CHAIRMAN'S STATEMENT

First at all, on behalf of the Board of China Unicom, I would like to express my sincere gratitude to the shareholders and the different parts of the society for their support. In 2014, the regulatory policies and market environment within the Chinese telecommunications industry underwent considerable changes. Due to various factors such as the issue of 4G license and the replacement of business tax with value-added tax (the VAT Reform), the competitive landscape turned more complex and the industry revenue growth slowed down. With these changes and challenges, the Company followed its strategy of "Leading Mobile Broadband and Innovating Operational Integration", proactively accelerated the transformation, and pushed forward the reform in key areas. As a result, the Company achieved continuous improvement in its revenue market share, revenue structure and profitability.

Table of Contents

Overall Results

In 2014, the Chinese telecommunications industry fully implemented the VAT Reform. Leveraging on the VAT Reform, the Company deepened the transformation of its operational model, and improved its business structure as well as the quality of its business development. During the year, the Company's service revenue reached RMB244.88 billion, an increase of 2.6% compared with the previous year, outpacing the industry average¹ by 3.9 percentage points. Revenues generated from mobile business and non-voice business accounted for 63.3% and 61.9% of its total service revenue respectively.

Due to the industry changes and its own transformation, the Company's revenue growth slowed down, but its utilisation efficiency of resources was considerably improved, resulting in the continuous improvement in its profitability. During the year, the Company's EBITDA reached RMB92.77 billion, up by 10.5% year-on-year. EBITDA as a percentage of service revenue reached 37.9%, up by 2.7 percentage points year-on-year. Net profit increased by 15.8% year-on-year to RMB12.06 billion. The Company's financial status became more solid, with operating cash flow up by 12.2% year-on-year and free cash flow at RMB3.21 billion.

Based on the Company's overall financial position in 2014 and taking into account the development needs of mobile and fixed-line broadband businesses in the future, the Board recommended a final dividend payout of RMB0.20 per share for the fiscal year ended 31 December 2014.

Business Development

Promoting the transformation of its mobile business model, consolidating and enhancing the differentiated competitive advantages. In 2014, leveraging on its leading position in terms of network, business and service in the 3G market, the Company accelerated the construction of its 4G network, optimised the resource allocation and adjusted its business development model, so as to proactively build the new differentiated competitive advantages. The Company pushed forward the value creation from its existing customers, established the specific and professional customer retention system, and enhanced the utilisation efficiency of its sales and marketing resources such as handset subsidy, distribution commission and advertising fee. The Company implemented its Dual 4G, Dual 100 MB Speed strategy to enhance the advantage of its terminal supply and the effectiveness of its terminals to drive business and product development. By catering to the changes in the mobile Internet market and customer needs and leveraging on the launch of its centralised business support system (cBSS), the Company further pushed forward the centralised operation as well as the unified operation in products and services, system support and customer service, and established a newly structured and unified product portfolio which covers all businesses and all customer segments. The Company promoted the integrated on-line and off-line operations, carried out professional management at its sales outlets, and improved the sales capability of its self-owned distribution channels. Through the Internet-oriented and nationwide-run B2B platform Woego, the Company established an efficient and transparent end-to-end operational support system along the whole value chain of terminals, businesses and channels. In 2014, the Company's mobile service revenue increased by 2.6% year-on-year to RMB155.10 billion and its mobile subscribers grew by 18.115 million to approximately 300 million. The revenue and user structures of its mobile business were further optimised, with mobile broadband² service accounting for 68.2% of its total mobile service revenue and mobile broadband² subscribers accounting for 49.9% of its total mobile subscribers. With saturating mobile voice business and rapidly growing mobile data business, the Company proactively promoted data volume operation and innovative applications so as to boost data volume and value. The data usage of the Company's handset subscribers grew by 61.1% year-on-year. The Company explored the open co-operation with Internet companies, and promoted the development and operation of its WO+ Platform. The Company proactively pushed forward the mobile service resale trial, and provided the flexible and convenient support to its resellers through an innovative co-operation model in which one-stop access activates unified operations and centralised services, resulting in an industry-leading position in

the mobile service resale business.

