## **Item 1.01. Entry into a Material Definitive Agreement**

### Revolving Credit Facility

On August 10, 2016, Murphy Oil Corporation (the Company) entered into a new credit agreement for a \$1.2 billion revolving credit facility (the New Revolving Credit Facility). The New Revolving Credit Facility will be a senior unsecured guaranteed facility and will expire in August 2019. The Company presently has no borrowings under the New Revolving Credit Facility.

Borrowings under the New Revolving Credit Facility will initially bear interest at 4.50% above LIBOR and thereafter are subject to stepdowns based on consolidated leverage ratios set forth in the credit agreement for the New Revolving Credit Facility. In addition, facility fees of 0.50% are charged on the full commitments under the New Revolving Credit Facility. Beginning in the quarter ending March 31, 2017, if the Company's total leverage ratio exceeds 3.25 times the Company's trailing twelve month consolidated adjusted EBITDAX (as defined in the credit agreement for the New Revolving Credit Facility), the New Revolving Credit Facility will be required to become secured, subject to limitations set forth in the documents governing the Company's existing notes.

The New Revolving Credit Facility also contains certain financial and other covenants, including a maximum consolidated debt ratio of 3.75x, and a minimum ratio of Adjusted EBITDAX to interest expense of 2.50x. Furthermore, as a condition to availability, the Company is required to execute at least a \$400 million capital markets offering.

In addition, on August 10, 2016 the Company entered into an amendment of its existing revolving credit facility dated as of June 14, 2011 among the Company and the other borrowers and lenders party thereto (the Existing Credit Facility) to reduce the commitments of the existing lenders that have committed to the New Revolving Credit Facility and allow for the incurrence of the New Revolving Credit Facility.

Lenders under the Existing Credit Facility that did not become lenders under the New Revolving Credit Facility will remain lenders under the Existing Credit Facility, with aggregate commitments of \$630 million, until its currently scheduled maturity in June 2017.

The foregoing is qualified by reference to the full text of the New Revolving Credit Facility agreement as well as the amendment to the Existing Credit Facility, which are filed herewith as Exhibits 10.1 and 10.2, respectively, and each of which are incorporated herein by reference.
