the Company, each agreement will terminate when, for any reason, the executive terminates his employment with the Company or its subsidiaries.

A change of control is generally deemed to occur in the following instances:

Any person (other than certain persons or entities affiliated with the Company), together with all affiliates and associates of such person, acquires securities representing 20% or more of either (A) the then outstanding Shares of Common Stock, or (B) the combined voting power of the Company's then outstanding voting securities; or

individuals, who at the beginning of any 24-month period constitute the Board of Directors (the Incumbent Board) and any new Director whose election by the Board of Directors, or nomination for election by the Company's Shareholders, was approved by a vote of at least a majority of the Incumbent Board, cease for any reason to constitute a majority; or

the Company is reorganized, merged or consolidated with or into, or sells all or substantially all of its assets to, another corporation in a transaction in which former Shareholders of the Company do not own more than 50% of, respectively, the outstanding Common Stock and the combined voting power of the then outstanding voting securities of the surviving or acquiring corporation; or

the Company is liquidated or dissolved.

The agreement covering Mr. Bissell provides benefits upon a change of control of AmeriGas Propane, Inc. or its subsidiaries, in addition to providing benefits in the event of a change of control of the Company.

The agreements provide for payment of severance benefits if there is a termination of the executive's employment without cause at any time within two years after a change of control. In addition, following a change of control, the executive may elect to terminate his employment without loss of severance benefits in certain situations, including termination of officer status; a significant adverse change in authority, duties, responsibilities or compensation; the failure of the Company to comply with any of the terms of the agreement; or a substantial relocation or excessive travel requirements.

A terminated executive who has rights to severance compensation under a change in control agreement will receive a specified multiple of one times to three times his or her base salary and

annual bonus (three times in the case of each of the executives named in the Summary Compensation Table, other than Mr. Varagne, who is not covered by a change in control agreement). In addition, health and welfare benefits and supplemental executive retirement plan benefits (or cash in lieu of benefits) will be provided for up to three years. The change in control agreements provide a conditional gross-up for excise and related taxes in the event the severance compensation and other payments to an executive would constitute excess parachute payments, as defined in Section 280G of the Internal Revenue Code of 1986, as amended. The Company will provide the tax gross-up if the aggregate parachute value of all severance and other change in control payments to the executive is greater than 110% of the maximum amount that may be paid under Section 280G of the Code without imposition of an excise tax. If the parachute value of an executive's payments does not exceed the 110% threshold, the executive's payments under the change in control agreement will be reduced to the extent necessary to avoid imposition of the excise tax on excess parachute payments.

Director and Officer Stock Ownership Policies

The following policies are designed to encourage growth in Shareholder value by closely linking Directors' and executives' risks and rewards with the Company's total Shareholder return:

On April 25, 2006, the Board of Directors approved a policy requiring Directors to own Company Common Stock in an amount equal to three times the Director's annual retainer and to achieve the target level of Common Stock ownership within five years after joining the Board.

The Board of Directors established a policy effective October 1, 1997 that requires individuals in key management positions in the Company and its subsidiaries to own significant amounts of Common Stock. The required levels of ownership currently range from 6,000 Shares to 300,000 Shares for the Company's Chief Executive Officer. If an officer has not yet reached the target ownership requirement, he or she must retain Shares with a value of 50% of the net after-tax gain from any stock option exercise and the net Shares received from other equity-based awards. In addition, an officer must use a portion of his or her annual bonus to acquire Shares to fulfill the ownership requirement.

ITEM 2 APPROVAL OF AMENDED AND RESTATED UGI CORPORATION 2004 OMNIBUS EQUITY COMPENSATION PLAN

General

Our Board has approved the Amended and Restated UGI Corporation 2004 Omnibus Equity Compensation Plan (the Plan) and is submitting the amended Plan for shareholder approval. The amendments to the Plan include the following:

Increase the total aggregate number of shares of our common stock that may be issued under the Plan on and after January 1, 2004 from 7,000,000 to 15,000,000 shares, subject to adjustment for stock splits and other changes in capitalization.

Table of Contents

Increase the maximum number of shares of our Common Stock that may be issued under the Plan on and after January 1, 2004 pursuant to grants other than stock options or stock appreciation rights from 1,600,000 to 3,200,000. In 2004, 1,600,000 shares were authorized for issuance under the 2004 Omnibus Equity Compensation Plan pursuant to grants other than stock options or stock appreciation rights. As of the end of our 2006 fiscal year, 644,595 of those shares remained available for issuance. Upon approval of the Amended and Restated Plan by shareholders, an additional 1,600,000 shares will be available for issuance pursuant to grants other than stock options and stock appreciation rights, for a total of 2,244,595 shares.

Revise the share counting provisions to clarify that: (i) any shares of stock surrendered for payment of the exercise price of an option or for payment of taxes shall not be available for re-issuance under the Plan; (ii) any shares of stock withheld for payment of taxes shall count against the total aggregate number of shares that may be issued under the Plan; and (iii) all shares of stock subject to stock appreciation rights, without regard to the number of shares issued upon settlement of the stock appreciation rights and without regard to any cash settlement of the stock appreciation rights shall count against the total aggregate number of shares that may be issued under the Plan.

Reduce the maximum aggregate number of shares for which an individual may receive grants under the Plan during any calendar year from 1,500,000 to 1,000,000 shares, subject to adjustments for stock splits and other changes in capitalization.

Reduce the maximum dollar amount of dividend equivalents that an individual may accrue under the Plan during any calendar year from \$1,000,000 to \$750,000.

Permit the grant of stock appreciation rights to employees or directors.

Provide that dividend equivalents may only be credited with respect to stock units or performance units under the Plan.

Change the definition of fair market value of stock from the average of the high and low sales prices to the last reported sale price of a share of our common stock on the New York Stock Exchange on the date as of which the fair market value is being determined; provided that if the shareholders fail to approve the amended Plan, the existing Plan, with the amendment to the definition of fair market value, will continue in effect.

Extend the expiration date of the Plan to December 4, 2016, unless the Plan is terminated earlier by the Board or is extended by the Board with the approval of the shareholders.

Table of Contents

The Compensation and Management Development Committee of the Board has approved a new policy under which the Company will limit the number of equity awards made under the amended Plan. Subject to shareholder approval of the amended Plan, the Company will limit its average annual awards for fiscal years 2007 through 2009 in accordance with the following formula:

The three-year average of the annual number of equity awards, expressed as a percentage of common shares outstanding at fiscal year-end, made under the amended Plan for fiscal years 2007 through 2009 will not exceed 2%. For purposes of calculating the annual number of equity awards, (i) each stock option granted will be deemed to equal one share; and (ii) each performance unit earned and paid in shares of stock, and each stock unit granted and expected to be paid in shares of stock, will be deemed to equal four shares.

