PROXY STATEMENT

We are providing these proxy materials in connection with BancFirst Corporation's 2009 Annual Meeting of Shareholders. In this proxy statement, we refer to the Board of Directors as the Board and to BancFirst Corporation as we, us or the Company. This proxy statement, the accompanying proxy card or voter instruction card and our 2008 Annual Report on Form 10-K were first mailed to shareholders on or about April 27, 2009. This proxy statement contains important information for you to consider when deciding how to vote on the matters brought before the Annual Meeting. Please read it carefully.

ABOUT THE ANNUAL MEETING

Who is soliciting my vote?

The Board of the Company is soliciting your vote at the 2009 Annual Meeting of Shareholders.

What is the purpose of the Annual Meeting?

You will be voting on:

Election of directors;

An amendment to the BancFirst Corporation Stock Option Plan;

An amendment to the BancFirst Corporation Non-Employee Directors' Stock Option Plan;

An amendment to the BancFirst Corporation Directors' Deferred Stock Compensation Plan;

Ratification of the selection of Grant Thornton LLP as our independent auditor for the fiscal year ending December 31, 2009; and

Any other business that may properly come before the meeting.

What are the Board's recommendations?

The Board recommends a vote:

for the election of directors;

for the amendment of the BancFirst Corporation Stock Option Plan;

for the amendment of the BancFirst Corporation Non-Employee Directors Stock Option Plan;

for the amendment of the BancFirst Corporation Directors Deferred Stock Compensation Plan;

for the ratification of the selection of Grant Thornton LLP as our independent auditor for the fiscal year ending December 31, 2009;
and

for or against other matters that come before the Annual Meeting, as the proxy holders deem advisable.

Table of Contents

Who is entitled to vote at the Annual Meeting?

The Board set April 6, 2009 as the record date for the Annual Meeting (the record date). All shareholders who owned BancFirst Corporation common stock at the close of business on April 6, 2009 may attend and vote at the Annual Meeting.

How many votes do I have?

You will have one vote for each share of our common stock you owned at the close of business on the record date, provided those shares are either held directly in your name as the shareholder of record or were held for you as the beneficial owner through a broker, bank or other nominee.

What is the difference between holding shares as a shareholder of record and beneficial owner?

Most of our shareholders hold their shares through a broker, bank or other nominee rather than directly in their own name. As summarized below, there are some distinctions between shares held of record and those owned beneficially.

Shareholder of Record. If your shares are registered directly in your name with our transfer agent, BancFirst Trust and Investment Management, you are considered the shareholder of record with respect to those shares, and these proxy materials are being sent directly to you by the Company. As the shareholder of record, you have the right to grant your voting proxy directly to us or to vote in person at the Annual Meeting. We have enclosed a proxy card for you to use.

Beneficial Owner. If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of shares held in street name, and these proxy materials are being forwarded to you by your broker, bank or nominee, who is considered the shareholder of record with respect to those shares. As the beneficial owner, you have the right to direct your broker, bank or nominee on how to vote and are also invited to attend the Annual Meeting. However, since you are not the shareholder of record, you may not vote these shares in person at the Annual Meeting, unless you request, complete and deliver a proxy from your broker, bank or nominee. Your broker, bank or nominee has enclosed a voting instruction card for you to use in directing the broker, bank or nominee how to vote your shares.

How many votes can be cast by all shareholders?

Each share of BancFirst Corporation common stock is entitled to one vote. There is no cumulative voting. We had 15,291,641 shares of common stock outstanding and entitled to vote on the record date.

How many votes must be present to hold the Annual Meeting?

A majority of our outstanding shares as of the record date must be present at the Annual Meeting in order to hold the Annual Meeting and conduct business. This is called a quorum. Shares are counted as present at the Annual Meeting if you are present and vote in person at the Annual Meeting or a proxy card has been properly submitted by you or on your behalf. Both abstentions and broker non-votes are counted as present for the purpose of determining the presence of a quorum.

How many votes are required to elect directors and adopt the other proposals?

Under the Company's bylaws, directors must be elected by a *majority* of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote. Because the election of Directors requires a majority vote, votes *WITHHELD* with respect to a nominee will have the same effect as votes *against* that nominee. The amendment of BancFirst Corporation Stock Option Plan, the amendment of the BancFirst Corporation Non-Employee Directors' Stock Option Plan, the amendment of the BancFirst Corporation Directors' Deferred Stock Compensation Plan and the ratification of the selection of Grant Thornton LLP as our independent auditor also requires the affirmative vote of a *majority* of the shares of BancFirst Corporation common stock represented at the Annual Meeting and entitled to vote on the matter in order to be approved. If you *abstain* from voting on any of these matters, your shares will be counted as present and entitled to vote on that matter for purposes of establishing a quorum, and the abstention will have the same effect as a vote *against* that proposal.

Table of Contents

What if I don't vote for some of the items listed on my proxy card or voting instruction card?

If you return your signed proxy card or voting instruction card in the enclosed envelope but do not mark selections, it will be voted in accordance with the recommendations of the Board. If you indicate a choice with respect to any matter to be acted upon on your proxy card or voting instruction card, the shares will be voted in accordance with your instructions. If you are a beneficial owner and hold your shares in street name through a broker and do not return the voting instruction card, the broker or other nominee will determine if it has the discretionary authority to vote on the particular matter. Under applicable rules, brokers have the discretion to vote on routine matters, such as the uncontested election of directors and the ratification of the selection of accounting firms, but do not have discretion to vote on non-routine matters such as the approval of amendments to a stock plan or our certificate of incorporation. If you do not provide voting instructions to your broker and the broker has indicated on the proxy card that it does not have discretionary authority to vote on a particular proposal, your shares will be considered *broker non-votes* with regard to that matter.

Broker non-votes will be considered as represented for purposes of determining a quorum but generally will not be considered as entitled to vote with respect to that proposal. Broker non-votes are not counted in the tabulation of the voting results with respect to the election of directors or for purposes of determining the number of votes cast with respect to a particular proposal. Thus, a broker non-vote will make a quorum more readily obtainable, but the broker non-vote will not otherwise affect the outcome of the vote on a proposal that requires a majority of the votes cast. With respect to a proposal that requires a majority of the outstanding shares (of which there are none for this Annual Meeting), a broker non-vote has the same effect as a vote against the proposal.

Can I change or revoke my vote after I return my proxy card or voting instruction card?

Yes. Even if you sign the proxy card or voting instruction card in the form accompanying this proxy statement, you retain the power to revoke your proxy or change your vote. You can revoke your proxy or change your vote at any time before it is exercised by giving written notice specifying such revocation to the Corporate Secretary of the Company. You may change your vote by timely delivery of a valid, later-dated proxy or by voting by ballot at the Annual Meeting. However, please note that if you would like to vote at the Annual Meeting and you are not the shareholder of record, you must request, complete and deliver a proxy from your broker, bank or nominee.

What does it mean if I receive more than one proxy or voting instruction card?

It generally means your shares are registered differently or are in more than one account. Please provide voting instructions for all proxy and voting instruction cards you receive.

Who can attend the Annual Meeting?

All shareholders as of the record date, or their duly appointed proxies, may attend.

The Annual Meeting will be held at the Second Floor Conference Room, 101 N. Broadway (the corner of Main Street and Broadway), Oklahoma City, Oklahoma 73102.

Who pays for the proxy solicitation and how will the Company solicit votes?

We will bear the expense of printing and mailing proxy materials. In addition to this solicitation of proxies by mail, our directors, officers and other employees may solicit proxies by personal interview, telephone, facsimile or email. They will not be paid any additional compensation for such solicitation. We will request brokers and nominees who hold shares of our common stock in their names to furnish proxy materials to beneficial owners of the shares. We will reimburse such brokers and nominees for their reasonable expenses incurred in forwarding solicitation materials to such beneficial owners.

Vote by Mail

If you choose to vote by mail, simply mark your proxy, date and sign it, and return it in the postage-paid envelope provided.

Voting at the Annual Meeting

The method or timing of your vote will not limit your right to vote at the Annual Meeting if you attend the meeting and vote in person. However, if your shares are held in the name of a bank, broker or other nominee, you must obtain a proxy, executed in your favor, from the holder of record to be able to vote at the Annual Meeting. You should allow yourself enough time prior to the Annual Meeting to obtain this proxy from the holder of record.

The shares represented by the proxy cards received, properly marked, dated, signed and not revoked, will be voted at the Annual Meeting. If you sign and return your proxy card or voting instruction card but do not give voting instructions, the shares represented by that proxy card or voting instruction card will be voted as recommended by the Board.

CORPORATE GOVERNANCE PRINCIPLES AND BOARD MATTERS

The Company is committed to maintaining the highest standards of business conduct and corporate governance, which we believe are essential to running our business efficiently, serving our shareholders well and maintaining our integrity in the marketplace. We regularly monitor developments in the area of corporate governance and review our processes and procedures in light of such developments. In those efforts, we review federal laws affecting corporate governance, such as the Sarbanes-Oxley Act of 2002, as well as rules adopted by the SEC and The NASDAQ Global Market, Inc. (the "NASDAQ"). We believe that we have in place procedures and practices, including the following, which are designed to enhance our shareholders' interests.

We have adopted a Code of Ethics that applies to our principal executive officer and senior financial officers, including our principal financial officer and principal accounting officer, the purpose of which is to promote honest and ethical conduct and compliance with the law, particularly as related to the maintenance of the Company's financial books and records and the preparation of its financial statements. We have also adopted a Corporate Code of Conduct that sets forth the guiding principles and rules of behavior by which we operate our company and conduct our daily business with our customers, vendors and shareholders and with our fellow employees. The Code of Conduct applies to all directors and employees of the Company. Copies of the Code of Ethics and the Corporate Code of Conduct may be requested by writing to: Corporate Secretary, BancFirst Corporation, 101 N. Broadway, Oklahoma City, Oklahoma 73102.

