AMERICAN EAGLE OUTFITTERS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(Unaudited)

1. Interim Financial Statements

The accompanying Consolidated Financial Statements of American Eagle Outfitters, Inc. (the Company) at April 28, 2012 and April 30, 2011 and for the 13 week periods ended April 28, 2012 and April 30, 2011 have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by GAAP for complete financial statements. Certain notes and other information have been condensed or omitted from the interim Consolidated Financial Statements presented in this Quarterly Report on Form 10-Q. Therefore, these Consolidated Financial Statements should be read in conjunction with the Company's Fiscal 2011 Annual Report. In the opinion of the Company's management, all adjustments (consisting of normal recurring adjustments and those described in the footnotes that follow) considered necessary for a fair presentation have been included. The existence of subsequent events has been evaluated through the filing date of this Quarterly Report on Form 10-Q.

As used in this report, all references to we, our and the Company refer to American Eagle Outfitters, Inc. and its wholly owned subsidiaries.

American Eagle Outfitters, American Eagle, AE and the AE Brand refer to our U.S. and Canadian American Eagle Outfitters stores. aerie refers to our U.S. and Canadian aerie® by American Eagle® stores. 77kids refers to our 77kids by american eagle® stores. AEO Direct refers to our e-commerce operations, ae.com, aerie.com and 77kids.com.

The Company's business is affected by the pattern of seasonality common to most retail apparel businesses. The results for the current and prior periods are not necessarily indicative of future financial results.

2. Summary of Significant Accounting Policies

Principles of Consolidation

The Consolidated Financial Statements include the accounts of the Company and its wholly owned subsidiaries. All intercompany transactions and balances have been eliminated in consolidation. At April 28, 2012, the Company operated in one reportable segment.

Fiscal Year

The Company's financial year is a 52/53 week year that ends on the Saturday nearest to January 31. As used herein, Fiscal 2012 refers to the 53 week period ending February 2, 2013. Fiscal 2011 and Fiscal 2010 refer to the 52 week periods ended January 28, 2012 and January 29, 2011, respectively.

Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of our contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. On an ongoing basis, our management reviews its estimates based on currently available information. Changes in facts and circumstances may result in revised estimates.

Recent Accounting Pronouncements

In June 2011, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2011-05, *Presentation of Comprehensive Income* (ASU 2011-05). ASU 2011-05 requires that all non-owner changes in stockholders' equity be presented either in a single continuous statement of comprehensive income or in two separate but consecutive statements. In the two-statement approach, the first statement should present total net income and its components followed consecutively by a second statement that should present total other comprehensive income, the components of other comprehensive income and the total of comprehensive income. For public entities, the amendments in ASU 2011-05 are effective for fiscal years, and interim periods within those years, beginning after December 15, 2011, and are to be applied

Edgar Filing: AMERICAN EAGLE OUTFITTERS INC - Form 10-Q

retrospectively, with early adoption permitted. The Company adopted ASU 2011-05 on January 29, 2012 by presenting total other comprehensive income and its components as a separate statement following the Consolidated Statements of Operations and Retained Earnings.

Table of Contents

In September 2011, the FASB issued ASU 2011-08, *Testing Goodwill for Impairment* (ASU 2011-08). ASU 2011-08 permits an entity to first assess qualitative factors to determine whether it is more likely than not that the fair value of a reporting unit is less than its carrying amount as a basis for determining whether it is necessary to perform the two-step goodwill impairment test. ASU 2011-08 applies to all companies that have goodwill reported in their financial statements. The provisions of ASU 2011-08 are effective for annual and interim goodwill impairment tests performed for fiscal years beginning after December 15, 2011. The Company adopted ASU 2011-08 on January 29, 2012 with no impact to the Consolidated Financial Statements.

Foreign Currency Translation

The Canadian dollar is the functional currency for the Canadian business. In accordance with Accounting Standards Codification (ASC) 830, *Foreign Currency Matters*, assets and liabilities denominated in foreign currencies were translated into U.S. dollars (the reporting currency) at the exchange rate prevailing at the balance sheet date. Revenues and expenses denominated in foreign currencies were translated into U.S. dollars at the monthly average exchange rate for the period. Gains or losses resulting from foreign currency transactions are included in the results of operations, whereas, related translation adjustments are reported as an element of other comprehensive income in accordance with ASC 220, *Comprehensive Income*.

Revenue Recognition

Revenue is recorded for store sales upon the purchase of merchandise by customers. The Company's e-commerce operation records revenue upon the estimated customer receipt date of the merchandise. Shipping and handling revenues are included in net sales. Sales tax collected from customers is excluded from revenue and is included as part of accrued income and other taxes on the Company's Consolidated Balance Sheets.

Revenue is recorded net of estimated and actual sales returns and deductions for coupon redemptions and other promotions. The Company records the impact of adjustments to its sales return reserve quarterly within net sales and cost of sales. The sales return reserve reflects an estimate of sales returns based on projected merchandise returns determined through the use of historical average return percentages.

Revenue is not recorded on the purchase of gift cards. A current liability is recorded upon purchase, and revenue is recognized when the gift card is redeemed for merchandise. Additionally, the Company recognizes revenue on unredeemed gift cards based on an estimate of the amounts that will not be redeemed (gift card breakage), determined through historical redemption trends. Gift card breakage revenue is recognized in proportion to actual gift card redemptions as a component of net sales. For further information on the Company's gift card program, refer to the Gift Cards caption below.

The Company recognizes royalty revenue generated from its franchise agreements based on a percentage of merchandise sales by the franchisee. This revenue is recorded as a component of net sales when earned.

The Company sells off end-of-season, overstock and irregular merchandise to a third-party. The proceeds from these sales are presented on a gross basis, with proceeds and cost of sell-offs recorded in net sales and cost of sales, respectively.

Cost of Sales, Including Certain Buying, Occupancy and Warehousing Expenses

Cost of sales consists of merchandise costs, including design, sourcing, importing and inbound freight costs, as well as markdowns, shrinkage and certain promotional costs (collectively, merchandise costs) and buying, occupancy, and warehousing costs. Buying, occupancy and warehousing costs consist of compensation, employee benefit expenses and travel for our buyers and certain senior merchandising executives; rent and utilities related to our stores, corporate headquarters, distribution centers and other office space; freight from our distribution centers to the stores; compensation and supplies for our distribution centers, including purchasing, receiving and inspection costs; and shipping and handling costs related to our e-commerce operation. Merchandise profit is the difference between net sales and merchandise costs. Gross profit is the difference between net sales and cost of sales.

Selling, General and Administrative Expenses

Selling, general and administrative expenses consist of compensation and employee benefit expenses, including salaries, incentives and related benefits associated with our stores and corporate headquarters. Selling, general and administrative expenses also include advertising costs, supplies for our stores and home office, communication costs, travel and entertainment, leasing costs and services purchased. Selling, general and administrative expenses

Table of Contents

do not include compensation, employee benefit expenses and travel for our design, sourcing and importing teams, our buyers and our distribution centers as these amounts are recorded in cost of sales.

Other Income, Net

Other income, net consists primarily of interest income/expense, foreign currency transaction gain/loss and realized investment gains/losses.

Other-than-Temporary Impairment

The Company evaluates its investments for impairment in accordance with ASC 320, *Investments – Debt and Equity Securities* (ASC 320). ASC 320 provides guidance for determining when an investment is considered impaired, whether impairment is other-than-temporary, and measurement of an impairment loss. An investment is considered impaired if the fair value of the investment is less than its cost. If, after consideration of all available evidence to evaluate the realizable value of its investment, impairment is determined to be other-than-temporary, then an impairment loss is recognized in the Consolidated Statement of Operations equal to the difference between the investment's cost and its fair value. Additionally, ASC 320 requires additional disclosures relating to debt and equity securities both in the interim and annual periods as well as requires the Company to present total other-than-temporary impairment (OTTI) with an offsetting reduction for any non-credit loss impairment amount recognized in other comprehensive income (OCI). There was no net impairment loss recognized in earnings during the 13 weeks ended April 28, 2012 or April 30, 2011.

