Note 4: OTHER DEVELOPMENTS

Disposition of Assets

On October 15, 2010, the Company transferred its interest in its Branded Cities operations to its joint venture partner, The Ellman Companies. The long-lived tangible and intangible assets of the Branded Cities operations were transferred for less than their carrying values in connection with this transaction. In connection with this subsequent event, the Company recorded a non-cash charge in the third quarter of 2010 of approximately \$23.6 million in Other operating income (expense) net to present these assets at their estimated fair values as of September 30, 2010.

During the three months ended September 30, 2010, the Company's International segment sold its outdoor advertising business in India, resulting in a loss of \$3.7 million included in Other operating income (expense) net.

Share-based Compensation Expense

Share-based compensation expense is measured at the grant date based on the fair value of the award and is recognized as expense on a straight-line basis over the vesting period. The following table presents the amount of share-based compensation expense recorded during the three and nine months ended September 30, 2010 and 2009, respectively:

Edgar Filing: Clear Channel Outdoor Holdings, Inc. - Form 10-Q

 Total share-based compensation expense	 \$ 2,957	 \$ 2,494	 \$ 8,779	 \$ 8,388

As of September 30, 2010, there was \$18.4 million of unrecognized compensation cost, net of estimated forfeitures, related to unvested share-based compensation arrangements. This cost is expected to be recognized over a weighted average period of approximately two years.

Table of Contents**CLEAR CHANNEL OUTDOOR HOLDINGS, INC. AND SUBSIDIARIES****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)****(UNAUDITED)****Supplemental Disclosures**

Cash paid (received) for interest and income taxes for the nine months ended September 30, 2010 and 2009, net of Federal income tax refunds of \$51.0 million for the nine months ended September 30, 2010, was as follows:

<i>(In thousands)</i>	Nine Months Ended	
	September 30, 2010	2009
Interest	\$ 175,919	\$ 114,089
Income taxes	\$ (29,656)	\$ 18,649
<u>Income tax benefit (expense)</u>		

The Company's income tax benefit (expense) for the three and nine months ended September 30, 2010 and 2009, respectively, consisted of the following components:

<i>(In thousands)</i>	Three Months Ended		Nine Months Ended	
	September 30, 2010	2009	September 30, 2010	2009
Current tax expense	\$ (1,418)	\$ (13,025)	\$ (19,106)	\$ (26,175)
Deferred tax benefit (expense)	(17,411)	2,026	11,722	127,877
<u>Income tax benefit (expense)</u>	\$ (18,829)	\$ (10,999)	\$ (7,384)	\$ 101,702

The effective tax rate is the provision for income taxes as a percent of income from continuing operations before income taxes. The Company's effective tax rate for the three and nine months ended September 30, 2010 was (144.3%) and (9.7%), respectively, compared to an effective rate of (47.7%) and 11.1% for the three and nine months ended September 30, 2009, respectively. The 2010 effective rate was impacted primarily as a result of the Company's inability to benefit from tax losses in certain foreign jurisdictions due to the uncertainty of the ability to utilize those losses in future years. In addition, during the three months ended September 30, 2010, the Company recorded a valuation allowance of \$13.4 million against deferred tax assets in foreign jurisdictions due to the uncertainty of the ability to realize those assets in future periods. The change in the effective rate compared to the same period of the prior year was impacted primarily by the impairment charge on goodwill recorded in 2009 and as a result of a deferred tax valuation allowance recorded in 2009 due to the uncertainty of the Company's ability to utilize Federal and foreign tax losses at that time.

Note 5: FAIR VALUE MEASUREMENTS

The Company holds marketable equity securities classified in accordance with the provisions of ASC 320-10. These marketable equity securities are measured at fair value on each reporting date using quoted prices in active markets. Due to the fact that the inputs used to measure the marketable equity securities at fair value are observable, the Company has categorized the fair value measurements of the securities as Level 1. The Company records its investments in these marketable equity securities on the balance sheet as Other Assets.

Edgar Filing: Clear Channel Outdoor Holdings, Inc. - Form 10-Q

The cost, unrealized holding gains or losses, and fair value of the Company's marketable equity securities at September 30, 2010 and December 31, 2009, respectively, are as follows:

Note 6: COMMITMENTS AND CONTINGENCIES

The Company and its subsidiaries are currently involved in certain legal proceedings arising in the ordinary course of business and, as required, the Company has accrued its estimate of the probable costs for resolution of those claims for which the occurrence of loss is probable and the amount can be reasonably estimated. These estimates have been developed in consultation with counsel and are based upon an analysis of potential results, assuming a combination of litigation and settlement strategies. It is possible, however, that future results of operations for any particular period could be materially affected by changes in the Company's assumptions or the effectiveness of its strategies related to these proceedings.