Outlook

With the issue of LTE FDD license and the further implementation of real-name registration and other regulatory policies, the telecommunications industry is undergoing unprecedented changes in 2015. With the mobile subscriber market saturating and the traditional voice business continuing to decline, the traditional subscriber-driven business growth is under pressure. As a result, the competition on traditional business is becoming more rational, the development focus is shifting from customer acquisition to putting equal weights on optimising existing customers and acquiring new customers in a quality way, and more attentions should be paid to balancing between quantity and quality and between business volume and revenue. Meanwhile, both the subscriber structure and the consumption structure are experiencing fast changes, with the subscribers upgrading from 2G and 3G to 4G and the consumption migrating from voice to data. The information consumption is fast spreading into every sector and every family, creating tremendous opportunities for operators' transformation and development.

Facing the new situation and new changes, the Company will further pursue its strategy of "Leading Mobile Broadband and Innovating Operational Integration" and seize new opportunities to realise new development. The Company will consolidate and enhance its broadband network advantages by fully leveraging on the integrated "mobile broadband + fixed-line broadband" network advantage, speeding up the construction of 3G+4G integrated high-quality mobile broadband network, and pushing forward the fiber optic upgrade of fixed-line broadband network. The company will proactively create differentiated service advantages through centralised operation, so as to improve operational efficiency and to enhance the capability to provide integrated and more convenient services to information consumers. The company will realise new development in the informatisation era by accelerating operational transformation and exploration in hot and emerging business areas such as Internet finance, industry applications, big data, Internet of Things and cloud computing.

In summary, the Company will seize new opportunities arising from the informatisation era, further accelerate its transformation and development, and achieve better and faster development so as to create greater value for its shareholders.

The majority of the equity interest in A Share Company is owned by China United Network Communications Group Company Limited (a state-owned enterprise established in the PRC, hereinafter referred to as Unicom Group). Unicom Group BVI is a wholly-owned subsidiary of Unicom Group. As a result, the directors of the Company consider Unicom Group to be the ultimate holding company.

The figures in respect of the preliminary announcement of the Group's results for the year ended 31 December 2014 have been compared by the Company's auditor, KPMG, Certified Public Accountants, to the amounts set out in the Group's audited financial statements for the year and the amounts were found to be in agreement. The work performed by KPMG in this respect was limited and did not constitute an audit, review or other assurance engagement and consequently no assurance has been expressed by the auditor on this announcement.

2. STATEMENT OF COMPLIANCE

The financial statements have been prepared in accordance with all applicable International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board (IASB), which collective term includes all applicable individual International Financial Reporting Standards, International Accounting Standards (IASs) and Interpretations issued by the IASB. Hong Kong Financial Reporting Standards (HKFRSs), which collective term includes all applicable individual Hong Kong Financial Reporting Standards, Hong Kong Accounting Standards (HKASs) and Interpretations issued by the Hong Kong Institute of Certified Public Accountants (HKICPA), are consistent with IFRSs. The financial statements also comply with HKFRSs as well as the applicable disclosure provisions of the Rules Governing the Listing of Securities on the SEHK (Listing Rules) and the requirements of the Hong Kong Companies Ordinance, which for this financial year and the comparative period continue to be those of the predecessor Hong Kong Companies Ordinance (Cap.32), in accordance with transitional and saving arrangements

Edgar Filing: CHINA UNICOM (HONG KONG) Ltd - Form 6-K

for Part 9 of the new Hong Kong Companies Ordinance (Cap.622), Accounts and Audit , which are set out in sections 76 to 87 of Schedule 11 to that Ordinance.

3. BASIS OF PREPARATION

The consolidated financial statements have been prepared under the historical cost convention, as modified by the revaluation of financial assets at fair value through other comprehensive income.

(a) Going Concern Assumption

As at 31 December 2014, current liabilities of the Group exceeded current assets by approximately RMB235.3 billion (2013: approximately RMB243.0 billion). Given the current global economic conditions and the Group's expected capital expenditure in the foreseeable future, management has comprehensively considered the Group's available sources of funds as follows:

The Group's continuous net cash inflows from operating activities;

Approximately RMB361.6 billion of revolving banking facilities and registered quota of commercial papers, promissory notes and corporate bonds, of which approximately RMB235.3 billion was unutilised as at 31 December 2014; and

Other available sources of financing from domestic banks and other financial institutions given the Group's credit history.

In addition, the Group believes it has the ability to raise funds from the short, medium and long-term perspectives and maintain reasonable financing costs through appropriate financing portfolio.

Based on the above considerations, the Board of Directors is of the opinion that the Group has sufficient funds to meet its working capital requirements and debt obligations. As a result, the consolidated financial statements of the Group for the year ended 31 December 2014 have been prepared on a going concern basis.

