2011 ANNUAL MEETING OF STOCKHOLDERS**

GENERAL INFORMATION

The enclosed Proxy is solicited on behalf of the Board of Directors of NETGEAR, Inc., a Delaware corporation, for use at the Annual Meeting of Stockholders. The Board of Directors has made these materials available to you on the Internet or in printed proxy materials in connection with the solicitation of proxies for use at its 2011 Annual Meeting of Stockholders, which will take place at 10:00 a.m. Pacific Daylight Time on Tuesday, May 24, 2011 at its executive offices located at 350 East Plumeria Drive, San Jose, California 95134.

This proxy statement contains important information regarding our annual meeting. Specifically, it identifies the proposals on which you are being asked to vote, provides information you may find useful in determining how to vote and describes the voting procedures.

We use several abbreviations in this proxy statement. We may refer to our Company as NETGEAR, we, us or our. The term proxy materials includes this proxy statement and our Annual Report on Form 10-K for the year ended December 31, 2010, as well as the proxy or voter instruction card if you received or requested printed proxy materials.

We are mailing the proxy materials on or about April 13, 2011 to all of our stockholders as of the record date, March 28, 2011. Stockholders who owned NETGEAR common stock at the close of business on March 28, 2011 are entitled to attend and vote at the annual meeting. On the record date, we had approximately 36,514,289 shares of our common stock issued and outstanding and no shares of our preferred stock issued and outstanding. We had 29 stockholders of record as of the record date and our common stock was held by approximately 22,054 beneficial owners.

You may also view this proxy statement, as well as our Annual Report on Form 10-K for the year ended December 31, 2010, online at the following address: <http://materials.proxyvote.com/64111Q>.

Notice Regarding the Availability of Proxy Materials

Pursuant to rules adopted by the Securities and Exchange Commission, we have elected to provide access to the proxy materials over the Internet. Accordingly, we are sending a Notice Regarding the Availability of Proxy Materials (the Notice) to some of our stockholders. All stockholders will have the ability to access the proxy materials on the website referred to in the proxy materials and on the website referred to in the Notice. Instructions on how to access the proxy materials over the Internet or to request a printed copy may be found in the Notice.

Voting Procedures

As a stockholder, you have the right to vote on certain business matters affecting us. The four proposals that will be presented at the annual meeting, and upon which you are being asked to vote, are discussed in the sections entitled Proposal One, Proposal Two, Proposal Three, and Proposal Four. Each share of NETGEAR common stock you own entitles you to one vote. You can vote by:

returning the proxy or voter instruction card in the envelope provided, if you received or requested printed proxy materials;

Table of Contents

following the instructions on the Notice and voting over the Internet, if you received the Notice; or

attending the annual meeting and voting in person at the annual meeting.

Methods of Voting

Voting by Mail. If you received or requested printed proxy materials, then by signing and returning the proxy or voter instruction card according to the enclosed instructions, you are enabling our Chairman and Chief Executive Officer, Patrick C.S. Lo, and our Chief Financial Officer, Christine M. Gorjanc, who are named on the proxy and voter instruction card as proxies and attorneys-in-fact, to vote your shares as proxy holders at the meeting in the manner you indicate. We encourage you to sign and return the proxy or voter instruction card even if you plan to attend the meeting. In this way, your shares will be voted even if you are unable to attend the meeting.

Your shares will be voted in accordance with the instructions you indicate on the proxy or voter instruction card. If you submit the proxy or voter instruction card, but do not indicate your voting instructions, your shares will be voted as follows:

FOR the election of the director nominees identified in Proposal One;

FOR the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2011;

FOR the non-binding advisory proposal regarding executive compensation; and

FOR the vote every year in the non-binding advisory proposal regarding the frequency of the non-binding vote regarding executive compensation.

Voting over the Internet. If you received the Notice (as described above), you can vote by proxy over the Internet by following the instructions provided on the Notice.

Voting in Person at the Meeting. If you plan to attend the annual meeting and vote in person, we will provide you with a ballot at the meeting. If your shares are registered directly in your name, you are considered the stockholder of record and you have the right to vote in person at the meeting. If your shares are held in the name of your broker or other nominee, you are considered the beneficial owner of shares held in your name, but if you wish to vote at the meeting, you will need to bring with you to the annual meeting a legal proxy from your broker or other nominee authorizing you to vote these shares.

To reduce the expenses of delivering duplicate voting materials to our stockholders who may have more than one NETGEAR stock account, we are delivering only one set of the voting materials to certain stockholders who share an address unless otherwise requested. For stockholders receiving printed proxy materials, a separate proxy card is included in the voting materials for each of these stockholders. If you share an address with another stockholder and have received only one set of voting materials, you may request a separate copy of these materials at no cost to you by writing our Company Secretary at NETGEAR, Inc., 350 East Plumeria Drive, San Jose, California 95134, or calling our Company Secretary at (408) 907-8000. For future annual meetings, you may request separate voting materials, or request that we send only one set of voting materials to you if you are receiving multiple copies, by writing our Company Secretary at NETGEAR, Inc., 350 East Plumeria Drive, San Jose, California 95134, or calling our Company Secretary at (408) 907-8000. **You may receive a copy of NETGEAR's Annual Report on Form 10-K for the year ended December 31, 2010, including the Consolidated Financial Statements, schedules and list of exhibits, and any particular exhibit specifically requested by sending a written request to NETGEAR, Inc., 350 East Plumeria Drive, San Jose, California 95134, Attn: Corporate Secretary.**

Revoking Your Proxy

You may revoke your proxy at any time before it is voted at the annual meeting. In order to do this, you may either:

sign and return another proxy bearing a later date;

provide written notice of the revocation to Andrew W. Kim, our Vice President, Legal and Corporate Development and Company Secretary, at NETGEAR, Inc., 350 East Plumeria Drive, San Jose, California 95134, prior to the time we take the vote at the annual meeting; or

attend the meeting and vote in person.

Quorum Requirement

A quorum, which is a majority of our outstanding shares as of the record date, must be present in order to hold the meeting and to conduct business. Your shares will be counted as being present at the meeting if you appear in person at the meeting, if you vote over the Internet, or if you submit a properly executed proxy or voter instruction card.

Votes Required for Each Proposal

The vote required and method of calculation for the proposals to be considered at the annual meeting are as follows:

Proposal One Election of Directors. The eight director nominees receiving the highest number of votes, in person or by proxy, will be elected as directors. You may vote (i) for all nominees, (ii) withhold for all nominees or (iii) withhold for certain nominees by indicating the name(s) of such nominees on your proxy or voter instruction card.

Proposal Two Ratification of PricewaterhouseCoopers LLP as Independent Registered Public Accounting Firm. Ratification of PricewaterhouseCoopers LLP as our independent registered public accounting firm will require the affirmative vote of a majority of the shares present at the annual meeting and entitled to vote, in person or by proxy. You may vote for, against, or abstain from voting on this proposal.

Proposal Three Approval of the Non-Binding Advisory Proposal On Executive Compensation. Approval of the non-binding advisory proposal on executive compensation will require the affirmative vote of a majority of the shares present at the annual meeting and entitled to vote, in person or by proxy. You may vote for, against, or abstain from voting on this proposal.