In 2006, two of the Company's operating businesses (L&C Outdoor Ltda. and Publicidad Klimes Sao Paulo Ltda.) in the Sao Paulo, Brazil market received notices of infraction from the state taxing authority, seeking to impose a value added tax (VAT) on such businesses, retroactively for the period from December 31, 2001 through January 31, 2006. The taxing authority contends that our businesses fall within the definition of communication services and as such are subject to the VAT. The aggregate amount of tax initially claimed to be owed by both businesses equals approximately \$69.4 million, comprised of approximately \$20.2 million in taxes, approximately \$40.2 million in penalty and approximately \$9.0 million in interest. In addition, the taxing authorities are seeking to impose an additional aggregate amount of interest on the tax and penalty amounts of approximately \$39.3 million until the initial tax, penalty and interest are paid. The aggregate amount of additional interest accrues daily at an interest rate promulgated by the Brazilian government, which at September 30, 2010 is equal to approximately \$1.85 million per month.

The Company has filed petitions to challenge the imposition of this tax against each of its businesses, which are proceeding separately. The Company's challenge for L&C Outdoor Ltda. was unsuccessful at the first administrative level, but successful at the second administrative level. The state taxing authority filed an appeal to the next administrative level, which required consideration by a full panel of 16 administrative law judges. On September 27, 2010, the Company received an unfavorable ruling from this final administrative level and intends to appeal this ruling to the judicial level. The Company has filed a petition to have the case remanded to the second administrative level for consideration of the amount of the penalty assessed against it. The Company's challenge for Publicidad Klimes Sao Paulo Ltda. was unsuccessful at the first administrative level, and denied at the second administrative level on or about September 24, 2009. The case is now pending before the third administrative level. Based on the Company's review of the law in similar cases in other Brazilian states, the Company has not accrued any costs related to these claims and believes the occurrence of loss is not probable.

As of September 30, 2010, Clear Channel Communications had outstanding commercial standby letters of credit and surety bonds of \$47.9 million and \$43.2 million, respectively, held on behalf of the Company. These letters of credit and surety bonds relate to various operational matters, including insurance, bid and performance bonds, as well as other items.

Item 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Format of Presentation

Management's discussion and analysis of our results of operations and financial condition should be read in conjunction with the consolidated financial statements and related footnotes. Our discussion is presented on both a consolidated and segmented basis. Our reportable operating segments are Americas outdoor advertising (Americas) and International outdoor advertising (International).

We manage our operating segments primarily focusing on their operating income, while Corporate expenses, Other operating income (expense) net, Interest expense, Equity in earnings (loss) of nonconsolidated affiliates, Other income (expense) net and Income tax benefit (expense) are managed on a total company basis and are, therefore, included only in our discussion of consolidated results.

Executive Summary

The key highlights of our business for the three and nine months ended September 30, 2010 are summarized below:

Consolidated revenue increased \$34.5 million and \$70.3 million for the three and nine months ended September 30, 2010, respectively, compared to the same periods of 2009, primarily as a result of improved economic conditions throughout the first nine months of 2010.

Americas revenue increased \$20.7 million and \$29.7 million for the three and nine months ended September 30, 2010, respectively, compared to the same periods of 2009, driven by increases in revenue across our advertising inventory, particularly digital.

International revenue increased \$13.7 million for the three months ended September 30, 2010, compared to the same period of 2009, primarily as a result of revenue growth from all of our advertising inventory categories, particularly street furniture, and across most countries, partially offset by a decrease from movements in foreign exchange of \$12.5 million. Revenue increased \$40.6 million for the nine months ended September 30, 2010 compared to the same period of 2009, primarily as a result of revenue growth from street furniture across most countries and included a \$3.4 million increase from movements in foreign exchange.

We received Federal income tax refunds of \$51.0 million during the third quarter of 2010.

On October 15, 2010, we transferred our interest in our Branded Cities operations to our joint venture partner, The Ellman Companies. The long-lived tangible and intangible assets of the Branded Cities operations were transferred for less than their carrying values in connection with this transaction and, as a result, we recorded a non-cash charge in the third quarter of 2010 of approximately \$23.6 million in Other operating income (expense) net to present these assets at their estimated fair values as of September 30, 2010.

