SUMMARY

The following summary is qualified in its entirety by the more detailed information and financial statements and notes thereto appearing elsewhere in, or incorporated by reference into, this prospectus supplement and the accompanying prospectus. Because this is a summary, it may not contain all of the information that is important to you. You should read the entire prospectus supplement and the accompanying prospectus, including the section entitled Risk Factors and the documents incorporated by reference herein, before making an investment decision.

Our Company

Orchid Island Capital, Inc. is a specialty finance company that invests in residential mortgage-backed securities, or RMBS. The principal and interest payments of these RMBS are guaranteed by the Federal National Mortgage Association, or Fannie Mae, the Federal Home Loan Mortgage Corporation, or Freddie Mac, or the Government National Mortgage Association, or Ginnie Mae, and are backed primarily by single-family residential mortgage loans. We refer to these types of RMBS as Agency RMBS. Our investment strategy focuses on, and our portfolio consists of, two categories of Agency RMBS: (i) traditional pass-through Agency RMBS and (ii) structured Agency RMBS, such as collateralized mortgage obligations, or CMOs, interest only securities, or IOs, inverse interest only securities, or IIOs, and principal only securities, or POs, among other types of structured Agency RMBS.

Our business objective is to provide attractive risk-adjusted total returns to our investors over the long term through a combination of capital appreciation and the payment of regular monthly distributions. We intend to achieve this objective by investing in and strategically allocating capital between the two categories of Agency RMBS described above. We seek to generate income from (i) the net interest margin, which is the spread or difference between the interest income we earn on our assets and the interest cost of our related borrowing and hedging activities, on our leveraged pass-through Agency RMBS portfolio and the leveraged portion of our structured Agency RMBS portfolio, and (ii) the interest income we generate from the unleveraged portion of our structured Agency RMBS portfolio. We intend to fund our pass-through Agency RMBS and certain of our structured Agency RMBS, such as fixed and floating rate tranches of CMOs and POs, through short-term borrowings structured as repurchase agreements. However, we do not intend to employ leverage on the securities in our structured Agency RMBS portfolio that have no principal balance, such as IOs and IIOs. We may pledge a portion of these assets to increase our cash balance, but we do not intend to invest the cash derived from pledging the assets. Otherwise, we do not intend to use leverage in these instances because these securities contain structural leverage.

Pass-through Agency RMBS and structured Agency RMBS typically exhibit materially different sensitivities to movements in interest rates. Declines in the value of one portfolio may be offset by appreciation in the other. The percentage of capital that we allocate to our two Agency RMBS asset categories will vary and will be actively managed in an effort to maintain the level of income generated by the combined portfolios, the stability of that income stream and the stability of the value of the combined portfolios. We believe that this strategy will enhance our liquidity, earnings, book value stability and asset selection opportunities in various interest rate environments.

We are externally managed and advised by Bimini Advisors, LLC, pursuant to the terms of a management agreement. Our Manager is a Maryland limited liability company that is a wholly-owned subsidiary of Bimini. Our Manager is responsible for administering our business activities and day-to-day operations, subject to the supervision and oversight of our Board of Directors. Members of Bimini's and our Manager's senior management team also serve as our executive officers. We do not have any employees.

We have elected and intend to be taxed as a REIT under the Internal Revenue Code of 1986, as amended, or the Code. As a REIT, we generally are not subject to U.S. federal income tax to the extent that we annually distribute all of our REIT taxable income to our stockholders and continue to qualify as a REIT. We intend to operate our business in a manner that permits us to maintain our exemption from registration under the Investment Company Act.

We completed our initial public offering on February 20, 2013. We are an emerging growth company as defined in the Jumpstart Our Business Startups Act of 2012, or the JOBS Act, and will remain such for up to five years from the date of our initial public offering. However, if our non-convertible debt issued within a three year period or our total revenues exceed \$1 billion or the market value of our shares of common stock that are held by non-affiliates exceeds \$700 million on the last day of the second fiscal quarter of any given fiscal year, we would cease to be an emerging growth company as of the following fiscal year. Although we are an emerging growth company under the JOBS Act, we have elected to opt out of the extended transition period for complying with new or revised accounting standards, and such election is irrevocable.

Table of Contents

RISK FACTORS

Investing in shares of our common stock involves a high degree of risk. Please see the risks described below in addition to the risk factors included in our most recent annual report on Form 10-K, as updated and supplemented from time to time, and in our subsequent quarterly reports on Form 10-Q, which are incorporated by reference into this prospectus supplement. Such risks are not the only risks that we face. Additional risks and uncertainties not currently known to us or that we currently deem to be immaterial may also materially adversely affect us and the market value of our common stock. The risks described could affect our business, financial condition, liquidity, results of operations and the market value of our common stock. In such a case, you may lose all or part of your original investment. You should carefully consider the risks described below and in these reports, as well as other information and data set forth in this prospectus supplement, the accompanying prospectus and the documents incorporated by reference herein and therein before making an investment decision with respect to the shares of our common stock.

The market price and trading volume of our common stock may be volatile following the offer and sale of shares of our common stock pursuant to this prospectus supplement.

The market price of our common stock may be highly volatile and be subject to wide fluctuations. In addition, the trading volume in our common stock may fluctuate and cause significant price variations to occur. If the market price of our common stock declines significantly, you may be unable to resell your shares at or above the public offering price. We cannot assure you that the market price of our common stock will not fluctuate or decline significantly in the future. Some of the factors that could negatively affect our share price or result in fluctuations in the price or trading volume of our common stock include:

actual or anticipated variations in our quarterly operating results or distributions;

changes in our earnings estimates or publication of research reports by securities analysts;

decreases in the market valuations of Agency RMBS;

increased difficulty in maintaining or obtaining financing on attractive terms, or at all;

changes in interest rates;

changes in market valuations of similar companies;

changes in the regulatory environment in which our business operates;

additions or departures of key management personnel;

actions by institutional stockholders;

speculation in the press or investment community; and

general market and economic conditions.

Future offerings of debt securities, which would rank senior to our common stock upon our liquidation, and future offerings of equity securities, which would dilute our existing stockholders and may be senior to our common stock for the purposes of dividend and liquidating distributions, may adversely affect the market price of our common stock.

In the future, we may attempt to increase our capital resources by making offerings of debt or additional offerings of equity securities, including commercial paper, medium-term notes, senior or subordinated notes and classes of preferred stock or common stock. Upon liquidation, holders of our debt securities and shares of preferred stock and lenders with respect to other borrowings will receive a distribution of our available assets prior to the holders of our common stock. Additional equity offerings may dilute the holdings of our existing stockholders or reduce the market price of our common stock, or both. In addition, we could sell securities at a price less than our then-current net asset value per share. Our preferred stock, if issued, could have a preference

Table of Contents

on liquidating distributions or a preference on dividend payments that could limit our ability to make a dividend distribution to the holders of our common stock. Because our decision to issue securities in any future offering will depend on market conditions and other factors beyond our control, we cannot predict or estimate the amount, timing or nature of our future offerings. Thus, holders of our common stock bear the risk of our future offerings reducing the market price of our common stock and diluting their stock holdings in us.

We have not established a minimum distribution payment level, and we cannot assure you of our ability to make distributions in the future.