Cash and Cash Equivalents, Short-term Investments and Long-term Investments

Cash includes cash equivalents. The Company considers all highly liquid investments purchased with a maturity of three months or less to be cash equivalents.

As of April 28, 2012, short-term investments include treasury bills with a maturity of greater than three months, but less than one year. It also includes auction rate securities (ARS) classified as available for sale that the Company expects to be redeemed at par within 12 months.

As of April 28, 2012, long-term investments include the Company's ARS Call Option related to investment sales during Fiscal 2010. Long-term investments are included within other assets on the Company's Consolidated Balance Sheets. The ARS Call Option expires on October 29, 2013.

Unrealized gains and losses on the Company's available-for-sale securities are excluded from earnings and are reported as a separate component of stockholders' equity, within accumulated other comprehensive income, until realized. The components of OTTI losses related to credit losses, as defined by ASC 320, are considered by the Company to be realized and are recorded in earnings. When available-for-sale securities are sold, the cost of the securities is specifically identified and is used to determine any realized gain or loss.

Refer to Note 3 to the Consolidated Financial Statements for information regarding cash and cash equivalents, short-term investments and long-term investments.

Merchandise Inventory

Merchandise inventory is valued at the lower of average cost or market, utilizing the retail method. Average cost includes merchandise design and sourcing costs and related expenses. The Company records merchandise receipts at the time merchandise is delivered to the foreign shipping port by the manufacturer (FOB port). This is the point at which title and risk of loss transfer to the Company.

The Company reviews its inventory levels to identify slow-moving merchandise and generally uses markdowns to clear merchandise. Additionally, the Company estimates a markdown reserve for future planned permanent markdowns related to current inventory. Markdowns may occur when inventory exceeds customer demand for reasons of style, seasonal adaptation, changes in customer preference, lack of consumer acceptance of fashion items, competition, or if it is determined that the inventory in stock will not sell at its currently ticketed price. Such markdowns may have a material adverse impact on earnings, depending on the extent and amount of inventory affected. The Company also estimates a shrinkage reserve for the period between the last physical count and the balance sheet date. The estimate for the shrinkage reserve, based on historical results, can be affected by changes in merchandise mix and changes in actual shrinkage trends.

Table of Contents***Income Taxes***

The Company calculates income taxes in accordance with ASC 740, *Income Taxes* (ASC 740), which requires the use of the asset and liability method. Under this method, deferred tax assets and liabilities are recognized based on the difference between the Consolidated Financial Statement carrying amounts of existing assets and liabilities and their respective tax bases as computed pursuant to ASC 740. Deferred tax assets and liabilities are measured using the tax rates, based on certain judgments regarding enacted tax laws and published guidance, in effect in the years when those temporary differences are expected to reverse. A valuation allowance is established against the deferred tax assets when it is more likely than not that some portion or all of the deferred taxes may not be realized. Changes in the Company's level and composition of earnings, tax laws or the deferred tax valuation allowance, as well as the results of tax audits may materially impact the Company's effective income tax rate.

The Company evaluates its income tax positions in accordance with ASC 740, which prescribes a comprehensive model for recognizing, measuring, presenting and disclosing in the financial statements tax positions taken or expected to be taken on a tax return, including a decision whether to file or not to file in a particular jurisdiction. Under ASC 740, a tax benefit from an uncertain position may be recognized only if it is more likely than not that the position is sustainable based on its technical merits.

The calculation of the deferred tax assets and liabilities, as well as the decision to recognize a tax benefit from an uncertain position and to establish a valuation allowance require management to make estimates and assumptions. The Company believes that its assumptions and estimates are reasonable, although actual results may have a positive or negative material impact on the balances of deferred tax assets and liabilities, valuation allowances or net income.

Refer to Note 10 to the Consolidated Financial Statements for additional information regarding income taxes.

Property and Equipment

Property and equipment is recorded on the basis of cost with depreciation computed utilizing the straight-line method over the assets' estimated useful lives. The useful lives of our major classes of assets are as follows:

Buildings	25 years
Leasehold improvements	Lesser of 10 years or the term of the lease
Fixtures and equipment	5 years

In accordance with ASC 360, *Property, Plant, and Equipment* (ASC 360), the Company evaluates long-lived assets for impairment at the individual store level, which is the lowest level at which individual cash flows can be identified, for stores that have been open for a period of time sufficient to reach maturity. Impairment losses are recorded on long-lived assets used in operations when events and circumstances indicate that the assets are impaired and the undiscounted cash flows estimated to be generated by those assets are less than their carrying amounts. When events such as these occur, the impaired assets are adjusted to their estimated fair value and an impairment loss is recorded. No long-lived asset impairment charges were recorded during the 13 weeks ended April 28, 2012 or April 30, 2011.

Refer to Note 6 to the Consolidated Financial Statements for additional information regarding property, plant and equipment.

Goodwill

The Company's goodwill is primarily related to the acquisition of its importing operations and Canadian business. In accordance with ASC 350, *Intangibles—Goodwill and Other* (ASC 350), the Company evaluates goodwill for possible impairment on at least an annual basis and last performed an annual impairment test as of January 28, 2012. As a result of the Company's annual goodwill impairment test, the Company concluded that its goodwill was not impaired.

Intangible Assets

Intangible assets are recorded on the basis of cost with amortization computed utilizing the straight-line method over the assets' estimated useful lives. The Company's intangible assets, which primarily include trademark assets, are amortized over 15 to 25 years.

Edgar Filing: AMERICAN EAGLE OUTFITTERS INC - Form 10-Q

The Company evaluates intangible assets for impairment in accordance with ASC 350 when events or circumstances indicate that the carrying value of the asset may not be recoverable. Such an evaluation includes the estimation of undiscounted future cash flows to be generated by those assets. If the sum of the estimated future undiscounted cash

Table of Contents

flows are less than the carrying amounts of the assets, then the assets are impaired and are adjusted to their estimated fair value. No intangible asset impairment charges were recorded in the 13 weeks ended April 28, 2012 or April 30, 2011.

Refer to Note 7 to the Consolidated Financial Statements for additional information regarding intangible assets.

Gift Cards

The value of a gift card is recorded as a current liability upon purchase, and revenue is recognized when the gift card is redeemed for merchandise. The Company estimates gift card breakage and recognizes revenue in proportion to actual gift card redemptions as a component of net sales. The Company determines an estimated gift card breakage rate by continuously evaluating historical redemption data and the time when there is a remote likelihood that a gift card will be redeemed. During the 13 weeks ended April 28, 2012 and April 30, 2011, the Company recorded \$1.9 million and \$1.1 million, respectively, of revenue related to gift card breakage.

Deferred Lease Credits

Deferred lease credits represent the unamortized portion of construction allowances received from landlords related to the Company's retail stores. Construction allowances are generally comprised of cash amounts received by the Company from its landlords as part of the negotiated lease terms. The Company records a receivable and a deferred lease credit liability at the lease commencement date (date of initial possession of the store). The deferred lease credit is amortized on a straight-line basis as a reduction of rent expense over the term of the original lease (including the pre-opening build-out period) and any subsequent renewal terms. The receivable is reduced as amounts are received from the landlord.

Co-branded Credit Card and Customer Loyalty Program

The Company offers a co-branded credit card (the AEO Visa Card) and a private label credit card (the AEO Credit Card) under the American Eagle, aerie and 77kids brands. These credit cards are issued by a third-party bank (the Bank), and the Company has no liability to the Bank for bad debt expense, provided that purchases are made in accordance with the Bank's procedures. Once a customer is approved to receive the AEO Visa Card or the AEO Credit Card and the card is activated, the customer is eligible to participate in the credit card rewards program. Customers who make purchases at AE, aerie and 77kids earn discounts in the form of savings certificates when certain purchase levels are reached. Also, AEO Visa Card customers who make purchases at other retailers where the card is accepted earn additional discounts. Savings certificates are valid for 90 days from issuance.

Points earned under the credit card rewards program on purchases at AE, aerie and 77kids are accounted for by analogy to ASC 605-25, *Revenue Recognition, Multiple Element Arrangements* (ASC 605-25). The Company believes that points earned under its point and loyalty programs represent deliverables in a multiple element arrangement rather than a rebate or refund of cash. Accordingly, the portion of the sales revenue attributed to the award points is deferred and recognized when the award is redeemed or when the points expire. Additionally, credit card reward points earned on non-AE, aerie or 77kids purchases are accounted for in accordance with ASC 605-25. As the points are earned, a current liability is recorded for the estimated cost of the award, and the impact of adjustments is recorded in cost of sales.