Proposal Four Approval of the Vote Every Year in the Non-Binding Advisory Proposal On the Frequency of the Non-Binding Vote On Executive Compensation. The option of one year, two years or three years that receives the highest number of votes cast by stockholders will be the non-binding frequency for the advisory vote on executive compensation approved by stockholders. You may vote for (i) one year, (ii) two years, or (iii) three years, or abstain from voting on this proposal.

Abstentions and Broker Non-Votes

If you return a proxy or voter instruction card that indicates an abstention from voting on all matters, the shares represented will be counted as present for the purpose of determining a quorum, but they will not be voted on any matter at the annual meeting. Consequently, if you abstain from voting on Proposals Three or Four, your abstention will have the same effect as a vote against such Proposal(s).

Under the rules that govern brokers who have record ownership of shares that are held in street name for their clients, who are the beneficial owners of the shares, brokers have discretion to vote these shares on routine

Table of Contents

matters but not on non-routine matters. Thus, if you do not otherwise instruct your broker, the broker may turn in a proxy or voter instruction card voting your shares FOR routine matters but expressly instructing that the broker is NOT voting on non-routine matters. A broker non-vote occurs when a broker holding shares for a beneficial owner does not vote on a particular proposal because the broker does not have discretionary voting power with respect to that item and has not received instructions from the beneficial owner as to how to vote on that proposal. Broker non-votes are counted for the purpose of determining the presence or absence of a quorum but are not counted for determining the number of votes cast for or against a proposal. In the past, if you held your shares in street name and you did not indicate how you wanted your shares voted in the election of directors, your broker was allowed to vote those shares on your behalf in the election of directors as the broker felt appropriate. Recent rule changes eliminate the ability of your broker to vote your uninstructed shares in the election of directors on a discretionary basis. Thus, if you hold your shares in street name and you do not instruct your broker how to vote in the election of directors, no votes will be cast on your behalf. For more information on this topic, see the Securities and Exchange Commission Investor Alert issued in February 2010 entitled New Shareholder Voting Rules for the 2010 Proxy Season at <http://www.sec.gov/investor/alerts/votingrules2010.htm>. Your broker will, however, have discretionary authority to vote your shares on Proposal Two (Ratification of Appointment of Independent Registered Public Accounting Firm), which is a routine matter.

Proxy Solicitation Costs

We will bear the entire cost of proxy solicitation, including the preparation, assembly, printing and mailing of proxy materials. We expect our Vice President, Legal and Corporate Development and Company Secretary, Andrew W. Kim, to tabulate the proxies and act as inspector of the election. We may reimburse brokerage firms, custodians, nominees, fiduciaries and other persons representing beneficial owners of Common Stock for their reasonable expenses in forwarding solicitation material to such beneficial owners. Our directors, officers and employees may also solicit proxies in person or by other means of communication. Such directors, officers and employees will not be additionally compensated but may be reimbursed for reasonable out-of-pocket expenses in connection with such solicitation.

Deadline for Receipt of Stockholder Proposals for 2012 Annual Meeting

As a stockholder, you may be entitled to present proposals for action at a forthcoming meeting if you comply with the requirements of the proxy rules established by the Securities and Exchange Commission. Proposals by our stockholders intended to be presented for consideration at our 2012 Annual Meeting of Stockholders must be received by us no later than December 15, 2011 (120 calendar days prior to the anniversary of the mailing date of this proxy statement), in order that they may be included in the proxy statement and form of proxy related to that meeting. The submission of the stockholder proposal does not guarantee that it will be included in our 2012 proxy statement.

The Securities and Exchange Commission rules establish a different deadline with respect to discretionary voting for stockholder proposals that are not intended to be included in a company's proxy statement. The proxy and voter instruction card grants the proxy holders discretionary authority to vote on any matter raised at the annual meeting. The discretionary vote deadline for our 2012 Annual Meeting is February 28, 2012, which is 45 calendar days prior to the anniversary of the mailing date of this proxy statement. If a stockholder gives notice of a proposal after the discretionary vote deadline, our proxy holders will be allowed to use their discretionary voting authority to vote against the stockholder proposal when and if the proposal is raised at our 2012 Annual Meeting.

In addition, our amended and restated bylaws establish an advance notice procedure with regard to specified matters, including stockholder proposals and director nominations, which are proposed to be properly brought before an Annual Meeting of Stockholders. To be timely, a stockholder's notice shall be delivered no less than 120 days prior to the date of the annual meeting specified in the proxy statement provided to stockholders in connection with the preceding year's annual meeting, which is January 25, 2012 in connection with our 2012

Table of Contents

Annual Meeting of Stockholders. In the event that no annual meeting was held in the previous year or the date of the annual meeting is changed by more than 30 days from the date contemplated at the time of the previous year's proxy statement, notice by the stockholder must be received not later than the tenth business day following the day notice of the date of the meeting was mailed or public disclosure was made, whichever occurs first. A stockholder's notice shall include: (i) a brief description of the business desired to be brought before the annual meeting and the reasons for conducting such business at the annual meeting, (ii) the name and address of the stockholder proposing such business, (iii) the class and number of shares of our stock which are beneficially owned by the stockholder, (iv) any material interest of the stockholder in such business and (v) any other information required by the Securities Exchange Act of 1934, as amended (the "1934 Act"). In addition, if a stockholder wishes to nominate a candidate for director, the stockholder's notice shall also include the following information for the candidate: (i) name, age, business address and residence address of such nominee, (ii) principal occupation or employment of such nominee, (iii) class and number of shares of our stock beneficially owned by such nominee, (iv) description of all arrangements between the stockholder and the nominee and (v) any other information required by the 1934 Act (including the candidate's written consent to being named in the proxy statement as a nominee and to serving as a director if elected). A copy of the full text of our amended and restated bylaws is available from our Corporate Secretary upon written request. Proposals should be sent to our Corporate Secretary, c/o NETGEAR, Inc., 350 East Plumeria Drive, San Jose, California 95134.

Stockholder Communications to Directors

Stockholders may communicate directly with any of our directors by writing to them c/o NETGEAR, Inc., 350 East Plumeria Drive, San Jose, California 95134. Unless the communication is marked "confidential," our Company Secretary will monitor these communications and provide appropriate summaries of all received messages to the Chairperson of our Nominating and Corporate Governance Committee. Any stockholder communication marked "confidential" will be logged as received, but will not be reviewed by the Company Secretary. Such confidential correspondence will be immediately forwarded to the Chairperson of the Nominating and Corporate Governance Committee for appropriate action. Where the nature of a communication concerns questionable accounting or auditing matters directed to the Audit Committee, our Company Secretary will log the date of receipt of the communication as well as (for non-confidential communications) the identity of the correspondent in the Company's records.

It is the policy of the Nominating and Corporate Governance Committee to consider recommendations for candidates to our Board of Directors from stockholders who have provided the following written information: the candidate's name; home and business contact information; detailed biographical data and qualifications; information regarding any relationships between the candidate and NETGEAR within the last three years; and evidence of the nominating person's ownership or beneficial ownership of NETGEAR stock and amount of stock holdings. The Nominating and Corporate Governance Committee will consider persons recommended by our stockholders in the same manner as a nominee recommended by our Board of Directors, individual Board members or management.

In addition, a stockholder may nominate a person directly for election to our Board of Directors at an annual meeting of our stockholders provided they meet the requirements set forth in our amended and restated bylaws and the rules and regulations of the Securities and Exchange Commission related to stockholder proposals. The process for properly submitting a stockholder proposal, including a proposal to nominate a person for election to our Board of Directors at an annual meeting, is described above in the section entitled "General Information - Deadline for Receipt of Stockholder Proposals for 2012 Annual Meeting."