Certain Indenture EBITDA Adjustments

The indenture governing the Series B Senior Notes issued by our subsidiary, Clear Channel Worldwide Holdings, Inc., allows us to adjust the calculation of our adjusted EBITDA (as calculated in accordance with the indenture) for certain charges. These charges include restructuring costs of \$2.5 million and \$18.3 million for the three and nine months ended September 30, 2010. In addition, certain other charges, including costs related to the closure and/or consolidation of facilities, retention charges, systems establishment costs and consulting fees incurred in connection with any of the foregoing, among other items, are also adjustments to the calculation of our adjusted EBITDA. For the three and nine months ended September 30, 2010, our adjusted EBITDA calculation included adjustments for an additional \$2.1 million and \$4.1 million,

Edgar Filing: Clear Channel Outdoor Holdings, Inc. - Form 10-Q

respectively. See SOURCES OF CAPITAL below for a description of the calculation of our adjusted EBITDA pursuant to the indenture.

Consolidated Revenue

Our consolidated revenue increased \$34.5 million during the third quarter of 2010 as compared to the third quarter of 2009. Americas revenue increased \$20.7 million, driven by revenue increases across our advertising inventory, particularly digital. Our International revenue increased \$13.7 million, primarily due to revenue growth from all of our advertising inventory categories, particularly street furniture, and across most countries, partially offset by decreases of \$12.5 million from movements in foreign exchange.

Our consolidated revenue increased \$70.3 million during the first nine months of 2010 as compared to the same period of 2009. Americas revenue increased \$29.7 million, driven by revenue increases across our advertising inventory, particularly digital. Our International revenue increased \$40.6 million, primarily due to revenue growth from street furniture across most countries, and included a \$3.4 million increase from movements in foreign exchange.

Consolidated Direct Operating Expenses

Our direct operating expenses decreased \$18.1 million during the third quarter of 2010 as compared to the third quarter of 2009. Americas direct operating expenses decreased \$3.3 million, primarily as a result of the disposition of our taxi advertising business, partially offset by an increase

Edgar Filing: Clear Channel Outdoor Holdings, Inc. - Form 10-Q

in site lease expenses associated with the increase in revenue. Direct operating expenses in our International segment decreased \$14.8 million, primarily as a result of a \$9.4 million decrease from movements in foreign exchange in addition to decreased site lease expenses associated with cost savings from our restructuring program.

Table of Contents

Our direct operating expenses decreased \$25.3 million during the first nine months of 2010 as compared to the same period of 2009. Americas direct operating expenses decreased \$13.3 million, primarily as a result of the disposition of our taxi advertising business, partially offset by an increase in site lease expenses associated with the increase in revenue. Direct operating expenses in our International segment decreased \$12.0 million, primarily as a result of decreased site lease expenses associated with cost savings from our restructuring program, partially offset by a \$1.2 million increase from movements in foreign exchange.

Selling, General and Administrative (SG&A) Expenses

Our SG&A expenses increased \$6.4 million during the third quarter of 2010 as compared to the same period of 2009. SG&A expenses increased \$4.1 million in our Americas segment, primarily as a result of increased bonus and commission expenses associated with the increase in revenue. SG&A expenses increased \$2.3 million in International, primarily from increased selling costs associated with the increase in revenue, partially offset by a \$2.5 million decrease from movements in foreign exchange.

Our SG&A expenses increased \$9.3 million during the first nine months of 2010 as compared to the same period of 2009. SG&A expenses increased \$12.5 million in our Americas segment, primarily as a result of the unfavorable impact of litigation in addition to an increase in selling and marketing costs associated with the increase in revenue. Our International SG&A expenses decreased \$3.1 million, primarily as a result of cost savings from our restructuring program as well as a decrease in business tax related to a change in French tax law.

Corporate Expenses

Corporate expenses increased \$10.7 million and \$25.3 million during the three and nine months ended September 30, 2010, respectively, as compared to the same periods of 2009, primarily due to increases in bonus expense from improved operating performance compared to the prior year and increases related to headcount from centralization efforts and the expansion of corporate capabilities.

Depreciation and Amortization

Depreciation and amortization decreased \$7.2 million and \$16.9 million during the third quarter and first nine months of 2010, respectively, compared to the same periods of 2009, primarily as a result of decreased amortization in our International segment in 2010 related to assets that became fully amortized during 2009.

Other Operating Income (Expense) - Net

Other operating expenses were \$27.7 million and \$24.9 million for the three and nine months ended September 30, 2010, respectively, primarily due to a \$23.6 million non-cash charge recorded as of September 30, 2010 as a result of the transfer of our interest in our Branded Cities business, and a \$3.7 million loss on the sale of our outdoor advertising business in India.