Board Independence

The NASDAQ's listing standards require our Board to be comprised of at least a majority of independent directors. For a director to be considered independent, the Board must determine that the director does not have any direct or indirect material relationship with the Company. Based on the independence standards prescribed by the NASDAQ, our Board has affirmatively determined that each of the following directors is independent: C. L. Craig, Jr., Dr. Donald B. Halverstadt, John C. Hugon, Dave R. Lopez, J. Ralph McCalmont, Tom H. McCasland III, Melvin Moran, Ronald J. Norick, Paul B. Odom, Jr., David E. Ragland, Michael K. Wallace and G. Rainey Williams, Jr. In addition, as prescribed by the NASDAQ Marketplace Rules, these independent directors have regularly scheduled meetings without management present. See Executive Sessions.

In determining independence, the Board reviews whether directors have any material relationship with the Company. The Board considers all relevant facts and circumstances. In assessing the materiality of a director's relationship to the Company, the Board considers the issues from the director's standpoint and from the perspective of the persons or organizations with which the director has an affiliation and is guided by the standards set forth below. The Board reviews commercial, industrial, banking, consulting, legal, accounting, charitable and familial relationships. An independent director must not have any material relationship with the Company, either directly or as a partner, shareholder or officer of an organization that has a relationship with the Company, or any relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director.

A director will not be considered independent in the following circumstances:

- (1) The director is, or has been in the past three years, an employee of the Company, or an immediate family member of the director is, or has been in the past three years, an executive officer of the Company.
- (2) The director has received, or has an immediate family member who has received during any twelve-month period within the last three years, more than \$100,000 in direct compensation from the Company, other than compensation for Board service, compensation received by the director's immediate family member for service as a non-executive employee of the Company, and pension or other forms of deferred compensation for prior service with the Company that is not contingent on continued service.
- (3) (A) The director or an immediate family member is a current partner of the firm that is the Company's external auditor; (B) the director is a current employee of such a firm; (C) the director has an immediate family member who is a current employee of such a firm and who participates in the firm's audit, assurance or tax compliance (but not tax planning) practice; or (D) the director or an immediate family member is or was within the last three years (but is no longer) a partner or employee of such a firm and personally worked on the Company's audit within that time.

Table of Contents

- (4) The director or an immediate family member is, or has been in the past three years, employed as an executive officer of another company where any of the Company's present executive officers at the same time serves or has served on that company's compensation committee.
- (5) The director is, or has an immediate family member who is, a partner in, or a controlling stockholder or an executive officer of, any organization to which the Company made, or from which the Company received, payments for property or services in the current or any of the past three fiscal years that exceed the greater of 5% of the recipient's consolidated gross revenues for that year, or \$200,000. For these purposes, an immediate family member includes a director's spouse, parents, children, siblings, mother-and father-in-law, sons-and daughters-in-law, brothers-and sisters-in-law, and anyone who shares the director's home.

Board Structure and Committee Composition

As of the date of this proxy statement, our Board has 19 directors and the following four standing committees: (1) Executive Committee, (2) Audit Committee, (3) Compensation Committee, and (4) Independent Directors' Committee. BancFirst, our principal operating subsidiary and the largest state-chartered bank in Oklahoma (BancFirst or the Bank), has standing an Administrative Committee, which also reports to our Board. The committee membership and meetings during the last fiscal year and the function of each of the standing committees are described below. During fiscal 2008, the Board held 12 meetings. Each current director attended at least 75% of all Board and applicable standing committee meetings. Directors are encouraged to attend annual meetings of the Company's shareholders. All then-current directors attended the last annual meeting of shareholders.

Rainbolt and Darryl Schmidt.

Audit Committee

The Audit Committee of the Company also serves as the Audit Committee of the Bank. The Audit Committee is responsible for conducting an annual examination of the Company and for ensuring that adequate internal controls and procedures are maintained. An independent auditor is engaged to conduct the annual examination and the Audit Committee meets with the independent auditor to discuss the scope and results of the examination. Additionally, the Internal Auditor of the Bank reports to the Audit Committee.

The Board determined that each of J. Ralph McCalmont, Chair of the Audit Committee, and Audit Committee members Jimmie L. Cole, Dave R. Lopez and Ronald J. Norick is independent pursuant to applicable NASDAQ listing standards governing audit committee members. The Board also determined that Mr. Cole is an audit committee financial expert as defined by applicable SEC rules. The Audit Committee has a written Audit Committee Charter, which was included as Appendix A to the Proxy Statement for the Annual Meeting of Stockholders held May 22, 2008. A free printed copy also is available to any shareholder who requests it from the address on page 4 of this Proxy Statement.

The Compensation Committee of the Company determines the compensation of the Chief Executive Officer, and reviews and approves the compensation of the other executive officers of the Company. During 2008, the Compensation Committee was composed of C. L. Craig, Jr. (Chair), Melvin Moran and David E. Ragland, each of whom has been determined by the Board to be independent directors. The report of the Compensation Committee is included herein beginning on page 19. The charter of the Compensation Committee is included as Appendix A to this Proxy Statement. Director Nominees

Shareholder Recommendations

The policy of the Independent Directors' Committee is to consider properly submitted shareholder recommendations of candidates for membership on the Board as described below under *Identifying and Evaluating Candidates for Directors*. In evaluating such recommendations, the Independent Directors' Committee seeks to achieve a balance of knowledge, experience and capability on the Board and to address the membership criteria set forth below under *Director Qualifications*. Any shareholder recommendations proposed for consideration by the Independent Directors' Committee should include the candidate's name and qualifications for Board membership and should be addressed to the Corporate Secretary pursuant to the procedure described on page 36 under the heading *Proposals for the 2010 Meeting of Shareholders*.

Director Qualifications

The Independent Directors' Committee has no specified Board membership criteria that apply to nominees recommended for a position on the Company's Board. However, members of the Board should have the highest professional and personal ethics and values, consistent with the Company's longstanding values and standards. They should also have broad experience at the policy-making level in business, government, education, technology or public service. They should be committed to enhancing shareholder value and should have sufficient time to carry out their duties and to provide insight and practical wisdom based on experience. The Independent Directors' Committee believes that directors' service on other boards of public companies should be limited to a number that permits them, given their individual circumstances, to perform responsibly all director duties.

Identifying and Evaluating Candidates for Directors

The Independent Directors' Committee uses a variety of methods for identifying and evaluating nominees for director. In the event that vacancies are anticipated, or otherwise arise, the Independent Directors' Committee considers various potential candidates for director. Candidates may come to the attention of the Independent Directors' Committee through current Board members, shareholders or other persons. Identified candidates are evaluated at regular or special meetings of the Independent Directors' Committee and may be considered at any point during the year. As described above, the Independent Directors' Committee will consider properly submitted shareholder recommendations for candidates for the Board to be included in the Company's proxy statement. In evaluating nominations, the Independent Directors' Committee seeks to achieve a balance of knowledge, experience and capability on the Board.

Executive Sessions

Executive sessions of independent directors are held at least once a year. The sessions are scheduled and chaired by the lead independent director, who in 2008 was C. L. Craig, Jr. Any independent director may request that an additional executive session be scheduled.

Communication with the Board

Shareholders and other interested parties may communicate with one or more members of the Board in writing by regular mail. The following address may be used by those who wish to send such communications:

DIRECTOR COMPENSATION

We provide the following elements of compensation for our non-employee directors, each of whom is also a director of the Bank:

A retainer of \$750 per quarter to each non-employee director for serving on the Board.

A retainer of \$750 per month to each non-employee director for serving on the Bank's board of directors.

A fee of \$750 per meeting to each member of the Audit Committee.

A retainer of \$3,750 per quarter to the chairman of the Audit Committee.

A fee of \$750 per meeting to each member of the Compensation Committee.

A grant of 10,000 options to each non-employee director at the time of his initial appointment or election to the Board.

We pay employee directors of the Company each a retainer of \$500 per quarter for their services as directors.

The option grants are provided under the BancFirst Corporation Non-Employee Directors' Stock Option Plan (the "Directors' Stock Plan") and are exercisable at the rate of 25% per year beginning one year from the date of grant. If a director is terminated for cause, all options will be forfeited immediately. If a director ceases to be member of the Board for any other reason, unvested options will terminate and only previously vested options may be exercised for a period of 30 days following termination (or 12 months in the case of termination on account of death).

Non-employee directors can elect to defer all or any portion of their cash compensation through the BancFirst Corporation Directors' Deferred Stock Compensation Plan (the "Deferred Stock Compensation Plan"). Under the plan, directors of the Company and members of the community advisory boards of the Bank may defer up to 100% of their Board fees. They are credited for each deferral with a number of stock units based on the current market price of the Company's stock, which accumulate in an account until such time as the director or community board member terminates service as a Board member. Shares of our common stock are then distributed to the terminating director or community board member based upon the number of stock units accumulated in his or her account. Because stock units are not actual shares of our common stock, they do not have any voting rights.

Additionally, non-employee directors are reimbursed for their expenses in connection with attending Board meetings.

PROPOSAL 1

ELECTION OF DIRECTORS

Our Board currently consists of 19 members and is divided into three classes of directors, with six directors in Class I, six directors in Class II and seven directors in Class III. Directors serve for three-year terms with one class of directors being elected by the Company's shareholders at each annual meeting to succeed the directors of the same class whose terms are then expiring.

At the Annual Meeting, six Class II directors will be elected to serve until the 2012 annual meeting of shareholders and until their successors are duly elected and qualified or until their earlier resignation or removal.

At the recommendation of the Independent Directors' Committee, the Board has nominated James R. Daniel, Tom H. McCasland, III, Paul B. Odom, Jr., H.E. Rainbolt, Michael K. Wallace and G. Rainey Williams, Jr. for election as the Class II directors. All six nominees are incumbents. Unless otherwise specified in the proxy, it is the intention of the persons named in the proxy to vote the shares represented by each properly executed proxy for the election of these nominees as Class II directors. The nominees have agreed to stand for election and, if elected, to serve as directors. However, if any person nominated by the Board is unable to serve or for good cause will not serve, the proxies will be voted for the election of such other person or persons as the Independent Directors' Committee and the Board may recommend.