The Company offers its customers the AEREWARDSSM loyalty program (the Program). Under the Program, customers accumulate points based on purchase activity and earn rewards by reaching certain point thresholds during three-month earning periods. Rewards earned during these periods are valid through the stated expiration date, which is approximately one month from the mailing date of the reward. These rewards can be redeemed for a discount on a purchase of merchandise. Rewards not redeemed during the one-month redemption period are forfeited. The Company determined that rewards earned using the Program should be accounted for in accordance with ASC 605-25. Accordingly, the portion of the sales revenue attributed to the award credits is deferred and recognized when the awards are redeemed or expire.

Segment Information

In accordance with ASC 280, *Segment Reporting* (ASC 280), the Company has identified four operating segments (American Eagle Brand US and Canadian retail stores, aerie retail stores, 77kids retail stores and AEO Direct) that reflect the basis used internally to review performance and allocate resources. All of the operating segments have been aggregated and are presented as one reportable segment, as permitted by ASC 280.

Table of Contents**Reclassification**

Certain reclassifications have been made to the Consolidated Financial Statements for prior periods in order to conform to the current period presentation.

3. Cash and Cash Equivalents, Short-term Investments and Long-term Investments

The following table summarizes the fair market values for the Company's cash and marketable securities, which are recorded on the Consolidated Balance Sheets:

<i>(In thousands)</i>	April 28, 2012	January 28, 2012	April 30, 2011
Cash and cash equivalents:			
Cash	\$ 625,398	\$ 548,728	\$ 251,002
Money-market	51,915	131,785	154,548
Commercial paper	19,999	29,998	43,830
Treasury bills	16,131	9,034	25,288
Total cash and cash equivalents	\$ 713,443	\$ 719,545	\$ 474,668
Short-term investments:			
Treasury bills	\$ 3,087	\$ 19,999	\$ 73,143
State and local government ARS	5,500	5,500	3,700
Corporate bonds			21,232
Term-deposits			18,743
Commercial paper			13,695
Total short-term investments	\$ 8,587	\$ 25,499	\$ 130,513
Long-term investments:			
ARS Call Option	\$ 727	\$ 847	\$ 415
State and local government ARS			5,500
Total long-term investments	\$ 727	\$ 847	\$ 5,915
Total	\$ 722,757	\$ 745,891	\$ 611,096

Proceeds from the sale of investments were \$20.1 million and \$48.9 million for the 13 weeks ended April 28, 2012 and April 30, 2011, respectively. The purchase of investments was \$3.1 million and \$111.2 million for the 13 weeks ended April 28, 2012 and April 30, 2011, respectively. As of April 28, 2012 and April 30, 2011, the fair value of all ARS investments approximated par, with no gross unrealized holding losses.

During Fiscal 2010, the Company liquidated ARS investments with \$191.4 million of carrying value for proceeds of \$177.5 million and a realized loss of \$24.4 million (of which \$10.9 million had previously been included in OCI on the Company's Consolidated Balance Sheets). The ARS securities sold during Fiscal 2010 included \$119.7 million of par value ARS securities whereby the Company entered into a settlement agreement under which a financial institution (the purchaser) purchased the ARS at a discount to par, plus accrued interest. Additionally, under this agreement, the Company retained a right (the ARS Call Option), for a period ending October 29, 2013 to: (a) repurchase any or all of the ARS securities sold at the agreed upon purchase prices received from the purchaser plus accrued interest; and/or (b) receive additional proceeds from the purchaser upon certain redemptions of the ARS securities sold. The ARS Call Option is cancelable by the purchaser for additional cash consideration.

The Company is required to assess the value of the ARS Call Option at the end of each reporting period, with any changes in fair value recorded within the Consolidated Statement of Operations. Upon origination, the Company determined that the fair value was \$0.4 million. The fair value of the ARS Call Option was included as an offsetting amount within the net loss on liquidation of \$24.4 million referenced above. As of April 28, 2012, the Company determined that the remaining value of the ARS Call Option, which is classified as a long-term investment, was \$0.7 million.

4. Fair Value Measurements

ASC 820, *Fair Value Measurement Disclosures* (ASC 820), defines fair value, establishes a framework for measuring fair value in accordance with GAAP, and expands disclosures about fair value measurements. Fair value

Table of Contents

is defined under ASC 820 as the exit price associated with the sale of an asset or transfer of a liability in an orderly transaction between market participants at the measurement date.

Financial Instruments

Valuation techniques used to measure fair value under ASC 820 must maximize the use of observable inputs and minimize the use of unobservable inputs. In addition, ASC 820 establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include:

Level 1 Quoted prices in active markets for identical assets or liabilities.

Level 2 Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 Unobservable inputs (i.e., projections, estimates, interpretations, etc.) that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

As of April 28, 2012 and April 30, 2011, the Company held certain assets that are required to be measured at fair value on a recurring basis. These include cash equivalents and short and long-term investments, including ARS.

In accordance with ASC 820, the following table represents the Company's fair value hierarchy for its financial assets (cash equivalents and investments) measured at fair value on a recurring basis as of April 28, 2012 and April 30, 2011:

		Fair Value Measurements at April 28, 2012		
		Quoted Market Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
<i>(In thousands)</i>	Carrying Amount			
Cash and cash equivalents:				
Cash	\$ 625,398	\$ 625,398	\$	\$
Money-market	51,915	51,915		
Commercial paper	19,999	19,999		
Treasury bills	16,131	16,131		
Total cash and cash equivalents	\$ 713,443	\$ 713,443	\$	\$
Short-term investments:				
Treasury bills	\$ 3,087	\$ 3,087	\$	\$
State and local government ARS	5,500			5,500
Total short-term investments	\$ 8,587	\$ 3,087	\$	\$ 5,500
Long-term investments:				
ARS Call Option	\$ 727	\$	\$	\$ 727
Total long-term investments	\$ 727	\$	\$	\$ 727
Total	\$ 722,757	\$ 716,530	\$	\$ 6,227

Table of Contents

		Fair Value Measurements at April 30, 2011		
		Quoted Market Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

ARS Call Option	415			415
Total long-term investments	\$ 5,915	\$	\$	\$ 5,915
Total	\$ 611,096	\$ 601,481	\$	\$ 9,615

The Company uses a discounted cash flow model to value its Level 3 investments. At April 28, 2012, the assumptions in the Company's model for Level 3 investments, excluding the ARS Call Option, included a recovery period of two months, a discount factor for yield of 0.1% and illiquidity of 0.5%. At April 30, 2011, the assumptions in the Company's model included different recovery periods, ranging from two months to 14 months, varying discount factors for yield, ranging from 0.2% to 2.0%, and illiquidity of 0.5%. These assumptions are subjective. They are based on the Company's current judgment and its view of current market conditions. The use of different reasonable assumptions would not result in a material change to the valuation.

As a result of the discounted cash flow analysis, no impairment loss was recorded for the 13 weeks ended April 28, 2012 or April 30, 2011.

The fair value of the ARS Call Option described in Note 3 to the Consolidated Financial Statements was also estimated using a discounted cash flow model. The model considered potential changes in yields for securities with similar characteristics to the underlying ARS and evaluated possible future refinancing opportunities for the issuers of the ARS. The analysis then assessed the likelihood that the options would be exercisable as a result of the underlying ARS being redeemed or traded in a secondary market at an amount greater than the exercise price prior to the end of the option term. Changes in the fair value of the ARS Call Option are recorded within the Consolidated Statements of Operations and Retained Earnings.

The reconciliation of the Company's assets measured at fair value on a recurring basis using unobservable inputs (Level 3) for the thirteen weeks ended April 28, 2012 is as follows.

Table of Contents

(In thousands)	Level 3 (Unobservable inputs)		
	Total	Auction-Rate Municipal Securities	ARS Call Option
Carrying value at January 28, 2012	\$ 6,347	\$ 5,500	\$ 847
Settlements	(120)		(120)
Balance at April 28, 2012	\$ 6,227	\$ 5,500	\$ 727

There were no changes in the value of the Company's Level 3 assets from January 29, 2011 to April 30, 2011.

