PROXY STATEMENT

The board of directors of FreightCar America, Inc. (FreightCar America or the Company) is asking for your proxy for use at the annual meeting of our stockholders to be held at 10:00 a.m. (local time) on Thursday, May 12, 2016 at The Metropolitan Club, 233 South Wacker Drive, 67th Floor, Illinois Room, Chicago, Illinois 60606, and at any postponements or adjournments of the meeting. We are initially mailing this proxy statement and the enclosed proxy card to our stockholders on or about March 31, 2016.

ABOUT THE MEETING

What is the purpose of the annual meeting?

At our annual meeting, stockholders will act upon the matters outlined in the accompanying notice of annual meeting, including (i) the election of two directors who have been nominated for election as Class II directors to three-year terms, (ii) approval, on an advisory basis, of the compensation of our Named Executive Officers (NEOs), (iii) the ratification of the appointment of our independent registered public accounting firm and (iv) any other business properly coming before the meeting.

What are our voting recommendations?

Our board of directors recommends that you vote your shares FOR each of the nominees named below under Proposal 1 Election of Class II Directors, FOR the approval, on an advisory basis, of the compensation of our NEOs as discussed below under Proposal 2 Approval, on an Advisory Basis, of the Compensation of our Named Executive Officers and FOR the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm as discussed below under Proposal 3 Ratification of the Appointment of Independent Registered Public Accounting Firm.

Who is entitled to vote?

Only stockholders of record at the close of business on the record date, March 18, 2016, are entitled to receive notice of the annual meeting and to vote the shares of common stock that they held on the record date at the meeting and any postponements or adjournments of the meeting. Each outstanding share of common stock entitles its holder to cast one vote, without cumulation, on each matter to be voted on.

What constitutes a quorum?

If a majority of the shares outstanding on the record date are present at the annual meeting, either in person or by proxy, we will have a quorum at the meeting permitting the conduct of business at the meeting. As of the record date, we had 12,367,438 shares of common stock outstanding and entitled to vote. Any shares represented by proxies that abstain from voting on a proposal will be counted as present for purposes of determining whether we have a quorum. If a broker, bank, custodian, nominee or other record holder of our common stock indicates on a proxy that it does not have discretionary authority to vote certain shares on a particular matter, the shares held by that record holder (referred to as *broker non-votes*) will also be counted as present in determining whether we have a quorum.

Table of Contents

How do I vote?

You may vote in person at the annual meeting or you may vote by proxy. You may vote by proxy by (i) completing, signing, dating and mailing the enclosed proxy card, or by (ii) following the instructions on your proxy card for voting by telephone or on the Internet. To vote by telephone or on the Internet, you will need the control number included on your proxy card. If you vote by proxy, the individuals named on the proxy card as proxy holders will vote your shares in the manner you indicate. If you do not indicate your instructions, your shares will be voted:

FOR the election of the two nominees named below under Proposal 1 Election of Class II Directors to three-year terms;

FOR the approval, on an advisory basis, of the compensation of our NEOs under Proposal 2 Approval, on an Advisory Basis, of the Compensation of our Named Executive Officers; and

FOR the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for fiscal year 2016 under Proposal 3 Ratification of the Appointment of Independent Registered Public Accounting Firm.

Can I revoke my proxy or change my vote after I return my proxy card?

Yes. Even after you have submitted your proxy, you may revoke your proxy or change your vote at any time before the proxy is voted at the annual meeting by delivering to our Secretary a written notice of revocation or a properly submitted proxy bearing a later date, or by attending the annual meeting and voting in person. Attendance at the meeting will not cause your previously granted proxy to be revoked unless you specifically so request or you vote in person at the meeting.

What vote is required to approve each matter that comes before the meeting?

Director nominees must receive the affirmative vote of a plurality of the votes cast at the meeting in person or by proxy by stockholders entitled to vote thereon, meaning that the two nominees for Class II director with the most votes will be elected. Each of the approval, on an advisory basis, of the compensation of our NEOs and the ratification of the appointment of our independent registered public accounting firm requires the affirmative vote of a majority of the votes represented at the meeting in person or by proxy. Broker non-votes will not be counted for purposes of determining whether an item has received the requisite number of votes for approval. Abstentions will have the effect of a vote against the approval, on an advisory basis, of the compensation of our NEOs and the ratification of the appointment of our independent registered public accounting firm but will not be taken into account in determining the outcome of the election of directors. However, each of our directors and director candidates has offered a contingent resignation that may be accepted by the board of directors in its discretion if a majority of the votes are not cast FOR such director in an uncontested election.

What happens if additional proposals are presented at the meeting?

If you vote by proxy, your proxy grants the persons named as proxy holders the discretion to vote your shares on any additional matters properly presented for a vote at the meeting.

Who will bear the costs of soliciting votes for the meeting?

Certain directors, officers and employees, who will not receive any additional compensation for such activities, may solicit proxies by personal interview, mail, telephone or electronic communication. We will also reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy and solicitation materials to our stockholders. We will bear all costs of solicitation, including a base fee of \$7,500 and reasonable out-of-pocket expenses to be paid to the proxy solicitation firm of Okapi Partners LLC.

Table of Contents

PROPOSALS TO BE VOTED ON

Proposal 1 Election of Class II Directors

Our certificate of incorporation provides for a classified board of directors consisting of three classes of the same or nearly the same number of directors. The number of members of our board of directors is currently fixed at seven directors. The term of office of each current Class II director is scheduled to expire at our annual meeting of stockholders to be held this year. Currently, two of our directors, William D. Gehl and Andrew B. Schmitt, are Class II directors. At the recommendation of our nominating and corporate governance committee, our board of directors has determined to nominate Messrs. Gehl and Schmitt for election to three-year terms as Class II directors at our annual meeting this year.

Each nominee elected by our stockholders as a Class II director at our annual meeting this year will be elected to a term to expire at the annual meeting of stockholders in 2019.

Information about the director nominees, the continuing directors and our board of directors is contained in the section of this proxy statement entitled Governance of the Company Board Structure and Composition.

In the event a nominee is not available to serve for any reason when the election occurs, it is intended that the proxies will be voted for the election of the other nominees and may be voted for any substitute nominee. Our board of directors has no reason to believe that any of the nominees will not be a candidate or, if elected, will be unable or unwilling to serve as a director.

Our board of directors recommends that you vote FOR the election of William D. Gehl and Andrew B. Schmitt as Class II directors.

Proposal 2 Approval, on an Advisory Basis, of the Compensation of our Named Executive Officers

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the Dodd-Frank Act), which amends Section 14A of the Securities Exchange Act of 1934, as amended (the Exchange Act), enables our stockholders to approve, on an advisory basis, the compensation programs for our NEOs (sometimes referred to as say on pay).

As discussed below in this proxy statement, we believe that our executive compensation programs must be closely linked to our stockholders' interests and we therefore welcome our stockholders' input in this area. As described in detail under Compensation Discussion and Analysis, our compensation programs are designed to attract, motivate and retain the individuals we need to drive business success. We believe that our executives should act in the long-term interests of our stockholders and therefore pay a significant portion of total compensation to our executives in the form of stock options, performance shares and/or restricted stock. Our compensation programs also are closely tied to performance, with incentive compensation varying in accordance with objectively determinable Company, segment and individual performance measures. In addition, the variable component of compensation increases as an individual's business responsibilities increase.

The compensation committee of our board of directors follows best practices in the design and governance of our compensation programs, including, but not limited to the following:

we have adopted a clawback policy;

we have adopted an anti-hedging policy for our officers and directors;

we have adopted stock ownership guidelines for our officers and directors and the stock ownership of each of our officers and directors exceeded the Company's minimum stock ownership requirements in 2015;

the LTIP (defined herein) expressly prohibits repricing or exchanging awards;

we do not pay tax gross-ups for executive perquisites;

Table of Contents

we do not pay tax gross-ups for change of control payments under Code Section 280G;

we do not provide single-trigger golden parachute payments;

we do not provide perquisites for former or retired executives;

we do not provide extraordinary relocation or home buyout benefits;

we do not provide personal use of corporate aircraft, personal security systems maintenance and/or installation, car allowances or executive life insurance; and

we do not pay or provide payments for terminations for cause or resignations other than for good reason.

At our 2015 annual meeting of stockholders, the Company's stockholders approved, on an advisory basis, the compensation of our NEOs with the affirmative vote of the holders of more than 98% of the shares voted. This vote of approval reinforced our compensation committee's belief in the merits of the Company's compensation structure and, thus, our compensation committee generally kept the Company's 2015 compensation program for NEOs similar to the Company's program in 2014.

