PROXY STATEMENT FOR 2009

ANNUAL MEETING OF STOCKHOLDERS

INFORMATION CONCERNING SOLICITATION AND VOTING

The enclosed Proxy is solicited on behalf of the Board of Directors of Limelight Networks, Inc. ("Limelight"), for use at the Annual Meeting of Stockholders to be held on June 10, 2009, at 9:00 a.m. local time, and at any postponement or adjournment thereof. The Annual Meeting will be held at the Sheraton Phoenix Airport Hotel Tempe, located at 1600 South 52nd Street, Tempe, Arizona 85281. The purposes of the Annual Meeting are set forth in the accompanying Notice of Annual Meeting of Stockholders.

These proxy solicitation materials and the enclosed Annual Report for the fiscal year ended December 31, 2008, including financial statements, were first mailed on or about April 27, 2009, to all stockholders entitled to vote at the meeting. Our principal executive offices are located at 2220 W. 14th Street, Tempe, Arizona 85281, and our telephone number is (602) 850-5000.

GENERAL INFORMATION ABOUT THE MEETING

Who May Vote

You may vote if our records showed that you owned shares of Limelight as of April 15, 2009 (the "Record Date"). At the close of business on that date, we had a total of 83,801,826 shares of common stock issued and outstanding, which were held of record by approximately 62 stockholders. As of the Record Date, we had no shares of preferred stock outstanding. You are entitled to one vote for each share that you own.

Voting Your Proxy

If a broker, bank or other nominee holds your shares, you will receive instructions from them that you must follow in order to have your shares voted. The instructions from your broker, bank or other nominee will also provide details regarding Internet and telephone voting. If a bank, broker or other nominee holds your shares and you wish to attend the meeting and vote in person, you must obtain a "legal proxy" from the record holder of the shares giving you the right to vote the shares.

If you hold your shares in your own name as a holder of record, you may instruct the proxy holders how to vote your common stock by signing, dating and mailing the proxy card in the postage paid envelope that we have provided. Please refer to the summary voting instructions included on your proxy card. You may also vote by Internet or by telephone by following the instructions provided in the Notice. Of course, you may also choose to attend the meeting and vote your shares in person. The proxy holders will vote your shares in accordance with your instructions on the proxy card. If you sign and return a proxy card without giving specific voting instructions, your shares will be voted as recommended by our Board of Directors.

Matters to be Presented

We are not aware of any matters to be presented other than those described in this Proxy Statement. If any matters not described in the Proxy Statement are properly presented at the meeting, the proxy holders will use their own judgment to determine how to vote your shares. If the meeting is adjourned, the proxy holders can vote your shares on the new meeting date as well, unless you have revoked your proxy instructions.

Changing Your Vote

To revoke your proxy instructions if you are a holder of record, you must (i) advise our Corporate Secretary in writing before the proxy holders vote your shares, (ii) deliver later proxy instructions, or (iii) attend the meeting and vote your shares in person. If your shares are held by a bank, broker or other nominee, you must follow the instructions provided by the bank, broker or nominee.

Cost of This Proxy Solicitation

We will pay the cost of this proxy solicitation. We may, on request, reimburse brokerage firms and other nominees for their expenses in forwarding proxy materials to beneficial owners. In addition to soliciting proxies by mail, we expect that our directors, officers and employees may solicit proxies in person or by telephone or facsimile. None of these individuals will receive any additional or special compensation for doing this, although we will reimburse these individuals for their reasonable out-of-pocket expenses.

How Votes are Counted

The Annual Meeting will be held if a majority of the outstanding common stock entitled to vote is represented at the meeting. If you have returned valid proxy instructions or attend the meeting in person, your common stock will be counted for the purpose of determining whether there is a quorum, even if you wish to abstain from voting on some or all matters at the meeting.

Abstentions and Broker Non-Votes

Shares that are voted **WITHHELD** or **ABSTAIN** are treated as being present for purposes of determining the presence of a quorum and as entitled to vote on a particular subject matter at the Annual Meeting. If you hold your common stock through a bank, broker or other nominee, the broker may be prevented from voting shares held in your account on some proposals (a **broker non-vote**) unless you have given voting instructions to the bank, broker or nominee. Shares that are subject to a broker non-vote are counted for purposes of determining whether a quorum exists but not for purposes of determining whether a proposal has passed.

Our Voting Recommendations

When proxies are properly dated, executed and returned, the shares represented by such proxies will be voted at the Annual Meeting in accordance with the instructions of the stockholder. However, if no specific instructions are given, the shares will be voted in accordance with the following recommendations of our Board of Directors:

FOR the election of Joseph H. Gleberman and Fredric W. Harman to the Board of Directors as Class II Directors; and

FOR ratification of Ernst & Young LLP as our independent auditors for fiscal year 2009.

Deadlines for Receipt of Stockholder Proposals

Stockholders may present proposals for action at a future meeting only if they comply with the requirements of the proxy rules established by the Securities and Exchange Commission, or SEC, and our bylaws. Stockholder proposals that are intended to be included in our Proxy Statement and form of Proxy relating to the meeting for our 2010 Annual Meeting of Stockholders under rules set forth in the Securities Exchange Act of 1934, as amended, or the Securities Exchange Act, must be received by us no later than January 1, 2010 to be considered for inclusion.

If a stockholder intends to submit a proposal or nomination for director for our 2010 Annual Meeting of Stockholders that is not to be included in Limelight's Proxy Statement and form of Proxy relating to the meeting, the stockholder must give us notice in accordance with the requirements set forth in Limelight's bylaws no later than January 1, 2010. Limelight's bylaws require that certain information and acknowledgments with respect to the proposal and the stockholder making the proposal be set forth in the notice. A copy of the relevant bylaw provision is available upon written request to Limelight Networks, Inc., 2220 W. 14th Street, Tempe, Arizona 85281, Attention: Corporate Secretary. You can also access our SEC filings, including our Annual Report on Form 10-K, on the SEC's website located at www.sec.gov and through our website at www.limelightnetworks.com.

PROPOSAL ONE: ELECTION OF DIRECTORS

We have a classified Board of Directors. Our Board of Directors currently consists of three Class I directors, two Class II directors and three Class III directors. At each annual meeting of stockholders, directors are elected for a term of three years to succeed those directors whose terms expire on the annual meeting dates or until their respective successors are duly elected and qualified.

Nominees

The Corporate Governance and Nominating Committee of the Board of Directors selected, and the Board of Directors approved, Joseph H. Gleberman and Fredric W. Harman as nominees for election to Class II of the Board of Directors at the Annual Meeting. Each of these nominees currently serves on our Board of Directors. If elected, Messrs. Gleberman and Harman will each serve as a director until our annual meeting in 2012, until their respective successors are elected and qualified or their earlier resignation or removal.

Unless otherwise instructed, the proxy holders will vote the proxies received by them **FOR** Messrs. Gleberman and Harman. If any nominee is unable or declines to serve as a director at the time of the Annual Meeting, the proxies will be voted for another nominee designated by the Board of Directors. We are not aware of any reason that any nominee would be unable or unwilling to serve as a director.

Vote Required

If a quorum is present, the nominees receiving the highest number of votes will be elected to the Board of Directors. Abstentions and broker non-votes will have no effect on the election of directors.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE FOR THE ELECTION OF JOSEPH H. GLEBERMAN AND FREDRIC W. HARMAN TO THE BOARD OF DIRECTORS.

Board Independence

The Board of Directors has determined that each of its current directors, except Jeffrey W. Lunsford and Nathan F. Raciborski, has no material relationship with Limelight and is independent within the meaning of the NASDAQ Stock Market, Inc. director independence standards, as currently in effect.

Committees of the Board of Directors

The Board of Directors has Audit, Nominating and Governance, and Compensation Committees. Each of these committees has adopted a written charter. All members of the committees are appointed by the Board of Directors, and are non-employee directors. The following describes each committee, its current membership, its function and the number of meetings held during fiscal year 2008.

The Audit Committee held eight meetings during fiscal year 2008.

Our Audit Committee oversees our corporate accounting and financial reporting process. Our Audit Committee:

approves the retention of the independent auditors to perform any proposed permissible non-audit services;

monitors the rotation of partners of the independent auditors on our engagement team as required by law;

reviews our financial statements and reviews our critical accounting policies and estimates; and

reviews and discusses with management and the independent auditors the results of the annual audit and our quarterly financial statements.

Compensation Committee

The members of our Compensation Committee are Messrs. Perrone and Peterschmidt. Mr. Perrone serves as the Chairman of the Compensation Committee. Our Board of Directors has determined that each of these members is independent within the meaning of the independent director guidelines of the NASDAQ Stock Market, Inc. The Compensation Committee held seven meetings and acted by unanimous written consent on sixteen occasions during fiscal year 2008.