We expect to make monthly distributions to our stockholders in amounts such that we distribute all or substantially all of our REIT taxable income in each year, subject to certain adjustments. We have not established a minimum distribution payment level, and our ability to make distributions may be adversely affected by the risk factors described in this prospectus. All distributions will be declared at the discretion of our board of directors and will depend on our earnings, our financial condition, maintenance of our REIT status and other factors as our board of directors may deem relevant from time to time. We may not be able to make distributions in the future. In addition, some of our distributions may include a return of capital. To the extent that we decide to make distributions in excess of our current and accumulated tax earnings and profits, such distributions would generally be considered a return of capital for federal income tax purposes. A return of capital is not taxable, but it has the effect of reducing the holder's basis in its investment.

An increase in market interest rates may have an adverse effect on the market price of our common stock.

One of the factors that investors may consider in deciding whether to buy or sell shares of our common stock is our distribution rate as a percentage of our share price relative to market interest rates. If the market price of our common stock is based primarily on the earnings and return that we derive from our investments and income with respect to our investments and our related distributions to stockholders, and not from the market value of the investments themselves, then interest rate fluctuations and capital market conditions will likely affect the market price of our common stock. For instance, if market rates rise without an increase in our distribution rate, the market price of our common stock could decrease as potential investors may require a higher distribution yield on our common stock or seek other securities paying higher distributions or interest. In addition, rising interest rates would result in increased interest expense on our variable rate debt, thereby adversely affecting cash flow and our ability to service our indebtedness and pay distributions.

Investing in our common stock may involve an above average degree of risk.

The investments we make in accordance with our investment strategy may result in a higher amount of risk, volatility or loss of principal than alternative investment options. Our investments may be highly speculative and aggressive, and therefore, an investment in our common stock may not be suitable for someone with lower risk tolerance.

Table of Contents

USE OF PROCEEDS

We intend to add the net proceeds from sales of our common stock to our general corporate funds, which we may use for new investments in accordance with our investment policy in place at the time of such sales, to repay indebtedness or for other general corporate purposes.

ADDITIONAL MATERIAL FEDERAL INCOME TAX CONSIDERATIONS

This summary supplements the discussion contained under the caption Material U.S. Federal Income Tax Considerations in the accompanying prospectus, which is incorporated by reference herein, and should be read in conjunction therewith.

Asset Tests

As discussed in the accompanying prospectus under Material U.S. Federal Income Tax Considerations Requirements for Qualification Asset Tests, IRS Revenue Procedure 2011-16 established a safe harbor addressing when a mortgage loan may be treated as a real estate asset for purpose of the 75% REIT asset test. IRS Revenue Procedure 2014-51 replaced that safe harbor with a new safe harbor. Under the new safe harbor, the Internal Revenue Service will not challenge a REIT's treatment of a loan as being, in part, a qualifying real estate asset in an amount equal to the lesser of (1) the fair market value of the loan on the date of the relevant quarterly REIT asset testing date; or (2) the greater of (a) the current value of the real property securing the loan on the date of the relevant quarterly REIT asset testing date; or (b) the fair market value of the real property securing the loan determined as of the date the REIT committed to acquire the loan. We intend to continue to invest in Agency RMBS in a manner that allows us to satisfy the REIT asset tests.

PLAN OF DISTRIBUTION

We have entered into an equity distribution agreement, dated as of September 3, 2014, with Ladenburg Thalmann & Co. Inc. and Mitsubishi UFJ Securities (USA), Inc. Pursuant to the equity distribution agreement, we may, from time to time, offer and sell up to an aggregate of \$75,000,000 of shares of our common stock through the Agents, as our agents for the offer and sale of the shares, or to the Agents for resale. Any such sales may be made in negotiated transactions or transactions that are deemed to be at the market offerings, as defined in Rule 415 under the Securities Act, including sales made directly on the NYSE MKT or sales made to or through a market maker other than on an exchange.

Upon acceptance of written instructions from us, in connection with the Agents acting as our agents, the Agents will use commercially reasonable efforts consistent with its normal sales and trading practices to sell our common stock under the terms and subject to the conditions set forth in the equity distribution agreement. We will instruct the Agents as to the amount of our common stock to be sold. Additionally, we may instruct the Agents not to sell our common stock if the sales cannot be effected at or above the price designated by us in any instruction. We or the Agents may suspend the sale of our common stock upon proper notice and subject to other conditions.

The Agents will provide written confirmation of any sales to us promptly following the close of trading on the NYSE MKT on the trading day on which our common stock was sold under the equity distribution agreement. Each confirmation will include the amount of our common stock sold on the trading day, the aggregate gross sales proceeds, the net proceeds to us and the compensation payable by us to the Agents in connection with the sales.

We will pay commissions to the Agents for their services in acting as agent and/or principal in the sale of our common stock offered hereby. Under the equity distribution agreement, the Agents will be entitled to compensation of 2% of the gross sales price of our common stock sold through it as our agents. We have agreed to reimburse the Agents for certain reasonable out-of-pocket expenses in certain circumstances, including all reasonable and customary expenses incurred by it in connection with the negotiation of and its performance under the equity distribution agreement, including fees and disbursements of counsel to the Agents, and certain other expenses, not to exceed \$10,000. In addition, we have agreed to reimburse the Agents for certain such reasonable out-of-pockets incurred by them in connection with the delivery of certain documents under the equity distribution agreement, not to exceed \$4,000 per such delivery. If we sell our common stock to the Agents, acting as principal, or if we sell our common stock through the Agents, as our agents, in privately negotiated transactions, we will enter into a separate agreement setting forth the terms of such transaction and, to the extent required by applicable law, we will describe this agreement in a separate prospectus supplement or pricing supplement.

We estimate that the total expenses for the offering, excluding compensation payable to the Agents under the terms of the equity distribution agreement, will be approximately \$75,000. In connection with the sale of our common stock on our behalf, the Agents may be deemed to be underwriters within the meaning of the Securities Act, and the compensation of the Agents may be deemed to be underwriting commissions or discounts.

Settlement of sales of our common stock will occur on the third business day following the date on which any sales are made, or on some other date that is agreed upon by us and the Agents in connection with a particular transaction, in return for payment of the net proceeds to us. There is no arrangement for funds to be received in an escrow, trust or similar arrangement. Sales of our common stock, if any, as contemplated by this prospectus supplement and the accompanying prospectus, will be settled through the facilities of The Depository Trust Company or by such other means as we and the Agents may agree upon.

In connection with acting as our agents, the Agents will not engage in any transactions that stabilize our shares of common stock.

Table of Contents

We will report at least quarterly the amount of our common stock sold through the Agents under the equity distribution agreement, the net proceeds to us and the compensation paid by us to the Agents in connection with the sales, if any.

The Agents and their respective affiliates have provided, and may in the future provide, various investment banking and advisory services for us from time to time for which they have received, and may in the future receive, customary fees and expenses.