Other operating income for the nine months ended September 30, 2009 was \$10.1 million and primarily related to a gain of \$4.4 million on the sale of International assets and a gain of \$3.7 million on the sale of Americas assets.

Interest Expense

Interest expense increased \$22.4 million and \$64.0 million during the three and nine months ended September 30, 2010, respectively, as compared to the same periods of 2009. The increase was primarily attributable to the issuance by our subsidiary, Clear Channel Worldwide Holdings, Inc., of \$2.5 billion aggregate principal amount of senior notes in December 2009, which bear interest at a fixed rate of 9.25% per annum. The senior notes were issued at a higher interest rate than the \$2.5 billion note to Clear Channel Communications, which was prepaid and retired in December 2009.

Loss on Marketable Securities

The loss on marketable securities of \$11.3 million during the three and nine months ended September 30, 2009 relates to an impairment of certain available-for-sale securities.

Income Tax Benefit (Expense)

Edgar Filing: Clear Channel Outdoor Holdings, Inc. - Form 10-Q

Our operations are included in a consolidated income tax return filed by CC Media Holdings, Inc. (CC Media Holdings). However, for our financial statements, our provision for income taxes was computed on the basis that we file separate consolidated Federal income tax returns with our subsidiaries.

Table of Contents

Income tax expense of \$18.8 million and \$7.4 million was recorded for the three months and nine months ended September 30, 2010, respectively, resulting in effective tax rates of (144.3%) and (9.7%) for those periods, respectively. The 2010 effective rates were impacted primarily as a result of our inability to benefit from tax losses in certain foreign jurisdictions due to the uncertainty of the ability to utilize those losses in future years. In addition, during the three months ended September 30, 2010, we recorded a valuation allowance of \$13.4 million against deferred tax assets in foreign jurisdictions due to the uncertainty of the ability to realize those assets in future periods.

Income tax expense of \$11.0 million and income tax benefits of \$101.7 million were recorded for the three months and nine months ended September 30, 2009, respectively, resulting in effective tax rates of (47.7%) and 11.1% for those periods, respectively. The 2009 effective tax rates were primarily impacted by the impairment charge on goodwill. In addition, we recorded deferred tax valuation allowances due the uncertainty of our ability to utilize Federal and foreign tax losses at that time.

Three Months

Americas revenue increased \$20.7 million during the third quarter of 2010 compared to the same period of 2009 as a result of increased revenue across our advertising inventory, particularly digital. The increase was driven by increases in both occupancy and rate. Partially offsetting the revenue increase was the decrease in revenue related to the sale of Taxis.

Direct operating expenses decreased \$3.3 million during the third quarter of 2010 compared to the same period of 2009, due to the disposition of Taxis. Offsetting the decrease was a \$5.6 million increase in site-lease expenses associated with the increase in revenue. SG&A expenses increased \$4.1 million during the third quarter of 2010 compared to the same period of 2009 primarily as a result of increased bonus and commission expenses associated with the increase in revenue, partially offset by the disposition of Taxis.

Nine Months

Americas revenue increased \$29.7 million during the first nine months of 2010 compared to the same period of 2009 as a result of increased revenue across our advertising inventory, particularly digital. The increase was driven by increases in both occupancy and rate. Partially offsetting the revenue increase was the decrease in revenue related to the sale of Taxis.

Edgar Filing: Clear Channel Outdoor Holdings, Inc. - Form 10-Q

Direct operating expenses decreased \$13.3 million during the first nine months of 2010 compared to the same period of 2009. The decline in direct operating expenses was due to the disposition of Taxis, partially offset by a \$16.9 million increase in site-lease expenses associated with the increase in revenue. SG&A expenses increased \$12.5 million during the first nine months of 2010 compared to the same period of 2009 as a result of a \$5.3 million increase primarily related to the unfavorable impact of litigation, a \$4.4 million increase in consulting costs and a \$6.0 million increase primarily due to bonus and commission expenses associated with the increase in revenue, partially offset by the disposition of Taxis.

Three Months

International revenue increased \$13.7 million during the third quarter of 2010 compared to the same period of 2009. Revenue growth from all of our advertising inventory categories, particularly street furniture, and across most countries was partially offset by the exit from the business in Greece. Foreign exchange movements negatively impacted revenues by \$12.5 million.

Direct operating expenses decreased \$14.8 million during the third quarter of 2010 compared to the same period of 2009, primarily from a \$9.4 million decrease from movements in foreign exchange and a \$4.7 million decline in site-lease expenses as a result of cost savings from our restructuring program and the exit from the business in Greece. SG&A expenses increased \$2.3 million during the third quarter of 2010 compared to the same period of 2009 primarily from increased selling costs associated with the increase in revenue, partially offset by a \$2.5 million decrease from movements in foreign exchange.