Compensation Committee Interlocks and Insider Participation

No member of the Compensation Committee has at any time been an officer or employee of Limelight. No executive officer of Limelight serves, or in the past year has served, as a member of the Board of Directors or Compensation Committee of any entity that has an executive officer serving as a member of our Board of Directors or Compensation Committee.

Stockholder Recommendations and Nominations

Pursuant to the requirements of its charter, the Nominating and Governance and Committee will review any director candidates recommended by our stockholders who are entitled to vote in the election of directors, provided that the stockholder recommendations are timely submitted in writing to our Secretary, along with all required information, in compliance with the stockholder nomination provisions of our bylaws. A stockholder desiring to recommend a candidate for election to the Board of Directors should direct the recommendation in writing to:

Corporate Secretary

Limelight Networks, Inc.

2220 W. 14th Street

Tempe, Arizona 85281

A submitted recommendation must include the candidate's name, home and business contact information, detailed biographical data and qualifications and information regarding any relationships between the candidate and Limelight within the last three years. Any candidates properly recommended in accordance with the foregoing requirements by stockholders will be considered in such manner as the members of our Nominating and Governance Committee deem appropriate.

A stockholder desiring to nominate a person directly for election to the Board of Directors must meet the deadlines and other requirements set forth in our bylaws and the rules and regulations of the SEC. In general, these deadlines and requirements are described above under "Deadlines for Receipt of Stockholder Proposals" in this Proxy Statement.

Director Qualifications

We have no stated minimum criteria for director nominees. The Nominating and Governance Committee does, however, seek for nomination and appointment candidates with excellent decision-making ability, business experience, relevant expertise, personal integrity and reputation. This committee may also consider other factors such as diversity, experience, length of service and other commitments. This committee believes it appropriate that at least one member of the Board of Directors meet the criteria for an audit committee financial expert as defined by the rules of the SEC, and that a majority of the members of the Board of Directors meet the independent director standard under rules of the NASDAQ Stock Market, Inc. This committee also believes it may be appropriate for certain members of our management, in particular the Chief Executive Officer, to participate as a member of the Board of Directors.

Identification and Evaluation of Nominees for Directors

The Nominating and Governance Committee identifies nominees for the class of directors being elected at each annual meeting of stockholders by first evaluating the current members of such class of directors willing to continue in service. Current members of the Board of Directors with skills and experience that are relevant to our business and who are willing to continue in service are considered for re-nomination, balancing the value of continuity of service by existing members of the Board of Directors with that of obtaining a new perspective. If any member of such class of directors does not wish to continue in service or if this committee or the Board of Directors decides not to re-nominate a member of such class of directors for re-election, this committee identifies

the desired skills and experience of a new nominee in light of the criteria above. Current members of this committee and the Board of Directors are polled for suggestions as to individuals meeting the criteria for nomination. Research may also be performed to identify qualified individuals. This committee may, in its discretion, engage third party search firms to identify and assist in recruiting potential nominees to the Board of Directors. Candidates may also come to the attention of this committee through management, stockholders or other persons.

The Nominating and Governance Committee may take such measures that it considers appropriate in connection with its evaluation of a candidate, including candidate interviews, inquiry of the person recommending the candidate, engagement of an outside search firm to gather additional information, or reliance on the knowledge of the members of the committee, the Board of Directors or management.

After such review and consideration, the Nominating and Governance Committee selects, or recommends that the Board of Directors select, the slate of director nominees.

Annual Meeting Attendance

We do not have a formal policy regarding attendance by members of our Board of Directors at our annual meetings of stockholders, but all directors are encouraged to attend these meetings.

Communicating with the Board of Directors

Any stockholder who desires to contact any of the members of our Board of Directors may write to the following address: Board of Directors, c/o Corporate Secretary, Limelight Networks, Inc., 2220 W. 14th Street, Tempe, Arizona 85281. Communications received in writing will be collected, organized and processed by our Secretary, who will distribute the communications to the members of the Board of Directors, as appropriate, depending on the facts and circumstances outlined in the communication received. Where the nature of the communication warrants, the Secretary may decide to obtain the more immediate attention of the appropriate committee of the Board of Directors or an independent director, or our management or independent advisors, as the Secretary considers appropriate.

Code of Ethics and Business Conduct

The Board of Directors recently updated the Company's Code of Ethics and Business Conduct, which is applicable to our Chief Executive Officer, Chief Financial Officer and all other principal executive and senior financial officers and all employees, officers and directors. The Code of Ethics and Business Conduct is posted on our website at www.limelightnetworks.com.

PROPOSAL TWO: RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

The Board of Directors has selected Ernst & Young LLP to audit our financial statements for the fiscal year ending December 31, 2009. The decision of the Board of Directors to appoint Ernst & Young LLP was based on the recommendation of the Audit Committee. Before making its recommendation to the Board of Directors, the Audit Committee carefully considered that firm's qualifications as independent auditors. This included a review of the qualifications of the engagement team, the quality control procedures the firm has established, and any issues raised by the most recent quality control review of the firm; as well as its reputation for integrity and competence in the fields of accounting and auditing. The Audit Committee's review also included matters required to be considered under the SEC's Rules on Auditor Independence, including the nature and extent of non-audit services, to ensure that they will not impair the independence of the accountants. The Audit Committee expressed its satisfaction with Ernst & Young LLP in all of these respects.

Although ratification by stockholders is not required by law, the Board of Directors has determined that it is desirable to request ratification of this selection by the stockholders. Notwithstanding its selection, the Board of Directors, in its discretion, may appoint new independent auditors at any time during the year if the Board of Directors believes that such a change would be in the best interest of Limelight and its stockholders. If the stockholders do not ratify the appointment of Ernst & Young LLP, the Board of Directors may reconsider its selection.

Ernst & Young LLP has audited our financial statements since fiscal year 2006. The Board of Directors expects that representatives of Ernst & Young LLP will be present at the Annual Meeting to respond to appropriate questions and to make a statement if they so desire.

Vote Required

If a quorum is present, the affirmative vote of a majority of the shares present and entitled to vote at the Annual Meeting will be required to ratify the appointment of Ernst & Young LLP as our independent auditors. Abstentions will have the effect of a vote against the ratification of Ernst & Young LLP as our independent auditors. Broker non-votes will have no effect on the outcome of the vote.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE FOR THE RATIFICATION OF ERNST & YOUNG LLP AS LIMELIGHT'S INDEPENDENT AUDITORS FOR THE FISCAL YEAR ENDING DECEMBER 31, 2009.

AUDIT COMMITTEE REPORT

The following report of the Audit Committee of the Board of Directors shall not be deemed to be soliciting material or filed with the SEC or incorporated by reference into any future filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, each as amended, except to the extent that we specifically incorporate it by reference into such filing.

The Audit Committee consists of three directors, each of whom, in the judgment of the Board or Directors, is an independent director as defined in the listing standards for The Nasdaq Stock Market. The Audit Committee acts pursuant to a written charter that has been adopted by the Board of Directors. The Audit Committee Charter is available on the Limelight website at www.limelightnetworks.com.

On behalf of the Board of Directors, the Audit Committee oversees Limelight's financial reporting process and its internal controls over financial reporting, areas for which management has the primary responsibility. Ernst & Young LLP, our independent auditors (Ernst & Young) is responsible for expressing an opinion as to the conformity of the audited financial statements with accounting principles generally accepted in the United States of America and for issuing its opinion on management's assessment and on the effectiveness of Limelight's internal controls over financial reporting.

In fulfilling its oversight responsibilities, the Audit Committee has reviewed and discussed with management and Ernst & Young our audited financial statements for the fiscal year ended December 31, 2008 matters relating to Limelight's internal controls over financial reporting and the processes that support the certifications of the financial statements by Limelight's Chief Executive Officer and Chief Financial Officer. The Audit Committee also discussed with Ernst & Young the scope and plan for the annual audit. In addition, the Audit Committee discussed with Ernst & Young the matters required to be discussed by Statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1. AU section 380) as adopted by the Public Company Accounting Oversight Board (PCAOB) in Rule 3200T. The Audit Committee also has received the written disclosures and the letter from Ernst & Young as required by Rule 3526 of the Public Company Accounting Oversight Board, *Communication with Audit Committees Concerning Independence* and the Audit Committee has discussed the independence of Ernst & Young with that firm.

Based on the Audit Committee's review of the matters noted above and its discussions with our independent auditors and our management, the Audit Committee recommended to the Board of Directors that the financial statements be included in our Annual Report on Form 10-K and our Annual Report to our stockholders for the year ended December 31, 2008. The Audit Committee also selected Ernst & Young as Limelight's independent registered public accounting firm for the fiscal year ending December 31, 2009. The Board of Directors is recommending that the shareholders ratify this selection at the Annual Meeting.