Where the Nominating and Corporate Governance Committee has either identified a prospective nominee or determines that an additional or replacement director is required, the Nominating and Corporate Governance Committee may take such measures that it considers appropriate in connection with its evaluation of a director

candidate, including candidate interviews, inquiry of the person or persons making the recommendation or nomination, engagement of an outside search firm to gather additional information, or reliance on the knowledge of the members of the committee, the Board or management. In its evaluation of director candidates, including the members of our Board of Directors eligible for re-election, the Nominating and Corporate Governance Committee considers a number of factors, including the following:

the current size and composition of the Board of Directors and the needs of the Board of Directors and the respective committees of the Board; and

such factors as judgment, independence, character and integrity, area of expertise, diversity of experience, length of service, and potential conflicts of interest.

With respect to diversity, the Nominating and Corporate Governance Committee also focuses on various factors such as diversity of gender, race and national origin, education, professional experience and differences in viewpoints and skills. The Nominating and Corporate Governance Committee does not have a formal policy with respect to diversity; however, the Board and the Nominating and Corporate Governance Committee believe that it is essential that the Board members represent diverse viewpoints.

In connection with its evaluation, the Nominating and Corporate Governance Committee determines whether it will interview potential nominees. After completing the evaluation and review, the Nominating and Corporate Governance Committee approves the nominees for election to our Board of Directors.

Corporate Governance Policies and Practices

We maintain a corporate governance page on our company website at www.netgear.com. This website includes, among other items, profiles of all of our directors and officers, charters of each committee of the Board, our code of ethics, the information regarding our whistleblower policy, and our director and officer stock ownership guidelines.

Our policies and practices reflect corporate governance initiatives that are compliant with the listing requirements of the Nasdaq Stock Market and the corporate governance requirements of the Sarbanes-Oxley Act of 2002, including:

A majority of the members of the Board are independent directors, as defined by the Nasdaq Marketplace rules. Independent directors do not receive consulting, legal or other fees from us other than Board and Committee compensation.

Mr. Lacy has served as the lead independent outside director since April 2006.

The independent directors of the Board meet regularly without the presence of management.

The Board has adopted a code of ethics that is applicable to all of our employees, officers and directors. This code is intended to deter wrongdoing and promote ethical conduct. Directors, officers and employees are required to complete annual surveys relating to their knowledge of any violation of legal requirements or the code of ethics. We will post any amendments to, or waivers from, our code of ethics on our website.

Directors stand for re-election every year.

The Audit, Compensation and Nominating and Corporate Governance Committees each consist entirely of independent directors.

The charters of the Board committees clearly establish their respective roles and responsibilities.

At least annually, the Board reviews our business initiatives, capital projects and budget matters.

The Audit Committee reviews and approves all related party transactions.

The Board has implemented a process of periodic self-evaluation of the Board and its Committees.

As part of our Whistleblower Policy, we have made a whistleblower hotline available to all employees for anonymous reporting of financial or other concerns. The Audit Committee receives directly, without management participation, all hotline activity reports, including complaints on accounting, internal controls or auditing matters.

Directors are encouraged to attend our annual meeting. While their attendance is not required, at the 2010 Annual Meeting of Stockholders, every one of our directors who was a director at that time was in attendance in person, except Mr. Graham.

Directors and officers are encouraged to hold and own common stock of the company to further align their interests and actions with the interest of our stockholders, pursuant to our director and officer stock ownership guidelines.

Board Leadership Structure

The Board believes that the Company's Chief Executive Officer is best situated to serve as Chairman because he is the director most familiar with the Company's business and industry, and most capable of effectively identifying strategic priorities and leading the discussion about the Company's business. The Board and management have different perspectives and roles in strategy development. The Company's independent directors bring experience, oversight and expertise from outside the Company and industry, while the Chief Executive Officer brings company-specific experience and expertise. The Board believes that the combined role of Chairman and Chief Executive Officer promotes strategy development and execution, and facilitates information flow between management and the Board, which are essential to effective governance.

One of the key responsibilities of the Board is to develop strategic direction and hold management accountable for the execution of strategy once it is developed. The Board believes the combined role of Chairman and Chief Executive Officer, together with a lead independent director having the duties described below, is in the best interest of stockholders because it provides the appropriate balance between strategy development and independent oversight of management.

Lead Independent Director

Mr. Lacy has served as the lead independent director since April 2006. Mr. Lacy also serves as the chairman of the Nominating and Corporate Governance Committee. As the lead independent director, Mr. Lacy has the responsibility of presiding at all executive sessions of the Board, consulting with the Chairman and Chief Executive Officer on Board and committee meeting agendas, acting as a liaison between management and the non-management directors, including maintaining frequent contact with the Chairman and Chief Executive and advising him or her on the efficiency of the Board meetings, and facilitating teamwork and communication between the non-management directors and management.

Director Compensation

Our non-employee directors receive a \$25,000 annual retainer. The chairman of the Audit Committee is also paid an additional annual retainer of \$10,000, and each chairman of our other committees is also paid an additional annual retainer of \$4,000. In addition, the lead independent director receives an additional annual retainer of \$5,000. Retainers are paid on a quarterly basis after the end of each quarter.

Our non-employee directors receive \$1,000 per meeting and are entitled to reimbursement of travel (first-class domestic and business-class international) and other related expenses incurred in connection with their

Table of Contents

attendance at meetings of the Board of Directors and committee meetings. The chairman of the Audit Committee receives an additional \$1,000 per committee meeting or sub-meeting with management attended, and the chairman of the Compensation Committee and of the Nominating and Corporate Governance Committee each receives an additional \$500 per meeting attended. Meeting fees are aggregated and paid on a quarterly basis after the end of each quarter.

Upon joining the Board, a non-employee director is eligible to receive an initial grant of 8,000 restricted stock units. The restricted stock units will vest 1/3 on each anniversary of the grant date, so that the entire grant will be fully vested over a three year period, subject to continued service through such dates. On an annual basis, a non-employee director who has been with us for at least six months at the time of our annual stockholder meeting is eligible to receive an annual grant of 6,000 restricted stock units, which will be fully vested on the date of the following year's annual stockholder meeting. However, in the past, as a result of an insufficient amount of restricted stock units available for grant, we have granted a combination of options and restricted stock units in lieu of such annual grant of 6,000 restricted stock units. The exercise price per share of the options was the closing price of the Company's common stock on the Nasdaq Stock Market on the date of grant. The restricted stock units and the options shall all become fully vested on the date of the following year's annual stockholder meeting, subject to continued service through such date.

In order to encourage continuing director education, the Nominating and Corporate Governance Committee has established a budget for director education of \$6,000 over any two-year period for each director. Directors serving on multiple boards are encouraged to obtain pro rata reimbursement of their director education expenses from each corporation that they serve.

Risk Management

The Board has an active role, as a whole and also at the committee level, in overseeing management of the Company's risks. The Board regularly reviews information regarding the Company's credit, liquidity and operations, as well as the risks related thereto. The Company's Compensation Committee is generally responsible for overseeing the management of risks relating to the Company's executive compensation plans and arrangements. The Audit Committee oversees management of financial risks. The Nominating and Corporate Governance Committee manages risks associated with the independence of the Board of Directors and potential conflicts of interest. While each committee is responsible for evaluating certain risks and overseeing the management of such risks, the entire Board of Directors is regularly informed through committee reports about such risks. In addition, the Company has a Risk Committee that reports to the Board regarding enterprise risk. The Risk Committee is led by the internal audit team and is composed of department heads across the Company. The Risk Committee meets on a regular basis and reviews enterprise risk across the Company's various functional groups.

