CECO ENVIRONMENTAL CORP.

PROXY STATEMENT

FOR THE ANNUAL MEETING OF STOCKHOLDERS

TO BE HELD ON MAY 12, 2016

This proxy statement is furnished in connection with the solicitation by the Board of Directors (the Board) of CECO Environmental Corp., a Delaware corporation (we, us, CECO or the Company) of proxies to be voted at the annual meeting of stockholders of the Company to be held at 9:00 a.m., Eastern time, at 14651 N. Dallas Parkway, Suite 118, Dallas, Texas 75254, on May 12, 2016, or any postponement or adjournment thereof (the Annual Meeting). These proxy solicitation materials and CECO's Annual Report to stockholders for the year ended December 31, 2015, including related financial statements, were first made available to our stockholders entitled to notice of and to vote at the Annual Meeting on or about April 1, 2016.

Important Notice Regarding the Availability of Proxy Materials for the Stockholder Meeting To Be Held on May 12, 2016 our Annual Report to Stockholders, this proxy statement and the related proxy card are available at www.cecoenviro.com/investors.aspx. The content on any website referred to in this proxy statement is not incorporated by reference into this proxy statement unless expressly noted.

Who Can Vote

Only stockholders of record at the close of business on March 21, 2016, which we refer to as the record date, are entitled to notice of and to attend and vote at the Annual Meeting. As of the record date, there were 33,984,548 outstanding shares of our common stock. Each share of our common stock outstanding on the record date will be entitled to cast one vote at the Annual Meeting.

How You Can Vote

Stockholders of record can simplify their voting by voting their shares via telephone or the Internet. Instructions for voting via telephone or the Internet are described on the Notice of Internet Availability of Proxy Materials. Being a record holder means that the shares are registered in your name, as opposed to the name of your broker or bank. If your shares are held in the name of a bank or broker (in street name), the availability of telephone and Internet voting will depend on the voting processes of the applicable bank or broker; therefore, it is recommended that you follow the voting instructions on the proxy card. If you request a paper copy of the proxy materials, please mark your choices on the proxy card and then date, sign and return the proxy card at your earliest opportunity pursuant to the instructions on the proxy card.

You may also vote in person at the meeting. If your shares are held in street name, you can vote at the meeting only if you have a valid proxy from your bank or broker confirming your beneficial ownership of shares of our common stock as of the record date and your authority to vote such shares. Please bring personal photo identification with you to the meeting. If you need directions to the Annual Meeting, please call us at (513) 458-2600.

Revocability of Proxies

Stockholders who execute proxies retain the right to revoke them at any time before the shares are voted by proxy at the meeting. A stockholder may revoke a proxy by delivering a signed statement to our Corporate Secretary at or prior

to the Annual Meeting or by timely executing and delivering, by Internet, telephone, mail, or in person at the Annual Meeting, another proxy dated as of a later date. Furthermore, you may revoke a proxy by attending the Annual Meeting and voting in person, which will automatically cancel any proxy previously given. Attendance at the Annual Meeting, however, will not automatically revoke any proxy that you have given previously unless you request a ballot and vote in person. If you hold shares through a bank or brokerage firm, you must contact the bank or brokerage firm to revoke any prior voting instructions.

Table of Contents

Quorum Required

In order for business to be conducted, a quorum must be represented at the Annual Meeting. The holders of a majority of the outstanding shares of common stock, present in person or represented by proxy, shall constitute a quorum at the Annual Meeting. Shares represented by a proxy in which authority to vote for any matter considered is withheld, a proxy marked abstain or a proxy as to which there is a broker non-vote (described below) will be considered present at the meeting for purposes of determining a quorum.

Required Vote to Elect Directors

Directors will be elected by a plurality of the votes cast at the Annual Meeting, meaning the nine nominees receiving the most votes will be elected. Only votes cast for a nominee will be counted. Unless indicated otherwise by your proxy, the shares will be voted for the nine nominees named in this proxy statement. Instructions on the accompanying proxy to withhold authority to vote for one or more of the nominees will result in those nominees receiving fewer votes but will not count as a vote against the nominees.

Required Votes to Pass Other Proposals

Proposal 2 (to ratify the selection of BDO USA, LLP as the independent registered public accounting firm of CECO for fiscal year 2016) and Proposal 3 (approval, on an advisory basis, of the Company's named executive officer compensation), each requires the favorable vote of the majority of shares represented at the Annual Meeting for approval. Although these votes are advisory in nature and are not binding on the Company, the Board will consider the outcomes of these votes in future deliberations. For these proposals, abstentions are treated as shares present or represented and voting, so abstaining has the same effect as a negative vote.

Broker Non-Votes

If your shares are held by a bank, broker, or other nominee and you do not provide the bank, broker, or other nominee with specific voting instructions, the organization that holds your shares may generally vote on routine matters but cannot vote on non-routine matters.

If the bank, broker, or other nominee that holds your shares does not receive instructions from you on how to vote your shares on a non-routine matter, the organization will inform our Inspector of Elections that it does not have the authority to vote on this matter with respect to your shares. This is generally referred to as a broker non-vote.

When our Inspector of Elections tabulates the votes for any matter, broker non-votes will be counted for purposes of determining whether a quorum is present.

We believe that Proposal 2 (ratification of independent auditors) will be considered routine and we do not expect any broker non-votes on this matter.

We believe that Proposal 1 (election of directors) and Proposal 3 (approval, on an advisory basis, of the Company's named executive officer compensation) will be considered non-routine, and banks, brokers, and certain other nominees that hold your shares in street name will not be able to cast votes on these proposals if you do not provide them with voting instructions. Any broker non-votes will have the same effect as a vote against Proposal 3, but will not affect the outcome of Proposal 1 because directors are elected by a plurality of votes cast.

Please provide voting instructions to the bank, broker, or other nominee that holds your shares by carefully following their instructions.