COMPENSATION DISCUSSION AND ANALYSIS

Compensation Philosophy and Objectives

Our compensation philosophy is to attract, motivate and retain talented executives responsible for the success of Limelight, which operates in an extremely competitive and rapidly changing part of the high technology industry. With this in mind, we strive to set our compensation programs within the appropriate competitive framework and based on the achievement of Limelight's overall financial results, individual contributions and performance by executives and employees and each executive's potential to enhance long-term stockholder value. Within this overall philosophy, our objectives are to:

Motivate executive officers to achieve quantitative financial and qualitative non-financial objectives and create a meaningful link between achievement of these objectives and individual executive compensation;

Align the financial interests of executive officers with those of Limelight's stockholders by providing significant equity-based incentives, while carefully considering both stockholder dilution and stock-based compensation expense; and

Offer a competitive total compensation package that enables Limelight to attract and retain top talent.

The Compensation Committee of the Board of Directors guides our compensation philosophy and objectives. The Compensation Committee uses the above-mentioned objectives as a guide in establishing the compensation programs, practices and packages offered to Limelight's executive officers and in assessing the proper allocation between long- and short-term incentive compensation and cash and non-cash compensation, although we have no formal or informal policies regarding such allocations.

The compensation for our named executive officers consists of three primary components: base salary, annual incentive cash bonus and equity awards. Other compensation components include severance and change of control provisions, 401(k) retirement benefits and generally available benefits such as health insurance. Limelight considers the proper allocation between long-term and short-term incentives by considering the balance that is required to attract and retain executives and reward them for the short-term success of our business while appropriately motivating the executives to strive to achieve our longer-term goals. We also consider the need to offer compensation packages which are comparable to those offered by companies competing with Limelight for executive talent. In allocating between cash and non-cash compensation, we seek to be in the middle of the pack within our peer group for cash compensation, and above average for non-cash, or equity based, compensation. We also believe that generally available benefits (such as 401(k) plan participation and health benefits) should be competitive with the external job market, in order to allow us to attract and retain talent. The Compensation Committee, however, does not have a pre-established policy or target for the allocation between long- and short-term incentive compensation and cash and non-cash compensation.

Throughout this Compensation Discussion and Analysis, the individuals who served as Chief Executive Officer and Chief Financial Officer during fiscal 2008, as well as the other individuals included in the Summary Compensation Table, are referred to as the named executive officers.

Role and Authority of the Board of Directors and the Compensation Committee

The Compensation Committee has decision-making authority with respect to the compensation of our named executive officers. The members of the Compensation Committee are directors Peter J. Perrone and David C. Peterschmidt. Mark A. Jung was also a member of the Compensation Committee prior to his resignation from the Board in May 2008. Each of these individuals qualifies as (i) an independent director under the requirements of The NASDAQ Stock Market, Inc., (ii) a non-employee director under Rule 16b-3 of the Securities Exchange Act, and (iii) an outside director under Section 162(m) of the Internal Revenue Code. The Compensation Committee has adopted a written charter approved by the Board of Directors, a copy of which is available on our website at www.limelightnetworks.com.

The Compensation Committee carries out the Board of Directors' responsibilities to: (i) oversee Limelight's compensation policies, plans and benefits programs; (ii) approve the compensation of our Chief Executive Officer and other executive officers; and (iii) administer Limelight's equity compensation and incentive plans. In reviewing and approving the executive compensation packages offered to our named executive officers and other key employees, the Compensation Committee is responsible for ensuring that such packages are consistent with our compensation philosophy and objectives. The Compensation Committee also periodically reviews and makes recommendations to the Board of Directors regarding compensation, both cash and equity, for members of the Board of Directors. The Board reviewed its compensation during 2008 and made no changes to the current director compensation structure.

In carrying out its responsibilities, the Compensation Committee may engage outside consultants and consult with Limelight's Human Resources department and other company executives as the Compensation Committee determines to be appropriate. In December 2007, the Compensation Committee engaged Compensia, an executive compensation consulting firm, and received an Executive Compensation Assessment from Compensia in February 2008. The Compensation Committee currently feels that it is adequately and appropriately able to assess and determine the compensation arrangements for our named executive officers based on the information provided through the Compensia Report process, comparative market data provided by management, and the Committee members' own experience and knowledge regarding compensation matters. The Compensation Committee also may obtain advice and assistance from internal or external legal, accounting or other advisers selected by the Compensation Committee. The Compensation Committee may delegate any of its responsibilities to one or more directors or to members of management, to the extent permitted by applicable law. The Compensation Committee has not delegated any of its responsibilities with respect to the named executive officers and has no plans to do so.

The Compensation Committee also meets as frequently as it deems necessary to address matters within its area of responsibility. During 2008 the Committee met seven (7) times, and took action by unanimous written consent on sixteen (16) occasions. The Compensation Committee intends to review annually, usually in the first quarter of each fiscal year, the base salaries of the named executive officers. The Compensation Committee also intends to review annually, usually in the second quarter of each fiscal year, equity awards for the named executive officers. The Compensation Committee will, however, review and may adjust an officer's compensation at any time during the year if and when the Committee deems such review to be necessary to align that officer's compensation with our compensation philosophy and objectives.

The Board has delegated limited authority to a committee consisting of the Chief Executive Officer and the Chairman of the Compensation Committee (the Equity Award Committee) to grant equity awards within certain parameters. The Equity Award Committee may grant awards only with respect to consultants, new hires and promotions for employees below the level of Vice President (and with respect to new hires, who are not expected to shortly thereafter become a Vice President or above). The Compensation Committee has approved an equity award matrix that includes equity incentive ranges for non-officer employees based on title, job responsibilities, seniority and other factors. This matrix is reviewed and approved annually by the Compensation Committee. Each month the Director of Human Resources prepares a proposed grant list and confirms that the proposed awards are consistent with the equity award matrix. The proposed award list is submitted to the Equity Award Committee at the first of the month. If approved by the Equity Award Committee by the second Tuesday of the month, then the awards are effective as of the second Tuesday of the month and the per share exercise price is set at the closing price of our common stock on the NASDAQ Stock Market on that grant date. If the Equity Award Committee's approval of the proposed list is not obtained by the second Tuesday of the month, then the proposed awards are carried over for consideration the following month.

Role of Executive Officers in Compensation Decisions

The Compensation Committee on occasion meets with Mr. Lunsford, our Chief Executive Officer, to obtain recommendations with respect to the compensation programs, practices and packages for the named executive officers. At least annually, the Compensation Committee considers, but is not bound by and does not always

accept, Mr. Lunsford's recommendations for the named executive officers. These meetings typically occur in connection with a quarterly meeting of the Board of Directors or as part of a regularly scheduled Compensation Committee meeting. Recommendations with respect to equity award grants are made as part of our formal equity award grant process, pursuant to which management submits equity award recommendations to the Equity Award Committee (with respect only to employees who are not named executive officers) and/or the Compensation Committee.

Mr. Lunsford and Philip Maynard, our Chief Legal Officer and Corporate Secretary, regularly attend meetings of the Compensation Committee but are excused from the meetings as appropriate when matters of executive compensation in which they may have a financial interest are discussed. In addition, other executives or employees sometimes attend the Compensation Committee's meetings, but they also leave the meetings as appropriate when matters of executive compensation are discussed. The Compensation Committee considers and discusses Mr. Lunsford's compensation package—salary as well as equity—without him present.

In October 2008, Mr. Lindroth replaced Mr. Hale as our Chief Financial Officer. Pursuant to his amended and restated employment agreement dated July 9, 2008, Mr. Hale resigned as Chief Financial Officer effective October 14, 2008, but continued as an employee of Limelight through December 31, 2008. Mr. Hale received the severance benefits described in section 8 of his agreement and discussed in further detail below under the caption Employment Agreements.

Role of Compensation Consultant

As noted, the Compensation Committee engaged the compensation consulting firm Compensia in December 2007. Compensia's February 2008 Executive Compensation Assessment report was a source of data for the Committee's analysis of our executive and general employee compensation. The purposes of the Compensia report included advising the Compensation Committee regarding the role of market data in the compensation determination process, providing a review of emerging trends and best practices in executive compensation, assessing the competitiveness of Limelight's current executive compensation and providing considerations for the Compensation Committee. Compensia's analysis included base salary, annual incentive bonus and equity awards for the surveyed group described below. Limelight's management team uses the Compensia data as a tool in making recommendations to the Compensation Committee on compensation adjustments and new hire offers that are consistent with Limelight's compensation philosophy, objectives and goals. Compensia does not provide any additional services to Limelight. Compensia provided its services directly to the Compensation Committee.