After this three year period, the Compensation and Management Development Committee will continue to monitor the aggregate dilutive effect of the amended Plan and the beneficial effect of the Plan as an element of the Company's overall compensation program.

The following is a summary of the material terms of the amended Plan. A copy of the amended Plan is attached to this proxy statement as Appendix A.

Description of the Amended and Restated Plan

Purpose. The purpose of the Plan is to provide an incentive to our employees and directors to contribute to our economic success by continuing to align their interests with the interests of the shareholders through grants of equity-based awards.

Administration. With respect to grants made to employees, the Plan is administered and interpreted by the Compensation and Management Development Committee of the Board. With respect to grants made to directors, the Plan is administered by the Board or a committee to whom the Board delegates its authority. The term "Committee" refers to the Board, or its delegate, or the Compensation and Management Development Committee, depending on the identity of the grant recipient. The Committee has the authority to determine the individuals to whom grants will be made, the time when grants will be made, and the type, size, and terms of each grant. The Committee has the authority to amend the terms of any grant, to the extent that the amendment does not materially impair the rights or obligations of the recipient, unless the recipient consents to the amendment or the amendment is required by law, provided, however, that, the Committee does not have authority to repricings without obtaining shareholder approval. The Committee also has the authority to deal with any other matters arising under the Plan.

Eligibility. Our employees and directors, and employees of our subsidiaries, are eligible to participate in the Plan. As of January 1, 2007, approximately 130 employees and 7 non-management Directors are participants in the Plan. The Committee will select the employees and directors who will participate in the Plan.

Grants. The Committee may make the following types of grants under the Plan, with terms to be established by the Committee:

Stock options

Stock appreciation rights

Stock units or performance units whose value is based on the value of our common stock

Stock awards, which are awards of shares of our common stock

Table of Contents

Dividend equivalents in connection with grants of stock units or performance units

Other stock-based awards, which are other awards based on, measured by or payable in shares of our common stock *Shares*. The total aggregate number of shares of our common stock that may be issued under the amended Plan on and after January 1, 2004 is 15,000,000 shares. The maximum number of shares that may be issued under the amended Plan pursuant to grants other than stock options or stock appreciation rights on and after January 1, 2004 is 3,200,000 shares. These share limits will be adjusted by the Committee in the event of a stock dividend, spin-off, merger or other event affecting our capitalization.

For administrative purposes, the Committee will reserve shares for issuance when grants payable in common stock are made under the Plan. If and to the extent stock options or stock appreciation rights granted under the Plan terminate, expire or are canceled, forfeited, exchanged or surrendered without having been exercised, and if and to the extent any stock awards, stock units, performance units or other stock-based awards are forfeited, terminated or otherwise not paid in full, the shares reserved for those grants will again be available for issuance under the Plan. Shares surrendered in payment of the exercise price of an option and shares withheld or surrendered for payment of taxes will not be available for re-issuance under the Plan. If stock appreciation rights are granted, the full number of shares subject to the stock appreciation rights will be considered issued under the Plan, without regard to the number of shares issued upon settlement of the stock appreciation rights and without regard to any cash settlement of the stock appreciation rights. To the extent that grants other than stock appreciation rights are designated to be paid in cash, and not in shares of common stock, such grants will not count against the share limits set forth above.

Individual Limits. All grants other than dividend equivalents will be expressed in shares. The maximum number of shares of our common stock with respect to which all grants may be made under the Plan to any individual during any calendar year is 1,000,000 shares. The maximum number of shares of our common stock with respect to which all grants other than stock options and stock appreciation rights may be made under the Plan to any individual during any calendar year is 200,000 shares. The foregoing share limits will be adjusted by the Committee in the event of a stock dividend, spin-off, merger or other event affecting our capitalization. An individual may not accrue dividend equivalents during any calendar year in excess of \$750,000. The individual limits will apply without regard to whether the grants are to be paid in stock or cash. Cash payments (other than for dividend equivalents) will equal the fair market value of the shares to which the cash payment relates.

Options. The Committee will select the employees and directors who will receive stock options. The Committee will determine the number of shares that will be subject to each grant of stock options and the terms of the options. All stock options will be nonqualified stock options, which are not intended to qualify as incentive stock options under section 422 of the Internal Revenue Code.

The exercise price of an option will be equal to or greater than the fair market value of our common stock on the date of grant. The amended Plan defines fair market value as the last sale price of our common stock on the New York Stock Exchange on the day on which fair market

Table of Contents

value is being determined. In the event that there are no transactions on the New York Stock Exchange on such day, the fair market value will be determined as of the immediately preceding day on which there were transactions. The exercise price may be paid in cash, by delivering shares of our common stock having a fair market value on the date of exercise equal to the amount of the exercise price, by payment through a broker by having the broker sell common stock simultaneously with the exercise of the option, or by any other method permitted by the Committee.

The term of any option will not exceed ten years. The Committee will determine when options may be exercised. The Committee may accelerate the exercisability of outstanding options at any time for any reason. Except as provided in the grant letter, an option may only be exercised while the participant is an employee or a director. The grant letter will specify under what circumstances a participant may exercise an option after termination of employment or service.

Performance Units. The Committee may grant performance units to employees and directors. Each performance unit represents the right of the participant to receive a share of our stock or an amount based on the value of a share of our stock, if specified performance goals and other conditions are met. The Committee will determine the number of performance units to be granted and will establish the performance goals and other conditions for payment of performance units. The Committee will determine under what circumstances a participant may retain performance units after termination of the participant's employment or service. Performance units will be paid in cash or in shares of our common stock, or a combination of the two, as determined by the Committee. Payment for performance units may be deferred to a date authorized by the Committee consistent with section 409A of the Internal Revenue Code. The Committee will establish a target amount for each performance unit, which is the amount payable if the performance goals are achieved at the 100% level, and a maximum number of shares that can be paid under the performance unit. Any payment of a performance unit in excess of the target amount will be made in cash and a portion of all performance unit payments will be made in cash for tax withholding purposes.

Stock Units. The Committee may grant stock units to employees and directors. Each stock unit represents the right of the participant to receive a share of our common stock or an amount based on the value of a share of our common stock. The Committee will determine the number of stock units to be granted and the terms applicable to each grant. The Committee will determine under what circumstances a participant may retain stock units after termination of the participant's employment or service. Stock units will be paid in cash or in shares of our common stock, or a combination of the two, as determined by the Committee.