Non-Financial Assets

The Company's non-financial assets, which include goodwill, intangible assets and property and equipment, are not required to be measured at fair value on a recurring basis. However, if certain triggering events occur, or if an annual impairment test is required and the Company is required to evaluate the non-financial instrument for impairment, a resulting asset impairment would require that the non-financial asset be recorded at the estimated fair value. As a result of the Company's annual goodwill impairment test performed as of January 28, 2012, the Company concluded that its goodwill was not impaired. During the 13 weeks ended April 28, 2012, there were no triggering events that prompted an asset impairment test of the Company's non-financial assets.

5. Earnings per Share

The following is a reconciliation between basic and diluted weighted average shares outstanding:

(In thousands)	13 Weeks Ended	
	April 28, 2012	April 30, 2011
Weighted average common shares outstanding:		
Basic number of common shares outstanding	194,890	194,683
Dilutive effect of stock options and non-vested restricted stock	2,362	1,950
Diluted number of common shares outstanding	197,252	196,633

Equity awards to purchase approximately 7.7 million shares of common stock during the 13 weeks ended April 28, 2012 and approximately 7.4 million shares of common stock during the 13 weeks ended April 30, 2011, respectively, were outstanding, but were not included in the computation of weighted average diluted common share amounts as the effect of doing so would be anti-dilutive.

There were approximately 0.9 million shares for the 13 weeks ended April 28, 2012 and approximately 1.8 million shares for the 13 weeks ended April 30, 2011 of restricted stock units that were outstanding, but not included in the computation of weighted average diluted common share amounts as the effect of doing so would have been anti-dilutive.

Refer to Note 9 to the Consolidated Financial Statements for additional information regarding share-based compensation.

6. Property and Equipment

Property and equipment consists of the following:

(In thousands)	April 28, 2012	January 28, 2012	April 30, 2011
Property and equipment, at cost	\$ 1,458,090	\$ 1,458,522	\$ 1,458,608
Less: Accumulated depreciation	(885,986)	(876,360)	(816,701)

Edgar Filing: AMERICAN EAGLE OUTFITTERS INC - Form 10-Q

Property and equipment, net	\$ 572,104	\$ 582,162	\$ 641,907
-----------------------------	------------	------------	------------

Table of Contents**7. Intangible Assets**

Intangible assets consist of the following:

<i>(In thousands)</i>	April 28, 2012	January 28, 2012	April 30, 2011
Trademarks, at cost	\$ 44,362	\$ 44,142	\$ 43,114
Less: Accumulated amortization	(4,806)	(4,310)	(2,660)
Intangible assets, net	\$ 39,556	\$ 39,832	\$ 40,454

8. Other Credit Arrangements

On March 2, 2012, the Company entered into a five-year, \$150.0 million syndicated, unsecured, revolving credit agreement (the Credit Agreement). The primary purpose of the Credit Agreement is to provide additional access to capital for general corporate purposes, growth initiatives and the issuance of letters of credit.

The Credit Agreement contains financial covenants that require the Company to maintain certain coverage and leverage ratios, and various customary affirmative and negative covenants such as the ability to incur additional debt not otherwise permitted under the Credit Agreement.

The Credit Agreement has various borrowing options, including rates of interest that are based on (i) an Adjusted London Interbank Offered Rate (LIBOR as defined in the Credit Agreement) plus a margin ranging from 1.00% to 1.75% based on a defined leverage ratio, payable at the end of the applicable interest period; and (ii) a Base Rate (as defined in the Credit Agreement), plus a margin ranging from 0.00% to 0.75% based on a defined leverage ratio, payable quarterly.

Under the Credit Agreement, the Company is also required to pay a commitment fee ranging from 0.175% to 0.30%, based on the defined leverage ratio, on the unused portion of the total lender commitments.

As of April 28, 2012, the Company was in compliance with the terms of the Credit Agreement and had \$7.6 million outstanding in letters of credit and no borrowings.

The Credit Agreement replaced uncommitted demand lines in the aggregate amount of \$110.0 million United States dollars (USD) and \$25.0 million Canadian dollars (CAD).

Additionally, the Company has borrowing agreements with two separate financial institutions under which it may borrow an aggregate of \$135.0 million USD for the purposes of trade letter of credit issuances. As of April 28, 2012, the Company had outstanding trade letters of credit of \$23.9 million. The availability of any future borrowings under the trade letter of credit facilities is subject to acceptance by the respective financial institutions.

9. Share-Based Compensation

The Company accounts for share-based compensation under the provisions of ASC 718, *Compensation - Stock Compensation* (ASC 718), which requires companies to measure and recognize compensation expense for all share-based payments at fair value. Total share-based compensation expense included in the Consolidated Statements of Operations for the 13 weeks ended April 28, 2012 and April 30, 2011 was \$21.3 million (\$13.1 million, net of tax) and \$2.5 million (\$1.5 million net of tax), respectively.

Stock Option Grants

The Company grants both time-based and performance-based stock options under its 2005 Stock Award and Incentive Plan. Time-based stock option awards vest over the requisite service period of the award or to an employee's eligible retirement date, if earlier. Performance-based stock option awards vest over one year and are earned if the Company meets pre-established performance goals.

Table of Contents

A summary of the Company's stock option activity for the 13 weeks ended April 28, 2012 follows:

	Options (In thousands)	Weighted-Average Exercise Price	Weighted-Average Remaining Contractual Term (In years)	Aggregate Intrinsic Value (In thousands)
Outstanding January 28, 2012	11,197	\$ 15.31		
Granted	1,046	\$ 14.26		
Exercised (1)	(1,516)	\$ 8.00		
Cancelled	(391)	\$ 10.57		
Outstanding April 28, 2012	10,336	\$ 16.45	2.5	\$ 40,451
Vested and expected to vest April 28, 2012	10,235	\$ 16.47	2.5	\$ 40,085
Exercisable April 28, 2012 (2)	4,973	\$ 11.56	2.1	\$ 34,183

- (1) Options exercised during the 13 weeks ended April 28, 2012 had exercise prices ranging from \$4.54 to \$13.04.
(2) Options exercisable represent in-the-money vested options based upon the weighted average exercise price of vested options compared to the Company's stock price at April 28, 2012.

The weighted-average grant date fair value of stock options granted during the 13 weeks ended April 28, 2012 and April 30, 2011 was \$3.69 and \$4.73, respectively. The aggregate intrinsic value of options exercised during the 13 weeks ended April 28, 2012 and April 30, 2011 was \$13.1 million and \$1.2 million, respectively.

Cash received from the exercise of stock options was \$12.2 million for the 13 weeks ended April 28, 2012 and \$2.5 million for the 13 weeks ended April 30, 2011. The actual tax benefit realized from stock option exercises totaled \$4.4 million for the 13 weeks ended April 28, 2012 and \$0.3 million for the 13 weeks ended April 30, 2011.

The fair value of stock options was estimated based on the closing market price of the Company's common stock on the date of the grant using a Black-Scholes option pricing model with the following weighted-average assumptions:

Black-Scholes Option Valuation Assumptions	13 Weeks Ended April 28, 2012	April 30, 2011
Risk-free interest rate (1)	0.6%	2.1%
Dividend yield	2.8%	2.3%
Volatility factor (2)	41.2%	42.7%
Weighted-average expected term (3)	4.0 years	5.0 years
Expected forfeiture rate (4)	8.0%	8.0%

- (1) Based on the U.S. Treasury yield curve in effect at the time of grant with a term consistent with the expected life of our stock options.
(2) Based on a combination of historical volatility of the Company's common stock and implied volatility.
(3) Represents the period of time options are expected to be outstanding, based on historical experience.
(4) Based upon historical experience.

As of April 28, 2012, there was \$3.4 million of unrecognized compensation expense related to non-vested stock option awards that is expected to be recognized over a weighted average period of 2.3 years.