Other Information

If no instructions are indicated on a duly executed and returned proxy, the shares represented by the proxy will be voted FOR the election of the nine nominees for director proposed by the Board and set forth herein, FOR the ratification of the appointment of BDO USA, LLP as the independent registered public accounting firm of the Company for fiscal year 2016, FOR the approval, on an advisory basis, of the Company's named executive officer compensation and in accordance with the judgment of the persons named in the proxy as to such other matters as may properly come before the Annual Meeting.

Table of Contents**PROPOSAL 1****ELECTION OF DIRECTORS****Directors and Nominees**

The Board has determined that the number of directors shall be nine and, accordingly, the Board has nominated, upon the recommendation of the Nominations and Governance Committee of the Board, the nine persons identified below, which includes Messrs. Mannarino and Sadlowski and Ms. Sachs, to serve as directors to hold office until the next annual meeting or until their successors shall be duly elected and qualified. Arthur Cape, who is currently a member of the Board, has not been nominated for re-election at the Annual Meeting. The names of, and certain information with respect to, the nominees of the Board for election as directors, are set forth below. All nominees are currently CECO directors, except for Ms. Sachs and Mr. Sadlowski. If, for any reason, any nominee should become unable or unwilling to serve as a director, the Board may either reduce the number of directors to be elected or select a substitute nominee. If a substitute nominee is selected, the persons named in the proxy card may exercise their discretion to vote your shares for the substitute nominee. Ms. Sachs and Mr. Sadlowski were identified as potential director nominees by the Nominations and Governance Committee on the recommendation of third parties. Mr. Mannarino was identified as a potential director by the Nominations and Governance Committee on the recommendation of non-management directors and was appointed to the Board in June 2015.

All of our director nominees and directors who served during 2015, other than Jason DeZwirek, Jeffrey Lang and Jonathan Pollack, qualify as independent directors in accordance with the listing requirements of The NASDAQ Stock Market LLC (the "NASDAQ"). The NASDAQ independence definition includes a series of objective tests, including that the director is not an employee of CECO and has not engaged in various types of business dealings with us. In addition, the Board has made a subjective determination as to each independent director that no relationships exist, which, in the opinion of the Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director.

The following table shows information as of April 1, 2016 for each director nominee.

Table of Contents

The Board and Its Committees

During the fiscal year ended December 31, 2015, the Board held 14 meetings. The Board's policy regarding director attendance at the annual meeting of stockholders is that directors are encouraged to attend, and that we will make all appropriate arrangements for directors to attend. All of the directors serving at the time attended the 2015 annual meeting. All directors attended at least 75% of the aggregate number of meetings of the Board and the Committees on which they served during the fiscal year ended December 31, 2015. Additionally, the independent directors regularly meet in executive session. The standing committees of the Board include the Audit Committee, the Compensation Committee and the Nominations and Governance Committee.

Audit Committee

The Company has a separately designated Audit Committee, as defined in Section 3(a)(58)(A) of the Securities Exchange Act of 1934 (the Exchange Act). The members of the Audit Committee are Messrs. Mannarino, Cape and Wright. Mr. Mannarino serves as Chairman of the Audit Committee. The Board has determined that Mr. Mannarino qualifies as an audit committee financial expert as described by Item 407(d)(5) of Regulation S-K of the Exchange Act, and that each of the Audit Committee members is independent under the applicable NASDAQ listing requirements and the rules and regulations promulgated by the Securities and Exchange Commission (the SEC). The Audit Committee held nine meetings in 2015.

The primary purpose of the Audit Committee is to assist the Board in its general oversight of CECO's financial reporting process and approval of the services provided CECO by its auditors. The Audit Committee also evaluates transactions where the potential for a conflict of interest exists. The Audit Committee's purposes are more fully described in its written charter, a copy of which can be found on our website www.cecoenviro.com on the Investor Relations, Corporate Governance section.

Compensation Committee

Our Compensation Committee is comprised of Messrs. Goldberg and Wright, each of whom is an independent director under the applicable NASDAQ listing requirements. The Compensation Committee operates under a written charter, which can be found on our website www.cecoenviro.com on the Investor Relations, Corporate Governance section. The Compensation Committee held five meetings in 2015. The primary purpose of the Compensation Committee is to review and approve corporate goals and objectives relevant to the compensation of our Chief Executive Officer and other named executive officers, and to approve or make recommendations to the Board with respect to the compensation of our other executive officers. The Compensation Committee also administers the Amended and Restated CECO Environmental Corp. 2007 Equity Incentive Plan (the Incentive Plan) and the Employee Stock Purchase Plan. The Compensation Committee's processes and procedures for the consideration and determination of executive and director compensation are discussed in the section entitled *Executive Compensation* below.

Nominations and Governance Committee

Our Nominations and Governance Committee is comprised of Messrs. Goldberg and Rudin, each of whom is an independent director under the applicable NASDAQ listing requirements. The Nominations and Governance Committee operates under a written charter, which can be found on our website www.cecoenviro.com on the Investor Relations, Corporate Governance section. The Nominations and Governance Committee held two meetings in 2015. The primary purposes of the Nominations and Governance Committee are to identify individuals qualified to become Board members, make recommendations to the Board regarding Board and committee composition and to develop

and recommend to the Board corporate governance principles applicable to the Company and oversee the evaluation of the Board and management.

Board Leadership Structure and Risk Oversight

The positions of Chairman of the Board and Chief Executive Officer are held by different individuals: Jason DeZwirek serves as Chairman and Jeffrey Lang serves as Chief Executive Officer. Our Bylaws provide that any two or more offices may be held by the same person, but the Board believes that the current separation of the offices of Chief Executive Officer and Chairman reflects the difference in the roles of those positions. The Chief Executive Officer is responsible for determining the strategic direction and the day-to-day leadership of the Company. The Chairman determines the agenda for and presides over Board meetings.