Ladenburg Thalmann & Co. Inc., or Ladenburg, previously acted as the representative of the several underwriters, including Mitsubishi UFJ Securities (USA), Inc., in various offerings of our common stock, for which Ladenburg and the other underwriters received customary compensation. Ladenburg acted as representative of the underwriters for our initial public offering in February 2013. In connection therewith, Ladenburg was granted the exclusive right, or Offering Right, during the three-year period following February 14, 2013 to act as the sole book running manager or sole lead placement agent for any public or private sale of our debt or equity securities by us or any of our subsidiaries (subject to certain limited exceptions). Notwithstanding the foregoing, (a) if the aggregate gross proceeds of such public or private sales of debt or equity securities does not equal or exceed \$200 million (inclusive of the gross proceeds from our initial public offering) as of February 14, 2015, then the Offering Right shall terminate on such second anniversary and (b) the Offering Right shall automatically terminate on the date that the aggregate gross proceeds of such public or private sales of debt or equity securities equals or exceeds \$500 million (inclusive of the gross proceeds from our initial public offering). As of the date of this prospectus supplement, the aggregate gross proceeds from such public and private sales of debt and equity securities has been approximately \$141.9 million. Pursuant to the Offering Right, Ladenburg (i) acted as representative of the several underwriters in a public offering of shares of our common stock in January 2014, in which the Company raised net proceeds (including pursuant to the overallotment option) of approximately \$24.2 million and Ladenburg and the other underwriters received aggregate commissions of \$1,293,750 and reimbursement of expenses of \$15,000; (ii) acted as representative of the several underwriters in a public offering of shares of our common stock in March 2014, in which the Company raised net proceeds (including pursuant to the overallotment option) of approximately \$44.0 million and Ladenburg and the other underwriters received aggregate commissions of \$1,847,360 and reimbursement of expenses of \$10,000; and (iii) acted as an agent in the public offering of shares of our common stock from time to time in at-the-market offerings pursuant to an equity distribution agreement among Ladenburg and Mitsubishi UFJ Securities (USA), Inc., dated June 17, 2014, in which the Company raised net proceeds of approximately \$34.3 million and Ladenburg and Mitsubishi UFJ Securities (USA), Inc. received aggregate commissions of \$700,000 and reimbursement of expenses of \$2,640. This equity distribution agreement was terminated on September 2, 2014 because we had sold approximately all of the shares of our common stock that could be sold pursuant to the agreement.

The Agents and their respective affiliates may, from time to time, engage in other transactions with and perform services for us in the ordinary course of their business. Except in connection with the Offering Right described above with respect to Ladenburg, we are not under any contractual obligation to engage the Agents to provide investment banking, lending, asset management and financial advisory services to us in the future. If the Agents provides such services to us after this offering, we may pay the Agents fair and reasonable fees that would be determined at that time in an arms length negotiation. However, we will not enter into any agreement with the Agents, nor will we pay any fees for such services to the Agents, prior to the date which is 90 days after the date of this offering, unless such payment would not be deemed underwriters compensation in connection with this offering.

We have agreed to indemnify the Agents against specified liabilities, including liabilities under the Securities Act, or to contribute to payments that each such Agents may be required to make because of those liabilities.

The offering of our common stock pursuant to the equity distribution agreement will terminate upon the earlier of (1) the sale of all our common stock subject to the agreements or (2) termination of the equity distribution agreement as provided therein. The equity distribution agreement may be terminated by the Agent or by us at any time.

THE COMPANY

Orchid Island Capital, Inc. is a specialty finance company that invests in residential mortgage-backed securities, or RMBS. The principal and interest payments of these RMBS are guaranteed by the Federal National Mortgage Association, or Fannie Mae, the Federal Home Loan Mortgage Corporation, or Freddie Mac, or the Government National Mortgage Association, or Ginnie Mae, and are backed primarily by single-family residential mortgage loans. We refer to these types of RMBS as Agency RMBS. Our investment strategy focuses on, and our portfolio consists of, two categories of Agency RMBS: (i) traditional pass-through Agency RMBS and (ii) structured Agency RMBS, such as collateralized mortgage obligations, or CMOs, interest only securities, or IOs, inverse interest only securities, or IIOs, and principal only securities, or POs, among other types of structured Agency RMBS.

Our business objective is to provide attractive risk-adjusted total returns to our investors over the long term through a combination of capital appreciation and the payment of regular monthly distributions. We intend to achieve this objective by investing in and strategically allocating capital between the two categories of Agency RMBS described above. We seek to generate income from (i) the net interest margin, which is the spread or difference between the interest income we earn on our assets and the interest cost of our related borrowing and hedging activities, on our leveraged pass-through Agency RMBS portfolio and the leveraged portion of our structured Agency RMBS portfolio, and (ii) the interest income we generate from the unleveraged portion of our structured Agency RMBS portfolio. We intend to fund our pass-through Agency RMBS and certain of our structured Agency RMBS, such as fixed and floating rate tranches of CMOs and POs, through short-term borrowings structured as repurchase agreements. However, we do not intend to employ leverage on the securities in our structured Agency RMBS portfolio that have no principal balance, such as IOs and IIOs. We may pledge a portion of these assets to increase our cash balance, but we do not intend to invest the cash derived from pledging the assets. Otherwise, we do not intend to use leverage in these instances because these securities contain structural leverage.

Pass-through Agency RMBS and structured Agency RMBS typically exhibit materially different sensitivities to movements in interest rates. Declines in the value of one portfolio may be offset by appreciation in the other. The percentage of capital that we allocate to our two Agency RMBS asset categories will vary and will be actively managed in an effort to maintain the level of income generated by the combined portfolios, the stability of that income stream and the stability of the value of the combined portfolios. We believe that this strategy will enhance our liquidity, earnings, book value stability and asset selection opportunities in various interest rate environments.

We are externally managed and advised by Bimini Advisors, LLC, pursuant to the terms of a management agreement. Our Manager is a Maryland limited liability company that is a wholly-owned subsidiary of Bimini. Our Manager is responsible for administering our business activities and day-to-day operations, subject to the supervision and oversight of our Board of Directors. Members of Bimini's and our Manager's senior management team also serve as our executive officers. We do not have any employees.

We have been organized and have operated so as to qualify as a REIT under the Internal Revenue Code of 1986, as amended, or the Code. We will elect to be taxed as a REIT beginning with our 2013 taxable year, upon the filing of our federal income tax return for such year. As a REIT, we generally are not subject to U.S. federal income tax to the extent that we annually distribute all of our REIT taxable income to our stockholders and continue to qualify as a REIT. We intend to operate our business in a manner that permits us to maintain our exemption from registration under the Investment Company Act of 1940, as amended, or the Investment Company Act.

We completed our initial public offering on February 20, 2013. We are an emerging growth company as defined in the Jumpstart Our Business Startups Act of 2012, or the JOBS Act, and will remain such for up to five years from the date of our initial public offering. However, if our non-convertible debt issued within a three year

Table of Contents

period or our total revenues exceed \$1 billion or the market value of our shares of common stock that are held by non-affiliates exceeds \$700 million on the last day of the second fiscal quarter of any given fiscal year, we would cease to be an emerging growth company as of the following fiscal year. Although we are an emerging growth company under the JOBS Act, we have elected to opt out of the extended transition period for complying with new or revised accounting standards, and such election is irrevocable.

Our offices are located at 3305 Flamingo Drive, Vero Beach, Florida 32963, and the telephone number of our offices is (772) 231-1400. Our internet address is www.orchidislandcapital.com. Our internet site and the information contained therein or connected thereto do not constitute a part of this prospectus or any amendment or supplement thereto.

RISK FACTORS

Investing in our securities involves substantial risks, including the risk that you might lose your entire investment. Before making an investment decision, you should carefully read and consider the information set forth under the heading **Risk Factors** in our most recent Annual Report on Form 10-K and any subsequent Quarterly Reports on Form 10-Q (which information is incorporated by reference in this prospectus), as well as the other information contained or incorporated by reference in this prospectus or in any prospectus supplement hereto. See **Where You Can Find More Information** below. Any one of the risks discussed could cause actual results to differ materially from expectations and could adversely affect our business, financial condition and results of operations. Additional risks and uncertainties not presently known to us or not identified may also materially and adversely affect our business, financial condition and results of operations.

USE OF PROCEEDS

Unless otherwise indicated in an accompanying prospectus supplement, we intend to use the net proceeds from the sale of securities offered by this prospectus and the accompanying prospectus supplement to acquire Agency RMBS and for general corporate purposes, including the repayment of indebtedness.

