Board of Director Proposals

Ratification of KPMG as Auditor for 2013. As a matter of good governance, we are asking stockholders to ratify the selection of KPMG as our independent auditors for 2013.

Advisory Resolution to Approve Executive Compensation. We are asking our stockholders to approve on an advisory basis our named executive officer compensation. The Board recommends a FOR vote because it believes that our compensation policies and practices are effective in achieving the company's goals of aligning executives' compensation with overall business strategies, attracting and retaining highly qualified executives and providing incentives that drive stockholder value.

Table of Contents

BUSINESS HIGHLIGHTS

This summary provides highlights from our Annual Report on Form 10-K for the fiscal year ended December 31, 2012, as filed with the SEC on February 15, 2013, to assist you in reviewing Norfolk Southern's 2012 performance. The information contained below is only a summary, and you should refer to the more fulsome discussions contained in our 2012 10-K for additional information about these highlights.

Our strong 2012 financial results during uncertain economic conditions demonstrated our commitment to controlling costs and improving productivity while continuing to provide high service levels for our customers.

Our 2012 railway operating revenues, income from railway operations, net income and earnings per share were down modestly as compared to record 2011 results, but were our second-highest ever results for these measures. During 2012:

- Our financial results were achieved in the face of a 17% decline in coal revenues, and we saw revenue increases in general merchandise (6%) and intermodal (5%).
- Our operating expenses declined modestly while maintaining a high level of operating performance. Our strong operating performance was reflected in the increase in our operating composite service metric from 76% in 2011 to 83% in 2012.
- We generated \$3 billion in cash from operations, from which we were able to invest \$2.24 billion in capital spending and distribute \$624 million in dividends. The remainder, combined with borrowing proceeds, supported \$1.3 billion of share repurchases and retirement of 18.8 million shares of stock.
- We continued to invest in our network through our capital spending program. As part of our Crescent Corridor initiative, we opened the new Memphis Regional Intermodal Facility in Rossville, Tennessee, and the new Birmingham Regional Intermodal Facility in McCalla, Alabama, to handle increased intermodal volumes faster and more reliably.

COMPENSATION ALIGNMENT

- The compensation earned in 2012 by our chief executive officer (CEO) and executive vice presidents (EVPs), as described in the Compensation Discussion and Analysis section of this Proxy Statement, reflect our policy of having a significant portion of executive income tied to corporate performance and shareholder returns.
- 77% of our CEO's compensation and 67% of our EVPs' compensation for 2012 was at risk, and its value and ultimate earnout was based on the achievement of corporate performance goals.
- 68% of our CEO's compensation and 53% of our EVPs' compensation for 2012 were equity-based long-term incentive awards that ultimately will be paid in Norfolk Southern stock. Because of the multi-year nature of our long-term incentive awards, the decline in stock price during 2012 decreased the value of the awards, but any decrease will not be realized until subsequent years.

Norfolk Southern executives earned a below-target bonus payout of 59.7% of bonus opportunity based on 2012 financial and operational results, a decrease from the targeted bonus payout of 67%.

Table of Contents

Bylaw Amendment on Stockholder Right to Call a Special Meeting. We are requesting that our stockholders approve an amendment to Norfolk Southern's Bylaws that would permit holders of record of at least twenty percent (20%) of the voting power of the Corporation's outstanding common stock to call a special meeting of stockholders. Currently, Norfolk Southern's Bylaws provide that only the Chief Executive Officer or a majority of the Board of Directors may call a special meeting of stockholders. The Board of Directors believes that granting such a right to stockholders is good corporate governance.

**IMPORTANT NOTICE REGARDING THE AVAILABILITY OF PROXY MATERIALS FOR THE SHAREHOLDER MEETING
TO BE HELD ON MAY 9, 2013**

Pursuant to rules promulgated by the Securities and Exchange Commission (SEC), we have elected to provide access to our proxy materials both by sending you this full set of proxy materials, including a proxy card, and by notifying you of the availability of our proxy materials on the Internet. **In accordance with SEC rules, you may access our notice and proxy statement and annual report at www.voteproxy.com, which does not have cookies that identify visitors to the site. The notice and proxy statement are also available at that web site.** In addition, this proxy statement and our annual report are available on our web site at www.nscorp.com.

INFORMATION ABOUT VOTING

Only stockholders of record as of the close of business on March 1, 2013, are entitled to notice of and to vote at the 2013 Annual Meeting. As of the March 1, 2013, record date, [] shares of our common stock were issued and outstanding. Of those shares, [] shares were owned by stockholders entitled to one vote per share. The remaining [] shares were held by our wholly owned subsidiaries, which are not entitled to vote those shares under Virginia law.

As a convenience, you may vote by telephone or the Internet in the manner described on the enclosed proxy card. Or, you may vote by mail by marking, dating and signing the enclosed proxy card and returning it to American Stock Transfer and Trust Company Shareholder Services. Alternatively, you may vote in person at the 2013 Annual Meeting.

To obtain directions to attend the meeting and vote in person, you may contact: Howard D. McFadden, Corporate Secretary, Norfolk Southern Corporation, Three Commercial Place, 13th Floor, Norfolk, Virginia 23510-9219 (telephone 757-823-5567).

If you are the beneficial owner of any shares held in street name by a broker, bank or other nominee, you may vote your shares by submitting your voting instructions to that entity. Please refer to the voting instruction card that your broker, bank or other nominee record holder included with these materials. Your shares may be voted on certain matters if they are held in street name by a broker, even if you do not provide the record holder with voting instructions; brokers have the authority under New York Stock Exchange rules to vote shares for which their customers do not provide voting instructions on certain routine matters. The ratification of the selection of KPMG LLP as our independent registered public accounting firm (Item 2) is considered a routine matter for which brokers may vote shares they hold in street name, even in the absence of voting instructions from the beneficial owner. The election of directors (Item 1), advisory vote on executive compensation (Item 3), and special meeting bylaw amendment (Item 4) are not considered routine matters, and a broker cannot vote shares it holds in street name on these proposals if it has not received voting instructions from the beneficial owner of the shares with respect to the proposals (broker non-vote).

Edgar Filing: NORFOLK SOUTHERN CORP - Form PRE 14A

If shares are credited to your account in the Norfolk Southern Corporation Thoroughbred Retirement Investment Plan or the Thrift and Investment Plan, your proxy submitted in the form of a

proxy card or over the telephone or Internet serves as voting instructions for the trustee of the plans, Vanguard Fiduciary Trust Company. If your proxy is not received by 5 P.M. Eastern Time on May 6, 2013, the trustee of these plans will vote your shares for each item on the proxy card in the same proportion as the shares that are voted for that item by the other participants in the respective plan.

Any stockholder of record may revoke a previously submitted proxy at any time before the shares are voted by: (a) giving written notice of revocation to our Corporate Secretary; (b) submitting subsequent voting instructions over the telephone or the Internet; (c) delivering a validly completed proxy card bearing a later date; or (d) attending the 2013 Annual Meeting and voting in person.

The presence, either in person or by proxy, of the holders of a majority of the outstanding shares of our common stock entitled to vote at the 2013 Annual Meeting is necessary to constitute a quorum. Abstentions and broker non-votes are counted as present and entitled to vote for purposes of determining a quorum.

We will pay the cost of preparing proxy materials and soliciting proxies, including the reimbursement, upon request, of trustees, brokerage firms, banks and other nominee record holders for the reasonable expenses they incur to forward proxy materials to beneficial owners. Our officers and other regular employees may solicit proxies by telephone, facsimile, electronic mail or personal interview; they receive no additional compensation for doing so. We have retained Innisfree M&A Incorporated to assist in the solicitation of proxies at an anticipated cost of \$12,500 plus reasonable out-of-pocket expenses.

We currently plan to deliver multiple annual reports and proxy statements to multiple record stockholders sharing an address, but intermediaries may choose to deliver a single copy of one or both of these documents. Upon request, we will promptly deliver a separate copy of the annual report or proxy statement to a stockholder at a shared address to which a single copy of the document was delivered. If you would like a separate copy of this proxy statement or the 2012 Annual Report now or in the future, or if you are receiving multiple copies and would like to receive only one copy for your household, you may contact: Howard D. McFadden, Corporate Secretary, Norfolk Southern Corporation, Three Commercial Place, 13th Floor, Norfolk, Virginia 23510-9219 (telephone 757-823-5567).

CONFIDENTIALITY

We have policies in place to safeguard the confidentiality of proxies and ballots. American Stock Transfer and Trust Company, Brooklyn, N.Y., which we have retained to tabulate all proxies and ballots cast at the 2013 Annual Meeting, is bound contractually to maintain the confidentiality of the voting process. In addition, each Inspector of Election will have taken the oath required by Virginia law to execute duties faithfully and impartially.

None of our employees or members of our Board of Directors have access to completed proxies or ballots and, therefore, do not know how individual stockholders vote on any matter. However, when a stockholder writes a question or comment on a proxy or ballot, or when there is a need to determine the validity of a proxy or ballot, our management and/or their representatives may be involved in providing the answer to the question or in determining such validity.

PROPOSALS REQUIRING YOUR VOTE

ITEM 1: ELECTION OF DIRECTORS

At the 2013 Annual Meeting, the terms of fifteen directors will expire: those of Gerald L. Baliles, Thomas D. Bell, Erskine B. Bowles, Robert A. Bradway, Wesley G. Bush, Daniel A. Carp, Alston D. Correll, Karen N. Horn, Burton M. Joyce, Steven F. Leer, Michael D. Lockhart, Charles W. Moorman, Martin H. Nesbitt, J. Paul Reason and John R. Thompson. On February 13, 2013, the Board of Directors amended the Corporation's Bylaws, effective February 18, 2013, to increase the number of directors from thirteen to fifteen and elected Martin H. Nesbitt and John R. Thompson to fill the resulting vacancies at the recommendation of the Governance and Nominating Committee. Under Virginia law, the term of a director elected by the Board to fill a vacancy expires at the next stockholders' meeting at which directors are elected.

Messrs. Baliles and Correll and Admiral Reason will retire from the Board of Directors effective the date of this Annual Meeting in accordance with the director retirement policy in the Corporation's Governance Guidelines. On February 13, 2013, the Board of Directors amended the Corporation's Bylaws to reduce the size of the Board from fifteen to twelve, effective the date of this Annual Meeting.

At the 2010 Annual Meeting, the Corporation's stockholders approved an amendment to the Articles of Incorporation to declassify the Board of Directors. As a result, all of the Corporation's directors will stand for election at this meeting and each of the directors elected at this meeting will serve a one-year term continuing until the 2014 Annual Meeting of Stockholders.

Unless you instruct otherwise when you give us your proxy, it will be voted in favor of the election of Mr. Bell, Mr. Bowles, Mr. Bradway, Mr. Bush, Mr. Carp, Dr. Horn, Mr. Joyce, Mr. Leer, Mr. Lockhart, Mr. Moorman, Mr. Nesbitt and Mr. Thompson as directors for one-year terms that begin at the 2013 Annual Meeting of Stockholders and continue until the 2014 Annual Meeting of Stockholders or until the election and qualification of their respective successors or their earlier removal or resignation.

If any nominee becomes unable to serve, your proxy will be voted for a substitute nominee to be designated by the Board of Directors, or the Board of Directors will reduce the number of directors. Two nominees for election at the meeting, Martin H. Nesbitt and John R. Thompson, previously have not been elected by the stockholders of Norfolk Southern. Messrs. Nesbitt and Thompson were each recommended by a third party director search firm retained by the Governance and Nominating Committee. Norfolk Southern paid a fee in 2012 and 2013 to the firm on behalf of the Governance and Nominating Committee to identify, evaluate and recommend potential candidates for election to the Board of Directors.

So that you have information concerning the independence of the process by which our Board of Directors selected the nominees and directors whose terms will continue after the 2013 Annual Meeting, we confirm, as required by the SEC, that (1) there are no family relationships among any of the nominees or directors or among any of the nominees or directors and any officer and (2) there is no arrangement or understanding between any nominee or director and any other person pursuant to which the nominee or director was selected.

The Board of Directors recommends that the stockholders vote **FOR** each of the nominees for election as directors.

Vote Required to Elect a Director: Pursuant to our Bylaws, in uncontested elections of directors, such as this election, directors are elected at a meeting, so long as a quorum for the meeting exists, by a majority of votes cast by the shares entitled to be voted in the election. Abstentions or shares

Table of Contents

that are not voted are not counted as cast for this purpose. Any nominee for director who is not elected pursuant to this Bylaw provision must promptly tender his or her resignation to the Board of Directors for consideration by our Governance and Nominating Committee.

Additional information on the Areas of Expertise for directors and nominees can be found on page 19 of this proxy statement under Qualifications of Directors and Nominees.

Table of Contents**ITEM 2: RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

At a meeting held on January 21, 2013, the Audit Committee of the Board of Directors appointed the firm of KPMG LLP (KPMG), independent registered public accounting firm, to perform for 2013 the integrated audit of our consolidated financial statements and internal control over financial reporting.