Table of Contents

The separation of the roles of Chief Executive Officer and Chairman and the independence of a majority of the board members helps ensure independent oversight of management. All of the directors on the current Board, other than the Chairman, Jason DeZwirek, the Chief Executive Officer, Jeffrey Lang, and Jonathan Pollack qualify as independent under the applicable NASDAQ listing requirements. The standing committees – the Audit Committee, the Compensation Committee and the Nominations and Governance Committee – are comprised entirely of independent directors and provide independent oversight of management.

CECO's management is responsible for identifying, assessing and managing the material risks facing CECO. The Board performs an important role in the review and oversight of these risks, and generally oversees CECO's risk management practices and processes, with a strong emphasis on financial controls. The Board has delegated primary oversight of the management of (i) financial and accounting risks and related-party transaction risks to the Audit Committee, (ii) compensation risk to the Compensation Committee and (iii) corporate governance risk to the Nominations and Governance Committee. To the extent that the Audit Committee, Compensation Committee or the Nominations and Governance Committee identifies any material risks or related issues, the risks or issues are addressed with the full Board.

Nomination Process

The Company has a standing Nominations and Governance Committee. The Nominations and Governance Committee identifies individuals qualified to become Board members and makes recommendations to the Board regarding Board and committee composition, consistent with the Director Nomination Policy described below, and develops and recommends Board members to the Board for committee membership. A copy of the Director Nomination Policy can be found on our website www.cecoenviro.com on the Investor Relations, Corporate Governance section.

We also have adopted a policy with respect to director candidates recommended by stockholders. The Nominations and Governance Committee will consider director candidates recommended by stockholders for inclusion on the slate of directors recommended to the Board. Any stockholder may submit one candidate for consideration at each stockholder meeting at which directors are to be elected. Stockholders wishing to recommend a candidate must submit the recommendation no later than 120 days before the date our proxy statement was released to stockholders in connection with the previous year's annual meeting of stockholders, provided, that if we did not hold any annual meeting in the previous year, or if the date of the next annual meeting has been changed by more than 30 days from the date of the previous year's meeting, then the deadline will be a date that is a reasonable time before we begin to print and mail our proxy materials, but in no event, less than 90 days prior to such mailing. Recommendations must be sent to the following address: CECO Environmental Corp., 4625 Red Bank Road, Suite 200, Cincinnati, Ohio 45227, Attention: Secretary.

At the time the stockholder submits the recommendation for a director candidate, the stockholder must provide the following:

All information about the candidate that we would be required to disclose in a proxy statement in accordance with the rules of the Exchange Act.

Certification from the candidate that he or she meets the requirements to be (a) independent under the NASDAQ listing requirements and (b) a non-management director under the Exchange Act.

Consent of the candidate to serve on the Board, if nominated and elected.

Agreement of the candidate to complete, upon request, questionnaire(s) customary for our directors. A stockholder must also meet and comply with all applicable rules and regulations promulgated by the SEC relating to the nomination of director candidates by stockholders. The Nominations and Governance Committee will evaluate candidates recommended by stockholders on the same basis as candidates recommended by other sources, including evaluating the candidate against the standards and qualifications set out in our Director Nomination Policy as well as any other criteria approved by the Board from time to time. The Nominations and Governance Committee will determine whether to interview any candidate.

Director Qualifications and Diversity

Our Board believes that the Board, as a whole, should have a diverse range of characteristics and skills to function at an optimal level in exercising its oversight over the Company. When evaluating a person for nomination for election to the Board, the qualifications and skills considered by the Board, including the Nominations and Governance Committee, include:

Whether the person will qualify as a director who is independent under applicable laws and regulations, and whether the person is qualified under applicable laws and regulations to serve as a director of CECO.

Whether the person is willing to serve as a director, and willing to commit the time necessary for the performance of the duties of a director.

The contribution that the person can make to the Board, with consideration being given to the person's business experience, education, skills, conflicts of interest, the interplay of the candidate's experience with that of other Board members, and such other factors as the Board may consider relevant.

The character and integrity of the person.

The Board applies a broad concept of diversity, which includes all of the criteria listed above together with other factors such as the nominee's age and leadership abilities. Although CECO does not have a diversity policy, when the Board seeks new director candidates to add to the Board or to replace directors who have resigned or recommends the re-election of incumbent directors, the Board selects director nominees on the basis of all of these criteria with the goal of finding the best match for CECO's Board.

With respect to skill set diversity, the Board seeks to have directors and nominees with not only experience and expertise related to environmental, energy or fluid handling, but also in a broad range of other areas, and the Board currently consists of members with expertise in manufacturing, finance, accounting and legal matters.

Stockholder Communications with Directors

The Board has adopted a process by which stockholders may communicate with the Board for matters other than director nominations. Stockholders who would like to communicate with the Board, or a committee of the Board, should send the communication to: Chairman of the Board, CECO Environmental Corp., 2300 Yonge Street, Suite 1710, Toronto, Ontario M4P 1E4.

Mr. DeZwirek will forward such communications to the Board at or prior to the next meeting of the Board.

Stockholders wishing to communicate only with the independent directors can address their communications to

Independent Directors, c/o Chairman of the Board at the same address above. These communications will be forwarded to the independent directors at or prior to the next meeting of the independent directors.

The Board or the independent directors will determine, in their respective sole discretion, the method by which any such communications will be reviewed and considered.

Executive Compensation

Compensation Discussion and Analysis

Throughout this proxy statement Jason DeZwirek, Jeffrey Lang, Edward Prajzner and Benton Cook are referred to as the named executive officers.

