If such swap rate does not appear on such page (or such other page or service), the Mid-Market Swap Rate shall instead be determined by the Calculation Agent on the basis of (i) Five-year Mid-Market Swap Rate Quotations provided by the principal office of each of four major banks in the euro swap rate market (which banks shall be selected by the Calculation Agent in consultation with the Issuer no less than 20 calendar days prior to the relevant Reset Determination Date) (the Reference Banks) at approximately 11:00 a.m. (Frankfurt time) (or thereafter on such date, with the Calculation Agent acting on a best efforts basis) on the relevant Reset Determination Date and (ii) the arithmetic mean expressed as a percentage and rounded, if necessary, to the nearest 0.001% (0.0005% being rounded upwards) of such Five-year Mid-Market Swap Rate Quotations. If the relevant Mid-Market Swap Rate is still not determined on the relevant Reset Determination Date in accordance with the foregoing procedures, the relevant Mid-Market Swap Rate shall be the mid-market euro swap rate EURIBOR basis having a five-year maturity that appeared on the most recent Reuters page ISDAFIX2 (or such other page as may replace such page on Reuters, or such other page as may be nominated by the person providing or sponsoring the information appearing on such page for purposes of displaying comparable rates) that was last available prior to 11:00 a.m. (Frankfurt time) on each Reset Determination Date, as determined by the Calculation Agent.</p>

Five-year Mid-Market Swap Rate Quotations means the arithmetic mean of the bid and offered rates for the annual fixed leg (calculated on a 30/360 day count basis) of a fixed-for-floating euro interest rate swap transaction which: (i) has a term of five years

commencing on the applicable Reset Date; (ii) is in an amount that is representative of a single transaction in the relevant market at the relevant time with an acknowledged dealer of good credit in the swap market; and (iii) has a floating leg based on six-month EURIBOR (calculated on an Actual/360 day count basis).

Certain Other Terms and Information

Interest Payments As described in the preliminary prospectus supplement, dated December 2, 2013 (the

Discretionary

Prospectus Supplement), interest on the Securities will be due and payable only at the sole discretion of the Issuer, and the Issuer shall have sole and absolute discretion at all times and for any reason to cancel (in whole or in part) any interest payment that would otherwise be payable on any interest payment date. If the Issuer does not make an interest payment on the relevant interest payment date (or if the Issuer elects to make a payment of a portion, but not all, of such interest payment), such non-payment shall evidence the Issuer's exercise of its discretion to cancel such interest payment (or the portion of such interest payment not paid), and accordingly such interest payment (or the portion thereof not paid) shall not be due and payable.

Restriction on Interest Payments

As described in the Prospectus Supplement, the Issuer shall not make an interest payment on the Securities on any interest payment date (and such interest payment shall therefore be deemed to have been cancelled and thus shall not be due and payable on such interest payment date) if:

(1) the Issuer has an amount of Distributable Items (as defined in the Prospectus Supplement) on such interest payment date that is less than the sum of (i) all distributions or interest payments made or declared by the Issuer since the end of the last financial year and prior to such interest payment date on or in respect of any Parity Securities (as defined in the Prospectus Supplement), the Securities and any Junior Securities (as defined in the Prospectus Supplement) and (ii) all distributions or interest payments payable by the Issuer (and not cancelled or deemed cancelled) on such interest payment date (x) on the Securities and (y) on or in respect of any Parity Securities, in the case of each of (i) and (ii), excluding any payments already accounted for in determining the Distributable Items; or

(2) the Solvency Condition (as defined in the Prospectus Supplement) is not satisfied in respect of such interest payment.

The Issuer may, in its sole discretion, elect to make a partial interest payment on the Securities on any interest payment date, only to the extent that such partial interest payment may be made without breaching the restriction in the preceding paragraph.