Depreciation and amortization decreased \$6.3 million during the third quarter of 2010 compared to the same period of 2009 primarily as a result of assets that became fully amortized during 2009.

Nine Months

International revenue increased \$40.6 million during the first nine months of 2010 compared to the same period of 2009, primarily as a result of revenue growth from street furniture across most countries and included a \$3.4 million increase from movements in foreign exchange. Partially offsetting the increase was the exit from businesses in Greece and India.

Direct operating expenses decreased \$12.0 million during the first nine months of 2010 compared to the same period of 2009, primarily as a result of a \$16.6 million decline in site-lease expenses associated with cost savings from our restructuring program and the exit from the business in Greece, partially offset by a \$1.2 million increase from movements in foreign exchange. SG&A expenses decreased \$3.1 million during the first nine months of 2010 compared to the same period of 2009, primarily as a result of a \$4.5 million decrease in business tax related to a change in French tax law, partially offset by higher compensation expense associated with the increase in revenue.

Depreciation and amortization decreased \$16.6 million during the first nine months of 2010 compared to the same period of 2009 primarily as a result of assets that became fully amortized during 2009.

LIQUIDITY AND CAPITAL RESOURCES**Clear Channel Communications Merger**

Clear Channel Communications' capitalization, liquidity and capital resources substantially changed due to the consummation of its merger on July 30, 2008 with entities formed by private equity funds sponsored by Bain Capital Partners, LLC and Thomas H. Lee Partners, L.P. Upon the closing of the merger, Clear Channel Communications incurred additional debt and became highly leveraged.

Also, so long as Clear Channel Communications maintains a significant interest in us, pursuant to the Master Agreement between Clear Channel Communications and us, Clear Channel Communications will have the option to limit our ability to incur debt or issue equity securities, among other limitations, which could adversely affect our ability to meet our liquidity needs.

The following discussion highlights our cash flow activities during the nine months ended September 30, 2010 and 2009 respectively.

Operating Activities		

The increase in cash flow from operations for the nine months ended September 30, 2010 compared to the same period of the prior year was primarily driven by improved profitability, including a 4% increase in revenues and a 1% decrease in direct operating and SG&A expenses. Our cash paid for interest increased \$61.8 million primarily due to the December 2009 issuance of \$2.5 billion aggregate principal amount of senior notes at a higher rate than the \$2.5 billion note to Clear Channel Communications, which was prepaid and retired in December 2009. Partially offsetting the increased interest was the receipt of \$51.0 million of Federal income tax refunds during the third quarter of 2010.

Table of Contents

Investing Activities

Net cash used for investing activities of \$135.2 million for the nine months ended September 30, 2010 primarily reflects capital expenditures of \$139.3 million, partially offset by proceeds of \$6.5 million from the sale of International and Americas assets. We spent \$70.6 million in our Americas segment primarily related to the construction of new billboards and \$68.7 million in our International segment primarily related to new billboard and street furniture contracts and renewals of existing contracts.

Net cash used for investing activities of \$93.1 million for the nine months ended September 30, 2009 primarily reflects capital expenditures of \$55.9 million in our International segment primarily related to new billboard and street furniture contracts and renewals of existing contracts. We also received proceeds of \$5.5 million from the sale of International assets and \$5.2 million from the sale of Americas assets.

Financing Activities

Net cash used for financing activities of \$179.0 million for the nine months ended September 30, 2010 primarily reflects payments on credit facilities and long-term debt of \$42.3 million and \$12.4 million, respectively, and net transfers to Clear Channel Communications of \$130.9 million.

Net cash used for financing activities of \$111.0 million for the nine months ended September 30, 2009 include net transfers of cash to Clear Channel Communications of \$86.3 million. The net transfers of cash to Clear Channel Communications represent the activity in the Due from/to Clear Channel Communications account. This activity primarily relates to working capital and settlement of interest on the cash management notes and the \$2.5 billion note payable to Clear Channel Communications. In addition, we purchased the remaining 15% interest in our fully consolidated subsidiary, Paneles Napsa S.A., for \$13.0 million.

Anticipated Cash Requirements

Our primary source of liquidity is cash flow from operations. Based on our current and anticipated levels of operations and conditions in our markets, we believe that cash on hand, cash flows from operations and borrowings under the revolving promissory note with Clear Channel Communications will enable us to meet our working capital, capital expenditure, debt service and other funding requirements for at least the next 12 months.