Stock Awards. The Committee may grant stock awards to employees and directors, upon terms and conditions that the Committee deems appropriate. As determined by the Committee, shares of stock issued pursuant to stock awards may be issued for cash consideration or for no cash consideration, and may or may not be subject to restrictions or other conditions such as the achievement of specific performance goals or the passage of time.

Stock Appreciation Rights. The Committee may grant stock appreciation rights to an employee or director separately or in tandem with any option grant. The Committee will

Table of Contents

establish the number of shares, the terms, and the base amount of the stock appreciation right at the time it is granted. The base amount will not be less than the fair market value of our stock on the date of grant. The term of any stock appreciation right will not exceed ten years. When a participant exercises a stock appreciation right, the participant will receive in settlement the amount by which the fair market value of the underlying shares of stock on the date of exercise exceeds the base amount of the stock appreciation right. Stock appreciation rights will be paid in cash or in shares of our common stock, or a combination of the two, as determined by the Committee.

Dividend Equivalents. The Committee may grant dividend equivalents in connection with grants of stock units or performance units. A dividend equivalent is an amount determined by multiplying the number of shares of common stock subject to a stock unit or performance unit by the per-share dividend paid by us on our common stock. Dividend equivalents may be paid to participants currently or may be deferred, as authorized by the Committee consistent with section 409A of the Internal Revenue Code. Dividend equivalents may be accrued as a cash obligation, or may be converted to stock units, as determined by the Committee. Unless otherwise specified in the grant letter, deferred dividend equivalents will not accrue interest. The Committee may provide that dividend equivalents will be payable based on the achievement of performance goals. Dividend equivalents may be paid in cash or shares of our common stock, or a combination of the two, as determined by the Committee.

Other Stock-Based Awards. The Committee may grant other stock-based awards that are based on, measured by or payable in shares of our common stock to employees or directors. These other stock-based awards may be granted subject to performance goals or other conditions. Other stock-based awards may be paid in cash or in shares of our common stock, or a combination of the two, as determined by the Committee in the grant letter.

Transferability of Grants. Grants under the Plan are not transferable by the participant except by will or the laws of descent and distribution.

Qualified Performance-Based Compensation. The Committee may determine that stock units, performance units, stock awards, dividend equivalents or other stock-based awards granted to an employee will be considered qualified performance-based compensation under section 162(m) of the Internal Revenue Code (see discussion of section 162(m) under Federal Income Tax Consequences below). For such grants, the Committee will establish in writing, at the beginning of the performance period, (1) the objective performance goals that must be met in order for the grants to be payable or the restrictions to lapse, (2) the period during which performance will be measured, (3) the maximum amounts that may be paid if the performance goals are met, and (4) other conditions as the Committee deems appropriate and consistent with section 162(m). The Committee may reduce, but not increase, the amount of compensation that is payable upon achievement of the designated performance goals.

The Committee will use objectively determinable performance goals based on one or more of the following criteria: stock price, earnings per share, net earnings, operating earnings, margin, return on net capital employed, EBITDA (earnings before interest, taxes, depreciation and amortization), net capital employed, return on assets, shareholder return, return on equity, return on capital employed, growth in assets, unit volume, sales, cash flow, market share, relative

performance to a comparison group designated by the Committee, or strategic business criteria consisting of one or more objectives based on meeting specified revenue goals, market penetration goals, customer growth, geographic business expansion goals, cost targets or goals relating to acquisitions or divestitures. The performance goals may relate to the participant's business unit or the performance of the Company as a whole, or any combination of the foregoing. Performance goals need not be uniform as among Participants.

Change of Control. If a change of control occurs, all outstanding options and stock appreciation rights will become fully exercisable, the restrictions and conditions on all outstanding stock awards will lapse, and all stock units, performance units, dividend equivalents and other stock-based awards will be paid as determined by the Committee unless otherwise provided in the grant letter.

Unless the Committee determines otherwise, if a change of control occurs in which we are not the surviving corporation (or we survive only as a subsidiary of another corporation), all outstanding options and stock appreciation rights that are not exercised will be assumed by, or replaced with comparable options or stock appreciation rights by, the surviving corporation (or a parent or subsidiary of the surviving corporation).

In the event of a change of control, the Committee may require that participants surrender their outstanding options and stock appreciation rights in exchange for a payment, in cash or stock as determined by the Committee, or the Committee may terminate outstanding options and stock appreciation rights after giving participants an opportunity to exercise the outstanding options and stock appreciation rights.

The Committee making the determinations following a change of control must be comprised of the same members as those of the Committee immediately before the change of control. If the Committee members do not meet this requirement, the automatic provisions of the Plan, as described above, shall apply, and the Committee shall not have discretion to vary them.

A change of control is defined as:

Any person, other than us or an affiliate, becomes the beneficial owner of 20% or more of our outstanding stock.

Individuals who, at the beginning of any 24-month period, constitute our Board (referred to as the incumbent board) cease to constitute at least a majority of our Board. Any individual who becomes a director after the beginning of the 24-month period and whose election or nomination was approved by at least a majority of the directors then comprising the incumbent board will be considered a member of the incumbent board. However, no individual who was initially elected as a member of our Board in connection with an actual or threatened election contest will be considered to be a member of the incumbent board.

Completion of a reorganization, merger or consolidation in which our shareholders immediately before the transaction do not, immediately after the transaction, own more than 50% of the then outstanding shares and voting power of the surviving company, in substantially the same proportions as their prior ownership of our stock.

Completion of a complete liquidation or dissolution of our company.

Table of Contents

Sale of all or substantially all of our assets, other than to a corporation with respect to which, following the sale, more than 50% of the stock is owned by persons who were our shareholders immediately before the sale, in substantially the same proportions as their prior ownership of our stock.

Amendment and Termination of the Plan. The amended Plan will terminate on December 4, 2016. The Board may terminate or amend the Plan earlier at any time. However, the Board will not amend the Plan without shareholder approval if shareholder approval is required to comply with the Internal Revenue Code or other applicable law or to comply with applicable stock exchange requirements. The Plan may not be amended to permit repricing of options or stock appreciation rights granted under the Plan without shareholder approval.

The Plan must be reapproved by our shareholders no later than the first shareholders meeting that occurs in the fifth year following the year in which the shareholders previously approved the qualified performance-based compensation provisions of the Plan (as described above under Qualified Performance-Based Compensation) if additional grants are to be made as qualified performance-based compensation and if required by section 162(m) of the Internal Revenue Code.

Federal Income Tax Consequences

The following description of the federal income tax consequences of grants under the Plan is a general summary. State, local, and other taxes may also be imposed in connection with grants. This discussion is intended for the information of shareholders considering how to vote at the annual meeting and not as tax guidance to individuals who participate in the Plan.

