On December 29, 2011, Navios Maritime Acquisition Corporation ( Navios Acquisition ), through Antipsara Shipping Corporation, a wholly-owned subsidiary, entered into a term loan facility agreement (the Facility Agreement ) of up to \$28.125 million, to be drawn in two advances, with Norddeutsche Landesbank Girozentrale, as lender and agent, to partially finance the purchase price of one MR2 product tanker vessel. The facility is repayable in 32 quarterly installments of approximately \$391,000, each with a final balloon payment of \$15.625 million to be repaid on the last repayment date. The repayment starts three months after the delivery of the vessel. The maturity date is the earlier of (i) the date falling eight years after the drawdown date of Advance B (as defined in the Facility Agreement) and (ii) October 31, 2022. The loan bears interest at a rate of LIBOR plus (a) up to but not including the drawdown date of Advance B, 1.75% per annum; (b) thereafter until, but not including, the tenth repayment date, 2.5% bps per annum; and (c) thereafter 3.0% per annum. The loan also requires compliance with certain financial covenants. Among other events, it will be an event of default under the Facility Agreement if the financial covenants are not complied with or the number of shares of common stock controlled by Navios Maritime Holdings Inc., Angeliki Frangou and their respective affiliates, in the aggregate, is less than 30% of the then outstanding shares of common stock. The Facility Agreement is attached hereto as Exhibit 10.1 to this report on Form 6-K (this Report ) and is incorporated herein by reference.
