In connection with its year-end closing process, Material Sciences Corporation (the company) became aware of an investment asset that may be the property of the company or one or more of its pension plans. The asset has not previously been reflected in the company's consolidated financial statements nor in the benefit plans sponsored by the company. As a result of the discovery of this asset, the company requires additional time to review and analyze the effect, if any, of this matter on the company's consolidated financial statements for the year ended February 29, 2008. The company is working diligently to finalize such financial statements and complete its Annual Report on Form 10-K for the year ended February 29, 2008. The company intends to file its Annual Report on Form 10-K within the 15-day extension period afforded by SEC Rule 12b-25 under the Securities Exchange Act of 1934, as amended.

**ATTACHED EXPLANATION OF RESULTS OF OPERATIONS**

As disclosed in the registrant's Current Report on Form 8-K filed May 13, 2008:

For fiscal 2008, the registrant's total net sales were \$235,220,000 and it experienced a net loss of \$5,990,000, compared with fiscal 2007 net sales of \$262,627,000 and net income of \$6,124,000.

For the last quarter of fiscal 2008, the registrant's total net sales were \$53,315,000 and it experienced a net loss of \$5,138,000, compared with fiscal 2007 net sales of \$58,897,000 and net income of \$1,327,000.

The differences in revenue and net income were in large part due to decreased sales due to difficult market conditions effecting our sales to our largest customers (domestic auto makers and markets related to home construction). Reduced sales volumes reduced gross profit and net income.