Nonqualified Stock Options. A participant who receives a nonqualified stock option will recognize no income at the time of the grant of the option. Upon exercise of a nonqualified stock option, a participant will recognize ordinary income in an amount equal to the excess of the fair market value of the shares of our stock on the date of exercise over the option price. The basis in shares acquired upon exercise of a nonqualified stock option will equal the fair market value of such shares at the time of exercise, and the holding period of the shares (for capital gain purposes) will begin on the date of exercise. In general, we will be entitled to a business expense deduction in the same amount and at the same time as the participant recognizes ordinary income.

Stock Units and Performance Units. A participant who receives a stock unit or performance unit will not recognize taxable income until the unit is paid to the participant. When the unit is paid, the participant will recognize ordinary income in an amount equal to the cash and the fair market value of the stock paid to the participant. We generally will be entitled to a business expense deduction in the same amount.

Stock Awards. A participant who receives a stock award generally will not recognize taxable income until the stock is transferable by the participant or no longer subject to a substantial risk of forfeiture for federal tax purposes, whichever occurs first. When the stock is either transferable or is no longer subject to a substantial risk of forfeiture, the participant will recognize ordinary income in an amount equal to the fair market value of the shares at that time,

Table of Contents

less any amounts paid for the shares. A participant may elect to recognize ordinary income when a stock award is granted in an amount equal to the fair market value of the shares at the date of grant, determined without regard to the restrictions. We generally will be entitled to a corresponding business expense deduction in the year in which the participant recognizes ordinary income.

Stock Appreciation Rights, Dividend Equivalents and Other Stock-Based Awards. A participant will recognize ordinary income when stock appreciation rights are exercised and when dividend equivalents and other stock-based awards are paid to the participant, in an amount equal to the cash and the fair market value of any shares paid to the participant. The Company generally will be entitled to a corresponding business expense deduction when the participant recognizes ordinary income.

Section 162(m). Section 162(m) of the Internal Revenue Code generally disallows a public company's tax deduction for compensation paid to the chief executive officer and the four other most highly compensated executive officers in excess of \$1 million in any year. Compensation that qualifies as "qualified performance-based compensation" is excluded from the \$1 million limit, and therefore remains fully deductible by the company that pays it. Stock options, stock appreciation rights and grants that are contingent on achievement of performance goals as described in "Qualified Performance-Based Compensation" above will not be subject to the section 162(m) deduction limit. Other grants under the Plan may be subject to the deduction limit.

Tax Withholding. We have the right to require the recipient of any grant to pay to us an amount necessary to satisfy our federal, state, or local tax withholding obligations with respect to the grants. We may withhold from other amounts payable to the Participant an amount necessary to satisfy these obligations. If the Committee permits, a participant may satisfy our withholding obligation by having shares acquired pursuant to the grant withheld, provided that the number of shares withheld does not exceed the individual's minimum applicable withholding tax rate for federal, state, and local tax liabilities.

Market Price of Shares

The closing price of our stock, as reported on the New York Stock Exchange Composite Tape on December 15, 2006 was \$27.72.

Vote Required

To be adopted, this proposal must be approved by the affirmative vote of a majority of the votes cast.

The Board of Directors of UGI Corporation unanimously recommends a vote FOR this proposal.

Table of Contents**Equity Compensation Table**

The following table sets forth information as of the end of our 2006 fiscal year with respect to compensation plans under which our equity securities are authorized for issuance:

Plan category	Number of securities to be issued upon exercise of outstanding options, warrants and rights	Weighted average exercise price of outstanding options, warrants and rights	Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in column (a))
	(a)	(b)	(c)
Equity compensation plans approved by security holders ⁽¹⁾	5,417,952	\$ 17.48	
	923,662	0	1,896,508
Equity compensation plans not approved by security holders ⁽²⁾	425,900	\$ 11.62	0
Total	6,767,514	\$ 17.056⁽³⁾	1,896,508

(1) Column (a) represents 5,417,952 stock options under the 1997 Stock Option and Dividend Equivalent Plan, the 1992 Directors' Option Stock Plan, the 2000 Directors' Stock Option Plan, the 2000 Stock Incentive Plan and the 2004 Omnibus Equity Compensation Plan, and 923,662 Performance Units and Stock Units under the 2004 Omnibus Equity Compensation Plan. Because the value of these Performance Units and Stock Units will generally be paid in Shares (65%) and cash (35%) if all award conditions are met, only 600,380 Shares are expected to be issued under these awards.

(2) Column (a) represents 425,900 stock options under the 1992 and 2002 Non-Qualified Stock Option Plans. Under the 1992 and 2002 Non-Qualified Stock Option Plans, the option exercise price is not less than 100% of the fair market value of the Company's common stock on the date of grant. Generally, options become exercisable in three equal annual installments beginning on the first anniversary of the grant date. All options are non-transferable and generally exercisable only while the holder is employed by the Company or an affiliate, with exceptions for exercise following retirement, disability and death. Options are subject to adjustment in the event of recapitalization, stock splits, mergers, and other similar corporate transactions affecting the Company's common stock.

(3) Weighted-average exercise price of outstanding options; excludes phantom share units. Since receiving Shareholder approval in 2004, the Company has been using the 2004 Omnibus Equity Compensation Plan to make awards of Performance Units and Stock Units to employees, and awards of Stock Units to Directors. The Equity Compensation Table above includes the number of all outstanding grants of both performance-based (Performance Units) and non-performance based (Stock Units) equity compensation awards.

Table of Contents

The table below shows the number of Performance Unit awards and Stock Unit awards made in fiscal years 2004, 2005 and 2006:

	Fiscal Year 2004	Fiscal Year 2005	Fiscal Year 2006
Performance Units Granted	178,600	205,300	158,450
Stock Units Granted	114,969	80,930	28,876
Total	293,569	286,230	187,326

At the end of the applicable performance period, typically three years, Performance Units are paid based on the achievement of pre-established performance criteria. Stock Units are paid at the end of the applicable restriction period. Payouts of Performance Units and Stock Units are generally made in Shares (65%) and cash (35%). Consequently, the number of Shares actually issued in connection with awards of Performance Units and Stock Units is less than the number of Performance Units and Stock Units originally granted.