We will not receive any proceeds from the sale of shares of our common stock by the selling stockholder offered by this prospectus.

The selling stockholder will pay any underwriting discounts and commissions and expenses they incur for brokerage, accounting, tax or legal services or any other expenses they incur in disposing of the shares. The selling stockholder will reimburse us for all other costs, fees and expenses incurred in effecting the registration of the selling stockholder's shares covered by this prospectus. These may include, without limitation, all registration and filing fees, fees and expenses of our counsel and accountants and blue sky fees and expenses.

Table of Contents**RATIO OF EARNINGS TO COMBINED FIXED CHARGES AND PREFERRED STOCK DIVIDENDS**

The following table sets forth our ratio of earnings to combined fixed charges and preferred stock dividends for the periods shown:

	Three Months Ended March 31, 2014	Year Ended December 31, 2013	2012	2011	Period Ended 2010⁽¹⁾
Ratio of earnings to combined fixed charges and preferred stock dividends ⁽²⁾	9.75	(3)	2.93	(4)	(5)

(1) For the period from November 24, 2010 (commencement of operations) to December 31, 2010.

(2) Fixed charges consist of interest expense on all indebtedness. No preferred stock was outstanding during these periods.

(3) For this period, earnings were less than fixed charges therefore the ratio coverage was less than 1:1. The Company would have needed additional earnings of \$698,006 to achieve a coverage ratio of 1:1.

(4) For this period, earnings were less than fixed charges therefore the ratio coverage was less than 1:1. The Company would have needed additional earnings of \$1,190,214 to achieve a coverage ratio of 1:1.

(5) For this period, earnings were less than fixed charges therefore the ratio coverage was less than 1:1. The Company would have needed additional earnings of \$30,154 to achieve a coverage ratio of 1:1.

The ratio of earnings to combined fixed charges and preferred stock dividends was computed by dividing our earnings by the aggregate of our fixed charges and preferred dividends. To date, we have not issued preferred stock or paid any preferred stock dividends. Therefore, the ratio of earnings to combined fixed charges and preferred stock dividends is the same as the ratio of earnings to fixed charges for the periods presented. For this purpose, earnings consist of our net income (loss) plus our fixed charges. Fixed charges consist of interest expense on all indebtedness.

DESCRIPTION OF THE SECURITIES WE MAY OFFER

This prospectus contains a summary description of the common stock, preferred stock, debt securities and units that we may offer from time to time. As further described in this prospectus, these summary descriptions are not meant to be complete descriptions of each security. The particular terms of any security will be described in the accompanying prospectus supplement and other offering material. The accompanying prospectus supplement may update, change or add to the terms and conditions of the securities as described in this prospectus.

Table of Contents

DESCRIPTION OF COMMON STOCK

The following summary description of our common stock does not purport to be complete and is subject to and qualified in its entirety by reference to Maryland law, our charter and our bylaws, copies of which are filed as exhibits to the registration statement of which this prospectus is a part. See [Where You Can Find More Information](#).

General

Our authorized capital stock consists of 600,000,000 shares of which 500,000,000 shares are designated as common stock with a par value of \$0.01 per share. As of May 15, 2014, 9,091,665 shares of common stock were issued and outstanding. Our common stock is currently listed for trading on the NYSE MKT under the symbol ORC. We will apply to the NYSE MKT to list any additional shares of common stock to be sold pursuant to any prospectus supplement, and we anticipate that any such shares will be listed on the NYSE MKT.

Dividends, Liquidation and Other Rights

Subject to the preferential rights, if any, of holders of any other class or series of stock and to the provisions of our charter regarding restrictions on ownership and transfer of our stock, holders of shares of our common stock are entitled to receive distributions if, when and as authorized by our Board of Directors and declared by us out of assets legally available for distribution.

Our charter provides that to the extent we incur any tax under the Code as the result of any excess inclusion income of ours being allocated to a disqualified organization that holds our stock in record name, our Board of Directors will cause us to reduce distributions payable to such stockholder in an amount equal to such tax paid by us that is attributable to such stockholder's ownership in accordance with applicable U.S. Treasury regulations. We do not currently intend to make investments or engage in activities that generate excess inclusion income, but our charter does not prevent disqualified organizations from owning our common stock. See [Material U.S. Federal Income Tax Considerations Taxation of Our Company](#) and [Requirements for Qualification Taxable Mortgage Pools](#) for a discussion of disqualified organizations and excess inclusion income.

Holders of shares of our common stock generally have no preference, conversion, exchange, sinking fund, redemption or appraisal rights and have no preemptive rights to subscribe for any securities of the Company. Subject to the provisions of our charter regarding restrictions on ownership and transfer of our stock, all holders of our shares of common stock will have equal liquidation and other rights.

Voting Rights of Common Stock

Subject to the provisions of our charter regarding restrictions on ownership and transfer of our stock and except as may otherwise be specified in the terms of any class or series of capital stock, each outstanding share of our common stock entitles the holder thereof to one vote on all matters submitted to a vote of stockholders, including the election of directors. Except as may be provided with respect to any other class or series of stock, the holders of such shares will possess the exclusive voting power. There is no cumulative voting in the election of our directors, and directors will be elected by a plurality of the votes cast in the election of directors.

Power to Increase or Decrease Authorized Shares of Common Stock and Issue Additional Shares of Common Stock

Our charter provides that we may issue up to 500,000,000 shares of common stock. Our charter authorizes our Board of Directors, with the approval of a majority of our entire Board of Directors, to amend our charter to increase or decrease the aggregate number of authorized shares of stock or the number of authorized shares of stock of any class or series without stockholder approval. Our charter authorizes our Board of Directors, without stockholder approval, to reclassify any unissued shares of our common stock into other classes or series of stock and to establish the number of shares in each class or series and to set the preferences, conversion or other rights,

Table of Contents

voting powers (including voting rights exclusive to such class or series), restrictions (including, without limitation, restrictions on transferability), limitations as to dividends or other distributions, qualifications and terms and conditions of redemption for each such class or series.

We believe that the power of our Board of Directors to increase or decrease the number of authorized shares of stock and to classify or reclassify unissued shares of our common stock and thereafter to cause us to issue such classified or reclassified shares of stock will provide us with increased flexibility in structuring possible future financings and acquisitions and in meeting other needs which might arise. The additional classes or series, as well as the additional shares of common stock, will be available for issuance without further action by our stockholders, unless such action is required by applicable law or the rules of any stock exchange or automated quotation system on which our securities may be listed or traded. Although our Board of Directors does not intend to do so, it could authorize us to issue a class or series that could, depending upon the terms of the particular class or series, delay, defer or prevent a transaction or a change in control of the Company that might involve a premium price for our common stockholders or otherwise be in their best interests.

Restrictions on Ownership and Transfer

In order to qualify as a REIT under the Code, our shares of stock must be beneficially owned by 100 or more persons during at least 335 days of a taxable year of 12 months or during a proportionate part of a shorter taxable year. Also, no more than 50% of the value of our outstanding shares of capital stock may be owned, directly or constructively, by five or fewer individuals (as defined in the Code to include certain entities) during the second half of any calendar year.

Because our Board of Directors believes it is at present essential for us to qualify as a REIT, our charter provides that, subject to certain exceptions, no person or entity may beneficially or constructively own, or be deemed to own by virtue of the attribution provisions of the Code, more than 9.8% in value or in number of shares, whichever is more restrictive, of the outstanding shares of any class or series of our capital stock, or the ownership limit, except that Bimini may own up to 35.0% of our common stock so long as Bimini continues to qualify as a REIT.