Overview of Compensation Program

The Compensation Committee oversees our compensation programs, with particular attention to the compensation for Mr. Lang, our Chief Executive Officer, and the other named executive officers (other than for Mr. DeZwirek, our Chairman, who receives his compensation pursuant to the related person transaction arrangement with Icarus as described above). It is the responsibility of the Compensation Committee to review and approve or, as the case may be, recommend to the Board for approval, changes to our executive compensation policies and benefits programs, to recommend and approve stock-based awards to named executive officers, and to otherwise ensure that the Company's compensation philosophy is consistent with the best interests of the Company and its stockholders and is properly implemented and monitored. The Compensation Committee reports to the Board on all compensation matters regarding our directors, executives, and other key salaried employees. The Compensation Committee annually reviews and approves the compensation for our directors, executives, and other key salaried employees. The Compensation Committee does not generally delegate any of its authority to other persons, although it has the power to delegate certain authority as permitted by applicable law and the NASDAQ listing standards to subcommittees, the Board or management.

The day-to-day administration of savings, health, welfare, and paid time-off plans and policies applicable to salaried employees in general are handled by our human resources and finance department employees. The responsibility for certain fundamental changes outside the day-to-day requirements necessary to maintain these plans and policies belongs to the Compensation Committee.

At our 2015 Annual Meeting, we received approximately 95% approval, based on total votes cast, for our advisory Say-on-Pay proposal to approve the compensation of our named executive officers. The Compensation Committee considered the 2015 voting results at its subsequent meetings and remains dedicated to continuous improvement to the existing executive pay programs. As a result of its considerations, the Compensation Committee implemented the executive pay practices described below during the remainder of 2015.

The following discussion and analysis of our 2015 executive compensation program, which may include forward-looking statements, should be read together with the compensation tables and related disclosures that follow this section.

Compensation Policy and Objectives

The principal objectives of our executive compensation program are to attract, motivate, retain and reward highly qualified persons who are committed to the achievement as our executive officers of solid financial performance and excellence in the management of the Company's assets. The Compensation Committee believes that the most effective executive compensation program is one that is designed to reward the achievement of annual, long-term and strategic goals by the Company and to align the named executive officers' interests with those of the Company's other stockholders. The Compensation Committee seeks to accomplish this by providing competitive compensation designed to link executive compensation to the Company's financial and operational performance, as

Table of Contents

well as rewarding the overall high performance of its named executive officers, when applicable, in line with the ultimate objective of increasing stockholder value. The Compensation Committee evaluates compensation against individual performance and external market factors to ensure that we maintain our ability to attract and retain key executive talent. To that end, total compensation for the named executive officers other than our Chairman generally is comprised of a base salary plus incentive compensation, based on the Company's financial performance and other factors, including achievement of individual goals. Individual non-incentive bonuses are also part of overall compensation from time to time based on an individual's special efforts.

Risk Considerations in our Compensation Program

We structure the compensation of management, other than for our Chairman, to consist of both fixed and variable compensation. The fixed (or salary) portion of compensation is designed to provide a steady income so management does not feel pressured to focus exclusively on short-term gains, which may be to the detriment of long-term stock price appreciation and other business metrics. The variable (cash bonus, short-term incentive and, in some cases, stock, stock-based and option awards) portions of compensation are designed to reward both individual performance and overall corporate performance. For individual performance, cash bonuses are qualitatively determined by the Compensation Committee. Company performance is determined based on overall operating income. We believe that the variable components of compensation are sufficient to motivate management to produce superior short- and long-term corporate results while the fixed element is also sufficient such that management is not encouraged to take unnecessary or excessive risks in working to produce such results.

Role of Executive Officers in Compensation Decisions

Based on the compensation objectives described above, the Compensation Committee has structured the Company's annual and incentive-based executive compensation to motivate the named executive officers other than our Chairman to achieve the business goals set by the Company and to reward them for achieving such goals. These goals have generally included an individual performance goal as well as overall company performance goals. The Compensation Committee from time to time relies upon recommendations made by the Company's management, and in particular, the Chief Executive Officer, regarding compensation for the named executive officers other than himself and our Chairman. The Compensation Committee reviews and approves, or, if the situation warrants, recommends to the full Board for approval, all new executive compensation programs, including those for the named executive officers other than our Chairman. As part of its review and establishment of the performance criteria and compensation of our named executive officers, the Compensation Committee meets separately at least once on an annual basis with the Chief Executive Officer and other executives as it deems appropriate. The Chief Executive Officer and such other executives as the Chief Executive Officer deems appropriate, including the Chairman, annually review the performance of each of the other named executive officers of the Company, and the Chief Executive Officer's performance is reviewed by the Compensation Committee. The conclusions reached and recommendations based on these reviews are presented to the Compensation Committee. The Compensation Committee exercises its discretion in modifying any recommended adjustments or awards to named executive officers.

Role of Compensation Consultants in Compensation Decisions

Under its charter, the Compensation Committee has authority to engage such compensation consultants as it deems necessary or appropriate to carry out its responsibilities and to cause the Company to pay the reasonable compensation of such compensation consultants as established by the Compensation Committee.

In 2015, the Compensation Committee engaged Meridian Compensation Partners, LLC (Meridian) as its independent executive compensation consultant to assess the competitiveness of the compensation paid to Messrs. Lang and

Prajzner, the design of certain of our compensation plans, and the compensation of our non-employee directors in light of our acquisition of PMFG. At the Compensation Committee's direction, Meridian prepared, presented and made recommendations on peer group data, competitive market pay, compensation structure, compensation components, and general market trends. More specifically, Meridian provided the Compensation Committee with market and peer group data with respect to the Company's director and officer compensation programs and recommendations concerning non-employee director compensation, including applicable compensation components and levels, compensation for Messrs. Lang and Prajzner, including compensation components and levels, and the design of the Company's annual and long-term incentive compensation programs.

Table of Contents

The Compensation Committee considered the advice of Meridian as part of its compensation decision making process for a portion of 2015 compensation, as further described below.