For the years ended December 31, 2012, and December 31, 2011, KPMG billed us for the following services:

	<u>2012</u>	<u>2011</u>
Audit Fees ¹	\$ 2,406,300	\$ 2,525,308
Audit-Related Fees ²	\$ 144,511	\$ 101,564
Tax Fees ³	\$ 132,295	\$ 51,500
All Other Fees	\$ 0	\$ 0

¹Audit Fees include fees for professional services performed by KPMG for the audit of our consolidated financial statements and internal control over financial reporting (integrated audit), the review of our consolidated financial statements included in our 10-Q filings, and services that are normally provided in connection with statutory and regulatory filings or engagements.

²Audit-Related Fees principally include fees for audit-related tax services, employee benefit plan audits and audits of subsidiaries and affiliates, and other attestation services.

³ Tax Fees consist of tax advice, planning, and consulting services.

The Audit Committee requires that management obtain the prior approval from the Committee for all audit and permissible non-audit services to be provided. The Audit Committee considers and approves at each January meeting anticipated services to be provided during the year, as well as the projected fees for those services. The Audit Committee considers and pre-approves additional services and projected fees as needed at each meeting. The Audit Committee has delegated authority to its Chair to pre-approve services between meetings, provided that the Chair reports any such pre-approval to the Audit Committee at its next meeting. The Audit Committee will not approve non-audit engagements that would violate SEC rules or impair the independence of our independent registered public accounting firm. All services rendered to us by KPMG in 2012 and 2011 were pre-approved in accordance with these procedures.

Representatives of KPMG are expected to be present at the 2013 Annual Meeting, with the opportunity to make a statement if they so desire, and available to respond to appropriate questions.

The Audit Committee recommends, and the Board of Directors concurs, that stockholders vote **FOR** the proposal to ratify the selection of KPMG as our independent registered public accounting firm for the year ending December 31, 2013, even though such stockholder approval is not legally required.

Vote Required to Ratify Appointment: Under Virginia law and under our Restated Articles of Incorporation, actions such as the ratification of the appointment of auditors are approved, so long as a quorum for the meeting exists, if the number of votes cast favoring the action exceeds the number of votes cast opposing the action. Abstentions or shares that are not voted are not cast for this purpose. You should note that brokers have the authority to vote their customers' shares on the ratification of the appointment of KPMG as our independent registered public accounting firm even if they do not receive instructions as to how to vote on the matter.

ITEM 3: ADVISORY VOTE TO APPROVE EXECUTIVE COMPENSATION

We are requesting that our stockholders approve, by advisory vote, the compensation of our Named Executive Officers, as such compensation is reflected in our Compensation Discussion and Analysis beginning on page 30 and our Executive Compensation Tables beginning on page 44. This Say-on-Pay vote is required by the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the Dodd-Frank Act). While the Say-on-Pay vote is advisory, and therefore not binding on the Board, the Compensation Committee will consider the results of any significant vote against the compensation of the Named Executive Officers and determine whether any actions are necessary or advisable to address the concerns expressed by stockholders. In accordance with the recommendation of the Corporation's stockholders at the 2011 Annual Meeting, the Board of Directors has determined to seek a stockholder advisory vote on executive compensation annually.

Our executive compensation program has been designed by our Compensation Committee with advice from its compensation consultant. The executive compensation program is designed to align executives' compensation with our overall business strategies, attract and retain highly qualified executives, and provide incentives that drive stockholder value. The Compensation Committee approved a mix of salary and cash and equity incentive compensation that it believes best serves the interests of the Corporation and its stockholders in achieving those objectives.

The compensation of our Named Executive Officers in 2012 consisted primarily of the following components, all as described more fully in the Compensation Discussion and Analysis beginning on page 30:

- *Base Salary.*
- *Annual Bonus:* The annual bonus paid under the Executive Management Incentive Plan is based on performance against financial, operational and service metrics.
- *Long-Term Incentive Awards:* The Company's long-term equity incentive awards under the Long-Term Incentive Plan target longer-term achievement of Corporate objectives and are designed to create an ownership culture among the executives of the Corporation. Grants under the Long-Term Incentive Plan include stock options, time-based restricted stock units and performance shares that are earned out based on achievement of Corporate objectives over a three-year performance cycle, all as more fully described in the Compensation Discussion and Analysis.
- *Retirement Plans and Programs:* The Retirement Plan and Supplemental Benefit Plan of the Corporation, both as more fully described in the Compensation Discussion and Analysis, provide retirement benefits to the Corporation's Named Executive Officers and provide the Corporation with the ability to retain key executives over a longer period.

The Board of Directors and its Compensation Committee believe the program for compensation of the Named Executive Officers is appropriately designed to support the Corporation's goals and has an appropriate mix of cash and equity and an appropriate balance between short-term and long-term compensation. Accordingly, the Board of Directors recommends that stockholders approve the program by approving the following advisory resolution:

RESOLVED, that the stockholders of Norfolk Southern Corporation approve, on an advisory basis, the compensation of the individuals identified in the Summary Compensation Table, as disclosed in the Proxy Statement for the 2013 Annual Meeting of Stockholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the 2012 Summary Compensation Table and the other related tables and disclosures.

Table of Contents

The Board of Directors unanimously recommends a vote **FOR** the resolution approving the compensation of the Corporation's Named Executive Officers.

Vote Required to Approve Resolution: Under Virginia law and under our Restated Articles of Incorporation, actions such as the resolution on executive compensation are approved, so long as a quorum for the meeting exists, if the number of votes cast favoring the action exceeds the number of votes cast opposing the action. Abstentions or shares that are not voted are not cast for this purpose. You should note that brokers do not have the authority to vote their customers' shares on this matter if they do not receive instructions as to how to vote on this item.

ITEM 4: BYLAW AMENDMENT ON STOCKHOLDER RIGHT TO CALL A SPECIAL MEETING

We are requesting that our stockholders approve an amendment to Norfolk Southern's Bylaws (the Special Meeting Bylaw Amendment) that would permit holders of record of at least twenty percent (20%) of the voting power of the Corporation's outstanding common stock to call a special meeting of stockholders by written request filed with the Corporate Secretary and otherwise in accordance with the Bylaws. Currently, Norfolk Southern's Bylaws provide that only the Chief Executive Officer or a majority of the Board of Directors may call a special meeting of stockholders.

The presentation of this proposal reflects the Board of Directors' belief that granting such a right to stockholders is good corporate governance. In establishing an ownership threshold of at least 20% in order for stockholders to request a special meeting, the Board believes it is striking an appropriate balance between enhancing the rights of stockholders and avoiding the costs and distractions associated with the calling of a special meeting, unless a significant group of stockholders believe that the calling of a special meeting of stockholders is warranted. Organizing and preparing for a special meeting involves significant management commitment of time and focus, and imposes substantial legal, administrative, and distribution costs. Accordingly, the Board believes that a special meeting should be held only to cover special or extraordinary events, when fiduciary, strategic, or other similar considerations dictate that the matter be addressed on an expeditious basis, rather than waiting until the next annual meeting. A 20% threshold also minimizes the risk of frequent meeting requests, potentially covering agenda items relevant only to particular constituencies as opposed to stockholders generally. We therefore believe that a threshold of 20% is appropriate and reflects the best interest of stockholders.

The Special Meeting Bylaw Amendment contains procedural and informational requirements that are intended to facilitate Norfolk Southern and stockholders receiving basic information about the meeting and to ensure, among other things, that the special meeting is not duplicative of matters that were or, in the near term, could be covered at an annual meeting. In particular, the Special Meeting Bylaw Amendment provides that: no business may be conducted at the special meeting except as set forth in the Corporation's notice of meeting; no stockholder special meeting request may be made during the period commencing 90 days prior to the first anniversary of the date of the immediately preceding annual meeting and ending on the earlier of the date of the next annual meeting or 30 days after the first anniversary of the previous annual meeting; a special meeting request cannot cover business substantially similar to what was covered at an annual or special meeting held not more than 12 months or, in the case of director elections, 90 days before the special meeting request was received by the Secretary; a special meeting will not be held if similar business is to be covered at an annual or special meeting called by the Board to be held within 90 days after the special meeting request is received by the Secretary; and the requesting stockholder's notice must include information (as specified in the amended Bylaws) as to the business proposed to be conducted, as to each nominee (if applicable), and as to the stockholder giving notice and the beneficial owner, if any, on whose behalf the proposal is made.

Table of Contents

The complete text of Article I, Section 2 of the Bylaws, as proposed to be amended, is set forth in Appendix A. The Board of Directors has approved the Special Meeting Bylaw Amendment, subject to its approval by the Corporation's stockholders at this Annual Meeting. Upon approval of the Corporation's stockholders, the Special Meeting Bylaw Amendment will become effective without further action by the Board of Directors.

The Board recommends that stockholders vote **FOR** the Approval of the Special Meeting Bylaw Amendment.

Vote Required to Approve a Proposal: Under Virginia law and under our Restated Articles of Incorporation, proposals such as an amendment of the Bylaws are approved, so long as a quorum for the meeting exists, if the number of votes cast favoring the action exceeds the number of votes cast opposing the action. Abstentions or shares that are not voted, such as those held by a broker or other nominee who does not vote in person or return a proxy card, are not cast for this purpose.

ITEM 5: OTHER MATTERS

The Board of Directors does not know of any other matters to be presented at the 2013 Annual Meeting, other than as noted elsewhere in this proxy statement. If any other proposal is properly brought before the 2013 Annual Meeting for a vote, the holders of proxies solicited hereby intend to exercise their discretionary authority and vote on any such proposal as they deem appropriate.

SUPPLEMENTAL INFORMATION

Applicable SEC rules require that we furnish you the following information relating to the oversight and management of Norfolk Southern and to certain matters concerning our Board of Directors and officers who are designated by our Board of Directors as executive officers for purposes of the Securities Exchange Act of 1934 (Executive Officers).

BENEFICIAL OWNERSHIP OF STOCK

Based solely on our records and our review of the most recent Schedule 13G filings with the SEC, the following tables show information concerning the persons or groups known to Norfolk Southern to be beneficial owners of more than five percent of our common stock, our only class of voting securities:

<u>Title of Class</u>	<u>Name and Address of Beneficial Owner</u>	<u>Amount and Nature of Beneficial Ownership</u>	<u>Percent of Class</u>

²The Vanguard Group reported in its Schedule 13G filing that is beneficially owned 5.12% of our common stock as of December 31, 2012, and that as of that date it had sole voting power with respect to 544,586 of such shares, shared voting power with respect to none of such shares, sole investment power with respect to 15,660,739 of such shares, and shared investment power with respect to 541,145 of such shares.

The following table shows, as of February 18, 2013, the beneficial ownership of our common stock for:

- (1) each director and each nominee;
- (2) our principal executive officer, our principal financial officer, each of the other three most highly compensated Executive Officers, based on total compensation for 2012, and all other officers serving at the executive vice president level (collectively, the Named Executive Officers); and
- (3) all directors and Executive Officers as a group.

Unless otherwise indicated by footnote to the data in the table, all such shares are held with sole voting and investment power, and no director or Executive Officer beneficially owns any Norfolk Southern equity securities other than our common stock. No one director or Executive Officer owns as much as 1% of the total outstanding shares of our common stock. All directors and Executive Officers as a group own approximately .82% of the total outstanding shares of our common stock.

¹Includes a one-time grant of 3,000 restricted shares to each non-employee director when that director was first elected to the Board (or on January 1, 1994, if serving at that time). These grants were made pursuant to the Directors Restricted Stock Plan; the director may vote these shares, but has no investment power over them until they are distributed (see information under the Board of Directors caption on page 17). The amounts reported include 2,400 restricted stock units awarded pursuant to the Long-Term Incentive Plan to directors who were serving on the Board on January 22, 2013, and who have served on the Board for at least two years, qualifying them to receive the shares immediately upon leaving the Board. The amounts do not include 2,400 restricted stock units awarded to Mr. Bush and 4,455 restricted stock units awarded to Mr. Bradway, who have not served as directors for two years. The amounts reported also include restricted stock units previously held as follows: Governor Baliles, 61,423; Mr. Bell, 7,889; Mr. Bowles, 2,116; Mr. Bradway, 0; Mr. Bush, 0; Mr. Carp, 22,824; Mr. Correll, 47,405; Dr. Horn, 12,361; Mr. Joyce, 32,459; Mr. Leer, 54,132; Mr. Lockhart, 12,361; Mr. Nesbitt, 0; Admiral Reason, 42,361; and Mr. Thompson, 0. These restricted stock units will be settled in stock. While the directors have neither voting power nor investment power over the shares underlying these restricted stock units, the directors are entitled to receive the shares immediately upon leaving the Board. SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16 of the Securities Exchange Act of 1934 requires our directors and Executive Officers and any persons beneficially owning more than 10 percent of a class of our stock to file reports of beneficial ownership and changes in beneficial ownership (Forms 3, 4 and 5) with the SEC. Based solely on our review of copies of Forms 3, 4 and 5 available to us, or written representations that no Forms 5 were required, we believe that all required Forms concerning 2012 beneficial ownership were filed on time by all directors and Executive Officers.