Before selecting and prior to determining to continue its engagement for 2011 with PricewaterhouseCoopers LLP, the Audit Committee carefully considered PricewaterhouseCoopers LLP's qualifications as an independent registered public accounting firm. This included a review of the qualifications of the engagement team, the quality control procedures the firm has established, as well as its reputation for integrity and competence in the fields of accounting and auditing. The Audit Committee's review also included matters required to be considered under the Securities and Exchange Commission's rules on auditor independence, including the nature and extent of non-audit services, to ensure that the auditors' independence will not be impaired. The Audit Committee pre-approves all audit and non-audit services provided by PricewaterhouseCoopers LLP, or subsequently approves non-audit services in those circumstances where a subsequent approval is necessary and permissible. All of the services provided by PricewaterhouseCoopers LLP described under Audit-Related Fees, Tax Fees, and All Other Fees were pre-approved by the Audit Committee. PROPOSAL THREE

ADVISORY VOTE ON EXECUTIVE COMPENSATION

Executive compensation is an important matter for NETGEAR and our stockholders. This proposal gives our stockholders the opportunity to cast an advisory vote on compensation to our named executive officers.

Our executive compensation programs aim to address a number of objectives, such as attracting and retaining highly qualified executive officers, rewarding individual contribution, loyalty, teamwork and integrity, and motivating our named executive officers to achieve returns for our stockholders. We believe our compensation program is strongly aligned with the long-term interests of our stockholders. Furthermore, we believe that the various elements of our executive compensation program work together to promote our goal of ensuring that total compensation should be related to both NETGEAR's performance and individual performance.

We urge you to carefully read the Compensation Discussion and Analysis (CD&A) section of this proxy statement for additional details on our executive compensation, including our compensation philosophy and objectives and the 2010 compensation of the named executive officers. The following highlights key aspects of executive compensation with respect to our named executive officers in fiscal year 2010:

Approximately 70% of total compensation for executive officers is variable and tied to achievement of internal performance targets or Company performance;

We granted long-term equity awards (four-year standard vesting) that link the interests of our named executive officers with those of our stockholders;

As a group, total named executive officer compensation was slightly below the 50th percentile as compared to total named executive officer compensation for our peer group companies;

Named executive officers are not entitled to any tax gross-up treatment on any severance, change-of-control benefits or other benefits; and

We added clawback provisions to the executive bonus plan for named executive officers and stock option and restricted stock unit award agreements for named executive officers.

We believe the compensation program for the named executive officers is instrumental in helping us achieve our strong financial performance. In 2010 our revenue grew to \$902.1 million, representing an increase of \$215.5 million or 31.4% over the prior year. Net income grew to \$50.9 million in 2010, an increase of \$41.6 million or 445.5% over the prior year. Our strong earnings and operational excellence helped drive a cash, cash equivalents and short-term investments balance at the end of 2010 of \$270.7 million, an increase of \$23.6 million over the prior year-end.

We request stockholder approval of the compensation of our named executive officers as disclosed pursuant to the Security and Exchange Commission's compensation disclosure rules (which disclosure includes the Compensation Discussion and Analysis, the compensation tables and the narrative disclosures that accompany the compensation tables). Accordingly, we ask our stockholders to vote FOR the following resolution at the Annual Meeting:

RESOLVED, that the Company's stockholders approve, on an advisory basis, the compensation of the named executive officers, as disclosed in the Company's Proxy Statement for the Annual Meeting of Stockholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the compensation tables and the other related disclosure.

Table of Contents

Vote Required and Board of Directors Recommendation

As an advisory vote, this proposal is not binding upon the Company. However, the Compensation Committee, which is responsible for designing and administering our executive compensation program, values the opinions expressed by stockholders in their vote on this proposal and will consider the outcome of the vote when making future compensation decisions for named executive officers.

The affirmative vote by a majority of shares present in person or by proxy at the annual meeting and entitled to vote is required to approve this proposal. **Our Board of Directors has unanimously approved this proposal and recommends that stockholders vote FOR the approval of the compensation of our named executive officers.**

PROPOSAL FOUR

ADVISORY VOTE ON FREQUENCY OF RESOLUTION ON EXECUTIVE COMPENSATION

As described in Proposal Three above, our stockholders are being provided the opportunity to cast an advisory vote on our compensation program for named executive officers. The advisory vote in Proposal Three is referred to as a say-on-pay vote. This Proposal Four affords stockholders the opportunity to cast an advisory vote on how often we should include a say-on-pay vote in our proxy materials for future annual stockholder meetings (or special stockholder meeting for which the Company must include executive compensation information in the proxy statement for that meeting). Under this Proposal Four, stockholders may vote to have the say-on-pay vote every year, every two years or every three years.

We believe that say-on-pay votes should be conducted every year so that stockholders may annually express their views on our compensation program for named executive officers. The Compensation Committee, which administers our executive compensation program, values the opinions expressed by our stockholders and will consider the outcome of this vote in making its decisions when setting the frequency of the advisory vote on executive compensation.

You may cast your vote on your preferred voting frequency by choosing the option of one year, two years, three years, or abstain from voting when you vote in response to the resolution set forth below:

RESOLVED, that the option of once every one year, two years, or three years that receives the highest number of votes cast for this resolution will be determined to be the preferred frequency with which the Company is to hold a stockholder vote to approve the compensation of the named executive officers, as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the compensation tables and the other related disclosure.

Vote Required and Board of Directors Recommendation

As an advisory vote, this proposal is not binding upon the Company. However, the Compensation Committee values the opinions expressed by stockholders in their vote on this proposal and will consider the outcome of the vote when making its decisions when setting the frequency of the advisory vote on executive compensation.

The option of one year, two years or three years that receives the highest number of votes cast by stockholders will be the frequency for the advisory vote on executive compensation approved by stockholders. **Our Board of Directors unanimously recommends that stockholders vote to hold say-on-pay votes EVERY YEAR (as opposed to every two years or every three years).**

each stockholder who we know beneficially owns more than 5% of our common stock;

each of our directors;

each of our named executive officers set forth in the Summary Compensation Table; and

all of our current directors and executive officers as a group.

Beneficial ownership is determined in accordance with the rules and regulations of the Securities and Exchange Commission. Such shares, however, are not deemed outstanding for the purpose of computing the percentage ownership of any other person.

Unless otherwise indicated below, the address of each beneficial owner listed in the table is c/o NETGEAR, Inc., 350 East Plumeria Drive, San Jose, California 95134. The percentages in the table below are based on 36,512,790 shares of our common stock outstanding as of March 18, 2011. COMPENSATION DISCUSSION AND ANALYSIS

Executive Summary

NETGEAR is a global networking company that delivers innovative products to consumers, businesses and service providers. In 2010 our revenue grew to \$902.1 million, representing an increase of \$215.5 million, or 31.4% over the prior year. Net income grew to \$50.9 million in 2010, an increase of \$41.6 million or 445.5% over the prior year. Our strong earnings and operational excellence helped drive a cash, cash equivalents and short-term investments balance at the end of 2010 of \$270.7 million, an increase of \$23.6 million over the prior year-end.