You are invited to review the Compensation Discussion and Analysis, the accompanying compensation tables and the related narrative disclosure and to vote to approve, on an advisory basis, the compensation of our NEOs through the adoption of the following resolution at the 2016 annual meeting:

Resolved, that the compensation paid to the Company's Named Executive Officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby approved.

This vote is nonbinding. The board of directors and the compensation committee, which is comprised of independent directors, will consider the outcome of the vote when evaluating future executive compensation decisions.

At the 2011 annual meeting, the board of directors proposed and the Company's stockholders approved, on an advisory basis, a frequency of every year for advisory votes on the compensation of our NEOs. In accordance with this vote, this year the board of directors is again implementing an advisory vote on the compensation of our NEOs. The next required vote on the frequency of advisory votes on the compensation of our NEOs will occur no later than the 2017 annual meeting.

Our board of directors recommends that you vote FOR the approval, on an advisory basis, of the compensation of our NEOs.

Proposal 3 Ratification of the Appointment of Independent Registered Public Accounting Firm

Deloitte & Touche LLP audited our financial statements for our fiscal year ended December 31, 2015, and has been selected by the audit committee of our board of directors to audit our financial statements for the fiscal year ending December 31, 2016. A representative of Deloitte & Touche LLP is expected to attend our annual meeting, where he or

she will have the opportunity to make a statement, if he or she desires, and will be available to respond to appropriate questions.

Stockholder ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm is not required by our by-laws or otherwise. However, we are submitting the appointment of Deloitte & Touche LLP to our stockholders for ratification as a matter of good corporate practice. If our stockholders fail to ratify the appointment, our audit committee will review its future selection of independent registered public accounting firms. Even if the appointment is ratified, the audit committee, in its discretion, may direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and our stockholders.

Table of Contents

For information regarding audit and other fees billed by Deloitte & Touche LLP for services rendered with respect to fiscal years 2015 and 2014, see the section of this proxy statement entitled Fees of Independent Registered Public Accounting Firm and Audit Committee Report Fees Billed by Independent Registered Public Accounting Firm.

Our board of directors recommends that you vote FOR the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm.

GOVERNANCE OF THE COMPANY

Board Structure and Composition

Our certificate of incorporation provides for a classified board of directors consisting of three classes of the same or nearly the same number of directors. The number of members of our board of directors is currently fixed at seven directors:

James D. Cirar, Malcolm F. Moore and S. Carl Soderstrom, Jr. serve in Class I. Their terms will expire on the date of the annual meeting of stockholders to be held in 2018.

William D. Gehl and Andrew B. Schmitt serve in Class II. Their terms will expire on the date of the upcoming annual meeting of stockholders to be held on May 12, 2016.

Thomas A. Madden and Joseph E. McNeely serve in Class III. Their terms will expire on the date of the annual meeting of stockholders to be held in 2017.

Upon the expiration of the term of each class of directors, directors of that class generally may be re-elected for a three-year term at the annual meeting of stockholders in the year in which their term expires. A director elected by the board of directors is designated upon his or her election as a Class I, Class II or Class III director, and serves a term that expires at the next annual meeting of stockholders after such director's election. A director elected by the stockholders at an annual meeting of stockholders to succeed a director elected during the preceding year by the board of directors joins the same class as the replacement director whom he or she succeeds and serves a term that expires at the next annual meeting of stockholders at which the terms of the other directors of that director's class are or would be scheduled to expire. Each of our directors has signed a contingent resignation letter providing that if a majority of the votes of the shares in an uncontested election in which such director is a nominee are designated to be withheld from, or are voted against, the director's election, and the board of directors accepts the contingent resignation letter following such election, the director's resignation will be effective upon the acceptance of the resignation by the board of directors.

Our certificate of incorporation provides that the authorized number of directors may be changed only by resolution of the board of directors. Any additional directorships resulting from an increase in the number of directors will be distributed among the three classes so that, as nearly as possible, each class will consist of one-third of the total number of directors. Our certificate of incorporation also provides that our board of directors may fill any vacancy created by the resignation of a director or an increase in the size of the board of directors.

Committees of the Board of Directors

Our board of directors has three standing committees: an audit committee, a compensation committee and a nominating and corporate governance committee. Stockholders and third parties may communicate with our board of directors by writing to our board of directors at FreightCar America, Inc., Two North Riverside Plaza, Suite 1300, Chicago, Illinois 60606, Attention: Chairman of the Board of Directors.

Audit Committee. Our audit committee consists of Messrs. Cirar, Gehl, Madden and Soderstrom. Mr. Soderstrom serves as the chairman. The audit committee oversees our financial reporting processes and provides oversight on behalf of the board of directors to the Company's internal accounting and financial controls, accounting principles and auditing practices to be employed in the preparation and review of our financial statements. The audit committee appoints the independent registered public accountants to audit our annual financial statements and the scope of and plans for the audit to be undertaken by such accountants. The audit committee pre-approves the audit services and permissible non-audit services to be performed by such accountants and takes appropriate actions to ensure the independence of such accountants. The audit committee is also responsible for approving related-party transactions. Our board of directors has determined that Messrs. Cirar, Gehl, Madden and Soderstrom meet the applicable independence requirements under the Sarbanes-Oxley Act of 2002, the rules of the NASDAQ Global Market (NASDAQ) and the rules and regulations of the Securities and Exchange Commission (the SEC). Each of Messrs. Cirar, Gehl, Madden and Soderstrom has been determined to be an audit committee financial expert, as that term is

defined under the SEC rules implementing Section 407 of the Sarbanes-Oxley Act of 2002, and each is independent as defined in the applicable listing standards for audit committee members.

Table of Contents

The audit committee operates under a written charter, a copy of which is available on our website, www.freightcaramerica.com. The audit committee has established and regularly monitors procedures for the receipt, retention and treatment of complaints received regarding accounting, internal accounting controls or auditing matters. The audit committee met seven times during 2015.

Compensation Committee. Our compensation committee consists of Messrs. Cirar, Madden, Moore and Schmitt. Mr. Schmitt serves as the chairman. The purpose of our compensation committee is to: (a) oversee our compensation and employee benefit plans and practices; (b) produce annually a report on executive compensation for inclusion in our proxy statement, in accordance with all applicable rules and regulations; and (c) oversee regular succession planning and professional development for the Chief Executive Officer (CEO) and other senior executive officers. Our compensation committee also evaluates the risks created by our compensation plans and policies and considers the reasonably likely effects of such risks. Our board of directors has determined that Messrs. Cirar, Madden, Moore and Schmitt meet the applicable independence requirements under the Sarbanes-Oxley Act of 2002, the rules of NASDAQ (including the new enhanced independence requirements for compensation committee members) and the rules and regulations of the SEC. In addition, each of Messrs. Madden, Moore and Schmitt is an outside director, as that term is defined in Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code) (Mr. Cirar abstains from any vote on incentive compensation awards that are subject to Code Section 162(m)), and each of Messrs. Cirar, Madden, Moore and Schmitt is a non-employee director within the meaning of Rule 16b-3 under the Exchange Act.

The compensation committee operates under a written charter, a copy of which is available on our website, www.freightcaramerica.com. The compensation committee met five times during 2015.

Nominating and Corporate Governance Committee. Our nominating and corporate governance committee consists of Messrs. Gehl, Moore, Schmitt and Soderstrom. Mr. Moore serves as the chairman. The purpose of our nominating and corporate governance committee is to: (a) identify individuals qualified to become board members, consistent with criteria approved by the board of directors; (b) recommend to the board of directors nominees for the board of directors; (c) recommend to the board of directors nominees for each committee of the board of directors; (d) recommend to the board of directors and review annually the Corporate Governance Guidelines and the Code of Business Conduct and Ethics; (e) review annually the independence qualifications of the board members and nominees; and (f) review potential conflicts of interest and violations of the Code of Business Conduct and Ethics. Our board of directors has determined that Messrs. Gehl, Moore, Schmitt and Soderstrom meet the applicable independence requirements under the Sarbanes-Oxley Act of 2002, the rules of NASDAQ and the rules and regulations of the SEC.

The nominating and corporate governance committee operates under a written charter, a copy of which is available on our website, www.freightcaramerica.com. The nominating and corporate governance committee met three times during 2015.

Independence of Directors

The board of directors has determined that six of our seven current directors, Messrs. Cirar, Gehl, Madden, Moore, Schmitt and Soderstrom, are independent directors as defined in NASDAQ Listing Rule 5605 and as defined in applicable rules by the SEC. NASDAQ Listing Rule 5605 requires that a majority of our board of directors be composed of independent directors and that certain of our committees be composed solely of independent directors. Our independent directors hold meetings in executive session, at which only independent directors are present.