BOARD OF DIRECTORS**Composition and Attendance**

On February 18, 2013, our Board of Directors consisted of fifteen members. At the 2010 Annual Meeting, the Corporation's stockholders approved an amendment to the Corporation's Articles of Incorporation to declassify the Board of Directors. As of the date of the 2013 Annual Meeting of Stockholders, each director will stand for re-election annually. On February 13, 2013, the Board of Directors amended our Bylaws, effective February 18, 2013, to increase the number of directors from thirteen to fifteen and elected Martin H. Nesbitt and John R. Thompson to fill the resulting vacancies. Gerald L. Baliles, Alston D. Correll and J. Paul Reason will retire from the Board of Directors effective the date of this Annual Meeting, in accordance with the director retirement policy in the Corporation's Governance Guidelines. On February 13, 2013, the Board reduced the number of directors from fifteen to twelve, effective the date of this Annual Meeting.

The Board met seven times in 2012. Each director attended not less than 75% of the aggregate number of meetings of the Board and meetings of all committees on which such director served.

Corporate Governance

The Board of Directors has adopted Corporate Governance Guidelines that, among other matters, require that the non-employee members of the Board (the outside directors) meet at least twice a year without members of management present. The Lead Director presides at such meetings of the outside directors. The Corporate Governance Guidelines also describe procedures for stockholders and other interested parties who wish to contact the outside directors. The Corporate Governance Guidelines are available on our website at www.nscorp.com in the Investors section under Corporate Governance.

The Board of Directors has determined that having Mr. Moorman hold both the position of Chief Executive Officer and the position of Chairman is in the best interest of the Corporation and its stockholders. This structure allows for consistency of leadership of the Board of Directors and of management and reflects the depth of knowledge Mr. Moorman has regarding the business of the Corporation. The Board leadership structure also includes the position of Lead Director. The directors whom the Board has determined are independent directors vote at the Board's organizational meeting following the Annual Meeting of Stockholders or at such other time as they deem appropriate to select an independent director to serve as Lead Director of the Board. The Lead Director presides at all meetings of the Board at which the Chairman is not present, including meetings of the outside directors, which are generally scheduled for every Board meeting. The Lead Director serves as a liaison between the Chairman and the outside directors and reviews Board meeting agendas and meeting schedules and such other information to be sent to the Board as he or she determines is necessary or appropriate under the circumstances. The Lead Director may also call meetings of the outside directors. Mr. Correll has served as Lead Director of the Corporation since the date of the 2011 Annual Meeting.

The Corporate Governance Guidelines also describe the Board's policy with respect to director attendance at the Annual Meeting of Stockholders, which is that, to the extent possible, each director is expected to attend the Annual Meeting of Stockholders. All of our then current directors attended the 2012 Annual Meeting of Stockholders.

The Board has approved and adopted The Thoroughbred Code of Ethics which applies to all directors, officers and employees of Norfolk Southern, and a Code of Ethical Conduct for Senior Financial Officers that applies to specified financial officers. These documents, as well as the Corporate Governance Guidelines, are available on our website at www.nscorp.com in the Investors section under Corporate Governance. Any stockholder may request printed copies of the Corporate Governance Guidelines, The Thoroughbred Code of Ethics or Code of Ethical Conduct for Senior Financial Officers by contacting: Howard D. McFadden, Corporate Secretary, Norfolk Southern Corporation, Three Commercial Place, 13th Floor, Norfolk, Virginia 23510-9219 (telephone 757-823-5567).

The Corporation's Bylaws require that in an uncontested election of directors, a director shall be elected by a majority of votes cast. Any incumbent director who is not re-elected shall promptly tender his or her resignation to the Board of Directors for consideration by our Governance and Nominating Committee. The Governance and Nominating Committee of the Board of Directors will promptly consider the resignation and recommend to the Board of Directors whether to accept or reject the tendered resignation. The Board of Directors will act on the Committee's recommendation within 90 days following certification of the election results. Any director who tenders his or her resignation pursuant to this provision will not participate in the Governance and Nominating Committee's recommendation or Board of Directors consideration regarding whether or not to accept the tendered resignation. If the resignation is accepted, the Governance and Nominating Committee will recommend to the Board whether to fill the vacancy or reduce the size of the Board. We will

Table of Contents

publicly disclose the Board of Directors' decision within four business days, including a full explanation of the process by which the decision was reached and, if applicable, the reasons why the Board rejected the director's resignation.

Qualifications of Directors and Nominees

The directors of Norfolk Southern Corporation have diverse backgrounds and provide experience and expertise in a number of critical areas to the company. The Governance and Nominating Committee considers the particular experience, attributes and qualifications of directors standing for re-election and potential nominees for election as well as the needs of the Board of Directors as a whole and its individual committees.

The Governance and Nominating Committee has identified ten areas of expertise that are particularly relevant to the Corporation and has identified the directors whose key areas of expertise qualify them for each of the listed categories. The categories identified by the Governance and Nominating Committee are:

CEO/Senior Officer Experience working as a CEO or Senior Officer of a major public or private company or non-profit entity.

Environmental and Safety A thorough understanding of safety and environmental issues and transportation industry regulations.

Finance and Accounting Senior executive level experience in financial accounting and reporting, auditing, corporate finance and/or internal controls.

Governance/Board Prior or current experience as a board member of a major organization (private, public or non-profit).

Governmental Relations Experience in or a strong understanding of the workings of government and public policy on a local, state and national level.

Human Resources and Compensation Senior executive level experience or membership on a board compensation committee with an extensive understanding of compensation programs, particularly compensation programs for executive level employees and incentive based compensation programs.

Information Technology Senior executive level or board experience with information technology issues for a major public, private or non-profit entity.

Edgar Filing: NORFOLK SOUTHERN CORP - Form PRE 14A

Marketing Senior executive level experience in marketing combined with a strong working knowledge of Norfolk Southern's markets, customers and strategy.

Strategic Planning Senior executive level experience in strategic planning for a major public, private or non-profit entity.

Transportation Extensive knowledge and experience in the transportation industry, either as a senior executive of a transportation or logistics company or as a senior executive of a customer of a transportation company.

Table of Contents

Each director’s biography includes a listing of the areas of expertise where each director or nominee is most skilled. In addition, the table below summarizes the particular attributes that led the Governance and Nominating Committee to nominate each individual as a director of the Corporation.

In addition to these specific categories, the Governance and Nominating Committee considers a number of other factors in considering director candidates, including board dynamics, reputation of potential nominees, recommendations of director search firms, and how the nominee will contribute to the diversity of the Board. More information on qualifications for potential directors is contained in Norfolk Southern’s Corporate Governance Guidelines posted under the Investors tab on our website. Norfolk Southern Corporation defines diversity as the collective mixture of similarities and differences that impact our workforce, workplace and marketplace. The Governance and Nominating Committee also views diversity broadly, seeking to nominate individuals from varied backgrounds, perspectives and experiences. The Governance and Nominating Committee does not have a specific written policy on the diversity of the Board of Directors at this time. More information on Norfolk Southern’s diversity principles and philosophy can be found on our website in the Employees section under Diversity at www.nscorp.com.

Director Independence

As required by the New York Stock Exchange, the Board of Directors has considered whether individual directors are independent. A director is considered independent if the Board determines that the director has no material relationship with Norfolk Southern (directly or as a partner, stockholder or officer of an organization that has a relationship with Norfolk Southern). The Board makes these determinations after full deliberation, considering all relevant facts and circumstances. To aid in its evaluation of director independence, the Board has adopted categorical independence standards. Under the standards, an individual director is independent, unless the Board determines otherwise, if none of the following relationships exists between Norfolk Southern and the director:

- the director is, or has been within the last three years, an employee, or an immediate family member of the director is, or has been within the last three years, an Executive Officer of Norfolk Southern or any of our consolidated subsidiaries;
- the director or an immediate family member of the director has received during any twelve-month period within the last three years more than \$120,000 in direct compensation from Norfolk Southern or any of our consolidated subsidiaries, other than director and committee fees and deferred compensation for prior service (provided such deferred compensation is not contingent in any way on continued service);

Table of Contents

- (a) the director is a current partner or employee of a present or former internal or external auditor of Norfolk Southern or any of our consolidated subsidiaries, (b) the director has an immediate family member who is a current partner of such a firm, (c) the director has an immediate family member who is a current employee of such a firm and personally works on Norfolk Southern's audit, or (d) the director or an immediate family member was within the last three years a partner or employee of such a firm and personally worked on Norfolk Southern's audit within that time;
- the director or an immediate family member is, or has been within the last three years, employed as an executive officer of another company where one of our Executive Officers serves as a director and sits on that company's compensation committee;
- the director is an executive officer or employee, or an immediate family member of the director is an executive officer, of a company that makes payments to, or receives payments from, Norfolk Southern or any of our consolidated subsidiaries for property or services in an amount which, in any of the last three fiscal years, exceeds the greater of \$1 million or 2% of such other company's consolidated gross revenues; and
- the director is an executive officer or compensated employee, or an immediate family member of the director is an executive officer, of a charitable organization that receives donations from Norfolk Southern, any of our consolidated subsidiaries or the Norfolk Southern Foundation in an amount which, in any of the last three fiscal years, exceeds the greater of \$1 million or 2% of such charitable organization's donations.

For purposes of these categorical standards, "immediate family member" has the definition set forth in the New York Stock Exchange's Listing Standards, as amended from time to time. These standards, as set forth in this proxy statement, are available on our website at www.nscorp.com in the "Investors" section under "Corporate Governance."

The Board has determined that all current directors other than Mr. Moorman satisfy the above categorical standards and qualify as independent directors of Norfolk Southern. Mr. Moorman serves as our Chairman, President and Chief Executive Officer and, therefore, is not an independent director. In making the foregoing independence determinations, our Board of Directors considered each of the following transactions, relationships and arrangements we had with members of our Board, none of which exceeded our categorical independence standards or were sufficiently material as to require disclosure under Item 404(a) of Regulation S-K:

- We provided transportation services to, received coal royalties and rental payments from, and paid freight claims and contract refunds to, Arch Coal, Inc. in the ordinary course of business during 2012. Mr. Leer is the Executive Chairman of the Board of Arch Coal.
- We subscribed to and are listed in a transportation manual provided by a subsidiary of Carousel Capital during 2012. Mr. Bowles is a Senior Advisor to Carousel Capital.
- We provided transportation services to Northrop Grumman Corporation in the ordinary course of business during 2012. Mr. Bush is Chairman of the Board and Chief Executive Officer of Northrop Grumman.

Retirement Policy

Under our Governance Guidelines, a director must retire effective as of the date of the annual meeting that falls on or next follows the date of that director's 72nd birthday.

¹Mr. Moorman received no compensation for Board or committee service in 2012 and will not receive compensation for Board or committee service in 2013. Therefore, neither this table nor the narrative which follows contain compensation information for Mr. Moorman. For compensation information for Mr. Moorman, see Executive Compensation on page 30 of this proxy statement. Mr. Nesbitt and Mr. Thompson joined the Board on February 18, 2013. Because Mr. Nesbitt and Mr. Thompson received no compensation for Board or Committee service in 2012, they are not included in this table.

² Includes amounts elected to be received on a deferred basis pursuant to the Directors' Deferred Fee Plan. For a discussion of this plan, as well as our other director compensation plans, see the narrative discussion below.

³For all directors other than Mr. Bush, represents the full grant date fair value computed in accordance with FASB ASC Topic 718 of the 2,055 restricted stock units granted on January 26, 2012 pursuant to our Long-Term Incentive Plan. For Mr. Bush, this amount represents the full grant date fair value of the 3,000 restricted shares granted to him upon joining the Board of Directors. As of December 31, 2012, each director held 3,000 restricted shares and the directors held restricted stock units in the following amounts: Gov. Baliles, 61,423; Mr. Bell, 7,889; Mr. Bowles 2,116; Mr. Bradway 2,116; Mr. Bush, 0; Mr. Carp, 22,284; Mr. Correll, 47,405; Dr. Horn, 12,361; Mr. Joyce, 32,459; Mr. Leer, 54,132;

Edgar Filing: NORFOLK SOUTHERN CORP - Form PRE 14A

Mr. Lockhart, 12,361; and Adm. Reason, 42,361. See below under Narrative to Non-Employee Director Compensation Table Long-Term Incentive Plan for more information regarding these restricted stock units.

⁴Represents the amounts by which 2012 interest accrued on fees deferred prior to 2001 by the non-employee directors under the Directors Deferred Fee Plan exceeded 120% of the applicable Federal long-term rate provided in Section 1274(d) of the Internal Revenue Code.