(b) Changes in accounting policies

The IASB and HKICPA issued certain amendments to standards and new Interpretation that are effective for accounting periods beginning on or after 1 January 2014. The adoption of below amendments to standards and one new Interpretation did not have any significant impact on the Group's financial statement.

Amendments to IAS/HKAS 32, Offsetting financial assets and financial liabilities

The amendments to IAS/HKAS 32 clarify the offsetting criteria in IAS/HKAS 32. The amendments do not have an impact on the Group's consolidated financial statements as they are consistent with the policies already adopted by the Group.

Amendments to IAS/HKAS 36, Recoverable amount disclosures for non-financial assets

The amendments to IAS/HKAS 36 modify the disclosure requirements for impaired non-financial assets. Among them, the amendments expand the disclosures required for an impaired asset or cash generating unit whose recoverable amount is based on fair value less costs of disposal. The adoption of the amendments to IAS/HKAS 36 did not have any material impact on the Group's consolidated financial statements.

Table of Contents**IFRIC/HK(IFRIC) 21, Levies**

The Interpretation provides guidance on when a liability to pay a levy imposed by a government should be recognised. The amendments do not have an impact on the Group's consolidated financial statements as the guidance is consistent with the Group's existing accounting policies.

Except for these, the significant accounting policies adopted and critical accounting estimates and judgment made in the preparation of the annual financial statement for the year ended 31 December 2014 are consistent with those used in preparing the annual financial statements for the year ended 31 December 2013.

4. SEGMENT INFORMATION

The Executive Directors of the Company have been identified as the Chief Operating Decision Maker (CODM). Operating segments are identified on the basis of internal reports that the CODM reviews regularly in allocating resources to segments and in assessing their performances.

The CODM make resources allocation decisions based on internal management functions and assess the Group's business performance as one integrated business instead of by separate business lines or geographical regions. Accordingly, the Group has only one operating segment and therefore, no segment information is presented.

The Group primarily operates in Mainland China and accordingly, no geographic information is presented. No single external customer accounted for 10 percent or more of the Group's revenue in all periods presented.

5. TAXATION

Hong Kong profits tax has been provided at the rate of 16.5% (2013: 16.5%) on the estimated assessable profits for the year. Taxation on profits outside Hong Kong has been calculated on the estimated assessable profits for the year at the rates of taxation prevailing in the countries in which the Group operates. The Company's subsidiaries operate mainly in the PRC and the applicable statutory enterprise income tax rate is 25% (2013: 25%). Taxation for certain subsidiaries in the PRC was calculated at a preferential tax rate of 15% (2013: 15%).

	2014	2013
Provision for income tax on the estimated taxable profits for the year		
Hong Kong	29	29
Outside Hong Kong	3,201	3,730
Adjustments to prior years' current tax outside Hong Kong	(19)	(20)

For the year ended 31 December 2014, decrease in fair value of financial assets at fair value through other comprehensive income amounted to approximately RMB619 million (2013: increase of approximately RMB930 million). The decrease, net of tax impact, of approximately RMB464 million (2013: increase, net of tax impact, of approximately RMB690 million) has been recorded in the consolidated statement of comprehensive income.

7. ACCOUNTS RECEIVABLE

The aging analysis of accounts receivable is as follows:

	2014	2013
Current and within one month	11,447	10,633
More than one month to three months	1,738	1,955
More than three months to one year	3,258	3,992

	19,135	19,133
Less: Allowance for doubtful debts	(4,464)	(4,291)
	14,671	14,842

The normal credit period granted by the Group to individual subscribers is 30 days from the date of billing unless they meet certain specified credit assessment criteria. For corporate customers, the credit period granted by the Group is based on the service contract terms, normally not exceeding 1 year.

There is no significant concentration of credit risk with respect to customer receivables, as the Group has a large number of customers.

Table of Contents**8. SHARE CAPITAL**

As at 31 December 2013, 30,000,000,000 ordinary shares, with par value of HKD0.10 each, were authorised for issue. Under the new Hong Kong Companies Ordinance (Cap. 622), which became effective on 3 March 2014, the concepts of authorised share capital and par value no longer exist. As part of the transition to the no-par value regime, the amounts standing to the credit of the share premium account and the capital redemption reserve on 3 March 2014 have become part of the Company's share capital, under the transitional provisions set out in section 37 of Schedule 11 to the new Hong Kong Companies Ordinance (Cap. 622). These changes do not have an impact on the number of shares in issue or the relative entitlement of any of the members.