Agreement to Interest Cancellation

By acquiring the Securities, holders of the Securities acknowledge and agree that:

(1) interest is payable solely at the discretion of the Issuer, and no amount of interest shall become due and payable in respect of the relevant interest period to the extent that it has been (a) cancelled (in whole or in part) by the Issuer at its sole discretion and/or (b) deemed cancelled (in whole or in part) as a result of the Issuer having insufficient Distributable Items or failing to satisfy the Solvency Condition; and

(2) a cancellation or deemed cancellation of interest (in each case, in whole or in part) in accordance with the terms of the Indenture (as defined in the Prospectus Supplement) shall not constitute a default in payment or otherwise under the terms of the Securities.

Interest will only be due and payable on an interest payment date to the extent it is not cancelled or deemed cancelled in accordance with the provisions described under Interest Payments Discretionary and Restriction on Interest Payments in the Prospectus Supplement. Any interest cancelled or deemed cancelled (in each case, in whole or in part) in the circumstances described above shall not be due and shall not accumulate or be payable at any time thereafter, and holders of the Securities shall have no rights thereto or to receive any additional interest or compensation as a result of such cancellation or deemed cancellation.

Ranking

Subordinated to the claims of Senior Creditors (as defined below), as described in further detail in the Prospectus Supplement.

Senior Creditors means creditors of the Issuer (i) who are unsubordinated creditors; (ii) whose claims are, or are expressed to be, subordinated (whether only in

the event of the winding-up or administration of the Issuer or otherwise) to the claims of unsubordinated creditors of the Issuer but not further or otherwise; or (iii) whose claims are, or are expressed to be, junior to the claims of other creditors of the Issuer, whether subordinated or unsubordinated, other than those whose claims rank, or are expressed to rank, *pari passu* with, or junior to, the claims of the holders of the Securities.

No Set-off

Subject to applicable law, no holder of Securities may exercise, claim or plead any right of set-off, compensation or retention in respect of any amount owed to it by the Issuer arising under, or in connection with, the Securities and each holder of Securities shall, by virtue of its holding of any Securities, be deemed to have waived all such rights of set-off, compensation or retention.

Capital Adequacy Trigger Event

A **Capital Adequacy Trigger Event** shall occur if the fully loaded CET1 Ratio (as defined below) as of the last day of each fiscal quarter or as of any other business day on which the fully loaded CET1 Ratio is calculated upon the instruction of the PRA (as defined in the Prospectus Supplement) or at the Issuer's discretion, as the case may be, is less than 7.00% on such date.

fully loaded CET1 Ratio means, as of the relevant date, the ratio of CET1 Capital (as defined in the Prospectus Supplement) as of such date to the Risk Weighted Assets (as defined in the Prospectus Supplement) of Barclays PLC and its consolidated subsidiaries (the **Group**) as of the same date, expressed as a percentage and on the basis that all measures used in such calculation shall be calculated without applying the transitional provisions set out in Part Ten of the CRD IV Regulation (as defined in the Prospectus Supplement) (as may be amended from time to time).

Automatic Conversion Upon Capital Adequacy Trigger Event

An Automatic Conversion will occur without delay upon the occurrence of a Capital Adequacy Trigger Event.

Automatic Conversion means the irrevocable and automatic release of all of the Issuer's obligations under the Securities (other than the CSO Obligations (as defined in the Prospectus Supplement), if any) in consideration of the Issuer's issuance of the Conversion Shares (as defined in the Prospectus Supplement) at the Conversion Price to the Conversion Shares Depository (as defined in the Prospectus Supplement) (on behalf of the holders of the Securities) or to the relevant recipient, all in accordance with the terms of the Securities and as described in the Prospectus Supplement.

Conversion Price

1.99 per Conversion Share (subject to certain anti-dilution adjustments described in the Prospectus Supplement and the provisions described under **Conversion Shares Offer** in the Prospectus Supplement).

Conversion Shares Offer

Following an Automatic Conversion, the Issuer may, in its sole and absolute discretion, elect that the Conversion Shares Depository make an offer of all or some of the Conversion Shares to all or some of the Issuer's ordinary shareholders at such time at a cash price per Conversion Share equal to the Conversion Shares Offer Price, as further described in the Prospectus Supplement.