⁵ Includes (i) the dollar amounts we contributed to charitable organizations on behalf of the following directors pursuant to our matching gifts program as follows: Gov. Baliles, \$10,269; Mr. Bell, \$12,500; Mr. Bowles, \$35,000; Mr. Bradway, \$14,506; Mr. Bush, \$30,000; Mr. Carp, \$7,500; Mr. Correll, \$25,000; Dr. Horn, \$250; Mr. Leer, \$6,700; and Adm. Reason, \$3,000, and (ii) each director's proportional cost of NS-owned life insurance policies used to fund the Directors Charitable Award Program. Because a director must serve on our Board for one year prior to becoming eligible

for the Directors Charitable Award Program, no portion of this cost was allocated to Mr. Bush. For further discussion of the Directors Charitable Award Program, see the narrative discussion below.

⁶Messrs. Baliles and Correll and Admiral Reason will retire from the Board of Directors effective the date of this Annual Meeting.

Narrative to Non-Employee Director Compensation Table

Below is a discussion of the material factors necessary to an understanding of the compensation disclosed in the above table.

The Compensation Committee and the Board of Directors determine the annual compensation of non-employee directors each year. The Committee consults with its compensation consultant on the compensation program and reviews benchmarking and survey information to determine whether changes are advisable. The Committee reviews both a comparison to the market amount of compensation paid to directors serving on boards of similar companies and reviews the allocation of this compensation between cash retainer and equity grants. In general, the Compensation Committee and the Board seek to make any changes to non-employee director compensation in a gradual and incremental fashion.

Retainer and Fees. In 2012, each member of the Board of Directors received a quarterly retainer for services of \$12,500 and a quarterly fee of \$10,000 for serving on at least two committees, plus expenses incurred in connection with attendance at Board meetings. Directors who served as committee chairpersons received an additional quarterly fee of \$5,000 for such service, and the Lead Director received an additional quarterly fee of \$12,500.

Directors' Deferred Fee Plan. A director may elect to defer receipt of all or a portion of the director's compensation. Amounts deferred are credited to a separate memorandum account maintained in the name of each participating director. Amounts deferred before January 1, 2001, earn a fixed rate of interest, which is credited to the account at the beginning of each quarter. In general, the fixed interest rate is determined on the basis of the director's age at the time of the deferral: under age 45, 7%; age 45-54, 10%; age 55-60, 11%; and over age 60, 12%. However, for amounts deferred on or after January 1, 1992 and prior to January 1, 1994, the fixed interest rate was as follows: under age 45, 13%; age 45-54, 14%; age 55-60, 15%; and over age 60, 16%. Amounts set forth in the table above represent the extent to which these rates exceed 120% of the applicable federal long-term rate. The total amount so credited for amounts deferred before January 1, 2001 (including interest earned thereon) is distributed in ten annual installments beginning in the year following the year in which the participant ceases to be a director.

Amounts deferred on or after January 1, 2001, are credited with variable earnings and/or losses based on the performance of hypothetical investment options selected by the director. The hypothetical investment options include NS stock units and various mutual funds as crediting indices. NS stock units are phantom units whose value is measured by the market value of shares of our common stock, but the units ultimately will be settled in cash, not in shares of our common stock. Amounts deferred on or after January 1, 2001, will be distributed in accordance with the director's elected distribution option in one lump sum or a stream of annual cash payments over 5, 10 or 15 years. Five directors elected to defer compensation that would have been payable in 2012 into the Directors' Deferred Fee Plan.

Our commitment to accrue and pay interest and/or earnings on amounts deferred is facilitated by the purchase of corporate-owned life insurance with the directors as insureds under the policies. If the Board of Directors determines at any time that changes in the law affect our ability to recover the

Table of Contents

cost of providing the benefits payable under the Directors' Deferred Fee Plan, the Board, in its discretion, may reduce the interest and/or earnings on deferrals to a rate not less than one half the rate otherwise provided for in the Directors' Deferred Fee Plan.

Directors' Restricted Stock Plan. Each non-employee director receives a grant of 3,000 shares of restricted stock upon election to the Board. Restricted stock is registered in the name of the director, who has all rights of ownership (including the right to vote the shares and receive dividends); however, restricted stock may not be sold, pledged or otherwise encumbered during a restriction period which (a) begins when the restricted stock is granted and (b) ends on the earlier of (i) the date the director dies or (ii) the day after the director ceases to be a director because of disability or retirement. These shares will be forfeited if a non-employee director does not retire in accordance with the terms of the plan.

Long-Term Incentive Plan. Each of the Corporation's then current non-employee directors was granted 2,055 restricted stock units effective January 26, 2012. Each restricted stock unit represents the economic equivalent of one share of our common stock, and will be settled in shares of our common stock rather than cash. These restricted stock units are credited to a separate memorandum account maintained for each director and are administered in accordance with the Long-Term Incentive Plan. Stock units in each director's memorandum account are credited with dividend equivalents as dividends are paid on our common stock, and the amount credited is converted into additional restricted stock units, including fractions thereof, based on the mean of the high and low trading prices of our common stock on the dividend payment date. We anticipate that, from time to time, non-employee directors will be granted additional restricted stock units in an amount sufficient to assure that their total annual compensation for services is competitive.

Upon leaving the Board, a director will receive the value of the restricted stock units in this memorandum account in shares of our common stock either in a lump sum distribution or in ten annual distributions, in accordance with an election made by each director. Restricted stock unit awards made after 2010 are subject to retention until the director ceases to serve as a director, with a minimum three-year restriction period measured from the award date. If a director leaves while restricted stock unit awards are still subject to the restriction period, such restricted stock units will be distributed in accordance with the director's prior distribution election as each restriction period expires.

Directors' Charitable Award Program. Each director is entitled to nominate up to five tax-exempt institutions to receive, in the aggregate, up to \$500,000 from Norfolk Southern following the director's death. Directors are entitled to designate up to \$100,000 per year of service until the \$500,000 cap is reached. Following the director's death, we will distribute the donations in five equal annual installments.

The Directors' Charitable Award Program supports, in part, our long-standing commitment to contribute to educational, cultural and other appropriate charitable institutions and to encourage others to do the same. We fund some of the charitable contributions made under the Program out of general corporate assets, and some of the charitable contributions with proceeds from life insurance policies we have purchased on some of the directors' lives. We are the owner and beneficiary of these policies, and the directors have no rights to any policy benefits. Upon directors' deaths, we receive these life insurance death benefits free of income tax, which provide a source from which we can be reimbursed for donations made under the Program. Our cost of the life insurance premiums under the Program is partially offset by tax deductions we take from making the charitable contributions. We allocate a proportional share of the cost of maintaining these policies during 2012 to each director eligible for the Directors' Charitable Award Program in the above table under All Other Compensation, regardless of whether we purchased a life insurance policy with respect to each particular director.

Table of Contents

Because we make the charitable contributions (and are entitled to the related deduction) and are the owner and the beneficiary of the life insurance policies, directors derive no direct financial benefit from this program. In the event the proceeds from any of these policies exceed the donations we are required to make under the Program, we contribute the excess proceeds to the Norfolk Southern Foundation. Amounts the Norfolk Southern Foundation receives under this program may reduce what we otherwise would contribute from general corporate resources to support the Foundation's activities.

Directors' Physical Examinations. Each non-employee director is entitled to reimbursement for a physical examination, up to \$10,000 per calendar year. The CEO and the Executive Vice Presidents also are eligible for such reimbursement. See pages 42 and 45 of the Executive Compensation section of this proxy statement. Some of our directors were reimbursed for physical examinations during 2012, but because the cost of these physicals, together with other perquisites or other personal benefits, did not exceed \$10,000 for any non-employee director, these amounts do not appear in the 2012 Non-Employee Director Compensation Table.

Risk Oversight

The Board of Directors is responsible for the oversight of the Corporation's risk management efforts. While the full Board of Directors is ultimately responsible for this oversight function, the Governance and Nominating Committee has been delegated authority to recommend procedures and processes for the Board's risk oversight function. Currently the Governance and Nominating Committee considers a mapping of the Corporation's risk and assigns oversight responsibilities for specific risks to the Board of Directors and the committees of the Board. In addition, in accordance with applicable regulations and its charter, the Audit Committee periodically considers major financial risks of the Corporation. Finally, the Compensation Committee considers major compensation related risks of the Corporation. Management in charge of particular areas of risk for the Corporation provides presentations, information and updates on risk management efforts as requested by the Board or a Board committee.

Committees

Each year, not later than at its organizational meeting that usually follows the Annual Meeting of Stockholders, the Board of Directors appoints members to its committees. In May 2012, the Board appointed members to the Executive Committee, the Governance and Nominating Committee, the Finance Committee, the Audit Committee and the Compensation Committee. The charter of each of the committees, approved by the Board of Directors, requires that it evaluate its performance at least annually, considering such issues as its effectiveness, its size and composition, the quality of information and presentations given by management, the suitability of its duties and such other issues as the committee deems appropriate. Copies of these committee charters are available on our website in the Investors section under Corporate Governance at www.nscorp.com. Any stockholder may request printed copies of one or more of the committee charters by contacting: Howard D. McFadden, Corporate Secretary, Norfolk Southern Corporation, Three Commercial Place, 13th Floor, Norfolk, Virginia 23510-9219 (telephone 757-823-5567).

The **Executive Committee** met three times in 2012; its current members are Charles W. Moonman, Chair, Gerald L. Baliles, Daniel A. Carp, Alston D. Correll and Burton M. Joyce. When the Board is not in session, and except as otherwise provided by law, the Executive Committee has and may exercise all the authority of the Board, including the authority to declare a quarterly dividend on our common stock at the rate of the quarterly dividend most recently declared by the Board. All actions taken by the Executive Committee are reported to the Board at its meeting next following such action and are subject to revision or alteration by the Board. The Executive Committee is governed by a written charter last adopted by the Board effective November 27, 2012.

Table of Contents

The **Governance and Nominating Committee** met six times in 2012; its current members are Alston D. Correll, Chair, Daniel A. Carp, Karen N. Horn, Steven F. Leer, J. Paul Reason and John R. Thompson (who joined the Committee on February 18, 2013). All members of the Governance and Nominating Committee are independent (see information under **Director Independence** on page 20). The Governance and Nominating Committee is governed by a written charter last adopted by the Board effective November 24, 2009. This committee's duties include:

- recommending to the Board qualified individuals to be nominated either as additional members of the Board or to fill any vacancy on the Board;
- recommending to the Board qualified individuals to be elected as our officers;
- recommending the adoption of and any amendments to our Corporate Governance Guidelines;
- monitoring legislative developments relevant to us and overseeing efforts to affect legislation and other public policy;
- overseeing our political contributions;
- overseeing our charitable giving;
- monitoring our relations with stockholders;
- monitoring corporate governance trends and practices and making recommendations to the Board of Directors concerning corporate governance issues; and
- recommending to the Board of Directors procedures and processes for the Board's oversight of the Corporation's risk management program.

As described in the Corporate Governance Guidelines, the Governance and Nominating Committee considers potential candidates to be nominated for election as directors, whether recommended by a stockholder, director, member of management or consultant retained for that purpose, and recommends nominees to the Board. The Governance and Nominating Committee reviews the current biography of the potential candidate and additional information provided by the individual or group that recommended the candidate for consideration. The Governance and Nominating Committee fully considers the qualifications of all candidates and recommends the nomination of individuals who, in the Governance and Nominating Committee's judgment, will best serve the long-term interests of all stockholders. In the judgment of the Governance and Nominating Committee and the Board, all director nominees recommended by the Governance and Nominating Committee should, at a minimum:

- be of high ethical character and have personal and professional reputations consistent with our image and reputation;
- have experience as senior executives of public companies or leaders of large organizations, including charitable and governmental organizations, or have other experience at a strategy or policy setting level that would be beneficial to us;

Edgar Filing: NORFOLK SOUTHERN CORP - Form PRE 14A

- be able to represent all of our stockholders in an objective and impartial manner; and
- have time available to devote to Board activities.

It is the intent of the Governance and Nominating Committee and the Board that at least one director on the Board will qualify as an audit committee financial expert, as that term is defined in regulations of the SEC.

Table of Contents

The Governance and Nominating Committee will consider director candidates recommended by stockholders. Any such recommendation should include:

- biographical information on the candidate, including all positions held as an employee, officer, partner, director or ten percent owner of all organizations, whether for profit or not-for-profit, and other relevant experience;
- a description of any relationship between the candidate and the recommending stockholder;
- a statement requesting that the Board consider nominating the individual for election as a director;
- written consent of the proposed candidate to being named as a nominee; and
- proof of the recommending stockholder's stock ownership.