Our charter also prohibits any person from (i) beneficially or constructively owning or transferring shares of our capital stock if such ownership or transfer would result in our being closely held under Section 856(h) of the Code (without regard to whether the ownership interest is held during the last half of a taxable year) or otherwise cause us to fail to qualify as a REIT and (ii) transferring shares of our capital stock if such transfer, if effective, would result in our capital stock being beneficially owned by fewer than 100 persons (determined under the principles of Section 856(a)(5) of the Code). Any person who acquires or attempts or intends to acquire beneficial or constructive ownership of shares of our stock that will or may violate any of the foregoing restrictions on transfer and ownership, or who is the intended transferee of shares of our stock which are transferred to the trust (as described below), will be required to give written notice immediately to us, or, in the case of a proposed or attempted transaction, to give at least 15 days prior written notice, and provide us with such other information as we may request in order to determine the effect, if any, of such transfer on our status as a REIT. The foregoing restrictions on transfer and ownership will not apply if our Board of Directors determines that it is no longer in our best interests to attempt to qualify, or to continue to qualify, as a REIT, or that compliance with the restrictions on transfer and ownership is no longer required for us to qualify as a REIT.

Our Board of Directors, in its sole discretion, may exempt (prospectively or retroactively) a person from certain of the limits described above and may establish or increase an excepted holder limit for such person. The person seeking an exemption must provide to our Board of Directors any such representations, covenants and undertakings as our Board of Directors may deem appropriate in order to conclude that granting the exemption and/or establishing or increasing

an excepted holder limit, as the case may be, will not cause us to fail to qualify as a REIT. Our Board of Directors may also require a ruling from the IRS or an opinion of counsel, in either case in form and substance satisfactory to the Board of Directors in its sole discretion, in order to determine that

Table of Contents

granting the exemption will not cause us to lose our qualification as a REIT. In connection with granting a waiver of the ownership limit or creating an excepted holder limit or at any other time, our Board of Directors may from time to time increase or decrease the ownership limit, subject to certain restrictions.

If shares of our stock are certificated, all such certificates will bear a legend summarizing the restrictions described herein (or a declaration that we will furnish a full statement about certain restrictions on transferability to a stockholder on request and without charge).

Any attempted transfer of our capital stock that, if effective, would result in a violation of the foregoing restrictions, will cause the number of shares causing the violation (rounded up to the nearest whole share) to be automatically transferred to a charitable trust for the benefit of a charitable beneficiary and the proposed transferee will not acquire any rights in such shares, except that any transfer that, if effective, would result in the violation of the restriction relating to shares of our capital stock being beneficially owned by fewer than 100 persons will be void ab initio. The automatic transfer will be effective as of the close of business on the business day (as defined in our charter) prior to the date of the transfer. If, for any reason, the transfer to the trust would not be effective to prevent the violation of the foregoing restrictions, our charter provides that the purported transfer in violation of the restrictions will be void ab initio. Shares of our capital stock held in the trust will be issued and outstanding shares of stock. The proposed transferee will not benefit economically from ownership of any shares of stock held in the trust, will have no rights to dividends or other distributions and no rights to vote or other rights attributable to the shares of stock held in the trust.

The trustee of the trust will have all voting rights and rights to dividends or other distributions with respect to shares held in the trust. These rights will be exercised for the exclusive benefit of the charitable beneficiary. Any dividend or other distribution paid prior to our discovery that shares of stock have been transferred to the trust must be paid by the recipient to the trustee upon demand. Any dividend or other distribution authorized but unpaid will be paid when due to the trustee. Any dividend or other distribution paid to the trustee will be held in trust for the charitable beneficiary. Subject to Maryland law, the trustee will have the authority (at the trustee's sole discretion) (i) to rescind as void any vote cast by the proposed transferee prior to our discovery that the shares have been transferred to the trust and (ii) to recast the vote in accordance with the desires of the trustee acting for the benefit of the charitable beneficiary. However, if we have already taken irreversible corporate action, then the trustee will not have the authority to rescind and recast the vote.

Within 20 days of receiving notice from us that shares of our stock have been transferred to the trust, the trustee must sell the shares to a person designated by the trustee, whose ownership of the shares will not violate the above ownership and transfer limitations. Upon such sale, the interest of the charitable beneficiary in the shares sold will terminate and the trustee will distribute the net proceeds of the sale to the proposed transferee and to the charitable beneficiary as follows. The proposed transferee will receive the lesser of (i) the price paid by the proposed transferee for the shares or, if the proposed transferee did not give value for the shares in connection with the event causing the shares to be held in the trust (e.g., a gift, devise or other similar transaction), the market price (as defined in our charter) of the shares on the day of the event causing the shares to be held in the trust and (ii) the price received by the trustee from the sale or other disposition of the shares (net of any commissions and other expenses).

Any net sale proceeds in excess of the amount payable to the proposed transferee will be paid immediately to the charitable beneficiary. The trustee may reduce the amount payable to the proposed transferee by the amount of dividends and other distributions paid to the purported transferee and owed by the proposed transferee to the trustee. If, prior to our discovery that shares of our stock have been transferred to the trust, the shares are sold by the proposed transferee, then (i) the shares will be deemed to have been sold on behalf of the trust and (ii) to the extent that the proposed transferee received an amount for the shares that exceeds the amount the proposed transferee was entitled to receive, the excess must be paid to the trustee upon demand.

In addition, shares of our stock held in the trust will be deemed to have been offered for sale to us, or our designee, at a price per share equal to the lesser of (i) the price per share in the transaction that resulted in the

Table of Contents

transfer to the trust (or, in the case of a devise or gift, the market price at the time of the devise or gift) and (ii) the market price on the date we accept, or our designee accepts, the offer, which we may reduce by the amount of dividends and other distributions paid to the proposed transferee and owed by the proposed transferee to the trustee. We will have the right to accept the offer until the trustee has sold the shares. Upon a sale to us, the interest of the charitable beneficiary in the shares sold will terminate and the trustee will distribute the net proceeds of the sale to the proposed transferee and any dividends or other distributions held by the trustee will be paid to the charitable beneficiary.

Every owner of 5% or more (or such lower percentage as required by the Code or the regulations promulgated thereunder) of all classes or series of our stock, including shares of common stock, within 30 days after the end of each taxable year, must give written notice to us stating the name and address of such owner, the number of shares of each class and series of shares of our stock which the owner beneficially owns and a description of the manner in which the shares are held. Each owner must also provide to us such additional information as we may request in order to determine the effect, if any, of the beneficial ownership on our status as a REIT and to ensure compliance with the ownership limit. In addition, each owner of our stock must, upon demand, provide to us such information as we may request, in good faith, in order to determine our status as a REIT and to comply with the requirements of any taxing authority or governmental authority or to determine such compliance and to ensure compliance with the ownership limit.

These ownership limitations could delay, defer or prevent a transaction or a change in control that might involve a premium price for our securities or might otherwise be in the best interests of our stockholders.

DESCRIPTION OF PREFERRED STOCK

The following summary description of our preferred stock does not purport to be complete and is subject to and qualified in its entirety by reference to Maryland law, our charter and our bylaws, copies of which are filed as exhibits to the registration statement of which this prospectus is a part. See [Where You Can Find More Information](#).