Board Leadership Structure

Our board of directors strongly endorses the view that one of its primary functions is to protect stockholders' interests by providing independent oversight of management, including the CEO. However, the board of directors does not believe that mandating a particular structure, such as a separate Chairman of the Board and CEO, is necessary to achieve effective oversight. The board of directors retains the right to exercise its judgment to combine or separate the roles of Chairman of the Board and CEO. Currently, the offices of Chairman of the Board and CEO are held by separate persons because the board of directors has determined that this structure aids in the oversight of management and is currently in the best interests of the Company and its stockholders.

Code of Business Conduct and Ethics

We have established a Code of Business Conduct and Ethics that applies to our officers, directors and employees, including our CEO and Chief Financial Officer. A copy of the Code of Business Conduct and Ethics is available on our website, www.freightcaramerica.com.

We intend to disclose on our website at www.freightcaramerica.com any amendments to or waivers from our Code of Business Conduct and Ethics applicable to any of our principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions.

Under the Code of Business Conduct and Ethics, the board of directors, its committees and the non-employee directors have the right at any time to retain independent outside financial, legal or other advisors as they deem necessary, without the necessity of consulting with or obtaining prior approval of any officer of the Company.

Risk Oversight

In its governance role, and particularly in exercising its duty of care and diligence, our board of directors is responsible for monitoring and overseeing the Company's approach to risk assessment and risk management. The board of directors has the ultimate responsibility in this area. The board of directors has delegated the responsibility for overseeing financial risks to the audit committee and compensation-related risks to the compensation committee. Where appropriate, the board of directors may delegate risk oversight responsibility in other specific areas to board committees.

The board of directors requires management to ensure that an appropriate approach to risk management is implemented as part of the day-to-day operations of the Company. The board of directors further requires that management design internal control systems with a view to identifying and managing the material risks in the following categories:

core business and strategy risks;

operational and commercial risks;

regulatory risks;

legal and contractual risks;

compensation-related risks; and

financial risks.

In fulfilling its responsibilities delegated by the board of directors as described above, on a periodic basis (but not less often than annually), the audit committee reviews and discusses with management and our internal audit function the

Company's significant financial risk exposures and establishes an annual review schedule, which includes periodic financial reviews, internal control assessments and reviews of specific risk areas. The audit committee receives periodic updates from management and our internal audit function as per the annual schedule and as necessary based on subsequent determinations. The audit committee reports its activities to the full board of directors on a regular basis and is responsible for making such recommendations with respect to the matters described above and other matters as the audit committee may deem necessary or appropriate. The audit committee believes that in addition to its own deliberations and assessment of potential risks, the advice and recommendations of its independent auditor provide important objective guidance in this area.

In fulfilling its responsibilities delegated by the board of directors as described above, on a periodic basis (but not less often than annually), the compensation committee reviews and discusses with management compensation-related risks. The compensation committee has established a standing committee of management to assist the committee in evaluating potential risks arising from the Company's compensation programs. The compensation committee reports its activities to the full board of directors on a regular basis and is responsible for

making such recommendations with respect to the matters described above and other matters as the compensation committee may deem necessary or appropriate. The compensation committee believes that in addition to its own deliberations and assessment of potential risks, the advice and recommendations of its independent compensation consultant provide important objective guidance in this area.

Director Nomination Process

The nominating and corporate governance committee of our board of directors considers candidates to fill new directorships created by expansion and vacancies that may occur and makes recommendations to the board of directors with respect to such candidates. The nominating and corporate governance committee considers all relevant qualifications of candidates for board membership, including factors such as industry knowledge and experience, international, public company, academic or regulatory experience, financial expertise, current employment and other board memberships, and whether the candidate will be independent under the listing standards of NASDAQ. In addition, although we do not have a formal policy regarding the consideration of diversity in identifying nominees for directors, as part of the nomination process the nominating and corporate governance committee considers diversity in professional background, experience, expertise, perspective, age, gender and ethnicity.

The nominating and corporate governance committee evaluates each individual in the context of the board of directors as a whole, with the objective of recommending a group that can best perpetuate the success of our business and represent stockholder interests through the exercise of sound judgment using its diversity of experience. The nominating and corporate governance committee evaluates each incumbent director to determine whether he or she should be nominated to stand for re-election, based on the types of criteria outlined above as well as the director's overall service to us during his or her term and any relationships and transactions that might impair such director's independence.

The nominating and corporate governance committee did not pay any fees to a third party to assist in the process of identifying or evaluating potential director candidates in 2014 or 2015. In the future, we may pay a fee to a third party to identify or evaluate potential director candidates if the need arises.

Our by-laws provide that nominations for the election of directors at our annual meeting may be made by our board of directors or any stockholder entitled to vote for the election of directors generally who complies with the procedures set forth in the by-laws and who is a stockholder of record at the time notice is delivered to us. Any stockholder entitled to vote in the election of directors generally may nominate a person for election to the board of directors at our annual meeting only if timely notice of such stockholder's intent to make such nomination has been given in writing to our Secretary at our offices at Two North Riverside Plaza, Suite 1300, Chicago, Illinois 60606. Any recommendations received from stockholders will be evaluated by the nominating and corporate governance committee in the same manner that potential director nominees suggested by board members, management or other parties are evaluated.

To be timely, a stockholder's notice shall be delivered to or mailed and received at the principal executive offices of the Company not less than 90 nor more than 120 days prior to the first anniversary of the previous year's annual meeting; provided, however, that in the event less than 30 days' notice or prior public disclosure of the date of the meeting is given or made to stockholders, notice by the stockholder to be timely must be so received not later than the close of business on the 10th day following the day on which such notice of the date of the meeting was mailed or such public disclosure was made.

COMPENSATION DISCUSSION AND ANALYSIS

The following sections discuss the material factors involved in the Company's decisions regarding the compensation of the Company's NEOs during 2015 and, where indicated, an overview of recent changes adopted by the compensation committee for 2016 executive compensation in order to ensure continued optimal alignment of executive compensation and Company performance (see Fiscal Year 2016 Compensation Decisions). The specific amounts paid or payable to the NEOs are disclosed in the tables and narrative in the section of this proxy statement entitled Executive Compensation. The following discussion cross-references those specific tabular and narrative disclosures where appropriate.

Executive Summary

FreightCar America's NEO compensation program is designed to attract, motivate and retain the individuals we need to drive business success. We believe that our executives should act in the long-term interests of our stockholders. Therefore, we pay a significant portion of total compensation to our executives in the form of short-term

incentive-based cash compensation and long-term performance-based equity compensation. Our compensation programs also are closely tied to performance, with incentive compensation varying in accordance with objectively determinable Company, segment and individual performance measures.

Fiscal year 2015 was a strong year for us, as reflected in our financial performance. Each of total revenue, net income and earnings per share exceeded its 2015 targets. Because the majority of our NEO compensation is tied to performance, each of our NEOs saw an increase in compensation in 2015.

Table of Contents

When designing our fiscal year 2015 NEO compensation program, the compensation committee considered the Company's fiscal year 2015 budget and financial performance expectations and made changes to the annual and long-term incentive plans to ensure a stronger link between compensation and performance. As a result, with respect to our annual and long-term compensation programs, the compensation committee:

approved annual base salary increases for certain NEOs;

changed the financial metric in the annual cash incentive plan from return on net assets to Company net income, which allows for payouts of annual cash incentive awards only if targeted levels of net income are achieved (as a result of the Company's 2015 performance, such targets were achieved and resulted in bonus payments being made for 2015); and

determined to cease granting stock options and instead approved the grants of equity-based awards comprised of equal parts of performance shares that are tied to a three-year cumulative earnings per share measure and time-vested restricted shares under the Company's 2005 Long Term Incentive Plan (the "LTIP"), the aggregate values of which were similar to the awards that the compensation committee approved for fiscal year 2014.

The compensation committee also considered the approval, on an advisory basis, by the Company's stockholders of the compensation of our NEOs with an affirmative vote of the holders of more than 98% of the shares voted as evidence that no further significant changes to the Company's compensation structure were warranted. The compensation committee did not make merit adjustments to the base salaries of Messrs. Avery, McCarthy, McNeely or Ms. Boege during 2015.

The compensation committee believes that its actions were balanced in terms of containing costs, calibrating compensation with performance expectations and the degree of difficulty associated with achieving performance goals, and retaining and motivating our NEOs.