To compare our executive and managerial employee compensation program for fiscal 2008 to the market, Compensia surveyed technology companies that published their pay practices. The companies surveyed were: Akamai Technologies, Aruba Networks, Blue Coat Systems, CommVault Systems, Data Domain, DealerTrack Holdings, DG FastChannel, DivX, Double-Take Software, Equinix, HMS Holdings, Infinera Corp., InterNAP Network Services, Isilon Systems, Neutral Tandem, Omniture, Riverbed Technology, SAVVIS, Switch & Data Facilities Company, Synchronoss Technologies, Taleo, Terremark Worldwide, Veraz Networks, VMware and Website Pros. The employers included in the survey are companies that have employees with similar experience and education levels to Limelight's employees. In order to maintain competitiveness within the marketplace, Limelight considers this peer group data in determining its executive compensation.

Components of Compensation

The components of our executive officer compensation include:

Base salary;

Annual Incentive Bonus;

Equity-based incentive awards;

Severance and change of control protection;

Retirement benefits provided under a 401(k) plan; and

Generally available benefit programs.

We selected these components because we believe each is necessary to help us attract and retain the executive talent on which Limelight's success depends. The Compensation Committee believes that this set of components is effective and will continue to be effective in achieving the objectives of our compensation program and philosophy. The Compensation Committee, however, will review these elements of compensation on occasion and will alter or add to the elements if it believes that changes will better achieve Limelight's compensation objectives.

The Compensation Committee reviews the entire executive compensation program (other than retirement benefits under the 401(k) plan and generally available benefit programs) on at least an annual basis. However, the Compensation Committee at any time may review one or more components as necessary or appropriate to ensure such components remain competitive, appropriately designed to reward performance and aligned with our compensation philosophy and objectives.

In fiscal 2008, the use and weight of the executive compensation components were based on a subjective determination by the Compensation Committee of the importance of each component in meeting our overall compensation objectives, including our incentive and retention needs, the need to align incentives with our stockholders' interests, and our goal of staying competitive within the external job marketplace as evidenced by the survey noted above and by the general experience and knowledge of our Compensation Committee members. The Compensation Committee intends to move total cash compensation, base salary and annual incentive bonus, toward market averages. The Committee considers base salaries in the 50th to 75th percentile of available survey data to be consistent with this objective. The Compensation Committee expects to set equity based compensation at or above market averages.

Base Salary. Limelight provides base salary to its named executive officers and other employees to compensate them for services rendered on a day-to-day basis during the fiscal year.

In conjunction with our annual performance review process, the Compensation Committee intends to review executive officer base salaries. During this process, the Chief Executive Officer will review the performance of the named executive officers and will report those findings to the Compensation Committee. A named executive officer's personal performance will be judged in part on whether our business objectives are being met. In setting base salary changes, management and the Compensation Committee considers each named executive officer's experience, skills, knowledge, responsibilities and performance and Limelight's performance as a whole. For newly hired named executive officers, the Compensation Committee also considers the base salary of the individual at his or her prior employment and any unique personal circumstances that motivated the executive to leave that prior position and join Limelight. We will aim to keep salaries in line with the external job market. Increases over the prior year's base salary also will be considered within the context of our overall annual merit increase budget to ensure that any increases are fiscally prudent and feasible for us. The Compensation Committee does not apply specific formulas to determine increases. There is no process in setting these budgets other than the annual business planning process.

Mr. Lindroth joined the executive management team in October, 2008 as Chief Financial Officer. No named executive officer received an increase in his base salary during fiscal 2008.

Annual Incentive Cash Bonuses. We have utilized cash bonuses to reward performance achievements and have in place annual target incentive bonuses for each of our executive officers, payable either in whole or in part, depending on the extent to which the applicable performance goals are achieved. Bonuses in excess of the target bonus amounts can be earned for financial performance in excess of the targets established by the Compensation Committee. For 2008, executive incentive bonuses were determined, based upon measures of corporate performance, specifically revenue and adjusted cash gross margin targets. We believe that these targets

presented achievable goals, but were not necessarily certain and depended upon successful execution of our business plan. Bonuses are reviewed and approved by the Compensation Committee, which determined the performance and operational criteria necessary for award of such bonuses. For 2008, Messrs. Lunsford, Hale, Lindroth, Raciborski, Gordon and Hatfield received bonuses of \$315,143, \$114,598, \$22,606, \$126,057, \$126,057 and \$229,195, respectively, which represented approximately 79%, 42%, 37%, 43%, 57% and 92% of their base salaries, respectively. Mr. Lindroth's bonus was prorated to his date of employment.

In May 2008, in order to motivate certain named executive officers to remain in Limelight's service, the Compensation Committee awarded retention bonuses to Messrs. Raciborski, Gordon, Hale and Hatfield of \$160,000, \$60,000, \$45,000 and \$160,000, respectively. The bonus payment date for Messrs. Raciborski, Gordon and Hale was February 1, 2009. Mr. Hatfield's retention bonus was payable in 4 installments (May, August, November 2008, and February 2009) and carried an additional sales performance requirement. The retention bonuses were paid as scheduled.

Long-Term Incentive Program. The principal goal of Limelight's long-term equity-based incentive program is to align the interests of named executive officers with Limelight's stockholders and to provide each named executive officer with a significant incentive to manage Limelight from the perspective of an owner with an equity stake in the business. Another goal of the long-term equity-based incentive program is to provide a competitive overall compensation package that will enable us to attract and retain talented executives. The Compensation Committee believes that unvested equity awards are a key factor in motivating and retaining executive personnel. The Compensation Committee also believes that motivation and retentive value of stock option equity awards diminish if and when the exercise price of the stock option equity awards far exceed the then fair market value of Limelight's common stock. Equity-based awards granted during 2008 to our named executive officers were granted under our 2007 Equity Incentive Plan and were approved by the Compensation Committee. There is no formalized process for annual or periodic refresh grants. In 2008 the Compensation Committee considered an annual refresh grant in February; but going forward, the Compensation Committee intends to address annual refresh grants in or about June of each year. The Committee will, however, periodically consider equity award grants as may be necessary or appropriate to achieve the objectives of the long-term incentive component of the overall executive compensation program.

In February 2008, the Compensation Committee awarded each of Messrs. Raciborski, Gordon and Hatfield options to purchase 250,000 shares of our common stock at an exercise price of \$6.39, the fair market value of our common stock on the date of grant. In May 2008, in connection with an offer to exchange certain options for restricted stock (the Exchange Offer), discussed further below, the Compensation Committee approved Mr. Hatfield's exchange of certain out-of-the-money options for restricted stock units on the same terms as afforded eligible employees under the Exchange Offer. Also in May 2008, Messrs. Raciborski and Gordon were awarded 337,500 and 200,000 restricted stock units, respectively.

In November 2008, the Compensation Committee modified Mr. Lunsford's equity awards in order to optimize the motivational and retentive effects of his overall compensation package consistent with our compensation philosophy and objectives. The modification had four key components: the cancellation of certain stock options, the modification of certain stock options, the grant of certain time vesting restricted stock units and the grant of certain performance based restricted stock units. First, 750,000 stock options, granted November 20, 2006, with an exercise price of \$13.20, of which 15,624 were then vested, were cancelled. Second, 750,000 stock options, granted November 20, 2006, with an exercise price of \$6.53, of which 375,000 were then vested were modified such that all such options were deemed unvested, and 1/24th of the options would vest in November 2009 and an additional 1/24th would vest each month thereafter so long as Mr. Lunsford continues to be a service provider to Limelight. Third, Mr. Lunsford received a grant of 100,000 restricted stock units, 50% of which vested in February 2009 and the remaining 50% will vest in November 2010 provided Mr. Lunsford continues to be a service provider to Limelight. Fourth, Mr. Lunsford received a grant of 400,000 restricted stock units separated into four tranches of 100,000 restricted stock units each. Each tranche is associated with achievement of certain quarterly financial performance targets, specifically targets for revenue and cash gross margin,

established, or to be established, by the Compensation Committee. If and when the financial targets are satisfied with respect to any particular tranche of performance restricted stock units, then 50% of the restricted stock units in that tranche will vest the third business day following the end of quarter earnings release and the remaining 50% will vest on the one year anniversary of the first 50%, provided Mr. Lunsford continues to be a service provider through the vesting date. Any of such restricted stock units that have not vested based upon achievement of the established performance targets by the fiscal quarter ending March 31, 2010, will be forfeited.

Equity award grants are generally made within grant guidelines established by the Compensation Committee, in consultation with management, based on job grade, job title, responsibility level, seniority level or other factors, which may include the competitive hiring marketplace. With respect to the named executive officers, management makes recommendations on such guidelines and the named executive officer's actual grants. The grant guidelines assist us in keeping its equity grants within the budgeted grant pool approved by the Compensation Committee, and thereby efficiently managing its available equity pool and its overhang.