The sections in this proxy statement entitled "Information Regarding Directors" and "Stock Ownership" provide certain information about each nominee based on data submitted by such persons, including the principal occupation of such person for at least the last five years and any public company directorships held by such person.

Vote Required

The affirmative vote of holders of a majority of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote on the election of directors at the Annual Meeting is required for the election of each nominee as a director of the Company. Proxies cannot be voted for a greater number of persons than the number of nominees named. Other directors who are remaining on the Board will continue in office in accordance with their previous elections until the expiration of their terms at the 2010 or 2011 annual meetings, as the case may be, and until such directors' successors have been elected and qualified, or until the earlier of their death, resignation or removal.

The Board unanimously recommends a vote FOR the election of the nominees to the Board. Proxies solicited by the Board will be voted for each of the nominees unless instructions to withhold or to the contrary are given.

COMPENSATION DISCUSSION AND ANALYSIS

Introduction

This Compensation Discussion and Analysis (CD&A) describes the compensation for the named executive officers in the Summary Compensation Table and for the Company s executive officers generally. Securities and Exchange Commission regulations require us to include our chief executive officer, David E. Rainbolt, and our chief financial officer, Joe T. Shockley, Jr., as named executive officers. In addition, these regulations require us to include the three most highly compensated executive officers in 2008. In addition to Messrs. Rainbolt and Shockley, our named executive officers are Dennis L. Brand, Darryl Schmidt and William O. Johnstone.

Objectives of our Compensation Program

Overview

Our philosophy is to maximize long-term return to our shareholders consistent with our commitment to maintain the safety and soundness of the Bank, and to provide the highest possible level of service at a fair price to the customers and communities that we serve. To do this, we believe that BancFirst Corporation must provide competitive salaries and appropriate incentives to achieve long-term shareholder return. The Company s executive compensation policies are designed to achieve four primary objectives:

attract and retain qualified executives who will lead the Company and inspire superior performance;

provide incentives for achievement of corporate goals and individual performance;

Table of Contents

provide incentives for achievement of long-term shareholder return; and

align the interests of management with those of the shareholders to encourage continuing increases in shareholder value. Our goal is to effectively balance salaries with potential compensation that is performance-based commensurate with an officer's individual management responsibilities and potential for future contribution to corporate objectives. The portion of total compensation that is based on corporate performance and long-term shareholder return increases as an executive's responsibilities increase.

The Compensation Committee of the Company's board of directors is responsible for reviewing and approving the Company's overall compensation and benefit programs in consultation with David E. Rainbolt, the Company's chief executive officer, or CEO, and for determining the compensation of the CEO. In addition, the Compensation Committee is responsible for reviewing and approving all option grants to executive officers. The CEO makes recommendations to the committee concerning his own compensation, but the CEO does not participate in the deliberations or decisions of the Compensation Committee concerning his compensation. The CEO determines the compensation, including salary, performance-based incentive pay and other awards, for other executive officers, subject to the approval of the Compensation Committee. The Compensation Committee currently consists of three directors, C.L. Craig (Chairman), Melvin Moran and David E. Ragland, all of whom are independent under applicable NASDAQ and SEC standards.

Executive Participation in Committee Discussions

The executive officers who participate in the Compensation Committee's compensation-setting process are the CEO and the Executive Vice President for Human Resources. Executive participation is meant to provide the Compensation Committee with input regarding the Company's compensation philosophy, process and decisions. In addition to providing factual information such as company-wide performance on relevant measures, these executives articulate management's views on current compensation programs and processes, recommend relevant performance measures to be used for future awards, and otherwise supply information to assist the Compensation Committee. The CEO also provides information about individual performance assessments for the other named executive officers, and expresses to the Compensation Committee his view on the appropriate levels of compensation for the other named executive officers for the ensuing year.

These two executives participate in committee discussions purely in an informational and advisory capacity, but have no vote in the committee's decision-making process. The CEO does not attend those portions of Compensation Committee meetings during which his performance is evaluated or his compensation is being determined. No executive officer other than the CEO and Executive Vice President for Human Resources attends those portions of Compensation Committee meetings during which the performance of the other named executive officers is evaluated or their compensation is being determined.

Executive Compensation Policy

The Company's compensation policy primarily consists of the following components:

base salary;

performance-based incentive pay;

long-term award(s) including stock option grants, supplemental executive retirement agreements and survivor benefit agreements;
and

benefits available to all employees.

The Company considers market practices to achieve an overall compensation program that aims to provide a total compensation package for our executive officers that is generally competitive with the compensation paid to similarly situated executive and senior officers of a peer group of companies. The Company reviews the market practices by speaking to recruitment agencies and reviewing the data on peer companies of similar size, growth potential and market area as reported in publicly available documents, such as proxy statements. Although the committee has not established a specific comparison group of bank holding companies for determination of compensation, those listed in the salary surveys that

share one or more common traits with the Company, such as asset size, geographic location, and financial returns on assets and equity, are given more consideration. The Company does not

Table of Contents

employ formulas to determine the relationship of one element of compensation to another nor does it determine the amount of one form of compensation based solely on the amount of another form of compensation; however, the Company strives to allocate a significant portion of overall compensation to elements that focus on performance and incentives. The Company does not currently have a policy to recapture performance-based incentive pay or other compensation in the event that the metrics used to determine the compensation are later restated.

Base Salary

One of the goals of our compensation program is to establish base salaries for executive officers that are competitive to those of comparable peer companies in our industry and our local market place. We do not seek to pay the highest base salaries in our peer group; however, we believe that base salaries should be sufficiently competitive to attract and retain talented senior management. We consult various sources to identify adequate and competitive base salary levels, including industry surveys, feedback from recruiters and discussion with peer companies. The base salary level for our CEO is established annually by the Compensation Committee. In setting Mr. Rainbolt's base salary for 2008, the Compensation Committee followed this compensation policy. Mr. Rainbolt's review was based on the factors above, including the current financial performance of the Bank as measured by earnings, asset growth, and overall financial soundness. Additional considerations were the CEO's leadership in setting high standards for financial performance, motivating his management colleagues, and his continued involvement in community affairs. As a result of these factors, which included a comparison of Mr. Rainbolt's compensation with compensation paid to CEO's of comparable institutions, Mr. Rainbolt's salary was increased by \$25,000 to \$350,000. Base salary for the other executive officers is established by our CEO, subject to review and approval by the Compensation Committee. In setting base salaries, our CEO considers the seniority and level of responsibility of each executive officer, taking into account competitive market compensation paid by other companies as described above. Salaries for executive officers are reviewed on an annual basis as well as at the time of a promotion or other change in level of responsibilities. Increases in base salary are based on the evaluation of factors such as the individual's level of responsibility, performance and level of compensation. The salaries paid during fiscal year 2008 to the Company's named executive officers are shown in the Summary Compensation Table.

Annual Performance-Based Incentive Pay

We believe that the payment of performance-based incentive compensation based on personal and business goals is important to focus our executive officers on the achievement of short-term corporate goals. Accordingly, all of our executive officers, with the exception of William O. Johnstone, are eligible to receive an annual cash amount based on our performance-based incentive program. The performance-based incentive program is designed to reward our executive officers for the attainment of short-term business and/or personal performance goals that are established at the beginning of each fiscal year, and can be in amounts ranging from 5% to 25% of the executive officer's base salary. Performance-based incentive compensation for our CEO is established by the Compensation Committee. Performance-based incentive compensation for our other executive officers is established by our CEO, subject to review and approval by the Compensation Committee and is subject to a pre-approved bonus level, i.e., 5% to 25%, based generally upon the seniority of the executive officer.

Annual incentive payments under the plan for a particular year with respect to executive officers who are Bank senior management are based on objective financial performance criteria established before the beginning of the year. Such financial performance criteria generally will vary depending on the executive officer's authority. Thus, for example, for those executive officers having authority or responsibility over the entire company, including the CEO, Dennis L. Brand and Darryl Schmidt, the financial performance criteria includes the attainment, on a company-wide basis, of budgeted earnings as well as budgeted asset quality. For executive officers having line authority over a particular geographic region, the financial performance criteria includes the attainment of certain profitability and asset quality goals, as well as the adequacy of the internal audit report, both calculated with respect to the particular region over which the executive officer has responsibility. For executive officers having responsibility over various corporate administrative functions, annual incentive payments are based primarily on the attainment of individual performance goals negotiated with the CEO at the beginning of the year. Recognition of individual performance goals is based on a subjective analysis of each individual officer's performance. An executive officer's potential cash incentive payment depends upon two factors: (x) the executive's position with the Bank, which establishes a maximum cash incentive award as a percent of base salary and (y) the extent to which the performance targets, including financial performance and individual performance targets, are achieved. For officers other than the CEO, the CEO conducts a subjective analysis of each officer's individual performance and makes recommendations as to the appropriate amount of performance-based incentive pay.

Table of Contents

The payment of performance-based incentive compensation generally occurs in December of each year in respect of achievements of the fiscal year then ending. For 2008, the CEO, David E. Rainbolt, and each of the other named executive officers with the exception of Mr. Johnstone, were eligible for performance-based incentive compensation of up to 20% of the respective executive's base salary. Messrs. Rainbolt and Brand each received performance-based incentive compensation totaling 10% of such person's base salary, Mr. Schmidt received performance-based incentive compensation totaling 8% of his base salary and Mr. Shockley received performance-based incentive compensation totaling 18% of his base salary. Mr. Johnstone does not participate in the performance-based incentive compensation program. Although his base salary is determined annually by the CEO, subject to the review and approval of the Compensation Committee, a significant percentage of his 2008 compensation was attributable to fees earned by Mr. Johnstone and/or companies affiliated with him, including Caney River Land and Cattle Company, a company that is 100% owned by Mr. Johnstone, pursuant to agreements negotiated between Mr. Johnstone or such affiliated entity and various subsidiaries of the Company that engage in private equity investments. The general terms of such agreements provide that, if the subsidiary invests in a project submitted to the subsidiary by Mr. Johnstone or his affiliate, the subsidiary will pay Mr. Johnstone or his affiliate only after the subsidiary recoups 100% of its investment and direct, third-party expenses in the particular investment project. After such recoupment has occurred with respect to a project, Mr. Johnstone or his affiliate will receive 10% of the net proceeds received from the disposition of investments in the project, together with any dividends or interest income received with respect to such project. The agreements giving rise to this compensation arrangement have been approved either by the full board of directors or the Audit Committee.