Recommendations by stockholders must be in writing and addressed to the Chair of the Governance and Nominating Committee, c/o Corporate Secretary, Norfolk Southern Corporation, Three Commercial Place, 13th Floor, Norfolk, Virginia 23510-9219. To ensure that the Governance and Nominating Committee will have adequate time to consider all candidates, **stockholder recommendations must be received no later than November 20, 2013, in order to be considered for nomination for election at the 2014 Annual Meeting of Stockholders.**

A stockholder may directly nominate an individual for election as director instead of (or in addition to) recommending a candidate for the Governance and Nominating Committee's consideration. Unless required by SEC regulations, stockholder nominees will not appear in our proxy statement or on the proxy card for the annual meeting. **Stockholders wishing to nominate an individual for election as a director at an annual meeting must comply with specific Bylaw provisions, which are available on our website, www.nscorp.com, in the Investors section under Corporate Governance.**

The **Finance Committee** met five times in 2012; its current members are Gerald L. Baliles, Chair, Thomas D. Bell, Jr., Erskine B. Bowles, Robert A. Bradway, Wesley G. Bush (who joined the Committee on February 27, 2012), Burton M. Joyce, Michael D. Lockhart, and Martin H. Nesbitt (who joined the Committee on February 18, 2013). The Finance Committee is governed by a written charter last adopted by the Board effective November 23, 2010. This committee's duties include:

- developing guidelines and overseeing implementation of policies concerning our capital structure; and
- reviewing and evaluating tax and treasury matters and financial returns of our transactions.

The **Compensation Committee** met four times in 2012; its current members are Daniel A. Carp, Chair, Gerald L. Baliles, Erskine B. Bowles, Wesley G. Bush (who joined the Committee on February 27, 2012), Alston D. Correll and Steven F. Leer. All members of the Compensation Committee are independent (see information under Director Independence on page 20). The Compensation Committee is governed by a written charter last adopted by the Board effective November 27, 2012. This committee's duties include:

Edgar Filing: NORFOLK SOUTHERN CORP - Form PRE 14A

- considering and making recommendations to the Board concerning the compensation levels, plans and programs for the directors, Chief Executive Officer and those officers whose annual salaries are fixed by the Board;
- reviewing and approving corporate goals and objectives relevant to the Chief Executive Officer's compensation and considering and recommending to the independent members of the Board the compensation of the Chief Executive Officer based on an evaluation of the Chief Executive Officer's performance relative to those corporate goals and objectives;

Table of Contents

- considering the results of any shareholder advisory vote on executive compensation in connection with its review of the executive compensation strategy, plans and programs of the Corporation;
- considering and making recommendations to the Board concerning the adoption and administration of any management incentive bonus plan, deferred compensation plan, long-term incentive plan or other executive compensation plan, including personnel eligible to participate and the method of calculating bonuses, deferred compensation amounts or awards under any such plan;
- overseeing the design of our employee retirement plans;
- making any other compensation decisions for which it is desirable to achieve the protections afforded by Section 162(m) of the Internal Revenue Code or by other laws or regulations that may be or become relevant in this area and in which only disinterested directors may participate; and
- overseeing disclosures under the Compensation Discussion and Analysis (CD&A) on executive compensation as required by the SEC to be included in the annual proxy statement or annual report on Form 10-K and producing a Compensation Committee Report indicating that it has reviewed and discussed the CD&A with management and approved its inclusion in the annual proxy statement.

The Compensation Committee makes all salary recommendations to the independent members of the Board of Directors for the Chief Executive Officer and, based on the Chief Executive Officer's individual performance evaluations, to the Board of Directors for all other Board-elected officers. The Compensation Committee also makes long-term incentive compensation awards to directors and makes recommendations to the full Board of Directors on all other elements of director compensation. In setting such compensation for the directors and the Chief Executive Officer, the Compensation Committee considers the recommendations of the compensation consultant.

The Compensation Committee has engaged Pay Governance to assist it in making compensation recommendations and decisions and otherwise fulfilling its duties under its charter. The Committee annually requests that Pay Governance assess our compensation and employee benefit arrangements, particularly those relevant to our directors and Executive Officers, and advise it whether any changes would be recommended in order to ensure that our compensation arrangements with our directors and Executive Officers are appropriate. The Committee has directed that the assessment include comparisons of our existing compensation arrangements to those of the other Class I railroads and American corporations of comparable size. During the Compensation Committee's 2012 review of the directors', the Chief Executive Officer's and other management's compensation levels, the Committee considered the advice they received from Pay Governance; however, the Committee was responsible for deciding or for making final recommendations to the Board as to the form and amount of our compensation programs.

In January 2013 the Compensation Committee considered whether Pay Governance had any conflicts of interest in its service as the Committee's compensation consultant, as defined by the applicable rules of the New York Stock Exchange and the SEC. Based on information presented by Pay Governance and information provided by management, the Committee determined that Pay Governance has no such conflict of interest.

The **Audit Committee** met nine times in 2012; its current members are Burton M. Joyce, Chair, Thomas D. Bell, Jr., Robert A. Bradway, Karen N. Horn, Michael D. Lockhart, Martin H. Nesbitt (who joined the Committee on February 18, 2013), J. Paul Reason and John R. Thompson (who joined the Committee on February 18, 2013). The Board has determined that all current members of the Audit Committee are independent (see information under **Director Independence** on page 20) and satisfy

Table of Contents

all additional requirements for service on an audit committee, as defined by the applicable rules of the New York Stock Exchange and the SEC, and no member of the Audit Committee serves on more than three public company audit committees. While other members of the Audit Committee may also qualify, the Board has determined that Burton M. Joyce, who is a member of the Audit Committee, qualifies as an audit committee financial expert, as that term is defined by SEC rules.

The Audit Committee is governed by a written charter last adopted by the Board effective November 24, 2009. This committee's duties include:

- assisting Board oversight of the accuracy and integrity of our financial statements, financial reporting process and internal control systems;
- engaging an independent registered public accounting firm (subject to stockholder ratification) based on an assessment of their qualifications and independence, and pre-approving all fees associated with their engagement;
- evaluating the efforts and effectiveness of our independent registered public accounting firm and Audit and Compliance Department, including their independence and professionalism;
- facilitating communication among the Board, the independent registered public accounting firm, our financial and senior management and our Audit and Compliance Department;
- assisting Board oversight of our compliance with applicable legal and regulatory requirements; and
- preparing the Audit Committee Report that SEC rules require be included in our annual proxy statement.

AUDIT COMMITTEE REPORT

Before our Annual Report on Form 10-K for the year ended December 31, 2012 was filed with the SEC, the Audit Committee of the Board of Directors reviewed and discussed with management our audited financial statements for the year ended December 31, 2012.

The Audit Committee has discussed with KPMG LLP, our independent registered public accounting firm, the matters required to be discussed by Statement on Auditing Standards 61, Communications with Audit Committees, as amended.

The Audit Committee also has received and reviewed the written disclosures and the letter from KPMG LLP required by applicable requirements of the Public Company Accounting Oversight Board regarding KPMG LLP's communications with the Audit Committee concerning independence, and has discussed with KPMG LLP their independence.

Based on the review and discussions referred to above, the Audit Committee recommended to the Board of Directors that the financial statements referred to above be included in our Annual Report on Form 10-K for the year ended December 31, 2012, filed with the SEC.

TRANSACTIONS WITH RELATED PERSONS

We may occasionally participate in transactions with certain related persons. Related persons include our Executive Officers, directors, 5% or more beneficial owners of our common stock, immediate family members of these persons, and entities in which one of these persons has a direct or indirect material interest. We refer to transactions with these related persons as related person transactions. We have adopted a written policy to prohibit related person transactions unless they are determined to be in Norfolk Southern's best interests. Under this policy, the Audit Committee is responsible for the review and approval of each related person transaction exceeding \$120,000. In instances where it is not practicable or desirable to wait until the next meeting of the Audit Committee for review of a related person transaction, the Chair of the Audit Committee possesses delegated authority to act between Audit Committee meetings. The Audit Committee, or the Chair, considers all relevant factors when determining whether to approve a related person transaction including, without limitation, whether the proposed transaction is on terms and made under circumstances that are at least as favorable to Norfolk Southern as would be available in comparable transactions with or involving unaffiliated third parties. Among other relevant factors, they consider the following:

- the size of the transaction and the amount of consideration payable to the related person(s);
- the nature of the interest of the applicable director, director nominee, Executive Officer, or 5% stockholder, in the transaction; and
- whether we have developed an appropriate plan to monitor or otherwise manage the potential for a conflict of interest.

The Chair must report any action taken pursuant to this delegated authority to the Audit Committee at its next meeting. In addition, at the Audit Committee's first meeting of each fiscal year, it reviews all previously approved related person transactions that remain ongoing and have a remaining term or remaining amounts payable to or receivable from us of more than \$120,000. Based on all relevant facts and circumstances, taking into consideration our contractual obligations, the Audit Committee determines whether it is in our and our stockholders' best interest to continue, modify or terminate the related person transaction.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The members of the Compensation Committee during 2012 were Daniel A. Carp, Chair, Gerald L. Baliles, Erskine B. Bowles, Wesley G. Bush, Alston D. Correll, and Steven F. Leer. None of the foregoing members has ever been employed by Norfolk Southern, and no such member had, during our last fiscal year, any relationship with us requiring disclosure under Item 404 of Regulation S-K or under the Compensation Committee Interlocks disclosure requirements of Item 407(e)(4) of Regulation S-K.

Compensation Discussion and Analysis

2012 Compensation Highlights

Edgar Filing: NORFOLK SOUTHERN CORP - Form PRE 14A

For 2012, the Compensation Committee of our Board of Directors (which we will refer to as the Committee) made the following key changes to executive compensation, all as more fully described in this Compensation Discussion and Analysis:

- Compared compensation to two key competitors to strengthen Norfolk Southern's competitive pay position. After considering this market-based comparison, the Committee reallocated the compensation mix to increase base salary and annual bonus opportunity, while maintaining a consistent level of total direct compensation.

Table of Contents

- Replaced pre-tax net income with operating income as a bonus metric, and increased the percentage of annual bonus that is tied to this metric to 50%.
- Increased performance standards for the portions of the bonus based on the operating ratio and composite service measures, and set the new operating income metric at a level requiring increased performance over the prior year to meet target payout.
- Targeted a bonus payout of 67%, and Norfolk Southern achieved a below-target bonus payout of 59.7%. Although Norfolk Southern exceeded its targeted goal for the composite service measure, the targeted financial goals for operating income and operating ratio were not met which resulted in the below-target payout.
- Continued to grant, as in past years, long-term incentive awards consisting of approximately 35% options, 15% restricted stock units, and 50% performance shares, all of whose ultimate value is based on shareholder return. The value of performance shares is also affected by the amount earned, which is tied to achievement of disclosed goals for total stockholder return, return on average invested capital and operating ratio.
- Awarded CEO compensation that is targeted 77% at risk and tied to established corporate performance goals and 68% of which is aligned with shareholder returns.
- Continued to engage with shareholders on matters concerning executive compensation and make changes to our compensation programs as a result of such engagement, which changes included eliminating prospective tax gross-up payments for senior executives, and imposing a dollar cap on the bonus payable to an individual executive.

The Committee believes that the above-described compensation program changes were necessary to provide a competitive pay for performance package that continues to incentivize our Executive Officers to maximize long-term shareholder value while also promoting retention.

Objectives of Compensation Program

Norfolk Southern's primary objective with respect to executive compensation is to design compensation programs which will:

- Align executives' compensation with overall business strategies;
- Attract and retain highly qualified executives; and
- Provide incentives that drive stockholder value.

The Committee is responsible for developing and maintaining appropriate compensation programs for our Executive Officers, including our Named Executive Officers.

Edgar Filing: NORFOLK SOUTHERN CORP - Form PRE 14A

In order to enhance the Committee's ability to carry out these responsibilities effectively, as well as ensure that Norfolk Southern maintains strong links between executive pay and performance, the Committee:

- Reviews management recommendations with respect to compensation decisions.
- Reviews the Chief Executive Officer's individual performance evaluations of Executive Officers and discusses such performance assessments with the Chief Executive Officer on an annual basis and recommends any compensation adjustments to the Board of Directors for approval.
- Has retained Pay Governance as an independent compensation consultant.

Table of Contents

To show the compensation comparison between the Chief Executive Officer and our executive vice presidents (collectively, the Named Executive Officers), Norfolk Southern has chosen to report compensation for all of its executive vice presidents in the compensation tables in this proxy statement and to discuss their compensation in this Compensation Discussion and Analysis section.

Management Recommendations

The Chief Executive Officer and the Executive Vice President-Administration provide recommendations to the Committee on any adjustments to compensation for the Named Executive Officers, other than the Chief Executive Officer. Such adjustments are based on each individual's performance, level of responsibility, and time in position. In addition, the Chief Executive Officer and Executive Vice President-Administration provide recommendations to the Committee on adjustments to compensation to address retention needs, performance goals, internal and market pay equity, overall corporate performance, and general economic conditions. Pay Governance makes recommendations to the Committee on any adjustments to compensation for the Chief Executive Officer, and the Chief Executive Officer is not present when the Committee makes decisions on his compensation package.