We expect to be in compliance with the covenants governing our indebtedness in 2010. However, our anticipated results are subject to significant uncertainty and there can be no assurance that we will be able to maintain compliance with these covenants. In addition, our ability to comply with these covenants may be affected by events beyond our control, including prevailing economic, financial and industry conditions.

Furthermore, in its Quarterly Report on Form 10-Q filed with the SEC on November 8, 2010, CC Media Holdings, our indirect parent, stated that it expects to be in compliance with the covenants under Clear Channel Communications material financing agreements in 2010, including the financial covenant contained in its senior credit facilities that limits the ratio of its consolidated senior secured debt, net of cash and cash equivalents, to its consolidated adjusted EBITDA for the preceding four quarters. CC Media Holdings similarly stated in its Quarterly Report that its anticipated results are also subject to significant uncertainty and there can be no assurance that actual results will be in compliance with the covenants. Moreover, CC Media Holdings stated in its Quarterly Report that its ability to comply with the covenants in Clear Channel Communications material financing agreements may be affected by events beyond CC Media Holdings control, including prevailing economic, financial and industry conditions. As discussed therein, the breach of any covenants set forth in Clear Channel Communications financing agreements would result in a default thereunder, and an event of default would permit the lenders under a defaulted financing agreement to declare all indebtedness thereunder to be due and payable prior to maturity. Moreover, as discussed therein, the lenders under the revolving credit facility under Clear Channel Communications senior secured credit facilities would have the option to terminate their commitments to make further extensions of revolving credit thereunder. In addition, CC Media Holdings stated in its Quarterly Report that if CC Media Holdings is unable to repay Clear Channel Communications obligations under any secured credit facility, the lenders under such secured credit facility could proceed against any assets that were pledged to secure such facility. Finally, CC Media Holdings stated in its Quarterly Report that a default or acceleration under any of Clear Channel Communications material financing agreements, including the Notes, could cause a default under other obligations that are subject to cross-default and cross-acceleration provisions.

For so long as Clear Channel Communications maintains significant control over us, a deterioration in the financial condition of Clear Channel Communications could have the effect of increasing our borrowing costs or impairing our access to capital markets. As of September 30, 2010, Clear Channel Communications had \$1.7 billion recorded as Cash and cash equivalents on its condensed consolidated balance sheets.

Edgar Filing: Clear Channel Outdoor Holdings, Inc. - Form 10-Q

We frequently evaluate strategic opportunities both within and outside our existing lines of business. We expect from time to time to pursue additional acquisitions and may decide to dispose of certain businesses. These acquisitions or dispositions could be material.

Table of Contents

Our ability to fund our working capital needs, debt service and other obligations depends on our future operating performance and cash flow. If our future operating performance does not meet our expectations or our plans materially change in an adverse manner or prove to be materially inaccurate, we may need additional financing. We may not be able to secure any such additional financing on terms favorable to us or at all.

SOURCES OF CAPITAL

As of September 30, 2010 and December 31, 2009, we had the following debt outstanding, net of cash and cash equivalents and amounts due from Clear Channel Communications:

<i>(In thousands)</i>	September 30, 2010	December 31, 2009
CCWH Senior Notes	\$ 2,500,000	\$ 2,500,000
Credit facility (\$150.0 million sub-limit within Clear Channel Communications \$2.0 billion revolving credit facility)		30,000
Other debt	67,336	78,878

Less: Due from Clear Channel Communications	254,178	123,308
	\$ 1,648,448	\$ 1,876,134

We may from time to time repay our outstanding debt or seek to purchase our outstanding equity securities. Such transactions, if any, will depend on prevailing market conditions, our liquidity requirements, contractual restrictions and other factors.

Promissory Notes with Clear Channel Communications

We maintain accounts that represent net amounts due to or from Clear Channel Communications, which is recorded as *Due from/to Clear Channel Communications* on our condensed consolidated balance sheets. The accounts represent our revolving promissory note issued by us to Clear Channel Communications and the revolving promissory note issued by Clear Channel Communications to us in the face amount of \$1.0 billion, or if more or less than such amount, the aggregate unpaid principal amount of all advances. Included in the accounts are the net activities resulting from day-to-day cash management services provided by Clear Channel Communications. At September 30, 2010 and December 31, 2009, the asset recorded in *Due from Clear Channel Communications* on our condensed consolidated balance sheet was \$254.2 million and \$123.3 million, respectively. At September 30, 2010, we had no borrowings under the cash management note to Clear Channel Communications.