For fiscal 2009, the Compensation Committee intends to continue to grant equity awards. The Compensation Committee will determine the size of long-term, equity-based incentives based on each named executive officer's position within Limelight and will seek to set a level that will create a meaningful opportunity for stock ownership and will motivate each named executive officer to remain in Limelight's service. In addition, in determining the size of a named executive officer's equity grant, the Compensation Committee will take into account an individual's recent performance, as well as the factors discussed below. The Compensation Committee has not formalized the process by which it will take an individual's performance or other factors into account, but may do so in the future.

In reviewing and analyzing the appropriate amount and type of equity awards to be granted, the Compensation Committee also may review the following factors:

The number of shares subject to awards granted to an individual in a given role or position;

The number of shares owned, and the number of shares subject to equity awards granted by role or position as a percentage of total shares owned, option shares granted, shares of restricted stock granted and shares subject to restricted stock unit awards granted or outstanding as a percentage of total common stock outstanding;

The individual's vested and unvested equity positions;

The individual's total compensation package; and

A comparison of the individual's award and total compensation to similar positions in selected companies in high growth, technology industries.

The Compensation Committee views these factors as the main motivators to retain and attract key management talent.

On a total company basis, when appropriate, the Compensation Committee also analyzes:

The number of shares used by Limelight during the year with respect to new equity awards (i.e., burn rates);

The number of shares subject to outstanding equity awards relative to the total number of shares issued and outstanding (i.e., issued equity overhang); and

The number of shares subject to outstanding equity awards and available for future grants relative to the total number of shares issued and outstanding (i.e., total equity overhang).

Edgar Filing: Limelight Networks, Inc. - Form DEF 14A

The Compensation Committee believes that analyzing the above factors allows it to assess whether granting additional awards to the named executive officers is prudent based on the pool of shares we have available for grants to all of its service providers and to take into consideration the impact on the dilution of stockholder interests and overhang.

2008 Equity Award Exchange Offer. In April 2008, we implemented a stock option/restricted stock unit exchange program (the Exchange Offer or Exchange Program). It is the view of the Compensation Committee that equity awards are a valuable motivation and retention tool and, as such, help to align employee and stockholder interests. Many of the then currently outstanding stock options were underwater in that the per share exercise prices were greater than the then current market value of our common stock. The Compensation Committee believes that the maturational and retentive value of stock options is significantly diminished when the exercise price of the option significantly exceeds the fair market value of Limelight's common stock. The exchange program allowed employees to exchange certain underwater stock options for restricted stock units. Each holder of options granted after April 1, 2007 was eligible to exchange their options for restricted stock units, with an exchange ratio of one restricted stock unit for every two shares of common stock represented by existing, eligible stock options. The vesting schedule for the restricted stock options is in equal semi-annual tranches spread over three years, and the first tranche vested in December 2008. The remaining tranches will vest in June and December of each year through June 2011, provided the employee continues to be a service provider for Limelight through each vesting date. Neither the directors nor the named executive officers participated in the program; but as described above, the Compensation Committee did authorize the exchange of certain options for restricted stock units for Mr. Hatfield. Participation in the program was completely voluntary and employees who chose not to participate retained their then current options under their then current terms and conditions. The Exchange Offer was closed on June 16, 2008. Ninety-five (95) employees participated in the Exchange Offer, and 2,877,100 stock options were exchanged for 1,438,551 restricted stock units.

Equity Award Practices. For fiscal 2009, we expect that most equity award grants will be stock options, however we may grant a mix of options and restricted stock units in situations where the compensation philosophy and objectives would be best met by doing so. In prior years our equity awards extended to most employees. For 2009, we expect to concentrate equity awards among those positions with the greater opportunity to affect our financial performance. Further, we have found that restricted stock units provide a useful recruiting mechanism to compete with both public and private companies that are offering share grants to attract key talent. As a result, we intend to consider providing a combination of stock options and restricted stock units to our named executive officers in the future. The vesting schedules applied to equity awards, usually three or four years, provide both a strong retention tool and also balances each executive's focus on our short term and long term goals.

Prior to September 2007, the effective grant date for all equity awards to our named executive officers was the date on which the Compensation Committee or the Board of Directors approved the grant. Historically, this was accomplished through actions by unanimous written consent. In September 2007, our Board of Directors adopted a policy providing for approval of equity awards in advance of a future effective grant date. Limelight follows this granting policy as a best practice approach recommended by outside counsel to ensure all equity awards comply with laws and regulations. All stock options granted to the named executive officers have a per share exercise price equal to the fair market value of Limelight's common stock on the grant date.

Stock Ownership Guidelines. At this time, the Board of Directors has not adopted stock ownership guidelines with respect to the named executive officers or otherwise.

Limelight has an insider trading policy that prohibits, among other things, short sales, hedging of stock ownership positions, and transactions involving derivative securities relating to Limelight's common stock. In addition, Messrs. Gordon, Hale and Raciborski have each entered into a Rule 10b5-1 trading plan.

Employment Agreements, Severance and Change of Control Benefits.

Employment Agreements. Limelight has written employment agreements with each of its named executive officers. Each agreement provides that the executive's employment with Limelight is at-will and may be terminated at any time by either party, either with or without cause, upon written notice to the other party. Depending upon the circumstances of the executive's termination, the executive may be entitled to severance benefits or change of control benefits.

On October 20, 2006, we entered into an employment agreement with Jeffrey W. Lunsford, our President, Chief Executive Officer and Chairman. Pursuant to the terms of Mr. Lunsford's employment agreement, amended December 30, 2008, Mr. Lunsford's annual salary is \$400,000 per year. Mr. Lunsford is eligible to receive an annual cash incentive bonus payable based on achievement of performance goals established by our Compensation Committee. During calendar year 2008, Mr. Lunsford's target annual incentive bonus was \$275,000. The earned annual cash incentive bonus payable to Mr. Lunsford depended upon the extent to which the applicable performance goals were achieved. Mr. Lunsford's actual paid bonus for 2008 was \$315,143. Pursuant to his employment agreement, Mr. Lunsford was granted 1,500,000 shares of our restricted common stock on October 20, 2006. Of these shares, 12.5% vested on October 20, 2006. An additional 12.5% vested on February 17, 2007, and one forty-eighth of the total number of shares will vest monthly thereafter assuming Mr. Lunsford's continued employment with us. On November 25, 2008, we entered into an Equity Award Amendment and Grant of Restricted Units Agreement with Mr. Lunsford, which modified certain equity awards provided for in Mr. Lunsford's employment agreement. These modifications are more fully described under the heading "Long-Term Incentive Program". Mr. Lunsford's employment agreement provides that we will reimburse him for reasonable travel, entertainment and other expenses incurred by him in furtherance of the performance of his employment duties.

On September 22, 2008, we entered into an employment agreement with Nathan F. Raciborski, our Co-Founder and Chief Technical Officer. Pursuant to the terms of Mr. Raciborski's employment agreement, amended December 30, 2008, Mr. Raciborski's annual salary is \$295,000 per year. Mr. Raciborski is eligible to receive an annual cash incentive bonus payable based on achievement of performance goals established by our Compensation Committee. During calendar year 2008, Mr. Raciborski's target annual incentive bonus was \$110,000. The earned annual cash incentive bonus payable to Mr. Raciborski depended upon the extent to which the applicable performance goals were achieved. Mr. Raciborski's actual paid bonus for 2008 was \$126,057. In February 2008, the Compensation Committee awarded Mr. Raciborski options to purchase 250,000 shares of our common stock at an exercise price of \$6.39, vesting in 48 equal monthly installments beginning on March 25, 2008. On May 13, 2008, the Compensation Committee granted Mr. Raciborski 337,500 restricted stock units vesting in six equal bi-annual installments beginning on December 1, 2008. Mr. Raciborski's employment agreement provides that we will reimburse Mr. Raciborski for reasonable travel, entertainment and other expenses incurred by him in furtherance of the performance of his employment duties.

On September 22, 2008, we entered into an employment agreement with Michael M. Gordon, our Co-Founder and Chief Strategy Officer. Pursuant to the terms of Mr. Gordon's employment agreement, amended December 30, 2008, Mr. Gordon's annual salary is \$220,000 per year. Mr. Gordon is eligible to receive an annual cash incentive bonus payable based on achievement of performance goals established by our Compensation Committee. During calendar year 2008, Mr. Gordon's target annual incentive bonus was \$110,000. The earned annual cash incentive bonus payable to Mr. Gordon depended upon the extent to which the applicable performance goals were achieved. Mr. Gordon's actual paid bonus for 2008 was \$126,057. In February 2008, the Compensation Committee awarded Mr. Gordon an option to purchase 250,000 shares of our common stock at an exercise price of \$6.39, vesting in 48 equal monthly installments beginning on March 25, 2008. On May 13, 2008, the Compensation Committee granted Mr. Gordon 200,000 restricted stock units vesting in six equal bi-annual installments beginning on December 1, 2008. Mr. Gordon's employment agreement provides that we will reimburse Mr. Gordon for reasonable travel, entertainment and other expenses incurred by him in furtherance of the performance of his employment duties.