The table below shows the total number of Shares issued in fiscal years 2004, 2005 and 2006 in respect of the related number of Performance Units:

	Underlying Performance Units	Shares Issued
Fiscal Year 2004	166,013	97,382
Fiscal Year 2005	254,250	150,637
Fiscal Year 2006	168,500	109,789

The table below shows the total number of Shares issued in fiscal years 2004, 2005 and 2006 in respect of the related number of Stock Units:

ITEM 3 RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS

The Audit Committee of the Board of Directors appointed PricewaterhouseCoopers as independent registered public accountants to examine and report on the consolidated financial statements of the Company for Fiscal 2007 and recommends that the Shareholders ratify the appointment. If the Shareholders do not ratify the appointment of PricewaterhouseCoopers, the Audit Committee will consider the appointment of other independent registered public accountants. One or more representatives of PricewaterhouseCoopers will be present at the Annual Meeting. They will have the opportunity to respond to appropriate questions and to make a statement if they wish to do so.

The Board of Directors of UGI Corporation unanimously recommends a vote FOR this proposal.

ITEM 4 OTHER MATTERS

There are no other matters that the Board of Directors intends to present for action at the Annual Meeting. The Company has been notified that a Shareholder intends to present a proposal at the Annual Meeting concerning a sale or termination of operations of the Company's Austrian subsidiary, Flaga GmbH. If the Shareholder properly presents his proposal at the meeting, it is the intention of the persons named as proxies in the accompanying form of proxy to exercise their discretionary authority to vote against this proposal. If any other matter requiring a vote of the Shareholders should arise, the persons named in the form of proxy will vote in accordance with their best judgment.

UGI CORPORATION

2004 OMNIBUS EQUITY COMPENSATION PLAN

Amended and Restated as of December 5, 2006

1. Purpose

The purpose of the UGI Corporation 2004 Omnibus Equity Compensation Plan (the "Plan") is to provide (i) designated employees of UGI Corporation ("UGI") and its subsidiaries, and (ii) non-employee members of the board of directors of UGI with the opportunity to receive grants of stock options, stock units, performance units, stock awards, stock appreciation rights, dividend equivalents and other stock-based awards. UGI believes that by providing equity based compensation, the Plan will encourage the participants to contribute materially to the growth of UGI, thereby benefiting UGI's shareholders, and will more closely align the economic interests of the participants with those of the shareholders.

The Plan was adopted effective as of January 1, 2004, and was approved by the shareholders of UGI. The UGI Corporation Directors' Equity Compensation Plan was merged into the Plan as of January 1, 2004. The Plan is hereby amended and restated effective December 5, 2006 to increase the number of shares authorized to be issued under the Plan and to make other appropriate changes. The amended and restated Plan is subject to shareholder approval, except that the changes to the definition of Fair Market Value in Section 2(1), and the changes to the provisions for adjustments in Section 5(d), shall be effective as of December 5, 2006.

Table of Contents

(c) **Committee Determinations.** The Committee shall have full power and express discretionary authority to administer and interpret the Plan, to make factual determinations and to adopt or amend such rules, regulations, agreements and instruments for implementing the Plan and for the conduct of its business as it deems necessary or advisable, in its sole discretion. The Committee's interpretations of the Plan and all determinations made by the Committee pursuant to the powers vested in it hereunder shall be conclusive and binding on all persons having any interest in the Plan or in any awards granted hereunder. All powers of the Committee shall be executed in its sole discretion, in the best interest of the Company, not as a fiduciary, and in keeping with the objectives of the Plan and need not be uniform as to similarly situated Participants.

All Grants shall be subject to such terms and conditions as the Committee deems appropriate and as are specified in writing by the Committee to the Participant in the Grant Letter.

(b) All Grants shall be made conditional upon the Participant's acknowledgement, in writing or by acceptance of the Grant, that all decisions and determinations of the Committee shall be final and binding on the Participant, his or her beneficiaries and any other person having or claiming an interest under such Grant. Grants under a particular Section of the Plan need not be uniform as among the Participants.

(c) The Committee may make Grants that are contingent on, and subject to, shareholder approval of the Plan or an amendment to the Plan.

5. Shares Subject to the Plan

(a) **Shares Authorized.** The total aggregate number of shares of Stock that may be issued under the Plan from January 1, 2004 is 15,000,000 shares, subject to adjustment as described below. The maximum number of shares of Stock that may be issued under the Plan from January 1, 2004 pursuant to Grants other than Options or Stock Appreciation Rights is 3,200,000 shares, subject to adjustment as described below. The shares may be authorized but unissued shares of Stock or reacquired shares of Stock for purposes of the Plan.

(b) **Share Counting.** For administrative purposes, when the Committee makes a Grant payable in Stock, the Committee shall reserve, and count against the share limit, shares equal to the maximum number of shares that may be issued under the Grant. If and to the extent Options or Stock Appreciation Rights granted under the Plan terminate, expire, or are canceled, forfeited, exchanged or surrendered without having been exercised, and if and to the extent that any Stock Awards, Stock Units, Performance Units or Other Stock-Based Awards are forfeited or terminated, or otherwise are not paid in full, the shares reserved for such Grants shall again be available for purposes of the Plan. Shares of Stock surrendered in payment of the Option Price

of an Option, and shares withheld or surrendered for payment of taxes, shall not be available for re-issuance under the Plan. If Stock Appreciation Rights are granted, the full number of shares subject to the Stock Appreciation Rights shall be considered issued under the Plan, without regard to the number of shares issued upon settlement of the Stock Appreciation Rights and without regard to any cash settlement of the Stock Appreciation Rights. To the extent that other Grants are designated in the Grant Letter to be paid in cash, and not in shares of Stock, such Grants shall not count against the share limits in subsection (a).

(c) **Individual Limits.** All Grants under the Plan, other than Dividend Equivalents, shall be expressed in shares of Stock. The maximum aggregate number of shares of Stock with respect to which all Grants may be made under the Plan to any individual during any calendar year shall be 1,000,000 shares, subject to adjustment as described below. The maximum aggregate number of shares of Stock with respect to which all Grants, other than Options and Stock Appreciation Rights, may be made under the Plan to any individual during any calendar year shall be 200,000 shares, subject to adjustment as described below. A Participant may not accrue Dividend Equivalents during any calendar year in excess of \$750,000. The individual limits of this subsection (b) shall apply without regard to whether the Grants are to be paid in Stock or cash. All cash payments (other than with respect to Dividend Equivalents) shall equal the Fair Market Value of the shares of Stock to which the cash payment relates.