Compensation Committee's Processes and Procedures for Consideration

General Authorities and Responsibilities

The compensation committee reviews the Compensation Discussion and Analysis (the "CD&A") section of our proxy statement and recommends to the board of directors that the CD&A be included in our proxy statement. The compensation committee issues an annual report on executive compensation for inclusion in our proxy statement and reports as necessary to the board of directors its plan for succession of the CEO and other senior executives in the event that any of such officers retires, is disabled or is otherwise unable to fulfill his or her duties.

The compensation committee, consulting with its independent compensation consultants, and with management as necessary, reviews and recommends for approval by the board of directors our general policies relating to senior management compensation and oversees the development and implementation of such compensation programs. The compensation committee, consulting with its independent compensation consultant and with management as necessary, reviews and approves, or recommends for ratification by the board of directors, senior management compensation, including, to the extent applicable, (a) salary, bonus and incentive compensation levels, (b) equity compensation, (c) employment agreements, severance arrangements and change of control agreements/provisions, in

each case as, when and if appropriate, and (d) other forms of senior management compensation. The compensation committee meets without the presence of senior management when approving or deliberating on CEO compensation but may, in its discretion, invite the CEO to be present during the approval of, or deliberations with respect to, other senior management compensation.

The compensation committee, as a committee or together with the independent members of the board of directors, periodically reviews and approves corporate goals and objectives relevant to senior management compensation and evaluates the CEO's performance in light of those goals and objectives. The compensation committee recommends for ratification by the board of directors the CEO's compensation levels taking into account this evaluation. The compensation committee periodically reviews and makes recommendations to the board of

Table of Contents

directors with respect to director compensation for non-employee members of the board of directors and its committees. The compensation committee may consider the accounting and tax treatment to the Company and to senior management of each particular element of compensation.

Oversight of Compensation Plans

The compensation committee oversees, periodically reviews and makes recommendations to the board of directors with respect to stock incentive plans, stock purchase plans, bonus plans, deferred compensation plans and similar programs. The compensation committee has the power and authority under its charter to oversee these plans, establish guidelines, interpret plan documents, select participants, approve grants and awards and exercise discretion (as provided in its charter) as may be permitted or required under such plans. The compensation committee may also undertake such additional activities within the scope of its primary function as the board of directors or the compensation committee may from time to time determine or as may otherwise be required by law, the board of directors or our charter or by-laws.

Compensation Committee Interlocks and Insider Participation

None of the members of our compensation committee at any time has been one of our officers or employees. None of our executive officers currently serves, or in the past year has served, as a member of the board of directors or compensation committee of any entity that has one or more executive officers who serve on our board of directors or compensation committee.

Compensation Consultant

The compensation committee has the authority to obtain advice and assistance from internal or external legal, accounting or other advisors as it deems appropriate or necessary. The compensation committee has the authority to conduct or authorize investigations into any matter within its scope of responsibilities, and retain, at our expense, such independent counsel, compensation consultant or other consultants and advisors as it deems necessary. The compensation committee reviews and assesses at least annually the adequacy of the compensation committee charter and recommends any proposed changes to the board of directors for approval. The compensation committee also annually reviews its own performance.

During 2015, the compensation committee engaged Hay Group, Inc. (Hay Group) to provide independent compensation consulting services. From time to time, Hay Group also provides specific consulting services in areas that include market surveys of executive compensation, external trends, compensation program design, and position-specific compensation information as necessary. The compensation committee has the sole authority to retain an independent compensation consultant to be used to assist in its evaluation of director and/or senior management compensation and has the sole authority to terminate the consultant and approve the consultant's fees and other retention terms.

During 2015, the compensation committee received independent compensation consulting advice from Hay Group, including advice on executive compensation levels and 2015 incentive plan design work relating to the NEOs and those individuals who report directly to the CEO. During 2015, Hay Group did not perform any other services for the compensation committee or the Company. In addition, Aon Hewitt provides non-compensation related services to the Company, such as actuarial, pension plan valuation, filing and administrative activities.

The compensation committee has reviewed the independence of Hay Group in light of SEC rules and NASDAQ listing standards regarding compensation consultants and has concluded that Hay Group's work for the compensation

committee does not raise any conflict of interest.

Compensation Philosophy and Objectives

The compensation committee has adopted, and periodically reviews, an executive compensation philosophy statement. This statement sets forth the Company's values and beliefs regarding the nature of its executive compensation strategy and programs. The purpose of our philosophy is twofold: to serve as a link between the

Table of Contents

interests of the Company's stockholders and its compensation arrangements, and to serve as a framework for program design and assessment. The application of these values and beliefs reflects and takes into account a broad business context. Business judgment is brought to bear to determine the appropriate application of these values and beliefs in each circumstance. Moreover, the application of these values and beliefs solely in a mechanistic fashion is neither appropriate nor desirable. In periodically reviewing the executive compensation philosophy statement, the compensation committee will revise it as necessary to ensure that it is properly linked to the Company's business strategies and to reflect changes to the Company's business operations and goals as well as external market conditions.

Our compensation program is designed to attract, motivate and retain the highly talented individuals that FreightCar America needs to drive business success. The program reflects the following principles:

FreightCar America employees should act in the interests of FreightCar America stockholders. We believe that FreightCar America employees should act in the long-term interests of FreightCar America stockholders and the best way to encourage them to do so is through an equity stake in the Company. We pay a significant portion of total compensation to executives and certain other key employees in the form of stock options, restricted stock and performance shares. The Company's goal is to have compensation programs that maintain alignment with stockholder interests by encouraging each employee to think and act like an owner of the business. Our industry is cyclical. Executives must manage this cycle by diversifying our product and service offerings, maintaining low costs and other measures.

Compensation should be related to performance. The Company's compensation program endeavors to reinforce the Company's business and financial objectives. Employee compensation will vary based on objectively determinable measures of Company performance. When the Company performs well based on financial measures, employees will receive greater incentive compensation. When the Company does not meet objectives, incentive awards will be reduced, potentially to zero. An employee's individual compensation also will vary based on such person's individual performance, contribution and overall value to the business. Employees demonstrating sustained high performance will be rewarded more than those in similar positions with lower performance.

Incentive compensation should be a greater part of total compensation for employees with more senior positions. The proportion of an individual's total compensation that varies based on individual and Company performance objectives should increase as the individual's business responsibilities increase.

Other goals. The Company's compensation program is designed to balance short-term and long-term financial objectives. It also is designed to be competitive with a group of comparable companies. When the compensation committee determines compensation levels for executive officers, it reviews compensation survey data from independent sources in an attempt to ensure that our total compensation program is competitive and fair. The compensation committee considers compensation data from companies in our industry as well as from companies in a broad cross-section of industries, and targets overall compensation levels to be competitive with the broad comparison group.

Elements of Executive Compensation

Total compensation for each NEO is comprised of base salary, annual cash incentive awards, long-term equity awards, retirement and post-employment benefits, including severance protection, and other benefits. The various elements of executive compensation reflect the following policies:

Element	Purpose
Base Salary	Base salary is comprised of periodic, fixed payments made to each NEO. Base salary is provided to each NEO in order to provide the NEO with a degree of financial certainty and to competitively compensate the NEO for rendering ongoing services to the Company. Competitive base salaries further the compensation program's objectives by allowing the Company to attract and retain talented employees by providing a fixed portion of compensation on which employees can rely.

Table of Contents

Annual Cash Incentive Awards	The primary purposes of the annual cash incentive program are to incentivize employees to achieve certain pre-determined business results over the fiscal year that are linked to stockholder value creation and to competitively reward employees for successfully achieving results. In addition to net income, the annual cash incentive program is designed to provide a link to individual performance goals and objectives.
Long-Term Incentive Awards	The primary purpose of the long-term incentive award program is to align employee and stockholder interests through equity instruments that incentivize employees to increase stockholder value, competitively reward employees for increasing stockholder value and achieving pre-determined business goals, and retain employees who are critical to stockholder value creation.
Retirement and Pension Benefits	In general, the tax-qualified 401(k) savings plans for personnel at the Company's various locations (the "401(k) Plans") and the Johnstown America Corporation Salaried Pension Plan (the "Pension Plan") are designed to provide executives (and other eligible salaried employees) with financial security after their employment has terminated. The Company does not maintain an excess pension plan or non-qualified deferred compensation plan. Therefore, the retirement plan benefits for our NEOs are no greater than those for other salaried employees.
Post-Employment Benefits	In the event of certain qualifying terminations of employment, termination benefits provide our NEOs with additional financial security, which we believe is necessary to attract and retain talented executives. In addition, we provide NEOs (and certain other executives) with certain change of control benefits that we believe help minimize inherent conflicts of interest that may arise for executives in potential change of control transactions.