Use of Compensation Consultant

The Committee engaged Pay Governance to provide executive compensation consulting services to the Committee during 2012. Pay Governance does not provide services to Norfolk Southern other than services provided directly to the Committee. Pay Governance provides requested reports and information to the Committee and attends Committee meetings at the Committee's request. For 2012, the Committee engaged Pay Governance to (1) conduct a market pay assessment of Norfolk Southern's compensation levels relative to both the competitive market and Norfolk Southern's compensation philosophy, including identifying and reviewing market benchmark positions and compensation comparison data, (2) assist Norfolk Southern with the development of long-term incentive grant guidelines for the officer and management groups, based on Pay Governance's competitive pay assessment and long-term incentive competitive market data, (3) conduct an assessment of Norfolk Southern's non-employee directors' compensation package relative to competitive market practices, (4) review emerging trends and issues in executive compensation with the Committee and discuss the implications for Norfolk Southern, and (5) provide certain additional executive compensation consulting services as may be requested by the Committee. In conducting the market pay assessment, Pay Governance reviews with the Committee parameters for the selection of peer group companies and compiles compensation data for the peer group. The Committee uses this information as a starting point for its compensation decisions.

Compensation Policies

In setting compensation for the Named Executive Officers, the Committee:

- Considers comparative market data, gathered by the compensation consultant, from other North American Class I railroads as a guideline. In aggregate, the Committee targets a range from the 50th to the 65th percentile for Named Executive Officers' total direct compensation (i.e., total cash compensation plus the expected value of long-term incentive awards) compared to the peer group.
- Considers current salary levels, targeted bonus opportunities and the value of long-term incentive awards at the time the awards were made.

Edgar Filing: NORFOLK SOUTHERN CORP - Form PRE 14A

- Considers expected corporate performance and general economic conditions.
- Does not consider amounts realized from prior performance-based or stock-based compensation awards when setting the current year's target total direct compensation,

Table of Contents

regardless of whether such amounts realized may have resulted in a higher or a lower payout than targeted in prior years. Since the nature and purpose of performance-based and stock-based compensation is to tie executives' compensation to future performance, the Committee believes that considering amounts realized from prior compensation awards in making current compensation decisions is inconsistent with such purpose.

The Committee monitors the continuing appropriateness of the peer group. Beginning in 2011, the Committee selected a peer group for the Named Executive Officers consisting of the other North American Class I railroads. The Committee selected this peer group because Norfolk Southern is increasingly in competition with the other North American Class I railroads for key executive talent. As a result, the Committee determined that reference to the pay levels at the other North American Class I railroads was the most relevant comparator for the Named Executive Officers. For 2012, the Committee determined it would compare against individual companies in the peer group as well as a peer group as a whole. The Committee used this comparison because it views CSX and Union Pacific as more direct competitors for executive talent than the Canadian railroads or the comparatively smaller Kansas City Southern. BNSF Railway's compensation was not considered for 2012 because its executive compensation data is not publicly available, and individual company data was required for the Committee's 2012 analysis. Therefore, the publicly traded North American Class I railroads that make up the peer group companies for 2012 (Peer Group Companies) are:

Canadian National Railway	CSX	Union Pacific
Canadian Pacific Railway	Kansas City Southern	

The Committee applies its executive compensation policies consistently to all Named Executive Officers, and the application of these policies produces differing amounts of compensation for the Chief Executive Officer, the executive vice president level, and executives at lower management levels within the Corporation. In setting the Chief Executive Officer's compensation, the Committee applies the policies described above and, in particular, strives to balance comparative market data for chief executive officers of Peer Group Companies with its goal to provide meaningful incentive opportunities earned on the basis of performance which contributes to delivering stockholder returns. In considering comparative market data for the Chief Executive Officer, the Committee also considers experience. In addition, the Committee looks at executives at the executive vice president level and considers the appropriate compensation differential between the Chief Executive Officer and the executive vice presidents. Because the Chief Executive Officer's job carries the highest level of responsibility and has the greatest ability to drive shareholder value, his total compensation contains a higher variable or at-risk component than that of other executives.

Consideration of Stockholder Advisory Vote on Compensation

At Norfolk Southern's 2012 Annual Meeting of Stockholders, the Corporation's stockholders voted on a non-binding advisory resolution on the compensation provided to the Corporation's Named Executive Officers, as reported in the Compensation Discussion and Analysis and executive compensation tables in the Corporation's 2012 proxy statement. Approximately 94% of voting stockholders approved that resolution, excluding abstentions and shares that were not voted. The Committee viewed the results of the advisory vote as demonstrating broad shareholder support for our current executive compensation program. Given the results of the stockholder advisory vote and the Committee's ongoing review of the Corporation's compensation programs, the Committee believes that the Corporation's existing compensation programs effectively align the interests of the Named Executive Officers with the Corporation's long-term goals. While the stockholder vote on compensation is advisory in nature, the Board and Compensation Committee will carefully consider the results of any such vote in future compensation decisions.

Table of Contents

Shareholder Engagement

The Corporation regularly engages with its stockholders on matters of interest to stockholders as a whole, including executive compensation issues. In response to these discussions, the Committee and the Board of Directors have made several changes in the executive compensation program and plans.

Tax Gross-up Payments

In 2012, the Board of Directors adopted a policy providing that the Corporation not make or promise to make to its senior executives any tax gross-up payments, except as provided pursuant to existing contractual obligations or a plan, policy or arrangement applicable to Norfolk Southern's nonagreement employees generally. In January 2013, the Corporation entered into amendments to its change-in-control agreements with the Named Executive Officers to eliminate tax gross-up payments provided under the agreements.

Pledging; Hedging

All Executive Officers of Norfolk Southern are required to clear any transaction involving its common stock with Norfolk Southern's Corporate Secretary prior to engaging in the transaction. Certain Executive Officers maintain securities accounts at brokerage firms, and the positions held in such accounts, which may from time to time include shares of Norfolk Southern common stock, may have been pledged as collateral security for the repayment of any debit balances in the accounts. None of Norfolk Southern's Executive Officers have otherwise pledged or hedged Norfolk Southern's securities.

In response to stockholder concerns, the Board of Directors adopted a policy in January 2013, effective immediately, to prohibit the Corporation's Executive Officers from entering into pledging or hedging transactions or positions regarding the Corporation's securities.

Executive Management Incentive Plan Cap

In addition, in April 2012, the Corporation amended the Executive Management Incentive Plan to provide that bonuses paid to any executive under the plan will not exceed the lesser of three tenths of one percent of the Corporation's income from railway operations for the incentive year or ten million dollars. Bonuses paid under the Executive Management Incentive Plan had not exceeded this cap, but the Committee and Board of Directors adopted this limit in response to concerns expressed by its stockholders.

Benchmark for Chief Executive Officer's Total Direct Compensation

In January 2013, the Committee changed its policy for setting compensation for the Chief Executive Officer to target the 50th percentile of comparative market data for total direct compensation, rather than targeting a range from the 50th to 65th percentile.

Compensation Components

Overview

The Committee strives to create a compensation program that provides our Named Executive Officers with a balanced compensation package that includes an appropriate base salary along with competitive annual and long-term incentive compensation, so as to directly link executives compensation to the Corporation's financial performance and thus align their interests with those of our shareholders. Norfolk Southern's total compensation for its Named Executive Officers is thus

Table of Contents

weighted heavily toward performance-based incentive compensation rather than base salary, with the result that a substantial portion of 2012 target executive compensation aligns with shareholder interests and is at-risk .

Norfolk Southern's executive compensation programs for 2012 are designed so that, at target levels of performance, total direct compensation for Named Executive Officers is in approximately the 50th to 65th percentile as compared to the Peer Group Companies. Total direct compensation consists of salary, annual bonus, and long-term incentives. The greater the level of an executive's responsibility, the higher the proportion of his or her compensation which is at risk. In establishing compensation for the different executive levels, the Committee strives to provide internal pay equity across each level so that executives occupying positions at a similar level and having a similar level of responsibility, such as executive vice presidents, receive similar total direct compensation.

The Committee considers what proportion of total direct compensation should be paid annually as base salary, as total cash compensation (salary plus bonus) and as long-term compensation. This allocation is based in part on comparison to the compensation mix of the Peer Group Companies. In prior years the Committee benchmarked base salary and total cash compensation for Peer Group Companies and set targets for each as a percentile. For 2012, the Committee determined that it would benchmark Executive Officers' total direct compensation as the best measure of the Corporation's competitiveness with Peer Group Companies, rather than set a specific target for each component of compensation. While the Committee will consider benchmarked (and/or averaged, particularly where the sample size is small) base salary, total cash compensation and long-term compensation for the Peer Group Companies as a whole or for individual Peer Group Companies, the Committee will not establish targeted percentiles for the components of total direct compensation. The Committee believes this approach targets a competitive level of total direct compensation, while also allowing the Committee the flexibility to consider market practices, internal pay equity, and our history of salary and bonus adjustments in determining the compensation component mix. This allocation is re-evaluated annually.

Table of Contents

For 2012, the Committee reviewed the compensation paid to the Chief Executive Officer in 2011 and determined that the base salary and total cash compensation paid to the Chief Executive Officer were lower than the average base salaries and total cash compensation paid to the chief executive officers of the Peer Group Companies. The Committee further noted that the Chief Executive Officer's base salary and annual bonus were significantly lower when compared with CSX and Union Pacific, which are the two companies that the Committee views as the most direct competitors with Norfolk Southern for executive talent. Similarly, the Committee reviewed the compensation paid to the executive vice presidents in 2011 and determined that the executive vice presidents had relatively low total cash compensation as compared to the Peer Group Companies, and that the executive vice presidents' annual bonuses were significantly lower as compared with the annual bonuses at CSX and Union Pacific.

To better align the compensation mix with those of the Peer Group Companies, while maintaining an overall target for total direct compensation of approximately the 50th to 65th percentile as compared to the Peer Group Companies, the Committee decided to raise salaries and bonus opportunities for all of the Named Executive Officers in 2012, as further discussed below under Salaries and Annual Bonus. As a result, for 2012, the portion of total direct compensation awarded as cash compensation was approximately 29% for Mr. Moorman and 45% for the other Named Executive Officers, and the portion of total direct compensation awarded as long-term incentive compensation was approximately 71% for Mr. Moorman and 55% for the other Named Executive Officers.

The Committee further considers the portion of total direct compensation which is to be awarded as long-term compensation (including both the fixed and the at-risk portions) and how the long-term piece of compensation should be allocated among stock options, performance shares, and restricted stock units. This allocation is based on general market practices, compensation trends, governance practices, and business issues facing Norfolk Southern. In making this determination, the Committee takes into account the potential dilutive effect of stock-based awards and the burn rate of such awards, including guidance on these measures from proxy advisory services, and further considers the purpose behind each element of long-term compensation and how the allocation among these elements will contribute to its overall compensation policies. The Committee does not target comparative market data in making this allocation decision. For 2012, the Committee retained the same mix of awards as were granted in 2011.

The Committee considers where the resulting total direct compensation, valued at the time of the award, falls within the targeted 50th to 65th parameter. This comparison is based on salary for the upcoming year, an estimated 67% earn-out for the bonus, an estimated 50% earn-out for performance share units awarded for the upcoming year, a binomial model valuation for stock options, and an estimated fair market value for restricted stock units. The value of long-term incentive compensation is based on the estimated fair market value of Norfolk Southern's stock at the time the award is approved by the Committee.

Total direct compensation awarded for 2012 for Mr. Moorman was positioned at the 51st percentile as compared to the Peer Group Companies, and therefore within the targeted 50th to 65th parameter. Total direct compensation awarded for 2012 to the executive vice presidents was positioned at the 48th percentile as compared to the Peer Group Companies, and therefore was within a reasonable range of the target.

The Committee may adjust compensation for any executive based on individual performance or to align with the Corporation's compensation objectives. In particular, the Committee may reduce certain compensation that is based on corporate performance (such as the annual bonus or performance shares), and may reduce or increase certain compensation that is not based on corporate performance (such as the number of restricted stock units awarded). The Committee determined in 2013 that the individual performance of all Named Executive Officers for 2012 met or

Table of Contents

exceeded expectations and therefore did not make any adjustments to compensation on the basis of individual performance.

Salaries

The Committee reviews the Named Executive Officers' base salaries annually and makes adjustments from time to time to realign salaries with market levels, after taking into account individual performance and experience, or for other circumstances. As described above, after undertaking this review in November 2011, the Committee recommended increases to each of the Named Executive Officers' base salaries beginning in 2012. The Board of Directors adopted the Committee's recommendation and approved an increase in the Chief Executive Officer's base salary to \$1,000,000, and an increase in the base salary for each of the executive vice presidents to \$600,000, with the increases effective in January 2012. Before this increase, the base salary for the Chief Executive Officer and executive vice presidents was last increased in 2008, other than salary adjustments for individual executive vice presidents who were transitioning into their positions in recent years.

Annual Bonus

Each of our Named Executive Officers participates in Norfolk Southern's Executive Management Incentive Plan (EMIP), which is designed to compensate executives based on achievement of annual corporate performance goals. Each year, the Committee establishes a maximum bonus opportunity for each Named Executive Officer. This opportunity is expressed as a percentage of base salary and is determined using a variety of relevant factors including but not limited to the competitive landscape reflected by the Peer Group Companies.