The net interest income for the three and nine months ended September 30, 2010 was \$4.8 million and \$12.0 million, respectively. The net interest income for the three and nine months ended September 30, 2009 was \$0.1 million and \$0.4 million, respectively. At September 30, 2010 and 2009, the interest rate on the *Due from Clear Channel Communications* account was 9.25% and 0.056%, respectively, the first of which represented the interest rate on the CCWH Senior Notes and the second of which represented the average one-month generic treasury bill rate.

Unlike the management of cash from our U.S. based operations, the amount of cash, if any, which is transferred from our foreign operations to Clear Channel Communications is determined on a basis mutually agreeable to us and Clear Channel Communications, and not on a pre-determined basis. In arriving at such mutual agreement, the reasonably foreseeable cash needs of our foreign operations are evaluated before a cash amount is considered as an excess or surplus amount for transfer to Clear Channel Communications.

Our working capital requirements and capital for general corporate purposes, including acquisitions and capital expenditures, may be provided to us by Clear Channel Communications, in its sole discretion, pursuant to a revolving promissory note issued by us to Clear Channel Communications. Without the opportunity to obtain financing from Clear Channel Communications, we may need to obtain additional financing from banks or other lenders, or through public offerings or private placements of debt or equity, strategic relationships or other arrangements at some future date. As stated above, we may be unable to successfully obtain additional debt or equity financing on satisfactory terms or at all.

Table of Contents

As long as Clear Channel Communications maintains a significant interest in us, pursuant to the Master Agreement between Clear Channel Communications and us, Clear Channel Communications will have the option to limit our ability to incur debt or issue equity securities, among other limitations, which could adversely affect our ability to meet our liquidity needs. Under the Master Agreement with Clear Channel Communications, we are limited in our borrowing from third parties to no more than \$400.0 million (including borrowings under the \$150.0 million sub-limit of Clear Channel Communications' \$2.0 billion revolving credit facility).

Clear Channel Worldwide Holdings Senior Notes

The Series B Notes indenture restricts, among other things, our ability to incur additional indebtedness and to pay dividends and make other restricted payments. In order to incur additional indebtedness, our consolidated leverage ratio (as defined by the indenture) must generally be no greater than 6.5:1 and, in order to incur additional senior indebtedness, our senior leverage ratio (as defined by the indenture) must be no greater than 3.25:1, in each case after giving pro forma effect to such incurrence. The Company's adjusted EBITDA of \$715.5 million is calculated as the trailing twelve months operating income before depreciation and amortization and other operating income net, plus impairment charges and non-cash compensation, and is further adjusted for certain items, including: (i) an increase for expected cost savings (limited to \$58.8 million in any twelve month period) of \$16.9 million; (ii) an increase of \$40.9 million for non-cash items; (iii) an increase of \$52.0 million related to restructuring charges and other costs/expenses; and (iv) an increase of \$8.5 million for various other items. Our consolidated leverage ratio was 3.6:1 at September 30, 2010, and our senior leverage ratio was also 3.6:1 at September 30, 2010. If these ratios are not met, we have various exceptions that allow us to incur additional indebtedness, such as a \$150 million basket for credit facilities indebtedness and a \$65 million general indebtedness basket. The restrictions on our ability to pay dividends and make other restricted payments are subject to various exceptions, including a \$500 million exception for the payment of dividends and a \$25 million general exception for the making of other restricted payments.

Other Debt

Other debt consists primarily of loans with international banks. At September 30, 2010, approximately \$67.3 million was outstanding as other debt.

Clear Channel Communications' Debt Covenants

Clear Channel Communications' senior credit facilities require Clear Channel Communications to comply on a quarterly basis with a financial covenant limiting the ratio of its consolidated senior secured debt, net of cash and cash equivalents, to its consolidated adjusted EBITDA for the preceding four quarters. The maximum ratio under this financial covenant is currently set at 9.5:1 and becomes more restrictive over time beginning in the second quarter of 2013. In its Quarterly Report on Form 10-Q filed with the SEC on November 8, 2010, CC Media Holdings stated that it was in compliance with this covenant as of September 30, 2010.

Disposition of Assets

On October 15, 2010, we transferred our interest in our Branded Cities operations to our joint venture partner, The Ellman Companies. The long-lived tangible and intangible assets of the Branded Cities operations were transferred for less than their carrying values in connection with this transaction. In connection with this subsequent event, we recorded a non-cash charge in the third quarter of 2010 of approximately \$23.6 million in Other operating income (expense) net to present these assets at their estimated fair values as of September 30, 2010.

During the three months ended September 30, 2010, our International segment sold its outdoor advertising business in India, resulting in a loss of \$3.7 million included in Other operating income (expense) net.