Restricted Stock Grants

Edgar Filing: AMERICAN EAGLE OUTFITTERS INC - Form 10-Q

Time-based restricted stock awards are comprised of time-based restricted stock units. These awards vest over three years; however, they may be accelerated to vest over one year if the Company meets pre-established performance goals in the year of grant. Time-based restricted stock units receive dividend equivalents in the form of additional time-based restricted stock units, which are subject to the same restrictions and forfeiture provisions as the original award.

Table of Contents

Performance-based restricted stock awards include performance-based restricted stock units. These awards cliff vest at the end of a three year period based upon the Company's achievement of pre-established goals throughout the term of the award. Performance-based restricted stock units receive dividend equivalents in the form of additional performance-based restricted stock units, which are subject to the same restrictions and forfeiture provisions as the original award.

The grant date fair value of all restricted stock awards is based on the closing market price of the Company's common stock on the date of grant.

A summary of the Company's restricted stock activity is presented in the following tables:

(Shares in thousands)	Time-Based Restricted Stock Units		Performance-Based Restricted Stock Units	
	13 Weeks Ended April 28, 2012		13 Weeks Ended April 28, 2012	
	Shares	Weighted-Average Grant Date Fair Value	Shares	Weighted-Average Grant Date Fair Value
Nonvested - January 28, 2012	1,784	\$ 15.73	1,762	\$ 14.23
Granted	1,472	14.69	869	14.65
Vested	(1,074)	16.65		
Cancelled	(56)	15.02	(397)	11.67
Nonvested - April 28, 2012	2,126	\$ 14.56	2,234	\$ 14.85

As of April 28, 2012, there was \$35.5 million of unrecognized compensation expense related to non-vested time-based restricted stock unit awards that is expected to be recognized over a weighted average period of 2.3 years. Additionally, there was \$18.9 million of unrecognized compensation expense related to performance-based restricted stock unit awards which will be recognized as achievement of performance goals is probable.

As of April 28, 2012, the Company had 23.2 million shares available for all equity grants.

10. Income Taxes

The provision for income taxes from continuing operations is based on the current estimate of the annual effective income tax rate and is adjusted as necessary for quarterly events. The effective income tax rate from continuing operations based on actual operating results for the 13 weeks ended April 28, 2012 was 34.7% compared to 34.0% for the 13 weeks ended April 30, 2011. The effective income tax rate for the 13 weeks ended April 28, 2012 and April 30, 2011, respectively, was lower than the statutory rate primarily due to proceeds received related to the Company's ARS call option for which no income tax expense was recognized, as well as federal and state income tax settlements and other changes in income tax reserves.

The Company records accrued interest and penalties related to unrecognized tax benefits in income tax expense.

The Company recognizes income tax liabilities related to unrecognized tax benefits in accordance with ASC 740 and adjusts these liabilities when its judgment changes as the result of the evaluation of new information not previously available. Unrecognized tax benefits did not change significantly during the 13 weeks ended April 28, 2012 and April 30, 2011, respectively. Over the next twelve months, the Company believes that it is reasonably possible that unrecognized tax benefits may decrease by approximately \$6.6 million due to settlements, expiration of statute of limitations or other changes in unrecognized tax benefits.

11. Legal Proceedings

The Company is subject to certain legal proceedings and claims arising out of the conduct of its business. In accordance with ASC 450, *Contingencies* (ASC 450), management records a reserve for estimated losses when the loss is probable and the amount can be reasonably estimated. If a range of possible loss exists and no anticipated loss within the range is more likely than any other anticipated loss, the Company records the accrual at the low end of the range, in accordance with ASC 450. As the Company believes that it has provided adequate reserves, it anticipates that the ultimate outcome of any matter currently pending against the Company will not materially affect the consolidated financial position or results of operations of the Company.

Table of Contents

12. Subsequent Event

On May 18, 2012, the Company announced plans to exit the 77kids business, which includes 22 stores and the online business. The Company is currently exploring options for the business, which include a full or partial disposition of assets to a third party. In fiscal 2011, the brand generated an after-tax loss of \$23.6 million on sales of \$39.8 million. Pre-tax asset impairment charges of approximately \$16.0 million are expected in the second quarter as a result of the decision. The Company anticipates the remaining exit charges to be taken primarily in the second and third quarters, which will be disclosed when the plans are finalized.

Review by Independent Registered Public Accounting Firm

Ernst & Young LLP, our independent registered public accounting firm, has performed a limited review of the unaudited Consolidated Financial Statements as of and for the thirteen week periods ended April 28, 2012 and April 30, 2011, as indicated in their report on the limited review included below. Since they did not perform an audit, they express no opinion on the unaudited Consolidated Financial Statements referred to above.

Report of Independent Registered Public Accounting Firm

The Board of Directors and Stockholders

American Eagle Outfitters, Inc.

We have reviewed the consolidated balance sheets of American Eagle Outfitters, Inc. (the Company) as of April 28, 2012 and April 30, 2011, and the related consolidated statements of operations and retained earnings, the consolidated statements of comprehensive income and the consolidated statements of cash flows for the thirteen week periods ended April 28, 2012 and April 30, 2011. These financial statements are the responsibility of the Company's management.

We conducted our reviews in accordance with the standards of the Public Company Accounting Oversight Board (United States). A review of interim financial information consists principally of applying analytical procedures and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with the standards of the Public Company Accounting Oversight Board, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our reviews, we are not aware of any material modifications that should be made to the consolidated financial statements referred to above for them to be in conformity with U.S. generally accepted accounting principles.

We have previously audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the consolidated balance sheet of American Eagle Outfitters, Inc. as of January 28, 2012, and the related consolidated statements of operations, comprehensive income, stockholders' equity, and cash flows for the year then ended not presented herein, and in our report dated March 15, 2012, we expressed an unqualified opinion on those consolidated financial statements. In our opinion, the information set forth in the accompanying consolidated balance sheet as of January 28, 2012, is fairly stated, in all material respects, in relation to the consolidated balance sheet from which it has been derived.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS.

The following discussion and analysis of financial condition and results of operations should be read in conjunction with our Fiscal 2011 Management's Discussion and Analysis of Financial Condition and Results of Operations which can be found in our Fiscal 2011 Annual Report on Form 10-K.

In addition, the following discussion and analysis of financial condition and results of operations are based upon our Consolidated Financial Statements and should be read in conjunction with these statements and notes thereto.

This report contains various forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, which represent our expectations or beliefs concerning future events, including the following:

the planned opening of approximately 15 new American Eagle stores during Fiscal 2012;

the selection of approximately 55 to 65 American Eagle stores in the United States and Canada for remodeling and refurbishing during Fiscal 2012;

the potential closure of approximately 20 to 30 American Eagle stores in the United States and Canada during Fiscal 2012;

the planned opening of approximately 30 new franchised American Eagle stores during Fiscal 2012;

the success of aerie by American Eagle and aerie.com;

the planned exit of the 77kids brand including all 22 77kids by american eagle stores and online business;

the expected payment of a dividend in future periods;

the possibility to engage in future franchise agreements, growth through acquisitions and/or internally developing additional new brands;

the possibility that our credit facilities may not be available for future borrowings;

the possibility that rising prices of raw materials, labor, energy and other inputs to our manufacturing process, if unmitigated, will have a significant impact to our profitability; and

the possibility that we may be required to take additional store impairment charges related to underperforming stores.

We caution that these forward-looking statements, and those described elsewhere in this report, involve material risks and uncertainties and are subject to change based on factors beyond our control as discussed within Item 1A of this Quarterly Report on Form 10-Q and Item 1A of our Fiscal 2011 Annual Report on Form 10-K. Accordingly, our future performance and financial results may differ materially from those expressed or implied in any such forward-looking statements.

Key Performance Indicators

Our management evaluates the following items, which are considered key performance indicators, in assessing our performance:

Comparable store sales Comparable store sales provide a measure of sales growth for stores open at least one year over the comparable prior year period. In fiscal years following those with 53 weeks, the prior year period is shifted by one week to compare similar calendar weeks. A store is included in comparable store sales in the thirteenth month of operation. However, stores that have a gross square footage increase of 25% or greater due to a remodel are removed from the comparable store sales base, but are included in total sales. These stores are returned to the comparable store sales base in the thirteenth month following the remodel. Sales from American Eagle, aerie, 77kids and AEO Direct are included in comparable stores sales. Sales from franchise stores are not included in comparable store sales.