General

Our authorized capital stock consists of 600,000,000 shares of which 100,000,000 shares are designated as preferred stock with a par value of \$0.01 per share. Our charter authorizes our Board of Directors, without stockholder approval, to classify any unissued shares of preferred stock and to reclassify any previously classified but unissued shares of any class or series of preferred stock. Prior to issuance of shares of each class or series, our Board of Directors is required by Maryland law and our charter to set the preferences, conversion or other rights, voting powers (including voting rights exclusive to such class or series), restrictions (including, without limitation, restrictions on transferability), limitations as to dividends or other distributions, qualifications and terms and conditions of redemption for each such class or series. Thus, our Board of Directors could authorize the issuance of shares of preferred stock that have priority over our common stock with respect to dividends or rights upon liquidation or with terms and conditions which could have the effect of delaying, deferring or preventing a transaction or a change of control of the Company that might involve a premium price for holders of our common stock or otherwise be in their best interests. As of the date of this prospectus, no shares of preferred stock are outstanding, and we have no present plans to issue any preferred stock.

Terms

When we issue preferred stock, it will be fully paid and non-assessable. The preferred stock will not have any preemptive rights.

Articles supplementary that will become part of our charter will set forth the specific terms of any new series of preferred stock offered. A prospectus supplement will describe these specific terms, including:

the title and stated value;

the number of shares, liquidation preference and offering price;

the date on which dividends begin to accrue or accumulate

any auction and remarketing procedures;

the price and the terms and conditions of any conversion or exchange right;

any voting rights;

the relative ranking and preferences as to dividends, liquidation, dissolution or winding up;

any limitations on issuing any series of preferred stock ranking senior to or on a parity with the series of preferred stock as to dividends, liquidation, dissolution or winding up;

any limitations on direct or beneficial ownership and restrictions on transfer; and

any other specific terms, preferences, rights, limitations or restrictions.

Table of Contents

Restrictions on Ownership and Transfer; Change of Control Provisions

As discussed above under Description of Common Stock Restrictions on Ownership and Transfer, our charter contains restrictions on ownership and transfers of our capital stock. In addition, the articles supplementary designating the terms of each series of preferred stock may also contain additional provisions restricting the ownership and transfer of the preferred stock. The prospectus supplement will describe any additional ownership limitation relating to a series of preferred stock.

For a discussion of provisions in our charter that may have the effect of delaying, deferring or preventing a change of control, see Certain Provisions of Maryland Law and our Charter and Bylaws.

DESCRIPTION OF DEBT SECURITIES

General

The debt securities offered by this prospectus will be our direct unsecured general obligations. This prospectus describes certain general terms of the debt securities offered through this prospectus. In the following discussion, we refer to any of our direct unsecured general obligations as the Debt Securities. When we offer to sell a particular series of Debt Securities, we will describe the specific terms of that series in a prospectus supplement or any free writing prospectus. The Debt Securities will be issued under an open-ended Indenture (for Debt Securities) between us and a trustee to be selected by us at or about the time we offer our Debt Securities. The form of open ended Indenture (for Debt Securities) is incorporated by reference into the registration statement of which this prospectus is a part and is filed as an exhibit to the registration statement. In this prospectus we refer to the Indenture (for Debt Securities) as the Debt Securities Indenture. We refer to the trustee under any Debt Securities Indenture as the Debt Securities Trustee.

The prospectus supplement or any free writing prospectus applicable to a particular series of Debt Securities may state that a particular series of Debt Securities will be our subordinated obligations. The form of Debt Securities Indenture referred to above includes optional provisions (designated by brackets ([])) that we would expect to appear in a separate indenture for subordinated debt securities in the event we issue subordinated debt securities. In the following discussion, we refer to any of our subordinated obligations as the Subordinated Debt Securities. Unless the applicable prospectus supplement or any free writing prospectus provides otherwise, we will use a separate Debt Securities Indenture for any Subordinated Debt Securities that we may issue. Our Debt Securities Indenture will be qualified under the Trust Indenture Act of 1939, as amended, or the Trust Indenture Act, and you should refer to the Trust Indenture Act for the provisions that apply to the Debt Securities.

We have summarized selected provisions of the Debt Securities Indenture below. Each Debt Securities Indenture will be independent of any other Debt Securities Indenture unless otherwise stated in a prospectus supplement or any free writing prospectus. The summary that follows is not complete and the summary is qualified in its entirety by reference to the provisions of the applicable Debt Securities Indenture. You should consult the applicable Debt Securities, Debt Securities Indenture, any supplemental indentures, officers' certificates and other related documents for more complete information on the Debt Securities. These documents appear as exhibits to, or are incorporated by reference into, the registration statement of which this prospectus is a part, or will appear as exhibits to other documents that we will file with the SEC, which will be incorporated by reference into this prospectus. In the summary below, we have included references to applicable section numbers of the Debt Securities Indenture so that you can easily locate these provisions.

Ranking

Our Debt Securities that are not designated Subordinated Debt Securities will be effectively subordinated to all secured indebtedness that we have outstanding from time to time to the extent of the value of the collateral securing such secured indebtedness. Our Debt Securities that are designated Subordinated Debt Securities will be subordinate to all outstanding secured indebtedness as well as Debt Securities that are not designated Subordinated Debt Securities. We incur indebtedness from time to time to finance many of our assets primarily pursuant to repurchase agreements. This indebtedness is deemed to be secured indebtedness. As a result, we have a significant amount of secured indebtedness at any given time in relation to our total assets. The Debt Securities Indenture does not limit the amount of secured indebtedness that we may issue or incur.

Our ability to meet our financial obligations with respect to any future Debt Securities, and cash needs generally, is dependent on our operating cash flow, our ability to access various sources of short- and long-term liquidity, including

repurchase agreements, financing and the capital markets. Holders of our Debt Securities will effectively have a junior position to claims of our creditors, including trade creditors, debt holders, secured creditors, taxing authorities and guarantee holders.

Debt Securities may be sold at a substantial discount below their principal amount. You should consult the applicable prospectus supplement or free writing prospectus for a description of certain material federal income tax considerations that may apply to Debt Securities sold at an original issue discount or denominated in a currency other than U.S. dollars.

Unless the applicable prospectus supplement or free writing prospectus states otherwise, the covenants contained in the applicable indenture will not afford holders of Debt Securities protection in the event we have a change in control or are involved in a highly-leveraged transaction.

Subordination

The applicable prospectus supplement or free writing prospectus may provide that a series of Debt Securities will be Subordinated Debt Securities, subordinate and junior in right of payment to all of our Senior Indebtedness, as defined below. If so, we will issue these securities under a separate Debt Securities Indenture for Subordinated Debt Securities. For more information, see Article XV of the form of Debt Securities Indenture.

Unless the applicable prospectus supplement or free writing prospectus states otherwise, in the event:

there occur certain acts of bankruptcy, insolvency, liquidation, dissolution or other winding up of our company;

Table of Contents

any Senior Indebtedness is not paid when due;

any applicable grace period with respect to other defaults with respect to any Senior Indebtedness has ended, the default has not been cured or waived and the maturity of such Senior Indebtedness has been accelerated because of the default; or

the maturity of the Subordinated Debt Securities of any series has been accelerated because of a default and Senior Indebtedness is then outstanding;

then no payment of principal of, including redemption and sinking fund payments, or any premium or interest on, the Subordinated Debt Securities may be made until all amounts due to holders of Senior Indebtedness have been paid in full.