We believe the compensation program for named executive officers was instrumental in helping the Company achieve strong financial performance in 2010. The compensation of our named executive officers consists of three main elements: base salary, annual incentive compensation, and long-term incentive compensation. Compensation is based on overall company performance as well as individual performance. We continue to seek to have total compensation for named executive officers at or near the 50th percentile of our Peer Group, as identified below. We believe all of these factors help us achieve total compensation for our named executive officers that is fair, reasonable and competitive.

General Compensation Philosophy

We compete in an aggressive and dynamic industry and, as a result, we believe that finding, motivating and retaining quality employees, particularly senior managers, sales personnel and technical personnel, are important factors to our future success.

Our compensation programs aim to address a number of objectives, including attracting and retaining highly qualified executive officers, rewarding individual contribution, loyalty, teamwork and integrity, and motivating management to achieve returns for our stockholders. Our programs are geared for short and long-term performance with the goal of increasing stockholder value over the long term. Our executive compensation program impacts all of our employees by setting general levels of compensation and helping to create an environment of goals, rewards and expectations. Because we believe the performance of every employee is important to our success, we are mindful of the effect executive compensation and incentive programs have on all of our employees.

We believe that the compensation of our executives should reflect their success as a management team in attaining key operating objectives, such as growth of sales, operating earnings and earnings per share, market share, long-term competitive advantage, and ultimately, in attaining an increased market price for our common stock. We believe that the performance of our executives in managing the Company, considered in light of general economic conditions, our company and industry, and competitive conditions, should be the basis for determining their overall compensation. We also believe that their compensation should not be based on the short-term performance of our stock, whether favorable or unfavorable, as we expect the price of our stock will, in the long-term, reflect our operating performance, and ultimately, the management of the Company by our executives.

Designing a Competitive Compensation Package

Recruitment and retention of our named executive officers and other executive management require a competitive compensation package. Our Compensation Committee has the responsibility for evaluating the executive compensation plans, policies, and programs and making such recommendations or changes as it deems appropriate. Our Compensation Committee's approach emphasizes fixing total compensation for executives, which consists of base salary and benefits, annual cash incentive and long-term incentive awards, at approximately the median of our peer group (the Peer Group). The Peer Group was last reviewed and updated

Table of Contents

in August 2010 by the Compensation Committee's compensation consultant with input from our Chief Executive Officer and Compensation Committee Chairman and consists of 17 U.S. publicly traded companies from the computer peripheral and communications equipment industries of relatively similar annual revenue and market capitalization as compared to us:

Arris Group, Inc.	Aruba Networks, Inc.
Brocade Communications Systems, Inc.	Ciena Corporation
Digi International, Inc.	Emulex Corp.
Extreme Networks, Inc.	F5 Networks, Inc.
Finisar Corp.	Fortinet, Inc.
Juniper Networks, Inc.	Logitech International S.A.
NetApp, Inc.	Plantronics, Inc.
Polycom, Inc.	Radisys Corp.
SanDisk Corp.	

The Peer Group is somewhat different from the group that was last used by the Compensation Committee in February 2010. Three companies were removed as a result of acquisitions (3Com Corp., Avocent Corporation, and Sonicwall, Inc.) and four were removed as a result of becoming less relevant due to relative market capitalization and/or revenues (Bigband Networks, Inc., Keytronic Corp., MRV Communications, Inc., and Network Equipment Technologies, Inc.). Five companies were added as appropriate replacements: Aruba Networks, Inc., Finisar Corp., Logitech International S.A., Plantronics, Inc. and Polycom, Inc.

Statistical analysis is used to adjust all market compensation data to reflect the current annual revenues of the Company given the variation in size of the companies from which compensation data is collected. Each element of compensation as well as total compensation are quantified and reviewed to determine the Company's competitiveness compared to the Peer Group. Precise comparisons of some forms of compensation are not possible due to lack of data or different valuation approaches for compensation that is contingent, of uncertain duration or not dollar or share-based. Therefore, certain comparisons are based on observations generally rather than comparison survey data. When data is not current through the most recent year, estimates are made to update values.

The Compensation Committee engages Compensation Strategies, Inc., an independent third party compensation consulting firm, to assist in selecting the Peer Group and gathering general industry compensation data. The consultant reports directly to the Compensation Committee but has been authorized by the Compensation Committee to work with certain executive officers of the Company. The consultant conducts regular reviews of total compensation of the named executive officers and members of the Board of Directors. The consultant also provides advice with respect to other executive and Board compensation issues that might arise during the year but otherwise provides no other services to the Company.

In addition, the Company engaged Compensia, Inc., an independent third party compensation consulting firm, in 2010 to provide additional resources and analysis regarding executive compensation. Compensia was engaged by the Company generally, as opposed to the Compensation Committee. Compensia assists the Company with further analysis for the development and determination of compensation recommendations for executive officers.

In determining the appropriate individual compensation levels for named executive officers, the Compensation Committee considers the Peer Group compensation data as well as the individual's tenure, experience, skills, and individual and Company performance. Compensation levels for all named executive officers, except our CEO, are developed by the Compensation Committee in consultation with our CEO and

Table of Contents

Compensation Strategies. The Compensation Committee engages in an active dialogue with our CEO concerning the Company's strategic objectives and performance targets. The Compensation Committee reviews the appropriateness of the financial measures used in the incentive plans and the degree of difficulty in achieving specific performance targets. The Compensation Committee also reviews with our CEO the individual responsibilities, abilities and objectives achieved in the prior year for each of the named executive officers. In the case of the CEO, the Compensation Committee develops its own recommendation with the assistance of Compensation Strategies in executive session without the CEO, or any other member of management, present. The Compensation Committee reviews and approves the compensation for named executive officers and the Board, including all independent members of the Board, also ratifies and approves such compensation.

Setting the Pay Mix

The Compensation Committee emphasizes performance-based compensation, at risk and dependent directly on results, for our executive team. Comparing the major elements of total compensation for 2010, on average base salary comprises approximately 29%, annual incentive compensation approximately 28%, and long-term incentive compensation approximately 43% of the pay mix. Total cash compensation (i.e., base salary and annual cash incentive) is targeted at approximately the 50th percentile of the Peer Group for named executive officers. Our total compensation in 2010 for named executive officers as a group generally fell slightly below the 50th percentile of the Peer Group for the comparable executive position, largely as a result of long-term incentive compensation falling below the median.

Fixed Compensation

Principal elements of fixed compensation consist of base salary and benefits (e.g., 401(k) plan, health, life and disability insurance and employee stock purchase plan). We target the value of fixed compensation generally near the median of the Peer Group to facilitate a competitive recruitment and retention strategy. As a result, base salary for named executive officers is generally set at approximately the 50th percentile of the Peer Group with individual variations based on job scope, tenure, retention risk and other factors relevant to the Compensation Committee. Increases in base salary reflect assessed performance, providing a performance link to this element of fixed compensation. Starting with the 2010 salary reviews, base salaries were and will continue to be reviewed by the Compensation Committee and approved by the independent members of the Board of Directors in the third quarter of the year, as opposed to the past practice of approval during the first quarter of the year. The Compensation Committee believes that this change in timing of approvals gives the Company more time to analyze compensation in light of Company performance for making any salary adjustments for the named executive officers. For 2010, the temporary 10% reduction in base salary for the named executive officers in effect since 2009 was removed and initial 2010 base salaries were restored to 2008 levels. In the third quarter of 2010, the Compensation Committee reviewed and determined base salaries for named executive officers to be effective as of July 1, 2010: Mr. Lo's salary was not increased and remained at \$600,000, Ms. Gorjanc's salary was increased from \$320,000 to \$400,000, Mr. Soares's salary was increased from \$284,622 to \$303,924, Mr. Falcon's salary was increased from \$265,000 to \$288,850, and Mr. Werdann's salary was increased from \$220,000 to \$250,000. As a group, the base salaries for named executive officers are slightly above the 50th percentile for the Peer Group, with individual levels ranging from 2% below to 22% above the 50th percentile.