Our management considers comparable store sales to be an important indicator of our current performance. Comparable store sales results are important to achieve leveraging of our costs, including store payroll, store supplies, rent, etc. Comparable store sales also have a direct impact on our total net sales, cash and working capital.

Gross profit Gross profit measures whether we are optimizing the price and inventory levels of our merchandise and achieving an optimal level of sales. Gross profit is the difference between net sales and cost of sales. Cost of sales consists of: merchandise costs, including design, sourcing, importing and inbound freight costs, as well as markdowns, shrinkage, certain promotional costs and buying, occupancy and warehousing costs. Buying, occupancy

Table of Contents

and warehousing costs consist of: compensation, employee benefit expenses and travel for our buyers; rent and utilities related to our stores, corporate headquarters, distribution centers and other office space; freight from our distribution centers to the stores; compensation and supplies for our distribution centers, including purchasing, receiving and inspection costs; and shipping and handling costs related to our e-commerce operation. The inability to obtain acceptable levels of sales, initial markups or any significant increase in our use of markdowns could have an adverse effect on our gross profit and results of operations.

Operating income Our management views operating income as a key indicator of our success. The key drivers of operating income are comparable store sales, gross profit, our ability to control selling, general and administrative expenses, and our level of capital expenditures.

Store productivity Store productivity, including net sales per average square foot, sales per productive hour, average unit retail price (AUR), conversion rate, the number of transactions per store, the number of units sold per store and the number of units per transaction, is evaluated by our management in assessing our operational performance.

Inventory turnover Our management evaluates inventory turnover as a measure of how productively inventory is bought and sold. Inventory turnover is important as it can signal slow moving inventory. This can be critical in determining the need to take markdowns on merchandise.

Cash flow and liquidity Our management evaluates cash flow from operations, investing and financing in determining the sufficiency of our liquidity. Cash flow from operations has historically been sufficient to cover our uses of cash. Our management believes that cash flow from operations will be sufficient to fund anticipated capital expenditures and working capital requirements.

Results of Operations

Overview

The following discussion of operating results reflects our consolidated operations, including 77kids. Refer to Impact of 77kids caption below.

Our first quarter performance resulted in net sales increasing 18% and EPS expanding 43% to \$0.20 per diluted share, which includes a \$0.02 loss per diluted share from 77kids. Strong demand enabled us to pull back on planned promotions and top line growth helped mitigate pressure from higher product costs. Additionally, we leveraged fixed operating expense, also contributing to bottom line growth.

Net sales for the first quarter increased 18% to \$719.1 million and comparable store sales, including AE Direct, increased 17%, against a 7% decrease last year. By brand, AE comparable store sales increased 17% to last year, aerie comparable store sales increased 20% and sales for AEO Direct increased 22% in the first quarter.

Gross profit increased 18% from last year. However, gross margin declined 10 basis points to 37.9% as a rate to sales. Merchandise margin decreased 230 basis points due to increased product costs, primarily related to cotton and increased incentive accruals, offset slightly by an improvement in the markdown rate. Buying, occupancy and warehousing costs improved by 220 basis points, which was driven by the 17% increase in comparable store sales for the quarter.

Operating income for the first quarter was \$57.3 million compared to \$38.4 million last year. Operating income as a rate to net sales was 8.0% this year compared to 6.3% last year. Net income increased to \$39.7 million compared to \$28.3 million a year ago. Net income was \$0.20 per diluted share this year compared to \$0.14 per diluted share last year.

Subsequent to the end of the first quarter, we announced plans to exit the 77kids brand. The net income impact of 77kids was \$4.3 million, or a \$0.02 loss per diluted share, this year as compared to \$3.5 million, or a \$0.02 loss per diluted share, last year.

We had \$722.0 million in cash and short-term investments as of April 28, 2012. Merchandise inventory at April 28, 2012 was \$376.7 million, compared to \$331.6 million last year, an increase of 14% on a cost per foot basis.

Our business is affected by the pattern of seasonality common to most retail apparel businesses. The results for the current and prior periods are not necessarily indicative of future financial results.

Table of Contents

The following table shows the percentage relationship to net sales of the listed line items included in our Consolidated Statements of Operations.

	13 Weeks Ended	
	April 28, 2012	April 30, 2011
Net sales	100.0%	100.0%
Cost of sales, including certain buying, occupancy and warehousing expenses	62.1	62.0
Gross profit	37.9	38.0
Selling, general and administrative expenses	25.4	26.0
Depreciation and amortization expense	4.5	5.7
Operating income	8.0	6.3
Other (expense) income, net	0.5	0.7
Income before income taxes	8.5	7.0
Provision for income taxes	3.0	2.4
Net income	5.5	4.6

The following table shows our adjusted consolidated store data for the 13 weeks ended April 28, 2012 and April 30, 2011.

	13 Weeks Ended	
	April 28, 2012	April 30, 2011
Number of stores:		
Beginning of period	1,090	1,086
Opened	7	11
Closed	(7)	(1)
End of period	1,090	1,096
Total gross square feet at end of period	6,414,420	6,397,205
International franchise stores at end of period (1)	34	5

(1) International franchise stores are not included in the consolidated store data or the total gross square feet calculation. Our operations are conducted in one reportable segment, which includes 911 U.S. and Canadian AE retail stores, 157 aerie stand-alone retail stores, 22 77kids retail stores and AEO Direct.

Table of Contents

Comparison of the 13 weeks ended April 28, 2012 to the 13 weeks ended April 30, 2011

The following discussion of operating results reflects our consolidated operations, including 77kids. Refer to Impact of 77kids caption below.

Net Sales

Net sales increased 18% to \$719.1 million compared to \$609.6 million last year. The change in net sales resulted primarily from a comparable store sales increase of 17% for the period, including a 22% increase in AEO Direct sales. Included in these sales are total net sales for 77kids of \$10.4 million this year, compared to \$6.5 million last year.

AE women's comparable store sales increased 17% and men's comparable stores increased 16%. For the first quarter, transactions increased in the low double-digits, driven by higher traffic and conversion. AUR was flat to last year, demonstrating improvement from the second half of Fiscal 2011.

Gross Profit

Gross profit increased 18% to \$272.7 million, or 37.9% as a rate to net sales, from \$231.8 million, or 38.0% as a rate to net sales last year. The percentage decrease was attributed to a 230 basis point decrease in the merchandise margin and a 220 basis point decrease in buying, occupancy and warehousing costs, as a percent to net sales. The decrease in merchandise margin was the result of increased product costs, primarily related to cotton and incentive costs, offset slightly by an improvement in the markdown rate. Buying, occupancy and warehousing expenses decreased as a rate to sales as a result of the 17% increase in comparable store sales for the quarter. Included in gross profit this year was a \$2.3 million loss for 77kids, compared to a \$2.1 million loss last year.

There was \$11.0 million of share-based payment expense included in gross profit for the period, comprised of both time and performance-based awards, compared to \$1.2 million last year, comprised of only time-based awards.

Our gross profit may not be comparable to that of other retailers, as some retailers include all costs related to their distribution network as well as design costs in cost of sales and others may exclude a portion of these costs from cost of sales, including them in a line item such as selling, general and administrative expenses. Refer to Note 2 to the Consolidated Financial Statements for a description of our accounting policy regarding cost of sales, including certain buying, occupancy and warehousing expenses.

Selling, General and Administrative Expenses

Selling, general and administrative expenses increased to \$182.6 million from \$158.5 million last year and improved 60 basis points, as a rate to net sales, to 25.4% from 26.0% last year. The \$24.1 million increase was primarily due to an increase in incentive compensation and variable selling expense incremental to last year. Included in SG&A this year was \$4.1 million of expense for 77kids, compared to \$3.2 million last year.

There was \$10.3 million of share-based payment expense included in selling, general and administrative expenses, comprised of both time and performance-based awards, compared to \$1.3 million last year, comprised of only time-based awards.