On October 20, 2008, we entered into an employment agreement with Douglas S. Lindroth, our Senior Vice President, Chief Financial Officer and Treasurer. Pursuant to the terms of Mr. Lindroth's employment agreement, amended December 30, 2008, Mr. Lindroth's annual salary is \$300,000 per year. Mr. Lindroth is eligible to receive an annual cash incentive bonus payable based on achievement of performance goals established by our Compensation Committee. During calendar year 2008, Mr. Lindroth's target annual incentive bonus was \$100,000. The earned annual cash incentive bonus payable to Mr. Lindroth depended upon the extent to which the applicable performance goals were achieved. Mr. Lindroth's actual paid bonus for 2008 was \$22,606, which

represents his annualized bonus prorated to his date of hire. On October 20, 2008, the Compensation Committee issued to Mr. Lindroth 350,000 restricted stock units. One forty-eighth of the total number of restricted stock units vested on the one month anniversary of the grant and an additional one forty-eighth will vest monthly thereafter. On November 11, 2008, the Compensation Committee issued to Mr. Lindroth an option to purchase 100,000 shares of our common stock at a per share exercise price of \$5.00. One fourth of the total number of shares subject to the option will vest on October 20, 2009, and an additional one forty-eighth of the total number of shares subject to the option will vest monthly thereafter. Mr. Lindroth's employment agreement provides that we will reimburse Mr. Lindroth for reasonable travel, entertainment and other expenses incurred by him in furtherance of the performance of his employment duties.

On November 22, 2006, we entered into an employment agreement with Matthew Hale, our former Chief Financial Officer. Mr. Hale resigned as our Chief Financial Officer in October 2008, and remained an employee through December 31, 2008. Pursuant to the terms of Mr. Hale's employment agreement, amended July 9, 2008 and December 30, 2008, Mr. Hale's annual salary became \$275,000 upon the closing of our initial public offering. During calendar year 2008, Mr. Hale's target annual incentive bonus was \$100,000. The earned annual cash incentive bonus payable to Mr. Hale depended upon the extent to which the applicable performance goals were achieved. Mr. Hale's actual paid bonus for 2008 was \$114,598. Pursuant to Mr. Hale's employment agreement, Mr. Hale was granted 345,000 shares of our restricted common stock. One-fourth of the total number of shares of restricted common stock subject to this grant vested on December 1, 2007, and an additional one forty-eighth of the total number of shares of restricted common stock subject to this grant vested on the first day of each calendar month through December 31, 2008. Additionally, Mr. Hale was issued an option to purchase 105,000 shares of our common stock at an exercise price of \$6.67 per share. One-fourth of the total number of the options vested and became exercisable on December 1, 2007, and thereafter, an additional one forty-eighth of the total number of the options vested and becomes exercisable on each calendar month anniversary after December 1, 2007, through December 31, 2008. Mr. Hale's employment agreement provided that we would reimburse Mr. Hale for reasonable expenses incurred in the furtherance of performing his duties. As provided in Mr. Hale's employment agreement, in connection with his separation from Limelight, Mr. Hale received, or is receiving, the following severance benefits: (i) continued payment of his base salary for 12 months following December 31, 2008, (ii) payment of his 2008 annual bonus based upon our achievement of the performance targets set by the Compensation Committee for the annual incentive cash bonus, (iii) the \$45,000 retention bonus granted by the Compensation Committee in May 2008, (iv) accelerated vesting of 50% of his equity awards unvested as of December 31, 2008, and (v) accelerated vesting of an additional 25% of his equity awards unvested as of December 31, 2008, which additional acceleration was approved by the Compensation Committee in the exercise of its discretion. As a condition of receiving severance, Mr. Hale delivered a general release of claims to Limelight, has agreed for a period of two years following his separation not to solicit any employee of Limelight for employment at any place other than at Limelight, and not to engage in competition with Limelight, among other covenants.

On March 27, 2007, we entered into an employment agreement with David M. Hatfield, our Senior Vice President of Worldwide Sales, Marketing and Services. Mr. Hatfield's employment agreement, amended December 30, 2008, provides that we will pay him an annual salary of \$250,000. He is also eligible to receive an annual cash incentive bonus payable on achievement of performance goals established by the Compensation Committee. During calendar year 2008, Mr. Hatfield's target annual incentive bonus was \$200,000. The earned annual cash incentive bonus payable to Mr. Hatfield depended upon the extent to which the applicable performance goals were achieved. Mr. Hatfield's actual paid bonus for 2008 was \$229,195. On February 25, 2008, Mr. Hatfield was granted an option to purchase 250,000 shares of our common stock at an exercise price of \$6.39 per share. One forty-eighth of the total number of shares subject to this option vest and become exercisable on each calendar month anniversary following the grant date. On May 13, 2008, Mr. Hatfield was granted 337,500 restricted stock units in exchange for the cancellation of options for the purchase of an aggregate of 675,000 shares of common stock. 318,750 of the restricted stock units vest in six equal bi-annual installments beginning December 1, 2008, such that 318,750 of the restricted stock units shall be fully vested no later than June 1, 2011, and the remaining 18,750 of the restricted stock units vest according to the achievement of certain

sales milestones. Mr. Hatfield's employment agreement provides that we will reimburse Mr. Hatfield for reasonable travel, entertainment and other expenses incurred by him in furtherance of the performance of his employment duties.

In December 2008 the employment agreement for each named executive officer was amended to bring each agreement into compliance with the rules and regulations under section 409A of the Internal Revenue Code of 1986, as amended.

The terms "cause" and "change of control" are used substantially consistently among the employment agreements with the named executive officers. Generally, the term "cause" or "for cause" means termination of employment as a result of:

Acts or omissions constituting gross negligence, recklessness or willful misconduct on the part of an executive with respect to his or her obligations under the employment agreement or otherwise relating to the business of Limelight;

Repeated or habitual neglect of executive's duties or responsibilities that continues after notice of such neglect, or failure or refusal to carry-out the legitimate assignments given by the CEO or the Board;

Any act of personal dishonesty in connection with his or her responsibilities as an employee of the Company with the intention or reasonable expectation that such action may result in the substantial personal enrichment;

Executive's conviction of, or plea of nolo contendere to, a felony that the Board reasonably believes has had or will have a material detrimental effect on the Company's reputation or business;

A breach of any fiduciary duty owed to the Company by executive that has a material detrimental effect on the Company's reputation or business;

Executive being found liable in any Securities and Exchange Commission or other civil or criminal securities law action or entering any cease and desist order with respect to such action (regardless of whether or not executive admits or denies liability);

Executive (A) obstructing or impeding; (B) endeavoring to obstruct, impede or improperly influence, or (C) failing to materially cooperate with, any investigation authorized by the Board or any governmental or self-regulatory entity (an Investigation). However, executive's failure to waive attorney-client privilege relating to communications with executive's own attorney in connection with an Investigation will not constitute "cause"; or

Executive's disqualification or bar by any governmental or self-regulatory authority from serving in the capacity contemplated by his or her employment agreement or executive's loss of any governmental or self-regulatory license that is reasonably necessary for executive to perform his or her responsibilities to Limelight under the employment agreement, if (A) the disqualification, bar or loss continues for more than thirty (30) days, and (B) during that period Limelight uses its good faith efforts to cause the disqualification or bar to be lifted or the license replaced.

Generally, the term "change of control" means the occurrence of any of the following events:

The consummation by Limelight of a merger or consolidation with any other corporation, other than a merger or consolidation which would result in the voting securities of Limelight outstanding immediately prior thereto continuing to represent (either by remaining outstanding or by being converted into voting securities of the surviving entity) more than 50% of the total voting power represented by the voting securities of the Company or such surviving entity outstanding immediately after such merger or consolidation;

Edgar Filing: Limelight Networks, Inc. - Form DEF 14A

The approval by the stockholders of Limelight, or if stockholder approval is not required, approval by the Board, of a plan of complete liquidation of the Limelight or an agreement for the sale or disposition by Limelight of all or substantially all of Limelight's assets; or

Any person (as such term is used in Sections 13(d) and 14(d) of the Securities Exchange Act of 1934, as amended), other than Goldman Sachs & Co and its related funds and entities, becoming the beneficial owner (as defined in Rule 13d-3 under said Act), directly or indirectly, of securities of Limelight representing 50% or more of the total voting power represented by the Company's then outstanding voting securities.