For 2012, the Committee established a maximum bonus opportunity for Mr. Moorman of 250% of his base salary, and a maximum bonus opportunity for each of the executive vice presidents of 145% of his or her base salary. The maximum annual award that each Named Executive Officer is eligible to receive is not the amount expected to be paid to an executive, but is instead the highest amount that the Committee may award as performance-based compensation while preserving deductibility under Section 162(m) of the Internal Revenue Code. The Committee has no discretion to increase the bonus payout above the maximum bonus opportunity under the EMIP. The Committee chose these maximum opportunities to permit flexibility in the event of unusual and exceptional circumstances, and their expectation, absent such circumstances, was to approve payouts that correspond to a 225% opportunity for Mr. Moorman and a 135% opportunity for executive vice presidents to more closely align with market pay positions. As described earlier, the Committee targeted 67% of the 225% and 135% opportunities.

After the end of the performance year 2012, the Committee did not make any adjustments to the bonus payout based on individual performance and approved bonus payouts to Mr. Moorman based on a 225% opportunity and to the executive vice presidents based on a 135% opportunity. The bonus amounts paid for 2012 and reported as Non-Equity Incentive Plan Compensation in the Summary Compensation Table are based on the formula described below applied to these bonus opportunities.

Under EMIP, each participant has an opportunity to earn a bonus amount that is contingent upon achieving the relevant performance goals. The performance goals for 2012 were based 50% on operating income, 35% on operating ratio and 15% on a composite of three service measures, consisting of adherence to operating plan, connection performance, and train performance (which we will refer to as the composite service measure). Each metric is based on objective performance targets, and the composite service measure is based on goals for each of the three individual service measures. The composite service measure is comprised of 30% for adherence to operating plan, 30% for connection performance and 40% for train performance. The portions of the bonus based on

Table of Contents

operating income, operating ratio and the composite service measure each vest independently, so it is possible to earn a bonus by achieving the threshold on only one of these metrics. The Committee selected these metrics for 2012 because it believed that use of such metrics best reflects railroad management effectiveness and thereby enhances stockholder value. In anticipation of improved business conditions in 2012, the Committee raised the performance standards for operating ratio and for the composite service measure for 2012 as compared with performance goals established in 2011 to drive improved performance in service, and implemented an operating income target which reflected growth expectations over 2011.

For 2012, the Committee set the following threshold, target and maximum payouts:

- if Norfolk Southern achieved only one of each threshold performance measure listed below, then a threshold payout of:
 - 0.02% at an operating income of \$1.5 billion, or
 - 0.31% at an operating ratio of 77.9%, or
 - 4.5% at a composite service measure of 72%
- a targeted payout of 67% for an operating income of \$3.63 billion, an operating ratio of 69.6% and a composite service measure of 77%, and
- a maximum payout of 100% if Norfolk Southern achieved an operating income equal to or in excess of \$3.8 billion, an operating ratio equal to or lower than 69.0%, and a composite service measure equal to or in excess of 80.0%.

The dollar amounts corresponding to the above-listed threshold, target and maximum bonus opportunities for each of the Named Executive Officers can be found in the Grants of Plan-Based Awards Table.

For each of the three performance goals, the Committee sets targets and resulting payouts at regular intervals between the threshold, target and maximum. The final bonus percentage is calculated using a weighted average of the payouts for each performance measure as shown below:

Long-Term Incentive Awards

Norfolk Southern believes that the most effective means to encourage long-term performance by our Named Executive Officers is to create an ownership culture. This philosophy is implemented through the granting of equity-based awards that vest based on continued employment and other long-term awards which vest on achievement of pre-determined performance goals. The Committee believes that the use of long-term incentive compensation for executives reinforces their focus on the importance of returns to stockholders, promotes achievement of long-term performance goals, and encourages executive retention.

The 2012 long-term incentive awards resulted in an award allocation of approximately 25% as stock options, 13% as restricted stock units, and 62% as performance shares. For 2012 awards, Executive Officers are required by contract to reimburse Norfolk Southern for amounts distributed under these plans in the event of a restatement due to material noncompliance with the financial reporting requirements of the federal securities laws during the performance period. In addition, executives are required not to engage in competing employment as a condition to receiving the 2012 award.

Stock Options. Norfolk Southern believes that use of options provides it with the ability to retain key employees and at the same time increase stockholder value since the value of the options is only realized if Norfolk Southern's stock price increases from the date on which the options are granted. For 2012, the Committee maintained the option vesting period at four years to encourage retention of key employees and awarded dividend equivalent payments on options during the four-year vesting period.

Since 1989, Norfolk Southern has granted stock options annually at the regularly scheduled January meeting of the Committee, with the exception of employees hired in connection with the Conrail transaction in 1999. The Committee approves all option grants and set the option price based on a long-standing pricing practice. Under this long-standing practice, the Board of Directors approves year-end financial results at its January meeting, and Norfolk Southern typically releases such results after market close later that day. Also at the January meeting, the Committee sets effective date of the grant as the first day of the trading window during which executives are permitted to trade in Norfolk Southern's securities and following the release of Norfolk Southern's financial results, thereby establishing a prospective effective date to price the options. Options are priced on the effective date of the grant at the higher of (i) the closing price or (ii) the average of the high and low price on the effective date of the grant. The Long-Term Incentive Plan prohibits repricing of outstanding stock options without the approval of stockholders.

Performance Shares. Norfolk Southern uses performance shares to reward the achievement of performance goals over a three-year period. Performance goals are established at the time of grant for three equally weighted criteria: Return on Average Invested Capital, a total stockholder return measure, and operating ratio. For performance shares, vesting of 1/3 of the shares is based on Return on Average Invested Capital, which Norfolk Southern believes is an indicator important to stockholders of a capital-intensive company such as Norfolk Southern.

Return on Average Invested

Table of Contents

Capital for this purpose is calculated by dividing Norfolk Southern's pre-tax income (adjusted to exclude interest expense and bonus accruals) by the average of Norfolk Southern stockholders' equity plus debt due after one year as measured at the end of each year in the three-year period. Vesting of an additional 1/3 of the shares is based on Norfolk Southern's total stockholder return as compared with the stockholder return of the other publicly traded North American Class I railroads, with a threshold measure based on a comparison of Norfolk Southern's stockholder return to the S&P 500, with each stockholder return measurement reflecting the return over the entire three-year period. The Committee adopted this metric beginning with the 2011-2013 cycle; for the 2010-2012 cycle, this component was instead based on Norfolk Southern's stockholder return as compared solely to the S&P 500. The Committee adopted the current performance criteria for total stockholder return as compared to the North American Class I Railroads to better align these awards with the Corporation's results relative specifically to its railroad industry peers. Vesting of the remaining 1/3 of the shares is based on the average operating ratio over a three-year performance period. Each 1/3 of performance shares granted vests independently of the other 2/3 and their respective performance metrics. Norfolk Southern believes that the use of the three metrics described above promotes the enhancement of stockholder value and efficient utilization of corporate assets.

In setting the performance targets for the 2012-2014 cycle, the Committee considered the performance targets for the 2011-2013 and 2010-2012 cycles and the earn-out percentages for prior years' performance share awards. For the 2012-2014 cycle, the Committee maintained the performance targets from the 2011-2013 cycle, because the Committee believed the targets continued to provide appropriate incentives. Before 2012, the Committee last raised the performance target for Operating Ratio and revised the performance targets for Total Shareholder Return in 2011, and last raised the performance targets for Return on Average Invested Capital in 2007.

For the 2010-2012 performance cycle, the performance criteria and resulting earn-out percentages are as follows:

For the 2012-2014 performance shares, Norfolk Southern used a 50% earn-out assumption to value the award for market comparison purposes.

Restricted Stock Units. Norfolk Southern believes that the use of time-based restricted stock units serves as a key retention tool for keeping valued members of management. For 2012, Norfolk Southern granted restricted stock units which vest on the fifth anniversary of the date of grant, which settle in whole shares of Norfolk Southern common stock and which units are not forfeited upon retirement, disability or death.

Retirement Plans and Programs

Edgar Filing: NORFOLK SOUTHERN CORP - Form PRE 14A

Norfolk Southern believes that its Retirement Plan and Supplemental Benefit Plan provide it with the ability to retain key employees over a longer period. Norfolk Southern sponsors a qualified defined benefit pension plan that provides a benefit based on age, service and a percentage of final average compensation. Norfolk Southern also sponsors a non-qualified supplemental benefit plan that provides a retirement benefit for salary or bonus that is deferred, restores the retirement benefit for amounts in excess of the Internal Revenue Code limitations for tax-qualified retirement plans and may be used to provide enhanced retirement benefits for certain executives. In addition to supporting the goal to retain key employees, Norfolk Southern believes that the supplemental benefit plan also recognizes, rewards and encourages contributions by its key employees and maintains internal equity by ensuring that benefit levels are based on compensation levels that reflect the relative contribution

of each participant. Further information on the Retirement Plan and Supplemental Benefit Plan may be found in the *Narrative to Pension Benefits* Table on page 52.

Norfolk Southern maintains the Executives' Deferred Compensation Plan (the "EDCP") for the benefit of the Named Executive Officers and certain other employees. The purpose of the EDCP is to provide executives with the opportunity to defer compensation and earnings until retirement or another specified date or event. The type of compensation eligible for deferral includes base salary and the annual bonus. Further information on the EDCP may be found in the *Narrative to Nonqualified Deferred Compensation Table* on page 54.

Other Benefits and Perquisites

Norfolk Southern provides the Named Executive Officers with certain health and welfare benefits, a tax-qualified 401(k) plan, and certain other perquisites which Norfolk Southern believes are necessary to retain Executive Officers and to enhance their productivity. The value of perquisites is considered as part of the total compensation package when other elements are evaluated.

Norfolk Southern's Board of Directors has directed and requires the Chairman, President and Chief Executive Officer, and his family and guests when appropriate, to use Norfolk Southern's aircraft whenever reasonably possible for air travel. Norfolk Southern believes that such use of the corporate aircraft promotes its best interests by ensuring the immediate availability of this officer and by providing a prompt, efficient means of travel and in view of the need for security in such travel. For the same reasons, Norfolk Southern's Board of Directors has determined that the Chairman, President and Chief Executive Officer may authorize employees and their guests to use the corporate aircraft for purposes which further the business interests of Norfolk Southern and when the aircraft is not otherwise needed for business use. Such non-business use by other employees and their guests is infrequent. Other perquisites include executive physicals, personal use of company facilities, certain approved spousal travel, and tax preparation services. Norfolk Southern discontinued tax gross-up payments on all perquisites for Executive Officers in 2009, and the provision of company cars and club dues for the Chairman, President and Chief Executive Officer and the Executive Vice Presidents was discontinued in 2008 (except for the chief marketing officer, who is reimbursed for club dues on memberships which further the business interests of Norfolk Southern).

Norfolk Southern believes that the benefits and perquisites described above are appropriate to remain competitive compared to other companies and to promote retention of these officers.

Impact of the Tax Treatment of Awards on Norfolk Southern's Compensation Policies

Norfolk Southern's executive compensation program has been carefully considered in light of the applicable tax rules. Section 162(m) of the Internal Revenue Code generally provides that a publicly held company may not deduct compensation paid to certain of its top executive officers to the extent such compensation exceeds \$1 million per executive officer in any year. However, limited exceptions to Section 162(m) apply with respect to performance-based compensation. In order to allow deductibility of the annual bonus and certain long-term incentive awards, Norfolk Southern amended the Long-Term Incentive Plan and Executive Management Incentive Plan in 2010 with stockholder approval to permit the continued grant of performance-based compensation that meets the requirements of Section 162(m) under those plans. However, Norfolk Southern believes that tax-deductibility is but one factor to be considered in fashioning an appropriate compensation package for executives. Norfolk Southern reserves and will continue to exercise its discretion in this area so as to serve the best interests of Norfolk Southern and its stockholders.

Change-in-Control Agreements

Norfolk Southern entered into change-in-control agreements during 1996 at a time of consolidation in the rail industry. The agreements were intended to provide certain economic protections to executives in the event of a termination of employment following a change-in-control of Norfolk Southern and to keep management intact and focused on the best interests of Norfolk Southern and its shareholders without the distraction of possible job and income loss. The Committee continues to believe that the agreements are reasonable and appropriate. Benefits will not be paid under the agreements unless both a change in control occurs and the executive's employment is terminated or constructively terminated following the change in control. We believe this "double trigger" maximizes stockholder value because this structure would prevent an unintended windfall to management in the event of a change in control that does not result in the termination (or constructive termination) of employment of management. In 2002, the Board of Directors agreed to abide by a stockholder approved proposal that future severance agreements with senior executives that exceed 2.99 times the sum of the executive's base salary plus bonus require stockholder approval. The change-in-control agreements were revised in 2008 to comply with Section 409A of the Internal Revenue Code but did not enhance or increase benefits provided under the agreements as they existed prior to the revisions. In January 2013, the Corporation entered into amendments to its change-in-control agreements with the Named Executive Officers to eliminate tax gross-up payments provided under the agreements. A detailed description of the benefits provided under the change-in-control agreements may be found under the section *Change-in-Control Agreements* on page 55.