We provide various employee benefit programs to our named executive officers, including health, life and disability insurance, a 401(k) plan and the opportunity to purchase our common stock through payroll deductions at a discounted price through our 2003 Employee Stock Purchase Plan. These benefit programs are generally available to all our employees on substantially equal terms.

Incentive Compensation

Our executive incentive compensation is linked directly to our sales and earnings growth and long-term total return to stockholders. Our incentive compensation awards include annual cash incentives tied to the current year's performance and equity awards that generally vest over four years to reward long-term performance.

Table of Contents

Annual Incentive Plan. All of our named executive officers participate in an annual incentive plan. Our sales executives participate under an annual sales commission plan and are eligible to receive a cash commission based upon the achievement of certain quarterly sales goals and objectives and of individual objectives, in each case established at the beginning of the calendar year. Each non-commissioned executive participates under our annual bonus plan and is eligible to receive a cash bonus primarily based upon the level of annual non-GAAP operating income achieved by the Company and the achievement of individual objectives, in each case established at the beginning of the calendar year.

Under the 2010 executive bonus plan, our Chief Executive Officer was eligible to receive an incentive bonus of between 50% to 200% of his base salary, and each other participating named executive officer (other than Mr. Werdann who has a separate commission-based bonus described below) was eligible to receive an incentive bonus of between 25% to 75% of his or her base salary, in each case based upon the level of annual non-GAAP operating income achieved by the Company, provided however, that a minimum non-GAAP operating income threshold, typically 90% of the annual operating plan set at the beginning of the year, must be achieved before any bonus is earned. The target bonus for our Chief Executive Officer was 100% of base salary and the target bonus for each other participating named executive officer was 50% of base salary, and such target bonus was based upon us achieving the annual non-GAAP operating income target under our 2010 annual operating plan reviewed and approved by our Board of Directors at the beginning of 2010. We believe that the target performance goal was set at an appropriate level based on market and industry expectations at that time and that it was achievable and not unrealistic. In addition, once the eligible bonus is determined based upon the level of annual operating income achieved, 40% of such bonus is then conditional upon the executive's achievement of his or her individual annual objectives. Based on our 2010 annual non-GAAP operating income of \$109,665,000 exceeding the target annual operating income amount of \$100,000,000, bonuses were paid to the named executive officers in the first quarter of 2011. Bonuses were paid in the first quarter of 2011 to named executive officers in recognition for services performed during fiscal year 2010. The amount paid to Mr. Lo, our Chief Executive Officer, was \$870,000, which is approximately 145% of Mr. Lo's base salary. Bonuses paid to the other named executive officers (other than the amounts paid to Mr. Werdann, which are described below) were as follows: Ms. Gorjanc received \$213,639, which is approximately 59% of her base salary; Mr. Soares received \$183,256, which is approximately 61% of his base salary; and Mr. Falcon received \$163,860, which is approximately 61% of his base salary.

The 2010 sales commission plan for Mr. Werdann consisted of two main elements. First, 66.7% of Mr. Werdann's sales commission plan was based upon a modified measure of profit contribution achieved by the Company as measured on a quarterly basis, with a target objective in part derived from the Company's 2010 annual operating plan that was approved by our Board at the beginning of 2010. Profit contribution is calculated for all territories under Mr. Werdann's leadership and is comprised of revenue less related marketing spending. The aggregate profit contribution target for 2010 was over \$337,000,000 for all four quarterly periods, which included aggregate profit contribution targets for the North America and Australia regions but excluded sales to certain of our service provider customers. Second, a separate target, comprising of the remaining 33.3% of his sales commission plan, aimed at driving sales of a subset of our products was established. The commission plan also provides for the ability of Mr. Werdann to earn up to three times the commission rate for overachieving above the target measure of profit contribution. There is no cap on the dollar amount of commission that may be earned under the 2010 sales commission plan. The amount of the earned commission is calculated and paid on a quarterly basis. Mr. Werdann's achievement against his sales commission plan ranged from 112% to 122% for the four quarterly periods in 2010. Based on the Company's performance in 2010, Mr. Werdann earned an aggregate commission of \$254,784.

In 2010, in order to minimize the risk of undue overpayment of bonus amounts, the Compensation Committee and the Board of Directors approved the addition of a clawback provision to the executive bonus plan which applies to the named executive officers. The clawback provision may require a forfeiture of previously paid bonus amounts in the event that the financial statements of the Company are subsequently restated and if such restated statements would have resulted in less of an actual bonus award being paid to an executive officer

Table of Contents

if such information had been known at the time the actual award had originally been calculated or determined. Pursuant to the clawback provision, the independent members of the Board of Directors or the Compensation Committee may require, in its discretion that an executive repay to the Company the amount by which an actual bonus award previously paid exceeds the lesser pro forma bonus award. The policy is to put the Company in no worse position had the Compensation Committee known of the restatement of financial statements at the time of the bonus award. We believe this is a fair and equitable way to address any potential windfall that may benefit a Named Executive Officer in the event that our financial statements are materially inaccurate.

Equity Awards. We provide long-term incentives through our 2003 Stock Plan (2003 Plan) and our Amended and Restated 2006 Long-Term Incentive Plan (2006 Plan). Equity grants have been granted in the past under the 2003 Plan and are periodically granted under the 2006 Plan to provide additional incentive to named executive officers to maximize long-term total return to our stockholders. We generally provide an initial grant upon employment commencement and subsequent smaller annual refresh grants. We may grant a mixture of equity grants, including stock options, restricted stock and restricted stock units. We believe that equity grants are a particularly strong incentive, because they increase in value to our employees as the fair market value of our common stock increases. In the case of restricted stock and restricted stock units, which have immediate underlying value, such awards also provide a retention benefit over the vesting period of the awards.

With respect to the size of the equity awards granted to our named executive officers, the Compensation Committee mostly relies on input from two sources to determine the amount of equity awards to be granted: research from Compensation Strategies, the Compensation Committee's independent compensation consultant, and input from our Chief Executive Officer. The Compensation Committee also reviews the then-current status of equity awards available for grant for the current year as well as for the foreseeable future. In addition, the Compensation Committee considers relevant factors, including without limitation the executive's position, the executive's individual performance, the number of equity awards held (if any), and the extent to which those equity awards are vested. Compensation Strategies prepares a comprehensive analysis of the equity award practices of our Peer Group. Objectively, we generally target our compensation to be at the 50th percentile of the Peer Group. Our Chief Executive Officer also gives his input on the size of equity grants to be made to the named executive officers, other than himself, with a review of the prior year's grants as the baseline starting point and such officer's individual performance for the year. Accordingly, by combining analysis of specific objective data (from both the Peer Group report and the status of equity awards available for grant) with subjective input from our Chief Executive Officer, the Compensation Committee determines an appropriate amount of equity awards to be granted for each named executive officer for the current year.