Table of Contents**10. PROMISSORY NOTES**

On 3 April 2014, the Company established a Medium Term Note Programme (the MTN Programme), under which the Company could offer and issue notes of aggregate principal amount of up to RMB10 billion. Notes under the MTN Programme will be denominated in RMB and are to be issued to professional investors outside the United States. On 16 April 2014, the Company completed the issue of Notes in an aggregate nominal amount of RMB4 billion pursuant to the MTN Programme, with a maturity of 3 years and at an interest rate of 4.00% per annum. On 24 July 2014, the Company completed the issue of Notes in an aggregate nominal amount of RMB2.5 billion with a maturity period of 2 years and at an interest rate of 3.80% per annum.

On 16 April 2014, China United Network Communications Corporation Limited (CUCL) issued tranche one of 2014 promissory notes in the amount of RMB5 billion, with a maturity period of 3 years from the date of issue and which carries interests at 5.35% per annum.

On 14 July 2014, CUCL issued tranche two of 2014 promissory notes in an amount of RMB5 billion, with a maturity period of 3 years from the date of issue and which carries interest at 4.84% per annum.

On 28 November 2014, CUCL issued tranche three of 2014 promissory notes in an amount of RMB5 billion, with a maturity period of 3 years from the date of issue and which carries interest at 4.20% per annum.

11. CONVERTIBLE BONDS

The convertible bonds recognised in the consolidated balance sheet are calculated as follows:

	2014	2013
Movement of liability component:		
Beginning of year	11,002	11,215
Less: interest paid	(85)	(85)
Add: effect of exchange loss/(gain) on liability component	39	(338)
Add: imputed finance cost	211	210
End of year	11,167	11,002

The fair value of the liability component, which was calculated using market interest rate for a bond with the same tenure but with no conversion features, was determined upon the issuance of the convertible bonds. The difference between the face value (net of direct issue costs) and the fair value of the liability component was credited to convertible bonds reserve under equity attributable to equity shareholders of the Company.

The liability component of the convertible bonds at 31 December 2014 amounted to approximately USD1,825 million (equivalent to RMB11,167 million) (2013: approximately USD1,804 million, equivalent to RMB11,002 million) and was calculated using cash flows discounted at a rate based on the borrowing rate of 1.90% per annum taking into the effect of direct issue costs.

During the years ended 31 December 2014 and 2013, there was no conversion of the convertible bonds into shares in the Company by the bondholders and no redemption of the convertible bonds made by Billion Express Investments

Limited (Billion Express).

Table of Contents

The bondholders may exercise conversion rights at any time on or after 28 November 2010 up to the close of business on 8 October 2015 or, if such convertible bonds shall have been called for redemption by the Company before 18 October 2015, then up to the close of business on a date no later than seven days prior to the date fixed for redemption thereof. Billion Express, would at the option of a bondholder, redeem all and not some only of such bondholder's convertible bonds on 18 October 2013, the date fixed for redemption, at their principal amount together with interest accrued and unpaid (the Put Option). The last day on which the bondholders may give notice to exercise the Put Option was 18 September 2013. As no bondholder gave notice to exercise the Put Option to require the redemption of their convertible bonds by 18 September 2013, such right expired on that date. In addition, on or at any time after 18 October 2013 and prior to 18 October 2015, Billion Express may redeem all and not some only of the convertible bonds for the time being outstanding at their principal amount together with interest accrued and unpaid to the date fixed for redemption.

12. ACCOUNTS PAYABLE AND ACCRUED LIABILITIES

The aging analysis of payables and accrued liabilities is as follows:

	2014	2013
Less than six months	104,334	82,279
Six months to one year	6,867	8,239
More than one year	9,170	11,694
	120,371	102,212

13. REVENUE

Before 1 June 2014, service revenue and revenue from bundle sale of mobile handset were subject to a business tax rate of 3%-5% while standalone sales of telecommunications products was subject to value-added tax (VAT) of 17%. Relevant tax was set off against revenue.

The Ministry of Finance and the State Administration of Taxation (SAT) of the PRC jointly issued a notice (the Notice) dated 29 April 2014 pursuant to which the pilot programme regarding the replacement of business tax with VAT could be implemented nationwide for the telecommunications industry (the VAT Reform) from 1 June 2014.

