Item 1.01 Entry into a Material Definitive Agreement.

On September 3, 2014, Teledyne Technologies Incorporated (Teledyne), entered into an Agreement and Plan of Merger (the Merger Agreement) with Bolt Technology Corporation (Bolt), and Lightning Merger Sub, Inc., a direct, wholly-owned subsidiary of Teledyne (Merger Sub). The Merger Agreement provides for the acquisition of Bolt by Teledyne by means of a merger of the Merger Sub with and into Bolt, with Bolt being the surviving corporation. As a result of the Merger, Bolt would become a wholly-owned subsidiary of Teledyne (the Merger).

At the effective time of the Merger, each share of Bolt common stock issued and outstanding immediately prior to the effective time (other than shares owned by Teledyne, Merger Sub, Bolt or any shareholders who have properly exercised and perfected appraisal rights under Connecticut law) will be converted automatically into the right to receive \$22.00 in cash, without interest. Additionally, at the effective time of the Merger, each outstanding option to purchase common stock of Bolt (whether vested or unvested) will be converted into the right to receive an amount in cash equal to the excess, if any, of \$22.00 over the exercise price of such option, and each outstanding share of Bolt restricted stock shall vest and become free of restrictions and be converted into the right to receive an amount in cash equal to \$22.00, in each case without interest and less any required withholding taxes.

The anticipated aggregate consideration to be paid by Teledyne to consummate the Merger is approximately \$171 million, taking into account Bolt s stock options and net cash as of March 31, 2014.

The Boards of Directors of Teledyne and Bolt have approved the Merger and the Merger Agreement. The consummation of the Merger is subject to closing conditions, including approval of the Merger Agreement by the holders of the requisite number of shares of Bolt common stock under the Connecticut Business Corporation Act, the expiration or termination of the waiting period under the Hart-Scott-Rodino Antitrust Improvements Act of 1976, and other conditions customary for a transaction of this type. The completion of the Merger is not subject to a financing condition.

The Merger Agreement provides that Bolt may not solicit competing acquisition proposals, subject to certain exceptions designed to allow Bolt s Board of Directors to fulfill its fiduciary duties. In addition, the Merger Agreement contains certain termination rights and provides that, upon the termination of the Merger Agreement under specified circumstances, Bolt may be required to pay Teledyne a termination fee equal to \$7,500,000 and to pay Teledyne s expenses up to \$1,000,000.

Bolt, Teledyne and Merger Sub each made certain representations, warranties and covenants in the Merger Agreement, including, among other things, covenants by Bolt to conduct its business in the ordinary course during the interim period between the execution of the Merger Agreement and consummation of the Merger.

Concurrently with the execution and delivery of the Merger Agreement, and as a condition and inducement to the willingness of Teledyne and Merger Sub to enter into the Merger Agreement, each of the directors and certain executive officers of Bolt (the Shareholders) entered into a shareholder agreement (each a Shareholder Agreement and collectively the Shareholder Agreements) covering a total of 493,502 shares (including shares that may be acquired upon exercise of options to acquire shares) of Bolt s common stock legally or beneficially owned by the Shareholders (the Shares). Under the Shareholder Agreements, and subject to the terms and conditions set forth therein, each Shareholder (i) has agreed to vote his Shares in favor of the Merger, (ii) has agreed to certain restrictions on the disposition of such Shares and (iii) tenders his resignation from any directorships occupied with Bolt and any of its subsidiaries, subject to and effective upon the closing of the Merger. The executive officers of Bolt have also agreed not to compete with Teledyne for three years. The Shareholder Agreements provide that they will terminate concurrently with any termination of the Merger Agreement.

A copy of the Merger Agreement (together with the forms of Shareholder Agreement attached as exhibits to the Merger Agreement) is filed as Exhibit 2.1 to this Report and is incorporated herein by reference. We encourage you to read the Merger Agreement for a more complete understanding of the transaction. The foregoing description of the Merger Agreement and the Shareholder Agreements does not purport to be complete and is qualified in its entirety by reference to the full text of the Merger Agreement and each Shareholder Agreement.

Item 8.01 Other Information.

On September 3, 2014, Teledyne and Bolt issued a joint press release relating to the Merger Agreement. A copy of the press release is attached hereto as Exhibit 99.1.

Also on September 3, 2014, Teledyne issued a press release announcing that it has entered into an accelerated share repurchase agreement with a financial institution to repurchase 1,030,000 shares of Teledyne's common stock, pursuant to Teledyne's previously announced share repurchase program. The estimated value of the repurchase transaction is approximately \$100 million. Under the agreement, Teledyne will immediately purchase shares from a financial institution, which will purchase an equivalent number of shares on the open market. Teledyne may receive, or be required to remit, a price adjustment based on a volume-weighted average price of Teledyne's common stock over the term of the transaction minus a pre-agreed discount. This accelerated repurchase transaction is subject to customary terms and conditions and is expected to be completed no later than the second quarter of 2015. A copy of the press release is attached hereto as Exhibit 99.2.

Under Teledyne's 2,500,000 share stock repurchase program authorized in October 2011, Teledyne repurchased 1,124,852 shares for approximately \$80 million through August 31, 2014. The following table sets forth the shares repurchased during the months of July and August 2014:

Fiscal Month 2014		Total number of shares purchased	Average price paid per share	Total number of shares purchased as part of announced programs	Maximum number of shares that may yet be purchased under the plans or programs
June 30	August 3	55,500	\$ 94.77	55,500	1,415,972
August 4	August 31	40,824	\$ 94.20	40,824	1,375,148
Total		96,324	\$ 94.53	96,324