(d) **Adjustments.** If there is any change in the number or kind of shares of Stock outstanding (i) by reason of a stock dividend, spinoff, recapitalization, stock split, or combination or exchange of shares, (ii) by reason of a merger, reorganization or consolidation, (iii) by reason of a reclassification or change in par value, or (iv) by reason of any other extraordinary or unusual event affecting the outstanding Stock as a class without the Company's receipt of consideration, or if the value of outstanding shares of Stock is substantially reduced as result of a spinoff or the Company's payment of any extraordinary dividend or distribution, the maximum number of shares of Stock available for issuance under the Plan, the maximum number of shares of Stock for which any individual may receive Grants in any year, the kind and number of shares covered by outstanding Grants, the kind and number of shares to be issued or issuable under the Plan, and the price per share or the applicable market value of such Grants shall be required to be equitably adjusted by the Committee to reflect any increase or decrease in the number of, or change in the kind or value of, issued shares of Stock to preclude, to the extent practicable, the enlargement or dilution of rights and benefits under the Plan and such outstanding Grants; provided, however, that any fractional shares resulting from such adjustment shall be eliminated. Any adjustments to outstanding Grants shall be consistent with Section 409A of the Code, to the extent applicable. Any adjustments determined by the Committee shall be final, binding and conclusive.

6. Eligibility for Participation

(a) **Eligible Persons.** All Employees, including Employees who are officers or members of the Board, and all Non-Employee Directors shall be eligible to participate in the Plan.

The Committee shall determine in the Grant Letter under what circumstances and during what time periods a Participant may exercise an Option after termination of employment or service.

(f) Exercise of Options. A Participant may exercise an Option that has become exercisable, in whole or in part, by delivering a notice of exercise to the Company. The Participant shall pay the Option Price for the Option (i) in cash, (ii) by delivering shares of Stock owned by the Participant and having a Fair Market Value on the date of exercise equal to the Option Price or by attestation to ownership of shares of Stock having an aggregate Fair Market Value on the date of exercise equal to the Option Price, (iii) by payment through a broker in accordance with procedures permitted by Regulation T of the Federal Reserve Board, or (iv) by such other method as the Committee may approve. Shares of Stock used to exercise an Option shall have been held by the Participant for the requisite period of time to avoid adverse accounting consequences to the Company with respect to the Option. Payment for the shares pursuant to the Option, and any required withholding taxes, must be received by the time

specified by the Committee depending on the type of payment being made, but in all cases prior to the issuance of the Stock.

8. Stock Units

(a) **General Requirements.** The Committee may grant Stock Units to an Employee or Non-Employee Director, upon such terms and conditions as the Committee deems appropriate under this Section 8. Each Stock Unit shall represent the right of the Participant to receive a share of Stock or an amount based on the value of a share of Stock. All Stock Units shall be credited to accounts on the Company's records for purposes of the Plan.

(b) **Terms of Stock Units.** The Committee may grant Stock Units that are payable on terms and conditions determined by the Committee. Stock Units may be paid at the end of a specified period, or payment may be deferred to a date authorized by the Committee consistent with section 409A of the Code. The Committee shall determine the number of Stock Units to be granted and the requirements applicable to such Stock Units. The Committee may grant Dividend Equivalents with respect to Stock Units.

(c) **Payment With Respect to Stock Units.** Payment with respect to Stock Units shall be made in cash, in Stock, or in a combination of the two, as determined by the Committee in the Grant Letter. The Grant Letter shall specify the maximum number of shares that can be issued under the Stock Units.

10. Stock Awards

(a) General Requirements. The Committee may issue shares of Stock to an Employee or Non-Employee Director under a Stock Award, upon such terms and conditions as the Committee deems appropriate under this Section 10. Shares of Stock issued pursuant to Stock Awards may be issued for cash consideration or for no cash consideration, and subject to restrictions or no restrictions, as determined by the Committee. The Committee may establish conditions under which restrictions on Stock Awards shall lapse over a period of time or according to such other criteria as the Committee deems appropriate, including restrictions based upon the achievement of specific performance goals.

(d) Restrictions on Transfer. While Stock Awards are subject to restrictions, a Participant may not sell, assign, transfer, pledge or otherwise dispose of the shares of a Stock Award except upon death as described in Section 17. Each Certificate for a share of a Stock Award shall contain a legend giving appropriate notice of the restrictions in the Grant. Table of Contents

(b) **Number of Shares, Term and Base Amount.** The Committee shall establish the number of shares, the term and the base amount of the Stock Appreciation Right at the time the Stock Appreciation Right is granted. The term of a Stock Appreciation Right shall not exceed ten years from the Date of Grant. The base amount of a Stock Appreciation Right shall not be less than the Fair Market Value of a share of Stock on the Date of Grant of the Stock Appreciation Right.

(c) **Exercisability.** Stock Appreciation Rights shall become exercisable in accordance with such terms and conditions as may be determined by the Committee and specified in the Grant Letter. The Committee may accelerate the exercisability of any or all outstanding Stock Appreciation Rights at any time for any reason. A tandem Stock Appreciation Right shall be exercisable only during the period when the Option to which it is related is also exercisable.

(d) **Termination of Employment or Service.** Except as provided in the Grant Letter, a Stock Appreciation Right may only be exercised while the Participant is employed by the Company, or providing service as a Non-Employee Director. The Committee shall determine in the Grant Letter under what circumstances and during what time periods a Participant may exercise a Stock Appreciation Right after termination of employment or service.

(e) **Exercise of Stock Appreciation Rights.** When a Participant exercises a Stock Appreciation Right, the Participant shall receive in settlement of such Stock Appreciation Right an amount equal to the value of the Stock appreciation for the number of Stock Appreciation Rights exercised. The Stock appreciation is the amount by which the Fair Market Value of the underlying shares of Stock on the date of exercise of the Stock Appreciation Right exceeds the base amount of the Stock Appreciation Right as specified in the Grant Letter. The Stock appreciation amount shall be paid in shares of Company Stock, cash or any combination of the two, as the Committee shall determine in the Grant Letter. For purposes of calculating the number of shares of Stock to be received, shares of Stock shall be valued at their Fair Market Value on the date of exercise of the Stock Appreciation Right.

Dividend Equivalents may be paid to Participants currently or may be deferred, consistent with section 409A of the Code, as determined by the Committee. All Dividend Equivalents that are not paid currently shall be credited to accounts on the Company's records for purposes of the Plan. Dividend Equivalents may be accrued as a cash obligation, or may be converted to Stock Units for the Participant, as determined by the Committee. Unless otherwise specified in the Grant Letter, deferred Dividend Equivalents will not accrue interest. 13. Other Stock-Based Awards

The Committee may grant other awards that are based on, measured by or payable in Stock to Employees or Non-Employee Directors, on such terms and conditions as the Committee deems appropriate under this Section 13. Other Stock-Based Awards may be granted subject to achievement of performance goals or other conditions and may be payable in Stock or cash, or in a combination of the two, as determined by the Committee in the Grant Letter.

