**Item 1.01 Entry into a Material Definitive Agreement.**

On June 25, 2007, Applied Materials, Inc., a Delaware corporation (Applied or the Company) entered into a Share Purchase Agreement (the Agreement) with all of the shareholders of HCT Shaping Systems SA (HCT), a privately-held company incorporated in Switzerland, to purchase all of the outstanding shares (the Shares) of HCT. HCT is the world's leading supplier of precision wafering systems used principally in manufacturing crystalline silicon substrates for the solar industry. Upon the closing of the share purchase contemplated by the Agreement, HCT will become a wholly-owned subsidiary of Applied.

Applied will pay the aggregate sum of approximately CHF 583 million (or approximately US\$475 million at the current exchange rate) in cash for the Shares.

A portion of the consideration will be placed in an indemnity escrow account for a period of one year to satisfy certain indemnity obligations that may accrue, if any. A separate portion of the consideration payable to two management sellers will be placed in a deferral escrow account, payment of which is conditioned on the continued employment of such sellers with Applied or its affiliates (including HCT) for a specified period of time after the closing.

Applied and the sellers have each made customary representations, warranties and covenants in the Agreement, and the Agreement contains certain termination rights for both Applied and sellers.

Closing of the share purchase contemplated by the Agreement is subject to the satisfaction or waiver of customary closing conditions, including, among others, the receipt of certain non-U.S. regulatory approvals.

**Item 7.01 Regulation FD Disclosure.**

On June 26, 2007, Applied issued a press release announcing execution of the Agreement, the text of which is attached hereto as Exhibit 99.1.

The information in this Item 7.01, including the exhibit, is furnished and shall not be deemed filed for the purposes of Section 18 of the Securities Exchange Act of 1934, as amended, or otherwise subject to liabilities under that section, and shall not be deemed to be incorporated by reference into the filings of Applied Materials under the Securities Act of 1933, as amended, regardless of any general incorporation language in such filings.