The term in connection with a change of control generally means a termination of executive's employment within three (3) months prior to the execution of an agreement that results in a change of control or twelve (12) months following a change of control.

Severance Benefits. Limelight believes that providing severance benefits for the named executive officers is necessary to attract and retain executive talent, and is accordingly consistent with our compensation philosophy and objectives. Severance benefits for the named executive officers is also appropriate as we believe that it is likely that an executive who is relieved of position without cause may require an extended period of time to obtain similar employment.

The employment agreements between Limelight and each named executive officer provide generally that if the executive is terminated without cause (and the termination is not in connection with a change of control) then the executive is entitled to the following severance benefits: (i) continued payment of executive's base salary for 12 months, (ii) actual, earned cash bonus for the year in which termination occurred prorated to the date of termination, (iii) reimbursement for premiums paid for continued health benefits for the executive and eligible dependents under the Limelight health plans until the earlier of 12 months after termination or until executive is covered under another health insurance program. Payment of severance benefits is conditioned on the executive making certain covenants with Limelight as described below under material conditions to or obligations of severance.

If a named executive officer voluntarily resigns his employment or his employment is terminated for cause, then he is entitled generally only to compensation earned through the date of termination. More particularly, he would be entitled to his base salary through the date of termination, unpaid but earned and accrued annual bonus for a fiscal year completed prior to the termination of employment and accrued but unused vacation time. All further vesting of outstanding equity awards would also cease as of the date of termination.

In the event a named executive officer's employment is terminated due to death or disability, then twenty-five (25%) percent of the executive's then outstanding unvested equity awards would vest.

Change of Control Benefits. Limelight believes that providing certain benefits for the named executive officers in connection with a change of control is necessary to attract and retain executive talent. Further, Limelight believes that change of control arrangements are an important part of overall compensation for the named executive officers because they will assist the Company in maximizing stockholder value by allowing executives to participate in an objective review of any proposed transaction and whether such proposal is in the best interest of the stockholders, notwithstanding any concern the executive might have regarding the executive's continued employment prior to or following a change in control or other personal financial interest.

The employment agreements between Limelight and each named executive officer provide generally that, in the event of a change of control, fifty percent (50%) of each executive's then unvested equity awards will vest. Further, if the executive is terminated or resigns for good reason in connection with a change of control then the executive is entitled to the following change in control benefits: (i) continued payment of executive's base salary for 12 months, (ii) 100% of the executive's target cash bonus for the year in which termination occurred, (iii) accelerated vesting of all outstanding, unvested equity awards, and (iv) reimbursement for premiums paid for continued health benefits for the executive and eligible dependents under the Limelight health plans until the earlier of 12 months after termination or until executive is covered under another health insurance program. Payment of change of control benefits is conditioned on the executive making certain covenants with Limelight as described below under material conditions to or obligations of severance.

The tables below show the potential payments and benefits each of the named executive officers (other than Mr. Hale) would be entitled to receive in the event of a change of control or if each such officer's employment had been terminated under the following circumstances as of December 31, 2008. Due to a number of factors that affect the nature and amount of any potential payments or benefits, any actual payments and benefits may be different.

Lunsford, Raciborski, Gordon, Lindroth and Hatfield. As of December 31, 2008, the exercise price of the non-qualified stock options held by Messrs. Lunsford, Raciborski, Gordon, Lindroth and Hatfield was greater than the \$2.45 per share closing price of Limelight Networks common stock on December 31, 2008, therefore all non-qualified stock options have been excluded from this calculation.

- (2) Health and welfare benefits are calculated using the annual cost of medical and dental insurance elected by the named executive during the year.

(1) Health and welfare benefits are calculated using the annual cost of medical and dental insurance elected by the named executive during the year.

Material Conditions to or Obligations of Severance. The receipt of severance or change of control benefits is conditioned upon the named executive officer delivering and not revoking a separation agreement and general release of claims substantially in a form prescribed by Limelight. Further, the executive must agree that for a two year period following his or her termination that executive will not (i) solicit any Limelight employee (sometimes excepting the executive's personal administrative assistant) for employment other than with Limelight, and (ii) engage in competition with, or have an ownership interest in a business that competes with, Limelight.

Retirement Benefits under the 401(k) Plan, Executive Perquisites, and Generally Available Benefit Programs. In fiscal 2008, named executive officers were eligible to participate in the health and welfare programs that are generally available to other Limelight employees, including medical, dental, vision, group life, short-term and long-term disability and supplemental insurance.

We also maintain a tax-qualified 401(k) plan, which is broadly available to Limelight's general U.S. based employee population. Under the 401(k) plan, all of our employees are eligible to participate. We provide a matching contribution as follows: a dollar-for-dollar (100%) match on an eligible employee's deferral that does not exceed three percent (3%) of compensation for the year and a fifty percent (50%) match on the next two percent (2%) of the employee's deferrals. We do not provide defined benefit pension plans or defined contribution retirement plans to our executive officers or other employees other than (i) the 401(k) plan or (ii) as required in certain countries other than the United States for legal or competitive reasons.

The 401(k) plan and other generally available benefit programs allow us to remain competitive, and we believe that the availability of such benefit programs enhances employee loyalty and productivity. The benefit programs are primarily intended to provide all eligible employees with competitive and quality healthcare, financial protection for retirement and enhanced health and productivity. These benefit programs typically do not factor into decisions regarding executive compensation packages.

Accounting and Tax Considerations. In our review and establishment of compensation programs and payments for fiscal 2008, we considered, but did not place great emphasis on, the anticipated accounting and tax treatment of our compensation programs and payments by us for our executive officers. While we may consider accounting and tax treatment in the future, these factors alone are not dispositive. Among other factors that receive greater consideration are the net costs to us and our ability to effectively administer executive compensation in the short and long-term interests of stockholders under a proposed compensation arrangement.

Internal Revenue Code Section 162(m) limits the amount that we may deduct for compensation paid to our Chief Executive Officer and to each of our four most highly compensated officers to \$1,000,000 per person, unless certain exemption requirements are met. Exemptions to this deductibility limit may be made for various forms of performance-based compensation. Under certain regulations, compensation arising from options and

restricted stock units that meet certain requirements will not be subject to the \$1,000,000 cap on deductibility, and in the past we have granted equity awards that we believe met those requirements. While the Compensation Committee cannot predict how the deductibility limit may impact our compensation program in future years, the Compensation Committee intends to maintain an approach to executive compensation that strongly links pay to performance. While the Compensation Committee has not adopted a formal policy regarding tax deductibility of compensation paid to our Chief Executive Officer and our four most highly compensated officers, the Compensation Committee intends to consider tax deductibility under Rule 162(m) as a factor in compensation decisions.

Section 409A of the Internal Revenue Code. Section 409A imposes additional significant taxes in the event that an executive officer, director or service provider receives deferred compensation that does not satisfy the requirements of Section 409A. Although Limelight does not maintain a traditional nonqualified deferred compensation plan, Section 409A does apply to certain severance arrangements and equity awards. Consequently, to assist in avoiding additional tax under Section 409A, Limelight amended its employment agreements with its named executive officers during 2008, including the severance arrangements described in this proxy statement, to conform to the requirements of Section 409A. Further Limelight intends to structure its equity awards in a manner to either avoid the application of Section 409A or, to the extent doing so is not possible, comply with the applicable Section 409A requirements.

Accounting for Stock-Based Compensation. Beginning on January 1, 2006 we began accounting for stock-based awards in accordance with the requirements of FAS 123R.

Director Compensation

The independent members of the Board of Directors are eligible to receive both cash and equity compensation for their service as board members. Mr. Lunsford and Mr. Raciborski do not receive additional compensation for their service as board members. Further, Mr. Gleberman, Mr. Perrone and Mr. Harman have waived receipt of cash compensation for their service on the board. With respect to cash compensation, each independent director (other than Messrs. Gleberman, Perrone and Harman) receives an annual cash retainer of \$25,000 paid quarterly in arrears. Messrs. Amaral, Peterschmidt and Fisher each receive \$5,000 per year for their service on the Audit Committee of the Board, and Mr. Amaral receives an additional \$7,500 per year for his service as Chairman of the Audit Committee. Prior to resigning from the Board of Directors and accepting the position of Chief Financial Officer in October 2008, Mr. Lindroth was an independent director and served as a member of the Audit Committee. With respect to equity compensation, each independent director is eligible to receive options to purchase 52,500 shares of Limelight common stock when they first join the Board of Directors (the initial award options). The exercise price of the initial award options is the fair market value of the underlying common stock on the date of grant, and the initial award options vest in 36 equal monthly installments beginning one month following the date of grant. Following his transition to Chief Financial Officer, Mr. Lindroth retained his initial award options. Each independent director, provided they have served as a director for at least six months, is also eligible to receive an annual award of options to purchase 20,000 shares of Limelight common stock (the annual award options). The annual award options are granted as of the date of Limelight's annual meeting of the stockholders and the exercise price of the annual award options is the fair market value of the underlying common stock on the date of grant. The annual award options vest on the day preceding the day of the next annual meeting of the stockholders, approximately one year following the date of grant. Prior to 2008, Messrs. Gleberman, Perrone and Harman waived receipt of equity awards as compensation for their service on the board. In June 2008, Messrs. Gleberman, Perrone and Harman accepted their annual award options, and with the consent of Limelight, assigned the beneficial interest in those options to their respective employers Goldman Sachs & Co. with respect to Messrs. Gleberman and Perrone, and Oak Investment Partners with respect to Mr. Harman.