The Compensation Committee makes a formal recommendation to the independent members of the Board of Directors of any proposed awards for their review and approval. Equity awards for our named executive officers are only granted during a Board of Directors meeting, which meetings are scheduled a year in advance to minimize the discretionary selection of grant dates and the appearance of granting options based on the timing of disclosure of material information to the public.

As part of the annual compensation review in the first quarter of each year, we generally provide annual refresh equity awards to our named executive officers for that year. Executive base salary compensation was reviewed and determined in the third quarter of 2010, while annual bonus and equity awards were determined in the first quarter of 2010. The named executive officers typically receive a combination of option and restricted stock unit awards each year. For 2010, because the Company did not have a sufficient amount of restricted stock awards available to be granted under the 2006 Plan, the named executive officers received a second grant of options in June 2010 as a replacement for the annual restricted stock unit award, in addition to the annual refresh option grant in January 2010.

The Company's 2010 long-term incentive compensation for named executive officers as a group was generally 30% below the targeted 50th percentile of the Peer Group. One explanation for this result is that the named executive officers did not receive any customary grants of restricted stock units typically granted to such

Table of Contents

individuals. This effect was exaggerated by the fact that many companies in the Peer Group started granting long-term incentive compensation at values that approximated pre-market downturn rates. The Company has been constrained by the amount of restricted stock unit awards available for grant under its stock equity plans as a result of a restriction under the 2006 Plan.

In 2010, in order to minimize the risk of granting excessive option and restricted stock unit awards, the Compensation Committee and the Board of Directors approved the addition of a clawback provision to award agreements for executive officers. The clawback provision may require a forfeiture of previously awarded option or restricted stock unit awards in the event that the financial statements of the Company are subsequently restated and if such restated statements would have resulted in less of an actual option or restricted stock unit award being awarded to an executive officer if such information had been known at the time the actual award had originally been calculated or determined. Pursuant to the clawback provision, the independent members of the Board of Directors or the Compensation Committee may require, in its discretion, that an executive forfeit and/or repay to the Company the amount by which an actual award previously awarded exceeds the lesser pro forma option or restricted stock unit award, as the case may be. As with the clawback provision enacted during 2010 relating to the executive bonus plan, the policy is to put the Company in no worse position had the Compensation Committee known of the restatement of financial statements at the time of the award. We believe this is a fair and equitable way to address any potential windfall that may benefit a named executive officer in the event that our financial statements are materially inaccurate.

We have also adopted stock ownership guidelines for our named executive officers to own and hold common stock of the Company to further align their interests and actions with the interests of our stockholders. Under the guidelines, our Chief Executive Officer is expected to eventually own approximately five times his annual base salary. Other named executive officers are expected to achieve ownership levels equal to approximately one to three times base salary. Named executive officers have a five year period in which to achieve the required compliance level. Shares owned directly by the executive and unvested restricted stock units are counted toward the guidelines. The named executive officers continue to try to achieve these ownership levels.

Executive Severance and Change of Control Benefits

The Company does not have a formal executive severance or change in control plan. The severance and change of control benefits that each named executive officer is eligible for is governed by his or her employment agreement or offer letter with us, and in the case of Mr. Soares may be subject to certain statutory entitlements under United Kingdom labor laws in the event of an involuntary termination, depending on the facts and circumstances at the time. The Compensation Committee believes that these employment agreements and offer letters are an essential element of our named executive officers' compensation packages in order to be competitive with other companies that compete with us for executive officer talent, and also to ensure that our named executive officers feel that they have adequate financial security to manage any circumstances that would obligate us to pay them severance or change in control benefits. For a more detailed description of these severance and change of control benefits, please see *Executive Compensation Potential Payments Upon Termination or Change In Control*.

Tax Deductibility of Executive Compensation

Internal Revenue Code Section 162(m) limits the amount that we may deduct for compensation paid to our Chief Executive Officer and to certain other of our most highly compensated officers to \$1,000,000 per person, unless certain exemption requirements are met. Exemptions to this deductibility limit are available for various forms of performance-based compensation. In addition to salary and bonus compensation, upon the exercise of stock options that are not treated as incentive stock options, the excess of the current market price over the option price, or option spread, is treated as compensation and accordingly, in any year, such exercise may cause an officer's total compensation to exceed \$1,000,000. Under certain regulations, option spread compensation that

Table of Contents

meet certain requirements will not be subject to the \$1,000,000 cap on deductibility, and in the past we have granted options that we believe have met those requirements. While the Compensation Committee cannot predict how the deductibility limit may impact our compensation program in future years, the Compensation Committee intends to maintain an approach to executive compensation that strongly links pay to performance. While the Compensation Committee has not adopted a formal policy regarding tax deductibility of compensation paid to our Chief Executive Officer and certain other of our most highly compensated officers, the Compensation Committee intends to consider tax deductibility under Internal Revenue Code Section 162(m) as a factor in its compensation decisions.

Grants of Plan-Based Awards

The following table provides certain information relating to incentive compensation and equity awards granted to, and the range of payouts that were achievable for, each of our named executive officers during the fiscal year ended December 31, 2010. All stock options were granted under our 2006 Plan and have a term of ten years, subject to earlier termination in the event that the optionee's services to us cease. Cash awards paid under our annual incentive plan are reflected in the Summary Compensation Table under Non-Equity Incentive Plan Compensation for each of our named executive officers. A description of the incentive plans can be found in Compensation Discussion and Analysis Incentive Compensation Annual Incentive Plan.

- (2) These estimated future payouts are pursuant to Mr. Werdann's annual sales commission plan. While there is no threshold amount for 2010 payouts, the Company contemplates that a maximum cap will be imposed on potential future payouts, starting with fiscal year 2011 performance.
- (3) These amounts represent the full grant date value without regard to vesting. See Note 10 of the consolidated financial statements in our Annual Report on Form 10-K for the year ended December 31, 2010 regarding assumptions underlying the valuation of equity awards. Regardless of the value placed on a stock option on the grant date, the actual economic value of the option to the Named Executive Officer will depend on the market value of the Company's common stock at the date in the future when the option is exercised.

- (4) These shares were issued under our 2003 Employee Stock Purchase Plan and are not subject to vesting.

- (5) These payouts are pursuant to the terms of the Company's 2010 annual bonus plan. The maximum payout that may be earned is dependent upon the Company's level of operating income achieved during 2010. In addition, once the eligible payout is determined, 40% of such payout is then conditional upon the executive's achievement of his or her individual objectives. As a result, the payout under the bonus plan may be \$0.

Edgar Filing: NETGEAR, INC - Form DEF 14A

We have entered into employment agreements with the following of our current named executive officers. Each agreement may be terminated by either us or the executive officer at any time with or without cause. In addition, the employment agreements provide for annual salary and bonus amounts and severance benefits, as may be adjusted from time to time by our Board of Directors. In the event of a change of control, all equity awards issued under our 2006 Plan, including those issued to our executive officers, will become fully vested and exercisable. - (2) If statutory entitlements were to be triggered, under United Kingdom labor laws, Mr. Soares may additionally be entitled to one week of salary for every year of service (12 weeks as of December 31, 2010), up to a maximum of 12 weeks, plus in case of redundancy termination, an additional one and a half weeks salary (capped at 400 Pounds Sterling per week) per year of service at age 41 or above, and one week s salary (capped at 400 Pounds Sterling per week) per year of service at age 40 or below, up to a maximum of 20 weeks. Mr. Soares has 18 weeks service as of December 31, 2010.