Share Ownership Guidelines

Norfolk Southern's Board of Directors has established as part of its Corporate Governance Guidelines the following ownership guidelines for shares of Norfolk Southern stock for its directors and Executive Officers:

<u>Position</u>	<u>Minimum Value</u>
Directors	5 times annual retainer
Chairman, President and Chief Executive Officer	5 times annual salary
Executive Vice Presidents	3 times annual salary
Senior Vice Presidents and Vice Presidents	1 times annual salary

For directors, Norfolk Southern common stock, restricted stock, stock equivalents held in Norfolk Southern's dividend reinvestment plan, and deferred and restricted stock units held in Norfolk Southern's Long-Term Incentive Plan or under the Directors' Deferred Fee Plan count toward this requirement. For Executive Officers, Norfolk Southern common stock and stock equivalents held in Norfolk Southern's 401(k) plan, dividend reinvestment plan and through share retention agreements are counted toward these requirements, but unexercised stock options or unvested equity awards do not count. Directors and officers may acquire such holdings over a five-year period. All directors and officers currently meet this guideline or are expected to meet the guideline within the five-year grace period.

Policies and Decisions Regarding the Adjustment or Recovery of Awards

While Norfolk Southern does not anticipate there would ever be circumstances where a restatement of earnings upon which incentive plan award decisions were based would occur, should such an unlikely event take place, Norfolk Southern, in evaluating such circumstances, would have discretion to take all actions necessary to protect the interests of stockholders up to and including actions to recover such incentive awards. The performance share awards include a clawback

Table of Contents

provision to permit the recovery of performance share awards following a material restatement of Norfolk Southern's financial results. Similarly, the Executive Management Incentive Plan includes a clawback provision to permit recovery of bonuses as a result of any material noncompliance with any financial reporting requirement under the securities laws. Both the Long-Term Incentive Plan and the Executive Management Incentive Plan further allow for the reduction, forfeiture or recoupment of any award as may be required by law.

Compensation Tables**Summary Compensation Table**

The following table shows the total compensation awarded to, earned by or paid to each Named Executive Officer during 2012 for service in all capacities to Norfolk Southern and our subsidiaries for the fiscal year ended December 31, 2012. The table also sets forth information regarding the fiscal 2011 and 2010 compensation. As described in the Compensation Discussion and Analysis section of this proxy statement, we are reporting compensation during 2012 for all our officers with positions at or above the level of executive vice president.

period, determined as of January 31 following the grant date under FASB ASC Topic 718. For discussions of the relevant assumptions made in calculating these amounts, see note 12 to our consolidated financial statements included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2012. For the grant date fair value of only those awards granted to the Named Executive Officers in 2012, see the Grants of Plan-Based Awards Table on page 46. The value of the Stock Awards reported in column (e), assuming the highest level of performance would be achieved, is as follows:

Year	C. W. Moorman	J. P. Rathbone	D. H. Butler	J. A. Hixon	M. D. Manion	D. W. Seale	J. A. Squires
2012	\$ 6,687,460	\$ 1,577,940	\$ 1,577,940	\$ 1,577,940	\$ 1,577,940	\$ 1,577,940	\$ 1,577,940

⁴Of these amounts for 2012, the following represent the aggregate change in the actuarial present value of the Named Executive Officers' accumulated benefits under our Retirement Plan and Supplemental Benefit Plan during 2012: Mr. Moorman, \$2,912,805, Mr. Rathbone, \$1,019,551, Ms. Butler, \$1,759,378, Mr. Hixon, \$1,272,566, Mr. Manion, \$1,626,493, Mr. Seale, \$1,622,859, and Mr. Squires, \$952,248. The remainder of the amounts shown in this column for 2012 represent the amounts by which 2012 interest accrued on salary and bonuses deferred by them under the Officers' Deferred Compensation Plan exceeded 120% of the applicable Federal long-term rate provided in Section 1274(d) of the Internal Revenue Code.

⁵For each Named Executive Officer, the amount for 2012 includes (i) perquisites as set forth in the table below, (ii) matching contributions to our Thrift and Investment Plan of \$8,575 for all Named Executive Officers, and (iii) premiums paid on individually owned executive life insurance policies as follows: for Mr. Moorman, \$17,899, Mr. Rathbone, \$11,009, Ms. Butler, \$12,567, Mr. Hixon, \$11,056, Mr. Manion, \$11,444, Mr. Seale, \$10,075, and Mr. Squires, \$9,576. For the following Named Executive Officers, the figure also includes amounts we contributed to charitable organizations on their behalf pursuant to our matching gifts programs: for Mr. Moorman, \$39,492, Mr. Rathbone, \$50,000, Ms. Butler, \$36,750, Mr. Hixon, \$40,000, Mr. Seale, \$18,684, and Mr. Squires, \$25,500. For Mr. Moorman, the amount also includes his proportional cost of NS-owned life insurance policies used to fund the Directors' Charitable Award Program.

Perquisites for our Named Executive Officers during 2012 consisted of the following:

	Tax						Total
	Preparation						
	Use of Corporate Aircraft	and Financial Planning	Use of Corporate Facilities	Annual Physicals	Spousal/ Guest Meals & Travel	Gifts

Perquisites also included participation in the Executive Accident Plan, for which there was no aggregate incremental cost. All perquisites are valued on the basis of aggregate incremental cost to us. With regard to personal use of company aircraft, aggregate incremental cost is calculated as the weighted-average cost of fuel, crew hotels and meals, aircraft maintenance and other variable costs. Use of corporate aircraft includes use by the Named Executive Officers as permitted by resolution of the Board of Directors.

¹Consistent with past practice, the Committee made all equity awards to directors and executive officers effective on the day after a full trading day has elapsed following the release of our fiscal year financial results. Because the meeting at which these awards were made occurred prior to the effective date of the awards, we have provided both dates in accordance with SEC rules. See page 30 of our Compensation Discussion and

Analysis section for further discussion of our equity award grant practices.

²These awards were made pursuant to our Executive Management Incentive Plan (EMIP) and were earned upon the achievement of certain performance goals established by the Committee for the fiscal year ended December 31, 2012. For a discussion of these performance goals, see page 30 of our Compensation Discussion and Analysis section included in this proxy statement. The Committee targeted a payout of 67% in 2012 in setting the annual performance goals for EMIP incentive awards, and using a bonus opportunity equal to 225% of salary for Mr. Moorman and 135% of salary for the remaining Named Executive Officers. Consequently, the target amounts in this column assume that the Named Executive Officers earned 67% of the maximum potential EMIP awards that they could have earned using these bonus opportunities. The threshold amounts assume that the Named Executive Officers earned the minimum EMIP awards based on performance required to trigger any level of payment; if company performance fell below performance goals required to earn the threshold amount, they would not have been entitled to any EMIP awards. For 2012, the bonus payout was calculated based on a bonus opportunity equal to 225% of salary for Mr. Moorman and 135% of salary for the remaining Named Executive Officers. The Named Executive

Table of Contents

Officers earned 59.7% of these EMIP awards based on our performance during 2012. These bonus amounts are included under Non-Equity Incentive Compensation in the Summary Compensation Table.

³These amounts represent grants of performance share units made pursuant to our Long-Term Incentive Plan (LTIP). These performance share units will be earned over the performance cycle ending December 31, 2014. For a discussion of the other material terms of these awards, see the narrative discussion which follows this table. LTIP does not provide a performance target for earning performance share units under this feature of the plan; however, the Committee targets a payout of 50% in setting the performance goals for performance share unit awards. Consequently, the target amounts assume that the Named Executive Officers will earn 50% of the maximum potential number of performance share units that can be earned under the awards. The threshold amounts assume that the Named Executive Officers will earn the minimum number of performance share units based on performance required to trigger any level of payment; if company performance fell below performance goals required to earn the threshold amount, they would not receive any performance share units. Our Named Executive Officers actually earned 70.3% of their maximum potential performance share unit awards for the performance cycle ended December 31, 2012, based on our performance during the three-year period ended December 31, 2012.

⁴These amounts represent grants of restricted stock units made under LTIP. For a discussion of the material terms of these awards, see the narrative discussion which follows this table.

⁵ These stock options (of which the first 1,330 granted to each Named Executive Officer are incentive stock options and the remainder are non-qualified stock options) were granted as of January 26, 2012, and are exercisable as of January 26, 2016. Dividend equivalent payments are paid in cash to active employees on unvested options for four years in an amount equal to, and commensurate with, regular quarterly dividends paid on our common stock.

⁶ The Committee granted these options at an exercise price equal to the higher of the closing market price or the average of the high and low prices of our common stock on the effective date of the grant. The closing price was lower than the average price on the date of grant, so the exercise price shown is the average price on the date of grant. The exercise price may be paid in cash or in shares of our common stock (previously owned by the optionee for at least six months preceding the date of exercise) valued on the date of exercise.

⁷ Amounts represent the full grant date fair value of each equity award computed in accordance with FASB ASC Topic 718. For awards that entitle the Named Executive Officers to dividends or dividend equivalents, those amounts are computed in accordance with FASB ASC Topic 718.

Narrative to Summary Compensation Table and Grants of Plan-Based Awards Table

Awards

Our Long-Term Incentive Plan (LTIP), as last approved by stockholders in 2010, provides for the award of incentive stock options, non-qualified stock options, stock appreciation rights, restricted shares, restricted stock units and performance share units to directors, officers and other key employees of Norfolk Southern and its subsidiaries. The Compensation Committee or any other Committee of the Corporation's Board of Directors that is authorized to grant awards under LTIP has sole discretion (except as the Committee may have delegated to the Chief

Executive Officer) to:

- interpret LTIP;
- select LTIP participants;
- determine the type, size, terms and conditions of awards under LTIP;
- authorize the grant of such awards; and
- adopt, amend and rescind rules relating to LTIP.

Table of Contents

Except for capital adjustments such as stock splits, the exercise price of a stock option granted under LTIP may not be decreased after the option is granted, nor may any outstanding option be modified or replaced through cancellation if the effect would be to reduce the price of the option, unless the repricing, modification or replacement is approved by our stockholders. Receipt of an award under LTIP in 2012 was made contingent upon the participant's execution of a non-competition agreement, and all awards are subject to forfeiture in the event the participant engages in competing employment within a period of time following retirement.

The Committee met to approve the 2012 option grants on January 23, 2012. In order to permit thorough dissemination of our financial results for the fiscal year ended December 31, 2011, the Committee made these grants effective January 26, 2012. See page 30 of our Compensation Discussion and Analysis section for further discussion of our equity award grant practices. These options become exercisable as of January 26, 2016, or if the Named Executive Officer retires or dies before that date, the later of one year after the grant date or the participant's retirement or death. Dividend equivalent payments are paid in cash to active employees on unvested options for four years in an amount equal to, and commensurate with, regular quarterly dividends paid on our common stock. The exercise price may be paid in cash or in shares of our common stock valued at fair market value on the date of exercise.

The restricted stock units awarded in 2012 are subject to a five-year restriction period and will be settled in shares of our common stock. Dividend equivalent payments are paid in cash on restricted stock units in an amount equal to, and commensurate with, regular quarterly dividends paid on our common stock. During the restriction period, the holder of restricted stock units has no voting or investment power over the underlying common stock.

Performance share units entitle a recipient to receive performance-based compensation at the end of a three-year performance cycle based on our performance during that three-year period. For awards made in 2012, the award cycle began on January 1, 2012 and ends December 31, 2014. Under the 2012 performance share unit awards, corporate performance will be measured using three predetermined and equally weighted standards; that is, *each* of the following performance areas will serve as the basis for earning up to *one-third* of the total number of performance share units granted (with each one-third portion vesting independent of the other portions): (1) three-year average return on average invested capital, (2) three-year average operating ratio, and (3) total return to stockholders measured at the end of the three-year period. A more detailed discussion of these performance criteria can be found beginning on page 30 of our Compensation Discussion and Analysis section included in this proxy statement. Performance share units that are earned will be distributed in whole shares of our common stock.

For 2012, awards to our Named Executive Officers under the Executive Management Incentive Plan (EMIP) were paid based on our performance relative to the following pre-determined criteria: operating income, operating ratio, and a composite of three service measures, consisting of adherence to operating plan, connection performance and train performance. The performance standards relative to these criteria were established by the Committee in January 2012. A more detailed discussion of these performance criteria can be found on page 30 of our Compensation Discussion and Analysis included in this proxy statement.

The Committee set Mr. Moorman's 2012 incentive opportunity at 250% of his 2012 base salary, and the remaining Named Executive Officers at 145% of their 2012 base salaries. However, in applying the 59.7% bonus earnout, the Committee approved payouts that corresponded to a 225% opportunity for Mr. Moorman and a 135% opportunity for the remaining Named Executive Officers, as further described under *Annual Bonus* in the Compensation Discussion and Analysis section. These amounts are reported as Non-Equity Incentive Plan Compensation in the Summary Compensation Table.

For further discussion of our plans and how these LTIP and EMIP awards fit into our executive compensation program, see the Compensation Discussion and Analysis section beginning on page 30 of this proxy statement.