Long Term Awards

Stock Option Grants

Executive officers receive equity compensation awards in the form of incentive stock options under the BancFirst Corporation Stock Option Plan. The stock options are designed to align the interests of the executive officers with the shareholders' long-term interests by providing them with equity awards that generally are exercisable beginning four years from the date of grant at the rate of 25% per year for four years. Historically, the Company has not granted equity awards to the same degree as its peers; typically, option grants have been made either as an employment incentive in connection with the Company's efforts to employ an executive officer, or as a retention device. The Company's stock option plan was adopted by the board of directors in 1986 and has been amended several times since its adoption to increase the number of shares issuable under the plan and to extend the term of the plan, which currently extends to December 31, 2011. The most recent amendment was approved by shareholders in 2006. The Company does not have stock ownership guidelines for its directors or executive officers. In order to remain competitive, the Company in 2006 introduced other retention tools such as the supplemental executive retirement agreements and survivor benefit agreements discussed below. Given the CEO's significant existing stock ownership in the Company, he has recommended to the Compensation Committee that he not be granted stock options. Awards granted to our other executive officers are recommended by our CEO and approved by our Compensation Committee. All awards granted under the Plan are ratified by the full board.

All stock options granted under the Company's Stock Option Plan are made at the market price at the time of the award. The Company has never granted stock options with an exercise price that is less than the closing price of the Company's common stock as reported by the NASDAQ on the grant date, nor has it granted stock options which were priced on a date other than the grant date. The long-term incentive award information for the Company's named executive officers during fiscal year 2008 is included in Executive and Director Compensation for the Company 2008 Grants of Plan-Based Awards and additional information on the option awards is shown in Executive and Director Compensation for the Company Holdings of Previously Awarded Equity.

Supplemental Executive Retirement Agreements

In 2007, the Company entered into supplemental retirement agreements with a number of the Company's executive officers designated by the CEO. These agreements seek to encourage the executive officers who are parties to such agreements to remain employed with the Company. Under the terms of the agreements, which were approved by the Compensation Committee, the

Table of Contents

signatory executive officer will receive a specified annual benefit paid in monthly installments for a specified number of years, typically 10 years, after retirement at age 65. If the executive officer's employment is terminated by the Company for cause or by reason of voluntary early retirement, the executive officer will not receive any benefits under the agreement. The agreements also provide for specified benefits (generally, the discounted present value of the income stream) in the event of a change-in-control or involuntary early retirement. For details regarding the terms and payments under the supplemental retirement agreement for Darryl Schmidt, the only named executive officer receiving such a benefit, see Executive and Director Compensation for the Company Potential Payments on Termination or Change-in-Control.

Survivor Benefit Agreements

In 2007, the Company also entered into survivor benefit agreements with a number of the Company's executive officers designated by the CEO. In connection with these agreements, which were approved by the Compensation Committee, the Company purchased life insurance policies with respect to the relevant individuals. Under these agreements, the Company owns the insurance policies, is entitled to the cash value of the policies and is responsible for paying the associated premiums. Upon the executive officer's death while still employed with the Company, a beneficiary selected by the executive officer is entitled to a specified amount of the death benefit under the policy. The survivor benefit agreement and any benefit from it terminate upon the executive officer's termination of employment for any reason, including retirement or disability. For details on the particular benefits of the survivor benefit agreements for Darryl Schmidt, the only named executive officer receiving such a benefit, see Executive and Director Compensation for the Company Summary Compensation Table.

Benefits Available to All Employees

The Company maintains a 401(k) employee savings and retirement plan, as well as an employee stock ownership plan (ESOP), both of which are broad-based plans covering all full-time employees, including the Company's executive officers, who have attained the age of 21 years and who have completed six months of employment during the year. The Company's matching contribution to the 401(k) plan equals 50% of the first 6% of pay that is contributed by a participating employee to the plan. Benefits under the ESOP are based solely on the amount contributed by the Company, which is used to purchase the Company's common stock. A participant's allocation is the total employer contribution multiplied by the ratio of that participant's applicable compensation over the amount of such compensation for all participants for that year. The total amount contributed by the Company to the ESOP for 2008 was \$1,998,104, and the total amount contributed by the Company to the 401(k) plan in 2008 was \$1,340,173. The decision to make a contribution to the ESOP is within the sole discretion of the Board and there are no specific performance measures set forth in the ESOP. The value of the number of shares allocated to the named executive officers based on the Company's contribution to these plans in 2008 is included as one of the components of compensation reported in column (i) of the Summary Compensation.

The Company offers additional life insurance coverage to the named executive officers under its group term life program. This program is also offered to all employees. The death benefit under the group term life is based on the annual salary of the employee and premiums paid are imputed to each employee's income each fiscal year.

Perquisites

We generally limit perquisites that we make available to executive officers to those that are available to all employees or are required for their efficient conduct of Company business. Thus, while three of the five named executive officers are furnished company-owned automobiles, neither the CEO nor the CFO is furnished a car. The named executive officers are also provided with one or more of the following: club memberships, cell phones, as well as benefits available to all employees such as health insurance. Certain other executive officers and employees also receive one or more of the items mentioned in the preceding sentence. Pursuant to the Company's Aircraft Policy, the named executive officers and other management employees are provided use of the Company's aircraft for business purposes. Generally, no named executive officer is provided use of the Company aircraft for personal travel. Pursuant to the Aircraft Policy, any such use is fully charged against the individual, at a rate of \$625 per flight hour plus pilot expenses. The Company aircraft is owned jointly by the Company's banking subsidiary and an entity affiliated with H.E. Rainbolt and David E. Rainbolt, whose personal use of the Company aircraft is governed by the terms of a Joint Ownership Agreement. Information on the perquisites received by the named executive officers is included in Executive and Director Compensation for the Company Summary Compensation Table.

Employment Arrangements

The Company does not have employment arrangements with any of the named executive officers or any other executive officer.

Tax and Accounting Information

Deductibility of Executive Compensation. The qualifying compensation regulations issued by the Internal Revenue Service under Internal Revenue Code section 162(m) provide that no deduction is allowed for applicable employee remuneration paid by a publicly held corporation to a covered employee to the extent that the remuneration exceeds \$1.0 million for the applicable taxable year, unless specified conditions are satisfied. Currently, remuneration is not expected to exceed \$1.0 million for any employee. Therefore, the Company does not expect that compensation will be affected by the qualifying compensation regulations.

Under the terms of the Supplemental Executive Retirement Agreement, if Mr. Schmidt remains continually employed with the Bank until age 65, he will be entitled to a supplemental retirement benefit of \$100,000 per year for ten years, irrespective of whether he then retires or continues to be employed by the Bank beyond age 65. If Mr. Schmidt dies during the ten-year period, his surviving spouse or other designated beneficiary will receive the remaining payments over the remainder of the ten-year period. A lump-sum distribution, equal to the discounted present value of the aggregate supplemental payments, is payable upon separation from service following a change of control of the Bank or if Mr. Schmidt is terminated without cause between the ages of 59 and 65. No benefits are payable under the agreement if Mr. Schmidt (i) ceases to be employed by the Bank for any reason (other than death) prior to reaching age 59 or (ii) is terminated by the Bank for cause, as such term is defined in the agreement, prior to reaching age 65. If Mr. Schmidt dies before age 65 while still employed with the Bank, his surviving spouse or other designated beneficiary will receive a lump sum distribution equal to a percentage of the total lump sum amount of Mr. Schmidt's supplemental retirement income, calculated on the percentage that the total number of months between the effective date of the agreement and the executive's death represents of the total months between the effective date of the agreement and the date the executive would have reached age 65. Mr. Schmidt will forfeit any non-distributed benefits payable under the agreement if he violates certain non-compete and confidentiality restrictions in the agreement.

Potential Payments upon Termination or Change-in-Control

Except for the Supplemental Executive Retirement Agreement of Darryl Schmidt described above, the Company has no agreements with any other named executive officer providing for potential payments upon termination of employment or a change-in-control of the Company.

BancFirst has made loans in the ordinary course of business to certain directors and executive officers of the Company and to certain affiliates of these directors and executive officers. None of these loans outstanding are classified as nonaccrual, past due, restructured or potential problem loans. All such loans were made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other persons, and did not involve more than the normal risk of collectibility or present other unfavorable features.

In April 2007, the Company issued a promissory note related to the acquisition of Armor Assurance Company, an independent insurance agency, totaling \$372,000. The note was payable to the prior principal owner who remains in a management position with the agency. The terms of the note were in three equal annual installments with the first installment of \$124,000 having been paid in April 2008. The note had a six month adjustable interest rate equal to the 180 day Treasury Bill. The note was prepaid and retired in April 2008.

We have adopted written policies to implement the requirements of Regulation O of the Federal Reserve Board, which restricts the extension of credit to directors and executive officers and their family members and other related interests. Under these policies, extensions of credit that exceed regulatory thresholds must be approved by the board of directors of the Bank. All other transactions involving the Company in which a director or executive officer or immediate family member may have a direct or indirect material interest are required to be approved by the Audit Committee.

AUDIT COMMITTEE REPORT

The following report is for the Audit Committee's activities regarding oversight of the Company's financial reporting and auditing process for fiscal year 2008.

During 2008, the Audit Committee was comprised of J. Ralph McCalmont (Chair), Jimmie L. Cole, Dave R. Lopez, and Ronald J. Norick, all of whom are independent directors as defined in the Marketplace Rules of The NASDAQ Global Market. Mr. Cole has been designated as an audit committee financial expert by the Board. Mr. Cole is a nonvoting advisory director of the full Board, but is a voting member of the Audit Committee. The Board has adopted an Audit Committee Charter, a copy of which was included as Appendix A to the Proxy Statement for the Annual Meeting of Stockholders held May 22, 2008. The composition of the Audit Committee, the attributes of its members and the responsibilities of the Committee, as reflected in its charter, are intended to be in accordance with applicable requirements for corporate audit committees.