The following table sets forth, for each of our equity-based compensation plans, the number of shares of our common stock subject to outstanding options and rights, the weighted-average exercise price of outstanding options, and the number of shares available for future award grants as of December 31, 2008:

As of March 31, 2009, stock options and rights for 8,990,396 shares of common stock were outstanding and 11,487,128 shares were available for future grant under the 2007 Equity Incentive Plan. We do not intend to grant any additional awards under our Amended and Restated 2003 Incentive Compensation Plan.

401(k) Plan

We have established a tax-qualified employee savings and retirement plan for all employees who satisfy certain eligibility requirements, including requirements relating to age and length of service. Under our 401(k) plan, employees could elect to reduce their current compensation by up to 15% or the statutory limit, \$15,500 in 2008, whichever was less, and have us contribute the amount of this reduction to the 401(k) plan. In addition, beginning January 1, 2007, we began matching employee deferrals as follows: a dollar-for-dollar (100%) match on an eligible employee's deferral that does not exceed three percent (3%) of compensation for the year and a fifty percent (50%) match on the next two percent (2%) of the employee's deferrals. We intend for the 401(k) plan to qualify under Section 401 of the Internal Revenue Code so that contributions by employees or by us to the 401(k) plan, and income earned on plan contributions, are not taxable to employees until withdrawn from the 401(k) plan.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act requires our executive officers, directors and 10% stockholders to file reports of ownership and changes in ownership with the SEC. The same persons are required to furnish us with copies of all Section 16(a) forms they file. Based solely on our review of such forms and written representations that no other reports were required during the fiscal year ended December 31, 2008, we believe that all our executive officers, directors and 10% stockholders complied with the applicable filing requirements, with the exceptions of late Forms 4 filed on July 17, 2008 by GS Capital Partners entities, Walter Amaral, Joseph Gleberman, Frederic Harman, Peter Perrone, and David Peterschmidt and on March 27, 2009 by David Hatfield and Philip Maynard. In making these statements, we have relied upon examination of the copies of Forms 3, 4, and 5, and amendments thereto, provided to Limelight and the written representations of its directors, executive officers and 10% stockholders.

Limitation on Liability and Indemnification Matters

Our amended and restated certificate of incorporation contains provisions that limit the liability of our directors for monetary damages to the fullest extent permitted by Delaware law. Consequently, our directors will not be personally liable to us or our stockholders for monetary damages for any breach of fiduciary duties as directors, except liability for:

any breach of the director's duty of loyalty to us or our stockholders;

any act or omission not in good faith or that involves intentional misconduct or a knowing violation of law;

unlawful payments of dividends or unlawful stock repurchases or redemptions as provided in Section 174 of the Delaware General Corporation Law; or

any transaction from which the director derived an improper personal benefit.

Our amended and restated certificate of incorporation and amended and restated bylaws provide that we are required to indemnify our directors and officers, in each case to the fullest extent permitted by Delaware law. Our amended and restated bylaws also provide that we are obligated to advance expenses incurred by a director or officer in advance of the final disposition of any action or proceeding, and permit us to secure insurance on behalf of any officer, director, employee or other agent for any liability arising out of his or her actions in that capacity regardless of whether we would otherwise be permitted to indemnify him or her under the provisions of Delaware law. We have entered and expect to continue to enter into agreements to indemnify our directors, executive officers and other employees as determined by our Board of Directors. With specified exceptions, these agreements provide for indemnification for related expenses including, among other things, attorneys' fees, judgments, fines and settlement amounts incurred by any of these individuals in any action or proceeding. We believe that these bylaw provisions and indemnification agreements are necessary to attract and retain qualified persons as directors and officers. We also maintain directors' and officers' liability insurance.

The limitation of liability and indemnification provisions in our amended and restated certificate of incorporation and amended and restated bylaws may discourage stockholders from bringing a lawsuit against our directors and officers for breach of their fiduciary duty. They may also reduce the likelihood of derivative litigation against our directors and officers, even though an action, if successful, might benefit us and other stockholders. Further, a stockholder's investment may be adversely affected to the extent that we pay the costs of settlement and damage awards against directors and officers as required by these indemnification provisions. At present, there is no pending litigation or proceeding involving any of our directors, officers or employees for which indemnification is sought, and we are not aware of any threatened litigation that may result in claims for indemnification.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

In addition to the director and executive compensation arrangements discussed above the following is a description of transactions since January 1, 2008, to which we have been a party in which the amount involved exceeded or will exceed \$120,000 and in which any of our directors, executive officers, beneficial holders of more than 5% of our capital stock, or entities affiliated with them, had or will have a direct or indirect material interest.

Investors Rights Agreement

In July 2006, we entered into an amended and restated investors rights agreement with the purchasers of our preferred stock, including GS Capital Partners entities and Oak Investment Partners XII, L.P., that provides for certain rights relating to the registration of their shares of common stock issued upon conversion of their preferred stock into common stock at the time of the IPO. Under these registration rights, holders of the then outstanding registrable securities may require on two occasions that we register their shares for public resale. Such registration requires the election of the holders of registrable securities holding at least 25% of such registrable securities. We are obligated to register these shares only if the requesting holders request the registration of the number of registrable securities with an anticipated offering price of at least \$10 million. In addition, holders of registrable securities holding at least 5% of such registrable securities may require that we register their shares for public resale on Form S-3 or similar short-form registration, if we are eligible to use Form S-3 or similar short-form registration, and the value of the securities to be registered is at least \$5 million. If we elect to register any of our shares of common stock for any public offering, the holders of registrable securities are entitled to include shares of common stock in the registration. However, we may reduce the number of shares proposed to be registered in view of market conditions, provided that we may not reduce the number of registrable securities included in any such registration below 20% of the total number of shares included in such offering. We will pay all expenses in connection with any registration described herein, other than underwriting discounts and commissions. These rights will terminate five years after the closing of our IPO and prior to then, any holder shall cease to have registration rights once that holder may sell all of its registrable securities under Rule 144 during any three-month period.

Stockholder Tender Agreement and Escrow

In May 2006, we entered into a purchase agreement for the sale of our Series B preferred stock. This transaction closed in July 2006. The purchase agreement also provided for an aggregate of \$10.1 million of the funds used to repurchase shares to be held in an escrow account to serve as security for the indemnification obligations of the tendering stockholders under the purchase agreement. We entered into a related escrow agreement in July 2006, which provides for the establishment of an escrow fund.

In May 2007, we agreed to a clarification of this escrow arrangement in order to reflect the parties original intent. As a result, \$3.7 million of the escrow account was distributed upon the closing of our IPO, with the balance remaining available thereafter for future claims until either the funds were exhausted or we confirmed that we did not expect to submit additional claims. During 2007 the escrow account was drawn down as we incurred Akamai-related litigation expenses. In May 2008, the remaining funds were drawn down from the escrow account and the escrow account was closed.

Stock Option Grants

Certain stock option and restricted stock unit grants made in 2008 to our directors and executive officers and related equity award policies are described elsewhere in this proxy statement.

Indemnification of Officers and Directors

Our amended and restated certificate of incorporation and bylaws provide that we will indemnify each of our directors and officers to the fullest extent permitted by the Delaware General Corporation Law. Further, we have entered into indemnification agreements with each of our directors and officers.

Policies and Procedures for Related Party Transactions

As provided by our Audit Committee charter, our Audit Committee must review and approve in advance any related party transaction. All of our directors, officers and employees are required to report to our Audit Committee any such related party transaction prior to its completion. Prior to the creation of our Audit Committee, our full Board of Directors reviewed related party transactions. Each of the related party transactions described above that were submitted to our Board of Directors were approved by disinterested members of our Board of Directors after disclosure of the interest of the related party in the transaction.

OTHER MATTERS

We know of no other matters to be submitted to the Annual Meeting. If any other matters properly come before the Annual Meeting, it is the intention of the persons named in the accompanying form of proxy to vote the shares they represent as the Board of Directors may recommend.