The provisions of this Section 14 shall apply to any such Grants that are to be considered qualified performance-based compensation under section 162(m) of the Code.

(b) Performance Goals. When Stock Units, Performance Units, Stock Awards, Dividend Equivalents or Other Stock-Based Awards that are to be considered qualified performance-based compensation are granted, the Committee shall establish in writing (i) the objective performance goals that must be met, (ii) the period during which performance will be measured, (iii) the maximum amounts that may be paid if the performance goals are met, and (iv) any other conditions that the Committee deems appropriate and consistent with the requirements of Section 162(m) of the Code for qualified performance-based compensation. The performance goals shall satisfy the requirements for qualified performance-based compensation, including the requirement that the achievement of the goals be substantially uncertain at the time they are established and that the performance goals be established in such a way that a third party with knowledge of the relevant facts could determine whether and to what extent the performance goals have been met. The Committee shall not have discretion to increase the amount of compensation that is payable, but may reduce the amount of compensation that is payable, pursuant to Grants identified by the Committee as qualified performance-based compensation.

(c) Criteria Used for Objective Performance Goals. (d) **Timing of Establishment of Goals.** The Committee shall establish the performance goals in writing either before the beginning of the performance period or during a period ending no later than the earlier of (i) 90 days after the beginning of the performance period or (ii) the date on which 25% of the performance period has been completed, or such other date as may be required or permitted under applicable regulations under section 162(m) of the Code.

(e) **Certification of Results.** The Committee shall certify the performance results for the performance period specified in the Grant Letter after the performance period expires. The Committee shall determine the amount, if any, to be paid pursuant to each Grant based on the achievement of the performance goals and the satisfaction of all other terms of the Grant Letter.

(f) **Death, Disability or Other Circumstances.** The Committee may provide in the Grant Letter that Grants identified as qualified performance-based compensation shall be payable, in whole or in part, in the event of the Participant's death or disability, a Change of Control or under other circumstances consistent with the Treasury regulations and rulings under section 162(m) of the Code.

15. Directors' Equity Plan

The Directors' Equity Plan was merged into this Plan as of January 1, 2004, and all outstanding Units and accrued Dividend Equivalents under the Directors' Equity Plan as of January 1, 2004 shall be issued and paid out of this Plan. No additional awards shall be made under the Directors' Equity Plan. Dividend Equivalents shall be credited under this Plan with respect to outstanding Units under the Directors' Equity Plan, according to terms and conditions established by the Committee under Section 12.

16. Withholding of Taxes

(a) **Required Withholding.** All Grants under the Plan shall be subject to applicable federal (including FICA), state and local tax withholding requirements. The Company may require that the Participant or other person receiving or exercising Grants pay to the Company the amount of any federal, state or local taxes that the Company is required to withhold with respect to such Grants, or the Company may deduct from other wages paid by the Company the amount of any withholding taxes due with respect to such Grants.

(b) **Election to Withhold Shares.** If the Committee so permits, a Participant may elect to satisfy the Company's tax withholding obligation with respect to Grants paid in Stock by having shares of Stock withheld, at the time such Grants become taxable, up to an amount that does not exceed the minimum applicable withholding tax rate for federal (including FICA), state and local tax liabilities.

17. Transferability of Grants

Only the Participant may exercise rights under a Grant during the Participant's lifetime, and a Participant may not transfer those rights except by will or by the laws of descent and distribution. When a Participant dies, the personal representative or other person entitled to succeed to the rights of the Participant may exercise such rights. Any such successor must furnish proof satisfactory to the Company of his or her right to receive the Grant under the Participant's will or under the applicable laws of descent and distribution.

18. Consequences of a Change of Control

(a) Notice and Acceleration. Upon a Change of Control, unless the Committee determines otherwise, (i) the Company shall provide each Participant who holds outstanding Grants with written notice of the Change of Control, (ii) all outstanding Options and Stock Appreciation Rights shall automatically accelerate and become fully exercisable, (iii) the restrictions and conditions on all outstanding Stock Awards shall immediately lapse, (iv) all Stock Units and Performance Units shall become payable in cash in an amount not less than their Target Amount or in a larger amount, up to the maximum Grant value, as determined by the Committee, and (v) Dividend Equivalents and Other Stock-Based Awards shall become payable in full in cash, in amounts determined by the Committee.

(b) Assumption of Grants. Upon a Change of Control where the Company is not the surviving corporation (or survives only as a subsidiary of another corporation), unless the Committee determines otherwise, all outstanding Options and Stock Appreciation Rights that are not exercised shall be assumed by, or replaced with comparable options or stock appreciation rights by, the surviving corporation (or a parent or subsidiary of the surviving corporation), and other Grants that remain outstanding after the Change of Control shall be converted to similar Grants of the surviving corporation (or a parent or subsidiary of the surviving corporation).

(c) Other Alternatives. Notwithstanding the foregoing, subject to subsection (d) below, in the event of a Change of Control, the Committee may take any of the following actions with respect to any or all outstanding Grants, without the consent of any Participant: (i) the Committee may require that Participants surrender their outstanding Options and Stock Appreciation Rights in exchange for a payment by the Company, in cash or Stock as determined by the Committee, in an amount equal to the amount, if any, by which the then Fair Market Value of the shares of Stock subject to the Participant's unexercised Options and Stock Appreciation Rights exceeds the Option Price or base amount, (ii) after giving Participants an opportunity to exercise their outstanding Options and Stock Appreciation Rights, the Committee may terminate any or all unexercised Options and Stock Appreciation Rights at such time as the Committee deems appropriate, and (iii) with respect to Participants holding Stock Units, Performance Units, Dividend Equivalents or Other Stock-Based Awards, the Committee may determine that such Participants shall receive a payment in settlement of such Stock Units, Performance Units, Dividend Equivalents or Other Stock-Based Awards, in such amount and form as may be determined by the Committee. Such surrender or termination shall take place as of the date of the Change of Control or such other date as the Committee may specify.

Table of Contents

(d) Committee. The Committee making the determinations under this Section 18 following a Change of Control must be comprised of the same members as those of the Committee immediately before the Change of Control. If the Committee members do not meet this requirement, the automatic provisions of subsections (a) and (b) shall apply, and the Committee shall not have discretion to vary them.

(e) Other Transactions. The Committee may provide in a Grant Letter that a sale or other transaction involving a Subsidiary or other business unit of the Company shall be considered a Change of Control for purposes of a Grant, or the Committee may establish other provisions that shall be applicable in the event of a specified transaction.