The Compensation Committee has assessed the independence of Meridian, as required under the NASDAQ listing requirements. The Compensation Committee also has considered and assessed all relevant factors, including those set forth in Rule 10C-1(b)(4)(i) through (vi) under the Exchange Act, that could give rise to a potential conflict of interest with respect to Meridian during 2015. Based on this review, the Compensation Committee did not identify any conflict of interest raised by the work of Meridian. Meridian does not provide any services to management or any other services to the Company.

Setting Executive Compensation

The Compensation Committee evaluates the performance of the Chief Executive Officer and the other named executive officers (other than our Chairman) and, based on such evaluation, reviews and approves the annual salary, bonus, long-term stock-based compensation, and other material benefits, direct and indirect, of the Chief Executive Officer and such other named executive officers, subject to the terms of any employment agreement. In determining appropriate base salary levels, subjective consideration is given to the applicable named executive officer's impact level, scope of responsibility, past accomplishments and other similar factors.

External Pay Comparisons

The Compensation Committee used external pay comparison data as a market check on its compensation decisions. In 2015, Meridian prepared a list of peer companies with input from members of the Board and Mr. Lang. The composition of the peer group was intended to place the Company at roughly median levels in terms of size based primarily on revenue and market capitalization, with appropriate consideration given to the impact of the Company's acquisition of PMFG, and to include companies with which we compete for executive talent. The market check peer group for 2015 consisted of the following 22 companies:

Aegion Corporation
Ameresco, Inc.
Calgon Carbon Corporation
Chart Industries, Inc
Circor International, Inc.
Douglas Dynamics, Inc.
Enphase Energy, Inc.
Esco Technologies, Inc.
Federal Signal Corporation
Global Power Equipment Group Inc.
Graco Inc.
Graham Corporation
HC2 Holdings, Inc.
Heritage-Crystal Clean Inc
Lydall, Inc.
Ormat Technologies, Inc.
PMFG, Inc.
Powell Industries, Inc.

Preformed Line Products Co
Thermon Group Holdings Inc
Trc Cos Inc
US Ecology, Inc

Based on its review of the peer group data, among other things, Meridian determined that the overall compensation levels for Messrs. Lang and Prajzner were below the peer group median, partially due to the Company's increase in size as a result of the PMFG acquisition. Partially due to that consideration, and partially due to the other factors outlined in this Compensation Discussion and Analysis, the Compensation Committee approved certain increases to the compensation of Messrs. Lang and Prajzner as further described below. However, the Compensation Committee is mindful of the concerns raised by over-reliance on external comparisons. As such, while the Compensation Committee included market data in the overall mix of factors it considered in assessing named executive officer compensation, it did not target specific market levels. Rather, it considered the market median as a general reference point, while considering other factors outlined in this Compensation Discussion and Analysis, including its own subjective determinations with respect to the Company and applicable named executive officer performance.

Table of Contents***Elements of Compensation******Base Salary***

The Company provides named executive officers (other than our Chairman) with a base salary to compensate them for the expertise and value they bring to their jobs. Base salary is determined for each applicable named executive officer based on his position and responsibility by taking into account the named executive officer's impact level, scope of responsibility, prior experience, past accomplishments and other similar factors, and the particular base salary is subject to any existing employment agreement with such named executive officer.

Salary levels of the applicable named executive officers are reviewed and approved by the Compensation Committee annually as well as upon a promotion or other change in job responsibility. The salary levels, including any increases, are based on the Compensation Committee's evaluation of the individual's strengths, development and expected future contributions with respect to the corporate goals and objectives relevant to the individual's compensation, including individual performance. In addition, base salaries for Messrs. Lang and Prajzner were reviewed by the Compensation Committee in 2015 within the context of an overall compensation market reference analysis performed by Meridian, as described above. However, although the Compensation Committee considered peer group data to better understand the comparative level of base salary for each of Messrs. Lang and Prajzner relative to officers holding comparable positions at the peer group companies, it did not target a specified level of compensation with respect to the peer group.

Based on its review, and after consultation with Meridian and consideration of the factors outlined above, the Compensation Committee approved base salary increases for the named executive officers as follows:

Named Executive Officer	2015 Base Salary	2014 Base Salary	Year over Year Percentage
Jeffrey Lang	\$ 575,000	\$ 460,000	25.0%
Jason DeZwirek	N/A	N/A	N/A
Edward J. Prajzner	\$ 300,000	\$ 250,000	20.0%
Benton L. Cook	\$ 168,750	\$ 150,000	12.5%

Adjustments to the base salaries of Messrs. Lang and Prajzner for 2015 were effective as of September 3, 2015, and adjustment to the base salary of Mr. Cook for 2015 was effective as of November 23, 2015.

Cash Bonuses and Cash Incentive Compensation

Mr. Lang is entitled, under his employment agreement, to an incentive cash bonus of up to 100% of his base salary depending on whether performance objectives, as approved by the Compensation Committee, are met. For 2015, the Compensation Committee approved and established multiple objectives. The objectives, which were both qualitative and quantitative, consisted of achieving operating income of \$60.0 million, integrating the PMFG acquisition along with Emtrol, HEE and Zhongli, growing EBITDA and operating income in 2015 over the level in 2014, building a larger platform for the future and recruiting and expanding the senior leadership team. Although the operating income target was not met for the Company, the Compensation Committee awarded a bonus to Mr. Lang of \$431,250, which is 75% of his then-current base salary, due to his efforts with respect to the qualitative objectives in 2015. Mr. Lang also received a \$350,000 cash bonus in connection with an acquisition completed in 2015.

In addition, we believe that a portion of the compensation paid to our other named executive officers should be based on our annual performance, so that the executives are appropriately motivated to maximize our operating performance each year. To that end, the Compensation Committee and the Board approved and adopted an Amended and Restated 2006 Executive Incentive Compensation Plan (the Bonus Plan). Under the Bonus Plan, the Compensation Committee selects the executive officers to participate in the Bonus Plan, determines the performance goals, and determines whether objectives and conditions for earning awards have been met. The performance goals consist of both objective financial targets and personal performance targets.