*Determination of Elements of Compensation and Relationship to Other Components of Compensation**Base Salary*

In general, the Company's executive compensation philosophy is to provide base salaries at a level that allows the Company to attract and retain executives that have the ability and experience to manage the business, utilizing, in the aggregate, the median of a comparison group as a target for each specific executive officer position. Base salary may vary from the median in certain cases based on the executive officer's skills and experience. For details about the Company's process for establishing the comparison group median for executive officer positions, see the section of this proxy statement entitled "Determination of Compensation." The objective is to reward executives with upside for superior performance through our annual and long-term incentive programs. Base salary adjustments are considered annually for each NEO on the NEO's service anniversary date. The 2015 compensation committee merit adjustments are shown in the table below. The base salary amounts reflect those that were in effect on December 31, 2015.

NEO	2014 Base Salary	2015 Base Salary	% Change
Joseph E. McNeely	\$ 400,000	\$ 400,000	0%
Charles F. Avery, Jr. ¹	\$ 300,000	\$ 300,000	0%

² Ms. Boege voluntarily resigned as General Counsel and Corporate Secretary effective September 4, 2015.

The amount of each NEO's base salary is the reference point for certain other elements of the NEO's compensation. For example, the potential annual cash incentive award for each NEO is based, in part, on the NEO's base salary. In addition, base salary is one component of the formula for determining pension benefits under the Company's Pension Plan. NEO cash severance benefits also are determined, in part, by base salary.

Table of Contents*Annual Cash Incentive Awards*

Annual incentive plan performance measures and goals are linked to the Company's business plan and individual roles and responsibilities. Performance goals are recalibrated each year based on that year's budget, business plan, goals and other relevant considerations. The target cash incentive award for each NEO is set forth in the table below. For 2016, the board of directors approved a recommendation from the compensation committee that participants be eligible for bonus payment consideration if certain net income levels tied to the operating budget were achieved. Annual cash incentive awards for NEOs are based on the Company's net income as reported on its consolidated statements of operations and individual performance metrics, as follows.

Individual Performance Metrics. Individual performance metrics and related performance goals represent specific personal objectives related to the NEO's job responsibilities and ability to contribute to overall Company goals. The CEO develops such metrics and related performance goals for himself and for each of the other NEOs and submits them to the compensation committee for its consideration and adoption. The 2015 individual performance metrics for

each NEO are summarized below. Specific targets are not identified below because the performance metrics had significant qualitative components and/or represented competitively sensitive information.

The compensation committee, on its own initiative or based on a recommendation from the CEO, may change the target awards applicable to the NEOs and other senior management employees at any time prior to the final determination of bonus awards for any year if, in the compensation committee's judgment, such changes are desirable in the interest of equitable treatment of one or more NEOs, other senior management employees or the

Company as a result of extraordinary or nonrecurring events or changes in applicable accounting rules or principles, our method of accounting, applicable law, due to consolidation, acquisitions, reorganization or unusual circumstances or of any other nature similar to the foregoing. The compensation committee did not approve or confirm any such discretionary changes to the 2015 goals of the NEOs or other senior management employees at any time during the 2015 fiscal year.

Participants in the annual cash incentive program generally must be employed by the Company on the payment date to receive an award. Participants who are not employed by the Company on the payment date may receive a bonus award in certain circumstances at the discretion of the CEO and subject to confirmation by the compensation committee. Pursuant to the terms of the Separation Agreement and General Release, dated February 12, 2016 (the Separation Agreement), by and between Mr. Avery and the Company, Mr. Avery received a bonus for 2015 as set forth below under Executive Compensation Summary Compensation Table. Cash severance benefits are determined, in part, by reference to an NEO's annual cash incentive award opportunity. In addition, actual incentive award payments are one component of the formula for determining pension benefits under the Company's pension plan.

Long-Term Incentive Awards

In January 2015, the compensation committee approved changes to the form of awards to be granted under the LTIP such that 50% of the grant date fair value for long-term awards is delivered in performance shares and 50% of the grant date fair value is delivered in time-vested restricted stock. Performance shares are earned and vest, if at all, on the third anniversary of the grant date based on the Company's three-year cumulative earnings per share (EPS), provided that a minimum three-year average return on investment capital (ROIC) goal is also met or exceeded. The EPS threshold and ROIC goal were established by the compensation committee in the individual award agreements. Restricted stock awards will vest in whole on the third anniversary of the grant date. The following table sets forth the 2015 performance share and restricted stock goals and target grant date fair values for each of the NEOs.

NEO	Performance Shares (50%)			Restricted Stock (50%)	Target Grant Date Fair Value

Joseph E. McNeely	4,184	8,368	16,736	8,368	\$ 399,990

¹ Mr. Avery left as Vice President, Finance, Chief Financial Officer and Treasurer by mutual consent effective January 22, 2016.

² Ms. Boege voluntarily resigned as General Counsel and Corporate Secretary effective September 4, 2015. The performance shares are designed to motivate executive leadership to increase EPS while maintaining a baseline level of ROIC. In addition, the awards increase the proportion of each NEO's total compensation that is tied to performance, thereby further aligning the interests of the executive team with stockholder interests.

Prior to 2015, long-term incentive awards were made by the compensation committee under the LTIP in time-vested stock options and restricted stock. The exercise price for the options is based on the average of the high and low trading prices of the Company's stock on the award date (unless there are no trades on the award date, in which case

the exercise price is based on the closing price of the Company's stock on the last trading day preceding the award date). The options are non-qualified options for federal income tax purposes. Stock option awards vest in three annual installments of equal size beginning on the first anniversary of the award date, provided that the NEO is continuously employed by the Company until each respective vesting date. Options expire on the tenth anniversary of the award date. Unvested option awards would become fully vested upon a Change of Control (as defined in the LTIP).

Table of Contents

Under the terms of the LTIP, (i) if an NEO terminates employment due to death, disability or retirement, vested options may be exercised until the earlier of (a) the first anniversary of the termination date or (b) the option expiration date and (ii) if an NEO terminates employment for any reason other than due to death, disability or retirement, vested options may be exercised until the earlier of (a) 90 days after termination or (b) the option expiration date.

The Company maintains the LTIP, which has been approved by the Company's stockholders and amended from time to time. Under the LTIP, the Company may grant to NEOs and other eligible employees cash incentive awards, stock options, share appreciation rights, restricted stock, restricted stock units, performance shares, performance units, dividend equivalents and other share-based awards. At the Company's 2008 annual meeting of stockholders, our stockholders approved an amendment to the LTIP that increased the number of shares authorized for issuance under the LTIP from 659,616 to 1,659,616. At the Company's 2013 annual meeting of stockholders, our stockholders approved an amendment to the LTIP that, among other things, increased the number of shares authorized for issuance under the LTIP from 1,659,616 to 2,459,616.

The Company's stock has been publicly traded since April 2005. During that time, the compensation committee has not timed the award of stock options or other equity-based compensation to coincide with the release of favorable or unfavorable material non-public information about the Company. It is the policy of the compensation committee not to time the award of stock options or other equity-based compensation to coincide with the release of favorable or unfavorable material non-public information about the Company in the future.

Retirement and Pension Benefits

The Company provides contributions under the 401(k) Plans ranging from 4% to 6% of eligible compensation. These contributions and any earnings thereon generally are held and invested under the plans until paid to participants upon termination of their employment. The Pension Plan benefits are calculated using formulas set forth in the section of this proxy statement entitled "Pension Benefits" and generally start when a participant reaches retirement age.

The Company maintains the Pension Plan, a tax-qualified defined benefit pension plan, for the benefit of its eligible salaried employees. The Pension Plan is a tax-qualified defined benefit pension plan. Mr. Baun is the only NEO who participates in the Pension Plan and his accrued benefits under the Pension Plan were frozen at December 31, 2009.

The Company does not make available a non-qualified deferred compensation plan for its NEOs or other employees. For 2015, no perquisites were provided to our NEOs other than the Company's matching contributions on behalf of each NEO to his or her employee 401(k) plan and reimbursement for Mr. Avery's health club membership.