As described more fully in its charter, the purpose of the Audit Committee is to assist the Board in its general oversight of the Company's financial reporting, internal control and audit functions. Management is responsible for the preparation, presentation and integrity of the Company's financial statements, accounting and financial reporting principles, internal controls and procedures designed to ensure compliance with accounting standards, applicable laws and regulations. The Company's independent auditor is responsible for expressing an opinion on the conformity of the Company's audited financial statements to generally accepted accounting principles.

The Audit Committee is not intended to duplicate or to certify the activities of management and the independent auditor, nor can the Audit Committee certify that the independent auditor is independent under applicable rules. The Audit Committee serves a board-level oversight role, in which it provides advice, counsel and direction to management and the independent auditor on the basis of the information it receives, discussions with management and the auditor, and the experience of the Committee's members in business, financial and accounting matters.

Among other matters, the Audit Committee monitors the activities and performance of the Company's internal and external auditors, including the audit scope, external audit fees, auditor independence matters and the extent to which the independent auditor may be retained to perform non-audit services. The Audit Committee and the Board have ultimate authority and responsibility to select, evaluate and, when appropriate, replace the Company's independent auditor. The Audit Committee also reviews the results of the internal and external audit work with regard to the adequacy and appropriateness of the Company's financial, accounting and internal controls. Management's and the independent auditor's presentations to, and discussions with, the Audit Committee also cover various topics and events that may have significant financial impact or are the subject of discussions between management and the independent auditor. In addition, the Audit Committee generally oversees the Company's internal compliance programs.

The Audit Committee has reviewed and discussed the consolidated financial statements with management and the independent auditor. Management represented to the Committee that the Company's consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the independent auditor represented that its presentations to the Audit Committee included the matters required to be discussed with the independent auditor by Statement on Auditing Standards No. 61, Communication with Audit Committees, as amended by Statement on Auditing Standards No. 90, Audit Committee Communications.

Table of Contents

The Company's independent auditor also provided the Audit Committee with the written disclosures required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, and the Audit Committee discussed with the independent auditor that firm's independence.

Following the Audit Committee's discussions with management and the independent auditor, the Audit Committee recommended that the Board of Directors include the audited consolidated financial statements in the Company's annual report on Form 10-K for the year ended December 31, 2008.

APPROVAL OF AMENDMENT TO THE BANCFIRST CORPORATION STOCK OPTION PLAN

(PROPOSAL NO. 2)

Subject to stockholder approval, the Board of Directors has amended the BancFirst Corporation Stock Option Plan (the Employee Plan) to increase the aggregate number of shares of the Company's Common Stock which may be issued upon the exercise of options (Plan Options) granted under the Employee Plan by 150,000 shares.

The Board of Directors believes that the approval of the amendment to the Plan is in the best interests of the Company and its stockholders, as the availability of an adequate number of shares reserved for issuance under the Employee Plan and the ability to grant stock options is an important factor in attracting, motivating and retaining qualified personnel essential to the success of the Company. As of April 6, 2009, approximately 92,160 shares of Common Stock were available for future option grants under the Employee Plan.

Summary of the Provisions of the Employee Plan

The essential features of the Employee Plan are summarized below. This summary does not purport to be a complete description of all the provisions of the Employee Plan. The summary is qualified in its entirety by the full text of the Employee Plan (as proposed to be amended), which has been filed as Appendix C to the copy of this Proxy Statement that was filed electronically with the Securities and Exchange Commission and can be reviewed on the Securities and Exchange Commission's website at www.sec.gov. A copy of the plan document may also be obtained without charge by writing the Company's Secretary at BancFirst Corporation, 101 N. Broadway, Oklahoma City, Oklahoma 73102.

The Employee Plan, which is not subject to the provisions of the Employee Retirement Income Security Act of 1974, provides for the grant of non-qualified stock options. The Employee Plan is administered by the Board of Directors of the Company, certain members of which includes principal stockholders and employees of the Company or its affiliates, and may also include participants in the Employee Plan. Pursuant to the Employee Plan, the Board may delegate administration of the plan to a committee of the Board consisting of three or more members, at least a majority of which must be Non-Employee Directors as such term is used in Rule 16b-3.

The maximum number of shares of Common Stock that which may be issued upon the exercise of options granted pursuant to the Employee Plan is proposed to be increased by 150,000 shares (subject to adjustment in the event of stock dividends, stock splits, reverse stock splits, combinations, reclassifications, or like changes in the capital structure of the Company). All Plan Options must be granted, if at all, no later than December 31, 2014.

Options may be granted only to employees (including officers) of the Company or its subsidiaries. All Plan Options must have an exercise price equal to the fair market value of the Common Stock on the date of grant. As defined in the Plan, fair market value is stated to be equal to the closing price of the Common Stock as reported on the NASDAQ Global Market, Inc. (NASDAQ) on the date of grant or, if no closing price is so reported, the closing price of the Common Stock as reported by NASDAQ on the most recent date next preceding the date of grant. As of April 6, 2009, the closing price of the Common Stock, as reported on the NASDAQ Global Market, was \$39.96 per share.

Table of Contents

The exercise price is payable on exercise of the Plan Option and is payable in cash, certified check, bank draft or money order, unless otherwise determined by the Board of Directors. Unless otherwise determined by the Board of Directors at the time of granting an option, Plan Options vest 25% per year commencing on the fourth year after grant, until the Plan Option is 100% vested. Except for termination of employment as a result of retirement or death, if an optionee ceases to be an employee of the Company for any reason, other than as a result of embezzlement, theft or other violation of law, the optionee may exercise his or her option (to the extent exercisable at the time of termination) at any time within 30 days after termination. If an optionee ceases to be an employee of the Company due to retirement, the optionee may exercise the option (to the extent exercisable at the time of termination) at any time within three months after such retirement. If an optionee ceases to be an employee of the Company due to death, the optionee's estate, personal representative, or beneficiary shall have the right to exercise the option (to the extent exercisable at the time of death) at any time within 12 months from the date of the optionee's death.

During the lifetime of the optionee, an option may be exercised only by the optionee. Unless otherwise provided by the Committee, no option may be assignable except (i) by will, (ii) by the laws of descent and distribution, (iii) for the purpose of making a charitable gift, or (iv) to a revocable trust of which the optionee is a trustee.

Except as described above, Plan Options may not have a term in excess of 15 years.

The Board of Directors may terminate or amend the Employee Plan at any time; provided, however, that without the approval of the stockholders of the Company, the Board may not amend the Employee Plan to materially increase the total number of shares of Common Stock covered thereby, materially increase the benefits accruing to participants under the Employee Plan, or materially modify the requirements as to eligibility for participation in the Employee Plan.

Summary of Federal Income Tax Consequences of the Employee Plan

The federal tax consequences of stock options are complex and subject to change. Furthermore, the following summary is intended only as a general guide to the United States federal income tax consequences of options granted under the Employee Plan under current law, and does not attempt to describe all potential tax consequences.

Non-qualified stock options have no special tax status. An optionee generally recognizes no taxable income as the result of the grant of such an option. Upon exercise of the option, the optionee normally recognizes ordinary income with respect to the acquired shares in the amount of the difference between the option price and the fair market value of the shares on the date of exercise. Such ordinary income generally is subject to withholding of income and employment taxes. Upon the sale of stock acquired by the exercise of a non-qualified stock option, any gain or loss, based on the difference between the sale price and the fair market value of the shares on the date of recognition of income, will be taxed as long-term or short-term capital gain or loss, depending upon the length of time the optionee has held the stock from the date of recognition of income. No tax deduction is available to the Company with respect to the grant of the option or the sale of stock acquired pursuant to such grant. Provided certain withholding requirements are met, the Company should be entitled to a deduction equal to the amount of ordinary income recognized by the optionee as a result of the exercise of the option.

Specific Benefits under the Employee Plan

The Company has not approved any awards that are conditioned upon shareholder approval of the proposed amendment of the Employee Plan. The number, amount and type of awards to be received by or allocated to eligible persons in the future under the Employee Plan cannot be determined at this time. If the share increase reflected in this amendment proposal had been in effect in fiscal 2008, the Company expects that its award grants for fiscal 2008 would not have been substantially different from those actually made in that year under the Employee Plan.

For information regarding stock-based awards granted to the Named Executive Officers during fiscal 2008, see the material under the heading Compensation of Directors and Executive Officers above. For information regarding past award grants under the Employee Plan, see the Aggregate Past Grants under the Employee Plan table below.

Table of Contents**Aggregate Past Grants Under the Employee Plan**

As of April 6, 2009, awards covering 2,778,556 shares (before cancellations of awards covering 370,716 shares) of the Company's Common Stock had been granted under the Employee Plan. The following table shows information regarding the distribution of those awards among the persons and groups identified below, as well as shares subject to unexercised options outstanding as of that date.

APPROVAL OF AMENDMENT TO THE BANCFIRST CORPORATION**NON-EMPLOYEE DIRECTORS STOCK OPTION PLAN****(PROPOSAL NO. 3)**

Subject to stockholder approval, the Board of Directors has amended the BancFirst Corporation Non-Employee Directors Stock Option Plan (the Non-Employee Directors Plan) to increase the aggregate number of shares of the Company's Common Stock which may be issued upon the exercise of options granted under the Non-Employee Directors Plan by 25,000 shares. As of April 6, 2009, there were 25,000 shares available for issuance under the Non-Employee Directors Plan.

Edgar Filing: BANCFIRST CORP /OK/ - Form PRE 14A

The Non-Employee Directors Plan was approved by the Company's stockholders on June 24, 1999. The purpose of the Non-Employee Directors Plan is to compensate non-management directors for participation on the Board of Directors or its committees by the automatic grant of stock options to purchase shares of the Company's Common Stock. Directors who are employees of BancFirst Corporation are not eligible to participate in the Non-Employee Directors Plan.