Upon any distribution of our assets to creditors upon any dissolution, winding up, liquidation or reorganization, whether voluntary or involuntary or in bankruptcy, insolvency, receivership or other proceedings, all principal of, and any premium and interest due or to become due on, all outstanding Senior Indebtedness must be paid in full before the holders of the Subordinated Debt Securities are entitled to payment. For more information, see Section 15.02 of the form of Debt Securities Indenture. The rights of the holders of the Subordinated Debt Securities will be subrogated to the rights of the holders of Senior Indebtedness to receive payments or distributions applicable to Senior Indebtedness until all amounts owing on the Subordinated Debt Securities are paid in full. For more information, see Section 15.04 of the form of Debt Securities Indenture.

Unless the applicable prospectus supplement or free writing prospectus states otherwise, the term Senior Indebtedness means all:

obligations (other than non-recourse obligations and the indebtedness issued under the applicable Subordinated Debt Securities Indenture) of, or guaranteed or assumed by, us:

for borrowed money (including both senior and subordinated indebtedness for borrowed money, but excluding the Subordinated Debt Securities); or

for the payment of money relating to any lease that is capitalized on our consolidated balance sheet in accordance with generally accepted accounting principles;

indebtedness evidenced by bonds, debentures, notes or other similar instruments;

obligations with respect to letters of credit, bankers' acceptances or similar facilities issued for our account;

obligations issued or assumed as the deferred purchase price of property or services (excluding trade accounts payable or accrued liabilities arising in the ordinary course);

obligations for claims, as defined in section 101(5) of the United States Bankruptcy Code of 1978, as amended, in respect of derivative products such as interest and foreign exchange rate contracts, commodity contracts and similar arrangements; and

obligations of another person for which we have guaranteed or assumed direct or indirect responsibility or liability.

In the case of any such indebtedness or obligations, Senior Indebtedness includes amendments, renewals, extensions, modifications and refundings, whether existing as of the date of the Subordinated Debt Securities Indenture or subsequently incurred by us.

The Subordinated Debt Securities Indenture does not limit the aggregate amount of Senior Indebtedness we may issue.

Form, Exchange and Transfer

Unless the applicable prospectus supplement or free writing prospectus states otherwise, we will issue Debt Securities only in fully registered form without coupons and in denominations of \$1,000 and integral multiples of \$1,000. For more information, see Sections 2.01 and 3.02 of the form of Debt Securities Indenture.

Holders may present Debt Securities for exchange or for registration of transfer, duly endorsed or accompanied by a duly executed instrument of transfer, at the office of the security registrar or at the office of any transfer agent we may designate. Exchanges and transfers are subject to the terms of the applicable indenture and applicable limitations for global securities. We may designate ourselves as the security registrar.

No charge will be made for any registration of transfer or exchange of Debt Securities, but we may require payment of a sum sufficient to cover any tax or other governmental charge that the holder must pay in connection with the transaction. Any transfer or exchange will become effective upon the security registrar or transfer agent, as the case may be, being satisfied with the documents of title and identity of the person making the request. For more information, see Section 3.05 of the form of Debt Securities Indenture.

The applicable prospectus supplement or free writing prospectus will state the name of any transfer agent, in addition to the security registrar initially designated by us, for any Debt Securities. We may at any time designate additional transfer agents or withdraw the designation of any transfer agent or make a change in the office through which any transfer agent acts. We must, however, maintain a transfer agent in each place of payment for the Debt Securities of each series. For more information, see Section 6.02 of the form of Debt Securities Indenture.

We will not be required to issue, register the transfer of, or exchange any:

Debt Securities or any tranche of any Debt Securities during a period beginning at the opening of business 15 days before the day of mailing of a notice of redemption of any Debt Securities called for redemption and ending at the close of business on the day of mailing; or

Debt Securities selected for redemption except the unredeemed portion of any Debt Securities being partially redeemed.

For more information, see Section 3.05 of the form of Debt Securities Indenture.

Payment and Paying Agents

Unless the applicable prospectus supplement or free writing prospectus states otherwise, we will pay interest on a Debt Security on any interest payment date to the person in whose name the Debt Security is registered at the close of business on the regular record date for the interest payment. For more information, see Section 3.07 of the form of Debt Securities Indenture.

Unless the applicable prospectus supplement or free writing prospectus provides otherwise, we will pay principal and any premium and interest on Debt Securities at the office of the paying agent whom we will designate for this purpose. Unless the applicable prospectus supplement or free writing prospectus states otherwise, the corporate trust office of the Debt Securities Trustee in New York City will be designated as our sole paying agent for payments with respect to Debt Securities of each series. Any other paying agents initially designated by us for the Debt Securities of

a particular series will be named in the applicable prospectus supplement or free writing prospectus. We may at any time add or delete paying agents or change the office through which any paying agent acts. We must, however, maintain a paying agent in each place of payment for the Debt Securities of a particular series. For more information, see Section 6.02 of the form of Debt Securities Indenture.

All money we pay to a paying agent for the payment of the principal and any premium or interest on any Debt Security that remains unclaimed at the end of two years after payment is due will be repaid to us. After that

date, the holder of that Debt Security shall be deemed an unsecured general creditor and may look only to us for these payments. For more information, see Section 6.03 of the form of Debt Securities Indenture.

Redemption

You should consult the applicable prospectus supplement or free writing prospectus for any terms regarding optional or mandatory redemption of Debt Securities. Except for any provisions in the applicable prospectus supplement or free writing prospectus regarding Debt Securities redeemable at the holder's option, Debt Securities may be redeemed only upon notice by mail not less than 30 nor more than 60 days prior to the redemption date. Further, if less than all of the Debt Securities of a series, or any tranche of a series, are to be redeemed, the Debt Securities to be redeemed will be selected by the Debt Securities Trustee by the method provided for the particular series. In the absence of a selection provision, the Debt Securities Trustee will select a fair and appropriate method of selection. For more information, see Sections 4.02, 4.03 and 4.04 of the form of Debt Securities Indenture.

A notice of redemption we provide may state:

that redemption is conditioned upon receipt by the paying agent on or before the redemption date of money sufficient to pay the principal of and any premium and interest on the Debt Securities; and

that if the money has not been received, the notice will be ineffective and we will not be required to redeem the Debt Securities.

For more information, see Section 4.04 of the form of Debt Securities Indenture.

Consolidation, Merger and Sale of Assets

We may not consolidate with or merge into any other corporation, nor may we transfer or lease substantially all of our assets and property to any other person, unless:

the corporation formed by the consolidation or into which we are merged, or the person that acquires by conveyance or transfer, or that leases, substantially all of our property and assets:

is organized and validly existing under the laws of a domestic jurisdiction; and

expressly assumes by supplemental indenture our obligations on the Debt Securities and under the applicable indentures;

immediately after giving effect to the transaction, no event of default, and no event that (after notice or lapse of time or both) would become an event of default, has occurred and is continuing; and

we have delivered to the Debt Securities Trustee an officer's certificate and opinion of counsel as provided in the applicable indentures.

For more information, see Section 11.01 of the form of Debt Securities Indenture.

Events of Default

Unless the applicable prospectus supplement or free writing prospectus states otherwise, event of default under the applicable indenture with respect to Debt Securities of any series means any of the following:

failure to pay any interest due on any Debt Security of that series within 30 days after it becomes due;

failure to pay principal or premium, if any, when due on any Debt Security of that series;

failure to make any required sinking fund payment when due on any Debt Securities of that series;

breach of or failure to perform any other covenant or warranty in the applicable indenture with respect to Debt Securities of that series for 60 days (subject to extension under certain circumstances for

Table of Contents

another 120 days) after we receive notice from the Debt Securities Trustee, or we and the Debt Securities Trustee receive notice from the holders of at least 33% in principal amount of the Debt Securities of that series outstanding under the applicable indenture according to the provisions of the applicable indenture;

certain events of bankruptcy, insolvency or reorganization; and

any other event of default set forth in the applicable prospectus supplement or free writing prospectus. For more information, see Section 8.01 of the form of Debt Securities Indenture.