Table of Contents

The Compensation Committee selected the named executive officers to participate in the Bonus Plan, determined performance goals for fiscal year 2015, and determined whether objectives and conditions for earning awards were met. For 2015, the Compensation Committee selected Edward J. Prajzner and Benton L. Cook to participate in the Bonus Plan. There were two components to the performance targets: quantitative targets based on achievement of certain Company financial goals and qualitative targets based on achievement of individual goals.

The quantitative targets for Mr. Prajzner and Mr. Cook were based on whether operating income achieved a \$52.0 million target and whether revenue reached a \$370.0 million target. The qualitative individual performance targets for Mr. Prajzner and Mr. Cook consisted of improving certain under-performing business units, reducing costs through business process improvement, efficiently delegating accounting and finance work streams, including the recruiting additional finance and accounting team members, expanding operational focus and improving accounting systems to provide for enhanced mentoring of key internal operational metrics. If Mr. Prajzner and Mr. Cook achieved these quantitative and qualitative targets, they would be entitled to a cash bonus in an amount equal to up to 40% and 25% of their then-current base salary, respectively.

Effective as of September 3, 2015, after consulting with Meridian and after consideration of market check peer group data as described above, the Compensation Committee approved an increase to Mr. Prajzner's target Bonus Plan award opportunity from 40% of his pre-September 3, 2015 base salary rate to 50% of his new base salary rate to better align with the Company's executive compensation objectives.

Although the quantitative targets were not met for the Company, nor were all of the individual performance targets met for both Mr. Prajzner and Mr. Cook, the Compensation Committee awarded a cash bonus of \$50,000 and \$29,530 to Mr. Prajzner and Mr. Cook, respectively, due to their efforts in helping complete and integrate strategic acquisitions during 2015. Mr. Prajzner also received an additional \$50,000 cash bonus in connection with an acquisition completed during 2015.

Long-Term Equity Compensation

The Company believes that granting stock-based awards and options from time to time provides named executive officers with a strong economic interest in maximizing stockholder returns over the longer term. The Company also believes that the practice of granting stock-based awards and options is important in retaining and recruiting the key talent necessary to ensure the Company's continued success.

Consistent with such belief, in April 2007, the Compensation Committee approved, and recommended for the Board's approval, the Incentive Plan, which was adopted by the stockholders in May 2007. Furthermore, in August 2013 and September 2015, the stockholders approved amendments to the Incentive Plan to increase the number of shares of common stock issuable thereunder. The Incentive Plan permits us to grant stock awards as well as option awards. The Compensation Committee believes that this gives the Company more flexibility in designing its overall compensation packages. The Incentive Plan is designed to promote the long-term financial interests and growth of the Company by attracting and retaining management with the ability to contribute to the success of the business, by providing an opportunity for increased equity ownership by named executive officers and by maintaining competitive levels of total compensation. The Compensation Committee administers the Incentive Plan.

Under the Incentive Plan, awards may take the form of restricted stock grants, bonus stock grants without restrictions, non-qualified stock options, incentive stock options and restricted stock units (RSUs). The restrictions on awards may be based on performance and/or time vesting. In 2015, the Compensation Committee granted both incentive-based and time-based vesting stock options, and incentive-based and time-based RSUs, to executives and time vesting restricted stock to directors.

The Company has no formal policy regarding stock ownership or retention by the Company's named executive officers.

For more information about our Incentive Plan and awards under that plan for 2015, see the 2015 Grants of Plan-Based Awards Table, the Outstanding Equity Awards at 2015 Fiscal Year-End Table and the accompanying narratives below.

Table of Contents*Options*

As discussed above, from time to time, we issue options under the Incentive Plan to provide long-term equity compensation to executive officers. The options issued in recent years have consisted of the following awards to our named executive officers.

In connection with his hiring, we granted Mr. Lang options in 2010 to purchase 600,000 shares of our common stock, which options vest over a five-year period. In connection with our acquisition of Met-Pro in August 2013, we granted Mr. Lang options to purchase 400,000 shares of our common stock, which options vest over a five-year period.

Mr. Prajzner received 15,000 options to purchase shares of our common stock in August 2013 in connection with our acquisition of Met-Pro, which options vest over a five-year period, 10,000 options to purchase shares of our common stock in January 2014, which options vest over a five-year period, 25,000 options to purchase shares of our common stock in May 2014, which options vest over a three-year period and 25,000 options to purchase shares of our common stock in January 2015, which options vest over a five-year period.

Restricted Stock Units

In addition, after consultation with Meridian and consideration of general market trends, in 2015 the Compensation Committee introduced time-based RSUs and performance-based RSUs into its compensation program. Specifically, in September 2015, the Compensation Committee approved grants to Mr. Lang of time-based RSUs that generally vest on March 1, 2020 and performance-based RSUs that generally vest based on the degree to which the Company achieves a 2017 earnings before interest, taxes, depreciation and amortization (EBITDA) performance goal, subject to additional service-based vesting in two substantially equal installments on March 15, 2018 and 2019. We anticipate describing in further detail the specific EBITDA goal after the applicable performance period is completed. Also in September 2015, the Compensation Committee approved grants of time-based RSUs to Messrs. Prajzner and Cook, which RSUs generally vest in 25% increments after two and three years, respectively, with the remaining RSUs generally vesting after four years, primarily as retention awards targeted to the Company's leadership needs. Finally, as described further below, our Chairman received on September 4, 2015 a grant of 7,376 service-based RSUs for his director service in lieu of meeting fees. The Compensation Committee determined that issuing RSUs in lieu of cash meeting payments would simplify the directors' compensation while promoting the ownership of stock of the Company. The RSUs generally vest in four equal annual installments commencing September 4, 2016.