Table of Contents

Summary of the Provisions of the Non-Employee Directors' Plan

Following is a brief description of the principal features of the Non-Employee Directors' Plan. The summary is qualified in its entirety by reference to the full text of the plan, a copy of which (as proposed to be amended) has been filed as Appendix D to the copy of this Proxy Statement that was filed electronically with the Securities and Exchange Commission and can be reviewed on the Securities and Exchange Commission's website at www.sec.gov. A copy of the plan document may also be obtained without charge by writing the Company's Secretary at BancFirst Corporation, 101 N. Broadway, Oklahoma City, Oklahoma 73102.

Directors who are not employees of the Company (currently 12 persons) are eligible to participate in the Non-Employee Directors' Plan. The Non-Employee Directors' Plan is administered by our Board of Directors. All questions of interpretation of the Non-Employee Directors' Plan or of the options granted pursuant to the Non-Employee Directors' Plan are determined by the Board. However, the grants of stock options and the amount and nature of the options granted is automatic, as described below.

Under the Non-Employee Directors' Plan, an option to purchase 10,000 shares of Common Stock is granted to each non-employee director upon initial appointment to the Board of Directors. The exercise price for an option is determined by the closing price as reported on the NASDAQ Global Market (or other principal exchange on which the Common Stock is traded) on the business day preceding the date the option is granted. As of April 6, 2009, the closing price of the Common Stock, as reported on the NASDAQ Global Market, was \$39.96 per share.

An option becomes exercisable in four equal annual installments beginning on the first anniversary of the date of grant, and expires on the fifteenth anniversary of the date of grant. If a director is terminated for cause, all options will be forfeited immediately. If a director ceases to be member of the Board for any other reason, unvested options will terminate and only previously vested options may be exercised for a period of 30 days following termination (or 12 months in the case of termination on account of death).

The exercise price of an option granted under the Non-Employee Directors' Plan must be paid upon exercise of the option and is payable in cash, certified check, bank draft or money order, unless otherwise determined by the Board of Directors. Stock options granted under the Non-Employee Directors' Plan are non-qualified stock options.

If the amendment to the Non-Employee Directors' Plan is approved by our stockholders, the number of shares of common stock that are reserved for issuance under the plan will be increased by 25,000 shares, subject to adjustment for stock splits and similar events. Options and shares that are forfeited or otherwise reacquired by us will again be available for the grant of options under the Non-Employee Directors' Plan. Shares of common stock issued under the Non-Employee Directors' Plan may be authorized but unissued shares or shares reacquired by us and held in treasury.

No stock options under the Non-Employee Directors' Plan may be granted after December 31, 2014. The Board of Directors may terminate or amend the Non-Employee Directors' Plan at any time; provided, however, that without the approval of the stockholders of the Company, the Board may not amend the Non-Employee Directors' Plan to materially increase the total number of shares of Common Stock covered thereby, materially increase the benefits accruing to participants under the plan, or materially modify the requirements as to eligibility for participation in the plan.

Summary of Federal Income Tax Consequences of the Non-Employee Directors' Plan

The following is a general description of federal income tax consequences to our non-employee directors relating to stock options granted under the Non-Employee Directors' Plan. This discussion does not purport to cover all federal tax consequences relating to the directors or the Company, nor does it describe state, local or foreign tax consequences.

Table of Contents

A director will not recognize income upon the grant of a non-qualified stock option to purchase shares of common stock. Upon exercise of the option, the director will recognize ordinary compensation income equal to the excess of the fair market value over the exercise price for such shares. We will be entitled to a tax deduction equal to the amount of ordinary compensation income recognized by the director. The deduction will be allowed at the same time the director recognizes the income. The tax basis of the shares of common stock in the hands of the director will equal the exercise price paid for the shares plus the amount of ordinary compensation income the director recognizes upon exercise of the option, and the holding period for the shares for capital gains purposes will commence on the day the option is exercised. A director who sells shares of common stock acquired on exercise of the option will recognize capital gain or loss measured by the difference between the tax basis of the shares and the amount realized on the sale.

Specific Benefits Under the Non-Employee Directors Plan

Awards under the Non-Employee Directors Plan are automatic to each non-employee director upon initial appointment to the Board of Directors, and the Company has not approved any awards that are conditioned upon shareholder approval of the proposed amendment of the Non-Employee Directors Plan.

Aggregate Past Grants Under the Employee Plan

As of April 6, 2009, awards covering 155,000 shares issuable under the Non-Employee Directors Plan had been granted, with the current non-employee directors of the Company as a group having been granted options to purchase an aggregate 110,000 shares of Common Stock. William O. Johnstone, Vice-Chairman of the Board, received options to purchase 10,000 shares under the Non-Employee Directors Plan before he became an employee of the Company.

Stockholder Approval

The affirmative vote of a majority of the shares of Common Stock represented in person or by proxy at the Annual Meeting and eligible to vote is required for the adoption of the proposed amendment.

The Board of Directors recommends a vote FOR the proposed amendment to the BancFirst Corporation Non-Employee Directors Stock Option Plan.

APPROVAL OF AMENDMENT TO THE BANCFIRST CORPORATION

DIRECTORS DEFERRED STOCK COMPENSATION PLAN

(PROPOSAL NO. 4)

Subject to stockholder approval, the Board of Directors has amended the BancFirst Corporation Directors Deferred Stock Compensation Plan (the Deferred Stock Compensation Plan) to increase the aggregate number of shares available for issuance under the Deferred Stock Compensation Plan by 29,000 shares of Common Stock, and to extend the term of the plan from June 30, 2009 to December 31, 2014. The proposed amendment is not related to the recent changes to the tax laws governing deferred compensation arrangements under Section 409A of the Internal Revenue Code. Section 409A has significantly altered the federal income tax rules governing nonqualified deferred compensation plans, and it may be necessary to further amend the Deferred Stock Compensation Plan to ensure that it is in compliance with Section 409A. As of April 6, 2009, there were only approximately 1,500 shares available for issuance under the Deferred Stock Compensation Plan.

The Deferred Stock Compensation Plan is intended to provide individuals who serve as directors of the Company or its banking subsidiary, BancFirst, or as advisory directors of the various community bank branches of BancFirst (each, a Participating Director and collectively, Participating Directors), an opportunity to defer the receipt of their director fees and to receive those deferred fees in the form of shares of Common Stock. All of the Company's directors (currently, 19 persons) are eligible to participate in the Deferred Stock Compensation Plan. The maximum number of shares that may be issued under the Plan currently is 40,000, subject to adjustment to reflect certain changes in capitalization, such as stock splits, stock dividends or recapitalizations.

Table of Contents

Summary of the Provisions of the Deferred Stock Compensation Plan

The essential features of the Deferred Stock Compensation Plan are summarized below. This summary does not purport to be a complete description of all the provisions of the Deferred Stock Compensation Plan. The summary is qualified in its entirety by the full text of the Deferred Stock Compensation Plan, a copy of which, as it is proposed to be amended, is included as Appendix E to the copy of this Proxy Statement that was filed electronically with the Securities and Exchange Commission and can be reviewed on the Securities and Exchange Commission's website at www.sec.gov. A copy of the plan document may also be obtained without charge by writing the Company's Secretary at BancFirst Corporation, 101 N. Broadway, Oklahoma City, Oklahoma 73102.

Under the Deferred Stock Compensation Plan, Participating Directors may defer all or part of their director fees otherwise payable in cash. Compensation that is deferred will be credited to each Participating Director's account under the Deferred Stock Compensation Plan (the "Deferral Account") in the form of Units. The number of Units credited will be determined by dividing the amount of fees deferred by the closing price of the Common Stock on the deferral date as reported in The Wall Street Journal or a similar publication selected by the Committee. When cash dividends are paid on Common Stock, the Participating Director's Deferral Account will be credited with a number of Units determined by multiplying the number of Units in the Account on the dividend record date by the per-share dividend amount and then dividing the product by the stock price on the dividend record date. In the case of stock dividends, the Participating Director's Deferral Account will be credited with a number of Units determined by multiplying the number of Units in the Account by the stock dividend declared.

Following the earlier of (i) a Participating Director's termination of service as a director or in the event of a Participating Director's death, or (ii) the termination date of the Deferred Stock Compensation Plan, all amounts credited to a Participating Director's Account will be paid to the Participating Director in the form of shares of Common Stock, the number of which shares will equal the number of Units credited to the Participating Director's Deferral Account. A Participating Director may elect to receive the shares in a lump sum on a date specified by the Director or in substantially equal annual installments over a period not to exceed three years.

The Deferred Stock Compensation Plan is administered by the Compensation Committee of the Board of Directors of the Company, certain members of which may also include participants in the Employee Plan. The Deferred Stock Compensation Plan may be amended or terminated at any time by the Compensation Committee.

Summary of Federal Income Tax Consequences of the Deferred Stock Compensation Plan

The Deferred Stock Compensation Plan permits Participating Directors to defer to a later year receipt of all or a portion of their director fees that otherwise would be includible in income for tax purposes in the year in which it would have been paid. Under current tax laws, no income will be recognized by a Participating Director at the time of deferral. Upon payment, a Participating Director will recognize ordinary income in an amount equal to the sum of the fair market value of the shares of Common Stock received and the cash received for any fractional share. The Company will be entitled to a deduction equal to the income recognized by the Participating Director.

Specific Benefits under the Deferred Stock Compensation Plan

The number of persons participating in the Deferred Stock Compensation Plan is 84. Because the aggregate benefits under the Deferred Stock Compensation Plan are dependent upon the number of Participating Directors who elect to participate in the Deferred Stock Compensation Plan, the portion of their directors' fees that Participating Directors elect to defer and the market price of Common Stock when deferred compensation and dividends are credited to their Deferral Accounts, it is not possible to predict what benefits will be received under the Deferred Stock Compensation Plan. As of April 6, 2009, the per share closing sale price of Common Stock, as reported by the NASDAQ Global Market, was \$39.96.

Representatives of Grant Thornton are expected to attend the Annual Meeting and will have an opportunity to make a statement or to respond to appropriate questions from shareholders.