Depreciation and Amortization Expense

Depreciation and amortization expense as a rate to net sales decreased to 4.5% compared to 5.7% for the corresponding period last year as a result of the higher net sales for the period. Depreciation and amortization expense decreased to \$32.8 million, compared to \$34.9 million last year as a result of the asset impairments recorded in the fourth quarter of Fiscal 2011. Included in depreciation and amortization expense this year was \$0.7 million of expense for 77kids, compared to \$0.4 million last year.

Other Income, Net

Other income was \$3.5 million compared to income of \$4.5 million last year. Other income for both periods relates primarily to additional proceeds received from the ARS Call Option.

Table of Contents*Provision for Income Taxes*

The provision for income taxes from continuing operations is based on the current estimate of the annual effective income tax rate and is adjusted as necessary for quarterly events. The effective income tax rate based on actual operating results for the 13 weeks ended April 28, 2012 was 34.7% compared to 34.0% for the 13 weeks ended April 30, 2011. The effective income tax rate for the 13 weeks ended April 28, 2012 and April 30, 2011, respectively, was lower than the statutory rate primarily due to proceeds received related to the Company's ARS Call Option for which no income tax expense was recognized, as well as federal and state income tax settlements and other changes in income tax reserves.

Net Income

Net income increased to \$39.7 million, or 5.5% as a percent to net sales, from \$28.3 million, or 4.6% as a percent to net sales last year. Net income per diluted share increased to \$0.20 from \$0.14 in the prior year. Net income includes a \$4.4 million loss, or a \$0.02 per diluted share loss, this year for 77kids, compared to a \$3.5 million loss, or a \$0.02 per diluted share loss, last year. The change in net income is attributable to the factors noted above.

Impact of 77kids

On May 18, 2012, we announced plans to exit 77kids business, which includes 22 stores and the online business. We are currently exploring alternatives for the business, which include a full or partial disposition of assets to a third party. In fiscal 2011, the brand generated an after-tax loss of \$23.6 million on sales of \$39.8 million. Pre-tax asset impairment charges of approximately \$16.0 million are expected in the second quarter as a result of the decision. We anticipate the remaining exit charges to be taken primarily in the second and third quarters, which will be disclosed when the plans are finalized.

The following financial information for 77kids is included in our Consolidated Statements of Operations for the 13 weeks ended April 28, 2012 and April 30, 2011:

	13 weeks ended April 28, 2012	13 weeks ended April 30, 2011
<i>(In thousands, except per share amounts)</i>		
Net sales	\$ 10,398	\$ 6,478
Gross profit	(2,250)	(2,058)
Selling, general and administrative expenses	4,066	3,239
Depreciation and amortization	732	444
Operating loss	(7,048)	(5,741)
Net loss	(4,338)	(3,546)
Net loss per diluted common share	(0.02)	(0.02)

International Expansion

We have entered into franchise agreements with multiple partners to expand our brands internationally. Through these franchise agreements, we plan to open and operate a series of American Eagle stores in the Middle East, Northern Africa, Eastern Europe, Hong Kong, China, Israel and Japan. As of the April 28, 2012, we had 34 franchised stores operated by our franchise partners in 12 countries. These franchise agreements do not involve a capital investment from AEO and require minimal operational involvement. We continue to evaluate additional opportunities to expand internationally. International franchise stores are not included in the consolidated store data or the total gross square feet calculation.

Fair Value Measurements

ASC 820, *Fair Value Measurement Disclosures* (ASC 820), defines fair value, establishes a framework for measuring fair value in accordance with GAAP, and expands disclosures about fair value measurements. Fair value is defined under ASC 820 as the exit price associated with the sale of an asset or transfer of a liability in an orderly transaction between market participants at the measurement date.

Financial Instruments

Edgar Filing: AMERICAN EAGLE OUTFITTERS INC - Form 10-Q

Valuation techniques used to measure fair value under ASC 820 must maximize the use of observable inputs and minimize the use of unobservable inputs. In addition, ASC 820 establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include:

Level 1 Quoted prices in active markets for identical assets or liabilities.

Level 2 Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 Unobservable inputs (i.e., projections, estimates, interpretations, etc.) that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

As of April 28, 2012, we held certain assets that are required to be measured at fair value on a recurring basis. These include cash equivalents and short and long-term investments, including auction rate securities (ARS).

Table of Contents

In accordance with ASC 820, the following table represents the fair value hierarchy of our financial assets (cash equivalents and investments) measured at fair value on a recurring basis as of April 28, 2012:

(In thousands)	Carrying Amount	Fair Value Measurements at April 28, 2012		
		Quoted Market Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Cash and cash equivalents:				
Cash	\$ 625,398	\$ 625,398	\$	\$
Money-market	51,915	51,915		
Commercial paper	19,999	19,999		
Treasury bills	16,131	16,131		
Total cash and cash equivalents	\$ 713,443	\$ 713,443	\$	\$
Short-term investments:				
Treasury bills	\$ 3,087	\$ 3,087	\$	\$
State and local government ARS	5,500			5,500
Total short-term investments	\$ 8,587	\$ 3,087	\$	\$ 5,500
Long-term investments: ARS Call Option	\$ 727	\$	\$	\$ 727
Total long-term investments	\$ 727	\$	\$	\$ 727
Total	\$ 722,757	\$ 716,530	\$	\$ 6,227

Percent to Total

100.0%

99.1%

0.0%

0.9%

We use a discounted cash flow model to value our Level 3 investments. The assumptions in our model for Level 3 investments, excluding the ARS Call Option, included a recovery period of two months, a discount factor for yield of 0.1% and illiquidity of 0.5%. These assumptions are subjective. They are based on our current judgment and our view of current market conditions. The use of different assumptions (i.e., an increase in the recovery period by one year or an increase to the discount rate and illiquidity premium of 100 basis points) would not result in a material change to the valuation.

The fair value of the ARS Call Option described in Note 3 to the Consolidated Financial Statements was also estimated using a discounted cash flow model. The model considers potential changes in yields for securities with similar characteristics to the underlying ARS and evaluates possible future refinancing opportunities of the issuers of the ARS. The analysis then assesses the likelihood that the options would be exercisable as a result of the underlying ARS being redeemed or traded in a secondary market at an amount greater than the exercise price prior to the end of the option term. Future changes in the fair values of the ARS Call Option will be recorded within the Consolidated Statements of Operations.

Refer to Notes 3 and 4 to the Consolidated Financial Statements for additional information on our investment securities, including a description of the securities and a discussion of the uncertainties relating to their liquidity.

Liquidity and Capital Resources

Our uses of cash are generally for working capital, the construction of new stores and remodeling of existing stores, information technology upgrades, distribution center improvements and expansion, the purchase of both short and long-term investments, the repurchase of common stock and the payment of dividends. Historically, these uses of cash have been funded with cash flow from operations and existing cash on hand. We expect to be able to fund our future cash requirements through current cash holdings as well as cash generated from operations.

Our growth strategy includes internally developing our brands and the possibility of further international expansion or acquisitions. We periodically consider and evaluate these options to support future growth. In the event we do pursue such options, we could require additional equity or debt financing. There can be no assurance that we would be successful in closing any potential transaction, or that any endeavor we

undertake would increase our profitability.

Table of Contents

The following sets forth certain measures of our liquidity:

	April 28, 2012	January 28, 2012	April 30, 2011
Working Capital (in 000 \$)	\$ 941,760	\$ 882,087	\$ 778,996
Current Ratio	3.96	3.18	3.41

The \$59.7 million increase in working capital as of April 28, 2012 compared to January 28, 2012, resulted primarily from net income, net of non-cash adjustments, offset by the use of cash for investing and financing activities. Investing and financing activities include capital expenditures and the payment of dividends.

The \$162.8 million increase in working capital as of April 28, 2012, compared to April 30, 2011, is primarily a result of cash generated by net income, net of non-cash adjustments, which funded our use of cash for financing and investing activities including capital expenditures and as well as the distribution of cash to shareholders through the payment of dividends.

Cash Flows from Operating Activities

Net cash provided by (used for) operating activities totaled \$12.7 million and (\$39.2) million for the 13 weeks ended April 28, 2012 and April 30, 2011, respectively. For both periods, our major source of cash from operations was merchandise sales and our primary outflow of cash for operations was for the payment of operational costs. Cash flows from operations this year were positive, driven in part by an increase in net income, net of non-cash adjustments, as a result of the 18% increase in sales.