Post-Employment Benefits

Employment Agreements and Other Arrangements for NEOs. The termination and change of control benefits for Messrs. Avery, Baun and McNeely and Ms. Boege are set forth in the Company's Executive Severance Plan adopted in 2009. The termination and change of control benefits for Mr. McCarthy are stated in his employment agreement effective upon his start date with the Company in 2007. The termination and change of control benefits for all the NEOs are described below in "Executive Compensation - Potential Payments upon Termination or Change of Control." The Company has set termination and change of control benefits in each employment agreement or, if not set forth in an employment agreement, in the Executive Severance Plan, to levels that we believe fall within the range of competitive market practices, as follows:

Joseph E. McNeely. In connection with Mr. McNeely's appointment as CEO, the Company and Mr. McNeely entered into a letter agreement dated and effective October 4, 2013 (the "McNeely Agreement"). The McNeely Agreement does not provide for a specified term. It provides for an initial base salary of \$400,000 per year and target and maximum annual bonus opportunities of 100% and 200% of his base salary, respectively. The Company granted Mr. McNeely a sign-on award of stock options to purchase 75,000 shares of the Company's

common stock, vesting in three equal annual installments beginning on the first anniversary of the effective date of the McNeely Agreement. This option award would become fully vested upon a change of control. Mr. McNeely also is entitled to participate in all management incentive plans and to receive all benefits under any employee benefit plan made available to executive employees.

In addition, Mr. McNeely is a participant in the Company's Executive Severance Plan, which sets forth his benefits upon termination of employment or a change of control, as modified by the McNeely Agreement. Under the McNeely Agreement, upon a termination of his employment for any reason, he will be entitled to (i) his accrued salary and accrued and unused vacation through the date of termination, (ii) his prior fiscal year bonus, to the extent earned and unpaid, and (iii) any accrued and vested benefits and unreimbursed expenses incurred and unpaid on the date of termination. In addition, under the McNeely Agreement, upon involuntary termination without Cause or termination for Good Reason, Mr. McNeely would be entitled to the following benefits: (a) for a period of 12 months following an involuntary termination without Cause; (b) for a period of 24 months in the event his termination occurs for Good Reason; or (c) for a period of 24 months following a termination (either without Cause or for Good Reason) that occurs within 24 months of a Change of Control, Mr. McNeely would be entitled to (i) continuation of base salary; (ii) an amount equal to the average of the annual bonuses paid to him for the last two full years; and (iii) continuation of certain health benefits. Under the terms of the LTIP and Mr. McNeely's restricted stock, performance share and stock option agreements, all unvested restricted stock, performance shares and stock options would become fully vested upon a Change of Control.

As a participant in the Company's Executive Severance Plan, Mr. McNeely has agreed to keep confidential certain information and agreed to certain non-solicitation, non-competition and non-disparagement restrictions that apply for one year following termination of employment.

Charles F. Avery, Jr. In connection with Mr. Avery's appointment as Vice President, Finance, Chief Financial Officer and Treasurer, the Company and Mr. Avery entered into a letter agreement effective as of August 1, 2013 (the Avery Agreement). Mr. Avery left as Vice President, Finance, Chief Financial Officer and Treasurer by mutual consent effective January 22, 2016. The Avery Agreement did not provide for a specified term. It provided for an initial base salary of \$300,000 per year and target and maximum annual bonus opportunities of 50% and 75% of his base salary, respectively. The Company granted Mr. Avery a sign-on award of 7,000 restricted shares of Company common stock, which would have vested in full on the third anniversary of the effective date of the Avery Agreement. This award would have become fully vested upon a change of control. Mr. Avery also was entitled to participate in all management incentive plans and to receive all benefits under any employee benefit plan made available to executive employees. Mr. Avery's base salary was subject to annual review by the compensation committee. Under the terms of the LTIP and Mr. Avery's restricted stock, performance share and stock option agreements, all unvested restricted stock, performance shares and stock options would become fully vested upon a Change of Control.

Pursuant to the terms of the Separation Agreement and consistent with the terms of the Company's Executive Severance Plan, effective January 22, 2016, Mr. Avery will receive (i) continuation of base salary for a period of 12 months, (ii) an amount equal to the average of the annual bonuses paid to him for the last two full years and (iii) continuation of medical benefits for a period of 12 months. As a participant in the Company's Executive Severance Plan, Mr. Avery agreed to keep confidential certain information and agreed to certain non-solicitation, non-competition and non-disparagement restrictions that apply for one year following termination of employment. All of Mr. Avery's unvested equity awards were forfeited on January 22, 2016.

Theodore W. Baun. Mr. Baun does not have a written employment agreement with the Company. He has served as the Company's Senior Vice President, Marketing and Sales since September 1, 2008. Mr. Baun's annual base salary was \$281,000 effective January 1, 2014. Mr. Baun's base salary is subject to annual review by the compensation

committee.

Mr. Baun became a participant in the Company's Executive Severance Plan effective September 1, 2009. Under this plan, upon involuntary termination of employment without Cause or resignation for Good Reason, Mr. Baun would be entitled to the following benefits for a period of 12 months following such termination of employment:

(i) continuation of base salary; (ii) an amount equal to the average of the annual bonuses paid to him for the last two full years; and (iii) continuation of certain health benefits. Mr. Baun also is entitled to participate in

all management incentive plans and to receive all benefits under any employee benefit plan made available to executive employees. Under the terms of the LTIP and Mr. Baun's restricted stock, performance share and stock option agreements, all unvested restricted stock, performance shares and stock options would become fully vested upon a Change of Control.

As a participant in the Company's Executive Severance Plan, Mr. Baun has agreed to keep confidential certain information and agreed to certain non-solicitation, non-competition and non-disparagement restrictions that apply for one year following termination of employment.

Thomas P. McCarthy. Under his employment agreement effective June 4, 2007, Mr. McCarthy serves as the Company's Senior Vice President, Human Resources. Under the employment agreement, Mr. McCarthy's initial annual base salary was \$225,000. Subsequently, Mr. McCarthy's annual base salary was increased to \$252,000 effective June 1, 2013. Mr. McCarthy's base salary is subject to annual review by the compensation committee. Mr. McCarthy also is entitled to participate in all management incentive plans and to receive all benefits under any employee benefit plan made available to executive employees (other than the Company's Executive Severance Plan).

If the Company terminates Mr. McCarthy's employment without Cause or Mr. McCarthy terminates his employment for Good Reason (each as defined in his employment agreement), Mr. McCarthy would be entitled to the following benefits for a period of 12 months following such termination of employment: (i) continuation of base salary; (ii) an amount equal to his target annual bonus; and (iii) continuation of certain health benefits. Under the terms of the LTIP and Mr. McCarthy's restricted stock, performance share and stock option agreements, all unvested restricted stock, performance shares and stock options would become fully vested upon a Change of Control.

Pursuant to the terms of his employment agreement, Mr. McCarthy has agreed to keep confidential certain information and agreed to certain non-solicitation, non-competition and non-disparagement restrictions that apply for one year following termination of employment.

Kathleen M. Boege. Effective January 14, 2013, the Company entered into a letter agreement with Ms. Boege pursuant to which she served as the Company's General Counsel and Corporate Secretary. Under this letter agreement, Ms. Boege's initial annual base salary was \$300,000. Ms. Boege's base salary was \$307,500 effective January 1, 2014. Ms. Boege's base salary was subject to annual review by the compensation committee. Ms. Boege also was entitled to participate in all management incentive plans and to receive all benefits under any employee benefit plan made available to executive employees.

Ms. Boege became a participant in the Company's Executive Severance Plan effective January 14, 2013. Upon her voluntary resignation from the Company effective September 4, 2015, Ms. Boege was not entitled to any benefits under this plan.

Stock Ownership Guidelines

The board of directors has requested that the Company's NEOs, certain other senior management employees and non-executive directors meet minimum stock ownership requirements that are consistent with industry standards. Accordingly, each corporate officer and non-executive director is required to maintain Company stock holdings at least equal to the aggregate number of shares (including options or shares granted but not vested) that the Company has awarded to such corporate officer or non-executive director during the three-year period ending on any given date of determination. The officer or director may reduce the amount of stock holdings by the number of shares that the officer or director has applied directly to the payments of taxes on such awards.

In 2015, the stock ownership of each of our NEOs exceeded the Company's minimum stock ownership requirements. Company stock holdings that count towards meeting ownership requirements include: (a) shares owned outright or in trust; and (b) stock options, restricted stock or restricted stock units, including options, shares or units that have been granted but are unvested. A covered individual promoted into a position with ownership requirements will have three years from date of promotion to meet the applicable ownership requirements. Non-employee directors also will have three years to satisfy the requirements. Each year, the compensation committee reviews each covered officer's compliance with the ownership requirements, and the nominating and corporate governance committee reviews each non-employee director's compliance with the ownership requirements.

