Item 5.02. Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

(e) Effective February 13, 2007, the Compensation Committee of the Board of Directors of Olin Corporation:

granted non-qualified stock options, vesting in three equal annual installments beginning on February 13, 2008, expiring on February 12, 2017, with an exercise price of \$16.52 per share (the average of the high and low sales prices on February 13, 2007),

adopted a Performance Share Program and granted performance share awards under that program, and

approved and authorized the payment of annual incentive awards under its Senior Management Incentive Compensation Plan (SMICP) based on Olin 's 2006 performance.

Under the Performance Share Program, the total number of performance shares that vest will vary between 25% and 150% of the target number, depending on Olin 's average annual return on capital for the three years ending December 31, 2009, in relation to the average annual return on capital among a group of companies made up of the Standard & Poor 's 1000 Materials companies plus six other corporations, broken out by quintiles. Performance shares are paid approximately half in cash and half in stock. A copy of the Performance Share Program is filed as Exhibit 99.1.

A copy of the SMICP, which was approved by shareholders on April 28, 2005, is filed as Appendix B to Olin 's 2005 Proxy Statement dated March 15, 2005 and is incorporated herein by reference. The Compensation Committee certified the level of achievement of the 2006 performance goals under the SMICP. As is its usual practice, the committee exercised negative discretion, so that actual payments were less than those permitted under the SMICP. In exercising its negative discretion to establish actual SMICP payment amounts for the named executive officers, the committee reviewed the individual amounts that the CEO and the other named executive officers would have received had they been participants in the management incentive compensation plan used for all other officers and senior managers. These amounts reflect the various elements of performance, including numerical financial targets and individual goals tied to performance criteria such as safety and environmental performance and operating efficiencies, on a company-wide or divisional basis, as appropriate.

Edgar Filing: OLIN CORP - Form 8-K

The following table lists the incentive award amounts, number of shares subject to option grants and target performance shares awarded to each of the executive officers named in our Summary Compensation Table in our proxy statement for our 2006 annual shareholders meeting:
