The information provided pursuant to this Item 2.02, including Exhibit 99.1 in Item 9.01, is furnished and shall not be deemed to be filed with the Securities and Exchange Commission or incorporated by reference in any filing under the Securities Exchange Act of 1934, as amended, or the Securities Act of 1933, as amended, except as shall be expressly set forth by specific reference in any such filings.

Item 8.01. Other Events.

The board of directors of the Company, after considering many factors, has authorized the exploration of a variety of alternatives for its pipe-making subsidiary, United States Pipe and Foundry Company, including strategic alternatives such as the sale of a controlling interest in that business to a third party, a joint venture with a third party or other financial or structural alternatives, both domestic and international. A key objective will be to ensure that U.S. Pipe continues as a strong brand by delivering quality goods and services to its customers, with the same commitment to high customer service that has distinguished its business in the past.

No decision has been made at this time to enter into any transaction and there can be no assurance that the exploration of alternatives will result in a transaction or as to the terms, conditions or timetable of any such transaction. It is the Company's policy not to comment on any specific discussions or any potential corporate transaction unless and until it enters into a definitive agreement with respect to such a transaction.