Personal Benefits and Perquisites

The Company provides certain named executive officers with perquisites and other personal benefits that the Company and the Compensation Committee believe are reasonable and consistent with the Company's overall compensation program to better enable the Company to attract and retain employees for key positions. These perquisites include car allowances and payment of life insurance premiums as further described in the 2015 Summary

Compensation Table below.

Retirement and Post-Employment Benefits

The Company sponsors a 401(k) retirement plan for our employees (the 401(k) Plan). Pursuant to the 401(k) Plan, the Company matches contributions each pay period at 100% of the employee's contributions for the first 3%, and 50% on the next 3%, of an employee's compensation for a maximum match of 4.5%. The named executive officers (other than our Chairman) may participate in the 401(k) Plan on the same terms as the rest of our

employees. We believe the 401(k) Plan is set at a reasonable level, is highly valued by recipients, has limited cost, is part of a competitive compensation program and is consistent with our overall goal of attracting and retaining qualified employees.

Employment Agreement

During 2015, none of the Company's named executive officers had an employment agreement with the Company, except for Mr. Lang.

In February 2010, the Compensation Committee approved an Employment Agreement for our Chief Executive Officer, which agreement was extended until February 15, 2018 on September 3, 2015. Mr. Lang's Employment

Agreement provides that he will receive an annual base salary, which was \$461,320 from December 1, 2014 until September 3, 2015 and \$575,000 since September 3, 2015; payment of relocation expenses of up to \$50,000; an annual bonus; and various other benefits generally granted to other executives. Mr. Lang also received an option grant in connection with his hiring to purchase 600,000 shares of stock under the Incentive Plan. Mr. Lang currently holds 340,000 of such options, which are fully vested and have a per-share exercise price of \$3.78.

Table of Contents

Under his Employment Agreement, Mr. Lang is subject to certain confidentiality covenants for an unlimited amount of time and to non-competition and non-solicitation provisions during his employment and for two years following the termination of his employment, or for one year following the termination of his employment if he is terminated by the Company without cause.

Either the Company or Mr. Lang may terminate his Employment Agreement at any time without cause, although Mr. Lang must give 60 days notice of such termination. Cause under the Employment Agreement includes, among other items, willful and material breach of the terms of the Employment Agreement by Mr. Lang, conviction of a felony or certain misdemeanors, and his failure to perform his duties as lawfully directed by the Board, subject to a cure period. If the Company terminates Mr. Lang without cause, provided he remains in compliance with his non-compete and confidentiality obligations, he will be entitled to continued base salary and medical benefits for twelve months, plus an annual bonus based upon the percentage of base salary applicable to the annual bonus for the prior fiscal year. If Mr. Lang had been terminated without cause on December 31, 2015, he would have been entitled to \$1,017,615 under his employment agreement.

If the Employment Agreement is terminated due to his the death or disability (as defined in the Employment Agreement), Mr. Lang will be entitled to three months continued base salary, subject to continued compliance with his non-compete and confidentiality obligations. If Mr. Lang had been terminated due to his the death or disability on December 31, 2015, he would have been entitled to approximately \$143,750 under his employment agreement.

In addition, if there is a Change in Control of the Company (as defined in the Incentive Plan) and Mr. Lang is not offered employment as chief executive officer with a compensation package equal to or better than his base salary and bonus under his Employment Agreement, then Mr. Lang is to resign and be entitled to a lump sum on the date of the Change in Control equal to his annual base salary plus his bonus in an amount equal to the same percentage of his base salary as the bonus, if any, that he received for the most recently ended fiscal year. If Mr. Lang had been terminated due to a change in control on December 31, 2015, he would have been entitled to \$1,006,250 under his employment agreement.

Assumptions used in calculating these amounts are included in Note 10 to the Company's audited financial statements included in the Company's Annual Report on Form 10-K for the year ended December 31, 2015. The RSU awards are unvested and represent all outstanding RSU awards to our directors. The aggregate number of option awards held by each of our directors, who are not named executive officers and who were serving as directors as of December 31, 2015 are as follows: Mr. Cape 38,000, Mr. Goldberg 15,000, Mr. Mannarino 0, Mr. Pollack 103,000, Mr. Rudin 15,000 and Mr. Wright 44,000.
- (2) Mr. Lyall resigned from the Board in June 2015.
- (3) Mr. Mannarino was appointed to the Board in June 2015.
- (4) Mr. Pollack, through JMP Fam Holdings, received \$10,000 per month for consulting fees and received a \$225,000 transaction fee in connection with our acquisition of PMFG in September 2015. See *Certain Transactions* above. The amounts in *All Other Compensation* represent the consulting fees, and do not represent fees received in connection with his service as a director.

Directors who are named executive officers of CECO do not receive any additional compensation for their services as directors, except as described below. During 2015, the non-named executive officer directors received an annual retainer, which is paid quarterly. During 2015, after consultation with Meridian and consideration of the competitive peer group market analysis outlined in the Compensation Discussion and Analysis above, the Compensation Committee approved an increase to such annual retainer from \$32,000 to \$45,000 per year, effective September 2015. Directors Cape, Goldberg, Pollack and Rudin received annual retainers in the amount of \$33,084. Mr. Wright, who serves as chairman of the Compensation Committee, received an annual retainer of \$35,584. Mr. Mannarino, who serves as chairman of the Audit Committee, joined the Board in June 2015 and received an annual retainer of \$15,500 for his service since joining the Board.

All of the directors including our Chairman also received service-based RSUs in 2015 in lieu of meeting fees. The Compensation Committee determined that issuing RSUs in lieu of cash meeting payments would simplify the directors' compensation while promoting the ownership of stock of the Company. We therefore granted on September 4, 2015 RSUs equal to 7,376 shares of common stock to each of the directors serving at that time, except for Mr. Lang. The RSUs generally vest in four equal annual installments commencing September 4, 2016. We also

reimburse or pay the Board members their reasonable travel and out-of-pocket expenses to attend meetings. The RSU grants represent a change in practice from the option grants that were made in prior years. After consulting with Meridian and consideration of the competitive market data described above, the Compensation Committee determined that use of RSUs rather than stock options was more in line with general market practice.