USES OF CAPITAL

Commitments, Contingencies and Guarantees

We are currently involved in certain legal proceedings. Based on current assumptions, we have accrued an estimate of the probable costs for the resolution of those claims for which the occurrence of loss is probable and the amount can be reasonably estimated. Future results of operations could be materially affected by changes in our assumptions or the effectiveness of our strategies related to these proceedings.

Table of Contents

SEASONALITY

Typically, both our Americas and International segments experience their lowest financial performance in the first quarter of the calendar year, with International historically experiencing a loss from operations in that period. Our Americas segment historically experiences consistent performance for the remainder of our calendar year. Our International segment typically experiences its strongest performance in the second and fourth quarters of our calendar year. We expect this trend to continue in the future.

MARKET RISK

Equity Price Risk

The carrying value of our available-for-sale equity securities is affected by changes in their quoted market prices. It is estimated that a 20% change in the market prices of these securities would change their carrying value and comprehensive loss at September 30, 2010 by \$2.1 million.

Foreign Currency Exchange Rate Risk

We have operations in countries throughout the world. The financial results of our foreign operations are measured in their local currencies. As a result, our financial results could be affected by factors such as changes in foreign currency exchange rates or weak economic conditions in the foreign markets in which we operate. We believe we mitigate a small portion of our exposure to foreign currency fluctuations with a natural hedge through borrowings in currencies other than the U.S. dollar. We estimate a 10% increase in the value of the U.S. dollar relative to foreign currencies would have increased our net loss for the three and nine months ended September 30, 2010 by approximately \$1.8 million and \$2.9 million, respectively, and that a 10% decrease in the value of the U.S. dollar relative to foreign currencies would have decreased our net loss by a corresponding amount.

This analysis does not consider the implications that such currency fluctuations could have on the overall economic activity that could exist in such an environment in the U.S. or the foreign countries or on the results of operations of these foreign entities.

Inflation

Inflation is a factor in the economies in which we do business and we continue to seek ways to mitigate its effect. Inflation has affected our performance in terms of higher costs for wages, salaries and equipment. Although the exact impact of inflation is indeterminable, we believe we have offset these higher costs by increasing the effective advertising rates of most of our outdoor display faces.

Part II OTHER INFORMATION

Item 1. Legal Proceedings

On or about July 12, 2006, two of the Company's operating businesses (L&C Outdoor Ltda. and Publicidad Klimes Sao Paulo Ltda.) in the Sao Paulo, Brazil market received notices of infraction from the state taxing authority, seeking to impose a value added tax (VAT) on such businesses, retroactively for the period from December 31, 2001 through January 31, 2006. The taxing authority contends that the Company's businesses fall within the definition of communication services and as such are subject to the VAT. The aggregate amount of tax initially claimed to be owed by both businesses equals approximately \$69.4 million, comprised of approximately \$20.2 million in taxes, approximately \$40.2 million in penalty and approximately \$9.0 million in interest (as of September 30, 2010 at an exchange rate of 0.59). In addition, the taxing authorities are seeking to impose an additional aggregate amount of interest on the tax and penalty amounts until the initial tax, penalty and interest are paid of approximately \$39.3 million (as of September 30, 2010 at an exchange rate of 0.59). The aggregate amount of additional interest accrues daily at an interest rate promulgated by the Brazilian government, which at September 30, 2010 is equal to approximately \$1.85 million per month.

The Company has filed petitions to challenge the imposition of this tax against each of its businesses, which are proceeding separately. The Company's challenge for L&C Outdoor Ltda. was unsuccessful at the first administrative level, but successful at the second administrative level. The state taxing authority filed an appeal to the next administrative level, which required consideration by a full panel of 16 administrative law judges. On September 27, 2010, the Company received an unfavorable ruling from this final administrative level and intends to appeal this ruling to the judicial level. The Company has filed a petition to have the case remanded to the second administrative level for consideration of the amount of the penalty assessed against it. The Company's challenge for Publicidad Klimes Sao Paulo Ltda. was unsuccessful at the first administrative level, and denied at the second administrative level on or about September 24, 2009. The case is now pending before the third administrative level.

We are currently involved in certain legal proceedings arising in the ordinary course of business and, as required, have accrued an estimate of the probable costs for the resolution of these claims. These estimates have been developed in consultation with counsel and are based upon an analysis of potential results, assuming a combination of litigation and settlement strategies. It is possible, however, that future results of operations for any particular period could be materially affected by changes in our assumptions or the effectiveness of our strategies related to these proceedings. Additionally, due to the inherent uncertainty of litigation, there can be no assurance that the resolution of any particular claim or proceeding would not have a material adverse effect on the Company's financial condition or results of operations.