Cash Flows from Investing Activities

Investing activities for the 13 weeks ended April 28, 2012 included \$24.8 million of capital expenditures for property and equipment, \$3.1 million of investment purchases and \$0.2 million for the acquisition of intangible assets primarily related to our international expansion strategy, partially offset by \$20.1 million of proceeds from the sale of investments classified as available-for-sale. Investing activities for the 13 weeks ended April 30, 2011 primarily included \$37.7 million of capital expenditures for property and equipment, \$33.2 million for the acquisition of intangible assets related to our international expansion strategy and \$111.2 million of investment purchases, partially offset by \$48.9 million of proceeds from the sale of investments classified as available-for-sale.

Cash Flows from Financing Activities

Cash used for financing activities for the 13 weeks ended April 28, 2012 and April 30, 2011 consisted primarily of \$21.5 million and \$21.4 million, respectively, for the payment of dividends.

Credit Facilities

On March 2, 2012, we entered into a five-year, \$150.0 million syndicated, unsecured, revolving credit agreement (the "Credit Agreement"). The primary purpose of the Credit Agreement is to provide additional access to capital for general corporate purposes, growth initiatives and the issuance of letters of credit.

The Credit Agreement contains financial covenants that require us to maintain certain coverage and leverage ratios, and various customary affirmative and negative covenants such as the ability to incur additional debt not otherwise permitted under the Credit Agreement.

The Credit Agreement has various borrowing options, including rates of interest that are based on (i) an Adjusted London Interbank Offered Rate ("LIBOR" as defined in the Credit Agreement) plus a margin ranging from 1.00% to 1.75% based on a defined leverage ratio, payable at the end of the applicable interest period; and (ii) a Base Rate (as defined in the Credit Agreement), plus a margin ranging from 0.00% to 0.75% based on a defined leverage ratio, payable quarterly.

Under the Credit Agreement, we are also required to pay a commitment fee ranging from 0.175% to 0.30%, based on the defined leverage ratio, on the unused portion of the total lender commitments.

Edgar Filing: AMERICAN EAGLE OUTFITTERS INC - Form 10-Q

As of April 28, 2012, we were in compliance with the terms of the Credit Agreement and had \$7.6 million outstanding in letters of credit and no borrowings.

The Credit Agreement replaced uncommitted demand lines in the aggregate amount of \$110.0 million United States dollars (USD) and \$25.0 million Canadian dollars (CAD).

Additionally, we had borrowing agreements with two separate financial institutions under which we may borrow an aggregate of \$135.0 million USD for the purposes of trade letter of credit issuances. As of April 28, 2012, we had outstanding trade letters of credit of \$23.9 million. The availability of any future borrowings under our trade letter of credit facilities is subject to acceptance by the respective financial institutions.

Table of Contents

Capital Expenditures for Property and Equipment

Capital expenditures for the 13 weeks ended April 28, 2012 were \$24.8 million and included \$16.5 million related to investments in our stores, including six new AE stores and one 77kids store, and 21 remodels. Additionally, we continued to support our infrastructure growth by investing in information technology initiatives (\$4.2 million), the improvement and expansion of our distribution centers (\$0.7 million), and other home office projects (\$3.4 million).

For Fiscal 2012, we expect capital expenditures to be approximately \$100.0 million related to stores, information technology and investments in e-commerce. New store growth is primarily related to outlet centers, which are among our most productive format. Additionally, we plan to remodel and refurbish approximately 55 to 65 AE stores with average operating results above the chain average.

Stock Repurchases

There were no share repurchases as a part of our publicly announced repurchase programs during the 13 weeks ended April 28, 2012 or April 30, 2011. As of April 28, 2012, we had 13.1 million shares remaining authorized for repurchase. These shares may be repurchased at our discretion through February 2, 2013.

During the 13 weeks ended April 28, 2012 and April 30, 2011, we repurchased approximately 0.3 million and 0.1 million shares, respectively, from certain employees at market prices totaling \$4.1 million and \$2.2 million, respectively. These shares were repurchased for the payment of taxes, not in excess of the minimum statutory withholding requirements, in connection with the vesting of share-based payments, as permitted under the 2005 Stock Award and Incentive Plan. The aforementioned shares repurchased have been recorded as treasury stock.

Dividends

During the 13 weeks ended April 28, 2012, our Board declared a quarterly cash dividend of \$0.11 per share, which was paid on April 9, 2012.

Critical Accounting Policies

Our critical accounting policies are described in Item 7, *Management's Discussion and Analysis of Financial Condition and Results of Operations*, and in the notes to our Consolidated Financial Statements for the year ended January 28, 2012 contained in our Fiscal 2011 Annual Report on Form 10-K. Any new accounting policies or updates to existing accounting policies as a result of new accounting pronouncements have been discussed in the notes to our Consolidated Financial Statements in this Quarterly Report on Form 10-Q. The application of our critical accounting policies may require management to make judgments and estimates about the amounts reflected in the Consolidated Financial Statements. Management uses historical experience and all available information to make these estimates and judgments, and different amounts could be reported using different assumptions and estimates.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK.

There were no material changes in our exposure to market risk from January 28, 2012. Our market risk profile as of January 28, 2012 is disclosed in Item 7A, *Quantitative and Qualitative Disclosures About Market Risk*, of our Fiscal 2011 Annual Report on Form 10-K.

ITEM 4. CONTROLS AND PROCEDURES.

Disclosure Controls and Procedures

We maintain disclosure controls and procedures that are designed to provide reasonable assurance that information required to be disclosed in our reports under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission's rules and forms, and that such information is accumulated and communicated to our management including our Principal Executive Officer and our Principal Financial Officer, as appropriate, to allow timely decisions regarding required disclosure. In designing and evaluating the disclosure controls and procedures, management recognized that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives.

Edgar Filing: AMERICAN EAGLE OUTFITTERS INC - Form 10-Q

In connection with the preparation of this Quarterly Report on Form 10-Q, as of April 28, 2012, an evaluation was performed under the supervision and with the participation of our management, including the Principal Executive Officer and Principal Financial Officer, of the effectiveness of the design and operation of our disclosure controls

Table of Contents

and procedures (as defined in Rule 13a-15(e) under the Exchange Act). Based upon that evaluation, our Principal Executive Officer and our Principal Financial Officer have concluded that our disclosure controls and procedures were effective at the reasonable assurance level as of the end of the period covered by this Quarterly Report on Form 10-Q.

Changes in Internal Control over Financial Reporting

There were no changes in our internal control over financial reporting that occurred during the 13 weeks ended April 28, 2012 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II OTHER INFORMATION**ITEM 1A. RISK FACTORS.**

Risk factors that affect our business and financial results are discussed within Item 1A of our Fiscal 2011 Annual Report on Form 10-K. There have been no material changes to the disclosures relating to this item from those set forth in our Fiscal 2011 Annual Report on Form 10-K.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS.**Issuer Purchases of Equity Securities**

The following table provides information regarding our repurchases of our common stock during the 13 weeks ended April 28, 2012.

Period	Total Number of Shares Purchased (1)	Average Price Paid Per Share (2)	Total Number of Shares Purchased as Part of Publicly Announced Programs (1)	Maximum Number of Shares that May Yet Be Purchased Under the Program (1) (3)
Month #1 (January 29, 2012 through February 25, 2012)		\$		13,134,545
Month #2 (February 26, 2012 through March 31, 2012)	278,965	\$ 14.70		13,134,545
Month #3 (April 1, 2012 through April 28, 2012)		\$		13,134,545
Total	278,965	\$ 14.70		13,134,545

- (1) There were no shares repurchased as part of our publicly announced share repurchase program during the 13 weeks ended April 28, 2012. Shares purchased during Month #2 were all repurchased from employees for the payment of taxes in connection with the vesting of share-based payments.
- (2) Average price paid per share excludes any broker commissions paid.
- (3) In January 2008, our Board authorized the repurchase of 60.0 million shares of our common stock. The authorization of the remaining 13.1 million shares that may yet be purchased has been extended through the end of Fiscal 2012.