In 2015, the Company, based on Meridian's recommendation, adopted a formal policy regarding stock ownership and retention by the Company's directors. Each Board member, including the Chairman, is expected to acquire and hold shares of the Company's common stock with a value equal to at least three times the annual cash retainer then in effect. Each Board member must satisfy the ownership requirement within the earlier of five years following election to the Board or September 4, 2020.

Table of Contents**PROPOSAL 2****RATIFICATION OF THE APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

At the recommendation of the Audit Committee, the Board has appointed BDO as our independent registered public accounting firm for the fiscal year ending December 31, 2016. BDO has served as our independent registered public accounting firm since September 2008.

The Audit Committee pre-approves any engagement of BDO and has the ultimate authority and responsibility to select, evaluate and, where appropriate, replace the independent registered public accounting firm and nominate an independent registered public accounting firm for stockholder approval.

A representative of BDO is expected to be present at the Annual Meeting and will have the opportunity to make a statement if he or she desires to do so and to respond to appropriate questions. Although stockholder approval of the selection of BDO is not required by law, the Board believes that it is advisable to give stockholders an opportunity to ratify this selection. If the stockholders fail to ratify the appointment of BDO, the Audit Committee may reconsider the selection.

Independent Registered Public Accounting Firm Fees

The following table sets forth the fees for services provided by BDO for the fiscal years ended December 31, 2015 and 2014. We are still in discussions with BDO regarding the final amount of fees to be paid for such services for the year ended December 31, 2015, so the amounts disclosed for that year, which are based on our pre-approved budget for audit fees, are subject to change based on the outcome of those discussions.

	2015	2014
Audit Fees	\$ 1,785,849	\$ 929,504
Audit-Related Fees	\$ 15,750	\$ 156,620
Tax Fees	\$ 24,479	\$ 2,431
All Other Fees		
Total	\$ 1,826,078	\$ 1,080,555

The following is a description of the nature of the services comprising the fees disclosed in the table above for each of the four categories of services. The Audit Committee has considered whether providing non-audit services is compatible with maintaining BDO's independence.

Audit Fees

These are fees for professional services for the audits of our annual consolidated financial statements, the review of financial statements included in Quarterly Reports on Form 10-Q, and services that are normally rendered in connection with statutory and regulatory filings or engagements.

Audit-Related Fees

These are fees for assurance and related services that are reasonably related to the performance of the audit or the review of our financial statements that are not included as audit fees. These services for 2014 include the review of our 2014 proxy statement and due diligence services related to our acquisitions in 2014. These services for 2015 include the review of our 2015 proxy statement and ancillary due diligence services related an acquisition in 2015.

Tax Fees

These are fees for professional services rendered by BDO with respect to tax compliance and tax planning.

All Other Fees

These are fees for other services rendered by BDO that do not meet the above category descriptions.

Audit Committee Pre-Approval Policy

The Audit Committee is responsible for pre-approving all audit services and permitted non-audit services (including the fees and retention terms) to be performed for the Company by its auditors prior to their engagement for such services. The Audit Committee has delegated to each of its members the authority to grant pre-approvals, such approvals to be presented to the full Audit Committee at the next scheduled meeting. None of the fees paid to BDO under the categories Audit-Related Fees and Tax Fees were approved by the Audit Committee after the services were rendered pursuant to the de minimis exception established by the SEC.

Table of Contents

This proposal requires a favorable vote of the majority of shares represented at the Annual Meeting for approval.

The Board recommends a vote FOR the ratification of the appointment of BDO USA, LLP as independent registered public accounting firm of CECO for fiscal year 2016.

PROPOSAL 3

**APPROVAL, ON AN ADVISORY BASIS, OF THE COMPANY'S NAMED EXECUTIVE OFFICER
COMPENSATION**

In accordance with Section 14A of the Exchange Act and the related rules of the SEC, we are including in this proxy statement a separate resolution to enable our stockholders to approve, on a discretionary and non-binding basis, the compensation of our named executive officers. Consistent with our stockholders' preference as indicated at our 2013 annual meeting, our stockholders are given an opportunity for advisory approval of the Company's executive compensation on an annual basis. Therefore, we expect that our stockholders will next have the opportunity to vote on the advisory approval of the Company's executive compensation at the 2017 annual meeting.

This proposal, commonly known as a "Say-on-Pay" proposal, gives our stockholders the opportunity to express their views on our named executive officers' compensation. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the philosophy, policies, and practices described in this proxy statement. Accordingly, you may vote on the following resolution at the Annual Meeting:

RESOLVED, that Company's stockholders approve, on an advisory basis, the compensation of the named executive officers, as disclosed in CECO Environmental Corp.'s proxy statement for the 2016 Annual Meeting of Stockholders pursuant to the compensation disclosure rules of the SEC, including the compensation tables and narrative disclosure.

This vote is advisory, and therefore non-binding. In considering their vote, stockholders are encouraged to read the Executive Compensation section of this proxy statement, including the Compensation Discussion and Analysis, which discusses the Company's compensation policies and procedures, and the compensation for the Company's named executive officers for the fiscal year ending December 31, 2015. The Board and the Compensation Committee expect to take into account the outcome of the vote when considering future executive compensation decisions to the extent they can determine the cause or causes of any significant negative voting results.

Our compensation programs are designed to motivate our executives to create a successful company. We believe that our compensation program rewards sustained performance that is aligned with long-term stockholder interests.

This proposal requires a favorable vote of the majority of shares represented at the Annual Meeting for advisory approval.

The Board recommends that stockholders vote, FOR the approval, on an advisory basis, of the Company's named executive officer compensation described in the compensation tables and the narrative discussion of this proxy statement.