Conversion Shares Offer Price

£1.65 per Conversion Share (subject to certain anti-dilution adjustments as described in the Prospectus Supplement).

**Agreement with Respect
to the Exercise of U.K.
Bail-in Power**

By its acquisition of the Securities, each holder of the Securities acknowledges, agrees to be bound by, and consents to the exercise of, any U.K. Bail-in Power (as defined in the Prospectus Supplement) by the relevant U.K. resolution authority (as defined in the Prospectus Supplement) that may result in the cancellation of all, or a portion, of the principal amount of, or interest on, the Securities and/or the conversion of all, or a portion, of the principal amount of, or interest on, the Securities into shares or other securities or other obligations of the Issuer or another person, including by means of a variation to the terms of the Securities to give effect to the exercise by the relevant U.K. resolution authority of such U.K. Bail-in Power. Each holder of the Securities further acknowledges and agrees that the rights of the holders of the

Securities are subject to, and will be varied, if necessary, so as to give effect to, the exercise of any U.K. Bail-in Power by the relevant U.K. resolution authority. For the avoidance of doubt, the potential conversion of the Securities into shares, other securities or other obligations in connection with the exercise of any U.K. Bail-in Power by the relevant U.K. resolution authority is separate and distinct from an Automatic Conversion following a Capital Adequacy Trigger Event.

Optional Redemption	The Issuer may, at its option, redeem the Securities, in whole but not in part, on any Reset Date at 100% of their principal amount, together with any accrued but unpaid interest (which excludes any interest cancelled or deemed cancelled as described under Interest Payments Discretionary or Restriction on Interest Payments in the Prospectus Supplement) to (but excluding) the date fixed for redemption, as further described and subject to the conditions specified in the Prospectus Supplement.
Regulatory Event Redemption	If there is a change in the regulatory classification of the Securities that occurs on or after the issue date of the Securities and that does, or would be likely to, result in any of the outstanding aggregate principal amount of the Securities ceasing to be included in, or counting towards, the Group's Tier 1 Capital (as defined in the Prospectus Supplement), the Issuer may, at its option, redeem the Securities, in whole but not in part, at a redemption price equal to 100% of their principal amount, together with any accrued but unpaid interest (which excludes any interest cancelled or deemed cancelled as described under Interest Payments Discretionary or Restriction on Interest Payments in the Prospectus Supplement) to (but excluding) the date fixed for redemption, as further described and subject to the conditions specified in the Prospectus Supplement.
Tax Redemption	If there is a Tax Event (as defined in the Prospectus Supplement), the Issuer may, at its option, redeem the Securities, in whole but not in part, at a redemption price equal to 100% of their principal amount, together with any accrued but unpaid interest (which excludes any interest cancelled or deemed cancelled as described under Interest Payments Discretionary or Restriction on Interest Payments in the Prospectus Supplement) to (but excluding) the date fixed for redemption, as further described and subject to the conditions specified in the Prospectus Supplement.
Default and Remedies	As further described in the Prospectus Supplement, other than the limited remedies specified under Default and Remedies in the Prospectus Supplement and subject to Trust Indenture Act remedies in the Prospectus Supplement, no remedy against the Issuer will be available to the trustee (acting on behalf of the holders of the Securities) or the holders of the Securities whether for the recovery of amounts owing in respect of such Securities or under the Indenture or in respect of any breach by the Issuer of any of its obligations under or in respect of the terms of such Securities or under the Indenture in relation thereto; <i>provided, however</i> , that such limitation shall not apply to the Issuer's obligations to pay the fees and expenses of, and to indemnify, the trustee (including fees and expenses of trustee's counsel) and the trustee's rights to apply money collected to first pay its fees and expenses shall not be subject to the subordination provisions set forth in the Indenture.