Clawback Policy

In 2012, the compensation committee adopted a recoupment or clawback policy for annual cash incentive awards, long-term incentive awards (including stock options and restricted stock) and any other incentive awards paid to executive officers. The policy provides that in the event of a restatement of financial results, the Company will seek to recoup the incremental portion of awards paid to current or former executive officers during the three fiscal years immediately preceding the date of the restatement that are in excess of incentive compensation that would have been paid based on the restated financial results. The policy also provides that the compensation committee may in its discretion seek to recoup amounts of excess incentive compensation paid to any recipient of incentive compensation in the event of misconduct by such person, including fraud or other conduct that would lead to a for cause termination of employment.

Anti-Hedging and Anti-Pledging of Company Stock Policy

The Company's Insider Trading Policy prohibits directors, NEOs and other officers who are subject to Section 16 of the Exchange Act (collectively, Insiders) from engaging in short sales of Company securities, or buying or selling put options, call options or other derivatives of Company securities.

The Insider Trading Policy prohibits Insiders from holding Company securities in a margin account or pledging Company securities as collateral for a loan, unless, in the case of a non-margin loan, an Insider can clearly demonstrate his or her financial ability to repay the loan without resorting to the pledged securities and secures the prior written approval of the Company's General Counsel, which approval may be conditioned as deemed advisable by the General Counsel.

Tax Treatment and Accounting

Code Section 162(m) limits the deductibility for federal income tax purposes of certain compensation paid in any year by a publicly held corporation to its chief executive officer and its three other highest compensated officers other than its chief financial officer to \$1 million per executive (the \$1 million cap). The \$1 million cap does not apply to performance-based compensation as defined under Code Section 162(m). Awards made under the LTIP may qualify as performance-based compensation for purposes of Code Section 162(m). The compensation committee will review and approve or recommend to the board of directors awards based on a number of factors, including preserving related federal income tax deductions, although the compensation committee retains the discretion to approve awards that do not qualify as performance-based compensation. For example, the compensation committee may decide to award restricted stock and other awards without performance conditions under certain circumstances.

The compensation committee also considers the accounting treatment and tax impact of its cash and equity compensation awards and agreements.

Determination of Compensation

In 2015, the compensation committee considered comparative market data in evaluating and setting compensation for executive officer positions. The compensation committee used market data from Hay Group (the compensation committee's independent compensation consultant) provided in Hay Group's 2014 Industrials Survey Data, which was a survey performed in October 2014.

In general, the Company's objective is to provide base compensation that will attract and retain executives with the ability and experience required to manage the business with the market median as a target (in the aggregate for the

NEOs based on survey data), and annual and long-term incentive compensation at the market median (based on survey data), with upside for superior performance. In the aggregate through 2014, NEO base salaries generally were 5% above the market median and, individually, NEO base salaries ranged from 4% below the market median

Table of Contents

to 16% above the market median. In the aggregate through 2014, NEO total compensation generally was 4% above the market median and, individually, NEO total compensation ranged from 11% below the market median to 24% above the market median. 2016 base compensation adjustments, if any, will be based on survey data and market targets recommended by Hay Group for the compensation committee's consideration.

Fiscal Year 2016 Compensation Decisions

The compensation committee has made several decisions relating to fiscal year 2016 compensation. These decisions are summarized below:

Base compensation. During 2016 and beyond, base salary adjustments for each NEO will be considered and approved by the compensation committee prior to the anniversary date of the NEOs most recent base salary increase, with any adjustments to become effective on the anniversary date.

2016 annual incentive compensation. On January 7, 2016, the compensation committee re-approved the Company's annual cash incentive program with no changes. Company net income will continue to be the program's financial metric, which comprises 80% of the total bonus award and provides an incentive of up to 200% of target bonus for superior performance. The individual performance metrics comprise 20% of the total bonus award. Superior performance on individual performance metrics can result in a payment of 125% of target bonus on the individual performance metric portion of the total bonus.

Long-term incentive compensation. On January 13, 2016, the compensation committee approved awards of performance shares and time-vested restricted stock for our NEOs. The value of each award corresponded to the NEO's annual bonus target and was comprised of performance shares and time-vested restricted stock, with each component having an equal grant date fair value. Performance shares will be earned and vest, if at all, on the third anniversary of the grant date based on the Company's three-year cumulative EPS, provided that a minimum three-year average ROIC goal is also met or exceeded. Restricted stock awards will vest in whole on the third anniversary of the grant date. With respect to the performance shares, the compensation committee set the following three-year cumulative EPS levels: At the threshold three-year cumulative EPS performance level, 50% of the target number of shares will be earned, at the target three-year cumulative EPS performance level, 100% of the target number of shares will be earned, and at the maximum three-year cumulative EPS performance level, 200% of the target number of shares will be earned.

Consideration of Stockholder Advisory Vote on Executive Compensation

The Company's stockholders were asked to vote, at the annual meeting of stockholders held on May 14, 2015, on a proposal to approve on an advisory basis the compensation of our 2014 NEOs. A substantial majority (over 98%) of the votes cast on that proposal were voted in favor of the proposal. The compensation committee considered the stockholders' vote in connection with the design of the Company's compensation programs and the discharge of its responsibilities generally and did not implement changes to our executive compensation program as a direct result of the stockholders' advisory vote.

Compensation Risk Analysis

The Company has conducted a comprehensive risk assessment of all of our compensation programs with assistance from our outside legal counsel. This assessment affirmed that the Company does not utilize compensation policies or practices that are reasonably likely to have a material adverse effect on the Company. The CD&A section of this proxy statement describes generally our compensation policies and practices that are applicable to executive and management employees. Where possible, the Company uses common variable compensation designs with a significant focus on business financial performance.

Amounts disclosed in the Salary column represent base salary earned by the NEO during the respective year and include amounts deferred at the officer's election.

- 2 Amounts disclosed in the Stock Awards column relate to grants of restricted stock and performance shares made under the LTIP. With respect to each restricted stock and performance share grant, the amounts disclosed generally reflect the grant date fair value computed in accordance with ASC Topic 718. Grant date fair value of each restricted stock award was determined by multiplying the number of restricted shares granted by the Company's stock price on the date of the grant. The grant date fair value of each performance share award was calculated based on the probable outcome of the performance conditions on the grant date and is consistent with our estimate of the aggregate compensation cost to be recognized over the service period. For this purpose, the probable outcome was assumed to be at the target level. The fair value of the performance share awards on the grant date was as follows:

Table of Contents

Name	At Target (\$)	At Maximum (\$)
Mr. McNeely	199,995	399,990
Mr. Avery	74,998	149,996
Mr. Baun	84,295	168,591
Mr. McCarthy	63,000	126,001
Ms. Boege	77,006	154,012

- ³ Amounts disclosed in the Option Awards column relate to grants of stock options made under the LTIP. With respect to each stock option grant, the amounts disclosed generally reflect the grant date fair value computed in accordance with ASC Topic 718. Grant date fair value was determined using a generally accepted option valuation methodology referred to as the Black-Scholes option pricing model. The assumptions used in calculating the grant date fair value of each stock option award are disclosed in the notes to the consolidated financial statements in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2015.
- ⁴ Amounts disclosed in the Non-Equity Incentive Plan Compensation column represent amounts earned under the Company's annual cash incentive program. None of the Company's NEOs earned an annual cash incentive award with respect to 2013 performance.
- ⁵ Amounts disclosed in the Change in Pension Value column represent the actuarial increase in the present value of the NEO's benefits under the Pension Plan, determined using interest rate and mortality rate assumptions consistent with those used in the Company's financial statements. Messrs. McNeely, Avery and McCarthy and Ms. Boege are not participants in the Pension Plan. The Change in Pension Value during 2015 was a decrease of \$14,068 for Mr. Baun due to an increase in the interest rate assumption to 4.50% as of December 31, 2015 from 4.17% as of December 31, 2014. The Pension Plan is described in greater detail in the section of this proxy statement entitled Executive Compensation Pension Benefits at December 31, 2015. General Description of Director Compensation

We reimburse directors for expenses incurred in connection with attendance at board or committee meetings. On December 3, 2014, our board of directors, at the recommendation of the compensation committee based on the study and suggestions of Hay Group, approved the Company's non-executive director compensation policy (the Director Compensation Policy), which became effective January 1, 2015. Under the Director Compensation Policy, the annual cash retainer payable to non-executive members of the board of directors (inclusive of meeting fees for up to seven meetings annually) is \$40,000. For each board meeting in excess of seven per year, non-executive members of the board of directors shall receive a meeting fee of \$1,000 per board meeting.

In addition, the chairman and members of each board committee will receive additional compensation as follows:

	Chair Retainer (annual)	Meeting Fees (per meeting)
Audit	\$ 15,000	\$ 1,000
Compensation	\$ 10,000	\$ 1,000
Nominating and Corporate Governance	\$ 10,000	\$ 1,000

The chairman of the board of directors will also receive an incremental cash retainer of \$70,000 per year. The cash retainers and meeting fees will be payable on a quarterly basis, in arrears, on the first day of each quarter.