An event of default with respect to a particular series of Debt Securities does not necessarily constitute an event of default with respect to the Debt Securities of any other series issued under the applicable indenture.

If an event of default with respect to a particular series of Debt Securities occurs and is continuing, either the Debt Securities Trustee or the holders of at least 33% in principal amount of the outstanding Debt Securities of that series may declare the principal amount of all of the Debt Securities of that series to be due and payable immediately. If the Debt Securities of that series are discount Debt Securities or similar Debt Securities, only the portion of the principal amount as specified in the applicable prospectus supplement or free writing prospectus may be immediately due and payable. If an event of default occurs and is continuing with respect to all series of Debt Securities issued under a Debt Securities Indenture, including all events of default relating to bankruptcy, insolvency or reorganization, the Debt Securities Trustee or the holders of at least 33% in principal amount of the outstanding Debt Securities of all series issued under that Debt Securities Indenture, considered together, may declare an acceleration of the principal amount of all series of Debt Securities issued under that Debt Securities Indenture. There is no automatic acceleration, even in the event of our bankruptcy or insolvency.

The applicable prospectus supplement or free writing prospectus may provide, with respect to a series of Debt Securities to which a credit enhancement is applicable, that the provider of the credit enhancement may, if a default has occurred and is continuing with respect to the series, have all or any part of the rights with respect to remedies that would otherwise have been exercisable by the holder of that series.

At any time after a declaration of acceleration with respect to the Debt Securities of a particular series, and before a judgment or decree for payment of the money due has been obtained, the event of default giving rise to the declaration of acceleration will, without further action, be deemed to have been waived, and the declaration and its consequences will be deemed to have been rescinded and annulled, if:

we have paid or deposited with the Debt Securities Trustee a sum sufficient to pay:

all overdue interest on all Debt Securities of the particular series;

the principal of and any premium on any Debt Securities of that series that have become due otherwise than by the declaration of acceleration and any interest at the rate prescribed in the Debt Securities;

interest upon overdue interest at the rate prescribed in the Debt Securities, to the extent payment is lawful; and

all amounts due to the Debt Securities Trustee under the applicable indenture; and

any other event of default with respect to the Debt Securities of the particular series, other than the failure to pay the principal of the Debt Securities of that series that has become due solely by the declaration of acceleration, has been cured or waived as provided in the applicable indenture.

For more information, see Section 8.02 of the form of Debt Securities Indenture.

The applicable Debt Securities Indenture likely will include provisions as to the duties of the Debt Securities Trustee in case an event of default occurs and is continuing. Consistent with these provisions, the Debt Securities

Table of Contents

Trustee will be under no obligation to exercise any of its rights or powers at the request or direction of any of the holders unless those holders have offered to the Debt Securities Trustee reasonable security or indemnity against the costs, expenses and liabilities that may be incurred by it in compliance with such request or direction. For more information, see Section 9.03 of the form of Debt Securities Indenture. Subject to these provisions for indemnification, the holders of a majority in principal amount of the outstanding Debt Securities of any series may direct the time, method and place of conducting any proceeding for any remedy available to the Debt Securities Trustee, or exercising any trust or power conferred on the Debt Securities Trustee, with respect to the Debt Securities of that series. For more information, see Section 8.12 of the form of Debt Securities Indenture.

No holder of Debt Securities may institute any proceeding regarding the applicable indenture, or for the appointment of a receiver or a trustee, or for any other remedy under the applicable indenture unless:

the holder has previously given to the Debt Securities Trustee written notice of a continuing event of default of that particular series;

the holders of at least a majority in principal amount of the outstanding Debt Securities of all series with respect to which an event of default has occurred and is continuing have made a written request to the Debt Securities Trustee, and have offered reasonable indemnity to the Debt Securities Trustee, to institute the proceeding as trustee; and

the Debt Securities Trustee has failed to institute the proceeding, and has not received from the holders of a majority in principal amount of the outstanding Debt Securities of that series a direction inconsistent with the request, within 60 days after notice, request and offer of reasonable indemnity.

For more information, see Section 8.07 of the form of Debt Securities Indenture.

The preceding limitations do not apply, however, to a suit instituted by a holder of a Debt Security for the enforcement of payment of the principal of or any premium or interest on the Debt Securities on or after the applicable due date stated in the Debt Securities. For more information, see Section 8.08 of the form of Debt Securities Indenture.

We must furnish annually to the Debt Securities Trustee a statement by an appropriate officer as to that officer's knowledge of our compliance with all conditions and covenants under each of the indentures for Debt Securities. Our compliance is to be determined without regard to any grace period or notice requirement under the respective indenture. For more information, see Sections 6.05 and 6.06 of the form of Debt Securities Indenture.

Modification and Waiver

We and the Debt Securities Trustee, without the consent of the holders of the Debt Securities, may enter into one or more supplemental indentures for any of the following purposes:

to evidence the assumption by any permitted successor of our covenants in the applicable indenture and the Debt Securities;

to add one or more covenants or other provisions for the benefit of the holders of outstanding Debt Securities or to surrender any right or power conferred upon us by the applicable indenture;

to add any additional events of default;

to change or eliminate any provision of the applicable indenture or add any new provision to it, but if this action would adversely affect the interests of the holders of any particular series of Debt Securities in any material respect, the action will not become effective with respect to that series while any Debt Securities of that series remain outstanding under the applicable indenture;

to provide collateral security for the Debt Securities;

to establish the form or terms of Debt Securities according to the provisions of the applicable indenture;

Table of Contents

to provide for the authentication and delivery of bearer securities (and coupons representing any interest thereon) and for procedures for the registration, exchange and replacement of such bearer securities and for the giving of notice to, and the solicitation of the vote or consent of, the holders of such bearer securities, and for all related incidental matters;

to evidence the acceptance of appointment of a successor Debt Securities Trustee under the applicable indenture with respect to one or more series of the Debt Securities and to add to or change any of the provisions of the applicable indenture as necessary to provide for trust administration under the applicable indenture by more than one trustee;

to provide for the procedures required to permit the use of a non-certificated system of registration for any series of Debt Securities;

to change any place where:

the principal of and any premium and interest on any Debt Securities are payable;

any Debt Securities may be surrendered for registration of transfer or exchange; or

notices and demands to or upon us regarding Debt Securities and the applicable indentures may be served; or

to cure any ambiguity or inconsistency, but only by means of changes or additions that will not adversely affect the interests of the holders of Debt Securities of any series in any material respect.

For more information, see Section 12.01 of the form of Debt Securities Indenture.

The holders of at least a majority in aggregate principal amount of the outstanding Debt Securities of any series may waive:

compliance by us with certain provisions of the applicable indenture (see Section 6.06 of the form of Debt Securities Indenture); and

any past default under the applicable indenture, except a default in the payment of principal, premium or interest and certain covenants and provisions of the applicable indenture that cannot be modified or amended without consent of the holder of each outstanding Debt Security of the series affected (see Section 8.13 of the form of Debt Securities Indenture).

The Trust Indenture Act of 1939 may be amended after the date of the applicable indenture to require changes to the indenture. In this event, the indenture will be deemed to have been amended so as to effect the changes, and we and

the Debt Securities Trustee may, without the consent of any holders, enter into one or more supplemental indentures to evidence or effect the amendment. For more information, see Section 12.01 of the form of Debt Securities Indenture.