The Audit Committee reviews audit services and, if applicable, non-audit services performed by Grant Thornton, as well as the fees charged by Grant Thornton for such services. No non-audit services were performed by Grant Thornton during 2008, and Grant Thornton has advised the Company that they are independent with respect to the Company.

Additional information concerning the Audit Committee and its activities with Grant Thornton can be found in the following sections of this proxy statement: Corporate Governance Principles and Board Matters Audit Committee and Audit Committee Report.

3. **ADMINISTRATION.**

3.1 **AUTHORITY; INDEMNIFICATION.** Within the limitations described herein, the Committee shall administer the Plan, select the Employees of the Corporation, including officers of the Corporation, to whom Stock Options shall be granted, determine the number of Shares to be subject to each grant, determine the method of payment upon exercise of each Stock Option, determine all other terms of Stock Options granted hereunder and interpret, construe and implement the provisions of the Plan. All questions of interpretation of the Plan or any Stock Option granted under the Plan shall be determined by the Committee, and such decisions shall be binding upon all persons having an interest in the Plan and/or any Stock Option. No member of the Committee shall be liable for any action or determination made in good faith, and the members shall be entitled to indemnification and reimbursement in the manner provided in the Corporation's Certificate of Incorporation, or as otherwise permitted by law. A member of the Committee shall be eligible to receive a grant of a Stock Option under the Plan on the same terms as other Employees. However, if the Committee grants Stock Options to a member of the Committee, such grant shall not be effective until such grant is approved by the Compensation Committee, consisting of three or more independent directors as defined in and determined pursuant to the Marketplace Rules of the NASDAQ Global Market, Inc. (NASDAQ) or any other stock exchange upon which the Common Stock of the Corporation is listed.

3.2 **RULE 16B-3 COMPLIANCE.** With respect to the participation of eligible participants who are subject to Section 16(b) of the Exchange Act, the Plan shall be administered in compliance with the requirements of Rule 16b-3.

4. **ELIGIBILITY.** The individuals who shall be eligible to participate in the Plan shall be such key Employees (including officers) of BancFirst Corporation, or of any corporation (Subsidiary) in which the Corporation has proprietary interest by reason of stock ownership or otherwise, including any corporation in which the Corporation acquires a proprietary interest after the adoption of this Plan (but only if the Corporation owns, directly or indirectly, stock possessing not less than 50% of the total combined voting power of all classes of stock in the corporation), as the Committee shall determine from time to time.

5. **STOCK.** The stock subject to Stock Options and other provisions of the Plan shall be shares of the Corporation's authorized but unissued Common Stock or treasury stock, as determined by the Committee. Subject to adjustment in accordance with the provisions of Subparagraph 6.7 hereof, the total number of shares of Common Stock of the Corporation on which Stock Options may be granted under the Plan subsequent to the effective date of this amended and restated Plan shall not exceed in the aggregate 1,219,113 shares. In the event that any outstanding Stock Option under the Plan for any reason expires or is terminated prior to the end of the period during which Stock Options may be granted, the shares of the Common Stock allocable to the unexercised portion of such Stock Option may again be subject to a Stock Option under the Plan.

6. **TERMS AND CONDITIONS OF STOCK OPTIONS.** Stock Options granted pursuant to the Plan shall be evidenced by a Stock Option Award Terms and Conditions document in such form as the Committee shall, from time to time, approve. Awards shall comply with and be subject to the following terms and conditions:

6.1 **MEDIUM AND TIME OF PAYMENT.** The Option Exercise Price shall be payable in United States Dollars upon the exercise of the Stock Option and may be paid in cash or by certified check, bank draft or money order payable to the order of the Corporation, unless otherwise determined by the Committee.

6.2 **NUMBER OF SHARES.** The Stock Option shall state the total number of shares to which it pertains.

Table of Contents

- 6.3 **OPTION EXERCISE PRICE.** The Option Exercise Price shall be not less than the Fair Market Value of the Common Stock on the Date of Grant.
- 6.4 **TERM OF STOCK OPTIONS.** The period during which Stock Options shall be exercisable shall be fixed by the Committee, but in no event shall a Stock Option be exercisable after the expiration of fifteen (15) years from the date such Stock Option is granted. Subject to the foregoing, Stock Options shall be exercisable at such times and be subject to such restrictions and conditions as the Committee shall in each instance determine, which restrictions and conditions need not be the same for all Stock Options.
- 6.5 **DATE OF EXERCISE.** Unless otherwise determined by the Committee at the time of granting a Stock Option, Stock Options shall be exercisable at the rate set forth below beginning four years from the Date of Grant. After becoming exercisable, the Stock Option may be exercised at any time and from time to time in whole or in part until termination of the Stock Option as set forth in Sections 6.4 or 6.6.

Elapsed Years from Date of Grant	Percent of Shares	Cumulative Percent of Shares
less than 4 years	0%	0%
4 but less than 5 years	25%	25%
5 but less than 6 years	25%	50%
6 but less than 7 years	25%	75%
7 or more years	25%	100%

- 6.6 **TERMINATION OF EMPLOYMENT.** In the event that an Optionee's employment by the Corporation shall terminate, his Stock Option whether or not then exercisable shall terminate immediately; provided, however, that if the termination is not as a result of embezzlement, theft or other violation of the law, the Optionee shall have the right to exercise his option (to the extent exercisable at the time of termination) at any time within 30 days after such termination; provided, further, that if any termination of employment is related to the Optionee's retirement with the consent of the Corporation, the Optionee shall have the right to exercise his Stock Option (to the extent exercisable up to the date of retirement) at any time within three months after such retirement; and provided, further, that if the Optionee shall die while in the employment of the Corporation or within the period of time after termination of employment or retirement during which he was entitled to exercise his option as hereinabove provided, his estate, personal representative, or beneficiary shall have the right to exercise his Stock Option (to the extent exercisable at the date of death) at any time within twelve (12) months from the date of his death.
- 6.7 **RECAPITALIZATION.** The aggregate number of shares of Common Stock on which Stock Options may be granted to persons participating under the Plan, the number of shares thereof covered by each outstanding Stock Option, and the price per share thereof in each such Stock Option, shall all be proportionately adjusted for any increase or decrease in the number of issued shares of Common Stock of the Corporation resulting from a subdivision or consolidation of shares or other capital adjustment, or the payment of a stock dividend or other increase or decrease in such shares, effected without receipt of consideration by the Corporation; provided, however, that any fractional shares resulting from such adjustment shall be eliminated. In the event of a change in the Corporation's Common Stock which is limited to a change in the designation thereof to Capital Stock or other similar designation, or a change in the par value thereof, or from par value to no par value, without increase in the number of issued shares, the shares resulting from any such change shall be deemed to be Common Stock within the meaning of the Plan.

Table of Contents

- 6.8 **REORGANIZATION OF CORPORATION.** Subject to any required action by the stockholders, if the Corporation shall be the surviving or resulting corporation in any merger or consolidation which does not result in change of control of the Corporation, any Stock Option granted hereunder shall pertain to and apply to the securities to which a holder of the number of shares of Common Stock subject to the Stock Option would have been entitled. In the event of a dissolution or liquidation of the Corporation or a merger or consolidation in which the Corporation is not the surviving or resulting corporation or which results in a change in control of the Corporation, or a tender or exchange offer which results in a change in control of the Corporation, the Committee shall determine: (i) whether all or any part of the unexercisable portion (as set forth in section 6.5) of any Stock Option outstanding under the Plan shall terminate; (ii) whether the Stock Options shall become immediately exercisable; or (iii) whether such Stock Options may be exchanged for options covering securities of any such surviving or resulting corporation, subject to the agreement of any such surviving or resulting corporation, on terms and conditions substantially similar to a Stock Option hereunder.
- 6.9 **ASSIGNABILITY.** Except as provided in this Section, no Stock Option shall be assignable or transferable except as follows:
- (a) by will or by the laws of descent and distribution.
 - (b) for the purpose of making a charitable gift as permitted by Section 6.13.
 - (c) to the Optionee as trustee, or to the Optionee and one or more others as co-trustees, of a revocable trust which allows the Optionee to amend or revoke the trust at any time. If the Optionee relinquishes his power to amend or revoke the trust or resigns as a trustee, the Optionee shall withdraw the Stock Option from the trust prior to the relinquishment of such power or his resignation as trustee and shall revest title to the Stock Option in the Optionee's individual name. If the trust becomes irrevocable due to the death of the Optionee, the successor or remaining trustee(s) shall have the same power to exercise the Stock Option under Section 6.6 hereof as the personal representative. If the Optionee becomes incapacitated, the date of incapacity shall be deemed for purposes of this Plan as the date of termination of employment under Section 6.6 (whether or not Optionee's employment has actually terminated), and the successor or remaining trustee(s) of the trust shall have the same right to exercise the Stock Option as a terminated Optionee has under Section 6.6. The Optionee as trustee and any successor or remaining trustee(s) shall be bound by all the terms and conditions of the Plan and the Stock Option Award Terms and Conditions delivered by the Company to the Optionee under this Plan.
 - (d) to the extent set forth in the Stock Option Award Terms and Conditions governing such Stock Option.
- 6.10 **OPTIONEE'S AGREEMENT.** If, at the time of the exercise of any Stock Option, it is necessary or desirable, in order to comply with any applicable laws or regulations relating to the sale of securities, that the Optionee exercising the Stock Option shall agree that he will purchase the shares that are subject to the Stock Option for investment and not with any present intention to resell the same, the Optionee will, upon the request of the Corporation, execute and deliver to the Corporation an agreement to such effect.
- 6.11 **RIGHTS AS A STOCKHOLDER.** An Optionee shall have no rights as a stockholder with respect to shares covered by his Stock Option until the date of issuance of the shares to him and only after such shares are fully paid.