In addition, each non-executive members of the board of directors is entitled to an annual equity award with a value of \$55,000, with the shares to vest fully on the earlier of (a) the first anniversary of the date of grant or (b) the next annual meeting of the Company's stockholders following the date of grant. The Company does not provide any incentive-based non-equity compensation to directors and does not maintain a defined benefit or actuarial pension plan or a deferred compensation plan for directors.

Stock Ownership Requirements

The board of directors expects that each non-executive director will maintain Company stock holdings at least equal to the aggregate number of shares (including options or shares granted but not vested) that the Company has awarded to the non-executive director during the three-year period ending on any given date of determination. The director may reduce the amount of stock holdings by the number of shares the director has applied directly to the payments of taxes on such awards. Company stock holdings that count towards meeting ownership requirements include: (a) shares owned outright or in trust; and (b) stock options, restricted stock or restricted stock units, including options or shares granted but not vested. If a director consistently fails to comply with the stock

ownership requirements, the compensation committee will take such actions as it deems appropriate, including, but not limited to allocating an additional amount of the director's annual compensation to the purchase of stock in accordance with the program or reducing future equity compensation awards.

Registration Rights Agreement

We entered into a registration rights agreement, dated as of April 11, 2005, with substantially all of our stockholders as of immediately prior to the completion of our initial public offering. The stockholders that are party to the registration rights agreement had the right to require us, subject to certain terms and conditions, to register their shares of our common stock under the Securities Act of 1933, as amended, at any time. The selling stockholders in our secondary offering exercised their demand registration rights to require us, subject to certain terms and conditions, to register their shares of our common stock under the Securities Act of 1933, as amended. We and certain of our stockholders remain party to the registration rights agreement.

FEES OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM AND AUDIT COMMITTEE REPORT

Fees Billed by Independent Registered Public Accounting Firm

The audit committee has adopted a pre-approval policy pursuant to which it must pre-approve all audit and permissible non-audit services provided by our independent registered public accounting firm. These services may include audit services, audit-related services and tax services. Under the policy, the audit committee may delegate the authority to pre-approve any audit or non-audit services to be provided by our independent registered public accounting firm to one or more of its members. The pre-approval of services by a member of the audit committee pursuant to this delegated authority, if any, must be reported at the next meeting of the audit committee.

From time to time, the audit committee may pre-approve specified types of services that are expected to be provided by our independent registered public accounting firm. Unless the audit committee determines otherwise, the term for any service pre-approved by the audit committee is twelve months from the date of pre-approval. Any

pre-approval must set forth in detail the particular service or type of services to be provided and is generally subject to a specific cost limit. Any services that exceed these cost limits require specific approval by the audit committee. The audit committee may periodically review and, as necessary, revise the list of pre-approved services based on subsequent determinations. During fiscal years 2015 and 2014, there were no audit-related services provided to us by Deloitte & Touche LLP.

The following table presents fees for audit services rendered by Deloitte & Touche LLP, the member firms of Deloitte Touche Tohmatsu and their respective affiliates (collectively, the Deloitte entities) for the audit of our annual financial statements for the fiscal years ended December 31, 2015 and 2014, and fees billed for other services rendered by the Deloitte entities during those periods.

Audit Fees ¹	\$ 836,711	\$ 802,017
Audit-Related Fees ²		
Tax Fees ³		
Total	\$ 836,711	\$ 802,017

¹ Audit Fees include fees billed or expected to be billed for professional services rendered for the audit of our annual consolidated financial statements, the review of the interim consolidated financial statements included in our quarterly reports and other related services that are normally provided in connection with statutory and regulatory filings.

² Audit-Related Fees include fees billed for assurance and related services that are reasonably related to the performance of the audit or review of our annual consolidated financial statements and not reported under Audit Fees.

³ Tax Fees include fees billed or expected to be billed for services performed related to tax compliance, tax advice and tax planning.

Report of the Audit Committee

The following report of the audit committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other of our filings under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent we specifically incorporate this report by reference therein.

The audit committee is currently comprised of Messrs. Cirar, Gehl, Madden and Soderstrom. Our board of directors has determined that each member of the audit committee meets the independence requirements under the listing standards of the NASDAQ Global Market, the Securities Exchange Act of 1934, as amended, and the rules and regulations of the Securities and Exchange Commission. The committee operates under a written charter that was adopted by our board of directors.

The committee oversees our accounting and financial reporting process on behalf of our board of directors. Management has the primary responsibility for the preparation of our financial statements and the disclosure and financial reporting process, including establishing a system of internal controls. In fulfilling its oversight responsibilities, the committee reviewed and discussed with management and Deloitte & Touche LLP, our

independent registered public accounting firm, the audited financial statements as of and for the year ended December 31, 2015 and the reports of Deloitte & Touche LLP issued in connection therewith. Deloitte & Touche LLP is responsible for expressing an opinion on the conformity of these audited financial statements with generally accepted accounting principles.

The committee has discussed and reviewed with Deloitte & Touche LLP the matters required to be discussed by Public Company Accounting Oversight Board Auditing Standard No. 16 (*Communications with Audit Committees*), which includes, among other things, matters related to the conduct of the audit of our financial

statements. The committee has also received from Deloitte & Touche LLP the written disclosures describing the relationships between Deloitte & Touche LLP and us that might bear on the independence of Deloitte & Touche LLP consistent with and required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the audit committee concerning independence, and has discussed with Deloitte & Touche LLP its independence.

In reliance on the reviews and discussions referred to above, the committee recommended to our board of directors that the audited financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2015 for filing with the Securities and Exchange Commission. The committee and our board of directors also have recommended, subject to stockholder approval, the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for 2016.

Respectfully submitted by the audit committee,

S. Carl Soderstrom, Jr., Chairman

James D. Cirar

William D. Gehl

Thomas A. Madden

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Under its charter, our audit committee is responsible for the review and approval of related-person transactions involving the Company or its subsidiaries and related persons. As defined under the SEC's rules, a related person is a director, executive officer, nominee for director or 5% stockholder of the Company, and their immediate family members. Any transaction or series of transactions in which the Company or a subsidiary is a participant, the amount involved exceeds \$120,000 and a related person has a direct or indirect material interest must be reported in our filings with the SEC pursuant to its rules. The audit committee charter does not specify the standards to be applied by the committee in reviewing related-person transactions. However, we expect that the committee will consider all relevant facts and circumstances, including, if applicable, but not limited to: the benefits to the Company; the impact on a director's independence in the event that the related person is a director, an immediate family member of a director or an entity in which a director is a partner, security holder or executive officer; the availability of other sources for comparable products or services; the terms of the transaction; and the terms available for similar transactions with unrelated third parties.

We identify transactions for review through our Code of Business Conduct and Ethics and our annual directors' and officers' questionnaires, which require employees, executive officers and directors to disclose transactions or relationships that may constitute conflicts of interest.

There were no related-person transactions during 2015.

2017 ANNUAL MEETING OF STOCKHOLDERS

We expect that our 2017 annual meeting of stockholders will be held within 30 days of May 12, 2017, which will be the first anniversary of the upcoming annual meeting. Subject to certain exceptions set forth in our by-laws, proposals of stockholders intended for inclusion in the proxy statement for our 2017 annual meeting of stockholders must be

received by our Secretary at our principal executive offices (currently at Two North Riverside Plaza, Suite 1300, Chicago, Illinois 60606) by December 1, 2016. If a stockholder intends to present a proposal at the 2017 annual meeting of stockholders, but not to have such proposal included in our proxy statement relating to that meeting, such proposal must be received by our Secretary not earlier than January 12, 2017 and not later than February 11, 2016. Such proposals must contain specific information concerning the person to be nominated or the matters to be brought before the meeting and concerning the stockholder submitting the proposal.

HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for proxy statements with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as householding, potentially provides convenience for stockholders and cost savings for companies.

A number of brokers with accountholders who are stockholders will be householding our proxy materials. As indicated in the notice previously provided by these brokers to stockholders, a single proxy statement will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from an affected stockholder. Once you have received notice from your broker or us that they will be householding communications to your address, householding will continue until you are notified otherwise.

Stockholders who currently receive multiple copies of the proxy statement at their address and would like to request householding of their communications should contact their broker or, if a stockholder is a direct holder of shares of our common stock, they should submit a written request to our transfer agent, Computershare Investor Services, P.O. Box 43078, Providence, Rhode Island 02940.