Payments Upon a Change in Control of the Company

Pursuant to the terms of our 2006 Plan, all outstanding options under the 2006 Plan vest immediately upon a change in control. Our named executive officers would realize the following value on equity options and awards granted under the 2006 Plan in the event of a change in control: Patrick C.S. Lo, \$3,952,789; Christine M. Gorjanc, \$1,656,886; David S. Soares, \$1,117,961; Michael F. Falcon, \$1,086,816; and Michael A. Werdann, \$815,451. The value realized equals the difference between \$33.68 (the closing price of our common stock on the NASDAQ Global Select Market on December 31, 2010) and the option or award exercise price per share, multiplied by the number of shares that would immediately vest upon a change in control.

Payments Upon Termination Without Cause or Resignation for Good Reason within One Year after a Change in Control of the Company

The following table summarizes the amount that each of our named executive officers would receive in the event his or her employment with the Company is terminated without cause, or he or she resigns for good reason, within one year after a change in control of the Company.

Name	Cash Severance (\$)	Value Realized from Equity Options and Awards (\$ (1))	Total (\$)
Patrick C.S. Lo (2)	\$ 600,000	\$ 132,446	\$ 732,446
Christine M. Gorjanc	\$ 200,000	\$	\$ 200,000
David S. Soares (3)	\$ 151,962	\$	\$ 151,962
Michael F. Falcon	\$ 216,638	\$	\$ 216,638
Michael A. Werdann	\$ 213,846	\$	\$ 213,846

- (1) The value realized from equity options and awards is exclusive of any amounts already received by the Named Executive officer as a result of the change in control itself, as disclosed in Payments Upon a Change in Control of the Company.
- (2) The value realized equals the difference between \$33.68 (the closing price of our common stock on the NASDAQ Global Select Market on December 31, 2010) and the option or award exercise price per share, multiplied by the number of shares that would vest under the terms of Mr. Lo s employment agreement. Mr. Lo has one option outstanding (under the 2003 Stock Plan for 27,085 unvested shares of common stock) which would accelerate in full. The exercise price per share of the option is \$28.79, resulting in a value realized as of December 31, 2010 of \$132,446.
- (3) If statutory entitlements were to be triggered, under United Kingdom labor laws, Mr. Soares would additionally be entitled to one week of salary for every year of service (12 weeks as of December 31, 2010), up to a maximum of 12 weeks, plus in case of redundancy termination, an additional one and a half weeks salary (capped at 400 Pounds Sterling per week) per year of service at age 41 or above, and one week s salary (capped at 400 Pounds Sterling per week) per year of service at age 40 or below, up to a maximum of 20 weeks. Mr. Soares has 18 weeks service as of December 31, 2010

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

Notwithstanding any statement to the contrary in any of our previous or future filings with the Securities and Exchange Commission, this report of the Audit Committee of our Board of Directors shall not be deemed filed with the Commission or soliciting material under the 1934 Act, and shall not be incorporated by reference into any such filings.

The Audit Committee, which currently consists of A. Timothy Godwin, Linwood A. Lacy, Jr., George G. C. Parker and Jocelyn E. Carter-Miller, evaluates audit performance, manages relations with our independent registered public accounting firm and evaluates policies and procedures relating to internal accounting functions and controls. Our Board of Directors first adopted a written charter for the Audit Committee in September 2000 and most recently amended it in February 2004, which details the responsibilities of the Audit Committee. This report relates to the activities undertaken by the Audit Committee in fulfilling such responsibilities.

The Audit Committee members are not professional auditors or auditors, and their functions are not intended to duplicate or to certify the activities of management and the independent registered public accounting firm. The Audit Committee oversees NETGEAR's financial reporting process on behalf of our Board of Directors. NETGEAR's management has the primary responsibility for the financial statements and reporting process, including NETGEAR's systems of internal controls over financial reporting. In fulfilling its oversight responsibilities, the Audit Committee reviewed and discussed with management the audited financial statements included in the Annual Report on Form 10-K for the year ended December 31, 2010. This review included a discussion of the quality and the acceptability of NETGEAR's financial reporting and internal control over financial reporting, including the clarity of disclosures in the financial statements.

The Audit Committee also reviewed with NETGEAR's independent registered public accounting firm, who are responsible for expressing an opinion on the conformity of NETGEAR's audited financial statements with generally accepted accounting principles, their judgments as to the quality and the acceptability of NETGEAR's financial reporting and such other matters required to be discussed with the Audit Committee under generally accepted auditing standards in the United States including Statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1, AU Section 380, as adopted by the Public Company Accounting Oversight Board in Rule 3200T). The Audit Committee has received the written disclosures and the letter from the independent registered public accounting firm required by applicable requirements of the PCAOB regarding the independent accountant's communications with the Audit Committee concerning independence. The Audit Committee discussed with the independent registered public accounting firm such auditors' independence from management and NETGEAR, including the matters in such written disclosures required by applicable requirements of the PCAOB regarding the independent accountant's communications with the Audit Committee concerning independence.

The Audit Committee further discussed with NETGEAR's independent registered public accounting firm the overall scope and plans for their audits. The Audit Committee meets periodically with the independent registered public accounting firm, with and without management present, to discuss any significant matters regarding internal control over financial reporting that have come to their attention during the audit, and to discuss the overall quality of NETGEAR's financial reporting.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to our Board of Directors and our Board of Directors approved that the audited financial statements and disclosures under Management's Discussion and Analysis of Financial Condition and Results of Operations be included in the Annual Report on Form 10-K for the year ended December 31, 2010, as filed with the Securities and Exchange Commission on February 28, 2011.

Respectfully submitted by:

THE AUDIT COMMITTEE

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the 1934 Act requires our officers and directors, and persons who own more than 10% of a registered class of our equity securities, to file reports of ownership and changes in ownership with the Securities and Exchange Commission. Executive officers, directors and greater than 10% stockholders are required by Securities and Exchange Commission regulations to furnish us with copies of all Section 16(a) forms they file. Based solely on our review of the copies of such forms that we have received, or written representations from reporting persons, we believe that during 2010, all Section 16(a) filing requirements applicable to our officers, directors and greater than 10% stockholders were met, except as follows: Mr. Kim failed to timely file a Form 4 for one transaction in 2010.

RELATED PARTY TRANSACTIONS

We have determined that there were no related party transactions to disclose in 2010.

Review, approval or ratification of transactions with related parties

We, or one of our subsidiaries, may occasionally enter into transactions with certain related parties. Related parties include our executive officers, directors, nominees for directors, or 5% or more beneficial owners of our common stock and immediate family members of these persons. We refer to transactions in which the related party has a direct or indirect material interest as related party transactions. Each related party transaction must be reviewed and approved by the Audit Committee of the Board of Directors prior to the entering into of such transaction.

The Audit Committee considers all relevant factors when determining whether to approve a related party transaction including, without limitation, the following:

the extent of the related party's interest in the related party transaction;

the aggregate value of the related party transaction;

the benefit to the Company; and

whether the transaction involves the provision of goods or services to the Company that are available from unaffiliated third parties and whether the transaction is on terms and made under circumstances that are at least as favorable to the Company as would be available in comparable transactions with or involving unaffiliated third parties.