19. Requirements for Issuance of Shares

No Stock shall be issued in connection with any Grant hereunder unless and until all legal requirements applicable to the issuance of such Stock have been complied with to the satisfaction of the Committee. The Committee shall have the right to condition any Grant made to any Participant hereunder on such Participant's undertaking in writing to comply with such restrictions on his or her subsequent disposition of such shares of Stock as the Committee shall deem necessary or advisable, and Certificates representing such shares may be legended to reflect any such restrictions. Certificates representing shares of Stock issued under the Plan will be subject to such stop-transfer orders and other restrictions as may be required by applicable laws, regulations and interpretations, including any requirement that a legend be placed thereon. No Participant shall have any right as a shareholder with respect to Stock covered by a Grant until shares have been issued to the Participant.

20. Amendment and Termination of the Plan

(a) Amendment. The Board may amend or terminate the Plan at any time; provided, however, that the Board shall not amend the Plan without approval of the shareholders of UGI if such approval is required in order to comply with the Code or applicable laws, or to comply with applicable stock exchange requirements. No amendment or termination of this Plan shall, without the consent of the Participant, materially impair any rights or obligations under any Grant previously made to the Participant under the Plan, unless such right has been reserved in the Plan or the Grant Letter, or except as provided in Section 21(c) below.

(b) No Repricing Without Shareholder Approval. Notwithstanding anything in the Plan to the contrary, the Committee may not reprice Options or Stock Appreciation Rights, nor may the Board amend the Plan to permit repricing of Options or Stock Appreciation Rights, unless the shareholders of UGI provide prior approval for such repricing. The term "repricing" shall have the meaning given that term in Section 303A(8) of the New York Stock Exchange Listed Company Manual, as in effect from time to time.

(c) Shareholder Approval for Qualified Performance-Based Compensation. If Stock Units, Performance Units, Stock Awards, Dividend Equivalents or Other Stock-Based Awards are granted as qualified performance-based compensation under Section 14 above, the Plan must be reapproved by the UGI shareholders no later than the first shareholders meeting

that occurs in the fifth year following the year in which the shareholders previously approved the provisions of Section 14, if additional Grants are to be made under Section 14 and if required by section 162(m) of the Code or the regulations thereunder.

(d) Termination of Plan. The Plan shall terminate on December 4, 2016, unless the Plan is terminated earlier by the Board or is extended by the Board with the approval of the shareholders. The termination of the Plan shall not impair the power and authority of the Committee with respect to an outstanding Grant.

21. Miscellaneous

(a) Grants in Connection with Corporate Transactions and Otherwise. Nothing contained in this Plan shall be construed to (i) limit the right of the Committee to make Grants under this Plan in connection with the acquisition, by purchase, lease, merger, consolidation or otherwise, of the business or assets of any corporation, firm or association, including Grants to employees thereof who become Employees, or for other proper corporate purposes, or (ii) limit the right of the Company to grant stock options or make other stock-based awards outside of this Plan. Without limiting the foregoing, the Committee may make a Grant to an employee of another corporation who becomes an Employee by reason of a corporate merger, consolidation, acquisition of stock or property, reorganization or liquidation involving the Company in substitution for a grant made by such corporation. The terms and conditions of the Grants may vary from the terms and conditions required by the Plan and from those of the substituted stock incentives, as determined by the Committee.

(b) Reduction of Responsibilities. The Committee shall have discretion to adjust an Employee's outstanding Grants if the Employee's authority, duties or responsibilities are significantly reduced.

(c) Compliance with Law. The Plan, the exercise of Options and the obligations of the Company to issue or transfer shares of Stock under Grants shall be subject to all applicable laws and to approvals by any governmental or regulatory agency as may be required. With respect to persons subject to section 16 of the Exchange Act, it is the intent of the Company that the Plan and all transactions under the Plan comply with all applicable provisions of Rule 16b-3 or its successors under the Exchange Act. In addition, it is the intent of the Company that Grants made under Section 14 of the Plan comply with the applicable provisions of section 162(m) of the Code. To the extent that any legal requirement of section 16 of the Exchange Act or section 162(m) of the Code as set forth in the Plan ceases to be required under section 16 of the Exchange Act or section 162(m) of the Code, that Plan provision shall cease to apply. The Committee may revoke any Grant if it is contrary to law or modify a Grant to bring it into compliance with any valid and mandatory government regulation. The Committee may also adopt rules regarding the withholding of taxes on payments to Participants. The Committee may, in its sole discretion, agree to limit its authority under this Section.

(d) Enforceability. The Plan shall be binding upon and enforceable against the Company and its successors and assigns.

Table of Contents

(e) Funding of the Plan; Limitation on Rights. This Plan shall be unfunded. The Company shall not be required to establish any special or separate fund or to make any other segregation of assets to assure the payment of any Grants under this Plan. Nothing contained in the Plan and no action taken pursuant hereto shall create or be construed to create a fiduciary relationship between the Company and any Participant or any other person. No Participant or any other person shall under any circumstances acquire any property interest in any specific assets of the Company. To the extent that any person acquires a right to receive payment from the Company hereunder, such right shall be no greater than the right of any unsecured general creditor of the Company.

(f) Rights of Participants. Nothing in this Plan shall entitle any Employee, Non-Employee Director or other person to any claim or right to receive a Grant under this Plan. Neither this Plan nor any action taken hereunder shall be construed as giving any individual any rights to be retained by or in the employment or service of the Company.

(g) No Fractional Shares. No fractional shares of Stock shall be issued or delivered pursuant to the Plan or any Grant. The Committee shall determine whether cash, other awards or other property shall be issued or paid in lieu of such fractional shares or whether such fractional shares or any rights thereto shall be forfeited or otherwise eliminated.

(h) Employees Subject to Taxation Outside the United States. With respect to Participants who are subject to taxation in countries other than the United States, the Committee may make Grants on such terms and conditions as the Committee deems appropriate to comply with the laws of the applicable countries, and the Committee may create such procedures, addenda and subplans and make such modifications as may be necessary or advisable to comply with such laws.

(i) Governing Law. The validity, construction, interpretation and effect of the Plan and Grant Letters issued under the Plan shall be governed and construed by and determined in accordance with the laws of the Commonwealth of Pennsylvania, without giving effect to the conflict of laws provisions thereof.

(iv) Consummation of (a) a complete liquidation or dissolution of UGI or (b) a sale or other disposition of all or substantially all of the assets of UGI other than to a corporation with respect to which, following such sale or disposition, more than 50% of, respectively, the then outstanding shares of common stock and the combined voting power of the then outstanding voting securities entitled to vote generally in the election of directors is then owned beneficially,