The Notice sets out the specific scope of taxable telecommunications services and tax rates applicable to various telecommunications services. The VAT rate for basic telecommunications services is 11%; the VAT rate for value-added telecommunications services is 6% and the VAT rate for sales of telecommunications products remains at 17%. Basic telecommunications services include business activities for the provision of voice services, as well as business activities in relation to rental or sales of bandwidth, wavelength and other network elements etc; value-added telecommunications services include business activities for the provision of Short Message Service and Multimedia Message Service, electronic data and information transmission and application services, Internet access service etc. VAT is excluded from the revenue.

14. DIVIDENDS

At the annual general meeting held on 16 April 2014, the shareholders of the Company approved the payment of a final dividend of RMB0.16 per ordinary share for the year ended 31 December 2013, totaling approximately RMB3,806 million which has been reflected as a reduction of retained profits for the year ended 31 December 2013. The dividend payable of approximately RMB773 million was due to Unicom BVI as at 31 December 2014.

At a meeting held on 3 March 2015, the Board of Directors of the Company proposed the payment of a final dividend of RMB0.20 per ordinary share to the shareholders for the year ended 31 December 2014 totaling approximately RMB4,789 million. This proposed dividend has not been reflected as a dividend payable in the financial statements as at 31 December 2014, but will be reflected as an appropriation of retained profits in the financial statements for the year ended 31 December 2015.

	2014	2013
Proposed final dividend:		
RMB0.20 (2013: RMB0.16) per ordinary share by the Company	4,789	3,805

Pursuant to the PRC enterprise income tax law, a 10% withholding income tax is levied on dividends declared on or after 1 January 2008 by foreign investment enterprises to their foreign enterprise shareholders unless the enterprise investor is deemed as a PRC Tax Resident Enterprise (TRE). On 11 November 2010, the Company obtained an approval from SAT, pursuant to which the Company qualifies as a PRC TRE from 1 January 2008. Therefore, as at 31 December 2014, the Company's subsidiaries in the PRC did not accrue for withholding tax on dividends distributed to the Company and there has been no deferred tax liability accrued in the Group's consolidated financial statements for the undistributed profits of the Company's subsidiaries in the PRC.

For the Company's non-PRC TRE enterprise shareholders, the Company would distribute dividends after deducting the amount of enterprise income tax payable by these non-PRC TRE enterprise shareholders thereon and reclassify the related dividend payable to withholding tax payable upon the declaration of such dividends. The requirement to withhold tax does not apply to the Company's shareholders appearing as individuals in its share register.

The arrangement relating to withholding tax, if any, in respect of the 2014 final dividend to be paid by the Company to the investors of the Shanghai Stock Exchange who invest in the shares of the Company listed on the Main Board of SEHK will be finalised with the relevant PRC authorities prior to the payment of the 2014 final dividend.

Table of Contents**15. EARNINGS PER SHARE**

Basic earnings per share for the years ended 31 December 2014 and 2013 were computed by dividing the profit attributable to equity shareholders of the Company by the weighted average number of ordinary shares outstanding during the years.

Diluted earnings per share for the years ended 31 December 2014 and 2013 were computed by dividing the profit attributable to equity shareholders of the Company by the weighted average number of ordinary shares outstanding during the years, after adjusting for the effects of the dilutive potential ordinary shares. All dilutive potential ordinary shares for the year ended 31 December 2014 arose from (i) share options granted under the amended Share Option Scheme and (ii) the convertible bonds, while all dilutive potential ordinary shares for the year ended 31 December 2013 arose from (i) share options granted under the amended Share Option Scheme; (ii) share options granted under the amended Special Purpose Share Option Scheme; and (iii) the convertible bonds.

Table of Contents

Note 1: Mobile broadband business included 3G business and 4G business.

Note 2: Including interconnection charges, depreciation and amortisation, network, operation and support expenses, employee benefit expenses, selling and marketing expenses, costs of telecommunications products sold, general, administrative and other expenses, finance costs, interest income and other income-net.

Note 3: For analytical purposes, the adjusted total costs and expenses were derived by including mobile broadband terminal subsidy cost, interconnection charges, depreciation and amortisation, network, operation and support expenses, employee benefit expenses, selling and marketing expenses, general, administrative and other expenses, finance costs, interest income and other income-net.

Note 4: EBITDA represents profit for the year before finance costs, interest income, other income-net, income tax, depreciation and amortisation. As the telecommunications business is a capital intensive industry, capital expenditure and finance costs may have a significant impact on the net profit of the companies with similar operating results. Therefore, the Company believes that EBITDA may be helpful in analysing the operating results of a telecommunications service operator like the Group.
