Item 1.01. Entry into a Material Definitive Agreement.

On June 11, 2015, Green Plains Inc. (the Company) entered into two amendments providing for a \$120 million increase to the \$225 million senior secured credit facility due on June 30, 2020 (the Credit Facility) for its wholly-owned subsidiary, Green Plains Processing LLC (the Borrower).

The proceeds from the increase will primarily be used to refinance approximately \$83.6 million of total debt outstanding, with maturity dates ranging from November 2015 to May 2020, at certain of the Company's subsidiaries (that are now subsidiaries of the Borrower), which include Green Plains Holdings II LLC, Green Plains Obion LLC, Green Plains Superior LLC, Green Plains Fairmont LLC and Green Plains Wood River LLC, to pay fees and expenses in connection therewith and for general corporate purposes. Through its subsidiaries, the Borrower now holds all twelve of the Company's ethanol plants, with approximately 1.0 billion gallons of annual production capacity, and all of its corn oil production assets.

The Credit Facility, as amended, requires quarterly principal and interest payments on the last day of each quarter, with a final installment payable on June 30, 2020 equal to the unpaid principal and interest balances of the Credit Facility. The principal portion of each quarterly payment will be approximately \$863 thousand. Mandatory prepayments must be made on a quarterly basis at various percentages of Excess Cash Flow depending on the Total Leverage Ratio (each as defined in the Credit Facility). The Credit Facility will bear interest at a variable rate per annum, at the Borrower's election, equal to (a) the applicable LIBOR rate, subject to a 1.00% floor, plus 5.50% or (b) a Base Rate equal to 4.50% plus the greater of (i) the Federal Funds Rate plus 0.50%, (ii) the Prime Rate or (iii) the one-month LIBOR rate plus 1.00%.

The Credit Facility is guaranteed by the Company and each of the Borrower's subsidiaries and secured by substantially all of the assets of the Borrower and its subsidiaries, as well as the stock of the Borrower and its subsidiaries. Certain ethanol storage assets at each ethanol plant will be released from collateral upon completion of the previously-announced master limited partnership. The terms of the Credit Facility require the Borrower to maintain a maximum Total Leverage Ratio at the end of each fiscal quarter of not more than 4.00 to 1.00, initially, decreasing to 3.25 to 1.00 over the life of the Credit Facility and a Fixed Charge Coverage Ratio (as defined in the Credit Facility) at the end of each fiscal quarter of not less than 1.25 to 1.00.

The Credit Facility provides for customary events of default which include (subject in certain cases to customary grace and cure periods), among others, the following: nonpayment of principal or interest; breach of covenants or other agreements in the Credit Facility; defaults in failure to pay certain other indebtedness; and certain events of bankruptcy or insolvency. If any event of default occurs, the remaining principal balance and accrued interest on the Credit Facility will become immediately due and payable.

Item 1.02. Termination of a Material Definitive Agreement.
