KCS Announces Public Offering of Common Stock

Kansas City, Missouri April 27, 2010 Kansas City Southern (KCS or the Company) (NYSE: KSU) today announced that it intends to offer, subject to market and other conditions, 5,000,000 shares of common stock in a registered underwritten public offering. The Company intends to grant the underwriters an option for 30 days to purchase up to 750,000 additional shares of common stock to cover overallotments, if any.

The Company intends to use the net proceeds from the sale of the common stock, together with approximately \$106.6 million of other available cash, to redeem (i) \$66.5 million principal amount of its 13.0% Senior Notes due 2013 for a total redemption price of \$75.1 million, (ii) \$70.0 million principal amount of the 12.5% Senior Notes due 2016 issued by its subsidiary Kansas City Southern de Mexico, S.A. de C.V. (KCSM) for a total redemption price of \$78.8 million and (iii) \$136.3 million principal amount of the 9.375% Senior Notes due 2012 issued by KCSM for a total redemption price of \$139.5 million, as well as pay the expenses associated with such redemptions. The Company intends to use the net proceeds from any exercise of the overallotment option to redeem additional principal amounts of the 9.375% Senior Notes due 2012 issued by KCSM.

The use of the proceeds from the equity offering is to retire debt, which is consistent with KCS' stated goal of improving its capital structure, stated Chairman and Chief Executive Officer Michael R. Haverty. The transaction is expected to be accretive, which was an important criterion in our decision to pursue this course of action.

By reducing its debt principal amount by approximately \$272.8 million (\$300.2 million if the overallotment option is exercised in full), KCS will reduce annual interest payments by \$34.3 million (\$36.7 million if the overallotment option is exercised in full) and improve its leverage ratio. The transaction is expected to be accretive, exclusive of redemption costs and related adjustments.

BofA Merrill Lynch and J.P. Morgan are acting as the joint book-runners for the common stock offering.

The Company has filed a registration statement including a prospectus and a prospectus supplement with the Securities and Exchange Commission (the SEC) for the offering to which this communication relates.