Table of Contents

- 6.12 **OTHER PROVISIONS.** The Stock Option Award Terms and Conditions authorized under the Plan may contain such other provisions as the Committee shall deem advisable.
- 6.13 **CHARITABLE GIFT.** An Optionee shall be permitted to assign his Stock Option without consideration, either in full or in one or more partial assignments from time to time, to any organization that has been recognized by the Internal Revenue Service as qualifying under Section 501(c)(3) of the Internal Revenue Code of 1986, as amended (a Charity). Assignment(s) may be made during the Optionee s lifetime or may be effective upon his death. If a Stock Option is assigned to a Charity, in whole or in part, it shall continue to be subject to the restrictions of Sections 6.5 and 6.6 hereof, which shall thereafter apply to the same extent as if the Stock Option were still held by the Optionee himself (if he is living), or by his estate, personal representative or beneficiary (if he is deceased).
7. **MARKETABILITY OF SHARES.** The Common Stock is currently traded on the NASDAQ Global Market. As a result, its liquidity varies widely in response to supply and demand. Consequently, the Corporation can give no assurances as to the marketability of shares acquired under the Plan.
8. **TAX IMPLICATIONS.** It is anticipated that Stock Options granted under the Plan will be treated as Nonqualified Stock Options by the Internal Revenue Service. As such, exercise of the Stock Option would generate a taxable event with the difference between the original Option Exercise Price and the Fair Market Value of the Common Stock at the time of exercise being treated as ordinary income. If a Stock Option is transferred to a Charity as permitted by Sections 6.9(b) and 6.13 hereof, the Optionee should expect to have ordinary income attributed to him at the time the Charity exercises the Stock Option, in the same amount and with the same effect as if the Optionee himself exercised the Stock Option.
9. **TERM OF PLAN.** No Stock Option may be granted after December 31, 2014.
10. **NO OBLIGATION TO EXERCISE OPTION.** The granting of a Stock Option shall impose no obligation upon the Optionee to exercise such Stock Option.
11. **AMENDMENTS.** The Board of Directors may from time to time amend, alter, suspend, or discontinue the Plan or alter or amend (including decrease of the Option Exercise Price by cancellation and substitution of options or otherwise) any and all option agreements granted thereunder; provided, however, that after the first registration of the Common Stock under Section 12 of the Securities Exchange Act of 1934, no such action of the Board of Directors may, without approval of the stockholders of the Corporation, alter the provisions of the Plan so as to (a) materially increase the benefits accruing to participants under the Plan; (b) materially increase the number of securities which may be issued under the Plan; or (c) materially modify the requirements as to eligibility for participation in the Plan; and provided, further, that no amendment may, without the consent of the Optionee, affect any then outstanding Stock Options or unexercised portions thereof. In addition, the approval of the Corporation s stockholders shall be sought for any amendment to the Plan or a Stock Option for which the Committee deems stockholder approval necessary in order to comply with Rule 16b-3.

Fair Market Value shall mean, with respect to the exercise of an option under the Plan, (a) if the Common Stock is listed on a national securities exchange or the NASDAQ Global Market, the closing price of the Common Stock for the business day immediately preceding the day for which the determination is being made, or (b) if the Common Stock is not then listed on an exchange, the average of the closing bid and asked prices per share for the Common Stock in the over-the-counter market as quoted on NASDAQ for the business day immediately preceding the day for which the determination is being made, or (c) if the Common Stock is not then listed on any exchange or quoted on NASDAQ, an amount determined in good faith by the Committee to be the fair market value of the Common Stock, after consideration of all relevant factors.

ARTICLE V

ELIGIBILITY

5.1 Each Director shall be eligible to defer Fees under Article VI of this Plan.

ARTICLE VI

DEFERRAL ELECTIONS IN LIEU OF CASH PAYMENTS

6.1 **General Rule.** Each Director may, in lieu of receipt of Fees, defer such Fees in accordance with this Article VI, provided that such Director is eligible under Article V of this Plan to defer such Fees at the date any such Fees are otherwise payable.

6.2 **Timing of Election.** Each eligible Director who wishes to defer Fees under this Plan must make a written election prior to the start of the calendar year for which the Fees would otherwise be paid; provided, however, that with respect to (a) any election made by a newly-elected or appointed Director (New Director Elections) and (b) any elections made by Directors with respect to Fees paid during the period commencing July 1, 1999 and ending December 31, 1999 (1999 Elections), the following special rules shall apply: (i) with respect to any New Director Elections, any such New Director Election must be made within 30 days of the election or appointment, and (ii) with respect to any 1999 Elections, such elections shall be made prior to July 1, 1999 and shall be effective for any Fees paid on or after July 1, 1999. An election by a Director shall be deemed to be continuing and therefore applicable to Fees to be paid in the future unless the Director evokes or changes such election by filing a new election form by the due date for such form specified in this Section 6.2.

6.3 **Form of Election.** An election shall be made in a manner satisfactory to the Secretary. (b) the manner of settlement in accordance with Section 7.2.

All Fees deferred pursuant to this Article VI shall be credited to the Participant's Stock Unit Account as of the Deferral Date and converted to Stock Units as follows: The number of Stock Units shall equal the deferred Fees divided by the Fair Market Value of a Share on the Deferral Date, with fractional units calculated to three (3) decimal places.

6.5 Credit of Dividend Equivalents. As of each dividend payment date with respect to Shares, each Participant shall have credited to his or her Stock Unit Account an additional number of Stock Units equal to: the per-share cash dividend payable with respect to a Share on such dividend payment date multiplied by the number of Stock Units held in the Stock Unit Account as of the close of business on the record date for such dividend divided by the Fair Market Value of a Share on such dividend payment date. If dividends are paid on Shares in a form other than cash, then such dividends shall be notionally converted to cash, if their value is readily determinable, and credited in a manner consistent with the foregoing and, if their value is not readily determinable, shall be credited in kind to the Participant's Stock Unit Account.

ARTICLE VII

SETTLEMENT OF STOCK UNITS

7.1 Settlement of Account. The Company will settle a Participant's Stock Unit Account in the manner described in Section 7.2 as soon as administratively feasible but in no event later than 90 days following the earlier of (i) notification of such Participant's Separation from Service or (ii) a Change in Control Event. Notwithstanding the foregoing, in no event shall a Specified Employee receive a payment under this Plan following a Separation from Service before the first business day of the seventh month following the date of Separation from Service, unless the Separation from Service results from death.

7.2 Payment Options. An election filed under Article VI shall specify whether the Participant's Stock Unit Account is to be settled by delivering to the Participant (or his or her beneficiary) the number of Shares equal to the number of whole Stock Units then credited to the Participant's Stock Unit Accounts, in (a) a lump sum, or (b) substantially equal annual installments over a period not to exceed three (3) years. If, upon lump sum distribution or final distribution of an installment, less than one whole Stock Unit is credited to a Participant's Stock Unit Account, cash will be paid in lieu of fractional shares on the date of such distribution.

7.3 Continuation of Dividend Equivalents. If payment of Stock Units is deferred and paid in installments, the Participant's Stock Unit Account shall continue to be credited with dividend equivalents as provided in Section 6.5.

7.4 In Kind Dividends. If any in kind dividends were credited to the Participant's Stock Unit Account under Section 6.5, such dividends shall be payable to the Participant in full on the date of the first distribution of Shares under Section 7.2.

ARTICLE VIII

ARTICLE IX

DESIGNATION OF BENEFICIARY

Each Participant may designate, on a form provided by the Committee, one or more beneficiaries to receive the Shares described in Section 7.2 in the event of such Participant's death. The Company may rely upon the beneficiary designation last filed with the Committee, provided that such form was executed by the Participant or his or her legal representative and filed with the Committee prior to the Participant's death.

ARTICLE X

ADJUSTMENT PROVISIONS

In the event any recapitalization, reorganization merger, consolidation, spin-off, combination, repurchase, exchange of shares or other securities of the Company, stock split or reverse split, or similar corporate transaction or event affects Shares, an adjustment to the number or kind of shares to be delivered upon settlement of Stock Unit Accounts under Article VII by the Company Board or Committee to prevent dilution or enlargement of Participants' rights under this Plan in a manner that is proportionate to the change to the Shares and is otherwise equitable.

11.2 **No Shareholder Rights Conferred.** Nothing contained in this Plan will confer upon any Participant any rights of a shareholder of the Company unless and until Shares are in fact issued or transferred to such Participant in accordance with Article VII.

11.3 **Change to the Plan.** The Company Board may amend, alter, suspend, discontinue, extend, or terminate the Plan without the consent of the Participants; provided, however, that, without the consent of an affected Participant, no such action may materially impair the rights of such Participant with respect to any Stock Units credited to his or her Stock Unit Account.

11.4 **Consideration; Agreements.** The consideration for Shares issued or delivered in lieu of payment of Fees will be the Director's service during the period to which the Fees paid in the form of Shares related.

11.5 **Compliance with Laws and obligations.** The Company will not be obligated to issue or deliver Shares in connection with this Plan in a transaction subject to the registration requirements of the Securities Act of 1933, as amended, or any other federal or state securities law, any requirement under any listing agreement between the Company and any national securities exchange or automated quotation system or any other laws, regulations, or contractual obligations of the Company, until the Company is satisfied that such laws, regulations, and other obligations of the Company have been complied with in full. Certificates representing Shares delivered under the Plan will be subject to such stop-transfer orders and other restrictions as may be applicable under such laws, regulations, and other obligations of the Company, including any requirement that a legend or legends be placed thereon.

11.6 **Limitations on Transferability.** Stock Units and any other right will not be transferable by a Participant except by will or the laws of descent and distribution (or to a designated beneficiary in the event of a Participant's death). Stock Units and other rights under the Plan may not be pledged, mortgaged, hypothecated, or otherwise encumbered, and shall not be subject to the claims of creditors.

11.7 **Governing Law.** The validity, construction, and effect of the Plan and any agreement hereunder will be determined in accordance with the laws of the State of Oklahoma, without giving effect to principles of conflicts of laws, and applicable federal law.

11.8 **Plan Termination.** Unless earlier terminated by action of the Company Board, the Plan will remain in effect until the earlier of (i) such time as no Shares remain available for delivery under the Plan and the Company has no further rights or obligations under the Plan or (ii) December 31, 2014.
